

Cancer Society winner in BC jailings

About \$8,000 was raised locally for the Cancer Society from "criminals" such as Jim Kline, president of LexaMar. Many other local dignitaries were taken in front of Her Honor Gen Varnum where they were fined and told to make phone calls to raise the bail. Seems like everyone who was wanted for something or another was brought to the jail in front of the Century 21 office where they had to wait in line before appearing in front of the judge. Local police joined in the effort to rid the community of a serious illness, cancer, and hopefully, the money raised will help to do that.

Boyne high school opts for different roof plan

Boyne City High will be getting a new roof, but it may not be the roof idea that was presented to the board last month, showing a contemporary roof line and made of steel.

After board members heard and discussed the problems of footings, support walls, and other architectural problems of designing and restructuring the proposed steel roof plan, the board opted to find out what the costs may be to replace the high school roof with a rubber membrane type.

Board members had hoped to have a roof installed similar to the one presented to them by the

beginning of the school year, but the problems have caused concern that it could be done in time.

School architect Bob Smith outlined some of the things he has run into when trying to make the roof idea work. He told the board the outside walls of the school have footings adequate for the present loads, but not good enough to hold the weight of a new roof. He said, after reviewing the blueprints of the present building, the load

bearing walls of the school are the walls dividing the classrooms.

In order to make the concept of a sloped metal roof work, the design and construction time would not allow construction to begin this summer. He told the board the manufacturers of trusses and other steel elements needed was about six to eight weeks instead of the two to three weeks he told the board earlier.

The reason for the change was

that because of the footing problems, new supports would have to be installed within the school to support the weight of the new sloped roof.

He then presented other options to the board, one of which was to add additional support to the present girders on the interior and add a membrane roof. He told the board that costs would be about the same and could be done within the time frame the board wanted.

The board then spent several minutes discussing that option as well as other ideas before agreeing to have the architect figure the costs on getting a membrane roof and develop a possible time frame in which the work could be done.

The board asked Smith to come back to them at the next meeting showing those costs. He was also asked to present costs of

the steel structure if he eliminated some areas where it may not be needed.

The board then went on to other matters leaving the architect to decide the best plan of action and report back to Superintendent Rich Kelly.

They then rejected an offer for the building trades home which

Boyne City School will be selling bonds for about \$500,000 after voters in the district approved the school board's request in Monday's election. Voters approved the bond issue by a vote of 404 yes to 244 no.

In the annual election for board members, Dave Guzniczak received 477 votes while Thelma Behling had 356 to win the two four-year terms open on the board. Other votes were cast for John Mathers, 239 and Robin Hisong, 168.

In Boyne Falls, voters ap-

proved the millage 129 yes to 53 no. The renewal was for 21.37 mills. Elected to the board was David Carson with 131 votes and Karen Seeley with 94 for four-year terms. Judith Wagner had 90 votes. Kathy Massey won for a three-year term, she ran unopposed.

News Briefs

Jim Gene of the Department of Natural Resources in Boyne City announced there will be an off-road vehicle course this summer for 12-15 year olds. It's a six-hour course and will most likely be completed in two nights of sessions. If interested, call the DNR office for more information.

Operation HEMP, a Michigan State Police effort to eliminate marijuana planting in the state, is ready for another seasonal attack on the illegal crop. Nearly 50,000 plants were destroyed last year by local and state law enforcement agencies. Citizens are asked to call the hot line 1-800-235-HEMP if they have a suspicion about something growing on the land. Officials say they are interested in reports of all plots, large or small, that may be growing.

Owners of commercial vehicles that carry loose loads will be required to fasten a tarp covering the load if legislation now being considered in the State House is approved.

With only three lots left in the Boyne City Air/Industrial Park, prices have been raised recently. The last lot sold this past week went for \$12,500. Get 'em while they're hot folks, and remember when those lots were offered for only \$8,500.

EJ dedicates new harbor, marina with ceremony

As the strains of "Yankee Doodle Boy" and "Grandioso" lifted across the South Arm of Lake Charlevoix in the breeze, the tone was set for the dedication ceremony. A day made for

sailing, a breeze under azure blue skies and sparkling golden sunshine gave the new harbor a storybook beginning. The East Jordan High School Band intensified the mood with "This is the

Start of Something Big" and "The Banner" as flags snapped slightly in the breeze and sailboats bobbed on the small whitecaps in the harbor.

Smith named to head BF school

July 1st will mark the first day on the job for the new Boyne Falls Superintendent, Charles C. Smith after he was chosen to lead the school system from three candidates.

This will be the first superintendent's position for the 38-year-old, currently a middle school principal in the Akron-Fairgrove

School District.

Smith was chosen after the board had interviewed Keith Moore, principal of the East Jordan High School and James Martin, principal of Wolverine High School. One other candidate was also interviewed but dropped from the race for the position by withdrawing.

Smith takes over replacing former Superintendent Robert Redmond, who left the school system for a similar position with the Mason Central Public School System last April. Redmond had been at Boyne Falls for 2 1/2 years.

Smith will start at a salary of \$36,000 for a one year period of a two-year contract. The other years' salaries will be negotiated each year. He was also given 20 vacation days and 13 sick/personal days per year. His contract includes health, life, dental and dental insurance coverages as well as a \$1,000 moving expense allowance. He will also have a \$75 per month car allowance and will be given 15 cents per mile outside the Char-Em School District.

Smith has had 14 years of experience in education starting as a biology/science teacher at Atherton Community Schools near Flint. He also taught as an industrial arts teacher in Atherton Middle School, and was a teacher consultant for learning disability students at the same school.

He moved to Akron to take the

Pow Wow success

Dancers in full costume danced away the day as they had fun remembering the traditions of the Indians. The Annual Pow Wow brought Indians and visitors from all over the nation to East Jordan for the weekend.

Chief Little Elk, of Mt. Pleasant, sang a special song for the Pow Wow dancers. Little Elk is one of the elders of all the Indian nations that live within Michigan. Earlier in the day, he blessed the Pow Wow grounds.

FATHER'S DAY

Thinking of Father's Day brings back fond memories of my own father, and I have discovered that good fathers never really leave us. My father is very close to me now and he departed from this earth more than 35 years ago. What a role model for the young fathers of today! One of my first memories of my father was when I would go down to the barn to meet him so I could walk back to the house with him for dinner at noon—hand in hand. I remember thinking about how big his hand was. He must have been nine feet tall.

Papa wore his farmer's overalls all week; he only had one suit of clothes that he wore to church on Sundays. Yet to my thinking now; he was a real gentleman. I recall walking along the sidewalk in town with him when he reminded me that a lady always walked on the inside—the man next to the curb. He also said that a lady always offers her hand when she meets a man if she wants to shake hands; it is her choice. When I was older he double checked my dating habits, which all good fathers do, and all teenagers resent at the time. I knew that he always expected me to be what he called "a lady."

Then I ponder about our forefathers as many of us are doing some research on Michigan's 150th birthday. I like to think of the men and their families who caught the "Michigan Fever" and came with the thousands to settle in Michigan in the 1830s. My father was born only 40 years after Michigan became a state; just a pin prick in the history of time. We think of our fathers as old men with long white beards, though that was not the way it was during the settlement of Michigan. The pioneers of Michigan were the nation's youth searching for homes.

The 1840 federal census for Michigan states these surprising facts: the classification of "Twenty and under Thirty" was the largest in any grouping; the second largest was under 5 years of age; it was predominately a male population; to appreciate the extreme youth of the pioneers we need to know that

54% of the population was under 20 and 75% less than 30 years of age.

One can imagine the robust appetites of those hardy young men!

It must have kept the "gals hopping". Potatoes, beans, pork, cornbread and molasses cakes were favorites. Papa loved beans, puddings, apple pie and pancakes with fresh side pork or sausage.

Here are a couple of recipes of foods loved by our young fathers of today.

OLD-FASHIONED BAKED BEANS

Made the easy way.
1 1 lb. 5 oz. can pork and beans
3 tablespoons brown sugar
2 tablespoons good quality tomato catsup
2 strips bacon, diced
Stir together first three ingredients in bean pot or 1 qt. casserole. Top with bacon and bake uncovered at 350° for 45 to 60 minutes. Makes 4 servings.

This next recipe is the kind of dessert many young and old fathers will appreciate. I have seen our Joe drive an extra 40 miles to go to his favorite restaurant where they serve this FROZEN PEANUT BUTTER PIE 1 chocolate Crunch Crust*

1 8 oz. pkg. cream cheese, softened
1 14 oz. can Eagle Brand Sweetened Condensed milk (not evaporated milk)
¾ cup peanut butter
2 tab. lemon juice concentrate
1 teas. vanilla extract
1 cup whipping cream, whipped or 1 (4 oz.) container of non-dairy frozen whipped topping, thawed
Chocolate fudge ice cream topping
In large mixer bowl, beat cheese until fluffy; gradually beat in sweetened condensed milk, then peanut butter, until smooth. Stir in lemon juice and vanilla. Fold in whipped cream. Turn into prepared crust; drizzle topping over pie. Freeze 4 hours. Return leftovers to freezer.

*Chocolate Crunch Crust
In heavy saucepan, over low heat, melt ½ cup margarine or butter and 1 six ounce package chocolate chips. Remove from heat, gently stir in 2½ cups oven toasted rice cereal, until completely coated. Press on bottom and up sides of buttered 9 or 10 inch pie pan. Chill 30 minutes.

This pie can be made with a graham cracker crust also, however, this chocolate crust is "Out of this world."

NEWTON D. PIERCE ARDIS A. PIERCE

Funeral services for Newton D. Pierce, 70, and Ardis A. Pierce, 69, of Sturgis, was held Monday, June 8, at the First Baptist Church, Sturgis. The Rev. George Goss officiated and burial was in Oak Lawn Cemetery, Sturgis.

Mr. and Mrs. Pierce died June 4, 1987, at Sturgis.

Mr. Pierce was born Feb. 2, 1917, at Atwood, the son of Harris K. and Rose (Whitlock) Pierce. He grew up in the area and attended and graduated from high school in Marquette. He had resided with relatives in Marquette while attending school there.

Mr. Pierce had been employed by the Sturgis Foundry for 30 years, retiring in 1979.

Mrs. Pierce was born April 15, 1918, in St. Petersburg, Fla., the daughter of Kenneth and Sarah (Painter) Hathaway. She grew up in East Jordan and graduated from East Jordan High School.

Newton Pierce and the former Ardis Hathaway were married June 11, 1938, in East Jordan. They moved to Sturgis in the late 1940s and following retirement they traveled extensively, spending the winter months in Florida. They were avid golfers.

Mr. and Mrs. Pierce were members of the First Baptist Church in Sturgis.

Mr. Pierce was a veteran of World War II, serving in the U.S. Marine Corps. He was an active member of Knights of Pythias, Phoenix Lodge No. 171 where he had served as chancellor commander. He was also a member of BPOE Lodge No. 1381 in Sturgis.

Mrs. Pierce was a homemaker and active member of Pythian Sisters, Pocahontas Temple No. 121 and had served as most excellent chief.

Mr. and Mrs. Pierce were preceded in death by a son, Daniel, in 1943.

They are survived by: one daughter, Mrs. Ronald (Rose Ann) Hite of Fort Wayne, Ind.; two sons, Kenneth Pierce of Grand Rapids and Ernest Pierce of Colorado Springs, Colo.; seven grandchildren; one great-grandchild.

Mr. Pierce is also survived by one sister, Bertha Parsons of Charlevoix and Mrs. Pierce is survived by two sisters, Violet Bardo of Bristol, Ind. and Mrs. Glen (Olene) Kindig of Three Rivers; several nieces and nephews.

The family suggests memorials to the American Cancer Society or Michigan Heart Association.

H. GORDON FROST JR.

H. Gordon Frost Jr., 54, of Walloon Lake, died May 30, 1987, in Resort Township.

A memorial service will be held at a later date in El Paso, Texas.

Mr. Frost was born June 8, 1932, in El Paso, Texas, the son of Henry Gordon and Nell Streeter Frost.

He is survived by two daughters, Nan Frost Smith of El Paso, Texas and Adele Frost Romero of El Paso; two sons, Richard Lee Frost of Mesilla, N.M. and Henry Gordon (Tif) Frost III of Tujunga, Calif.; five

grandchildren; one brother, Paul O. Sergeant Jr., of El Paso, Texas; one sister, Monie Dunning of Houston, Texas; his mother, Nell Frost Sergeant of El Paso, Texas; many nieces, nephews and cousins.

The Positive Side

The sign of a leader:
"The first to spot problems and thinks ahead."

Jottings

BY JIM SILBAR

This past weekend, actually Friday, I had a chance to have a pleasant conversation with the top boss of the Department of Natural Resources. The conversation was at a cocktail party after the dedication of East Jordan's new marina which Dr. Gordon Guyer attended along with a host of other dignitaries.

In between his and my talking, Ralph Ostling, our representative in the state legislature, and the aide to Congressman Bob Davis, all seemed to be trying to catch the ear of the man as much as I was trying to listen.

I know I don't think I would want Guyer's job. After listening just a short while to the many thoughts presented, I have come to the conclusion that the man has a more important job than the governor.

No other person I can think of quickly, is trying to do as much for those of us who use many areas of the state for recreation or business. Blanchard could take a second seat to what Guyer has to do.

Not only is he in charge of boating interests, hunting interests, forestry interests, fishing interests, campgrounds, and all the things we think of as fun recreation, but he is also involved in environmental interests like the wetlands, dumps and landfills, clean-up of rivers and streams, and others.

He is a man in the middle of almost everything that can affect us folks in one way or another.

In the short time of the cocktail

party, topics of conversation included the wetland problems of northern Lower Michigan, but now Upper Michigan has come under the wetland gun. Seems property values are dropping drastically all along Lake Michigan since those folks up there found out they needed permits to develop land.

They are only a couple of years behind what this area went through earlier.

Guyer came to East Jordan after opening the River Rouge Clean-up campaign earlier that morning. Talk about a mess. Our rivers and lakes are pristine, compared to that river.

Townships are at fault for letting raw sewage flow into the river, the industrial users along it have also contributed to the problems, and the human element has really been trashing the river, thinking it was a dump or something.

Then Indian fishing came up in the conversation. Along with all of the fish plantings being made for the sportsman and the commercial fishermen, he has to try to resolve that problem.

All of the conversation made me think back to a time when all the head of the DNR had to think about was hunting and fishing and forest fires.

The whole thing kind of reminds me of the Coast Guard. Trying to do everthing asked with little or not enough money or manpower.

I put the blame on guys like Ostling and Irwin.

They keep generating laws without funding them. Like the wetlands; like the dumps and landfills; like clean water; like so many things.

I think the next law created should be to put a tax on laws, payable by the person who creates it. I think 50 percent of the cost of the program should be enough to cause those guys in Lansing and Washington to think before they create problems on problems.

Just think, if that sort of law was passed, there wouldn't be any legislator getting rich off the state as everything he wanted to see passed would have to come out of his own pocket. Of course, bankruptcy would not be allowed. And no more new laws would be passed that cost money.

In the old days when you built a home like this one somewhere along Pleasant Valley Road in Boyne City, you used 12 and 14 inch white pine planks to make the walls. This home which was being constructed sometime about the turn of the century, shows how the workmen did the job. Another layer of siding or shakes was nailed to the planks. Notice the man heading into town carrying something in his wheelbarrow.

Marshall Sayles

To all graduating students I say this with great bounding joy: The world and George Bush are now being turned over to you.

The woman behind me at the check-out counter said she sometimes reads this column, usually when there's nothing else to do. It would be better, she said, if I would attend church more often and write something about the Lord.

As the young lady was ringing up the price of my baloney, the talkative woman continued to rattle my bucket by saying that I should also flee the wicked.

I told her right off that in no way was I going to leave Boyne City.

I shall now suppose the reader enjoyed what I have said and will run a finger down this column looking for additional intelligence.

I said something about a beer garden the other day and my seventeen-year-old granddaughter asked, "What's a beer garden?"

That question was music to my ears.

You can now get a free lesson on the present state of our economy. All you have to do is to go into the bank and ask for a loan at five percent.

I shall now suppose the reader is still with me hoping I will not chop this stuff off too quickly. Not to worry. I had a birthday a few weeks ago and I am no longer quick chopper.

For many years I smoked tobacco like an idiot. When I quit I thought I would feel much better, perhaps younger. The truth is I didn't feel a bit different.

"Of course not," a friend said. "Smoking had nothing to do with

you being an idiot."

I took his words in jest, but when I got home I asked my wife if she thought I looked like an idiot. She took so long studying my face I told her to forget it.

I was in the hardware the other day looking for glue. They

didn't stock the kind I wanted so I walked around looking at things. You know something? Even the things you don't need cost too much.

Secret: Some of these tidbits are new and some were lifted from old stuff. I keep old columns

in a safe place where moths cannot break through and gnaw the corners off. The only time I've ever snatched from old stuff happened when I was short of breath.

But let me say that it is as natural for me to whip up new stuff as it is for a pig to squeal.

was completed last fall and countered with a different price. The offer for the new home was \$48,000 which was too low for most board members. They countered with an offer to sell at \$51,500. The asking price for the home was \$56,000 based on the appraisal the board had had done, figuring they would have to come down some and settle around \$52,500. The offer was the first offer the board has received on the home located on Alice Street.

If the counter is accepted by the buyer, Kelly was given the go ahead to sell the house.

The board then approved the purchasing of three new textbooks for French one, French two and forestry.

They also agreed to partici-

pate next year in the Northern Michigan School Food Service Cooperative. Kelly told the board by being a member of the organization, the school saved about \$7,000 on food costs.

Board members then accepted with regret the resignations of coaches for varsity softball and cross country. Shelly Martin was the coach for the softball squad and asked to be replaced.

Steve Edwards, the cross country coach asked to be relieved of the coaching assignment because of a new birth in the family. In his letter of resignation, he said he would come back to coach at some time in the future.

The board also agreed to continue with Blue Cross-Blue Shield

as the health insurance provider for the school system next year. If any teacher or worker for the school district opts to have another insurance program the worker would have to cover any cost differences.

They then agreed to recall administrators Shelly Martin as the Community Education Director and Sherry Sheldon as a half-time Chapter One Administrator. Earlier this year, the board had terminated their contracts as they did not know if the funding would be available for the next school year. As funding is still available, the two were rehired. The two had been terminated and rehired several times over the last few years because of not knowing if funding was going to be available for the programs.

Also approved was the allowing the use of school buses for the Mackinac Bridge Authority. The Authority asked the school district to participate in providing buses for those walking the bridge on Labor Day weekend. The school district will be paid \$135 plus 30 per mile for the use.

After discussing a change in a board policy concerning building usage, the board will be taking action on making a policy change at their next meeting. The changes asked by the administration would not allow the buildings be used for such things as weddings, private parties or any activity where the event takes place by invitation only.

Board President Richard May thought the policy change was too broad and would limit the use of buildings by groups such as the boy scouts.

They then set a meeting date to discuss the budget and hold a special board meeting. The public hearing on the budget will be held at 5 p.m. Monday, June 22 while the board meeting will be held at 5:30 the same night.

The board then went into a closed session to hear a parent complaint prior to ending the meeting.

Smith has a bachelor's degree from the University of Michigan, a master's in biology from Northern Michigan University, a Master's in educational leadership from Eastern Michigan, a master's in special education from Oakland University and is presently completing his Ph.D. in educational administration from Michigan State University.

He and his wife Sally have two children: Amy, 13 and Keith, 11.

He is presently looking for a home within the school district, but his contract does not require him to live within the district.

The "Child Watch Community" signs posted on all major roads leading into East Jordan were made possible by a recent fundraiser by our local Lions Club. Club members cut, split and raffled off two cords of wood, raising \$330.00. Dave Graham was the lucky winner of the wood.

Master of Ceremonies Mike Dionne, East Jordan City Manager, introduced dignitaries including State Senator Irwin, State Representative Ostling, and a representative for Congressman Davis, Division of Natural Resources Director Gordon Guyer, and Waterways Commission Director Keith Wilson and staff, U.S. Fish and Wildlife Service Regional Director John Popowski and local dignitaries from the East Jordan Iron Works, Northwestern State Bank, East Jordan Public Schools and East Jordan Mayor Pat Sweet and East Jordan City Council members.

A Sesquicentennial flag was presented to Mayor Pat Sweet by Mrs. Mary Jo Bails from the State Sesquicentennial Committee.

Congratulations were offered by Gordon Guyer, DNR Director and Keith Wilson, Waterways Commission Director.

Mayor Sweet presented a history of harbor activities of East Jordan dating back to lumbering days and explained the process by which the new harbor has been attained.

Invocation and benediction were offered by the Rev. Don Ferguson, recently retired Presbyterian Minister in East Jordan.

"A memorable day" is an apt description as given by Mr. Dionne as the East Jordan High School Band closed the ceremony with the spirited "Liberty Bell."

A reception followed for the sizeable gathering at Elm Pointe.

When was the last time you wore a shirt that was ironed by someone other than you or a relation?

If you were a customer of Boyne Laundry and Dry Cleaners, you could be wearing a shirt that they washed and ironed, thanks to some new equipment they recently installed.

A whole new shirt line that takes the washed shirt, and with the help of a couple of workers, irons it just right.

The service is the only one in the county, according to Jeff Bradford, the owner of the dry cleaners. Bradford installed the equipment he has had for a long time recently, and started the service in May.

"With the growth of the city," Bradford said, "the office workers and tourists, we felt we needed to finally add this service to fulfill the demand created by the growth."

Bradford is high on the city and its future. He said since he started in business ten years ago, the city has really grown. Ten years ago, Boyne had no dry cleaning establishment in town. He said it has been "Fun watching Boyne and the business grow even though it took a lot of hard work. I must say, it is a joy to see."

He added that with the shirt service he can now be called a full service business.

While he experimented with washing and ironing shirts for some time in order to get the "bugs" out of the procedure, the service is now working two days a week. If you bring in a shirt on Monday, you should be able to wear it washed and ironed, by

Real Estate Service, a new firm starting out in Boyne City, is staffed by real estate veterans, Don MacNaughton and Mary Ferguson. Others on the staff include Royal Watkins, Jim Sturdevant, and Dick Kuha. The company is located in the Atrium Mall, downtown Boyne City. The office is offering total real estate services including development, commercial and investment properties as well as residential and resort homes.

Wednesday.

And if you are one of those who feels that with the advent of no-iron products, you may find you will like the feel that a machine ironed shirt has to offer.

Bradford also said that the all cotton shirt is making a comeback, and those types of shirts need the ironing service his company is providing.

About the only difference

between years ago when all cotton shirts were the fashion and now, is that not everyone likes to have starch in their shirts.

Bradford said the majority are preferring the no-starch ironing his firm is doing.

The laundry and dry cleaning company is located on Front Street, near the marina and the new city beach.

After washing the shirts, workers at the Boyne Laundry and Dry Cleaning make use of the newly installed equipment, pressing the shirts to perfection.

Tigers, Orioles tie for Little League lead

BY JERRY FROATS
The Tigers and the Orioles, both sporting 5-1 records, tied for the lead in Boyne City's Little League Majors after Saturday's double-header, while in the girls' majors division the Twins have the lead with a 5-3 record.

Getting win number four was the Giants after last Tuesday's game when they put down the Red Sox 13-12. The Giants led 8-3 after 3 innings, when the Sox put together a nine-run fourth inning to take a 12-8 lead. The Giants answered with three runs in the bottom of the fourth, shut the Sox down in the top of the fifth, and stole it away with two runs in the bottom of the fifth.

James MacNaughton was the Giant pitcher for the first five innings when Bodie Crumpler relieved. Seven from the Red Sox' team were fanned while eight walked. Nathan Matelski went four innings when Jeff Denise took over the mound for the Sox in the final inning.

Leading the Giant offense was Troy Peck with two doubles and a single while Brandon Stadt added another double and one single. MacNaughton doubled in the game and Jake Bernthal bagged a single.

For the Red Sox team, Matelski belted two doubles and a single while Greg Massey collected a double and a single. Other hitters were Jason Wilson and Eric Frankowiak with a double each, while Mike VanHoosier and P.J. Leazier added a single each.

Wednesday's double-header saw the Tigers down the Dodgers 10-4 and the Bears edge the Koalas 13-12.

The Bears scored all 13 of their runs in the first three innings and held off a potential tie score in the top of the fourth to win.

Stephanie Miller and Anisa Clark worked the mound for the Bears, giving up three hits. Megan Rader went the distance for the Koalas, allowing two hits.

Hitting for the Bears were Jessica Johnnecheck and Clark, while Kelly Johnnecheck and Holly Erber collected hits for the Koalas.

In the boys' division of Wednesday's action, the Tigers went ahead 5-0 after the first inning and 8-2 after the second, leading for the remainder of the game.

Aaron Fisher went the distance for the Tigers, retiring six batters and walking 10. David LaPointe and Billy Brown shared the Dodgers' mound, striking out four while walking 14.

Each team gave up one hit, John Bush for the Tigers and Ed Liost for the Dodgers.

The Yankees shut out the Giants in Thursday's game 16-0. A ten-run third inning for the Yankees set up the win as Jason Brooks went the distance, fanning 12 batters and walking two.

Ken Ordiway belted two doubles and a single for the Yankees, Paul Mikula doubled

and singled, Brooks collected a pair of singles, Eric Winhusen doubled, Dennis Moore and Chris Bouters both singled.

For the Giants, Brandon Stadt and Troy Peck each singled, while Peck retired 12 batters and walked nine from the mound.

The Orioles got an excellent from Luke Hausler in Saturday's match-up against the Dodgers.

Wildcats win 1st 4 games in seniors

BY SCOTT KNIPE
Things look promising for the Boyne City Wildcats this summer. So far this season, the Wildcats have won their first four games, soundly defeating each team that came to the plate against them.

Monday the Wildcats began a week of three sound wins; first defeating the Boyne Falls Loggers, then advancing on to beat both the Boyne City Astros and the East Jordan Pharmacy.

Against the Loggers, Eric Richards went the distance as the winning pitcher and Rob Towne stood behind the plate as catcher.

At the plate Boyne displayed powerful hitting with Rob Towne hitting two singles, Scott Hammon-tree got one single, Eric Richards hit a double, Chris Downing had a single, and Boyne City picked up another single from Chris Christenson. Providing icing on the cake was James Bush who supplied a solid home run.

From Boyne Falls, the Wildcats came home for a devastating victory over their counterpart team, the Astros. Christopher Downing was the victorious pitcher and Rob Towne caught for the Wildcats, and the combined efforts of the team prevailed, the final score being 22-2. To accompany the high score, the Wildcats put much of their team into base hits. Singles came from Scott Hammon-tree, Bo Williamson,

Hausler sent 15 batters to the bench and walked 5 on defense, while blasting a three-run homer on offense.

Hausler's third inning homer highlighted a seven run inning for the Orioles, who shut the Dodgers down for two innings. The Birds held off a four-run sixth jinning by the Dodgers to seal the win.

depleted them easily, 18-7.

Jim Abney took top honors as the winning pitcher and Stacey Ernest was catcher. The prominent hitting for the Astros came from Keith Mcbee with 3 hits and many other players came in to round out the score.

Then came the Wildcats who seemed to unleash everything against the Astros, but after their defeat the Astros came back against the Boyne Falls Loggers in a relatively low scoring game, 8-3.

Dean Alger pitched the whole game for Boyne, giving up only the three runs to Boyne Falls, but Dean had an all good game batting in three runs of the Astros' eight runs, while Keith Mcbee again batted well with 3 singles.

Boyne's hitting has never shown a sign of decreasing with single base hits from Scott Hammon-tree, Eric Richards, and Ed Kuzmick, and James Bush had 2 singles, Rob Towne with two doubles, Shawn Vondra with two doubles, and Bo Williamson with three singles and a double.

So far the Wildcats have a 4-0 record and look to increase it, but the Astros have not been sitting idly by, so far with a 3 win 1 loss record.

Monday the Astros played the East Jordan Galmores and

Brian Sobleski, Robert Koeman, Chad Ernst, Greg Cristell, Steve Anthony, and Derek Turnbull all singled for the Birds.

Ben Monshore worked the mound for the Dodgers, fanning 10 batters and walking 11. David LaPointe led the Dodger offense with a double and two singles while Monshore singled twice. Bill Brown, Tim Jankowski, and Jimmy Gramm all singled for the Dodgers.

The Red Sox, still looking for win number one, led the Tigers 5-1 after 2 1/2 innings, but the Tigers roared in the bottom half, scoring seven times. Three more runs in the fourth inning put the game on ice as the Tigers held the Sox scoreless through three innings, winning 11-5.

Andrew McCready retired 15 batters while walking eight for the Tigers, adding a double and a single from the plate. Steve May singled twice while Frank Shaler tripled, John Bush, Aaron Fisher, and Travis Peck all singled for the winners.

The Sox collected four hits, two singles from Nathan Matelski, a double by Grant Weber, and a single from Greg Massey, Jeff Denise pitched for the Sox, fanning five and walking seven.

In girls' Saturday action, the Bears romped over the Twins 19-7, scoring five runs in each of the first three innings. The Koalas posted their first win Saturday 22-21 over the Angels. The Koalas had trailed through four innings 15-6, but 16 runs scored in the bottom of the fifth took the win.

The Bears posted no hits in the win over the Twins with Jamie Reinhardt working the mound for the winners. Amy Smith pitched for the Twins, giving up four

hits. Katie Drury hit twice while Daphne Crozier and Heather Robinson each hit once.

The books showed a home run, a double, and a single for Koala Susie McGeorge while Niki Hammontree, Tami Johnnecheck, Margaret Gregware, Michelle Griffin, Heather MacNaughton, and Denise Coon all hit two singles each and Holly Erber singled once.

For the Angels, Robin Sharp and April Thompkins singled twice each, Lori Solgot, Sara Coveyou, Kelly Bauman, Misty Urman, and Kelly Shepard all singled once each.

In Monday's night action, the Twins edged the Koalas 16-15 after the Yankees had defeated the Dodgers 22-15.

A ten-run deadlock after two innings was broken when the Koalas took a 15-13 lead after the third inning. The Twins blanked the Koalas during the top of the

fourth and scored four fourth in-run runs to take the game. Jamie Mathews singled twice for the Twins while Heather Robinson and Katie Drury hit one each. Tami Johnnecheck and Holly Erber were the Koala hitters.

In boys' Monday night action the Yankees upped their record to 4-3 with Dennis Moore, Paul Mikula, and Chris Bouters working the mound. Seven batters were retired while 12 walked. Jason Brooks doubled and singled for the Yankees, while Josh McGeorge, Kenny Ordiway, and Moore singled twice each. Gerald Schovey doubled while Steve Seele, Richy Poole, and Mikula added one baggers.

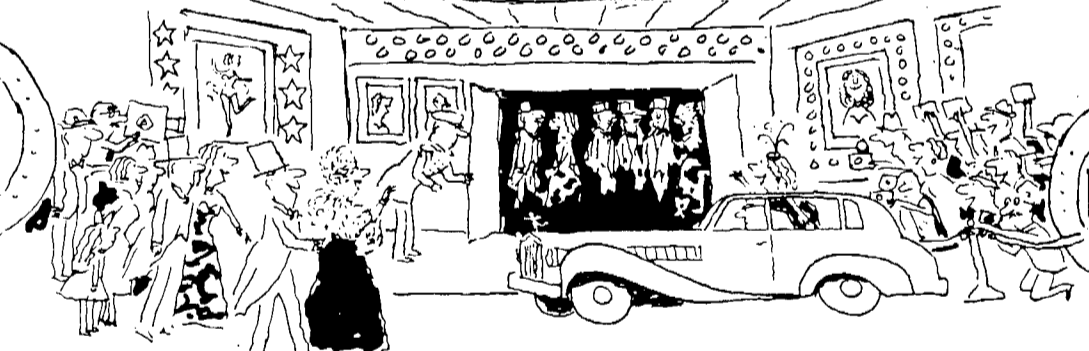

For the Dodgers Billy Brown doubled, Tim Jankowski doubled and singled, Terry McBee, Travis Johnnecheck, Ben Monshore, Jimmy Gramm, and Nathan Hall all singled once.
