## News Briefs

Boyne City officials will be meeting with DNR officials April 16th at 1:00 p.m. at the DNR office in Roscommon. The meeting will be another in the continuing saga between the city and the DNR as to when the former landfill will be capped and closed.

East Jordan Reading Is Fundamental committee will be hosting a book fair April 14th in the Board Room of the school system from 10 a.m. until 8 p.m. The book fair will see classes as well as members of the public visiting. Candace Eaton, from a book store in Petoskey, will be supplying the books for the occasion.

Shownorth '87, northern Michigan's only industrial trade show, is going to be extended two days due to the tremendous response of last year's show. Held at Grand Traverse Resort Village, the trade show features many of the area's businesses and had more than 800 mid-west company representatives visit the show to find out what was being produced by manufacturers in northwest Michigan. The primary purpose of the show is to develop more manufacturing jobs within our area.

With the success of East Jordan and Boyne City starting up a Child Watch program, Sheriff George Lasater would like to invite any county resident interested in forming a local association of Neighborhood Watch, a somewhat similar structure program, to contact his office. He said that any grouping of homeowners can form an association. Training sessions and further information can be set up with the sheriff's office. The main intent of forming an association would be to report suspicious activity within the neighborhood.

## Festival hopes dashed by grant denial

Boyne City Chamber of Commerce, Lions Club and city officials were disappointed to learn their request for funding to expand the National Mushroom Festival was turned down last week.

The request was sent out to the Michigan Travel Commission and the Michigan Sesquicentennial Commission at the beginning of March. The grant would have provided for the expansion of the National Mushroom Festival by allowing additional exhibits and other activities for the visitors during the festival.

While the Chamber group

asked only for \$15,000, the granting body allocated the money elsewhere, according to Len Neeb, the head of the group that prepared the grant request.

"It is too bad," Chamber President Phil Johnson said. "It would have given the city a real boost with all of the extra activities that were planned during an off season."

Neeb also said he was disappointed. "I guess the money was allocated to those who had a better chance than us to draw more people," he added. Neeb said he was willing to reapply again next year for the grant if funding is

available.

Neeb was also given praise for the amount of work he put into making up the request for funding, by Johnson. "Neeb did a good job preparing the request.

We thought it would be granted," he added.

While the request would have allowed for the expansion of activities, the festival will be held as it has been for the last 27 years.

The request would have allowed a lumberjack show as well as many additional tasting booths and other activities that visitors could do before and after the hunt.

## Melrose hoping to build new hall

Melrose Township officials broached an idea to have the township consider a one mill tax increase that would be used to build a new township office and help pay for a full-time township employee at their annual meeting last week.

Supervisor Larry Olliffe citing the residential growth of the township over the years has made the township too big to be run on a part-time basis. He said the residents deserved something better.

The millage request would require the residents approval at a vote and that is expected in 1988. Olliffe brought the subject up to get the township residents thinking about building a new township hall to see if they may be interested in developing the idea further.

Currently, the township meetings are held in the former township library location at the back of the firehall in Walloon Village.

Olliffe said the need for a new facility would help in the running of the township. He said records are being kept in people's homes or in lockers.

With a new township hall, he said the records could be stored in the building where they could be more easily maintained and more accessible to the public.

One option the township may consider is building an addition to the present firehall.

The addition of a new full-time employee would allow the town-

ship to handle zoning administration and property assessments as well as doing the township bookwork under the direction of the township clerk and treasurer.

No salary has been set for the employee, but Olliffe estimated it could be in the range of \$20,000 per year.

Olliffe thinks the time is right to start discussing a new township hall. He thinks the township could almost pay for the salary of the employee with the savings and salary adjustment that could be made with township officials, if the work load on them was reduced by the hiring of an employee.

Olliffe stressed that everything is still in the talking stages, and that it would take some time before the township would ask for a vote of approval.

He said he thinks an addition to the firehall would cost in the range of about \$45,000.

The one additional mill, if approved by the voters, would bring in approximately \$26,000 to the township. Olliffe figures the millage could be broken down to one half to help pay for the employee and the other half to pay for the addition. After the addition is paid for, Olliffe said the millage could be reduced by half.

Olliffe also estimated the savings in salary, by cutting back pay to township officials, would also bring in about \$19,000 and that could be used to help pay for the employee.

## New sport fishing group formed to promote fishery

A special interest group of residents from this area has been at work trying to increase the sports fishery in the area.

The group, called Northwest Lakes and Streams, is made up of dedicated fishermen who have dedicated themselves to improving area fishing. They are getting involved with fish plants, lamprey control, fish habitat, and the enforcement of the restrictions on gill netting on the lakes.

The Boyne City, East Jordan and Charlevoix residents have already met with Steve Swan, fish biologist for the DNR, and

others within the DNR on the topic of fish plants in Lake Charlevoix, Walloon Lake and the Chain of Lakes from Ellsworth to Bellaire.

The group also say they are supporting the northwest walleye ponds so plants of walleye can be made in area lakes.

One of the projects the new group of sports fishing enthusiasts are working towards is the obtaining of additional launching sites and parking facilities at many of the area lakes. They hope to get those facilities to

have cleaning stations and toilets at all new sites as well as see if the older sites can be upgraded.

While the group is based in Charlevoix, the meetings for the group are moved around the area meeting at all three cities involved around Lake Charlevoix.

The next meeting will be held in Boyne City, April 13, at 7:30 p.m. in the V.F.W. Hall located on M-75 South. The principal speaker will be Frank North of Fairport Marine Electronics. He will be speaking on Loran and other electronic fishing equipment. See Fishing/Page 5

Thursday, March 12th, Girl Scouts and Brownies from Boyne City got together at the Boyne City United Methodist Church to celebrate the 75th Anniversary of Girl Scouts in America. The girls and their leaders gathered after school to put together a time capsule. Each girl wrote a page on what it is like to be a Girl Scout in 1987. The capsule will be opened at the 100th Anniversary of Scouting. This was timed to coincide with similar Promise Circles by all other Girl Scouts around the United States. The girls then sang some Girl Scout songs which have been sung for more than 25 years. The Scouts played games, discussed the similarities and differences

between themselves and Girl Scouts in 1912 and looked at old Girl Scout pictures and handbooks. Fifty girls and their leaders from all six Boyne City troops attended. Together they represented a combined membership of more than 150 years in Girl Scouting. The Crooked Tree Girl Scout Council, of which Boyne City is a part, is searching for all former Girl Scouts as part of the anniversary activities. Any women who have ever been registered in Girl Scouts are encouraged to contact one of the following: Boyne City Service Area Manager, Kathy Staton 582-2257; the Boyne Area Chamber of Commerce, 582-6222 or the Crooked Tree Girl Scout Council, 1-800-424-0004.

## 'Top' sending 2 students to Washington

Top O' Michigan Rural Electric Co. in Boyne City will be sending two high school students to an all expenses paid trip to Washington D. C. June 12-18, 1987.

The two Top O' Michigan representatives will join 1000 rural students from throughout the country who will participate in the Rural Electric Youth Tour to learn more about government, cooperatives and rural electrification.

Activities planned include an energy battle competition,

speeches by government and rural electric officials, a White House tour, visit to Capitol Hill, educational seminars on rural electrification, informal chats with legislators, a boat cruise and dance, a professional play, an all states dinner dance and sight-seeing opportunities galore.

To apply for the trip, students must:

- 1) be a high school junior during the present school year (1986-87);
- 2) receive electricity at their

EASTER DINNER**

It is almost May before Easter arrives this year, and the plowing season celebrates it. We have faith that the planting will come and the seeds will grow. Maybe that pre-historic speck of faith was born within me as a child because I loved to follow in the furrow that the plow made when Papa guided it in straight rows across the fields with his hands on the plow handles and the lines to the horses tied around his middle. He would let go of the handles just enough to guide the horses, occasionally they knew what to do.

Now, sometimes it even grieves me a little bit that I am no longer that close to the soil. We seldom see anyone plowing any more; the big machines plow many acres in a day, and I seem to miss that day. I like to think of people plowing all over the world. I pray that wars stop long enough for the farmers to plow with enough faith in the future to feed the world.

I also like to think of a "oneness" with the family at Easter time; a time for church, new clothes and the family around the dinner table. This is the time to cook a special dinner, with the house decorated with baskets of colored eggs, jelly beans and chocolate bunnies.

Recently I have been "hungering" for a good pork loin roast. It's been a long time since I've had one and Easter will be an ideal time to roast this beautifully glazed roast using Italian dressing to marinate it in and surrounded by fruit. I'm wondering if we can wait for Easter to make this

## GLAZED PORK ROAST WITH GINGERED FRUIT

1 cup herbal Italian dressing  
4 to 5 lb. pork loin center rib roast  
2 1/2 cups apple juice  
3/4 teaspoon ground ginger  
1 cup diced apricot halves (canned)  
1 cup pitted prunes  
1 tablespoon cornstarch

In large shallow baking dish, pour dressing over roast. Cover and marinate in refrigerator, turning occasionally, four hours or overnight.

Preheat oven to 325°, remove roast, reserving marinade. Place roast in foil-lined shallow baking pan and bake 1 hour. Meanwhile in medium sauce pan, blend apple juice with ginger; bring to a boil. Add fruit and simmer 5 minutes. Remove fruit and 3/4 cup apple juice; reserve. To remaining apple juice in sauce pan, add reserved marinade blended with cornstarch. Bring to a boil, then simmer, stirring constantly, until glaze is thickened, about 2 minutes.

Brush roast with glaze and continue to bake brushing frequently with remaining glaze for 1 1/2 hours or until done. (170 degrees on meat thermometer.)

To serve, arrange fruit and reserved juice around roast.

A spinach salad will lend that touch of spring to the table and you could cook some of those small early red potatoes for color as well as flavor.

## SPINACH SALAD

In a large salad bowl, combine fresh spinach leaves, sliced mushrooms, chopped hard cooked eggs and sliced red onion. Serve with your favorite dressing and some slices of hard cooked eggs on top.

Then serve your family's favorite dessert, it could be strawberry shortcake or a beautiful layer cake. However, if you want something a little fancier, you could make

## ICE CREAM CAKE

This cake will be assembled just before eating. The cake and the glaze can be made the day before, then you can fix the top layer while the roast is cooking. Then put together and serve using a pretty cake plate and your best china for a perfect finale to a memorable Easter dinner.

You will need 2 round layer cake pans 9 inches each.  
2 pints strawberry ice cream, softened  
1 quart fresh strawberries

**Cake:**  
6 tablespoons or 3/4 stick butter or margarine  
3/4 cup sugar  
1 egg  
1/2 tsp. vanilla  
1 1/2 cups sifted flour  
1 1/2 tsp. baking powder  
1/2 tsp. salt  
3/4 cup milk

**Glaze:**  
1 cup fresh strawberries  
3/4 cup sugar  
1/4 cup water  
1 1/2 tablespoons cornstarch  
Dash of salt  
1 tsp. butter  
Red food color  
Slices of strawberries  
Sweetened whip cream

Line one pan with aluminum foil, pack ice cream in pan, cover and freeze. To prepare cake: set oven to 325°. Grease one pan and dust with flour lightly, and set aside. Cream butter or margarine in bowl, add sugar, beat until fluffy. Beat in egg and vanilla. Sift together, baking powder, flour, salt and add to creamed mixture alternately with milk. Turn into greased pan. Bake 35 to 40 minutes, or until golden brown and toothpick inserted in center comes out clean. Cool on wire rack 5 minutes. Remove cake to wire rack to cool.

**Glaze:** Put one cup of strawberries in small sauce pan, combine strawberries, sugar, water, cornstarch, salt. Cook over med. heat, stir constantly until thickened. Boil 2 minutes more. Stir in butter and food color by drops until the color desired. Strain through a sieve, cool and chill.

Split cake horizontally, wrap bottom to keep fresh. Place top on cookie sheet. Arrange sliced strawberries on top of cake; spoon glaze over berries. When ready to assemble, place bottom slice on serving plate, turn the ice cream on top of cake, remove foil. With 2 large spatulas lift glazed slice on top of ice cream. Garnish with whipped cream and whole strawberries if you wish.

Last weekend Judy Shotelis and son Kevin visited her mother Mrs. Helen Elder in Marquette. Kevin returned to his studies at Michigan State University.

Helen Canter of Litzenburger Place was ill over the weekend and will be spending a few days with her sister, Mrs. Frank Burns, in Walloon Lake.

Ann Jenkins spent last weekend in Traverse City with her daughter, June Morey, and family. June had just returned from a trip (sponsored by Ann) to Yreka and Oak Run, CA, where she had been visiting her sister, Julie, and Wayne Nadon and family, especially to meet their new daughter, Chelsebell. While there, the sisters were joined by their brother, Wade Jenkins of Sacramento, to share in an early birthday celebration with him.

Mrs. Florence White has returned, after a four month stay in Cedar Park, Texas, with her daughter Kristine and John Larry and family. She especially enjoyed their newest child, Craig Aaron, who was born March 10th.

Judy and Jack Gerrie recently enjoyed a trip to Knoxville, Tennessee, where they got acquaint-

ted with their new granddaughter, Angel, the daughter of Gail and Ken Huskey, who was born in November.

Mr. and Mrs. Lewis Takacs of Seeny were here this past week visiting her sister, Mrs. Peter Cikalo. The Takacs were enroute to visiting their children in Lincoln Park.

Marvin and Emily Howe of Grand Rapids were Saturday overnight guests of Ann Jenkins. They all enjoyed attending the RLDS "Over 45" group and guests (about 15) on Saturday night for an Easter party, which was held at the social room of Lakeview Village. The party, which was led by Ann, followed with a variety of entertainment by Lavina Hooper, Tillie Jenkins, Pansy Savage and Bill and Eleanor West. Songs were led by Ray Pearsall, with Barbara Ross at the piano. The group enjoyed a ham and egg lunch, coloring eggs and winning prizes.

Ruth Yahr left on Sunday for Lapeer to visit her daughter Cathy and Dave Dagley.

On April 2, there were 219 attending the first annual senior

## NOTICE

### OF PUBLIC HEARING ON INCREASING PROPERTY TAXES

The City is proposing to increase the General Operating Property Tax Levy to Boyne City Taxpayers to 18.75 mills, which is an increase of 1.6191 mills over the Base Tax Rate of 17.1309 mills, or an increase of 9.45%. The increase of 1.6191 is published at this time because of legal requirements of the Truth-In-Taxation Law.

In FY 86/87 the total City millage rate was 18.25 (15.75 mills Operating, 0.50 mills Debt Retirement, 2.00 mills Operating for Capital Improvements). The proposed total City millage rate for FY 87/88 is 19.25 (15.75 Operating Millage, 3.00 Voted Millage for Infrastructure Improvements and 0.50 mills for Debt Retirement). Compared to the present City millage rate, the proposed rate is an overall increase of 1.00 mills.

The maximum millage authorized by the City Charter to be levied for General Operating purposes is 20 mills.

The Public Hearing will be at 7:00 p.m. on April 14, 1987, in the Commission Chambers, City Hall, 319 North Lake Street, Boyne City, Michigan 49712.

"Every Monday morning, you have a standing appointment to meet new possibilities."

Jottings

BY JIM SILBAR

After coming back from a vacation, I must tell the folks of this destination resort area that I have just seen the future of a full-blown resort atmosphere.

I am not sure yet if I liked the experience or not. But I can see some comparisons to our area, and what it could become if the tourist idea became the number one enterprise for the businesses in the north.

I went to Jamacia, along with a couple hundred other folks, including some from this area, on a tour ride that was possibly cheaper than staying home and going shopping downstate or even in this area.

That is one of the enjoyable things about tour packages, they bring the cost of a trip down to where you can almost afford to go.

I say that because you have, or at least I have, a tendency to overspend when I get to go on vacation. I will also say that this was the first time I was able to get away on vacation in quite a few years. It took seven to save up for this past trip.

Anyway, as a comparison to this area, I must say that the land is different, but the ideas are the same.

What this area is lacking, are the little one-day tours that companies put together to take in more of the tourist dollar. Tours to places like farms, plantations, river falls, private beaches and to go shopping.

So now that I am back, my mind started to think up some tours a local entrepreneur could do around here.

We could have a company get set up at a place like Boyne Mountain. Assuming all of the tours would start from that location, tours could be set up to:

1) Tour of the great wild river country of the Jordan Valley. (Approximately eight hours). Take a scenic canoe ride down the

Jordan River. Look for rich wildlife and local natives trying to catch fish in one of the great trout streams of the north. Bring your bathing suit. Also included is a trip to a secluded cove along the shores of Lake Charlevoix where you can ride a jetski, waterbike, and get a glass bottomed boat ride looking over some of the wonders on the bottom of the lake.

2) Try the Hemingway Tour. (Approximately 4 hours). An exclusive bus ride through Hemingway Country, stopping along the way to see the setting the Nick Adams Tales. Ride along the roads beside the Horton Bay Creek, see the home where he started writing, the ruins of the church where he was married and the quaint area of Horton Bay.

3) Shopping Spree Tour. (Approximately 6 hours). A trip into the famous Gaslight District of Petoskey. The best finds in jewelry and knick-knacks are available during the first four hours. The remaining two hours will be spent in trying to figure out how you are going to put all that stuff in the suitcase for going home.

4) A Tour of the Petoskey Stone. (Approximately six hours). Spend a day looking for Petoskey stones in areas where they are found. This semi-precious stone is crafted into many gift items. Watch a carver work with the stone, bringing out the fascinating petrified coral.

5) Gold Coast Boat Tour. (Approximately 8 hours). See private yachts from both the shores and the lakes as you walk along the docks of East Jordan, Boyne City and Charlevoix. Then you may see the same boats from a different perspective as you ride around the lake on a river boat having lunch.

You can get the idea from the above tours that lots of money could be made, and many other tours of the area could be developed.

After all, a vacation means more than just sitting on the beach absorbing the sun. You could be going on a tour to find out how the natives live.

Myself, I just want a good bed so I can rest up from this past week.

Workers from the "Dry End" of the tannery back in the early fifties took some time out to pose for this picture. The dry end of the plant was where the tanned hides were cut and trimmed to the shape needed, whether they were soles for shoes or some other use. If you

have any old pictures of Boyne City or East Jordan, bring them to our office and let us copy them. Pictures of old buildings, people doing something or just posing, as they used to do back in the early times, are needed for this feature.

Unless you know these things your education has a blind spot. And you wouldn't want that, would you? Neither would I. So I am going to read this and remove my educational blind spot.

The U.S. Census counts heads every ten years. When yours was thumped and counted in 1980, it cost the government \$4.85 to do it.

But since Ronald Reagan filled the American heads with the spirit of John Wayne, the price of that thing atop your shoulders has gone up. The government now reports the cost of counting heads in the 1990 Census will be \$10.46 each. That's a \$5.61 jump in the price of Ronald Reagan's enthusiasm for John Wayne.

Now let us go around and look into the back door of the Census Bureau. Science tells us that most heads (not yours or mine, but most) are ninety percent water. And let us remember how the Pentagon was caught paying more than \$100 for a screwdriver. That doesn't seem so bad when we hear that the Census Bureau is preparing to shell out \$10.46 each to count more than two hundred and fifty million heads full of water. The total cost to the government will have so many zeros added to it that they will run down the street around the corner and into a couple of rat holes. Government spending has a history of winding up in places like that.

In these modern times someone is sure to shinny atop the town clock and threaten to sit there until the Lord calls him home, or until the government comes a running with at least one

pail slopping full of common sense. Let us all hold our breath and see who wins, the Lord or the government.

\$10.46 to count your head, ha!!

How wonderful that Boyne City voted to improve the sewer system, the water system and our streets. I had held my breath fearing a failure at the ballot box.

But no, our good citizens came forward, speaking their minds and looking toward the betterment of our City of Excellence, the largest in the county and the most promising in the north.

Fountains will no longer spring up in the middle of a street, our sewer system will operate in an efficient manner and our streets will be safe again.

What a far cry this is from the time a man would stumble home after a long night at the bar and step on a piece of sidewalk that would fly up and hit him in the back.

All hail our good citizens.

There, I've done all I could to remove your educational blind spot.

## Old-age syndrome suspected

**Editor,**  
It is such a sad thing to have to sit helplessly aside and watch the ageing process take its toll on used-to-be newspaper people. Two of our old friends revealed the symptoms of this dread process in last week's Boyne Citizen-I guess it's called the Charlevoix County Press now.  
Gregg Smith can't even remember the first name of his wife of his best buddy in Washington for gosh sakes. I'll bet he can't even recall who the Dragon Lady is that tends to the

needs and wants of our President and I suspect even sleeps with him from time to time and protects him from the harsh facts of life. This memory loss seems to be a unique condition of disgraced Republicans. One wonders what Gregg has been up to lately.

Marshall Sayles—a sometimes relative of mine—is having his problems with his cucumber trees and trying to guess right on political matters. The process is coming on real fast for Marshall. He really should wear a hat while

out in the sun. It's a good thing it's spring and both these yahoos will be back home if they can remember the way.

Now a personal note to Jim Silbar, the present day honcho of their paper. I don't advocate pulling the plug on these two yet, but ponder this Jim, and ponder it well. There is a very real danger in trying to hang in there too long. Just see what has happened to Gregg and Marshall. You are too nice of a guy for that.  
**Everett K. Sayles**

## Cucumber and macaroni trees?

**Editor,**  
It was nice to see that Marshall Sayles came up with the cucumber tree. I doubt if some will believe him, just as many don't believe the macaroni tree that I tried to grow on our place (M66

N.W. of East Jordan) when we returned in '66.  
Of all the good information I got from Ted Rebmon and Bill Grim, neither one would help me lay out the ground for the macaroni trees. They tried to tell

me that macaroni did not grow on trees. I don't see how they could have earned an Agriculture Degree without finding that out.  
The process is when the trees are so high and the macaroni is ready to harvest, you pull of the macaroni and leave the hole on the tree. The hole is the spaghetti you get a week late. Probably Ted and Bill had better go back to school.

## STATEMENT OF NON-DISCRIMINATION

March 31, 1987

Wolverine Power Supply Cooperative, Inc., P.O. Box 369, Boyne City, Michigan, 49712, has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules, Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the grounds of race, color or national origin, or on the basis of handicap, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the grounds of race, color, or national origin, or on the basis of handicap, in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in, any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed no later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

blame criminals for crime. I give my fellow citizens a lot of credit for hanging tough through all these years while the experts have insisted that crime is the fault of society every bit as much as of the lawbreakers.  
Another place where I applauded the participants for good sense is in their response to a question about whom they wouldn't want to be mistaken for. Barbara Mandrell and Charles Bronson got a lot of votes.  
In the section on things that gave pleasure or satisfaction, grandchildren ranked lower than hobbies, clothes, food and almost everything else. I'm not sure what this means. But it could be that the current crop of grand-

parents figure that once around is enough for meaningful relationships with children, especially if the grandkids fall in the age group that tend to be messy at both ends.  
It would be lovely if polls on political issues were allowed only in the months with "o's" in them. And the rest of the time pollsters had to poll on other matters, like why grandparents enjoy their clothes more than their grandchildren or why kids put beans in their ears or their noses. That's news people care about. The newsmen might not get such a kick out of reporting it. But they could always find some politically dreary news to lay out along with it.

home from Top O' Michigan; 3) and submit a written essay, either typed or neatly printed, on the subject: "Why I wish to go to Washington D.C. as a representative of a rural electric cooperative". Essays will be judged on knowledge of rural electrification, originality, composition, neatness and grammar. Essays must be submitted to Dave Guzniczak, Top O' Michigan Rural Electric Co., Boyne City, 49712, by Wednesday, April 15, 1987. Winners will be announced shortly after that date.

In addition, the two Top O' Michigan delegates will join other rural electric cooperative students from Michigan on Friday, June 12, in Lansing for a tour of the state Capitol and an educational session on rural electrification to be given by the

Michigan Electric Cooperative Association (MECA). Students will spend the night in Lansing and fly out of Lansing airport Saturday, June 13, for Washington D.C.

Top O' Michigan will provide its students with transportation to and from Lansing. The students' food, lodging and travel expenses while in Lansing and Washington D.C. will be paid for by Top O' Michigan.

MECA is the statewide service organization for 13 rural electric cooperatives in the state, including Top O' Michigan.

The youth tour is coordinated by the National Rural Electric Cooperative Association. The NRECA is the Washington D.C.-based service organization representing 1000 rural electric cooperatives in the country, including Top O' Michigan.

## Boyne Valley Garden hears talk by Rod Cortright

"Learn to Know Your Sail" was the topic chosen by Rodney Cortright, County Extension Director, when he talked with members of the Boyne Valley Garden Club on Thursday, March 26, 1987. The discussion included some interesting topics, such as: The formation of our sail, types of sail in Charlevoix County, sail drainage problems, the method used to test sail for its contents and fertilizers to use to improve gardening. This subject generated a great deal of interest and discussion.

Following a short business

meeting, tips on making a spring bouquet were displayed by Lois Pollock, a local club member.

Winifred Shields, Nan Kritcher and Violet Paquette chose Easter as their theme for lively table decorations and tasty spring pastries were served for refreshments.

The April meeting will be shared by Lois Pollock, local club President, and Annabelle Webb of Charlevoix. Both are national judges for the Federated Garden Clubs of America. Their topic will be "Victorian Gardens". Visitors are welcome.

## Automotive Products Div. of United Tech. receives award

The Automotive Products division of United Technologies Automotive was presented the corporation's Arthur E. Smith Award for productivity improvement and manufacturing efficiency by Robert F. Daniell, chairman and chief executive officer of United Technologies Corporation.

The award is named for Smith who was chairman of the corporation from 1972 until 1973. It is presented annually to a UTC unit for outstanding achievement in cost reduction and implementation of efficient, cost-effective manufacturing procedures.

In presenting the award to employees, Daniell said, "Your individual names may not be on the trophy, but in fact, your work, your inspiration, your skills, are what is being honored today."

Ann Gouvan, an employee at

the North Manchester, Ind. plant, and Penny Ulvund, an employee at Boyne City, Mich., accepted the award on behalf of the division.

Plant managers and representatives of each of the division's 25 North American plants were present at the award ceremony.

United Technologies Automotive produces systems and subsystems for the automotive industry worldwide and is part of United Technologies Corporation, Hartford, Conn.

## NOTICE PUBLIC HEARINGS

BOYNE CITY ZONING BOARD OF APPEALS MEETING  
Wednesday, April 8, 1987  
5:00 p.m.

Commission Chambers - City Hall

Pursuant to rules and regulations as set by the Boyne City Zoning Ordinance concerning the granting of variances, the Boyne City Zoning Board of Appeals has scheduled three Public Hearings for Wednesday, April 8, 1987 at 5:00 p.m. in the Commission Chambers of City Hall, 319 N. Lake Street, to consider the following variance requests:

1. **The Water Street Inn**, 216 Front Street (Property Tax Code 051-435-003-50), is asking for a variance to install a permanent free standing sign on their property to advertise their business. Free standing signs are not allowed in the Central Business District unless a variance is granted.

2. **Dr. John Karkosak**, 337 State Street (Property Tax Code 051-245-045-00), is requesting a sign variance so that he may be allowed to continue to display three individual free standing signs, rather than a single, stacked free standing sign as allowed as a non-conforming professional office area use. More details will be given at the Public Hearing.

3. **Brooks-Dietze Development**, owners of Parkview Apartments, 326 E. Division Street (Property Tax Code 051-302-011-00), wishes to construct 32 additional apartment units on their present property. Under the density rule of Planned Residential Districts (PRD), they are allowed a total of 50 units. Since 32 units are already existing, their allowable density would limit the number of new units to be built at 18. A variance of 14 additional units is being requested to be granted, so that the total number of units on the 10 acre parcel will equal 64 units, rather than the maximum density of 50 units.

More details and a location map of each of the three variance requests are available for review at the City Clerk's Office. Every property situated within 300 feet of each of these variance locations, is being notified via the U.S. Mail.

All interested persons are invited to attend the Public Hearing on all the variance requests. Additional information is available at the City Hall during regular business hours or call (616) 582-6597.

## PRESENTS ITS BOWLERS OF THE WEEK

LORETTA REDMER

MATT WINGET

"I don't believe it! I made bowler of the week?" That was Loretta's answer when she was notified of her selection as bowler of the week. And why not? When a 130 average bowler rolls games of 185-192-187 for a superb 564 series, which put her 164 pins over series average for the night, we think that is more than enough to earn the right to be chosen as our bowler of the week. Congratulations, Loretta!

If we had a bowler of the month award, Matt would have won it easily, after the March he had. Matt's average has been around the 155 mark for some time now, but for the month of March, Matt is averaging 205, with series of 642, 563, 672, and 594. Matt attributes his recent success to lots of practice and having some confidence in himself. Trust is most, as they say, Matt. Keep up the good work.

### CONGRATULATIONS.

# A free fishing week scheduled in June

A weekend of free fishing, boating and camping will kickoff a number of scheduled events planned by the Department of Natural Resources (DNR) for Sesqui-centennial Natural Resources Week, June 7-14, 1987, as proclaimed by Governor James J. Blanchard.

"These scheduled events will afford a Little League sign-up near

Final sign-ups and tryouts for the Boyne City Little League will be held Saturday, April 11, at 9 a.m. in the Boyne City High School gym. Officers, coaches and managers are asked to attend a meeting at the American Legion Hall on Wednesday, April 8, at 7 p.m.

special opportunity for Michigan residents and our outstate visitors to not only enjoy the State's many natural recreational resources," said DNR Director Gordon E. Guyer, "but also, to recognize and appreciate those same resources that have made Michigan one of the major travel destinations in the United States."

Michigan's free fishing weekend, June 6-7, will headline the list of events by allowing residents and nonresidents to fish without a fishing license. The weekend was approved by the Natural Resources Commission, who additionally approved an annual Michigan free fishing weekend over the next five years, to coincide with

National Fishing Week, held annually, the first full week of June.

Other events scheduled during the week include: \*Free overnight lodging at all of the 150 State Forest Campgrounds on June 6 and June 7. \*Free vehicle entry into all '87 State Park and Recreation Areas on June 7. Open houses at each park

and recreation area will also take place. \*Free mooring, launching and parking at the 11 State-owned harbors and 26 State public access sites on June 7. \*Open houses at all 84 DNR Regional, District and Field Offices and six State-operated fish hatcheries on selected days from June 8-12. \*A "living legends" awards ceremony honoring conser-

vation leaders, past and present, communities and industries on June 12. \*A statewide rivers canoe flotilla, tentatively planned for June 13, held in conjunction with Michigan Rivers Month held in June. \*A reunion of the depression era Civilian Conservation Corps at North Higgins Lake State Park from June 4-7.

## BC library will celebrate Library Week

The Boyne City Public Library will hold a "Say Yes To Literacy" Open House on April 8th, from 7-9 p.m. in conjunction with National Library Week, according to Janet Waldner, Librarian.

The community is invited to view the library's new collec-

tion of readability grader books and newspapers, comprehension books, tutoring manuals, survival skills workbooks and much more of assistance to adults wanting to learn to read. Refreshments will be served.

The library staff has recently taken

certification training to establish the library's "Say Yes To Literacy" Center and to assist adult new readers, educators and community tutors in literacy work.

Adults wanting to learn to read or to read better are encouraged to visit the library or call ahead for a confidential ap-

pointment to learn about the reading assistance now available to them at Boyne City Public Library 582-7861.

The 17 literacy centers opening in northern Michigan Lower Michigan libraries this April are a project of the Northland Library Cooperative, Alpena,

for its members and are underwritten by a \$15,000 LSCA Title VI "Say Yes To Literacy" Centers project grant from the U.S. Department of Education.

For further information contact Boyne City Public Library. Tutors are badly needed in Charlevoix County.

## Boyer City Library Open House April 8

To celebrate Library Week and Michigan's Sesqui-centennial, we have planned programs for each of our working days, starting April 6th.

Wednesday, April 8th: An Open House for "SAY YES TO LITERACY" will be

held from 7 to 9 p.m. Come view our new collection of readability graded books. Refreshments will be served.

Thursday, April 9th: Great Lakes Schooners and Steamers and Freighters-Century and a half of Great Lakes Shipping.

Saturday, April 11th: Children's Story Hour from 10:30 to 11:30 a.m. for children

ages 4 to 8. Story Hour will be held upstairs.

During the week we will be spotlighting Michigan books with a daily display of different aspects of Michigan.

ALL PROGRAMS WILL TAKE PLACE AT THE LIBRARY.

## ORVs causing severe damage to state lands

An all-out law enforcement effort is underway by the Department of Natural Resources (DNR) to stop the devastation of State Park, State Recreation Area and Wildlife/Game Area lands caused by the illegal use of Off-Road Vehicles (ORV).

"The problem is getting out of control, especially on State lands in southern Michigan," said DNR Parks Division Chief Jack Butterfield. "Park rangers and law enforcement officers are authorized to, and will cite

anyone caught riding on these lands." Driving ORVs in non-designated areas in Michigan is a misdemeanor with a penalty of up to 90 days in jail and/or a \$100 fine.

DNR officials report illegal ORV activity in these areas has stripped and eroded vegetative land cover, disrupted wildlife and jeopardized pedestrian safety.

The only State Park with a designated ORV area is Silver Lake State Park in Oceana Coun-

ty, according to the Department. All other State Park, State Recreation Areas and Wildlife/Game Areas are off limits to ORVs.

"There's no reason for ORV damage to occur on these protected lands when the State maintains over 1,600 miles of trails for ORV use on State forest land in northern Michigan," said Henry Webster, DNR Forest Management Chief.

Groomed woodland trails have been set aside by the DNR for ORV use on state

forest land in the Upper Peninsula and the northern half of the Lower Peninsula, said Webster. An additional 1,240 acres are open to ORV use at the Motorsport Area in Roscommon County, he added.

A list of ORV trails are contained in the Michigan Cross Country Cycle Trails guide, published annually by the DNR. Guides are available at all DNR offices or DNR's Information Services Center, PO Box 30028, Lansing, 48909/517-373-1220.

GLEN'S SAVE-SHARE

Leanna Hardy is holding a check she has accepted from Glenn's Save/Share for \$225.09 in behalf of the Boyne City V.F.W. Auxiliary 3675.

GLEN'S SAVE-SHARE

This is one example of a non-profit group making use of the Save-Share Program to help raise funds. There are many more groups using it, too. Glenn's wants everyone in Boyne City to know about Save-Share and hopes more groups will use it to raise funds.

All a group has to do is register with the store manager and begin saving the green cash register tapes. Glenn's will pay 1 percent of the total qualified amount of all tapes brought in by any registered group; and not just once, but each time a group brings in \$25.00 worth of slips or more.

## Students invited to 4-H Exploration Days

Charlevoix County young people can celebrate Michigan's 150th birthday at 4-H Exploration Days, June 24-26 at Michigan State University. The theme of the event is "Michigan in Motion," and several special activities are planned in recognition of Michigan's sesquicentennial. "Exploration Days is an annual, action-packed, three-day event that gives 4-H members opportunities to learn skills and increase their knowledge in a wide variety of topics," says Jane Regenmorter, Charlevoix County Extension 4-H Youth Agent. "Learning options range from TV and radio production to veterinary science, commodity marketing, aerobic exercise, robotics, and food and nutrition." Participants in 4-H Exploration Days can choose from more than 200 learning options. In addition, special activities that depict Michigan's past, present and future will help teens understand the history, economy, natural resources and people who have contributed to Michigan's progress. "Kids who attend 4-H Exploration Days have a lot of fun and meet many new friends from all over the state," Regenmorter says.

A special night of entertainment during the event will feature the national touring comedy company "The Second City" and the L.A. Lakers and Michigan State's own Earvin "Magic" Johnson. All participants in 4-H Exploration Days will receive a free T-shirt and spend three fun-filled days on the beautiful, sprawling campus of MSU. The registration deadline is May 1 so contact Jane Regenmorter at the Charlevoix County Cooperative Extension Service for more details. The number is 582-6232.

## DNR director to discuss chartering with captains

Gordon E. Guyer, director of the Michigan Department of Natural Resources, will discuss the economic impacts of the charter boat industry on local communities at a Michigan Sea Grant Extension regional charter captains' workshop April 18 at the Grey Gables Restaurant in Charlevoix.

A 1985 Michigan State University study of the industry indicated it had a \$21 million impact on the state's coastal communities. Numerous communities have since evaluated their accommodations and

facilities for this rapidly growing sector of the tourism economy.

Other topics on the workshop agenda are a report of the 1986 Lake Michigan creel census, a discussion of the Lake Charlevoix management plan, a summary of MSU's four-year salmonid diet study, a talk about Lake Michigan/Lake Charlevoix fishery concerns, and a presentation about promoting charter businesses with brochures.

Charter captains will also hear comments on industry issues from represen-

tatives of the Michigan Charter Boat Association.

A \$10 fee covers the cost of materials and lunch. For registration information, contact John C. McKinney, district Extension Sea Grant agent, 400 Boardman Avenue, Traverse City, or call (616) 941-2256.

The Michigan Sea Grant College Program is a cooperative effort of the University of Michigan and Michigan State University in Great Lakes research, education and extension.

## 150 to be noted for Sesquicentennial

Michigan First Lady Paula L. Blanchard has announced a Sesquicentennial award program to recognize 150 Michigan women for their contributions to the state and its communities.

"Michigan communities are filled with first ladies of their own-women who quietly help others above and beyond the call of duty and without fanfare or recognition," Mrs. Blanchard said.

The Michigan 150 First Lady Award is a tribute to women who have performed a significant service for their community, state or nation but of-

ten go unnoticed, said Mrs. Blanchard.

"The Sesquicentennial is our year in Michigan to honor the past, celebrate the present and build for a bright future. It is a time to take pride in one's community and the contributions of individuals making up Michigan's diverse population. The Michigan 150 First Lady Award will highlight and recognize the contributions of women to their community and to our great state. Our state is full of unsung heroines. Help us find these remarkable women of Michigan," said Mrs. Blanchard.

In addition to First Lady Paula Blanchard, co-sponsors of the award program include the Michigan Women's Commission and the Michigan Sesquicentennial Commission.

The 150 award winners will be honored at a luncheon in November, and a book noting their accomplishments will be distributed to schools and libraries.

A potential nominee should not have received noteworthy recognition beyond her organization or peer group. At least one woman will be selected from each county.

Nominations for the award may be submitted by individuals or groups. Forms for this purpose are available from Susan Van Wieren, Charlevoix County Sesquicentennial contact person. Nominations must be submitted to her by June 11 or must be postmarked no later than June 10. For more information, call her at (616) 547-9947.

Coolman offered academy appointment

Russell (Rusty) Coolman of Charlevoix has been offered an appointment to the United States Naval Academy at Annapolis, Maryland, according to Congressman Bob Davis.

Coolman, the son of John and Dianne Coolman, previously was offered an appointment to the United States Air Force Academy at Colorado Springs,

Colorado. He must decide upon which Academy he will attend. The eighteen year old senior will graduate in June from the Charlevoix Area High School with a 3.78 grade point average.

Coolman has been active with a wide variety of activities during his high school career. He has served on the Board of Directors for the Keep Charlevoix Beautiful Committee and the National Honor Society, the Debate Forensics Team, French Club, Computer Club and his Church Youth Program. Athletically, he has participated with the baseball, football, tennis and skiteams.

"Rusty is a very talented student and athlete and I am confident that he will do very well at whichever Academy he elects to attend," Davis said.
