News Briefs

Boyer Falls is looking for a few sports enthusiasts to start up a Sports Boosters Club at the school. School principal Mike Wallace and Gwen Topolinski are heading the effort to find volunteers to help out at the basketball games and to help raise money for new uniforms or other sports needs the teams have. More information is available by calling either the school or Topolinski.

Stafford Smith, owner of One Water Street and other northern Michigan restaurants has been elected as a new member of the West Michigan Tourist Association's 17 member policy making executive committee. The association is the promotional agency for 31 counties from the Indiana border to the Mackinac Bridge.

The Charlevoix County Sheriff's Department is advising drivers within the county to be on the lookout for deer crossing the highways during the fall and winter months. The sheriff's department is answering two to three car-deer accidents per day presently. Besides property damage, personal injury accidents and one fatal accident has been recorded after cars have collided with deer on the highways.

Anishinabe Inter-Tribal Council in East Jordan was recently awarded a \$10,250 grant for the "Day of the Eagle Pow Wow" by the Michigan Council for the Arts. The grant, one of four within state representative Ralph Ostling 103rd district, was part of over seven million dollars that were awarded by the council last week. Beaver Island Community School also was given a \$11,710 grant for "Island Arts."

If for any reason you will not be able to go to the polls on Nov. 4 to vote, absentee ballots are available from township and city clerks.

BC Landfill Seepage Heading North

"We really don't know much about the site," Bob Wagner of the Department of Natural Resources told members of the audience at Monday night's Evangeline Township Board meeting. "But we hope to gain more knowledge with additional work," he said.

Those remarks were made by the groundwater specialist working on the problems of the former Boyne City Landfill as he told the board and the audience what he has found at the site so far.

The DNR has spent more than \$100,000 to drill four two inch monitoring wells and has found contaminants in only one of them, he said.

They have drilled wells hitting pockets of clay and have other wells going as deep as 140 feet without hitting any of the clay pockets he says are under the landfill site.

Those clay pockets could be a help, or they could cause the problem of leachate to be worse, he said. The clay beds may be stopping the flow of the leachate into the groundwater or may be causing the leachate to flow differently than what the DNR thinks.

They have definitely found contaminants in well number three, he continued, ranging from dichloroethane, dichloroethene and the derivatives of them, to toluene and phenols. He said those chemicals are never found in normal groundwater.

The amount of contaminates in the well range from five to 84 parts per billion, the measuring system being used. One part per billion would be like one drop of water in Lake Charlevoix.

Lights at Rotary by Next Season

Boyer City will be spending \$1,720 as their share in the project to erect lights at Rotary Park's baseball field as part of a \$16,000 project taken on by the softball leagues to increase the use of the park.

The lights, which are hoped to be installed in time for next season, would allow additional usage of the park, according to Lindsay Adams, the head of the softball league. They hope to start a new co-ed league next season and add additional programs to the softball program.

The city's share will be used to bring the underground cable to the park from the lines outside of the park. Consumers Power will be doing the work, city officials said.

The power line will be large enough to allow the eventual lighting of both playing fields as well as the tennis courts and other parts of the park as they get developed.

There was some discussion as to the cost of the project and how the league could come up with the money to pay for the

Wagner did say the flow of the leachate was found to be flowing towards Walloon Lake instead of towards Lake Charlevoix as originally thought.

project. League officials said the Lions Club and other groups have donated money, approximately \$1,000 and with the sale of some of the timber in the park, the costs would be about \$10,000.

They have suggested the city loan the league the money to get the park lighting completed, and then let the league pay the city back over a period of time. City commissioners are thinking about the idea and told the league officials to come back to the city with a concrete plan.

Todd Sorenson then announced to the commissioners the city was a recipient of a \$35,000 grant from the Comprehensive Improvement Assistance Program. The money is earmarked for roof repairs on the city owned housing near the high school. Because of the grant being announced so late in the building season, Sorenson told the commissioners the work would be done next spring. He also said the original grant application the city submitted to the agency was not fully gran-

Because of the discovery of water flow, he said the DNR intends to install two additional wells on the north side of the property to allow the monitoring of water flows in that direction.

He can't say whether or not the leachate from the landfill may be contaminating the water in that direction, but he expects it will.

See Landfill/Page 5

Boyer Gets \$35000

Congressman Bob Davis announced last Friday that the Boyne City Housing Commission will receive a grant of \$35,000 from the Department of Housing and Urban Development under its Comprehensive Improvement Assistance Program.

Davis said the program provides public housing complexes with monies to modernize

and improve existing facilities. Todd Sorenson, executive director of the Commission said he was very happy with the news and added that the program has been an important source of funding for a number of years. This year's funds will be used for roof repair at the Conkle Development Site in Boyne City.

Members of the LexMar management team were on hand to give the Boyne City Airport Commission a check for \$2,000 as a thank-you to the city for allowing them to use the new airport office while their building was under construction. Looking on are Tom Monley, production manager and Tom Stewart, sales manager while John Talboys and Tom Garlock accept the check from LexaMar general manager Jim Kline.

Homecoming Royalty Presented at East Jordan, Boyne City

Taking the Queen honor at Boyne City High School was Colleen Toton while Keoki Kubeana was named King at the homecoming dance.

Named Queen and King at East Jordan High School was Shelly Malpass and Darren Graham.

LISA NAN BECKENHAUER & CHRISTOPHER HOERDER

Lisa Beckenhauer United to Julian Hoerder in Charlevoix

Lisa Nan Beckenhauer, daughter of Mr. and Mrs. Wm. C. Beckenhauer Jr. of Horton Bay, became the bride of Christopher Julian Hoerder at the Community Reformed Church of Charlevoix on September 6, 1986. The Rev. Larry Croofers performed the ceremony.

Christopher is the son of Brigadier and Mrs. George Homes Hoerder of east Molesey, Surry, England.

Lisa, given in marriage by her father, wore an English net dress with appliqued satin leaves overall and a mandarin neckline with bishop sleeves. She wore a crown of silk flowers with a double tier veil. The entire ensemble was made by Lisa's French foster mother, Madame Bourdeau.

Deborah Liles, friend of the bride, from West Point, Virginia, was Lisa's maid of honor. Margaret Bates, friend of the bride, from Boyne City was

the bridesmaid and Lauren Beckenhauer, Petoskey, was junior bridesmaid. They all wore dresses of candy pink satin, with long sweetheart necklines and pleated puff sleeves.

David Davis, fellow Missionary friend from Kodiak Alaska, was the best man. The ushers included John Stire, nephew, from Hawthorne Woods, Illinois and Robert Henderson of Brighton, England.

The church was decorated with bouquets of rubrum lilies, white roses and lace ribbons for the pews and bouquets of snapdragons and white roses decorated the altar.

Music was provided by soloists, Cindy Mansen and Ken

Bonnie Newville Becomes Bride of David Johnson

In an afternoon ceremony, at the Presbyterian Church, Boyne City, Bonnie Marie Newville became the bride of David William Johnson on Sept. 6, 1986. The Rev. Milton Walls officiated the ceremony.

Bonnie is the daughter of Mr. and Mrs. Bruce Newville S. of Boyne City. David's parents are Mr. and Mrs. Richard Chappell of Boyne City.

Bonnie, given in marriage by her father, wore a Victorian style gown with chantilly lace Pearl buttons accentuated the back of the dress.

The maid of honor, Brenda Turk, sister of the bride, wore a victorian style dress with floral print of pink, yellow and white flowers.

Jeff Kelts, was the best man, while Randy Thompson, friend of the bride and groom and Russ Peck, cousin of the bride were ushers.

The bride carried a bouquet of white daisies, baby's breath and greens. Maid of honor carried a bouquet of pink and white carnations, and the flower girl, Robin Thompson in a pink chiffon victorian style dress carried a basket of white daisies and greens with baby's breath.

Music was presented by organist Paul Ferris who also sang a solo for the couple.

A reception was held at the Eagles Hall in Boyne City.

A wedding trip is planned at a later date. Meanwhile the couple will reside in Boyne City.

The bride is employed at the Depot Restaurant as a waitress and the groom is employed at Industrial Magnetics Inc. as a machinist.

BONNIE MARIE NEWVILLE & DAVID JOHNSON

BV Garden Club Finds out About Herbs

The pungent regular meeting on September 25, 1986, greeted the members of the Boyne Valley Garden Club when they arrived at Litzenburger Place for their

decorations for the home were explained and demonstrated by Mary Lee Huber of Wintergreen Herbs & Potpourri in Charlevoix.

The October meeting will be a demonstration on free form flower arranging led by Lois Pollock.

Boss, organist Frances Boss and pianist Lori Kopecky.

After a reception held at the Wolverine Inn in Boyne City the couple left on a wedding trip to Nagshead, North Carolina. The couple will make their home in Paris, France.

Lisa attended Grosse Pointe North High School, Purdue University, Wayne University and Wheaton College. She has a master's degree in theology. Christopher attended Wellington College in Crowthorne, England and Edgeborough in Farnham, England. After their honeymoon, the couple will continue working as missionaries for Youth With A Mission.

Hospice Plans Fashion Show

The Charlevoix County Hospice will present its second annual women's program entitled, "Come On, Make My

Academy,

BCMS

in Read-A-Thon

The Boyne City Christian Academy and the Boyne City Middle Schools are participating in a program, "Partners in Excellence" Read-a-thon. These students know the value of having quality reference material as a supplement at school. They will be getting sponsors for reading "quality" books (7-10) for seven weeks so they can get a set or two of World Book in each of their classrooms.

Kickoff officially is Oct. 6-7 in Boyne City.

Boyne City on Saturday, Oct. 18. This year's theme is, "She Walks in Beauty!"

Speakers for the program, which will start with a luncheon, include dietitian Julie Dalrymple of Charlevoix Area Hospital, podiatrist Dr. Thomas DeKorte of the Charlevoix Foot Clinic and a representative of Color Me Beautiful in Traverse City.

One lucky audience member will be made up by stylist Karen Kassuba of Self Indulgence in Boyne City.

A \$10 donation to Charlevoix County Hospice will include a soup and salad bar which will be served during a fabulous style show.

Obituaries

HILDA M. CROW

Funeral services for Mrs. Hilda M. Crowe, 76, of Ironton, were held Oct. 7, 1986 at the Winchester Funeral Home in Charlevoix. The Rev. Harold E. Kruse of the Ironton Congregational Church officiated.

A service will be held at 11 a.m. Thursday, Oct. 9, at the Hale Funeral Home in Southfield. Interment will be in Roseland Park Cemetery in Berkley.

Mrs. Crowe died Saturday, Oct. 4, at Little Traverse Division of Northern Michigan Hospitals in Petoskey.

She was born Feb. 5, 1910 in Camborne, Cornwall, England the former Hilda M. Wilcox. She came to Highland Park with her parents at the age of 9.

On Sept. 15, 1928 she married William C. Crowe in Highland Park where they lived until coming to Ironton in 1963.

She was a member of the Ironton Congregational Church. Survivors include: her husband, William; one daughter, Mrs. Shirley A. Kemp of Ironton; and three grandchildren.

The family suggests memorials to the Ironton Congregational Church or the American Cancer Society. Envelopes for these purposes are available at the Winchester Funeral Home.

We Service What We Sell!

Would a prestigious optical store like NuVision resort to gimmicks like coupons during their Fall Sale?

(Couldn't hurt.)

There are those who consider it a bit undignified to offer quality eyewear at a discount price.

In most cases, the people who feel this way are the people who sell eyeglasses or contact lenses. Not the people who buy them.

After all, most people in the market for designer frames welcome the opportunity to save as much as \$40 on their next pair of glasses. They don't mind taking scissors in hand in order to pay \$20 less for a pair of daily wear soft or extended wear contact lenses.

But, if the prospect of clipping coupons out of a newspaper strikes you as a bit unseemly, feel free to continue paying too much for the latest innovations in eye care. The rest of us will be holding these coupons in our hot little hands and heading to NuVision before the big Fall Sale ends Nov. 22.

\$40 off frames
priced \$99.01 and up.
Choose from select fashion frames. Good only with prescription lens purchase. Expires 11/22/86.

The Positive Side

"If you don't think it can be done, it can't!"

Marshall Sayles

I got a quite a surprise the other day. I went down town and drove three blocks without seeing any city workers digging in the ground.

Halloween is filling up the stores and even Christmas is beginning to make a showing on some shelves. Most merchants, however, seem to be holding off on Thanksgiving right now. Sandwiched between is the November fourth election, which seems to be the least interesting affair of the lot.

Television election campaigning can have quite an effect on the majority of people. If the country had to eliminate either Halloween or the election, I wouldn't be surprised if the people voted to keep Halloween.

Since most folks have quit the farm to work in town, not many high school students know much about farm animals. Ask one how long cows should be milked and he would probably say, "The same as short cows."

In Russia they grab an American newsman off the street and throw him into jail any old time they want to. That's one of my seventeen reasons for liking America. Only occasionally does our government thump a newsman on the head for exposing Washington's periodic fits of fooling the people. I have criticized our government many times and to this day I still hold the credentials of an upstanding unthumped American.

A man who owed me money came to the house to make the payment. He was in a rather ugly mood since I had dunned him several times.

"I'll need a receipt," he demanded.

"What for?" I asked. "You paid me in full."

"I know," he growled, "But when I die and go to Heaven, St. Peter will ask if I was a good man and paid all my bills. I'll say 'yes' but he will want to see the receipts for proof. And I certainly won't want to go looking all over Hell for you."

In recording Boyne City's history we should not forget what happened after the lumbering business folded up and moved out of town. Some say the sun went under a cloud and stayed there for thirty years.

Others likened those dark days to the things that leave a sinking ship. Abandoned houses

dotted the community. The worker's flight was so sudden three blacksmiths awoke one morning to find themselves competing for business in a one horse town.

All this is now hard to believe when we look at how Boyne City springs out of bed in the morning, grabbing the world by the tail and continuing to be the most progressive community north of Muncie, Indiana.

From out of the clouds into the sunshine! All hail Boyne City as it heads for the twenty-first century without a single horse in town. (Oh, oh. I forgot. There are a few nags, but let us not allow them to hold us back).

Heavens, how I enjoy writing this stuff for the paper. It offers a much better opportunity to reach people than standing on the street and raising my voice.

Where's City's High Water Plan?

Among the many things Boyne City and East Jordan should be planning for is the rise in lake levels and what this will be doing to the city parks along the water front. This should be one of the greatest concerns.

We don't see the planners making any provision for the problems erosion of the parks would cause.

Perhaps it is not their area of attention, but it should have the attention of someone in the city.

Plans should be made to increase the amount of seawall, the rock berms and the level of the land behind the seawall in almost all of the waterfront parks of both towns.

For instance, Boyne City should have plans in the works to raise the level of the ground in Veterans Park, should the lake increase its water capacity to cause another few inches of rise.

The same could be said about the East Jordan Tourist Park. That Park has lost quite a bit of beach front do to the increase in the level of the lake, and should have a plan to bring truckloads of sand to build the beach up.

Boyne City will be facing the same thing as they try to develop their new public beach.

With the level of the lake now, Boyne's new beach will only have a couple of inches of sand above the water if the present plan is followed.

Sure, they have already increased the height once, but they need to do it again.

Trying to figure out what the water level may or may not do, shouldn't be a problem the city can hide under a bush. They should have contingency plans ready, and the fore thought to seek the funding to do what is necessary.

BY JIM SILBAR

Catching up with the latest rumors sometimes can be fun. Lately, the rumor mill is going strong on the following:

Fish will be planted in Lake Fryberg, one rumor monger told me the other day. He also said the kind of fish would be the walleye fry Pat Mitchell is trying to raise for the walleye association he founded.

Now I find no fault with that rumor, but I do question whether or not the city will have to install lights on the flag pole out in the middle of the lake since they can't get to it to put the flag up or down.

I understand the city is looking for grant money to be able to do that.

I also heard through the grapevine, the city is planning on hiring a surveyor to figure out how many more boat slips

the city can get in the Veterans Memorial Park. Seems the slips will be at the end where the recent rains have flooded out the area.

Some figure the city would be able to add another 100 boat slips in that area and make all kinds of money for the city. They will have to get a permit though, to break through the rock barrier at the sea wall, seems they may have to blast their way through it.

Someone else said the city should just wait until the ice takes the seawall out next spring.

It's funny what a little rain can do. All of the rumors are just that, and all can be blamed on the amount of rains we have been having.

We are lucky though, down south of here, dams have burst, bridges washed out, and roads have had many detours because of the rain.

Around here, the rains have just soaked through the sand until the sand is now saturated enough that sand castles couldn't be constructed by the children. The sand has too much water in it for that activity.

I did hear though, that some are considering building an ark. Especially if the rains keep up with the way they are happening with frequency in this area.

One good thing about the rains and the rising waters of the lake though, is the construction people who install break-walls are having a field day telling folks they will be able to get to the job in a short time, possibly next summer.

By then Lakeshore Drive will be under water, the downtown will be holding meetings to create the Venice of the Northern United States and a whole new level of lakefront property will be created.

That is only if the rains keep coming.

If they stop, and we have a fantastic rest of October and November, the lake will recede to a level most can live with.

Speaking of the high water level on the lake, one of the coffee shop guys says the reason for the high water is all of the fish they have been planting in the lake. He says each fish displaces a certain amount of water, and the lake has enough

Jottings

fish to make that happen.

It must be a little like trying to get that last pickle out of the pickle jar and you have to use your hand to get it. In the process, your hand and arm displace so much pickle juice, it runs over the edge of the jar and onto the countertop. After that affair, and with the knowledge you don't want your wife to know you took the last pickle and made a mess, you saturate one of the good towels with the pickle juice.

As everyone knows, pickle juice has a certain smell that lingers when you get it on and into things like towels.

So all you have to do is wash to hide fact that all you wanted was the last pickle.

Of course you also have to tell the wife you are "doing her a favor" by doing one load of wash.

She will then scream at that you; A) didn't use the right water temperature, B) used bleach when you weren't supposed to, and C) didn't really want to help anyway as she would have to do it over to get it done right.

All of this can be blamed on the rains.

Ware-withal

BY GAIL WARE

The success of the anti-litter law requiring a deposit on most beverage cans and bottles just goes to show that for a price, even confirmed slobs can reach deep inside themselves and find a streak of neatness. The law has worked so well that our state legislators have just passed a son-of-the-bottle law to cover containers for the new drinks, the wine coolers. Stores that carry these beverages are no doubt less than pleased at the news that they'll be treated to handling yet another kind of sticky bottle. They have my sympathy, and my understanding I might add.

When the law first went into effect, I cheered but with detachment. After all, this matter didn't concern me directly. It only hit those who were accustomed to pitching containers from car windows and who wouldn't likely do it anymore. The roadsides would be tidier as a result.

Indeed, the roadways shaped up. Out on the highway, the bottle law was looking good. But at home, particularly in our utility room, it didn't look good at all. And that's when I made the connection between the bottle law and me.

We drink a grand variety of beverages that come in cans or bottles at our house. So do our visitors. During the long bonfire season when our son's friends

come by to enjoy a fire in the firepit out back, they usually come bearing cans and bottles. And they don't take them home when they leave. We end up gifted with a lot of containers, both the empty and the full kind.

The utility room has become the holding tank for containers because there is no other room for them in our inn. There's not much room there either. It gets a bit tight the day after a bonfire. Short of an emergency, I don't attempt a load of wash until after I've untangled the bottles and cans from the dirty clothes and resettled the containers at the grocery store.

Early on, I discovered a fascinating fact about the carting of the containers back to the store. It works the same way as the matter of taking out the trash. No one sees the need but me. Those bottles covering the utility room table and the floor around it are every bit as invisible to the members of the family as the overflowing trash can. I've come to the conclusion that it's as case of selective vision just like the selective hearing that a child begins to cultivate about the same time as he begins to walk and talk.

In any case, I get to take the containers back to the store by the same process as was used when the utility room won the honor of storing them - by default. It's been noted that, after all, I get to keep the deposit money. I don't consider that point worthy of comment.

So the clearing of public roads has shifted the litter to private homes. But I'm getting the hang of keeping it under control. And the addition of the wine cooler bottles won't make difference in my work load.

Lately, though, an ugly thought has been nagging at me. What if our legislators decide to make some more of the litter on our roadways returnable, namely, the bags from fast food places and their accompanying plastic cups and Styrofoam boxes? I've already decided that should this occur, I'd refuse to participate. I've been a good sport about being a bottle lady. But there's no incentive that could make me willing to become a bag lady too.

FREE IN THREE

FREE INSTALLATION PLUS YOUR THIRD MONTH FREE.

Why settle for ordinary times, when you can have the good times on cable TV? And now is a good time to add HBO, Cinemax, Showtime* or The Disney Channel to your cable service. Because we'll install it FREE! Plus, you'll get your third month of premium service FREE.

CHICKEN

Yesteryears chicken was always considered "company" food. A meal to prepare when Great-Aunt Lulu arrived, for a birthday, anniversary dinner or family reunion. Grandmother decided that gravy and biscuits were a necessary part of a chicken dinner and if she was taking it to a family gathering away from home the chicken and gravy was put into a big baking pan, topped with biscuits and baked until they were golden brown. If she had some fresh peas, they went into this luscious "pot pie."

Chicken dinner and Sunday dinner were synonymous when many of us oldies were growing up. "Chicken Every Sunday" was more than a title of a book or a movie of the time.

Rice has always been a good accompaniment to chicken and especially during the Depression years it was used often to "stretch" the chicken in the recipe.

Some time ago I received a request for a chicken and rice recipe from Margaret Powell of

Bellaire. I have discovered that people still want those old time recipes, especially made with our modern soups and other convenience foods. My sister makes this recipe which I sent to Margaret.

Chicken and Rice

Measure ¾ cup long grain raw rice into a 2½ quart casserole. Mix in one envelope of dry onion soup mix, 1 can cream of chicken soup and 1 soup can of water. Arrange pieces of chicken on top, (legs, thighs, and breasts are good.) Sprinkle chicken generously with paprika.

Bake in 350 degree oven, covered for one hour and a half. Then if the chicken is tender, let it brown uncovered for 15 more minutes. Watch that the rice mixture stays moist. You might want to add a little hot water. Serves 4 to 6.

This is good baked in a 9x13 baking pan covered tightly with foil. The paprika gives the chicken color if you do not want to brown it. Also you will notice that there is no salt added as the onion and chicken soup gives

The tenants of Litzenburger Place enjoyed a special turkey dinner on Monday night at the new Lena's Restaurant.

Peg Spencer spent the weekend in Cadillac visiting her sisters in law, Mrs. Jean Holland and Mrs. Margaret Holland.

Bob and June Caplin and granddaughter, Sally Hughey spent last weekend in Haslett visiting the Chuck and Jan Olsons. Their grandson Bob Olson and wife Theresa dropped in while they were there.

The new supervisor, Teri Rogers, and the staff of the Adult Training Center in Walloon Lake enjoyed one of the more rewarding moments of a sometimes difficult job recently, as they saw and heard first hand, the exclamations of joy and appreciation as Otis Dumas and Jim Hartung received their long awaited new wheelchairs.

Both Oti and Jim, two of ATC's wheelchair clients, can now sit much straighter with much more comfort, as well as being able to get around better, especially Jim, as his is an electric wheelchair. Look out!

Helen Bady and Mary Ardosh of Allen Park were weekend guests last week of Marion and Bud Gartleman.

There were about 35 present in the Litzenburger Place Community Room on Saturday night honoring Lynn Tolarico with a baby shower for her supposedly November 2nd baby.

Hostesses for the evening were Elsie Golke, Sue Tolarico, Julie Hubbard, and Ileen Golke. A good time was had by all as Lynn received many well wishes and gifts. Her new baby will start her new life sleeping in the 50 year old bassinet of Lynn's grandmother, Frances Brewer.

It is reported that Margaret Barrows is doing well after having under gone surgery at NMH this past week.

There was a great turnout for the Trinity Pentecostal Sunday School picnic last Sunday at Whittings Park. The group enjoyed lots of good food, fun games, and a pie auction.

Bob and Penny Peganaw of Gwinn, of the Upper Peninsula were weekend callers of Mr. and

Mrs. August Johncheck and son Floyd.

Mrs. Grace Haist is now recuperating at the home of her daughter, Mrs. Robert Segraves, after having spent some time at the Geriatric Village, following her his surgery at NMH.

Nick and Deneille Moose and family and her parents, the Rev. John Spohns, enjoyed a "Traditional Harvest Dinner" at the Moose home on Sunday. All enjoyed relating the family's history for the children.

Ernest Jenkins returned to his home on Friday after having spent a couple of weeks at NMH.

Pattie and Jack Agan spent a few days in Otter Lake caring for their grandchildren, Carrie and Tim Simon, children of Claudia and Dan.

Leona Griffen, Leone Richardson, Phyllis Tison, and Dorothy Nowland were among those joining the Petoskey Friendship group for a tour of the Canadian Soo on Thursday.

Ann and Tilly Jenkins spent Sunday in Houghton lake visiting their cousin Beatrice Field, then on the Manton to visit their cousins, Mr. and Mrs. Ray LaLone.

On Thursday night, Mary Green and co-workers showered Phyllis Marchinkewics with a "kitchen" shower, as she recently lost most of her kitchen supplies in a fire at her home.

About 60 attended a bridal shower honoring Sue Sevanski on Tuesday night at the Hudson Township Hall. The evening of games, food and many nice gifts and a good time was hosted by her bridesmaids. Sue will become the bride of Cliff Baker on November 1st at the United Methodist Church in Boyne City.

This past week's scores of the senior bowlers were: Cliff Bradshaw-438, Pros, Blanckaert-411, Joe Zarza-404, Pearl Frieden-346, Bob White-329, Clara Kimble-297, Jean Marcham-296, Eunice Bradshaw-294, Chuck Calven-272, Goldie-263, and Jerry Kimble (1 game)-187.

The bingo winners on Thursday at the meal site were: 1st regular-Virginia Nelson, 2nd-Rudy Sterly, 3rd-Barbara Ross, and 4th-Jessie Padgett. The specials went to 1st-Virginia Blossie, 2nd-(4 winners)-Alice Wilson, Jessie Padgett, Margaret Myers, and Rose Reinhardt. This week's caller was Lyle Ross.

Cooking

plenty of flavoring.

This next recipe for chicken comes from Rose Collier of Burton, Michigan. It uses more rice and chicken broth so it is a larger recipe, a good one for a crowd. Both of these recipes allow as much chicken as you wish. About two pieces per person is good.

Baked Chicken and Rice

Place 2 cups of uncooked rice in bottom of large casserole or baking pan. Pour 1 large can chicken broth over rice. Make sure all rice is wet! Set pieces of chicken on rice. Pour a can of cream of chicken soup or mushroom soup over chicken. Sprinkle a pkg. of Lipton onion soup mix over chicken. Salt and pepper. Bake 375 degrees 1½ hours. Cover the first hour.

Here is a good way to cook chicken from Bill and Elinor Hammontree's low cholesterol recipes.

Grilled or Baked Chicken

Marinate one cut up chicken a few hours in French dressing (the orange kind) using just ½ of an 8 oz. bottle to cut down on cholesterol. Grill over coals on the out-door grill or bake in a moderate oven until tender, brushing with marinade.

Last but not least is a delicious chicken salad especially good for the many people who need to keep their cholesterol count low as well as the calories. I would love this salad even if I did not have to count calories.

Curried Chicken Salad

Salad:
2 cups cooked, cubed chicken
1½ cups diagonally sliced celery
½ cup toasted slivered almonds
20 oz. can pineapple chunks, drained
Curry Dressing:
¾ cup Lan O'Lakes lean cream
½ teaspoon salt
½ teaspoon curry powder
Lettuce leaves

In large bowl stir together all salad ingredients except lettuce. Cover, refrigerate until chilled (2

to 3 hours). In small bowl combine all dressing ingredients. Cover, refrigerate. Just before serving toss salad with dressing. Serve on lettuce leaves. 4 to 6 servings.

Letters

Letters to the editor, handwritten or typed, are a welcome and important part of this paper. They should be under 750 words in length and signed by the writer, although he or she, for special reasons, may request that the name not be printed. The paper reserves the right to edit material.

Landfill

Continued from Page 1

Rev. Milton Walls of the Boyne City Presbyterian Church receives a \$200 check from Betty Klein, the Community Service Chairman representing the Smelt City Auxiliary 3675. At the right is Florence Komenski, secretary of the auxiliary. Rev. Walls says that some \$2500 to \$3000 will be spent on this year's Christmas Baskets for the community. Other organizations wishing to contribute to the fund are asked to call Rev. Walls or Thelma Behling.

In speaking about the landfill, Wagner used qualifying statements to everything he told about the landfill. One observer to the presentation said everything he said was conjecture at best, as the DNR has not determined anything about the site other than one of the monitoring wells has shown some contamination. Wagner was using information gained during the last monitoring sample of the wells which was done last May. He said the DNR has decided not to do any more until the new wells are completed. Wagner said the department was "charged with encouraging, harassing and building a case against the City of Boyne City in

the closing and capping of the landfill. He said his department cannot take anybody to court, that would be the job of the State Attorney General. He couldn't guarantee the DNR and the state would be going to court over the closure and the capping of the landfill with the city. He did say, "The DNR plans on winning," referring to the case his department is building to force the capping of the landfill. The capping is a thick coating of clay that would be installed over the entire landfill site. The clay would help to control water getting into the buried refuse and causing chemicals to leach down to the water table.

Theoretically, the clay cap would keep the rainwater out of the refuse area, and would allow that area to dry out and help contain the contaminants within the landfill area. If the cap fails to work, Wagner said the next step would be to add purging wells to take the groundwater out to get it treated. He did not say how the treatment would be done. If the landfill is capped, he said, it will still leach out material for several years, but would do so at a lesser rate. When asked if the residents are in danger now, he said one good factor was that the landfill site was one and a half miles from either lake, and it would take some time for the leachate to reach them. He suggested to residents of the area to do further testing of their own wells. When asked who was going to pay for the capping of the landfill, Wagner said he is going to recommend the DNR go after the residents of Boyne City, city officials and others. He said there is some question as to the others as it is may include the residents of Evangeline Township who were part of the agreement to open the landfill when it was first begun. Wagner did say he has had very little communication with the city and has not talked with them recently. He is hoping that Boyne City

would accept more responsibility towards the landfill site. He said the city should have had plans to charge users more to help pay for the closing of the site when it was full. He said he is planning on making Boyne City change the priorities as to the landfill capping by continually building the case against them. In other action at the township board meeting, the trustees passed a resolution asking the voters to approve a 13.918 mill package for the township operations, signed an agreement with the soil conservation department to find out what may be needed for shoreline protection at their township lake accesses, approved a newsletter that will be sent out to township residents, and heard a request for a road name change from several residents. The road being asked to change is Call Street. The requesters want the name changed to Wildwood Heights Road. That was turned over to the County Road Commission for review. They also heard the newest dry hydrant installed on Walloon Lake was going to only cost the township \$266 after the Smiths had donated the equipment use, the Boyne City Fire Department the labor, the neighbors donating \$1,300 and the Walloon Lake Association also donating \$1,300 for the installation of the dry hydrant.

Noon Meeting

Continued from Page 1

ted, the city may be getting more money as additional grants are announced. Leaf Pick-up schedules were announced by City Clerk Tom Garlock with those living north of the river getting their leaf pick-up on Oct. 13-14. For those south of the river, Oct. 15-16 was set as the days for pick-up. City Manager Randy Frykberg then announced a public hearing has been scheduled concerning the proposed expansion of the McIntyre Boat Works on Glenwood Beach. The date set by the DNR and the Corps of Engineers will be Nov. 5, at 7 p.m. in the City Hall Auditorium. Frykberg then told the commissioners the city has received a donation of \$2,000 from the LexaMar Corporation to help pay for the installation of a radio

and approach lighting at the city airport. The donation was made on behalf of the company for the use of the airport facilities while they were awaiting the construction of the new plant in the Air/Industrial Park. With that announcement, Commissioner Steve Moody announced another donation from the Bowling Proprietors of America. The BPA is giving the city \$500 for the purchase of additional fire fighting equipment. The fire department intends on using the money to purchase an additional air pack. The commissioners also discussed the continuing amount of water main breaks and are trying to come up with solutions to the continuing problem. Cass Toton said that when the new well came on line, the surge

problem may have caused the weak points in the system to become known. The city has since worked out the surge problem but the leaks are still coming due to the lines being subjected to the high pressures during the problem. Commissioner Bill Grimm suggested the city reduce the amount of water pressure within the system to help reduce the amount of leaks. George Granger, of Granger Engineering, the firm who has done most of the work for the city, said it was possible to

reduce the line pressure about 10 pounds per square inch without it becoming a problem for second story houses. He also suggested that reducing the pressure would be only part of the solution to water line breaks. In other action, city officials were asked to participate in the state Economic Excellent Award Ceremony. The city is one of the finalists for the award, according to Frykberg, and the city has been invited to attend the ceremony down in Novi.

Planners Recommend Abatements for Prestige, Temprel

Meeting for the second time to agree on the amount of years and the qualifications needed for tax abatements, the Boyne City Planning Advisory Board gave Prestige Press and Temprel Products six and 12 year abatements respectively, at Monday night's special meeting. Both abatements were recommended to the city commission for approval. That is expected next Tuesday when the commission meets for their monthly evening meeting.

While the passage of abatements was not on the original agenda for the special planning meeting, the approval of the site plan for RBI, a firm intending to start construction of a new 3,000 square foot warehouse and office in the new Air/Industrial Park was the main reason for the meeting. Construction for the firm is now well underway after the planners approved the site plan for Hudson Robinson, the president of the firm. The building will be the first in the new park to be constructed entirely of wood, he told planners. He intends to have it completed yet this year. The plans call for a 2,400 sq. ft. warehouse and manufacturing facility and three offices. RBI builds heating systems for commercial buildings throughout the state. The firm is presently in a building along M-75 near Boyne City and is moving into the park to get room for expansion. Planners also approved a one time conditional use to allow the Harborage Marina to again use the former Front Street roadway as a boat storage area. The reason for the request, according to Rick Smith, was that the area designated for boat storage has not been cleared of material being used to construct the marina and the new Penin-

sula Beach. The firm used the same area last year for outside boat storage and asked for the use again this year. The planners approved the request.

NOTICE OF PUBLIC HEARINGS

TUESDAY, OCTOBER 14, 1986

Commission Chambers
7:00 p.m.

TO CONSIDER GRANTING OF INDUSTRIAL FACILITIES EXEMPTION CERTIFICATES TO TEMPREL, INC. AND PRESTIGE PRESS

Pursuant to Sections 5 (1) and 8 of Act 198 of the Public Acts of 1974, Plant Rehabilitation and Industrial Development District Act, two Public Hearings are scheduled to be held to consider the following Industrial Facilities Exemption Certificate Applications:

Application No. 3-86: Temprel, Inc., Robert and Suzanne Cousineau, owners; located at 206 Industrial Park Drive - Lot 6, Boyne City, MI 49712 in the Boyne City Air/Industrial Park near M-75 at the east City Limits.

A 100 foot by 40 foot steel and brick building is being constructed. The following approximate costs will be incurred and are being considered for the Industrial Facilities Tax Exemption:

1. Cost of Building Improvements.....	\$110,000.00
2. Cost of Machinery and Equipment.....	35,000.00
3. Cost of Furniture and Fixtures.....	10,000.00
	<u>\$165,000.00</u>

Temprel, Inc. will build thermo-couples and thermo-couple accessories. It expects to employ up to 15 people. The estimated date of completion of this facility is November 1, 1986.

Application No. 4-86: Prestige Press, Douglas Shields, owner; located at 100 Industrial Park Drive - Lot 1, Boyne City, MI 49712 in the Boyne City Air/Industrial Park near M-75 at the east City Limits.

A 60 foot by 80 foot clear span metal building is being constructed. The following approximate costs will be incurred and are being considered for the Industrial Facilities Tax Exemption:

1. Cost of Building Improvements.....	\$150,000.00
2. Cost of Machinery and Equipment.....	65,500.00
3. Cost of Furniture and Fixtures.....	5,000.00
	<u>\$220,500.00</u>

Prestige Press is a high quality Graphic Arts facility. It expects to employ up to 6 people. The estimated date of completion of this facility is November 15, 1986.

Said Public Hearing will be held on Tuesday evening, October 14, 1986 at 7:00 p.m. in the Commission Chambers, 319 N. Lake Street, Boyne City, MI 49712.

The City Clerk of the City of Boyne City has notified in writing the assessor of this assessing unit and to the legislative body of each taxing unit which levies ad valorem property taxes in the local governmental unit in which the facility is located. Those taxing units notified include: City of Boyne City, County of Charlevoix, Boyne City Public Schools, Char-Em Intermediate School District and the general public.

All affected parties are invited to attend these Public Hearings and will be afforded an opportunity to speak.

For more information contact the City Clerk's Office. Phone 616-582-6597.

or 547-9848 evenings.

Home equity. The one thing you've worked so hard to get — can now go to work for you with a Prime Access Account at Old Kent. As security for a substantial line of credit that offers you lower interest rates and longer payback periods than you might have believed possible.

How substantial? \$10,000...\$50,000...\$100,000...or more, depending on your assets and your income.

How low? Right now, a \$20,000 line of credit has an APR of just 10%. Compare that to the interest on your credit cards or charge accounts.*

How long? If you borrowed that \$20,000 right now, you would have almost eight years to pay it back. Seriously. Eight years.

Why not let your neighborhood Old Kent Banker show you how a Secured Prime Access Account can help you reduce your cost of living.

Without reducing your standard of living.

OLD KENT BANK

Know The Best Way To Cut Your Payments And Your Interest Every Month?

(You're Living In It.)

*The Annual Percentage Rate may vary from month to month with changes in the rate announced as Old Kent's Prime Rate. During our introductory period, the \$50.00 service/application fee has been waived.

Homecoming in Boyne City goes sour with 36-0 defeat

The Boyne City Rambler varsity football team took it on the chin Friday night as they hosted the Sault Ste. Marie Blue Devils on Homecoming night and experienced a 36-0 defeat. The Ramblers are still looking for their win of the year, and time is running short.

The Sault went into the game with one win to their credit, with three losses, and moved themselves up in the standings to trail Grayling who is currently standing with a 1-3 record. Boyne will get a chance to take on Grayling one week after facing off with Onaway this coming Friday night.

Onaway is also looking for their first win of the year, and the winning team will get the opportunity to begin picking off other schools from the bottom up.

Several factors fell against the Ramblers in the matchup against the Sault including turnovers, penalties, and an apparent lack of enthusiasm that was demonstrated one week earlier.

The Ramblers had suffered an 18-6 defeat to the Rayders in one of their hardest hitting, keyed up games of the year.

Usual quarterback for the Ramblers, Pat Weeks, had been switched to a tailback position, while junior Troy Heiermann took the helm for Boyne. Weeks became the principle ball carrier for the Ramblers, and sliced off some nice runs against the Blue Devils, but was unable to break away for long yardage plays as he had done in previous outings.

The Blue Devils scored the only points of the first half after forcing the Ramblers to punt the ball away on the game opening series. The Sault drove 48 yards to the Rambler goal rolling out for 10 yard gains on a consistent basis.

Trailing, the Ramblers put together enough momentum to earn a first and 10, but a penalty set them back and further attempts at gaining yardage were futile.

Boyne City found themselves in position for a scoring threat when Tim Hennessy intercepted

a Devil pass and ran the ball to near midfield where a facemasking violation sent the Ramblers to the Sault 41. Boyne drove to the Sault 13 before failing to convert for a first down, just inches short.

The score remained 6-0 through the second period, but may have been 12-0 when the Sault had a 31 yard TD pass called back on a penalty. Boyne forced the Sault into punt for-

mation and became the benefactors of a wild snap that carried to the Devils' 26 yard line, but Boyne failed to advance and in fact fell back to midfield on broken plays, penalties, and incomplete passes.

The outstanding point of the Rambler game came when the Sault received the second half kickoff, and promptly drove to the Rambler three. But the threat was repealed by the in-

terior of the Rambler line on three attempts.

A Rambler fumble on their own nine yard line set the Devils up the their first score of the second half. A TD pass and a conversion pass sent the score to 12-0 and the Devils added to the margin three plays later, picking off a Rambler pitch-out and running untouched into the endzone.

After the score had gone to

21-0, the Rambler lost all momentum in the game, as they were intercepted twice, called for pass interference, and lost yardage on a wild snap in shotgun formation.

Late in the game, Weeks again became the quarterback and completed one pass, a nine yarder to Richard Vondra. Weeks was intercepted with :34 left in the game and the Sault ran out the clock.

Boyne Falls girls blast Wolverine 32-13

The Boyne Falls Logger varsity girls split two games last week with a 50-20 blasting over Wolverine, and dropped Thursday night's game by a bucket 49-47.

Against Wolverine, the Loggers took the lead early 8-3 after one period and boosted the margin to 24-6 at the half. After three quarters of action the score stood at 32-13 for Boyne Falls.

Renee Reynolds was the top scorer for the Loggers with 10 points as Pam Grubaugh, Kelly Payton, Lisa Topolinski, and Debbie Gillespie all scored eight points each. Anjanette Massey and Linda Koeman had three points apiece, while Kristy Burkhard added two points.

Thursday evening, the Loggers found the Match-up with Mackinaw City to be a fluctuating affair as the lead swung both ways throughout the game. The biggest lead of the evening was a seven point difference when the first half ended with 28-21 score.

Boyne Falls led briefly in the first quarter 4-2 after Renee Reynolds and Kelly Payton hit on the first two ball possessions for the Loggers. Mackinaw City found the distance from the perimeter, and began to loft shots through the net and took a 10-6 lead midway through the period. All the while, Boyne Falls missed their offensive opportunities and seldom found an offensive rebound under the hoop.

Reynolds, (6 of 10 Loggers first period points), pulled Boyne Falls within two points with :50 on the clock, but the Comets ran out time and scored for a 14-10 lead.

Thirty seconds in period two, the Comets committed their fifth foul, and sent Payton to the charity stripe. Payton sank both ends of the one-and-one opportunity, and the Loggers were back in the game. Lisa Topolin-

ski tied it up at 14-all, and the Loggers had held the Comets pointless for two minutes.

Suddenly, Mackinaw City found their long range again and took an 81-14 lead before the Logger second quarter came together.

Pam Grubaugh came to life under the Logger boards and scored three buckets while the Comets were again silenced on the other end of the court. For nearly four minutes the Comets went pointless while the Loggers took over and built a 26-20 lead. Topolinski banked one off the glass shortly before the half ended for a seven point Logger lead.

Offensive rebounds became

virtually non-existent for the Loggers in the third period, while the Comets began to drive the Logger defense and score. Had it not been for the quickness of Reynolds from the point guard, the Logger lead would have vanished at the point, and it eventually did, as Boyne Falls was then held scoreless for two minutes of action. Outscored 5-2 in the last three minutes of the quarter, the Loggers trailed 34-38.

Although the Loggers never led in the fourth quarter, they were never out of the game.

With Payton out of the game in foul trouble, the Loggers matched up man-to-man and held the Comets down for the opening

three minutes. The Comets began to stall the ball for brief periods of time, and then drive through the key for points.

Utilizing this tactic, the Comets built a 48-42 lead with 2:00 on the clock. Payton scored the final Logger point shooting one and one with 1:30 left in the game, and Boyne Falls trailed for the remainder.

Grubaugh and Reynolds were the top scorers for the Loggers with 12 points each. Topolinski scored eight, Payton had seven, and Debbie Gillespie scored six points.

At the line Gillespie was two for two, and Payton went three of four.

Renee Reynolds of the Boyne Falls Logger girls' basketball team breaks to the bucket here in the Thursday's game against Mackinaw City.

EJ JV's down TC sophs

By Dennis Skrocki

The East Jordan junior varsity football team kept its undefeated season alive with a 13-6 victory over the Traverse City sophomore squad.

The game got off to a slow start as both teams were unsuccessful at moving the ball in the early going.

The Red Devils drew first blood with 2:58 remaining in the first quarter as Dan Pepin hit Matt Bishop with the touchdown pass from one yard out. Mark Moore split the uprights with the extra point and put the Devils on top 7-0. The TD followed a long series consisting of seven running plays and four passes.

East Jordan main-

tained the 7-0 lead throughout the second quarter and into the halftime intermission.

Traverse City closed the gap to 7-6 with 8:03 remaining in the third quarter after a touchdown in which the extra point attempt failed.

The Devils extended the lead on their next possession as Matt Bishop returned the kickoff 46 yards to the 50 yard line.

Pepin then engineered a series of short runs and passes before scrambling nine yards to paydirt. The extra point attempt by Moore was no good but Pepin's TD extended the Devils lead to 13-6 which wound up to be the final score.

Bishop was the Devils leading

gainer while Lyle Walters, Mark Moore and Aaron Brock each added seven.

The Devils will host Pellston on Wednesday, Oct. 8; kickoff is at 7 p.m.

EJ girls drop two

By Dennis Skrocki

The East Jordan Red Devil girls' varsity basketball teams record took a turn for the worse last week as they dropped games to Harbor Springs and Central Lake.

On Tuesday the girls hosted Harbor Springs and were never really in the game as they were outscored 17-2 in the first period and couldn't come back as they fell 48-22.

Kristy Miller was the Devils' leading scorer with eight points, while Kris Burt added four and Jill Peters and Erin Snyder contributed three.

Snyder led the team defensively with 10 rebounds,

while Lyle Walters, Mark Moore and Aaron Brock each added seven.

The Devils will host Pellston on Wednesday, Oct. 8; kickoff is at 7 p.m.

On Thursday at Central Lake, the ladies fell behind early as they were behind 14-8 at the end of the first quarter and couldn't make up the difference as they bowed 58-50.

Kristy Miller once again led the offense, scoring 16 points, while Erin Snyder and Jill Burt added 13 each.

Central Lake's high scorer was Beth Winger with 16 points.

NOTICE CITY OF BOYNE CITY

ANNUAL FALL LEAF, LAWN RAKINGS, AND BRUSH PICK UP PICK UP DATES:

October 13 and 14 - For residences NORTH of Boyne River.

October 15 and 16 - For residences SOUTH of Boyne River.

Only leaves, twigs and grass clippings securely placed in trash bags will be collected. Additionally, the City Crews will pick up brush at the curb if it is stacked and tied. Bags must be placed at curbside no later than 8:00 a.m. the first day mentioned. No return trips.

W. Randolph Frykberg
City Manager
City of Boyne City

Boyne Mid School adds two more

Both the seventh grade and the eighth grade girls' basketball teams of Boyne City Middle School added wins to their record on Monday night in Petoskey. The seventh grade won 15-12, while the eighth grade took a 20 point win.

In seventh grade action, the Ramblers trailed 2-8 after one period, and were down 6-12 at the half. The Ramblers went on to hold the Northmen scoreless throughout the entire second half. The Ramblers still trailed 8-12 after the third period, but went on to edge Petoskey in the end.

Scorers in the game for the Ramblers included Kris Crozier with 9 points, and Mellissa Anderson with 4 points.

In the eighth grade game Boyne led 11-3 after one period, and enlarged the gap 18-6 at the half. After three periods the Ramblers led 20-8 and outscored the Northmen 10-2 in the fourth quarter.

High scorer for the Ramblers was Crissy Gervassi with eight points. April Silbar had five points, Brooke Coveyou and Sharon Ordiway had 4 points each, Cristy DeGrow had 3 points, while Dawn Archambault, Christina May, and Tina Brown all added two points each.

Ordiway was praised for putting in an exceptional game defensively, accumulating steals, and hauling down rebounds.

Logger JV's win two

The Boyne Falls jayvee girls' basketball team put up quite a show Thursday evening as they put it all together and resoundly trounced the girls from Mackinaw City.

The Loggers of Boyne Falls took a commanding 12-3 lead after one quarter, and led 25-5 at the half. After three periods of action the Loggers were on top 42-12 and went on to completely demoralize Mackinaw City.

Improvements in fundamentals were the highlights of the Logger win as they switched well against the Comet man-to-

man defense and cut passes for timely steals. On offense the Loggers were able to find the open player for good shots, and executed the offensive plays for a good scoring ratio.

The Loggers were led by game high scorer Nikki Kerridge while Sandy Koeman also hit double figures with 10 points. Karen Bears scored 9 points, Missey Massey had 6 points, Patty Bearss scored 4 points, Ester Mayhew had 3 points, while Claudine Crego, Carrie Gray, and Holly Groh all contributed two points each.

Last Tuesday, the Loggers played another great game against Wolverine, taking a 65-17 win.

The Loggers led 19-0 after one period, and compounded for a 32-9 margin at the half. After the third period the score stood at 52-12.

Kerridge and Koeman led the attack with 18 and 12 points respectively as Karen Bearss scored 8 points. Linda Dowson had six, Massey and Mayhew scored five apiece, Carolyn Lee and Gray had four each, and Crego added two points.

Continued on Page 9

BC girls split games

The Boyne City Rambler girls' basketball team split two games last week with Petoskey and

Rogers City. Tuesday's game against Rogers City was a well deserved win for the Ramblers

as they continued to show improvements and took the game 28-27. Thursday evening

Deisler, Dell in top 20

Joe Deisler and Ken Dell, two of the many Boyne City bowlers trying to win one of the Miller Lite Northern Michigan classic tournaments, finished in the top 20 at the end of the day of competition at Manistee Lanes last weekend.

Deisler took the third place while Dell finished in 16th. Deisler also was one of the finalists in the 80 man field.

Deisler also provided one of the highlights of the tourney as he bowled a 299 game on his way to the finals.

He missed the five pin in the last ball of the tenth frame as the crowd watching sighed with disappointment.

The next tournament on the schedule will be held at Boyne City Lanes, Boyne City, in November.

PUBLIC NOTICE

The Boyne City Elementary School, Chapter I Program will hold a meeting on October 14, 1986 at 7:00 until 8:00 at the Boyne City Elementary School Media Center.

The purpose of this meeting is to review the 1986-87 Chapter I Program and Rules and Regulations.

BOYNE CITY LANES

PRESENTS ITS

BOWLERS OF THE WEEK

CARL BAYSTER

The women's first 600 series was rolled last Tuesday night as Patty Moore pounded the pins for a very fine 610 series. Patty, who fashioned a nice 233 along the way, ended up 124 pins over average for her effort. Patty bowls for the Grinding Products on the women's Tuesday night early bird league, and says that her average "is a little low so far this year, but hopefully I can bowl more series like tonight and get it back up there!" Excellent night of bowling, Patty! We're hopeful that you can bowl more 600 sets, too!

"Just one of those nights" was all Carl could say after his big night of bowling. Competing in the Wednesday night Fraternal League on the Moore's Hardware team, "Just one of those nights" happened to be career high series and game for Carl. How about these numbers? A 722 series, featuring a 267 game! It put him 153 pins over average for the evening. Carl's 722 is second only to Ron Grunch's 769 for top spot on the leader board this season. A great night of bowling, Carl! Congratulations!

PATTY MOORE

CONGRATULATIONS.

Devils post another shutout

By Dennis Skrocki

The East Jordan Red Devil varsity football team let the hometown crowd know that they hadn't forgot about the game of football over the hectic homecoming week as they trounced the Bellaire Eagles 34-0.

The Red Devils wasted no time getting on the scoreboard as Dave Freel returned the opening kickoff 55 yards to the Bellaire 31 yard line where five running plays and a Bellaire penalty later Steve Dionne scored the game's first points on a sweep play to the left side. The two point conversion pass from Dennis Skrocki to Shannon Olstrom was good and the Devils were out on top early 8-0.

Bellaire went to the passing game on their first possession but the Red Devil defense, after giving up a few pass completions, tightened up and forced the Eagles to punt. Bellaire received an early break as Dave Freel, deep man for the Red Devils, fumbled the punt and Bellaire recovered it deep in East Jordan territory.

The Devils' defense, as it has

all year, rose to the occasion and forced Bellaire to turn the ball over on downs. The Devils ground attack seemed to be rolling good but was hampered twice by illegal procedure penalties and the Devils were forced to punt. This punt was the Devils only of the game.

After again recovering the ball on downs, the offense did away with penalties and let the ground game perform as it should, and on the second play from scrimmage Darren Graham scampered 78 yards to paydirt. The extra point attempt from Skrocki to Olstrom fell incomplete but Graham's TD extended the Devil lead to 14-0.

The Red Devils once again forced the Bellaire offense to punt but this time the Eagles were unable to get off a successful punt as defensive end Jim Raymond blocked the punt and covered it at the Bellaire one yard line giving the offense a first and goal situation.

On the first play, Skrocki went into the endzone to increase the Devil lead to 20-0. The two point conversion run attempt by Darren Graham failed.

The Devils next offensive possession came quickly as Terry Burt recovered a fumble on the kickoff but didn't last long as Skrocki's first down pass attempt over the middle was picked off by a Bellaire defender.

The gloom was short lasted as Shannon Olstrom intercepted Bellaire's first down pass attempt and returned it three yards to the Eagle 30 yard line to set up the offense with a first and ten situation. This time the Devils kept to the ground game and with a series of short runs worked the ball down to the Bellaire three yard line where Steve Dionne went in for the TD to up the score to 26-0, a lead

Darrin (Ottis) Graham shoves this would be tackler to the ground and makes the turn towards better yardage for the East Jordan Red Devils.

which the Devils took into the locker room with them at half-time.

The Devils' defense came out strong in the second half and forced Bellaire to punt on their first possession. The offense wasted no time getting the first points of the second half on the board as Darren Graham ran the fourth play from scrimmage 54 yards into the endzone for his second score of the game and an addition of six more points to the Devils' score.

Skrocki hooked up with Raymond for the two point conversion. The Devils' lead was now an unreachable 34-0.

The Devils scored their final points of the game with 10:36 left in the ballgame on a 30 yard pass completion from Ted Snowden to Don Reich for the TD. The two point conversion

was no good and the 40-0 lead remained the final score. Bellaire did threaten to score late in the fourth quarter after they moved the ball to the East Jordan three yard line and then fumbled.

Graham led the Devils ground attack with 183 yards on nine carries and two TD's. Snowden picked up 47 yards on nine carries and Dionne gained 19 yards and two TD's on five carries.

Defensively Terry Burt, Darren Bishop and Steve Dionne led the way with 10 tackles each as Shannon Olstrom collected seven tackles and Ron Cook, Scott Diller and Don Reich each added five.

The 5-0 Red Devils will travel to Pellston on Friday, Oct. 10 for their next competition.

East Jordan runners 5th and 3rd

By Dennis Skrocki

The East Jordan High School men's and women's cross country teams competed in three meets last week, two at Mancelona and the other at Charlevoix.

On Tuesday, the teams traveled back on Thursday for the first trip to Mancelona for the second leg of the conference Jamborees.

The men's team came away with a fifth place finish as Tim Brennan led the way for East Jordan with a time of 16:41, good for a sixth place finish individually.

Following Tim were team members Tracy Reich (22), Nate Jason (26), Kevin Cordova (41), Gerry Cizewski (46), and Keith Vincent (61). Brennan's time was the best ever for an East Jordan runner on Mancelona's course.

Snarey's picks as outstanding runners for this meet were: Gerry Cizewski for besting his previous time by 15 seconds despite running with severe pains; and Theresa Brennan for being one of the lady Devils to obtain

medals, Cordova was the other. With injuries hampering both squads, neither was able to field a full team for the Charlevoix Invitational on Saturday, Oct. 4.

Individual finishers for the women were:

Jody Cordova (23), Theresa Brennan (24), and Tresa Hoffman (39).

For the men Tracy Reich captured a medal with an eleventh place finish while Kevin Cordova finished 31st.

CELEBRATING OUR NEW CENTURY

Continued from Page 6

Boyerne fell to Petoskey 52-38 after leading in the early stages. Against Rogers City the Ramblers were deadlocked through the first two periods, seven-all after one period, and 13-all at the half. Boyne edged the Hurons after three periods 21-20, and held the one point margin for the win. Kerry Harvey was the top scorer for the Ramblers with seven

points. Kelly Smith had six points, Mary Beth Archambault had five, Lori Knight scored four, while Colleen Williams and Vroman had three points each. Against Petoskey the Ramblers led 9-6 after one period and were still in it 21-18 at the half. Trailing by five after three periods, the Ramblers were unable to take over. Colleen Toton was the top Rambler

BC Girls

scorer with 10 points, while Harvey and Knight had six points apiece. Archambault had five points, while Vroman and Smith scored four each. Kelly Montgomery contributed two points. The Ramblers went two of 18 at the charity stripe, while Petoskey was eight of 16. The Ramblers committed 16 fouls while Petoskey was called for 20 fouls.

EJ Homecoming

by Dennis Skrocki
Students at East Jordan High School spent last week caught up in the excitement of the 1986 homecoming festivities, such as float construction, which took place every day after school until 10 p.m. and many other extra curricular activities that went with the week. Monday, the first day of "spirit week" was designated camouflage day by the cheerleaders. Tuesday was biker day. The students were asked to dress up as if they were a member of a motorcycle gang. Harley Davidson shirts and leather jackets were the favorite. Wednesday was designated nerd day, taped glasses and pocket protectors could be found

throughout the school. Thursday was "sheik and Greek" day. Many students were dressed in toga outfits. At 7 p.m. that night the entire staff and students body was invited to attend a bonfire pep rally where varsity and junior varsity cheerleaders performed several cheers and the varsity football team burnt a basket containing a mock Bellaire player. Friday, the most eventful day of the week started out early as the cheerleaders held a bacon and eggs breakfast for the varsity football players and coaches. This was "Red and Black" day and school colors could be found everywhere.

The winners for camouflage day were Gerry Cizewski, Audra Carney and Tresa Hoffman. Biker day winners were Pat Russell and Patti Schmitt. Tim Brennan, Tanya Hoeksema and Julie Lytle took the honors on Nerd Day and Patti Schmitt and Julie Lytle were winners of Sheik and Greek Day. This was also the place Mr. Hines received the pie in the face. The student behind the pie was Kimbob McKinnon. He was given the honor after a bid of \$35. After several cheers and skits by the JV and varsity cheerleaders the students were dismissed and anxiously awaited the night's game against the Bellaire Eagles.

Position Open
The Charlevoix County Press now accepting applications for a display advertising position.
Applicants should have a good car, and will be paid a salary base plus commission.
Fringes include car allowance, hospitalization insurance and vacation.
Apply in person at 108 Groveland, Boyne City between 9 a.m. and 5 p.m.

Following the game, the student council held the annual homecoming dance in the high school auditorium to give a fond farewell to homecoming 1986.

Colorado, the river and hence the state, was so named by Spanish explorers for its reddish color.

What's Happening

EAST JORDAN HISTORICAL SOCIETY
The East Jordan Portside Art and Historical Museum Society will hold its final meeting for this year on Thursday, October 9th at 7:30 p.m. at the museum. We will hold election of officers followed by our program on Our Heritage to our Industries. This should be an interesting program as all of our programs have been. Please make plans to attend.

HEALTH SCREENING
A clinic will be held on Tuesday, Oct. 14 at the East Jordan Family Health Center by the Charlevoix County Health Dept. Since only 10 persons can be scheduled per screening day, it is important that reservations be made in advance by calling the senior center at: 536-7831.

FREE B.P.
If you want tomorrow, take care of your high blood pressure today. Free blood pressure screening clinic at East Jordan Family Health Center will now be held on the 1st Tuesday of each month at 1:00 p.m.

Friday - Sweet & sour chicken or pork, vegetable medley, mandarin fruit cup, fortune cookie

High Water & Wind Causes Havoc

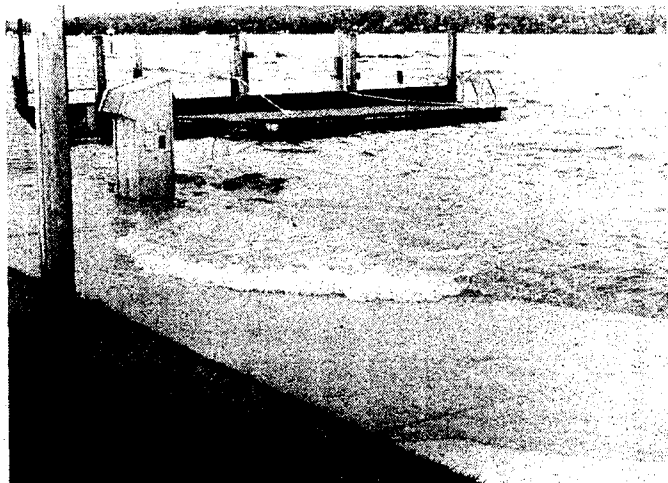

With fall comes the rains and the high winds that make the waters rise on Lake Charlevoix. Last weekend, the recent rains and the high water told their tale in these pictures taken around the lake. Above, the water is breaking over the seawall near One Water Street and making a pond in Sunset Park.

One of the cottages next to the lake along the road to Advance found about eight inches of water covering the lawn and flooding out the well house.

Residents should be glad the former Front Street isn't in use anymore as the water would have closed down the street except for one lane along its length.

Water in the Harborage Marina was high enough to wash the sidewalk with each wave. The docks of the marina were in good shape as they are of the floating style and were riding high in the water while others had their docks dashed to the shore by the high winds.

Voice of Democracy VFW scholarships available

"The Challenge of American Citizenship" is the theme of the 40th Annual Voice of Democracy scriptwriting program sponsored by the Veterans of Foreign Wars and their Auxiliaries. The Voice of Democracy scholarship program is open to all students grades 10-12. Former first place state winners are not eligible to participate again. This is a national broadcast scriptwriting program designed to give high school students the opportunity to voice their opinions on their responsibility to our country and to convey their thoughts via the broadcasting media to all America. The Boyne City VFW and Auxiliary has the program already set up in the Boyne City and Boyne Falls High Schools. There will be local prizes, district prizes and each state winner is provided with a five day all expense paid trip to Washington, D.C., plus the opportunity to compete for national scholarships, totaling \$32,500. 1st place, \$14,000; 2nd place, \$7,000; 3rd place, \$4,500; 4th place, \$3,500; 5th place, \$2,500; and 6th place, \$1,000. Deadline for entry is Nov. 21. For more information contact Carol Rosinski 582-2478 or Andy Andrick 582-2294. Our local sponsor will also have a banquet for all contestants and those that participated in the program.

Tidbits

It takes, on average, 37 second to deal a deck of 52 cards.

In Service

Air Force Staff Sgt. Steve M. Blankenship, son of Francis A. Schiender of Troy, Mich., and Eugene Blankenship of Sterling Heights, Mich., has arrived for duty with the 392nd Electronic Combat Range Squadron, Mountain Home Air Force Base, Idaho. His wife, Vickie is the daughter of Robert M. and Mary Anna Sutliff of East Jordan, Mich.

100 mile bike tour returns to area

Outdoor enthusiasts welcome the return of a Lake Charlevoix Bicycle Tour on Sunday. The 100 mile Century ride will depart at 7:00 a.m. and the 38 mile tour will depart at 10:00 a.m. both from Ferry Beach. Registration cost of \$10.00 includes a box lunch and a souvenir T-Shirt. Riders are encouraged to pre-register by October 6th, or registration will be \$12.00 the day of the ride.

Color tour maps available

Bicyclists planning fall color tours in Michigan will be pleased to know that bicycle maps for all 83 counties are available from the Michigan Department of Transportation (MDOT). The new maps are similar to maps published in the 1970's but are more detailed. They depict roads with paved shoulders, roads with

low average daily motor traffic, roads where bike travel is prohibited, designated bicycle routes, and recreational features within the county, such as camping and picnic sites. Cyclists may pick up the brochures or maps at Michigan welcome center, located on major highways mostly at border points.

For more information and tickets contact the Charlevoix Chamber of Commerce at 408 Bridge Street, Charlevoix, MI 49720, (616) 547-2101.
