## WATCH provides catalyst for Lake Master Plan

"We are hoping that this will be the catalyst to start a Lake Charlevoix management plan," said Howard Neilson, the president of Water and Air Team for Charlevoix (W.A.T.C.H.), as he opened an informational meeting that the organization hosted Monday night on the Star of Charlevoix.

The cruise around the lake was to provide an evening of information to the local governing agencies that

border on the lake and to provide an impetus to those concerned to get a master plan started.

Neilson continued that the meeting, which was attended by 166 officials out of the 200 invited, was the first that he knew of in the area to get a master planning program started. He also said that the program was the only one that he knew of in the entire state.

Neilson was suggesting to the

audience that he hoped they were going to be able to cope with economic growth of the area along with growing environmental concerns that affect the lake and the surrounding area.

A master plan for the lake has been suggested many times in the past, but most of the townships and the municipal governing bodies have not been able to get together to work out a comprehensive plan.

This meeting was sponsored by W.A.T.C.H. and the Tip of the Mitt Watershed Council.

The first speaker for the evening, Jim Bricker, who is a science advisor for the Tip of the Mitt, told why the lake is so special and deserved to be saved.

Bricker said that the lake is the third largest inland lake in Michigan and has many outstanding attributes. It has very clean water, is

a splendid boating lake with access to Lake Michigan and has excellent fishing.

With 27 square miles of surface area and 60 miles of shoreline, the lake contains Atlantic and coho salmon, bluegills, lake trout, rainbow trout, brook trout, as well as northern pike, rock bass, small-mouth bass, smelt, walleye, and yellow perch.

Overall, said Bricker, the lake is in good to excellent condition, and supports some unusual characteristics. It is one of only 15 lakes in the lower peninsula that supports a breeding population of lake trout, and the water is clean enough to have pontoporeia, a crustacean that looks like a shrimp and is a very important food source for the fish.

Bricker then pointed out some of the areas of concern about the lake. Pollution from run-off and soil erosion, septic systems, fertilizers and high phosphorus concentrations coming from waste water treatment plants, and the Jordan River Fish Hatchery.

He also said that a trend has developed in that the lake is losing clarity according to tests that have been done over the past several years.

He continued to say that the lake is very susceptible to pollution because of the phosphorus coming into the lake and that it takes up to three years for the lake to flush water through it out to Lake Michigan. The long time means that algae has a longer time to build up than many of the other lakes in the area.

He added that because of the length of the shoreline around the lake, there will be more impact from human activity as the lake is developed more in the future.

He ended up his presentation with a plea that the planners who will be looking to provide a plan for the lake include a comprehensive lake water quality survey when they begin their planning.

Charlevoix County planner Larry Sullivan told the municipal and township officials some of the current and future demands that he sees coming for the lake.

"We are soon to be faced with massive development throughout the county and especially the lake area," he told the audience.

Sullivan said that as the fishing industry grows in importance, there may be as many as 500 boats from other areas on the lake as well as 100 charter boats.

He said that the county is going to have to provide launching facilities, off lake parking areas, fish cleaning facilities and waste removal plans. He expects that the county will

see a 50 percent increase in residential development that is going to cause the county to upgrade roads. The planners for each area will have to be able to control the development, plan where it is going to be located for the good of the county.

Tom Wieland, of the Charlevoix County Planning Commission, then addressed the group telling them of a proposed Lake Charlevoix management plan that the county has been working on and how the plan could be developed.

He asked that the townships and municipalities each appoint a person who could be a member of the advisory committee so that all areas of the county will have representation.

He then charged that future committee to develop a general policy statement, to make a survey to determine the citizens' and the tourists' needs on the lake, to collect the existing data, analyze the results and finally, develop a usage plan for the county.

"We are not going to say no to development, but try to steer development into the best way to serve all the varied interests," he concluded.

Dr. John Hall, representing the Lake Charlevoix Property Owners Association, then asked that the future committee should look at the problems and the solutions with perspective, so that they can see what's going on: faith, but not blind faith in their considerations for the lake; esthetics as to what the lake should look like to many of the people who will be moving to, living in and visiting the area. They should have sensitivity and ask that the developers and the citizens look 20 years down the road in their planning considerations.

He added that he hopes the committee will dare to be innovative for all concerned and that the townships, the cities, and the county will work together to develop the best plan possible for the lake.

The committee will get all the help it needs, according to statements made by Jim Cleary from the DNR. Gordon Geyer, the head of the Michigan State Extension Service said that his department stands ready to provide all it can to help the plan.

Both men told the audience that this area has the greatest potential of any area in the state, and that the citizens of the county should be willing to put aside local differences to develop a plan before the lake has serious problems with usage.

Boyer City manager Randy Fryberg added a comment to the evening by saying that planned growth is the key. "By taking a stand now and not after the fact."

A pristine sunset falls over the lake almost every night. Members of the local governing bodies around the lake were feted on the Star of Charlevoix Monday night and were told of future development plans, and future problems of keeping the lake pristine.

## Bowman only subject of recall because of technicalities

Two Boyne City school board members are facing criticism from a group of residents because the two are having their children taught at home. The group, led by parent Ruth Jackson, plans to submit a petition asking for the recall of member Phil Bowman. The other member, Larry Monshor, has not yet served six months on the board

and so is not eligible for recall at this time.

Jackson stated the group's objections at the September 25 special school board meeting. Although the official wording of the petition was not ready by press time, the group's complaint is that the two men didn't belong on the board if they didn't want their children in the public

school. Jackson also took note of the strong religious beliefs held by both families, questioning whether the men would vote their religious beliefs or educational merits.

Lance Johnson, who also spoke at the school board meeting, told the Press later, "I think they have the right to do with their children as they see fit, however, in their capacity to represent my children and my tax dollars, I believe we should have someone who has currently, or has in the past sent their children to Boyne School."

He added, "Seems like pulling your children out of the public school is kind of a deliberate slap in the face to capable teachers."

A statement prepared by Bowman and Monshor and circulated at the meeting said that while Jesus Christ was the first priority in their lives, their service on the school board was based on the desire "to do right to help our community."

The statement noted that they wished to work with the board toward a "common goal."

In an interview with The Press a week later, Bowman and Monshor corrected the mistatement that they had pulled all their children from public school. Actually only Matt Bowman had been at the Boyne City elementary school. Two of the Monshor children had been in a private school. The third was taught at home last year. The fourth is below school age.

It had been after months of reading on the subject of home education, Diane Bowman said, that she and her husband had decided to teach Matt at home.

Mrs. Bowman, who was an elementary school teacher for five years, said she had become interested in the rapid progress of students taught at home. But the Bowmans' actual decision was based on the advantage of teaching religious values at the same time.

Larry and Linda Monshor, although they attend a different

church, had been reviewing the same questions. By July, both families presented their decisions to superintendent Rich Kelly.

Monshor emphasized, "We only raise our children once." He admitted that he thought teaching one-on-one, or as in his case, three-on-one, has "advantages we can pursue under the laws of the state," but, he said, "we are not slapping down the school."

The special interest and enjoyment they get from teaching their children was mentioned by both families, "but it also has its problems," said Monshor. This isn't something he would go around advocating for everyone, he said. "It takes a lot of time. A whole lot."

Their children's lessons are prepared by a nationally known academy. The curriculum was reviewed by Ed Snyder, Boyne City elementary school principal. And at intervals a certified teacher from the public school checks on the progress of the children.

How does all this affect Bowman and Monshor's interest in the public school? "Look at the record," said Bowman. Monshor said he had offered the idea of long range goals in achieving accreditation and raising test scores.

They said the priorities of their own lives were not something to impose on the school. "We're not attempting to preach at anyone."

The school board would not comment on the recall proposal, wishing to remain neutral. The school administration has also taken a neutral position.

A second petition proposal was presented to the board the same night, supporting the two board members.

Oct. 9 last day  
to register to vote

Tempo-Tech, Inc. took their first salmon harvest Monday, and gathered some 200 odd fish into their harvest net. The fish were weighed, sexed and recorded as to their length, and fish scale samples were taken by the DNR. When Tempo-Tech took their net into the holding weir, all of the trout escaped through the barrier and went downstream in search of refuge.

Jim Cleary, the assistant director of the DNR makes a point about the proposed master plan idea that the county, as well as other groups, wants to have for the Lake Charlevoix and surrounding lands.

## Anderson Road to be paved

Boyer City commissioners agreed Tuesday to contract with the county road commission to pave the city's share of Anderson Road. City manager Randy Fryberg said the

paving job has already been budgeted.

## AN EARLY FALL DINNER

I notice that the birds are flocking to begin their long flights south and the swallows have already left. A reminder that it is a good time for one of those tasty roast beef dinners. This is a good family or company dinner for one of those first cool days.

The dessert will be made the night before, the roast slowly bakes for 4 hours and needs no watching. The fresh corn pudding can be made ahead of time and put into the oven with the roast about 2 hours before serving time.

A great meal to surprise your family after you have been out enjoying our beautiful blue misty fall days or even raking the lawn or planting tulip bulbs. Everything will be ready to serve at the same time with no last-minute preparation.

### MENU

- Pot Roast
- Fresh Corn Pudding
- Sliced Tomatoes
- Marie's Midnight Madness Special

### RECIPE FOR POT ROAST

1 boneless chuck roast  
1 pkg. onion soup mix  
Put one-half of the mix on double aluminum foil. Place roast on it and add remaining mix on roast.  
Seal very well in foil.  
Bake at 300 degrees for 4 hours.

### FRESH CORN PUDDING

This calls for fresh corn, however if it is not available 2 cups of frozen or canned corn drained will do.  
4 ears fresh corn  
2 teaspoons sugar

1 1/2 teaspoons salt  
1/4 teaspoon nutmeg  
1/8 teaspoon black pepper  
3 eggs lightly beaten  
2 cups milk  
2 tablespoons butter or margarine melted.

Remove husks and silk from corn, cut kernels from cobs (makes about 2 cups.) In a medium sized bowl combine corn, sugar, salt, nutmeg and pepper. Add eggs, mixing well. Stir in milk and butter, turn into a buttered 1 quart casserole. Place in a pan of hot water and bake.

Put in the oven with the roast 1 1/2 hours before the roast will be done. If this has been made ahead of time and is cold from the refrigerator you might give it an extra 15 minutes of baking time. It is done when a knife inserted in the center comes out clean.

Our grandmothers usually had a crust of vinegar, sugar, salt and pepper handy to put on the fresh slices of tomatoes—good!

Then for dessert.

### MARIE'S MIDNIGHT MADNESS SPECIAL

1 large package cream cheese, softened  
2 tablespoons sugar  
2 tablespoons mayonnaise  
1 can whole cranberries  
1 can crushed pineapple  
1 cup whipped cream or whipped topping  
1/2 cup nut meats

Mix the first five ingredients in the blender or mixer, fold in the whipped cream and nuts and freeze.

Mr. and Mrs. David (Beryl) Livingston of Rockford were here this week with her sister Mrs. Merla Vought and to attend the funeral of Robert Livingston in Charlevoix.

The Boyne City Friendship Club met on September 24 for their monthly potluck. Fifty-five were present, with Thelma Erber and Joe Neeson as hostess and host for the afternoon. Two anniversaries were honored; Mr. and Mrs. Charles (Irene) Rickard, for their 55th, and Mr. and Mrs. William (Ann) Rosebrook for their 26th.

The group was entertained by the Boyne City Senior Citizen Kitchen Band.

A color tour is being planned for October 8th, with lunch at the Riverside Restaurant in Cheboygan.

Mr. and Mrs. Bob (June) Caplin spent last weekend visiting their daughter Jan and husband Chuck Olson in Haslett. While they were there, their grandson Mickey Olson and wife Jewell came from Milwaukee, Wis. On Monday, the Caplins visited her cousin, Mr. and Mrs. Phillip DeJong, on Hess Lake in Newaygo before returning home on Tuesday.

Clara Rolls, accompanied by Katherine Spaniak, spent Thursday in Harrison visiting her son Donald and family.

On Wednesday a group of 46 from the 319 N. Lake Street Boyne City Senior Center chartered a Michigan Trailway bus. With Margaret Compton as their tour guide, they enjoyed the country side, with its touch of color, on a trip to Mackinaw City. They spent the day shopping and

enjoyed a smorgasbord at the Fort Restaurant.

Walton Fritz attended the wedding of his grandson, David Manglos to Kandi Burns in Richmond, Mo. He was accompanied by his sister-in-law, Ella Nulph, and David's friend, Mark Phillips. David and Kandi were married by his Uncle Harvey Fritz, assisted by Walton Fritz.

Bingo winners at the Boyne City Senior Center on Thursday were regulars, Lyle Ross, Zada Moyer, Jenny Jodway, Leona Griffen, and Manning Sayles. The specials went to Violet Mueller, Lyle Ross and Irene Sayles. The fruit tray went to Alta Lewis and the cover all went to Flossie Baughman. The games were called by Edwin Dodds.

The RLDS Church held a Tri-District Men's Retreat over the weekend at the Park of the Pines. About 17 attended, coming from Gladstone, Inland, East Jordan, Boyne City, Marquette, and the Canadian Sault. Beginning on Friday night, lectures were given by Mike Mead. On Saturday, Gil Fox, who is with the Big Rock nuclear plant in Charlevoix, took the group there on a tour. The cook for the weekend was Robert Johnson of Cheboygan. The learning and inspirational sessions came to a close at 11:30 Sunday morning.

The Northern Slopes Farm Bureau met at the home of Ron and Bea Reinhardt on Saturday night. Thirteen members enjoyed a potluck dinner followed by a business meeting. Topic for discussion was "Problems of Imports and Exports."

Kammie Klienschrodt left on

Monday to relocate in Clearwater, Fla.

Jack Manglos of Ind., Missouri spent about a week here visiting his mother Jenny. She accompanied him back to attend the wedding of her grandson, David Manglos.

Darryl Thompson, a student at Spring Arbor College, was home over the weekend visiting his parents, the Verlin Thompsons and family.

Mrs. James (June) Morey and children, of Ferndale, came on Wednesday to spend a few days with her mother, Ann Jenkins. Her husband, Jim, of Traverse City joined them over the weekend. The Moreys also attended a Baptist Adult Retreat in Rose City over the weekend.

Mr. and Mrs. Mark (Shirley) Hunter of Ludington, and Mark Bullock, a student at Spring Arbor College, were home visiting their parents the Rev. Wayne and Arlene Bullock over the weekend.

Nineteen members of the Boyne City Christ Lutheran Church attended a convocation of the Zion Lutheran Church in Petoskey. It was a day of Bible study, luncheon, and educational classes. In the evening, a group from the Hope Lutheran Church of Bellaire, presented a play

on the Reformation.

Larry and Connie Lingle spent the weekend in Saginaw visiting his parents, Mr. and Mrs. Jack (Margie) Lingle.

The Boyne City High School Cheerleaders went to Central Michigan University over the weekend to observe the competitions of other Michigan High School cheerleaders. The girls were accompanied by their coach, Sherry Gillette, Joanie Zuchatti, Carol Smith, Sharon Kane, and Linda Heiermann. The group enjoyed an overnight stay at the Holiday Inn in Grayling.

The Free Methodist Women's Missionary Fellowship International (WMFI) met on Thursday night in their Fellowship Hall. Plans were made for their fall/winter program. A new project for this year will be to send boxes of used clothing to a mission in Mexico.

Helen Cantor returned home the first part of the week from NMH where she had spent several days last week as a medical patient.

A recent guest of Dorothy Nowland was Inez Durham of Rockford. On Saturday they called on friends in Gaylord and Inez' son in Indian River.

Earl Kinday underwent surgery last Tuesday at NMH.

MILLIE WALDEN

## E. J. Chatterings

The "Care and Share" program sponsored by East Jordan churches and by Gulf and Western will re-open in October. Canned goods, dry staples and soap and paper products are available on an emergency basis for those who have need. Items are available at the East Jordan United Methodist Church, Esterly and Fourth in the basement on Tuesday, Thursday and Friday, from 10 a.m. to 2 p.m. Anyone wishing to contribute to the program may bring items to the United Methodist Church or to any church in East Jordan.

The Merry Musical Singers of East Jordan presented two songs at

the funeral of Cora Mabel Jensen at the Missionary Church. The songs, "One Sweetly Solemn Thought" and "A Perfect Day" had been requested by Cora, who had been a faithful member and soloist in the choir. The choir was directed by Sherry Black and pianist was Ann Johnson.

The Merry Musical Singers sang at the RLDS Church on Sept. 25 at the sing-along, directed by Sherry Black. The evening was enjoyed by all and refreshments and coffee were served.

Mr. and Mrs. Ernie Walden spent a few days last week visiting their children in Mt. Morris.

## Boyne Garden Club meets

Thirty-one members attended the September meeting of the Boyne Valley Garden Club at Litzenger Place.

President Winifred Shields opened the business meeting with the club collect. After the roll call, committee chairmen gave their reports. Since October has been designated membership month, special flower arrangements will be displayed in several public offices—

the last week of October. Garden Clubs will meet on Monday, Oct. 8 at the Embers in Acme.

## DALE E. HENNING

Dale Edward Henning, 31, of Wilson Township, died Sept. 19, 1984, at Munson Medical Center in Traverse City.

Service was Saturday, Sept. 22 at the Vanderwall Funeral Home, East Jordan. The Rev. Kenneth Bernthal of Christ Lutheran Church, Boyne City officiated. Burial was in Knop Cemetery, Wilson Township.

Mr. Henning was born in Napa, Calif., on May 29, 1953, and moved with his family to Romeoville, Ill., as a child. He graduated from Lockport West High School at Romeoville in 1971 and attended Bradley University at Peoria, Ill. for two years. The family moved to Northern Michigan and Boyne City area in 1978.

Mr. Henning had been employed at Charlevoix Manufacturing Co. since 1978.

He was an outdoorsman and was interested in photography.

Survivors include his parents, Mr. and Mrs. Edward Henning of Boyne City; one brother, David C. and a sister, Tracy L., both at home; his paternal grandfather, Edward C. Henning of East Jordan and a close friend, Ginger Hamlin of Charlevoix.

The family suggests memorials to Munson Medical Care Center, Intensive Care Unit, or the East Jordan Ambulance Fund. Envelopes for these funds are available at the Vanderwall Funeral Home.

## CORA JENSEN

Funeral services for Mrs. Cora M. Jensen, 88, of East Jordan were Friday, Sept. 28, at East Jordan Missionary Church. The Rev. James Duncan officiated and burial was in Lakeside Cemetery, South Arm Township.

Mrs. Jensen died Sept. 26, 1984, at her Mill Street home in East Jordan.

The former Cora M. Metz was born Oct. 13, 1895, in Charlevoix County. She married Lawrence Jensen in Detroit in 1923. The couple returned to East Jordan to make their home on Metz Road and Mr. Jensen preceded her in death in 1956. She continued to live in the home on Metz Road until 1958 when she moved to Mill Street.

Mrs. Jensen was a member of the East Jordan Missionary Church, the Women's Christian Temperance Union and the East Jordan Senior Citizens.

Survivors include one son, Ernest Mathers, of East Jordan; three grandchildren; six great-grandchildren.

## HELEN SMITH TOPOLSKI

A requiem mass was held in Michigan City, Ind., Sept. 26 for Mrs. Steven (Helen Smith) Topolski, who died at St. Anthony's Hospital on September 23, 1984, following a diabetic trauma.

She was a 1932 graduate of Boyne

City High School and the daughter of the late Mr. and Mrs. Phil Smith. She was married to Steven Topolski, a retired insurance executive at Michigan City in 1937 and was long active in church and civic activities, ranging from Cub Scouts to St. Anthony's Hospital Auxiliary.

Surviving are her husband, a daughter, Mrs. Mary Ann Montreau of Michigan City; 2 sons, Steven of Hoffman Estates, Ill.; Phillip of Montgomery, Alabama; and a foster brother, A. Gregory Smith of Boyne City.

She was born in 1913 at Gloucester, Ohio.

## JOSEPH WINCEK

Funeral services for Joseph Wincek, 65, of Boyne City, were held October 3 at the Stone Funeral Home in Petoskey. The Rev. Wilbur Higener, OFM, officiated and burial was in St. Francis Cemetery.

Mr. Wincek died Sept. 29, 1984 at Little Traverse Division of Northern Michigan Hospitals.

He was born May 24, 1919 in South Bend, Ind. He attended South Bend schools and was a veteran of World War II, serving in the U.S. Army.

On Jan. 11, 1947, he married Shirley Croft in South Bend. The couple resided there until 1952 when they moved to Kalamazoo.

Mr. Wincek had been employed

**GLEN'S SAVE-SHARE**

# Glen's Save-Share

**Helping to Build a Better Community Together"**

This is one example of a non-profit group making use of the Save-Share Program to help raise funds. There are many more groups using it, too. Glen's wants everyone in East Jordan to know about Save-Share and hopes more groups will use it to raise funds.

All a group has to do is register with the store manager and begin saving the green cash register tapes. Glen's will pay 1 percent of the total qualified amount of all tapes brought in by any registered group; and not just once, but each time a group brings in \$25.00 worth of slips or more.

# Jottings

BY JIM SILBAR

"It was early in the morning...almost too early for anything to be moving, much less a body heading out to go to work," he started out saying.

"So early even the deer hadn't started moving out of the night places to find another place to hide from the curious. I started up the car and turned on the wipers to get rid of the dew that seems to fall on everything about this time of year. Couldn't see if the colors on the trees had started yet as the clouds and the lack of a moon made seeing two feet in front of you difficult, let alone the trees that were around the place.

"Anyway, we started out, of course the car coughed a little as it couldn't figure out if the choke was needed or not, and off we went.

"As we headed into Boyne Falls, we glanced at the gas gauge when we went by the 3-M, hoping we had enough gas to get where we were going without having to fill up. Made a right at the corner and started heading down 131.

"About three, maybe four, miles down the road was when we first noticed something. The guy riding with me saw what might have been a flash from a large strobe light just over the trees and a couple of hills.

"He asked me if I saw it. After telling him that I didn't see anything, I started wondering if he needed a cup of coffee to clear his brain and get him going in the morning.

"'Bout the time we were almost to the top of the Elmira hill, it happened again, another flash. This time I saw it.

"Don't know what it was, but then I don't know a lot about almost anything.

"Then he said, 'I wonder if it is a

UFO."

"'Couldn't be,' I replied, 'They say that those things are not in existence.' But that got me started to thinking.

"What could it be...who would be out at this time of day trying to take pictures...what could have caused it, the flash and no sound.

"Thought it might have been heat lightning, but the flash was too small for one of those.

"We drove on.

"Saw the flash again just outside of Gaylord as we headed down the x-way.

"Figured that it might be the strobes from the airport that we saw through the woods, but I think we were too far south of the airport.

"As we headed further south, we saw that darn thing a couple more times, once between West Branch and Standish and again just south of Flint.

"By now the sun was coming up in force, still that kind of eeriness that you get just before the sun breaks over the horizon. And the flashes were still with us, only by now, they were happening with more frequency. Like about every couple of minutes.

"Then the sun broke through, and the flashes stopped.

"We stopped for breakfast some place outside of Ann Arbor, and some of the other people in the restaurant were talking about the flashes too.

"Must be some sort of phenomenon, I thought. But then, we started to hear some of the other conversation going on in the place.

"Some sort of game, they were saying, and we almost all knew what was going on.

"The folks of Michigan were celebrating the Tigers winning the American League East.

# Marshall Sayles

EXCUSE ME.....BURP!

I could not sleep last night. I got out of bed and sat on the davenport, holding my head. Never again will I follow a peanut butter and pickle sandwich with a bowl of popcorn.

My problem was burping. They came about every five minutes. There was nothing to do between burps so I used those times to think up a column.

\*\*\*

We have been cleaning house all week. My wife has got it just about all done.

\*\*\*

As I look around Boyne City I often wonder how it is that those drawing pensions seem to live longer.

\*\*\*

As we examine our history we see that the great movers, shakers and builders of our wonderful city were not the most highly educated of men. Information like that can drive a civil engineer batty.

\*\*\*

What a mess we've made of politics.

Under the Republicans only the wealthy go to Heaven.

Under the Democrats only the poor are chosen.

Under Socialism everyone owns everything and no one owns anything.

Under my flawless form of politics justice would reign, with all the subjects doing as I say.

\*\*\*

It is said that in all the years that the City has had a zoning commission, no one has gone to it with a grin on his face.

\*\*\*

If you read last week's column you will recall how I laid a hand upon the Ironton Ferry, fingering it familiarly. For such fingering I was thrust at with more than one brickbat. I can dodge bricks, but for Heaven sakes, go easy with those bats, please.

\*\*\*

The daily papers have been running stories telling how doctors have at long last proven there is a thin line between a genius and a nut. It's just one more thing for me to worry about.

\*\*\*

Boyne City has its ministers, its lawyers, its historians, its shopkeepers and bartenders, but no heroes. No heroes to build a statue to in the city park. Most cities have their statues for pigeons to perch upon. But not us. Why is it that there is always something that Boyne City doesn't have?

\*\*\*

Within the past week we've had a couple of twisting hints that winter is on its way. But since Jack Frost is not upon the pumpkin we may be safe through the month of October—safe from an angry howl and a chilling blow.

Please note that I said "may be safe," not "shall be safe." I'm a much better weather aftercaster than a weather forecaster.

\*\*\*

Oh, goodie. The burping has stopped.

# Barbara Cruden

I just opened the closet door where I keep old newspapers and notes written on paper bags and things.

In the dark closet these things grow (the way mushrooms do) and soon become soap boxes.

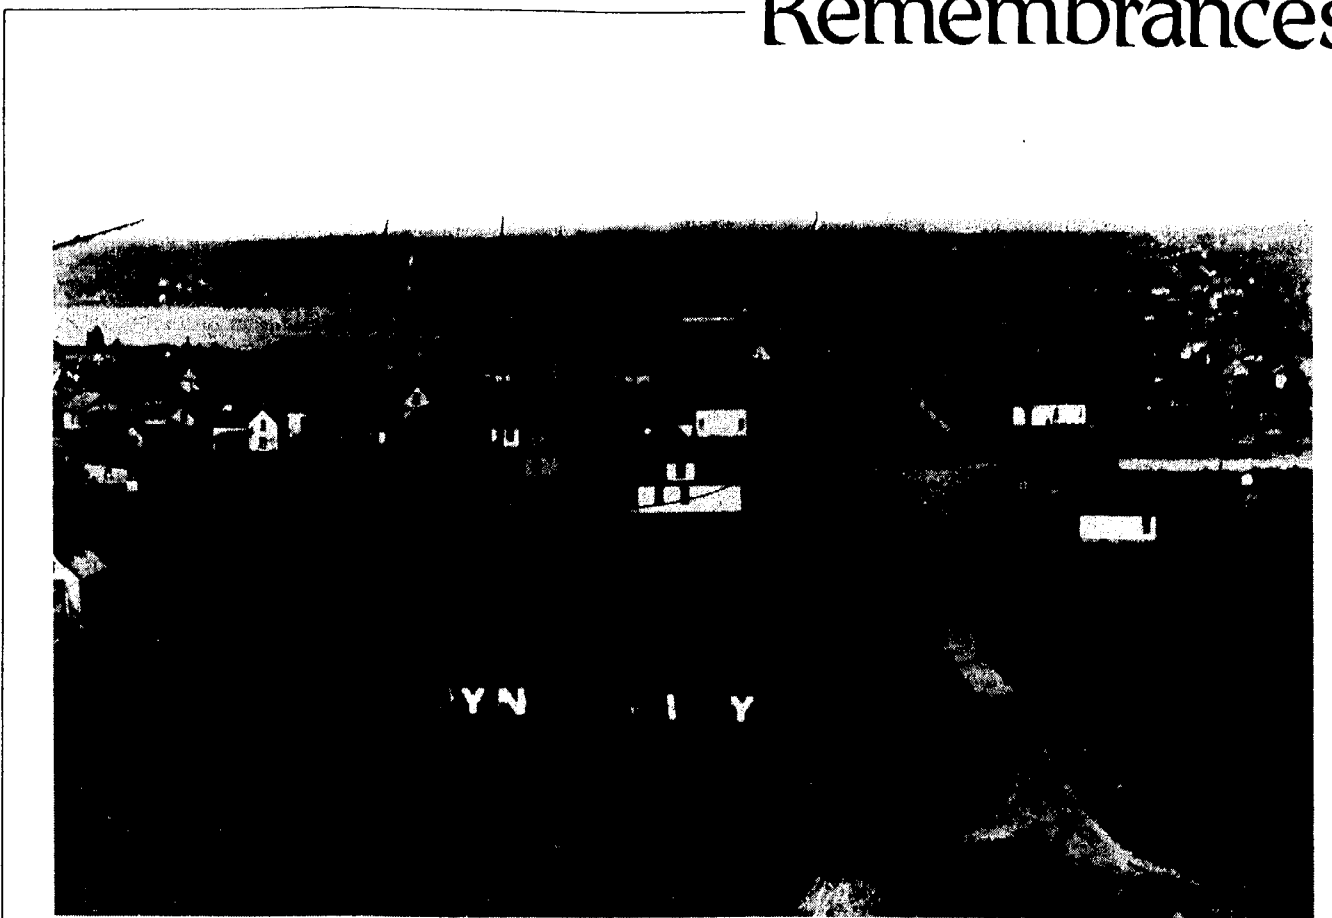

As I opened the closet door, I noticed one new, fairly good-sized soap box coming along. Now, show me a soap box and I'll get right up and stand on it.

But first a little on the ancestry of this box. It developed from spores of notes on old fads. We get these fads. One of them came out of tacking the word "Company" on all businesses. For example, Shoemaker Candy Company (abbreviated to "Co."). We used to do that.

The fad that developed was to make Co. part of the name, as in Texaco.

Well, now that we've moved into the technical age, the fad is for businesses to incorporate "tech" into their names. Thus, our new telephone company is "Ameritech."

Doesn't that sound up to date. And it's only one of a horde of "tecs."

Looking down Lake Street in the early teens or twenties shows how bleak the land was after the lumberjacks clear cut the area. Compared to today, about 70 years later, many of the trees have grown back and a picture like this would be difficult to take from the side of Avalanche Preserve. This picture, taken from a glass slide of the era, was brought in by Pat

Kubish. If you have any old pictures that you would like to share with our readers, bring them in so that we can make a copy. Our office is located in the old Godette Market building on Groveland, or, if you are new in the area, follow Lake Street out toward the State Park, you will go past our office which is on your left.

(Continued from page 1)

split the road down the center where it comes in along the city limits. It is that 1,337.27 feet the city will pay for at the cost of \$14.41 per foot for a total of \$9,635.03.

The city and Wilson Township each own half the road, dividing down the center where it comes in along the city limits. It is that 1,337.27 feet the city will pay for at the cost of \$14.41 per foot for a total of \$9,635.03.

Frykberg noted that the amount is an estimate and could go higher or lower. He also said Wilson Township and the city will each pay its share directly to the road commission.

City commissioner Steve Moody asked for a time limit to be included. The commission set a target date of July 1, 1985.

In addition to the 3/10 mile along the city limits, Anderson will be paved for an additional 1,848.73 feet south of Marshall.

The commissioners noted the pro-

blem with the road is not so much traffic as it is frequent washouts during storms. The road bed will be repaired before being paved.

Frykberg also reported to the board that the city is proceeding with an underground watering sys-

tem for Rotary Park, with 500 feet of two-inch plastic pipe.

The upcoming prospect of monitoring wells for the city landfill was discussed. In a matter of weeks the Department of Natural Resources plans to sink test wells around the

area to check on the quality of any groundwater found issuing from the site.

Frykberg emphasized it was not because any problem has showed up. It has been the subject of consideration for a matter of years.

Ten-year-old Julie Gasco of Boyne City was declared the winner in last week's first annual "Rocking Chair Contest" that was sponsored by the Seven Ladies Family Restaurant in Boyne Falls. As the grand prize winner, Gasco will be receiving breakfast free for a year. The Boyne City elementary school student says that she is really happy about winning and that her favorite breakfast is ham and cheese omelet. She also said that she loves to swim and collect things. She told the contest sponsors that she would definitely be back to defend her crown at next year's contest.

## Beware of DSS imposters, Sheriff Lasater says

Recent attempts to kidnap or molest children by imposters posing as Children's Protective Service workers from the Michigan Department of Social Services (DSS) have been made in eight counties. Charlevoix County Sheriff Lasater urges residents to treat unknown individuals claiming to be from DSS with caution.

"If you are visited by a Children's Protective Service worker or any one else you do not know, do not let them into your home until you check them out," instructs Sheriff Lasater.

"First, call your local DSS office and give authorities a physical description of the worker as well as the worker's name," he advises. "If you are suspicious about the

person, immediately call us or your local police. Second, get a good description of their car and especially the license plate number."

Sheriff Lasater also cautions residents to keep their doors locked. "In one case, an imposter went around to other doors in the home trying to get in, and there were three small children at home. Fortunately the doors were locked."

Lastly, Sheriff Lasater reminds county residents that a DSS worker cannot remove a child from its home unless there is a court order in hand and a uniformed police officer present.

Since May 15, attempts to kidnap or molest children by DSS imposters have been reported in Gladwin,

Gratiot, Hillsdale, Presque Isle, Alcona, Kalkaska, Barry and Ottawa counties.

Sheriff Lasater says that persons with information about the imposters should call him or local police. "Or they can call Crime-Stoppers in Saginaw at 517-752-STOP, and give an anonymous tip," he suggests.

## In service

Michael G. Martin, son of retired Air Force Senior Master Sgt. Norbert and Shirley Martin of Charlevoix, has been promoted in the U.S. Air Force to the rank of staff sergeant.

Martin is a financial services specialist at Moody Air Force Base, Ga., with the 347th Tactical Fighter Wing.

## Editor,

As parents of the two young girls involved in the attempted abduction near Walloon Lake on July 23, we would like to express our appreciation and thanks to all those individuals who came to the aid of our children. It is refreshing to discover that people still do care about others and are willing to become involved in their problems. We want to commend your staff for withholding our girls' names when reporting on this incident. It made the adjustment to the problem much easier.

We would also like to thank the Charlevoix Sheriff's Department for their fine performance in apprehending the individual involved. Our personal thanks go to Sheriff George Lasater for the interest and concern he demonstrated for the welfare of our girls through a very distressing situation. His patience and kindness brought many positive results from a very negative experience.

Charlevoix County can certainly be proud of the Sheriff's Department and the citizens who make up their community. We thank you all for your tremendous support and concern.

## Their Parents

Dear Editor and WATCH REPRESENTATIVES,

I am hoping my letter will not be excluded from those printed because I am the daughter of James Ludwig—he had nothing to do with this.

I am writing to give my idea on how this problem may be solved so that both sides of this argument, and more importantly, the public will be represented.

Being a High School student, I frequently hear of question and answer debates. In this case you could invite environmentalists and area developers to speak and answer any questions local persons may have.

Publicizing a cruise is not the same as public involvement, although it is a start. If you truly are concerned with the public, open up your ideas to them, and give them the same chance to do this for you. In anything concerning the people, cooperation, an informed public and

involvement are of the utmost importance.

My father's concerns are not unsubstantiated founded—I have heard many stories of wasted time, effort and money by people who have failed to see both sides of an argument. If (as the Courier heading indicated) your meeting is an honest effort, prove it.

My father may appear to be accusing you unjustly, but his heart is in the right place—with the good of the environment, and (more importantly) the people.

Sincerely,  
Victoria Ludwig

To: James P. Ludwig  
Dear Sir:

This is in response to your letter of September 17, 1984.

You have made a number of unsubstantiated allegations regarding the motives of WATCH, Inc. and the Lake Charlevoix Association (LCA) for funding the dinner cruise on Monday, Oct. 1, for elected officials from the county, city and township governments. You also allege that WATCH, LCA and the Tip of the Mitt Watershed Council are a trio of environmentally oriented organizations who are conspiring to use the "informational program" to pressure the captive guests into a "no development" or "no growth" posture. You further allege that this same cabal of three are "anti-developer," whom we consider unworthy of representation on the cruise. All of the referenced allegations are obviously based on your own personal perceptions without a single fact to support them. Nevertheless, because of the demagogic nature of your statements, and to the extent that such statements may appeal to others who think as you, I submit the following facts which hopefully will dispel any reservations you and others may have as to the intent and purpose of this meeting.

FACT 1: The general consensus is that a Lake Charlevoix Development Plan is long overdue. Given the fact that seven townships and three city governments front on the lake, each of whom have disparate zoning ordinances, it takes no genius to observe that chaos will

result as growth proceeds, in the absence of a "consensus" concerning the protection of the various interests involved.

FACT 2: The county commissioners, county planning board with the approval of the county legal officer have accepted the WATCH-LCA funding offer for the dinner cruise. They directed Mr. Larry Sullivan, the county planner, to issue invitations to all county, city and township elected officials stipulating on the invitation that this was to be an INFORMATIONAL MEETING. Mr. Sullivan was also directed to prepare the program agenda and to structure and organize the development planning committee which ultimately will have the responsibility of addressing the lake's growth problems. Mr. Sullivan in turn has enlisted the support of Rod Cortright, county extension director, to assist him during the preliminary stages and he will also serve as moderator for the informational program, scheduled to last 45 minutes after dinner.

FACT 3: Members of the press and TV have been invited so that all aspects of the dinner cruise will be open for public scrutiny.

FACT 4: The Tip of the Mitt Watershed Council is a nonprofit impartial environmental organization commissioned by LCA and WATCH for research and advisory purposes. They will participate in the informational program in presenting research data and other facts accumulated over years of study of Lake Charlevoix. Their informational input is under the control and direction of Mr. Sullivan. The writer will not participate at all in the program. Dr. John Hall, vice-president of LCA will address the audience for 10 minutes, addressing his remarks to defining lake problems which will have to be addressed as the lake growth accelerates.

FACT 5: WATCH's contribution has been and remains that of providing a catalyst to getting a lake development plan inaugurated. To do this a method of getting approximately 90 elected and appointed county, city, and township officials together at one place at one time was needed. A dinner boat cruise was chosen as it is a magnet attraction on the very lake we are concerned with. Obviously, criticism would be leveled at the authorities if county money was used for this purpose, so LCA and WATCH are funding the trip as a public service. WATCH will continue to be supportive of the lake development committee when it is appointed. This support will take the form of finding additional funding to the county both internally as well as seeding funding grants from the private sector.

FACT 6: To date there has been very limited discussion as to the structure and membership composition of the lake development committee, other than there should be representation from each of the seven townships fronting the lake

and equal representation for environmental and business (developers) interests. This decision will properly be made by Mr. Sullivan, the county planner.

Now as to your allegation that WATCH is "anti-growth," "anti-developer," and that we consider developers as "the enemy." I would ask you to produce one shred of evidence to support such an irresponsible set of accusations. WATCH, Inc. is on record in the public press and by letter as endorsing growth in Charlevoix County, which we believe to be imminent during the next decade. Our only publicly stated concern is that it be a planned growth that will not impinge unfavorably on the integrity of Lake Charlevoix or otherwise degrade the ecological and environmental ambience of this area. We believe it is eminently possible to do this, and is exactly why we are working for a Lake Charlevoix Development Plan with all interests represented, including developers.

Further, with reference to your "off the wall" statements regarding our alleged "anti-developer" stance, it is difficult for me to assess where you are coming from on that one. I consider real estate development as a reputable and responsible commercial business in much the same context that I view other industries or profit oriented organizations operating in our free enterprise system.

Nevertheless, I am not so naive as to believe that the real estate business does not have its unscrupulous and irresponsible operators just as any other business enterprise has its share.

The best protection against real estate projects having disastrous ecological effects is to have responsible developers represented on the lake development committee. They are knowledgeable and can provide valuable guidance and input to committee members and can also provide a valuable service in protecting the county from those in their own business who from background and experience they consider suspect. It would be counterproductive for WATCH to create an "adversary relationship" between fellow committee members who are attempting to protect the interests of all parties involved.

Charlevoix area residents should be aware that Lake Charlevoix has already been identified by many distinguished limnologists as an extremely "fragile" lake, despite its being the third largest inland lake in Michigan. It is a "magnet" attraction in the county and core to the economic health and well-being of its citizens, apart from its aesthetic beauty.

In closing I do agree with one point in your letter, that it is necessary for all involved to work together and to be honest, civil, open and respectful of the other fellow's views and opinions.

Howard F. Neilson, Pres.  
WATCH, Inc.

## In service

Airman Scott L. Miller, son of Terry J. Miller and Myra A. Himebauch, both of Charlevoix, has completed Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks at Lackland, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

The airman will now begin on-the-job training in the transportation field at Mather Air Force Base, Calif.

SCOTT L. MILLER

## Letters

Letters to the editor, hand-written or typed, are a welcome and important part of this paper. They should be under 750 words in length and signed by the writer, although he or she, for special reasons, may request that the name not be printed. The paper reserves the right to edit material.

## Presbytery meeting at Boyne Mt.

The Boyne City First Presbyterian Church, with the help of the Bay Shore and East Jordan churches, will be hosting the fall weekend meeting of Mackinac Presbytery. On October 26 to 28 the Presbytery will be meeting at Boyne Mountain. Excellent seminars are available for every church member. The local churches will be helping with many areas of the meeting. The Saturday dinner will be prepared by ladies of the Boyne City Presbyterian and Methodist Churches with the meat being provided by Jerry Oleson of Oleson Foods. The Christian Education Committee will be providing educational opportunities for children, and also a Hal-

loween Party. The worship committee, with the aid of East Jordan and Bay Shore will be in charge of the Communion Service.

The Sessions of all three churches have been asked to cancel worship in the local church so that all can attend the Presbytery worship at Boyne Mountain, at which John Calvin's service of Holy Communion will be followed. The choirs of the East Jordan and Boyne City Churches, with help from the Bay Shore congregation, will lead the congregation in the singing of the Psalms and Creed as Calvin used them. It is hoped that all will attend as much of the Presbytery Meeting as possible.

## FOR SALE

### CITY OF EAST JORDAN

The City of East Jordan will accept sealed bids for the disposal of a 1948 Chevrolet 500 G.P.M. Pumper truck, as is.

The truck can be seen at the D.P.W. garage, 201 S. Maple, Monday through Friday, from 8:00 a.m. to 5:00 p.m.

Mark your bid envelope (FIRE TRUCK BID) and submit to the City Clerk's office at 201 Main Street, East Jordan, no later than 4:00 p.m. October 15, 1984.

Contact Chief Barnett at 536-2311 for particulars.

The City reserves the right to accept or reject any or all bids, to waive bid irregularities and to

# BCHS news

BY HEIDI LILLIS

Boyer City schools are in the midst of "Spirit Week" which will be ending Friday with the homecoming dance at the high school.

The festivities started last Friday with a "Slave Auction" fundraiser for the student council. Members of the homecoming court were auctioned off to their fellow students to be a slave for one day of the spirit week.

Students started working on their floats for the homecoming parade last Friday and many worked through the weekend to get them underway.

Spirit Week was established to boost the morale of the student body. Some of the antics used to create some spirit are having certain days at the school designated to the individual classes.

Tuesday was hosted by the freshman class and had a theme of "Red

and Blue." Wednesday the sophomores hosted a "Toga Day," while the juniors will be hosting a "Fudgie Day" on Thursday, and the seniors will be having a "Revenge of the Nerds" theme on Friday.

At 1:30 p.m. Friday, the school will have a pep rally and then school will be dismissed at 2 p.m. so that the students can see the homecoming parade. The parade will start at 3 p.m. at the Middle School and work its way downtown before heading out to the high school. Highlighting the game the football team will be having with Sault Ste. Marie, will be the crowning of the homecoming queen during the half-time ceremonies.

Later that evening at the homecoming dance, the king will be crowned. The dance is scheduled to begin at 10 p.m. with the king crowning at 11.

## Former resident adds law degree

Dennis A. Wilson, a former resident and school teacher in East Jordan, has completed the requirements for a law degree and was awarded the Juris Doctorate Degree from Thomas M. Cooley Law School at commencement exercises on September 22, 1984 in Lansing, Michigan.

DENNIS A. WILSON

Dennis is the son of the late Clyde Wilson and Dorothy Wilson who now lives in the Tide View Estates, Elenton, Florida. The Wilsons lived in East Jordan in the 1940s and 1950s at 606 Second Street. Two other brothers, Jon Wilson of Memphis, Tennessee and Ron Wilson of Lud-

ington, are also practicing attorneys. Dennis has been a Dean at Muskegon Community College since 1968 and has completed his law degree while still

maintaining his college administrative position.

Dennis and wife Martha (Galmore) live in North Muskegon where he plans to enter private practice in the future. Wilson also has a Bachelors Degree from Central Michigan University, and Masters from Oklahoma State University and a Doctorate from the University of Michigan. The Wilsons have four children, two in the Military, a daughter who is a senior at Michigan State University and a daughter in her third year at the University of Detroit Dental School.

## Davis sponsors seminar for high school students

Northern Michigan Congressman Bob Davis has sponsored a High School Government Seminar Day for high school students to get a better understanding of how the American system of government works.

Each high school in the 11th Congressional District was invited to participate in the seminar, and were allowed to send up to three juniors and three seniors. The program was designed as a forum on the functions of the local, state, and federal government. The seminar consisted of five workshops conducted by elected officials, as well as representatives from special interest groups and the media, who discussed their responsibilities and interactions with the various levels of government.

Students were divided into small groups to attend each workshop, where they heard from the distinguished guests and had the opportunity to

ask questions and voice opinions. This gave students a chance to participate in these discussion-type sessions and interact informally with the guest speakers.

The first seminar was held for lower peninsula school districts at North Central Michigan College in Petoskey on Monday, October 1.

A second seminar will be held for upper peninsula school districts at Northern Michigan University in Marquette on Tuesday, October 9. Registration will be held outside the Michigan Room of the Don Bottum University Center beginning at 9:30 a.m. and the seminar will end at 3:00 p.m.

Speakers for the Lower Peninsula Seminar Day included U.S. Representative Robert W. Davis; Michigan Representative Ralph A. Ostling; G. Lawrence Merrill, Director of Education for the Michigan Township Association; and Ann Smith, County Com-

missioner for Emmet County. Also participating were John A. Howes, federal legislative representative for Consumers Power Company; Kendall P. Stanley, government reporter for the Petoskey News-Review; and Liesa Hall, news anchorperson, reporter and producer for WWTW and WWUP-TV in Cadillac.

Speakers for the Upper Peninsula Seminar Day will include Congressman Davis; Michigan Representative Jack Gingress; Ann Linell, representative of Michigan Association of Counties; Pat Skelding, Director of Public Affairs for the Michigan Township Association; Peggy Bryson, managing editor of the Escanaba Daily Press; Skip Schneider, station manager of WDMJ in Marquette; and Bill Johnson, Vice President for Government Affairs of Primark.

Additional information can be obtained from Ruth Stadius toll free in Michigan at 1-800-682-8982.

## Local man president of Mich. Ass'n. of Community Bankers

Charles S. McDowell, Chairman of the Northwestern State Bank, East Jordan, was elected president of the Michigan Association of Community Bankers at the organization's annual convention September 19-20 at The Grand

Traverse Resort. The Michigan Association of Community Bankers is an organization composed of banks that are locally owned and locally managed. MACB was founded on the belief that the community is best served by banks that are

owned by the people in the community and managed by people who have a vital interest in the economy of the community.

MACB provides educational, central purchasing, and legislative services for its member banks.

## WKPK signs on with new sound, formerly WWRM

Northern Michigan radio listeners can now look to "The Peak" for a taste of America's hottest music format. At six a.m. on October 1, 1984, Michigan's newest radio station appeared at 107 (106.7) on the FM dial.

WKPK (the peak) hits the airwaves sporting an adult top 40 contemporary hits format and a broadcast signal capable of reaching more than a half-million permanent residents.

WKPK is owned and operated by the Alpine Broadcasting Company with studios located in Gaylord (with the high-

est elevation of any incorporated city in the lower peninsula.) The station's 100,000 watt transmitter is located in nearby Elmira. The Peak replaces WWRM (Warm 107), which left the air after nearly a dozen years of service.

Alpine Broadcasting president, John D. DeGroot, says the format has been highly successful in dozens of radio markets across the country. DeGroot says the peak will be competing for listeners in 26 northern Michigan counties, with a high-power, stereo signal in Traverse City, Petoskey, Cheboygan, Alpena and every-

where in between.

Alpine Broadcasting is backing up its fresh programming philosophy with an intense media campaign (Television, newspapers, etc.), a strong news and public affairs commitment to the community, as well as an expanded staff. The Peak will broadcast 24 hours a day, seven days a week.

WKPK program director, Rob Weaver, says, "Research indicates this format has the most to offer the growing, activity-oriented market of the '80s. We believe the Peak will offer listeners a unique alternative."

## Area art grants announced by Irwin

Grants totaling \$4,000 have been awarded to various arts groups from the Michigan Council for the Arts, Senator Mitch Irwin said Tuesday.

Northwestern Michigan College Arts Department will receive \$1,500 for its visiting arts program.

The Heartwood Community Center in East Jordan, \$1,500 for a Heartwood Craft Catalog of various area products, and the C. Allen

Ransom Counseling Center in Charlevoix, \$1,000 for its "Sing Your Song" program.

"These are very deserving projects," said Irwin. "These grants are important support for the arts in our north country."

The money was allocated from the Arts Councils Mini Grant program for the first period of the fiscal year 1985.

### How do you get premium homeowner's insurance at a discount?

No problem.

Auto-Owners Homeowner Policy discounts do just that. There are a number of premium discounts you might qualify for, and they could reduce your costs by as much as 40 percent!

Get broad homeowners coverage, from a reputable source—at the price you want. Just ask your "no problem" Auto-Owners agent about homeowner's discounts. It's no problem with Auto-Owners.

# Ramblers dumped by Charlevoix in 4th game of season 41-6

The Boyne City Rambler football team dropped their varsity record to 0-4 on the season, as the Charlevoix Rayders demonstrated a speedy 520 yard rushing game that accompanied six touchdowns in a 41-6 Rambler defeat. Four of the Rayder touchdowns were run from 50 yards or more, one of those being the result of a Rayder punting situation. In game opening action, Charlevoix steadily worked the ball towards the Rambler goal and finally scored from the one yard line on a quarterback keeper. The Rayders muffed the conversion pass with only four minutes expired from the clock. drive and punted to the Rayders, who were into the endzone again following a 53 yard break away that was stopped on the Rambler two

yard line. Charlevoix scored two more long yardage touchdowns in the second period, one from a 75 yard scamper, and the other a 70 yard run for a 26-0 lead. Charlevoix's kicker split the uprights to up the total by one more point. At the beginning of the quarter, Charlevoix had advanced to the Rambler 10 yard line, but the Rayders were rebuked with a good defensive stand from Boyne City.

The Ramblers had forced the Rayders into punting down to open the second half but the punter took a wild snap and got around the left end to make a 51 yard touchdown out of it. The extra point found the mark, Charlevoix led 34-0 with nearly two quarters left in the game. Some four minutes later, Boyne

City had turned the ball over on downs and Charlevoix immediately busted a 72 yard touchdown run, followed by an extra point for their final charge.

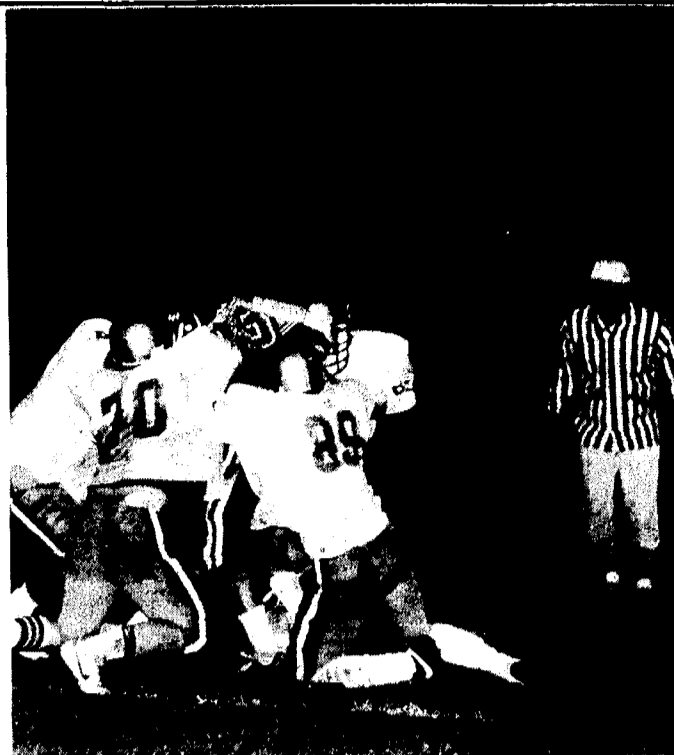

The Ramblers kept their heads and worked hard at sustaining a drive in an effort to get on the scoreboard. Following a connection to Tony Napont from Chris Howard, Napont pounded through for a nine yard touchdown run. Boyne City missed the conversion attempt and that wrapped up all scoring for the remainder of the game.

The Ramblers found themselves in the final quarter as the defense forced and recovered two fumbles and held the Rayders to 44 yards rushing. The offense got a 55 yard run from Mark Williams, but Boyne City failed to capitalize on the

breaks. In rushing, Williams topped it off with his 55 yard run. T. Napont totaled 44 yards, Craig Napont ran for 30 yards, while Dave Wandrie and Howard gained 25 yards apiece.

T. Napont proved to be the Ramblers biggest defensive asset as he punted seven times for a 33.5 yard average. He led in the tackling department with 12. Darren Everest, C. Napont, and Wandrie tallied 11 tackles each, while Williams, Mike Mansfield, and Norm Howard got five tackles each. Todd Fall got in on seven tackles and Dale Sutton totaled eight.

Next Friday, the Ramblers will be looking for their first season victory as they host the Soo in Boyne City's homecoming game.

Boyne City met up with some tough defense almost every play during the game with Charlevoix. Here, a group of tacklers stop a Boyne City runner from making a first down.

The East Jordan Red Devils enjoyed many long yardage gains Friday night, but sometimes the backs over-ran the blockers as is illustrated on this sweep play. The Red Devils went on to score from this drive and tied the game at 6-6.

## East Jordan JV's romp over Bellaire

East Jordan's JV football team went to Bellaire Thursday and romped on the Eagles 42-0, getting all of their touchdowns on their strong running game.

The first quarter went scoreless, but early in the second period Darren Graham hit paydirt on a four yard run-in. The third quarter belonged totally to the Devils as Graham scored from the one yard line and broke loose for a long 40 yard touchdown run. Steve Dionne got on the scoreboard with his 12 yard run to the goal. Greg Kitson hit Keith Harchis for two passing conversions, making a score of 28-0 going into the final leg of the game.

James Bartlett added a touchdown from the one yard line in the period, and Curt Weidler carried for 40 yards to build up the score even higher. Freshman quarterback Dennis Skrocki passed to Weidler for the conversion and two more points.

Graham carried the ball 15 times to total 99 yards rushing as Weigler had his 40 yard run, Dionne carried six times for 34 yards, Bartlett had nine assignments for 31 yards.

Terry Burt led the defensive effort with 20 tackles. Graham got in on nine tackles, Steve Smith and Dionne got seven takedowns each, while Don Reich got in on six.

With a dejected look, Bob McCullough of the Boyne City Ramblers hangs his head as another touchdown went against the hapless Ramblers during last Friday's game with Charlevoix.

## Devils come of age against Bellaire

The East Jordan Red Devils began Friday's game under a drizzle, but their spirit was not dampened as they ran over the Bellaire Eagles 19-6 in a game that could have been a total blow-out.

The Devils were hyped for a victory even though 230 pound tackle Gary Coolman was not on the roster. "Offensive tackle Bob Gotts and defensive tackle Bill Kraemer filled in well for us," said coach Ted Jeffery of Coolman's replacements. "We moved up and down the field well and held onto the ball better" said Jeffery. "we made some mistakes, but I'm happy with our overall performance."

Both teams were hampered with penalties on their first possessions and traded punts. Bellaire got a big break after their second punt, when East Jordan dropped the reception and the Eagles covered the ball on the Devils 28 yard line. Leon Carey, Dale Schroeder, Kraemer, Jim Roberts, and Bob (R.C.) Smith held the line well, but the Eagles completed a quick pass for a first down on the 16 yard line. Anxiety caused the Devils to jump offsides on third and short, giving the Eagles a golden opportunity with a first and goal at the Devils 5 yard line. The defense held them off for two more plays

until a sweep to the right side scored. Schroeder and R.C. teamed up to ruin the conversion attempt and Bellaire lead 6-0 with 1:04 left in the opening quarter.

At the beginning of period two, the Devils opened Pete Zoulek loose as he ground out three plays for 36 yards to the Bellaire 35 yard line. One play later Tom Galmore burst through the line and galloped 29 yards to game tying paydirt.

After the ensuing kick-off, East Jordan's defense held the Eagles to their own 46 yard line, forcing a punt to the Devils. East Jordan took the punt on their own 40 yard line, where quarterback Bill Lytle handed off to Zoulek, Ted Snowden, Dave Russell, and Aaron Spence for 46 yards rushing to the Bellaire 6 yard line. The Devils were held to the line as the Eagles stood their ground. On fourth and three, the Devils fumbled and Bellaire took over the ball on their own 7 yard line. The Eagles had used all of their downs and were punting when Carey and Kraemer burst through and downed the punter on his own 2 yard line with 21 seconds left in the half. Lytle threw an incomplete pass, but with 19 seconds to go, he carried the ball around the right end to score, giving the Devils a 12-6 half-time lead.

East Jordan held excellent field position after the second half kickoff on the 47 yard line, but a clipping penalty put the Devils back to a third and 28 to go situation. Lytle found Todd Nachazel in an open seam and hit him with a pass to give East Jordan a first and ten near midfield. The Devils took to the ground again and rushed for 38 yards to the Eagle 20 yard line, but a pass to the endzone was intercepted giving Bellaire possession on the 20 yard line. East Jordan's defense remained tough to force a Bellaire fumble that was recovered by Kraemer on the 11 yard line. The Devils got backed up by a holding penalty and on third and ten, were intercepted in the endzone again.

The Devils defense trampled the Eagles with gang tackling and a sack by Carey forcing a punt. The snapp went wild and East Jordan had another chance on the Bellaire 18 yard line. The Devils rushed and passed their way to the Eagle 6 yard line, but the drive ended with Lytle getting sacked on the 13 yard line. Scott Hart came through with two unassisted tackles and set the Eagles back on their own 5 yard line for a fourth down punt.

East Jordan took the punt on Bellaire's 39 yard line where Nachazel ran 32 yards down the right sideline. An Eagle was caught facemasking and the Red Devils found themselves with a first and goal to go on the Eagle 3 yard line. Snowden took the following play into the endzone and Thom Ashton kicked one through the uprights for a 19-6 Devil lead.

Bellaire made a last minute charge at the Devil goal line, but with seconds to go Ashton and Tim Drenth both knocked down passes to the endzone, killing Bellaire's last hope.

The Devils totaled 288 yards rushing against the Eagles. Nachazel took top honors with 73 yards, Zoulek rushed for 46 yards, Snowden totaled 45 yards, Galmore ran for 36 yards, Russell got 28 yards, and Spence was given credit for 21 yards gained.

Hart stayed busy on defense, getting five unassisted tackles and assisting on nine others. R.C. Smith got 12 tackles, two of them unassisted. Carey was in on 11 takedowns. Roberts tallied nine tackles, Schoder totaled eight and Kraemer got five tackles.

## JV's lose to Charlevoix 34-16

Boyne City's JV football team lost to the Charlevoix Rayders Thursday in Charlevoix.

The Rayders put the ball into the endzone twice in the first quarter, once with a pass, and with a 38 yd. run-in. In the second quarter, Charlevoix broke Boyne's goal line defense with a five yard run to lead 20-0 at intermission.

In the third period, the Rayders got

another long run for a 44 yd. touchdown. With Charlevoix leading 28-0, Rambler Todd Fanning broke it loose and ran 58 yards to the goal line. Jim Feagan ran in the conversion to make it 28-8.

Charlevoix put another touchdown on the board with a 42 yd. run before Boyne City got a five yard run-in from Pat Weeks. Weeks passed to Scott Beebe for the extra points. Fanning accumulated 158 rushing in the game, while Weeks ran for 85 yards. Feagan rushed for 22 yds. and Ray Eggers got 17 yards. Brandon Billings had 16 yds., Troy Heiermann got 15 yds., and Beebe accounted for 44 yards.

On defense, Tom Lasater got 16 tackles. Weeks tallied 13 along with Heiermann, Eggers got in on nine tackles, and Greg Webb had six, while Feagan, Beebe, and Keoki Kuheana were give four tackles each.

### Rambler's golfers nip Elks

The Rambler golfers took a home match away from Elk Rapids last Wednesday 170-173.

Rambler Joe Schlink shot a 39, Merle Carson 40, Todd Buckmaster 42, and Paul Zinck 49.

### In service

Airman Linda J. Lewis, daughter of Jason R. and Helen M. Lewis of Boyne City, has graduated from the U.S. Air Force law enforcement specialist course at Lackland Air Force Base, Texas.

Graduates of the course studied general law enforcement duties, tactics, weapons training,

## East Jordan drops two against Mancelona, Harbor Springs

The East Jordan girls dropped two basketball games last week. Tuesday, Mancelona squeezed by 50-47, and the Harbor Springs Rams took a lopsided 79-25 game.

Against Mancelona, the Devils were down by two after one quarter of play, but Danielle Baker got hot for five second quarter baskets, while Jody

McDermott added two more and Angela Noirot got one to take a 28-20 lead at halftime.

The end of the third period had the Devils leading 38-30 but Nancy hit seven hoops from the floor and six free throws for a 20 point game breaking spurt.

Baker led the Devils in scoring with 22 points. Jody Mc-

Dermott hit for 12 points, while Darla Looze had nine points and Noirot added four points.

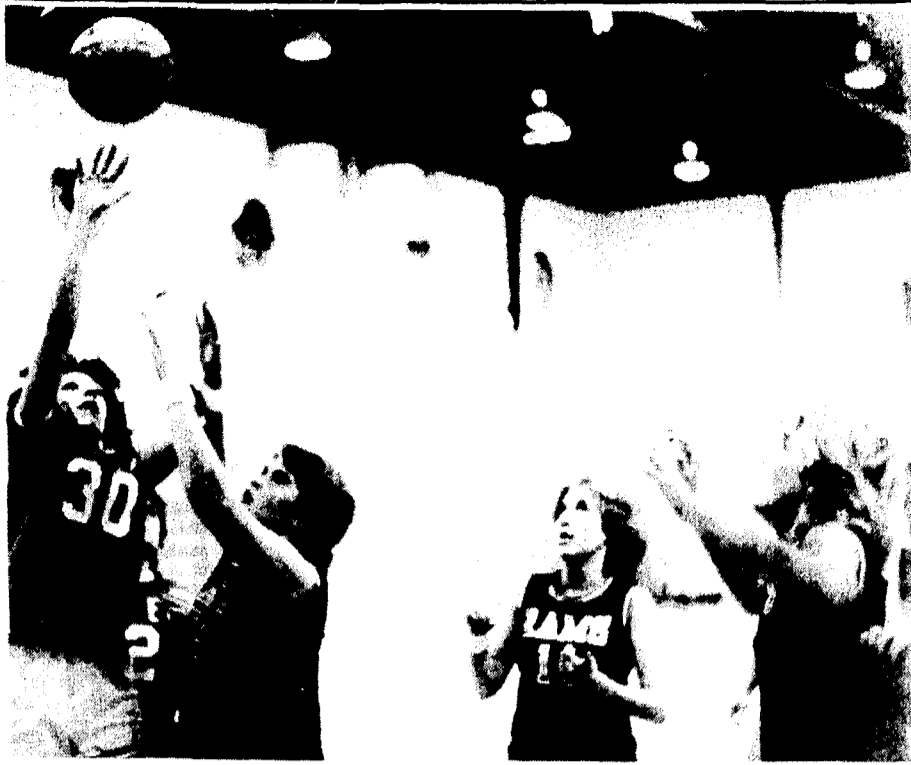

Harbor Springs demonstrated their 100 shot theory Thursday, and it payed off well for them as they pressed and fast broke their way to a 42-8 halftime lead. The Rams stretched it out in the third quarter for a 60-

17 lead and didn't let up through the remainder of the game.

Baker and Looze scored 11 points each for East Jordan, while Noirot added three of four free throws. McDermott sat out the game with a sprained ankle suffered in Tuesday's game.

In the JV game, Harbor Springs won 42-8, but the Jr.

Devils showed better court awareness and improved basics in the game. Brenda Drenth hauled down 17 rebounds, while Erin Snyder and Chris Nietupski got seven rebounds each. Drenth scored two points, Shelly Malpass hit for four points and Nietupski scored two points.

Danielle Baker fought her way through this group in the first quarter. This is one of her 11 game of Harbor Springs Rams to put up this two-pointer points.

## Boyerne girls also drop games to Charlevoix Rayders, Grayling Vikings

The Boyne City girls lost both of their basketball games last week. Tuesday Charlevoix won 50-29 in a game where "everything that could go wrong, went wrong," said coach Jack Caverly. Conference power

Grayling took a 63-40 decision on Thursday.

Charlevoix began the game with a man-on-man defense and played it throughout the game as it earned them an 11-7 first quarter lead. The Rayders held a 26-16 advantage at intermis-

sion and put the stops on Boyne City in the third quarter, allowing a last second Hal Mary bucket to Kiesha Crozier at the buzzer. The Ramblers were down 39-17 going into the final period, and played even with the Rayders to close out the game.

Crozier led the Ramblers in scoring with eight points. She was followed by Julie Montgomery with seven points. Kelly Raymond hit for five points and Tammy Winters got six points. Michelle Guzniczak hit two-of-two on free

throws and Kerry Harvey added one point.

In Thursday's game, Grayling got 24 points from their bench alone, while dominating the entire game. The Vikings outrebounded the Ramblers 55 to 35 and committed 29 turn-

## Sierra Club calendars for '85 now available

Sierra Club calendars for 1985 are now on sale. This announcement was made by Debbie Messer, president of the Algonquin group of the Sierra Club.

"We are very happy to be selling the calendars this year," states Ms. Messer. "They make excellent Christmas gifts since they come packed in cardboard mailing boxes."

The funds raised from sales will benefit both our local group and the state chapter. The state share will be used for wilderness protection.

Calendars may be ordered by calling (616) 526-2326 or 526-7003, evenings. They will also be available at the first Audubon Wildlife Film, October 30 at Petoskey High School.

The calendars, which are noted for their fine color photos, come in four styles. Wall calendars are available which feature Wilderness Trail, or Wildlife scenes. The engagement calendar, the most popular style, also has wilderness photos.

The Algonquin chapter of the Sierra Club includes Emmet, Charlevoix, Cheboygan and Presque Isle counties.

Each wall calendar is \$6.95, and the engagement calendar is \$7.95. On orders of over 5 calendars, a discount of 50 cents each is given. Orders of 20 or more earn a \$1.00 per calendar discount.

## Boyerne Falls wins squeaker against Alanson

Boyerne Falls sent their Lady Loggers to Alanson Thursday, where they thrilled the spectators with another of their breathtakingly close games in a 54-50 overtime victory.

Alanson coasted through the first half as the Loggers hit just five of 27 shots from the floor. The Loggers were down by seven at intermission 22-15. Boyne Falls held Alanson

to eight points in the third period, getting 12 points themselves for a 30-27 score going into the final stretch. Alanson had taken a 12 point advantage with three minutes left in the game, but the Loggers got enough buckets under the boards to tie it up at 47 all by the end of regulation time. In overtime, Boyne Falls took a quick lead

and refused to give it up for the win. Monique Churchill led the Loggers with 18 points and 21 rebounds. Kris Bell took 15 rebounds and scored 10 points, while

Mary Murray hit for nine points. Kim McNew came up with five points and eight rebounds, as Dianne Massey, Sandy Towne and Collette Sparks added four points each.

## Meeting set for wood burners

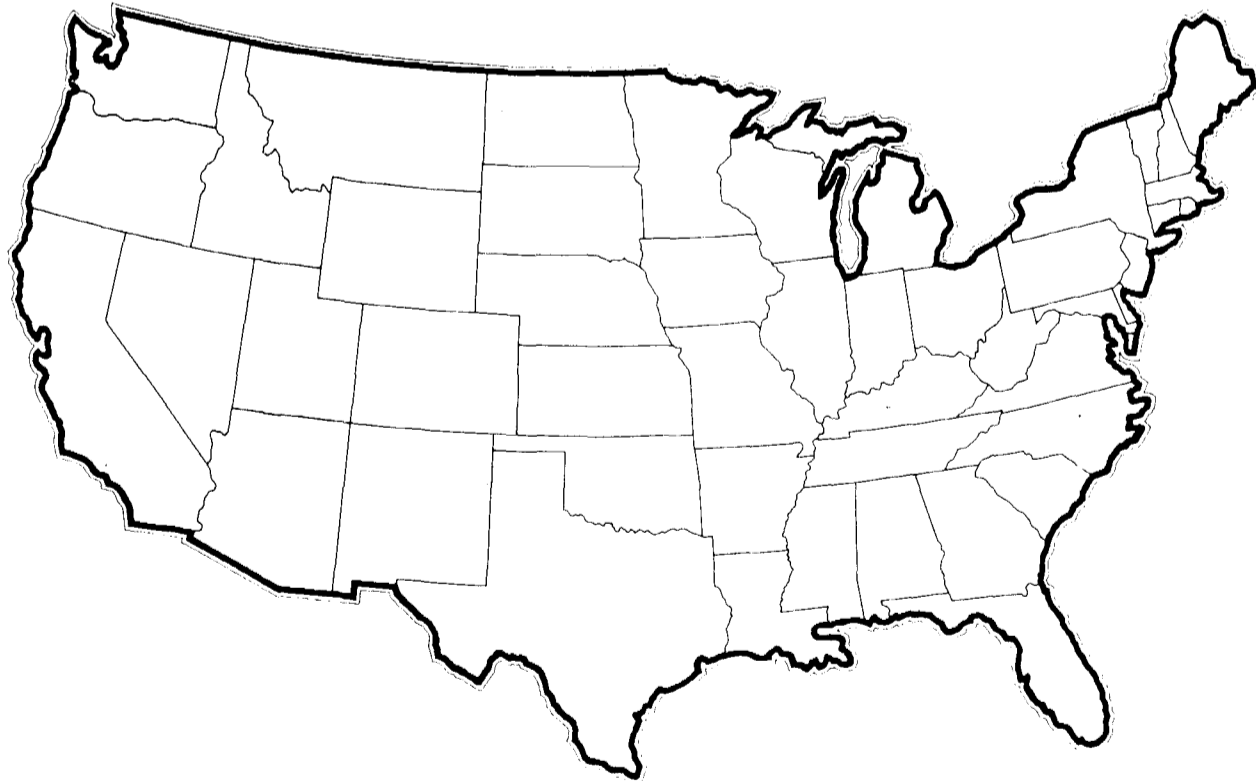

The average person might be surprised at the number of ways he might be endangering him/herself around the house, said fire chief Dick Barnett. Barnett announced this week an informative program on wood burning safety to be presented at the East Jordan Civic Center Monday night, Oct. 8 at 7:30 p.m. The program will be free.

A panel of experts will answer questions on all phases of safety in alternate fuel use. Led by county building inspector Howard Carson, the speakers will be: Gary Hlavka, Michigan mechanical code inspector; Ron Geer, county building inspector; Larry Zak,

Some newspapers think they have to carry news from across the land...

But in the Charlevoix County Press, we carry the news that keeps you informed of what is happening here.

If you want to be informed as well as your neighbor, get a subscription to the Press --especially at this low, low price!

And, we will be happy to send YOU a paper every week for only \$10 in the county, or \$16 out of Charlevoix County

# Faulty bottle gas regulators—check yours

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), RegO Company, Chicago, Ill., (312) 685-1121, today announced the voluntary recall of RegO Model 210 LP-Gas (liquefied petroleum gas, bottled gas) regulators because of a possible fire/explosion hazard. Without warning, the RegO Model 210 LP-Gas regulator

may suddenly allow high pressure LP-Gas to pass to appliances, hot water heaters and furnaces fueled by LP-Gas. The regulators' failure to regulate LP-Gas pressure within allowable levels can occur when an internal mechanical component in the regulator fails. Fire and explosion can occur and result in severe property damage,

personal injury or death. RegO has reported fourteen incidents to the CPSC that resulted in property damage, three of which involved personal injury.

Consumers having and LP-Gas fueled hot water heater, cooking appliance, furnace, outdoor grill or who own or use a recreational vehicle, mobile

home, standard mini-compact or low profile motor home, travel trailer, park trailer, fifth wheel trailer, truck camper or van conversion having an LP-Gas hot water heater, cooking appliance or furnace should examine the LP-Gas regulator. If it is a RegO Model 210, consumers should close the shut-off valve of

the LP-Gas supply container and contact their local LP-Gas dealer for immediate replacement of the regulator (consult yellow pages for number and location of local LP-Gas dealer or supplier). Consumers are cautioned not to remove and replace the regulator themselves, and the LP-Gas supply should not be turned on until

after regulator replacement. The RegO Model 210 regulator will be replaced by a RegO Model 302V9P at no cost to the consumer.

Information concerning this recall is also available to consumers by calling CPSC's Toll-Free Hotline at 800-638-CPSC. The Teletypewriter number for the hearing impaired is 800-638-8270.

# South Arm adds a security person

South Arm Township will have its own security person for a period of 90 days. "At no expense to the township," added township supervisor Joel Evans.

The new constable, Pat Bunce, needs to serve a community in order to qualify for state aid for schooling. Bunce is aiming for certification in police

work. Evans pointed out that a good number of townships have their own constables or security persons. He added that the sheriff's department only has so many people and the county is chopped up by bodies of water. Townships, he said, can't expect the deputies to devote a great deal of time to one

area. Bunce's job will include patrolling where homes have been closed for the winter and helping with traffic control during area events. He will use his own car, but it will carry identification. Bunce himself will also have a badge and papers.

## Bon Apetit
