Boyerne sells lots to pay for municipal beach

Boyerne City -- City Commissioners approved a motion to sell two parcels of property to Northern Associates for \$65,500 to help provide the city's share of a grant that will pay for the new Municipal Beach presently under construction.

The parcels include a 50 foot wide piece of lake front on the south side of the Maple Street easement and a piece of property

located just behind the Wastewater treatment plant.

Both parcels were appraised recently at \$42,000.

The vote came after many minutes of discussion on future needs for the city as far as the parcels were concerned. Commissioner Bill Grimm ended up voting no to the sale, only because he thought the piece behind the treatment plant might become a "critical area" for expansion of the treatment plant or the beach in the future. All other commissioners voted for the sale.

In making the sale, the commissioners made it contingent to the city being able to make a swap in the future for lands Northern has an option on that would provide additional parking for the beach.

The city is proposing to vacate the Main Street easement almost to the lake when they found out the DNR would not include a parking area in the grant due to the property not having access to the park because of the high water.

If approved by the Circuit Court, the land would revert to the owners on both sides which would be Northern Associates.

In turn, Northern Associates would trade with the city the same amount of land along the treatment plant that would be adjacent to the park and would be funded by the grant for development.

In support of the sale, Commissioner Cass Toton told the others, "For the sake of a couple of small pieces of property, we can get a beach the city has not had for the last 130 years."

Similar remarks were made at a public forum held the previous night. The recommendation from the committee at the forum was to have the city sell the land.

The land would be used by Northern Associates to house two boat wells for the removal of boats from the water and a storage shed for the storing of them and covered sales of new boats.

The city would retain the end of the easement along Main Street which would give them another 66 feet of water frontage to add to the beach area.

In other action, the Commissioners approved the annual spring leaf and brush pick-up days. Those living on the north side of the river will have their leaves and brush picked up by city crews April 29 and 30. Those on the south side of the river will have pick-ups done May 1-2. Leaves are to be bagged and brush must be bundled and tied.

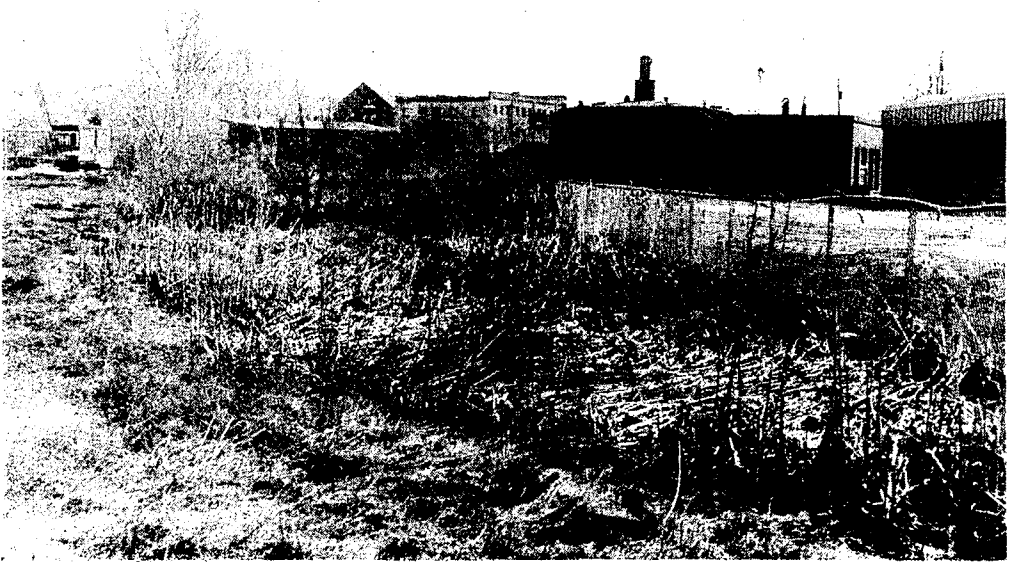

They also approved the 2nd annual Boyerne City Beautification Days which will be held May 17-18. On that weekend, residents of the city will be allowed to dump refuse into a 40 cubic yard container that

will be set up near the city hall. No garbage will be accepted. Large appliances will also be picked up by appointment. Calls for making an appointment must be made by the Friday before the campaign. Boyerne Refuse will be donating the labor for the weekend. A \$2.00

charge will be applied for all trash, refuse and appliances.

Commissioners also approved an amendment to the Annual Contributions Contract for the Boyerne City Housing Commission, agreed to send a letter to the Liquor Control Commission saying that no further

liquor licenses are needed within the community as the party stores are able to provide the service. The letter was sent as Carter's Food Centers had applied for one of the 24 resort licenses being granted by the Liquor Control Commission.

This is what one of the two parcels sold to Northern Associates by the City of Boyerne at Tuesday's noon meeting looks like presently. The company is hoping to construct a large boat storage building on this site behind the Wastewater Treatment Plant. The sale included a land swap for land closer to the beach area which will be to the left in this photo.

News Briefs

Cheese, flour, honey and butter are the items to be given away next Wednesday in the upcoming food distribution program being run by the Northwest Michigan Human Services Agency. Boyerne City will have food distributed at the Community Services Building on Park Street, East Jordan will have their distribution at the Civic Center and Charlevoix will have the foods available at the VFW Hall. Distribution starts at 10 a.m. and will continue until 2 p.m. or until the food is distributed.

Boyerne City, East Jordan and Charlevoix Chambers will be participating in the "Show North", an industrial fair promoting the industries of Northern Michigan May 8th at the Grand Traverse Resort.

East Jordan will be holding their kindergarten round-up Thursday, May 8, in the East Jordan Elementary Gym. The round-up will include two sessions, the first beginning at 9 a.m. for students with last names beginning with A through M. The second session will start at 1 p.m. for students with last names beginning with N to Z. Parents are asked to bring the child's birth certificate and immunization records to the round-up. Further questions will be answered by calling 536-2823.

Because of a teacher inservice day on Thursday May 6, both Boyerne City and Boyerne Falls school students will not have school that day. The teachers will be hearing a follow-up session with Dr. T. Roger Taylor who will be working with the staffs in the area of talented education.

Assessment costs outlined to Boyerne commissioners

Boyerne City -- The city's capital improvement project estimated costs were announced to City Commissioners at the noon meet-

ing Tuesday and show the breakdown of the percentages the property owners are expected to pay for the projects if the special

assessment districts are approved at a May 13 public hearing.

All of the projects will be started this summer if the districts are approved by the commissioners and the property owners.

The split between the property owners and the city will be as follows: For major streets, the city will pick up 50 percent of the cost while the property owner provides the other 50 percent; For local streets, the property owner will have to pick up 80 percent of cost with the city providing the money to pay for 20 percent. The city will also pick up the total cost for street intersections.

The State Street sidewalk will see a 65-35 split with the property

owners having to pay for the 65 percent.

When sanitary sewer and sewer services are done, as well as storm sewers and catch basins, the split will be at a 80-20 percent. The city will pick up the smaller share.

Breaking the costs down to the specific projects slated for this summer, the costs of the projects do not look so expensive, according to City Manager Randy Frykberg, when looked at from a per lineal foot basis and a 10 year bond with eight percent interest.

For Trent Street, between Pleasant Valley and Lake Streets, the project includes the paving of 1,100 lf. at a width of 24 feet. Total cost for the project is estimated at

\$39,400 with the property owner paying \$24,200 of the total cost. This works out to \$2.23 per lf. per year for ten years if done on a ten year bonding program for the property owner.

State Street, between Lake and Park Streets, will include the paving of about 450 lf. at a width of 32 feet and will include sidewalk, sanitary sewer, sewer services, curb and gutter and storm sewer replacement at the intersections.

Total cost is estimated to be \$81,000 with the city picking up \$41,200 and the property owner \$39,800. This would figure out to \$9.91 per lf. per year for 10 years if

See Projects/Page 4

EJ adds millage to balance budget

East Jordan -- Additional millage will be required for the voter approved funding of the East Jordan Harbor-Marina project and has set the total property tax rate for residents at 19.06 mills. Council has previously approved a millage rate of 18.61 mills, but a book-keeping error was discovered for fire equipment that should have read .5 mills rather than the .05 mills indicated in the budget. The mistake will be corrected by the council and will be compensated somewhat by a reduction in the cost of general operations. General operations in the city cost 15 mills last year, but will be reduced this year to 14.6 mills.

In other action taken by the council a renewal of the lease with the Portside Art and Historical Society was granted with some stipulations. The stipulations dealt with the use of the upper level of the facilities at Elm Point and the addition of a "hold harmless clause" to the lease.

The society will not be utilizing the upper level of the facility, but offered to construct an outside stairway to the upper level as enhancement for renewal of the lease. Insurance and fire standards call for the additional exit from the upper level of the building and the society will meet the stipulations.

The "hold harmless Clause" will be inserted into the renewed lease by city attorney Beatty before the lease is signed, and will not hold the city responsible for any negligent act on the part of the society.

Superintendent Mike Dionne related to the council that the Chamber of Commerce is requesting permission to construct a 12x20 building behind the present Chamber booth in the Tourist Park. The construction plans had been approved by the zoning commission and would not interfere with any future expansion of the Tourist

Park. A motion for approval was passed unanimously.

Permission was granted to Dionne to get the demolition of two buildings in town underway. One building at 105 John Street is a condemned structure and the other at 110 Esterly street is owned by the city. The structure at John street is owned by the state and it appears that the state will not be held accountable for the demolition of the building and will not pay for demolition costs. The state will permit the city to remove the building at city cost however.

The on-shore responsibilities of the city will be enacted upon including the burial of overhead power lines, and the relocation of the locomotive in the park, and begin construction of the parking lot. Completion of the project is expected for November 1.

The East Jordan Iron Works is asking the city to consider closing the dead-end portion of Garfield Street and deed the street to them.

The city would retain ingress and egress rights to the street. Harold Downing was present to object to the city giving the street to the Iron Works. He contended that the EJIW had not lived up to past agreements with the city concerning the ownership of city streets. Downing also felt that access to the lake is declining in the city. The issue was turned over to the Department of Public Works for further investigation.

Boyerne Falls schools get choice of four budgets

Boyerne Falls--At Monday night's meeting of the Boyerne Falls Board of Education, four tentative budgets for the upcoming school millage were presented by superintendent Bob Redman. The informational budgets consisted of four divisions labeled; skeleton budget, phase two, phase three, and full budget, for the fourth.

The skeleton budget called for cuts across the board, including staff, building upkeep, and curriculum. The skeleton budget would provide for a balance of \$1,200 after all expenditures were met with no additional millage being sought.

Phase two of the tentative plan called for less cuts with some reduction of staff, but indicated a \$2,500 balance after expenses. Phase two of the plan would cost 1.5 mills and would reduce the schools fund equity.

Phase three contained a drastic change in the amount of department cuts to be made, and would require 2.5 mills for operation. The plan also indicated a \$2,000 deficit with a smaller reduction in the school's equity fund.

The full budget called for no cuts in the staff and kept the equity fund the same, but would cost 3.5 mills to taxpayers. A meeting of the Ways and Means Committee will be on April 30 to set recom-

mendations for budget and finance.

In other action, two \$500 donations were gifted to the school. The Boyerne Falls PTO made \$500 available and the Hudson Township Auxiliary did the same. The funds will probably be utilized for a camera for student use, new chairs, and other equipment needed by the students.

From the public forum two citizens approached the board with requests. Ed Kudla, representing the Knights of Columbus, requested the use of the school's kitchen for the Polish Festival. The organization will be using the kitchen equipment to prepare food for their concession stand at the festival. Permission was granted and the group will utilize Sunday as clean-up day for the kitchen.

Representing the student body in a request for a change in the dress code was Didi Rogers. Miss Rogers was in attendance as the student body president and requested that Bermuda length shorts be permitted as warm weather wearing apparel. Pat Griffen offered a motion that the board permit Bermuda length shorts be worn with the stipulation that they be in good taste, but the motion died for lack of support.

Principal Mike Wallace in-

formed the board that future changes in vocational education schedules may have to be made. Boyerne Falls buses their vocational education students to Petoskey and Boyerne City, and schedules at Petoskey were in the process of being moved up. Wallace proposed that Boyerne Falls could meet the newly scheduled classes with some minor adjustments in the busing schedule at Boyerne Falls.

Other future curriculum plans included the math and science departments. Wallace informed the board that Boyerne Falls was nearing the danger zone for accreditation standards in their science department and suggested adding an upper level to the science curriculum. An addition to the math department would enable students receive a higher level of math education. Many students are presently receiving basic math in their curriculum.

Board president Churchill offered a motion to establish some permanent guidelines for independent study students. The guidelines at present are much to vague and a complete set of rules and regulations are to be drawn up.

Parents of upcoming Kindergartners are reminded to make an appointment with the school for the Kindergarten Round-up on April 24th.

with Bea Smith

Cooking

My daughter spent some time with me this last winter and I had the delightful privilege of waking up in the morning to the fragrant aroma of coffee; a luxury that I have not enjoyed for a very long time. I felt that it was a gift of love as she does not drink coffee herself.

So breakfasts seemed to have a new meaning for me and I have been reminiscing on the early morning appetizing quick breads that my mother made. She made muffins, and what she called "Graham Gems". (I loved them.)

I wonder sometimes how our modern mothers can compete with the fast food restaurants. They serve very good nourishing breakfasts at a good price. Also I realize that the different members of the family go to work or school at odd hours; sometimes mother goes first. So I am going to give you some breakfast recipes that will call the family to the table on those Saturdays, Sundays and holidays when they have the time to eat together.

A few years ago I made these next shortcake biscuits a number of times, then I almost forgot about them. Do not wait until you want shortcake; make them any morning for breakfast, mixing most of the ingredients the night before to make it easier in the morning. Serve with poached or boiled eggs, crisp bacon, honey or jelly; your family will love them.

BREAKFAST BISCUITS OR SHORTCAKE

- 2 cups flour
- ¼ cup sugar
- 4 teaspoons baking powder
- ½ teaspoon salt
- 10 tablespoons butter or margarine, divided
- 2 eggs
- ¼ cup Half and Half sugar

The night before you can mix in a large bowl the flour, sugar, baking powder and salt. With two knives or pastry blender, cut in 6 tablespoons of the butter until quite fine. Let the remaining butter stand at room temperature to soften.

Then in the morning you just beat the eggs and cream together and add to the flour mixture and toss to make a soft dough. Turn out on a lightly floured board and with floured hands knead very lightly. Roll out to about ¼ inch thick and cut into about 20 rounds. Place half on an ungreased cookie sheet, spread each with 1 teaspoon softened butter and top with remaining round. Sprinkle with sugar.

Bake in preheated oven at 400° until golden brown, about 14 to 15 minutes.

Serve at once—you'll be glad you did!

It is the little extra touches that make breakfast special and applesauce is a tasty addition to any meal. Try these delicious and slightly different pancakes, topped with hot applesauce.

COTTAGE CHEESE PANCAKES

- 1 cup small curd cottage cheese
- 4 eggs
- ¼ cup flour
- Dash of salt
- 1 cup applesauce

In a bowl beat until fairly smooth: cottage cheese, eggs, flour and salt. On a lightly greased hot griddle or skillet cook ¼ cup batter at a time on both sides, turning once. Remove to warm platter. Repeat with remaining batter.

4 servings. These are rich, almost like an omelet, and very good.

It has been a number of years since I have given you mother's recipe for graham gems so I would like to repeat her recipe here as they are very special.

MOTHER'S GRAHAM GEMS

- 1 cup all-purpose flour
- ¾ cup whole wheat flour
- 1 teaspoon each of salt and baking powder
- ½ cup packed brown sugar
- ½ teaspoon baking soda
- 1 egg
- 1 cup buttermilk
- ½ cup butter or margarine, melted

Mix together flours, brown sugar, salt, baking powder and soda. You could do this the night before if you wish.

Then beat together egg, buttermilk and melted butter. Pour all at once into flour mixture. Stir until mixture is barely moistened (batter will not be smooth.)

Spoon into 12 greased muffin cups. Bake in pre-heated oven at 400 degrees 25 minutes or until golden brown.

Serve hot with jelly, honey, and lots of butter.

Neighbors

Henry Engen of Atascadero, CA is spending the week here visiting his parents, the John (Inger) Engens. His mother will make the return trip to Calif. for a week's visit and plans on visiting her sister, Inga Eckstrom in Detroit, enroute home.

The Lloyd VanAlstines, daughter Tina and granddaughter Becky returned home the first of the week from a 10 day vacation in the Orlando area. They enjoyed visiting Disneyworld, Epcot Center, and other places of interest.

Carol Higley and daughter Carrie of Mission, Kansas have returned to their home after having spent the week here visiting her parents the Robert Stoltz and other relatives.

On Friday, the Boyne City High School Sophomore class went to the Petoskey High School to view their vocational training classes, some of which are not offered at the Boyne City school. On Tuesday of this week, the BCHS Junior and Sophomore advanced English classes went to Gaylord to attend an introductory and informational meeting regarding college.

Tilly Jenkins spent last weekend in Grand Rapids at the home of her daughter Sharon and Don McMillan. Joining her there were the McMillan's daughter Pam and Tom Edson of Cedar Springs. The family celebrated the birthday of Tilly's great grandchild, Tony Longo.

Violet Mueller has been at home this past week after having spent a few weeks in Grandvue recovering from Hip surgery.

Mary McCallum of Littenburger Place was taken to the Charlevoix Area Hospital on Saturday as a

medical patient. She is in room 110.

Irene Shale spent a week in St. Johns visiting her sister, Evelyn Wallje. Before returning home, she had the misfortune of being hospitalized for seven days in Lansing, as a medical patient.

Mr. and Mrs. Charles (Betty) Inman have returned over the weekend from spending the winter in Fla.

Jerry Hardy returned to his home over the weekend after having under gone surgery at NMH earlier in the week.

Mr. and Mrs. Wallace Dietz have returned to their home after having spent the winter in Arizona. Good news at the Linda and Fred Franchino home this week was about their daughters- Lisa made the cheerleading squad at MSU and Beth (Franchino) Jarema passed her State Board exam and is now an official RN!

The RLDS "45 plus" group met at the home of Margaret Behling on Sunday afternoon and enjoyed a "Pie" Social, with a variety of 6 pies. They also enjoyed hearing about Lenore Landon's and Ann Jenkins' trip to Independence, MO., and Lavina Hooper's trip to New Orleans and other areas along the East coast. Bill West relayed messages to the group from Steve Morgan, a student at Graceland College, Ind.

Lillian Cikalo and Florence White left this past week for Austin, Texas to visit Florence's daughter, Kristine, and husband John Larry and family. They will be staying with the Larry's children while their parents are vacationing in Hawaii. The Larry's had planned on a trip to Madrid, Spain, but opted for Hawaii, due to the

recent unrest in the Mediterranean.

Scores for the senior bowlers on Wednesday were: George Jones - 407, Dick Brannon - 395, Jerry Kimble - 369, Pros Blanckaert - 369, Irene Brannon - 361, Clara Kimble - 323, Pearl Frieden - 307, Goldie - 270, Jean Marcham - 255, and Mildren Sheldon - 243. In Thursday's bingo games at the mealsite, the winners were: 1st regular - Zada Moyer, 2nd (two) winners - Lyle and Barbara Ross, and 3rd - (three) winners - Opal Brewster, Bernice Suchara, and Mary Kritcher. The specials went to Bernice Suchara, Jenny Jodway, and Rose Reinhardt. The cover all went to Alta Skye. Game caller was Bernice Suchara.

Ann Jenkins spent last week in Independence, Mo. to attend the RLDS World Church conference. While there, she visited her daughter, Mrya, and the Gordon Larsons, former residents of Alba. Callers this past weekend were the Marvin Howes of Grand Rapids, who were here visiting friends in the area.

Nellie Newton and the Bill Hammontrees went downstate last week so Nellie could visit her sister, Mrs. Rose Collins, in Flint, with the Hammontrees visiting relatives in Homer.

Lenor Landon was among those from the area to attend the RLDS World Church conference in Independence, Mo. last week, and enjoyed visiting relatives and many former Boyne residents.

Esther Welsh, Becky Schroder, and Mary Leazier were among those from Boyne City who attended the area Seventh Day Adventist Bible Study Seminar held at Camp AuSable in Grayling last week.

Obituaries

LELA P. MACLEAN

Lela P. MacLean, 99, of Boyne City, died March 29, 1986, at Grandvue Medical Care Facility, East Jordan.

Funeral was April 17, at the Stackus Funeral Home in Boyne City. Graveside service was April 18 at Richland Township Cemetery, Prescott, Mich.

The former Lela P. Arnold was born June 5, 1886, in Bluffton, Ind., the daughter of Elijah and Clara Arnold. In 1900, she moved to Manton and in 1914 moved to Lansing and later to Prescott. In 1960 she moved to Flint and in 1974 came to Boyne City.

On March 31, 1915, she married Arthur MacLean in Lansing. He died in 1956.

Mrs. MacLean is survived by: one son, Donald MacLean of Oscoda; one daughter, Mrs. Fay (Jean) Limron of Boyne City; one daughter-in-law, Dorothy MacLean of San Antonio, Texas; nine grandchildren; 16 great-grandchildren.

The family suggests memorials to Grandvue Medical Care Facility Auxiliary. Envelopes for that purpose are available at the Stackus Funeral Home.

CHARLES H. STREHL

Charles H. (Bud) Strehl, 67, former East Jordan resident, died April 3, 1986, in Tucson, Ariz., following a long illness.

Mr. Strehl was born May 14, 1918, in Mancelona. He attended schools in East Jordan and retired from the U.S. Marine Corps in 1971. He then made his home in East Jordan and Tucson, Ariz.

Survivors include: his wife Mary, to whom he was married for 41 years; two sons, Charles H. Strehl Jr. of Denver, Colo., and Daniel J. Strehl of Hollywood, Calif.; two grandchildren, Jason and Melissa.

Mr. Strehl's remains were cremated and will be scattered at sea by the U.S. Navy. The family suggests memorials to the Amyotrophic Lateral Sclerosis (Lou Gehrig's Disease) Association.

ROSA ROSENTHAL

Rosa Rosenthal, 55, of Charlevoix, died April 11, 1986, at University Hospital, Ann Arbor.

Funeral was April 18, at the Assembly of God Church, Charlevoix. The Rev. Lowell Anderson officiated and burial was in Brook-

side Cemetery, Charlevoix.

The former Rosa Friske was born Nov. 30, 1930, in Josefina, Poland. She moved to Germany with her family in 1940 and on Dec. 24, 1948, she married David Rosenthal at Klein Biewede, Germany. In 1951, they came to the United States and resided in Alpena for a year before moving to Racine, Wis. In 1959 they came to Charlevoix.

Mrs. Rosenthal and her husband owned and operated Rosenthal's Orchard in Charlevoix.

Mrs. Rosenthal was a member of the Assembly of God Church, Charlevoix.

Survivors include: her husband; one daughter, Mrs. Aron (Rita) Williams of East Jordan; three sons, Klaus of Petoskey and Ralph and Walter, both of Charlevoix; four grandchildren; four brothers, Richard Friske of Ellsworth, Karl Friske of Ashville, N.C., Robert Friske of Cashton, Wis., and Herbert Friske of Charlevoix; four sisters, Elsa Friske of Racine, Wis., Mrs. Walter (Frieda) Challengender of Bonifal, Fla., Hannah Friske of Minnesota and Mrs. Elmer (Erna) Cilke of Boyne Falls.

MARTHA BRETZ

Martha Bretz, 99, former East Jordan resident, died April 17, 1986, at New Dawn Health Care Center, Dover, Ohio.

Funeral was held 2 p.m. Monday April 21, at the First Presbyterian Church in East Jordan. Dr. Donald Ferguson officiated. Burial was in Sunset Hill Cemetery, East Jordan.

The former Martha Freiberg was born in Big Rapids on July 9, 1886. She graduated from Ferris State College in Big Rapids and was a kindergarten teacher in East Jordan, Lansing and Lakewood, Ohio.

She was married to Austin Overholt and he died in 1946. In 1956, she married Frank Bretz in Livonia. The couple moved to East Jordan from the Detroit area in 1956 and to New Philadelphia, Ohio in 1977. Mr. Bretz preceded her in death in 1978.

Mrs. Bretz was an accomplished artist and was a member of the PEO and the Order of Eastern Star in the Detroit area and the First Presbyterian Church.

Survivors include: a son-in-law, Ray Clever of New Philadelphia, Ohio; three stepsons, Frank Bretz Jr. of Missoula, Mont., Robert Bretz of Detroit and Otto Bretz of Torch Lake; four stepdaughters, Mrs. Marguerite Mack of Irvington on the Hudson, N.Y., Mrs. Gib (Louise) Olsen of Detroit, Mrs. Al (Barbara) Best of Memphis, Tenn. and Betty Hunter of Phoenix, Ariz.; four grandchildren and eight great-grandchildren.

Local arrangements were made by the Vanderwall Funeral Home, East Jordan. The family suggests memorials to the East Jordan Presbyterian Church.

Jottings

BY JIM SILBAR

It's that time of year again. No, not mushrooming, not spring cleaning, not put in the garden, not go smelt dipping, or any of the many other things that could be, need to be, have to be, or want to be done.

The season I am talking about, is the annual trek made by students to affairs usually held in other places and called the "Prom".

This starting the season off with all the schools out promising next month in places scattered around the north can also mean some teen-age drinking may take place.

Now we all know that teens are not supposed to drink, but that is a little like telling a baby it can't wet a diaper. Drinking will be done by a few of the participants.

The reason why drinking is done is almost easy to explain. The teens do it because they see a lot of adults doing it. Their parents, their older friends who are allowed by age to drink.

And the teens want to be "cool" or what other "in" phrase so they feel they have to show their acceptance of adulthood also.

The problem is that most don't know the limits, don't know the responsibilities that come along with the drinking age.

And they end up drinking to excess and get drunk.

Then they try to drive.

It would seem that if the proms were held on the school grounds as they used to be when I was a teenager, some of the drinking would be lessened. But with a prom setting in some place 35 to 50 miles from here, the chances are much greater that teen drivers driving drunk are going to have an accident.

In some cases, a teen-age death due to driving.

And if there is one type of article that I hate to write, it is a death story about a wasted moment, a wasted life.

I don't know the answer to teen age drinking, and I don't think our permissive school system, controlled in general by teachers who don't care, do either.

I do know that local sheriffs are concerned, local bar owners are worried, and parents are frightened every time their child goes out for a prom night.

Everybody is worried until the youngsters come home safe and

sound. This year, I would hope the teens, and those who help control things, would heed the warnings that the schools, the law enforcement authorities and the parents are saying about drinking and driving.

If the government were really concerned with the saving of money from the annual budget deficit, there is one area where they could save a lot. All they would have to do is eliminate or reduce the amount of the "franking" privilege of our congress and senators.

The franking privilege allows them to send out, at government expense, letters, news releases, mailgrams, government publications and other materials without paying the postage. They simply put their signature on the envelopes.

In an election year, such as this year, the abuse of the privilege is amusing at best, atrocious at the worst.

In 1979, Congress spent only \$43 million on franked mail, but that amount rose to 62 million in 1980, an election year. The pattern repeated in 1981 with \$51 million but soared in 1982 to \$98 million. In 1983 it dropped back to \$55 million, and then doubled to \$111 million in 1984. In 1985 the amount spent on franked mass mailings dropped back, only this time to \$85.7 million.

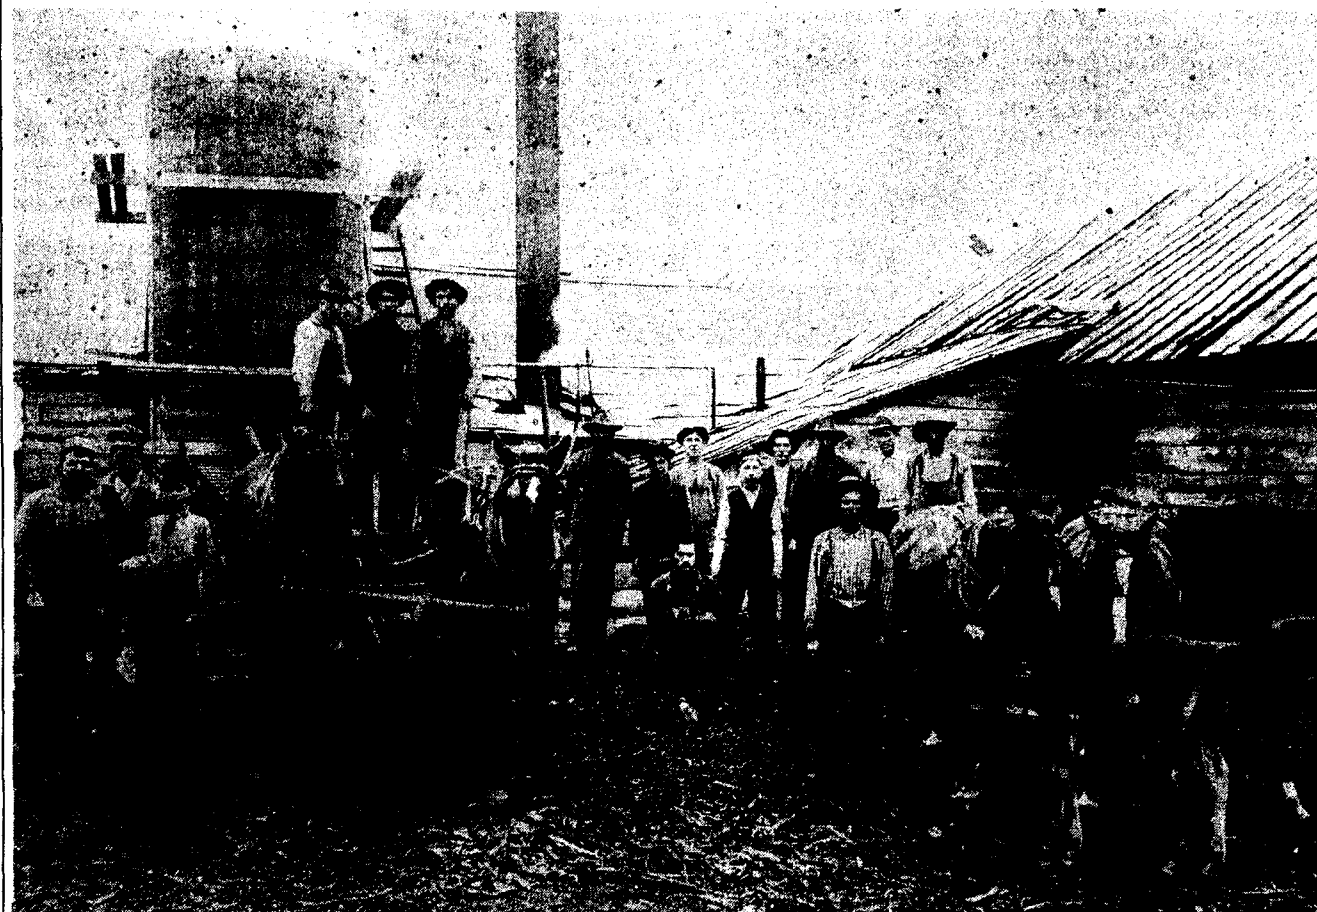

A bill has been filed in Congress that would freeze the amount spent on franked mail to 90 percent of the 1985-86 fiscal year by Dan Quayle, R-Ind, but others feel that is too much. Current spending is estimated to be about \$144 million.

While a bill was filed in the Senate by Quayle, the Congress refuses to disclose how much its member spend.

Congress needs to take a look at many areas in the reduction of the budget. Maybe this is one area where if they had to spend real money, out of their pockets and not from political funds, we might be able to create some fiscal responsibility among the political people who make the rules.

They need to make rules like the acceptance of limits on franking before, like the national budget, it really gets out of hand.

Rememberances

Taken during a break in lumbering operations in the early 1900s at the Bacon Camp located east of Boyne Falls in the hills. Two men are identified; kneeling in the center of the picture is Jim Baker, and Sylvester Baker is second from left.

Ware-withal

BY GAIL WARE

The matter of going home again, whether you can or can't or should even try to, has kept philosophers and writers pondering and publishing for years. Since it's not a question that has a universal answer, no doubt a lot more words are yet to come. Meantime, having just gone home again, I feel moved to offer an opinion on the subject. It's a pretty good idea, revisiting yesterdays, but only if you don't expect too much from the trip.

We didn't plan on going back to our first home when we planned our Florida vacation. Going someplace that would offer a good view of Halley's Comet was our only goal. But once we settled into our motel, we found that we had both the time and inclination to take a look at where we once had lived.

A quarter of a century has passed since we last saw the house, the one we bought the first year we were married. A trip of sixty miles seemed not overdoing for a sentimental journey such as this.

Carrying a map, some fuzzy memories and not a few anxieties about what the house and neighborhood might look like, we set off.

We knew the house had been renumbered once - and we hoped only once - since we left Florida. We also knew that the town that we once lived in no longer appeared on the map. It had been absorbed into the larger town just south of it. With these changes in mind, we counted it as still worthwhile to take a stab at finding our old homestead.

As it turned out, we took a lot of stabs. Not much looked as we remembered. We finally turned to a gas station attendant for help. Bob remembered that all the streets in our subdivision were named for presidents, a fact which helped the attendant direct us to the area that we sought.

Following directions, we found the subdivision easily. Not so, the house. None of the houses looked familiar.

After driving up and down McKinley Street a dozen times, we found a house that carried the numbers of the last address we heard of for our old home. But the place was a different shape than ours had been. And it had a swimming pool we didn't have and

it was white, not the color of a Milky Way. Even stranger to our eyes, it had trees and shrubs around the yard.

In twenty-five years, a raw new sub can grow an awful lot of foliage. We hadn't thought of that.

Surprisingly, the family to whom we sold the house still lives there.

And they invited us inside, proudly showed us what they'd done.

The house was once U-shaped with a patio inside the arms that opened in the back. The patio has been floored over, gone without a trace. And with it went the part we loved the best about the house. A family room has been tacked on and air conditioning added. If

they'd left the patio alone, they wouldn't need the air conditioning.

So we could and did go home again. And it was better and was worse than we expected. But in spite of all the changes, it sits well with Bob and I that a solid house still stands there on a lot that we once owned on a street called McKinley Street.

Attorney Eileen Kosnik was the guest speaker at the April meeting of the Boyne City Historical Society. Her topic was "Historic Preservation and Exterior Design." Kosnik was involved in the historic documentation of 936 homes in the Boston-Edison neighborhood near Highland Park and the General Motors building. She was instrumental in getting this area recognized on city, state and national levels.

Realtors celebrate "American HomeWeek" Help Lions: White Cane Week Apr. 26-May 5

This month, for the 31st consecutive year, Realtors are leading Michigan and all the U.S. in recognizing the importance of home ownership and of private property rights for you as the home owners, as well as that of businesses and industry properties via "American Home Week", the new name this year for Private Property Week.

The National Association for Realtors (N.A.R.) is sponsoring (in behalf of its members, your local Realtors; a special national advertising campaign via radio, TV, and national publications which projects the positive message "Realtors -- We do our homework".

Emphasizing the theme of this campaign is the fact and promise that Realtors (more so than non-member real estate licensees)—are

working diligently to preserve private property rights in behalf of you, the owners. The knowledge, experience and the sound expertise of Realtors helps create a concise and powerful message displaying a profound professional know-how. A tremendous value to the new home buyer or owner-seller.

Michigan's Governor James J. Blanchard has declared this week of April 13-19, 1986 as American Home Week in Michigan as well. One of our most precious rights in this great land of ours is the privilege of acquiring real (estate) properties. We have the expressed right to purchase, own, use of transfer real property, regardless of race, creed, color, or sex. These rights are not allowable to many in other parts of the world. We are so very fortunate here.

Your local Realtors invite you to reflect on your privileges and rights, and importantly your pride of ownership. Be grateful for it. And your Realtors shall continue to learn and practice our profession in a manner in which we can serve you as purchasers, owners and sellers with satisfaction and trust.

The Antrim - Char-

levoix Board of Realtors is an all Realtor board, in that all of our members belong to the local board, the Michigan Association of Realtors, and the National Association of Realtors. Look for the big "R", available only to fellow paying members dedicated to continuing education, the code of ethics, and in serving on the state and local level.

For the 50th time, more than 23,000 Lions Club members in Michigan are getting ready for the annual Lions White Cane Week drive scheduled for April 26 to May 5 and, with fifty years under their belts, they have a lot to be proud of!

"Many people think the Lions hit the street corners once a year to raise funds for our projects," according to William "Larry" Young, chairman of the White Cane Committee. Actually that's only a part of it. We're out there where everyone can see us to educate the people in the White Cane laws. We also promote Lionism in general," he continued.

With only a few days to the big event, Governor Blanchard has signed into law an amendment to the original legislation of 1936. In addition to requiring motorists to

stop for a person carrying a White Cane or being led by a guide dog in harness, the new law also defines blindness, provides for mandatory punishment of offenders and requires knowledge of the law through driver education courses and driver licensing examinations.

"It is crucial to the safety of the 16,000 blind persons in this state that all drivers know this law," said

continue our work without the generous people of Michigan. It's as simple as that," Young explained.

In addition to the White Cane law, the Lions promote the Leader Dog law, which requires all public facilities to permit a blind person with a Leader Dog in harness to enter and use those premises.

During the ten-day period, the Lions will be selling miniature White Cane pins on street corners, shopping malls, banks, businesses and other heavily trafficked areas. Also cooperating in the drive are city, county and state governments, schools, Secretary of State offices and police departments.

To symbolize and create awareness of their efforts, the Lions have chosen attractive 22-year-old Marion Kay Goodell of St. Clair, Michigan as the 1986 White Cane Queen. Marion a Food Service Management major at St. Clair County Community College, was declared legally blind at the age of 16 due to retinitis pigmentosa, a hereditary ailment. She will make personal appearances throughout the

state and on numerous radio and television programs during her reign.

Money collected from the sale of the White Cane pins is used to support the many worthwhile projects and institutions of the Lions Clubs. Thousands of Michiganders have already benefited from Leader Dogs for the Blind, Rochester, now "graduating" more than 350 dog-student teams annually; the Leader Dog puppy program; Welcome Home for the Blind, Grand Rapids, built to fill the needs of the sightless elderly; the Michigan Lions Eye Banks, located on the campuses of the University of Michigan and Wayne State University, which assist in the restoration of sight to the unsighted through transplants and research; Penickton Center, Taylor a school for blind children who have an additional handicap.

Also, the Baycliff Camp; Lake Orion Blind Camp; Beaumont Silent Children's Fund; Braille transcribing, free sight screening from sightmobiles, glaucoma detection clinics and numerous local community projects and institutions.

In Service

Upon completing Team Spirit, a port call was made in Sasebo, Japan.

Swenor is currently stationed aboard the aircraft carrier USS Midway, homeported in Yokosuka, Japan.

A 1968 graduate of Petoskey High School, he joined the Navy in May 1968.

Navy Petty Officer 1st Class Everett L. Swenor, whose wife Maryanna is the daughter of Robert E. and Gloria Ross of Boyne Falls, recently participated in Team Spirit '86.

During the month long exercise, approximately 200,000 personnel from all services of the U.S. and Republic of Korea participated.

Boyerne City Middle School Honor Roll

The following students are on the honor roll for the 3rd marking period. In order to be placed on the honor roll at Boyerne City Middle School a student must earn a B or higher grade in all academic subjects for the nine week period. Students who receive all A's are designated with an asterisk. Students who are on the honor roll each of the four marking periods for the year will receive an award at our honors assembly the last day of school.

6th Grade
Laurie Adams*, Roy Angel*, Ricka Casper*, Bruce Erickson, Tim Fall, Perris Greene, Brad Ham-montree*, Travis Johncheck, Carey Johnson, Kathleen Johnson*, Jason Joles, Cari Knight*, Annette Knipe, Aulane Kuheana, Bob McCullough*, Gary Mellon, Jason Moody*, Troy Peck*, Shawn Peter-

son, Michelle Pittiglio*, Dan Polleys, Jamie Salisz, Gregg Stackus, Kristie Talberg.

7th Grade
Jennifer Breidenstein, Stacy Bryan, Kelly Copeland, Brooke Coveyou, Andrea Davis, Gunther Fineout, Crissy Gervasi, Justin Griffin, Theresa Hausler, Shane Heberling, Michelle Hubble, Carolyn King*, Tammy Lambert, Christina May, Aaron Sherk, Kim Stadt, Anna Taylor, Brett Williamson.

8th Grade
Jeremy Babcock, Andrea Behling, Jason Brabbs*, Marty Bragg, Melissa Chipman, Erik Drake, Shelley Felton, Stacy Gay, Kristi Gipperich, Steven Harmeling, Matt Kerr, Tammy Kossel, Chris McCleary, Nancy McCullough, Michelle Moore, Merrie Beth Speltz, Angie Towne, Karin Wolff.

Obituaries

Obituaries Continued from Page 2

FRED J. ZOULEK

Fred J. Zoulek, 82, of Echo Township died April 9, 1986 at his winter home in De Land, Florida.

He was born Aug. 23, 1903, in Wilson Township, Charlevoix County, the son of Peter and Frances Zoulek. Most of his life he lived in the East Jordan area and was a farmer. He was a man of many interests. A member of St. Joseph's Catholic Church of East Jordan and a graduate of the Coyne Electrical School in Chicago, farm organizations. He enjoyed hunting, fishing, reading, Tiger Baseball games and was an avid fan of East Jordan School sports.

He married the former Wilma Schroeder, Aug. 28, 1935 at St. Marys Catholic Church in Charlevoix and she survives. Also surviving are two daughters, Patsy Zoulek of East Jordan and Mrs. Thomas (Thelma) Moran of Charlotte, Mi. One son Peter of East Jordan; brother William Zoulek of East Jordan; sister Francis Edwards of East Jordan; six grandchildren, two great grandchildren, and many nieces and nephews.

Rosary was held Friday at the Oak Chapel of the Vanderwall Funeral Home in East Jordan. Funeral Mass was celebrated Saturday, April 12 at St. Joseph Catholic Church with Father Arthur Mulka as celebrant. Burial followed in Morehouse Cemetery Antrim County.

ELLA C. LaCROIX

Ella C. LaCroix, 83, of Boyne City, died April 15, 1986, at Grandview Medical Care Facility, East Jordan.

Funeral was held 1 p.m. Saturday, April 19, at the Stackus Funeral Home, Boyne City. The Rev. Michael Sapp officiated and the burial was in Maple Lawn Cemetery, Boyne City.

The former Ella C. Behling was born Oct. 5, 1902, in Wilson Township, Charlevoix County, the daughter of Fred and Johanna Behling. She had resided all her life in Northern Michigan.

On April 12, 1924, she married Harley LaCroix in Charlevoix. The couple had resided in the Boyne City area. He preceded her in death Nov. 18, 1980.

Mrs. LaCroix was a member of the Evangeline Chapter, Order of Eastern Star and a member of the ladies auxiliary of the Boyne City Eagles.

Survivors include: two sons, Nolan of Summerville, Mass., and Norman of Boyne City; two daughters, Mrs. William (Darlene) Thompson and Lorraine LaCroix, both of Boyne City; nine grandchildren, 10 great-grandchildren.

MARGARET SHERK

Margaret Inez Sherk, 76, of Walloon Lake, died April 20, 1986, at her home.

Funeral was 2 p.m. Tuesday, April 22, at the Stackus Funeral

Home, Boyne City. The Rev. Rodney Ward of the Walloon Lake Community Church officiated and burial was in Maple Hill Cemetery, Clarion.

The former Margaret Tillapaugh was born Feb. 7, 1910, at Walloon Lake, the daughter of Edwin and Ella (Vanderhoff) Tillapaugh. She attended elementary school at Walloon Lake and high school in Petoskey. In 1926, she moved to Detroit and on March 16, 1946, she married Charles Sherk of East Lansing. The couple moved to Walloon Lake in 1946.

Mrs. Sherk owned and operated her own beauty shop in her Walloon Lake home.

She was member of the Walloon Lake Community Church and a member of the Eagles Auxiliary in Boyne City.

Survivors include: her husband; one son, Michael Sherk of Petoskey; one daughter, Suzann Sherk of Petoskey; two grandchildren; two sisters, Elizabeth Hale of Wayne and Jeanette Alford of Grass Lake.

PATRICIA BIERMANN

Patricia Biermann, 61, of Lake Placid, Fla., died April 13, 1986, at Highlands General Hospital, Sebring, Fla.

The former Patricia Knight was born April 7, 1925, in Petoskey, the daughter of Mr. and Mrs. Floyd Knight. She attended and graduated from Petoskey High School in 1943.

In 1945 she married William Biermann in Cincinnati, Ohio. She is survived by her husband; three sisters, Mrs. Donald (Betty) Lester of Costa Mesa, Calif., Mrs. Lawrence (Florence) Quesada of San Pablo, Calif., and Mrs. Robert (June) Capelin of Boyne City; two brothers, Chauncey Knight of Cape Coral, Fla., and Melvin Knight of Lake Mills, Wis.; several nieces and nephews.

The family suggest memorials to the American Cancer Society.

There will be no funeral service. Cremation has taken place.

JOSEPH DU BOIS

Joseph DuBois, 29, of Clio, died April 14, 1986, in Munising.

Funeral was Thursday, April 17, at the Eckerle-Lintz Funeral Home in Indian River. The Rev. David Duncan officiated and burial was in Koehler Township Cemetery, Indian River.

Mr. DuBois was born March 7, 1957, in Cheboygan. He had lived in the Clio-Montrose area and was a graduate of Montrose High School. He had spent the summers and many weekends with his family in the Indian River area.

Mr. DuBois was employed by Davis Electrical Co. out of Traverse City as a lineman.

On Sept. 14, 1974, he married the former Jacquelyn White.

Mr. DuBois was a member of International Brotherhood of Electrical Workers, Local 876.

Survivors include: his wife; one son, Joseph and two daughters, Jayna and Ja-Nae, all at home; his mother and father, Francis and Margaret DuBois of Montrose; his grandmother, Iris Reed, Zephyrills, Fla.; four brothers, Francis of Newberry, Robert of Wolverine, Jim and Terry, both of Indian River; one sister, Mrs. Jeffrey (Debra) Niece of Boyne Falls; several nieces, nephews and cousins.

Projects

Continued from Page 1

the property owners elect to not pay the full amount the first year.

Pleasant Valley, between Prospect and Trent Streets will see a storm sewer added along with a sedimentation basin. Total cost for that project is figured at \$30,900 with the city providing \$9,800 and the property owners paying the rest. This would work out to \$1.88 per lf. per year if bonded.

Alice Street will see paving between Lincoln and Morgan Streets about 450 feet long. Total cost of that project is estimated to be \$8,500 with the property owner picking up \$5,500 of the cost. This would figure out to \$1.15 per lf. per year for the ten year bond.

Another section of Alice, between Lincoln and the end is scheduled to be paved at a cost of \$6,000. The city share would be \$1,200. The cost per lf. per year for 10 years would be \$1.19.

Ditching along West Michigan Avenue starting from the Ham-montree residence towards the State Park for 600 feet would cost \$6,400. Property owners are expected to be paying \$1.27 per lf. per year towards the total of \$5,100 the property owners will have to pay.

Water line replacements along State Street between East and Hannah is estimated to cost \$15,300. The cost would be split between 12 water line users and would cost each \$146 per year or \$1,017 per service.

Replacement of water lines along North Park Street between River and Vogel is estimated to be \$35,800. The city will be paying for \$7,200 and the users, 29 services, will split the rest. That works out to \$168 per year or 28 services at \$1,170 each and one apartment service at \$1,265 or \$181.00 per year for the ten year bond.

Lilak awarded commendation medal

Capt. Dominic J. Lilak, son of James F. and Phyllis E. Lilak of 105 Fourth St., East Jordan, Mich., has been decorated with the second award of the Army Commendation Medal in West Germany.

The Army Commendation Medal is awarded to those individuals who demonstrate outstanding achievement or meritorious service in the performance of their duties on behalf of the Army.

Lilak is an adjutant with the 59th Ordnance Brigade.

His wife, Theresa, is the daughter of James R. and Shirley Smith of Rural Route 2, East Jordan.

He is a 1976 graduate of Central Michigan University, Mount Pleasant.

Walkamerica Fundraiser Apr. 26

Throughout America people will be walking the streets for a cause on Saturday, April 26. It's the annual March of Dimes Walkamerica fundraiser.

Locally, walkers will take off at 9 a.m. from two locations—on Division St. behind Duffy's Restaurant in Charlevoix and by the Chamber of Commerce building in Petoskey. They will both walk 30 kilometers to Bay Shore and back.

There will be hundreds of balloons released as the walk begins. Four year old Russell Benz of East Jordan, local Poster Child, will be at the midway point of Subaru-by-the-Bay to greet and encourage the walkers.

Checkpoints along the way will provide refreshments for everyone. Rides will be provided for those unable to complete the walk.

A VCR will be awarded to the top walker/money raiser of Petoskey and Charlevoix for the 18 year old and under category. For the over 18 division, a Bed and Breakfast at Hourbour Inn on the Bay is the prize for Petoskey. The Charlevoix walkers will be competing for a weekend at Boyne Mt.

The walkathon will be pre-paid, which means securing pledge money in advance of the event, eliminating the need of a return trip to collect money from sponsors.

BC planners approve two plant sites in new park

Boyer City -- Two site plans for industrial buildings in the new Boyer City Air/Industrial Park were approved by city planners Monday evening after they had gone through all of the criteria the city had set up for site approvals of new construction.

Approved were the buildings of the Spacer Manufacturing and Design Company and the Boyer Precision Die and Engineering Company. Both companies are owned by Boyer City residents.

Fred Franchino made the request for his company, Spacer Manufacturing, on lot 11 in the park. Franchino said he was going to build a 4,000 square foot building to house his tool and die manufacturing business.

The only conditions the planners recommended were to have the entryway match up with the walkway and to add a service door to the north side of the building.

Gil Redmer, the president of Boyer Precision, told the planners that he wanted to get started Tuesday after they approved his site plan. Redmer is building a 5,200 square foot building that has room for expansion. Redmer purchased one lot in the park and has an option on an adjoining lot for future development.

He told the planners that if things progress as fast as they are, he will be adding staff and expanding the plant soon, perhaps as soon as the fall.

Redmer hopes to have the building completed by the end of June as he has been working on the construction plans since the beginning of the year. He said he has the steel for the building already ordered and the contractors ready to start work immediately.

The planners approved his request with no conditions.

In other actions, the planners heard an update on the parking available in the downtown area. City manager Randy Frykberg told the planners there were 587 parking spaces available with over 400 being publicly owned.

After hearing the amount of parking available, the planners tabled a discussion until the next meeting when they will decide to look into increasing the parking in the downtown area or leveling it continue at the same level.

In making the tabling motion, Dale Parsons, the head of the planning board said there seems to be no problem with parking, just an illusion.

The planners also decided they should look critically at temporary signs.

They will be having Frykberg contact those with the signs to discuss the matter further.

The work the Fraternal Order of Eagles wants to do to upgrade their parking area was also discussed with the planners asking the club to stabilize the river bank with rock. The Eagles have said they were going to upgrade their parking lot with gravel prior to having it paved next year. They also said they will be adding rock to the river bank and will be pulling out of the river some of the log car bumpers they had installed along the river bank to keep cars from going into the river. The logs were pushed into the river from snowplow crews some time ago. The eagles have not figured a different way to plow their lot so snow will not build up along the river bank and allow the logs to be pushed into the river from the snow.

The planners also heard a discussion concerning the new Little Lena Pizza business concerning the approval of the Boyer City Zoning Board of Appeals two weeks ago.

They then asked what the building on the top or second floor was for as it was not approved in the site planning that was presented to the group.

After some discussion, the Zoning Administrator was asked to put a stop work order to the building of the second floor structure and to submit a new plan to the planners for approval. The second floor addition, a 12 foot by eight foot room was added for storage, according to Don Glowinski, the architect for the building.

While the board decided to see a plan covering the addition, they said it was not arguing whether the addition was good or bad, they just wanted to approve or deny the request and to make sure the builder is following the rules they set up for buildings within the city.

The planners, under the suggestion of Frykberg, will be looking in the city that could become zoned general business. He told the planners the city is getting a lot of requests for land that doesn't fall into the manufacturing area and yet not fully retail oriented either. At present, the city only has a few areas that are zoned general commercial and those are being sought by buyers, he said.

With the increased interest from businesses wanting to locate in town, he said there is a need to expand the commercial zones.

A committee of three was formed to look into the expansion idea

or to continue in the present direction. The committee will include Mark Kowalske, Leigh Woodbury and Trudy Clark. They are to report back to the full board at the next meeting.

Moblo cheers bike-a-thon

The Central Regional Office of St. Jude Children's Research Hospital announces that Mrs. Kathy Moblo has agreed to chair the St. Jude Children's Research Hospital Bike-a-Thon in East Jordan.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which afflict our children.

Dancer, singer, movie star Gene Kelly came to the University of Michigan School of Music last week (April 9 & 10) to give master classes to students in musical theatre and dance, and to answer their questions. Pictured here with Mr. Kelly are (left to right): Matt Chellis, of Boyer City, Doug LaBrecque, of Battle Creek, Gene Kelly, Tamra Klemek, of Mt. Clemens, Connie Sa Loutos, of Platteville, Wis., and Ed Smit, of Ann Arbor.

These talented young performers will be appearing April 17-20 in the world premiere performance of a new musical, "A Wonderful Life." Based on the Frank Capra film, the musical was written by Sheldon Harnick, award-winning lyricist of "Fiddler on the Roof" and "Fiorello", and Joe Raposo, Grammy-award winning composer, known for his work on "The Muppet Movie" and "Sesame Street."

Forum hears concerns on land sale

Boyer City -- A forum held to get input from city residents Monday night on whether or not the city should sell two pieces of property adjacent to the new municipal beach on Front Street ended with the forum committee deciding to recommend to the city commissioners the land be sold.

The reason given for the sale involved many parts ranging from the determination of future needs to price considerations. The city officials and volunteers working with the beach project for many years have always suggested the land would have to be sold in order to provide the city's share toward the grant that will be making the beach possible.

Many of the residents who attended the forum told the committee they were not informed of what the city was doing, although it has been presented almost every step of the way through area newspapers in the last five years of planning.

They were following rumors that had arisen concerning the project, according to one of the members of the committee. Among the rumors were concerns about a structure said to be three stories high and blocking the view of the lake.

The property, one lot on the south side of the project that is 50 feet wide and does not include any usable beach frontage was supposed to hold the high building.

The lot, if sold to the highest bidder, Northern Associates of Boyer City, will be used for winter

boat storage and to have a boat ramp for the putting in and taking out of boats using the marina now under construction.

The northern lot line for the parcel would form a line where the proposed peninsula protecting the swimming area would start. The construction calls for the peninsula to go out into the water 310 feet from the present shoreline. The shore of the peninsula will be ripped and will also have docks extending from it into the marina.

One of the concerns about the parcel under consideration was if the lot were not sold, it would only add 20 more parking spaces.

The other lot under consideration is a parcel that is almost landlocked. It is behind the present wastewater treatment plant. The only access to the land would be through the parking area on the Maple Street right-of-way.

If the land is sold, the developers have said they would be building a storage building to house boats during the wintertime,

and allow a covered parking for boats needing repair during the summer months.

If purchased by Northern Associates, the boats that would be taken out from the marina boat walls, which would be located on parcel A, would then be brought across the parking lot and into the storage building. A concern about traffic caused by the moving of boats was taken care of when told the time for boats being put into or taken from the water is after the swimming season.

According to members of the committee, the main reason to sell the parcels is that the city doesn't see any need for keeping the parcels and the city has to come up with \$100,000 as a matching share in order to have the grant. The sale of the parcels would bring in \$65,000 and the city would be providing in-kind work to make up the rest of the city's share.

Attorney Bill McTaggart told the members of the committee and the audience the beach is under contract to be completed whether or not the city can match the grant through the sale of the property. He suggested that if the city keep the land and not find funding in other sources, the contractor could sue the city to make up the difference in cost.

One member of the audience suggested a millage be asked to provide the remaining amount of money needed. He was told the time for an election, and the possible passage of the additional

millage would not come soon enough to keep the grant. If an estimated 1 1/2 mills were approved, it would take at least two years before it is collected.

Committee member Steve Rieder, the head of the Parks and Recreation Board asked why all of these concerns of the citizen were coming now? He said the city has been working on the project of getting a beach for the community for more than three years, always with the idea the land proposed would be sold to provide the city share of the project. He suggested residents have had plenty of time to provide input then rather than now when it was time to sell the land.

Mayor Pro Tem Thelma Behling, a long time supporter of a municipal beach told the audience the city did not think the land was that valuable. She reiterated the land has no usable beach frontage, and was always in the planning to be sold.

Lynda Christensen, also a member of the Parks board told the audience the bottom line is where is the money going to come from to make up the \$70,000.

After trying to answer all of the questions from the audience, the committee polled themselves as to what they would like to see recommended to the city commission. All came out in favor of the city selling the land.

The land was appraised at \$42,000 and the bid received for the two parcels came in at \$65,000 from Northern Associates.

East Jordan takes twinbill over Boyne Falls in opener

The East Jordan Red Devils opened up the 1986 baseball season with a pair of 10-3 victories over the visiting Boyne Falls Loggers. The Devils were scheduled to open the season on Tuesday at Charlevoix, but that game was rained out and has not been rescheduled as yet.

The Devils, who finished third in the Ski Valley conference last year with a 12-5-1 record overall, have a very strong team again this year. The Devils leading pitcher and hitter last year, Pete Zoulek, grad-

uated, but East Jordan has a fine pitching staff of three juniors; Scott Bartig, Steve Dionne, and Greg Kitson, and freshman Matt Bishop. Coach Steve Hines feels that the team's hitting and defense will be their strong points of the year. Some big hitters returning are senior Bill Lytle, who led the team in home runs and RBI last year; senior Bill Kraemer, a consistent hitter and excellent center fielder; junior Steve Dionne, who handles the third base job and can hit with power; and sophomore

Dennis Skrocki, who hit over .300 as a freshman last year.

Scott Bartig started on the mound for the Red Devils in the opening game of the double header. Wasylewski led off the game with a base hit up the middle, but was soon erased on a double play. Bartig then struck out Gillespie to bring East Jordan up to bat for the first time of the year.

Leadoff batter Dennis Skrocki greeted Logger pitcher Grego with a single and promptly stole second base. After Steve Dionne singled

to put runners on the corners, Greg Kitson singled on a full count pitch to drive in both runners. Dave Russell and John Richards each had RBI singles in the first inning to give the Devils a 4-0 lead.

Boyne Falls came back in the second inning by scoring three runs with the help of three walks and a hit batter. The Devils then scored three times in the third and fourth innings to win by a 10-3 score.

Bartig went all the way for the Devils giving up two hits while

walking four and striking out three. Dionne and Kitson each collected two hits while Skrocki, Russell, Richards, John Hribljan and Steve Gee each received one.

Grego took the loss for the Loggers with Brady coming on in relief. Each of the Wasylewskis had one hit.

The Devils started out strong in the second game also. After retiring the Loggers, the Devils came to bat and scored six runs. But it wasn't because of great hitting, it was due to poor pitching by Boyne Falls. East Jordan collected only one hit in the inning but was aided by six walks and an error. Boyne Falls scored one in the second and two in the fifth, but East Jordan countered with four in the bottom of the fifth.

Greg Kitson was credited with

the victory for the Devils as he went three innings giving up two hits, one earned run, and three walks while striking out four. Matt Bishop gained the save while going three innings giving up three hits and two earned runs while striking out five. Topolinski took the loss for the Loggers and was relieved by Chruchill in the first, Skop in the third, and Grego in the fifth.

East Jordan collected only three hits, but didn't need many with 12 walks and four errors. Collecting the hits were Bill Lytle, Matt Vincent, and Dennis Skrocki.

The Loggers collected five hits, two off the bat of Scott Winhusen. The Wasylewskis and Skop each received one.

The Devils will travel to Mancelona on Thursday.

BC girls get second at Petoskey...

The Boyne City Rambler girl's track team season debut provided a tough three way match-up at Petoskey with Charlevoix also in attendance. The Petoskey girls easily swept the meet compiling 84 points, but the Boyne City girls won seven events and placed second in four to capture second place overall with 52 points. Charlevoix took first and second in the high jump and finished up with 24 points.

Marci Center outclassed everyone in the hurdles, winning both the 330 low hurdles and 110 hurdles. Angela Reich set a new school record in the shotput getting an excellent throw of 35'6".

The Boyne City girls relayers won two events and placed second in the 880 relay. Winning the mile relay were Julie Montgomery, Kelly Montgomery, Katie Vickers, and Karen DeSchryver. Their winning time was 4:51.1. Winning in the 440 relay with a time of one minute flat were Robin Dunnette, Center, Lisa Bishop and Kelly Smith.

In other individual events, Patty Tinsley won the Long Jump soaring out 14'7". Julie Montgomery was second best in the 220 yd. dash while Smith placed fourth, Lori Hall placed fourth in the 880 yd. run, DeSchryver took second place in the 330 hurdles, J. Montgomery and Vickers placed second

and third respectively in the 440 yd. dash, Tinsley was fourth in the 100 yd. dash, Reich placed third in

the discus, DeSchryver took third in the long jump, and Tysh Crozier placed fourth in the shot put.

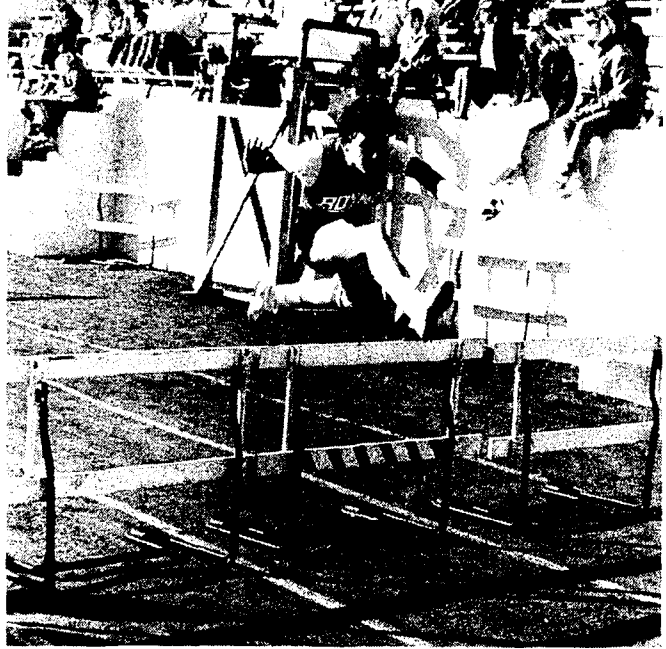

...boys settle for third

In three way competition hosted by Petoskey, the Boyne City boys' track team wound up in third place at the end of the meet. Charlevoix won the day with a total of 68 points, Petoskey had 63 points and the Ramblers had 41 points.

Boyne City took first place in four events, the most outstanding being a 6'3" clearance in the high jump pit by Nick Redman. Also winning events were Mark Williams and Mike DeSchryver. DeSchryver outped the fields in the 220 yd. dash with a time of 24.39. Williams proved to be the best in the 330 yd. hurdles with a time of

44.48. The other win for Boyne City was the 880 relay team consisting of Redman, DeSchryver, Dino Franchino, and Todd Fanning. Their time was 1:41.29. Boyne City's relay teams also took second place in the mile relay.

Other Ramblers to place in their respective events were DeSchryver with second in the long jump, Steve Sutton with third in the discus, William with second in the 110 yd. hurdles, Franchino with third in the 110 yd. hurdles, Travis Hartman with second in the mile run, and Hal Leach with third in the two mile run.

With no one in sight to contest the race, Marci Center of the Boyne City girl's track team is well on her way to the finish line...in first place.

EJ girls win pair from Loggers 6-3 and 12-5

BY STEVE GEE
The East Jordan girls' softball team opened the season with a pair of victories over the Boyne Falls Loggers. The Devils have already equaled the total number of victories they collected last year (one of which came as a result of a forfeit).

In the first game of the double header, Shandra Sweet put forth a fine pitching

performance to give the Devils a 6-3 win. Sweet allowed three hits and two walks while striking out 10.

Dawn Bergmann and Billi Jo Crawford each collected two hits for East Jordan while Jill Burt, Shelly Malpass, Jari Chanda, Chris Nietupski, and Sweet each collected one.

Jari Chanda's three hits, which included a home run, sparked the

Devils 12-5 win in the second game. Senior Kelli Mayhew earned the victory giving up three hits and five walks while fanning three.

Jill Burt, Shandra Sweet, Shelly Malpass, and Carolee McKenney each collected hits for the Devils.

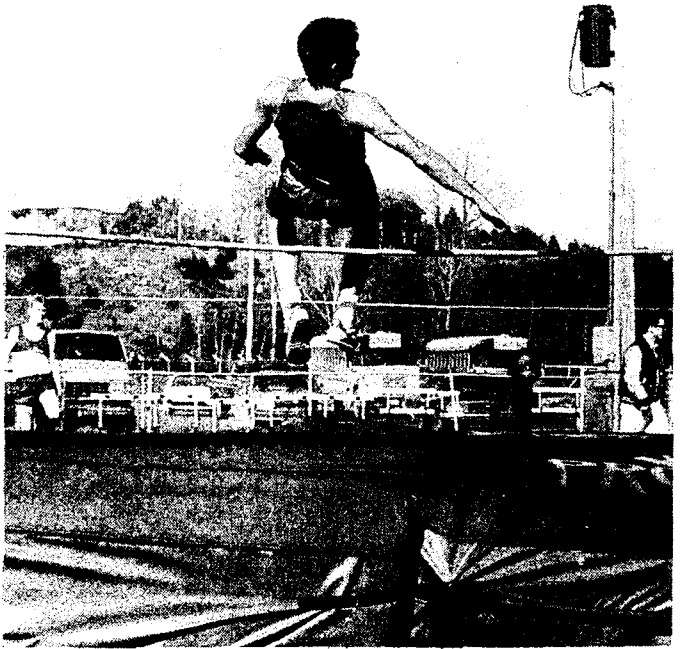

The girls will travel to Mancelona on Thursday to take on the Ironmen.

Local citizens urged to help red-shouldered hawk study

Residents and spring time visitors to northern Michigan can aid a new study aimed at obtaining vital nesting information on the red-shouldered hawk, a

species officially listed as Threatened by the Michigan Department of Natural Resources. The research, supported by the Nongame Wildlife Fund, is being

conducted by Bert C. Ebberts, a Research Associate of the Kalamazoo Nature Center and a Cheboygan County resident. Specific objectives of

the study include an area-wide census, continual monitoring of active nests to document nesting success, and banding of young birds in the nest.

Red-shouldered hawks are usually secretive, and in size are slightly larger than the common crow. Adults in breeding plumage are identified by reddish barred underparts, narrow white bands on a long black tail, and broad wings with a translucent patch underneath at the base of the outermost flight feathers.

Citizens can do their part during the next three months by reporting sightings of adult birds or the location of nest sites to Mr. Ebberts at: P.O. Box 211, Tower, MI 49792; or (517) 733-6408.

Specific counties for which detailed information is requested include Benzie, Leelanau, Grand Traverse, Kalkaska, Crawford, Oscoda, Alcona, Antrim, Charlevoix, Otsego, Montmorency, Alpena, Emmet, Cheboygan and Presque Isle.

Information that pinpoints active nest sites early in the season (April or May) is of prime importance. Citizens should be aware that excessive human intrusion around a site could cause the birds to abandon the nest.

The red-shouldered hawk has experienced a drastic statewide population decline over the last 80 years.

PUBLIC NOTICE

CITY OF BOYNE CITY

Notice is hereby given that a Public Hearing will be held on Tuesday, April 29, 1986, in the Office of the City Manager at a Weekly Commission Meeting to amend the City of Boyne City FYE 1986 Budget for the year-end anticipated revenues and estimated expenses under provision of P.A. 621 of the State of Michigan as follows:

Proposed amendment to the General Fund to use increased revenue of \$122,500 for transfer of \$75,000 to the Capital Project Fund Air/Industrial Park Development, \$10,000 to the Major Street Fund, and \$2,000 to the Boyne City Library Fund;

Proposed amendment to the Major Street Fund to use \$10,000 of increased revenue (transfer from the General Fund) for anticipated increased expenses of \$10,000;

Proposed amendment to the Local Street Fund to use \$4,000 of increased revenue for anticipated increased expenses of \$4,000;

Proposed amendment to Water/Wastewater Fund to use \$20,000 of increased income and \$20,000 borrowed from the General Fund for anticipated increased expenses of \$40,000;

Proposed amendment to Boyne City Fund to use \$7,000 increased revenues (\$5,000 donation from the Boyne City Schools and \$2,000 additional transfer from the General Fund) for increased expenses of \$7,000.

Valentine takes photography award for "Satin Falls"

Ray Valentine of Valentine Studio in Boyne City has attended the recent Professional Photographers of Michigan, Inc., 44th annual convention and trade show at the Kalamazoo Center/Hilton Inn in Kalamazoo from March 22nd through 25th. The four day convention featured outstanding programs on Portraiture, Commercial Photography, Print

Finishing Techniques and a Receptionist Clinic, for members in the photographic business.

A feature of the convention was the print competition and exhibit. Photos accepted for the exhibit have been judged for their technical excellence, composition, posing and lighting, and thus represent the finest in contemporary work of

Michigan photographers. Judging is by a changing five person panel made mostly of Masters of Photography who are also qualified jurors.

All four of Valentine's submitted photographs were selected for exhibition during the convention. His "Satin Falls", received a Blue/Award of Excellence ribbon. A photo of the old Char-

levoix Railroad Station received a Red/Award of Honor ribbon. Also exhibited were photos entitled "Refinery Storm" and "Pigeon Forge Mill". Shortly before the Michigan convention, Ray also had all four submitted photos exhibited at the Mid-East Regional Professional Photographers Convention in Columbus, Ohio.

Ray Valentine's "Satin Falls" for which he received a Blue Michigan, Inc. convention and trade show in Kalamazoo. Award of Excellence at the Professional Photographers of

Seniors urged to enter art contest to "Celebrate Aging"

Friendship Centers of Petoskey and Emmet County, a multi service senior citizens agency under the sponsorship of Michigan Council for the Arts invite artists, 60 years and older, to enter the "Celebrate Aging" Stamp Design Contest. The rules are as follows:

Rule 1. Eligibility: Contestants must be 60 years of age by the date of entry and live at least seven months in the following counties: Emmet, Charlevoix, Osego, Cheboygan, Antrim, or Kalkaska.

Rule 2. The winning design will be the

property of the Friendship Centers to be used in whatever way the agency chooses. All other designs will be returned to the artist if accompanied with a self-addressed envelope or mailer with the correct postage.

Rule 3. The design must be seven and one-half inches by four and three-eighths inches (7 1/2 x 4 3/8) which will be reduced to one and five-eighths inches by one inch (1 5/8 x 1"). Rule 4. The words "Celebrate Aging" will be incorporated into the design by the Friendship Centers.

Rule 5. All designs

must be postmarked no later than July 1, 1986, and mailed to: "Celebrate Aging", Friendship Centers of Petoskey and Emmet County, 453 E. Lake Street, Petoskey, MI 49770.

Rule 6. The design may be executed in any two-dimensional media (i.e. crayon, pastels, watercolor, acrylics, oils, etc.)

Rule 7. Should a matter arise not mentioned in these rules, the selected judges will decide the issue.

Rule 8. One prize of Five Hundred (\$500.

00) Dollars will be awarded the winner. The decision of the judges is final.

The Friendship Centers are dedicated to promoting the best interests of senior adults. It is hoped that the winning design will create a distinctive and positive image of what it means to be living ones senior years in Michigan.

Entry information may be received by calling 616-347-3211 or by writing to "Celebrate Aging", Friendship Centers of Petoskey and Emmet County, 453 E. Lake Street, Petoskey, MI 49770. Contact persons are: Rose Mary Ternes or Marilyn Leshner.

Computing competition at Lake Superior State

Sault Ste. Marie, Mich.: More than 100 area high school students met in LSSC's second annual computing competition Saturday, April 19. The Association for Computing Machinery Student Chapter expects 26 four-student teams from seventeen high schools.

These and their sponsoring teachers include: Alanson-Littlefield, Ken Hunt; Bawating Collegiate and Vocational, Rosario Tan; Boyne City, Dale Parsons; Cheboygan, Alice Barron; Detour, William Tracy; East Jordan, Maurice Seaman; Harbor Springs, Anthony Matelski;

Hillman, Daniel Gibson; Korah Collegiate and Vocational, Ron Wolfgram; Mackinac Island, Susan Vojtko; Mackinaw City, John Zielenski; Newberry, James Johnson; Pellston, Mark Bryan; Pickford, Paul Harrison; Sault Area, Ken Demaray; St. Mary's Collegiate; White

Pines Collegiate, William Boston.

Students arrived between 8 and 9:00 a.m.; set up their computer systems, get instructions at 9:30 then tried to solve computing problems from 10 a.m. to 1 p.m. A luncheon awards ceremony is in the Cisler Galley from 1:30 to 2:30 p.m. The

computing contest will be held in the ice arena at the Norris Center. The public is welcome to observe.

A conference for teachers accompanying the students is held concurrently with the contest.

Morel cookbook published with stories, poetry, history

"Just in time for spring," Malfred Ferndock exclaimed as he loaded another box of books into the trunk of his 1940 Pontiac. The book in the boxes, Malfred Ferndock's Morel Cookbook, has been published just as an army of dedicated enthusiasts launch their annual search for the elusive morel. Although it had its beginnings in a recipe contest, the cookbook has (dare we say it?) mushroomed to include morel stories, poetry, and even a section on the history of the morel.

Ferndock, a Paul Bunyan-esque morel

hunter, had originally planned to write the book himself, but a freak hunting accident (explained in the Foreword) forced him to call upon two of his neighbors to serve as editors. Anne Mikkelsen of Northfield (Minn.) tested and organized the recipes, while Peter Leach, of nearby Dennison, researched the wide-ranging morel lore.

Although morels could probably be substituted whenever "mushrooms" are called for in a recipe, Ms. Mikkelsen chose only those which she felt "would maintain

the flavor and dignity of the morel." Ten recipes were selected from contest entries and the balance came from restaurants in Michigan and Wisconsin, other cookbooks, and personal favorites. Among the recipes are: Manistee Morels, Morels Papalina, Morel Cheese Soup, and Quesadillas con Hongos.

Ferndock asked his friends to "do a book I'd like to read on a cold winter's evening," so Leach combed libraries and his own files for enjoyable reading about morels and morel hunting. These are quotes from some of the selections: "It is well known by the name of Morel, and much esteemed as an ingredient in sauces and soups..."

-James Sowerby, English Fungi V. II 1799

"For myself I place them at the very top of all delicacies, above Pate de foie gras and salmon trout and ecrevisse..."

-Louis Bromfield, Pleasant Valley 1945

"My God, I must confess it: Their deliciousness exceeds normal limits of restraint."

-Tom Robbins, Another Roadside Attraction 1971

"People just say they are 'wonderful' or 'like nothing else' while smiling knowingly as older girls do when asked by younger girls about love."

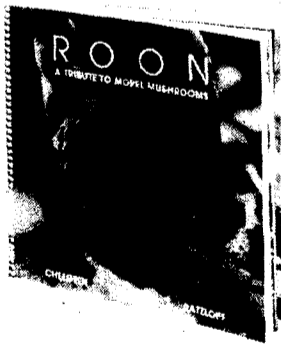

-Ida Geary, California magazine 1982

The 120 page, spiral-bound book is illustrated with black and white photographs and drawings. It may be ordered for \$8.50 (plus \$1.50 shipping and handling) from Ferndock Publishing, Box 86, Dennison, MN 55018

NOTE: "Malfred Ferndock" is the name of the nation's only mail-order "morellabilia" supplier. The proprietor is Peter Leach, who also handcrafts Malfred's pottery. A FURTHER NOTE: "Malfred Ferndock" is not included in Fortune's 500, nor is it even large enough to be listed in the Goodhue County (Minn.) Directory of Commerce

ROON

A TRIBUTE TO MOREL MUSHROOMS

Roon will tickle your funny bone, surprise your eyes and make your tastebuds do double backflips.

... a fine tribute. Its 66 pages contain many beautiful, humorous, even erotic color and black and white photos of morels. The text is well written and fun to read but not just coffee table fluff. It covers every aspect of the morel, species descriptions, where and how to collect and prepare the members of the genus Morchella, as well as morel lore and mouth watering recipes... a true delight."

Jeff Donaghue,
The Minnesota Mycological Society
Toadstool Review

Cabin Publishing PO. Box 73 Long Lake, MN 55356

Please send me ROON. I enclose \$9.50 for each book plus \$1.50 postage and handling for the first book, \$50 each thereafter. Minnesota residents add 6% sales tax.
