

BCHS enjoys great holiday dinner

Last Thursday, members and their spouses of the Boyne City Historical Society met at the Wolverine-Dilworth for a five course Festival Holiday Dinner and seeing the specially decorated Victorian Christmas tree that the members had made for the occasion. Over 100 people were in attendance as the group honored Mrs. Billie Beckenhauer, the founder and past president of the society, with a plaque in appreciation for her work with the organization. Also honored at the dinner was Carol McGeorge who was given a plaque at the November meeting. Thanks to those two women, the society has become a vital force in preserving the history of Boyne City. The Society is looking forward to 1988 when the new museum will be filled with the many articles that have been donated. Showing off the Christmas tree with all the home-made ornaments are Billie Beckenhauer, Lois Pollock, Greta Mackler and Barbara Polinski.

Not wanting to compete with the Holidays, the monthly commodity food program will be distributing cheese, rice, milk and butter December 16 starting at 9 a.m. to 1 p.m. The centers will close earlier if the food is gone. Distribution in Charlevoix County will be at the Community Services Center in Boyne City, the V.F.W. Hall in Charlevoix and the Civic Center in East Jordan.

Within 12 years, there will be an additional 14 million Americans over the age of 50 and a reduced number of younger workers. Because of this, a major conference with reps from all agencies will be meeting to decide how they can get in on the action to serve this aging factor. The meeting will be held next March in Detroit.

If you are looking for a different gift idea this year to send out to friends and relatives, you may want to consider a year-around annual permit to our state parks. They are available from the Young State Park although they will work at any state park within the system.

The Red Cross office in Petoskey is urging all those with O positive blood to give a pint to them at the earliest convenience. They say the need is critical for that type and about 38 percent of the population have that type of blood. Recent donations have not met the need so they are looking for a few more pints.

If you intend to drive a motorcycle next year, you will become subject to the penalties that now exist for other operators of uninsured motor vehicles. You must carry the proper requirement of insurance or else you may be subject to fines and other actions.

Reward program approved by city

Citing what seems to be a larger amount of vandalism throughout the community, Boyne City Commissioners approved the setting up of a reward program that will allow the city to pay up to \$1,000 for information that leads to the arrest and conviction of vandals.

The new program will be initiated because of theft and destruction to city property throughout the area. The commissioners agreed, saying they hope the program will help in the

reduction of vandalism.

In other action, the city approved an increase payment to Hodgekiss and Douma for additional street patching in the amount of \$4,263. They also approved payment of a bill for the emergency sewer work that was done by C.H. Smith and Company of \$5,131. The repairs were to a main sewer line that brings sewage from the lagoons back down to the treatment plant. The eight inch line broke open near the treatment plant several

weeks ago and with the help of the C.H. Smith workers, timely repairs were made. The city crews were not able to do the repair due to the size of the sewer line and the equipment the city has on hand to do the work.

City Manager Randy Fryberg told the commissioners that the plat for the Air/Industrial Park is still not yet through the state due to the lack of a signature from one of the property owners within the park. He said that signature is expected

soon so the state can then approve the plat.

With plat approval, several firms will be starting to build as they have been delayed because banks have been withholding loan approvals pending the approval of the plats.

At the evening meeting Tuesday, city commissioners were expected to approve the lot splits from the Building Trades Classes at the high school. They are asking five lots be changed to four, and a lot split between

Aldwym Barden, F.O. Barden and Son, Inc. and Elmer Crain. They are intending to swap some property to even up lot lines between the parcels.

They are also expected to have the first reading of the new skateboard ordinance which would ban skateboards, scooters or roller skates from the Central Business District.

Commissioners will be approving a request from JD's Market and Deli to allow them to get a takeout beer and wine sales license, and will approve the names of Sheri Rhoads and Andy Andrick to become members of the Parks and Recreation Advisory Board. Rhoads will fill the vacancy of Steve Ryder who resigned while Andrick will replace Bill Grimm who also resigned.

They were expected to reappoint Charles Rivard to the Boyne City Housing Commission for another five year term.

Although in this late afternoon picture the crowds seemed sparse, that wasn't the case shortly after the annual Boyne City Community Education Craft Show opened its doors for the day last Saturday. Hundreds of people visited the show looking for that hand-made gift they could purchase for Christmas. Many weren't disappointed as the craftsmen reported brisk sales throughout the day.

Teachers, board, tentatively agree

It took an eight hour session last week, but it helped end about six months of negotiations between the teachers and Boyne City Board of Education when both sides announced a tentative contract agreement.

The meeting, held without the assistance of the state negotiator, resolved the salary and fringe benefit differences as well as contract language differences that have kept the board apart for many of the bargaining sessions. Both sides called the tentative pact a compromise as each side did not get exactly what they wanted.

The meeting was the first the two sides had face-to-face in the past several months. Prior meetings had the mediator talk to one party and then to the other. Negotiating for the teachers, Dale Parsons said the special bargaining session was the key to breaking the impasse between the two sides.

Details of the agreement will be announced after both the teachers and the board ratify the contract, a process which is expected by the January meeting of the school board.

The agreement will first go to the 70 Boyne City teachers for their approval and then to the school board. The agreement will be for a three year term and will be retroactive to the beginning of the school year. After the teachers vote on the agreement, it will then go to the Northern Michigan Education Association for ratification. Boyne teachers are members of the group and must have their approval of all contracts.

The agreement was reached at 1:30 a.m. last Wednesday.

BC schools ask bond OK Jan 5

Boyne City School District voters will be asked to approve a bonding issue January 5th, that will allow the school system to expand to meet the growing needs of the school district according to a presentation made to the Boyne City Commissioners at the Tuesday noon meeting.

Voters will be asked to okay two proposals, one that will allow

the addition of eight classrooms to the elementary school, the moving of other rooms to make for a larger storage and lounge areas and the re-equipping of the new rooms. Cost for the elementary school portion of the project is estimated to be \$730,700.

At the middle school six classrooms will be constructed and the gymnasium will be

remodeled. They will also need some re-equipping of rooms with the addition of furniture, computers, shop and P.E. equipment. Cost for that portion is estimated at \$1,257,800.

The high school will also see some re-equipping of classrooms with their cost estimate to be \$168,670.

The school system also intends to build an addition on the bus garage for storage and a walk-in cooler while the central and Community Ed offices will see new furniture and computers. That share of the cost is to be \$123,090.

Totally, the first part of the bond issue will ask for \$2,360,000 which for the voters will work out to be approximately 1.87 mills.

The second bond proposal would ask voters to approve the rebuilding of the athletic facilities. Included within that bond issue would be the building of a new softball field in the area of pines north of the school, in-

stalling a new practice football field that would also be a multipurpose area for gym classes, the relocating of and addition of poles for the football field lighting, the building of an eight lane 400 meter all-weather track, and improving the baseball and softball field.

Also included would be improvements to the tennis courts and restroom facilities.

The latest plan shows the present football field would not be moved as it was thought previously. The new track would fit around the field, according to Warren Wade, the school principal and a member of a committee that is trying to achieve the improvements at the least cost possible. The school system would also be adding new bleachers to the present football field.

Estimated cost for this part of the bonding issue is estimated at \$600,000 or about .35 mills for the first year.

EJ PTO holding raffle for computer

The East Jordan PTO is going to play Santa Claus to some lucky person who wins the Commodore computer, monitor and printer, at the raffle drawing on December 14. The computer was given to the PTO by the East Jordan Education Association, as they had won it by pledging a sizeable amount to public television. Raffle tickets are on sale at various businesses, at the Elementary School Office and at the Com-

munity Education Office. Tickets are \$1 apiece or a book of 6 for \$5.

December 14 is the regular meeting of the PTO and will begin at 6 with a potluck dinner, followed at 7 by the raffle drawing. The program for the evening will feature the elementary physical education program with Mrs. Jamie Smith's early elementary students performing

Saturday, December 5th, marked the 90th birthday anniversary of Mrs. Ione Ploughman, and a surprise party was hosted by her sons, Mark and Robert, and their wives, at her home on Park Street that afternoon. A huge basket of 90 long stemmed roses decorated the room, and many guests were present to congratulate her with Happy Birthday wishes. A grandson, Roger, flew in from Texas for the occasion. The nonagenarian looked very pretty in her aqua suit.

Mr. and Mrs. Robert Nulph of Lafayette, Indiana spent a long weekend here visiting Mrs. Ella Nulph.

Linda Arno is reported to be progressing well at Northern Michigan Hospitals after having suffered multiple injuries after her car accident on Wednesday, due to slippery driving conditions.

On Saturday night, the Boyne City Fire Department and their wives enjoyed their annual dinner Christmas party held over their hall.

Minnie Martin returned to her Litzemberger apartment on Saturday after having spent the past couple of weeks visiting her sister in Bear Lake and her niece in Onekema.

Heather and David Seide and daughter Mallory of Grand Blanc were here last weekend for the long Thanksgiving holiday with her parents, Gary and Lynn Osterbeck.

Frank Abbett has returned after having spent the week with his granddaughter, Anneke Rader of Petoskey, who underwent surgery at Mott Children's Hospital in Ann Arbor.

Jan Arasim has returned from visiting her daughter Nancy Hochstetler and family in Livonia. Her son Jim and his wife and their son Craig were there from Kansas over Thanksgiving.

On Saturday night, the Boyne Country region of the AACA (Antique Auto Club of America) enjoyed a Christmas dinner party at the Depot Restaurant.

Paul and Joyce Hibbard of Millington were here on Friday and Saturday, visiting his mother, Adell.

George and Debra Shiotelis, a student at Michigan State University, were home with their parents George and Judy Shiotelis for Thanksgiving.

Santa's Secret Shop at EJ Elementary gives students chance to shop for Christmas

BY ELOUISE ROSSLER

The second annual Santa's Secret Shop was held November 30 through December 4, at the East Jordan Elementary and Middle Schools. The Secret Shop was kicked off by a poster design contest sponsored by the Fun Services Company, Grand Rapids, who supplies the articles for the children to purchase to place under the tree for Moms, Dads and other kin. Fun Services awarded pins to Joshua Greenman, kindergarten through second grade category; Dominic Greenman, third and fourth grade category; Scott Yarbrough, fifth through eighth grade category.

Santa's Secret Shop gives all 800 in the school an opportunity to do their Christmas shopping by setting up a display which they are allowed to browse through and then come back later in the week and make purchases. The proceeds from the fundraiser go to the RIF (Reading is Fundamental) Program to buy books to be distributed to the students. Over \$1250 profit was realized from this year's sale.

The poster contest was extended on the local level to each classroom. The entire contest was judged by Mrs. Pat Tinney, art teacher. Individual classroom winners were named by a committee of parents.

All poster participants, about 200, were given certificates. Small prizes were awarded to classroom winners. Classroom winners were Mrs. Frykberg's kindergarten; Kevin Penzien; Mrs. Moore's first grade; Jason Clark, Kari Lake and James Hynds; Mrs. Sivula's second grade; Mark Penzien; Mrs. Nipson's third grade; Autumn Spaulding, Sara Malpass, Jerril McCoy; Mrs. Borowski's third grade; Sara Meads, Mike Wright, Eric Pasciak; Mrs. Probert's third grade; Dayle Looze, Kevin McNeill, Ross Omlund; Mr. Healey's fourth grade; Chuck Murray, Justin O'Halleran, Jason Brooks; Mr. Snarey's fourth grade; Josiah Middaugh; Ms. Keeney's fifth grade; Mike Mc-

Caig, Joy Zipp, Barb Mazzella; Mr. Goebel's sixth grade; Lisa Dean.

Santa's helpers on this project were parent volunteers who worked a long week making this a success.

How can a renter insure peace-of-mind?

No problem.

Auto-Owners Apartment Dwellers coverage protects the contents of your apartment from loss due to theft, vandalism, fire, water, wind and other losses. It also covers you and your family in case someone is injured in an apartment accident. And you can even get coverage that pays for temporary living quarters, in case something happens to your apartment. Jottings

BY JIM SILBAR

Last weekend was a time of catching-up with some old friends. I guess that is the reason why class reunions, annual get-togethers and such are so nice. Now I have never made any of my high school reunions, but I did catch a reunion of sorts among many of the ski instructor friends I have worked with over the past many years. The action took place at Boyne Mountain and if you were not skiing, then I feel sorry for you as you had to dodge all of these experts on skis as they learned the newest ways to teach. Anyway, I ended up playing and learning what was new with the families and where people were living and working. Some of them I hadn't seen for at least 20 years when I was an instructor at Sugar Loaf Ski Area. The annual get-together is

always fun as the stories that are told, and some of them were about me. All lies, I must say. I never did all of those things they say I did in my youth. And of course, they had to embellish the stories even more so they really sounded great. Heck, even I enjoyed listening to them. Of course I didn't remember them the way they told the story, but I must have had an interesting life. The serious part of the ski business is these weekends where those instructors get immersed in the technological. They really get down to the business of the whys and what happens. Me, I just point the skis, bend the knees, and hopefully, they will go where I want. And of course, I have to relearn every year because I am getting older and don't want to break any bones.

Letters

Band on upswing

Editor
I would like to take this opportunity to respond to Mrs. Wormell's letter concerning the BCHS band. I am also a former Boyne City band member and I understand her sense of pride in the school and its band. However, I feel that there are some other considerations. The band program has experienced changes over the past years. Numbers have declined and school instruments and uniforms have "seen better days." Money is now being raised by the students to help this situation. Fortunately, the band in Boyne City is now on the upswing. The students are very active and energetic. They put on

some great shows during the football season and the fans loved them. They even asked alumni members to join them for homecoming festivities and those of us who participated had a great time! The middle and high school bands have a concert coming up on December 17 at 7 p.m. at the elementary school. I'd like to invite Mrs. Wormell and her family to come and enjoy an evening of music; and perhaps to see that these students do have pride in their performance and themselves. Our band members and their director are working very hard to do a good job for our community. Let's all give them our support and optimism.

Respectfully,
Gayle Bouters

Proud band member responds

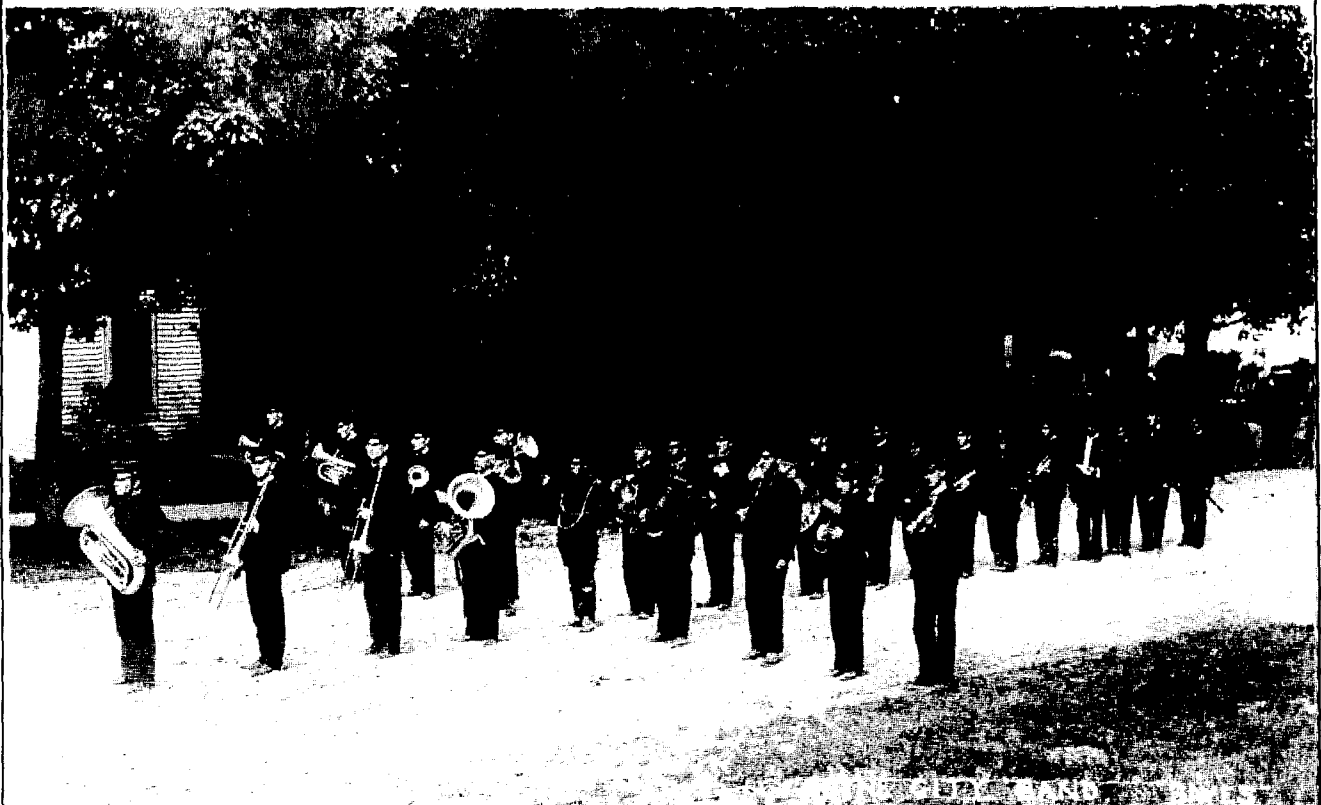

Editor
I am writing in response to a letter concerning the BCHS band in the Dec. 2 issue. As a Senior band member I was absolutely outraged and insulted by the question, "Come on BCHS where's your pride?" Our pride is as strong as ever and we're working even harder than ever! I hope people can appreciate how much we care, about our band by considering the extreme cold we marched in at the Petoskey Santa parade. (My flute was completely frozen shut!) As for our uniforms, it's not the band members' fault we have the same uniforms as the class of 1967. (Probably!) I feel as long as the band tries its hardest (and we do!)

then we are "Number One!" P.S. Would Jackie (Andrick) Wormell like to contribute to the "New Uniform" fund?
Sincerely,
Debbie Towne
(A Proud Band Member)

Show appreciation

Editor
The Boyne City Santa parade was fantastic this year. Even the weather cooperated. I especially appreciated the Boyne City High School Band for their participation. I truly hope other people will support the band and their new director by phoning the school, attending concerts and generally expressing their appreciation. Let's be involved.
Sincerely,
Sandra R. Stanley

Remembrances

Amid all the controversy regarding our fine Boyne City High School band, we thought you would enjoy seeing the Boyne City Band from around 1910 from the postcard collection of Mrs. Alfred Loughry. If you have old photos or postcards you think our readers would enjoy, please bring them to our office so copies can be made for this Remembrance feature.

New Burns Clinic to hold Open House and

Dr. Allen Fark has his own office where he will be transcribing data concerning the patients to the clinic as well as consulting on other non-medical matters concerning the clinic.

The Burns Clinic Medical Center was founded in 1931 by Dr. Dean C. Burns. It was Dr. Burns' dream to establish a "group practice" - an innovative concept at the time. Physicians from various medical and surgical specialties would work together as a team to share their knowledge and skills.

In a group practice, each physician has immediate access to colleagues in his field and in other specialties. Their combined expertise can add much to diagnosis and treatment of patients.

Today, the Burns Clinic has fulfilled Burns' dream. It is a multi-specialty group of more than 90 physicians. The Burns Clinic is the only group practice of its type in northern Michigan.

The clinic occupies a 104,000-square foot building in Petoskey. Located adjacent to the 300-bed Northern Michigan Hospitals, it provides specialty medical care services for all of northern Michigan.

Satellite offices are located in Bellaire, Boyne City, Gaylord, Sault Ste. Marie and St. Ignace. Primary Care services are provided in all five locations, and specialty services are also available in Gaylord and St. Ignace.

In Traverse City, Burns Clinic neurologists provide outpatient services (in cooperation with Traverse City Osteopathic Hospital).

Several services unique to northern Michigan are provided by the Burns Clinic.

Kidney dialysis services are provided in Petoskey and in Traverse City (in cooperation with Munson Medical Center).

A comprehensive Pain Management Center opened at the Burns Clinic September, 1985. This center provides evaluation and treatment of chronic and acute pain. The program takes a multi-disciplinary approach to pain management.

Several specialized cardiac services are provided at the Burns Clinic and Northern Michigan Hospitals. These include open heart surgery, balloon angioplasty and Phase II cardiac rehabilitation.

For more than 50 years, the Burns Clinic Medical Center has maintained its tradition of providing comprehensive, quality medical care to northern Michigan residents.

BURNS CLINIC FOUNDATION

The Burns Clinic Foundation was established in 1983 as a non-profit foundation. Its goal is to help improve the health of northern Michigan residents through provisions of health education, medical care and research.

The Foundation currently offers a number of community health education programs. These include Freedom From Smoking, Living with Diabetes, and Understanding High Blood Pressure classes.

A Community Health Lecture Series is offered monthly, and the "Lifestyle" health education messages are broadcast daily on

Former Boyne resident, doctor, honored

In a special ceremony to be held this coming Friday morning, the newest satellite office of the Burns Clinic will be named in honor of a former Boyne City resident who spent much of his career with the clinic.

The building will be named the Robert T. Polack building to commemorate his work with the clinic for 13 years.

Dr. Polack was born in 1922 in Evansville, Indiana and graduated from Washington University Medical School, St. Louis, Missouri in 1947. He spent his internship and first year of residency at St. Luke's Hospital also in St. Louis. At the time, he specialized in Internal Medicine.

He then transferred to the Michigan State Sanatorium in Howell, Michigan where he finished up his residency work in Internal Medicine and Chest Diseases.

He then decided to specialize in Emergency Medicine with special emphasis on Primary Care.

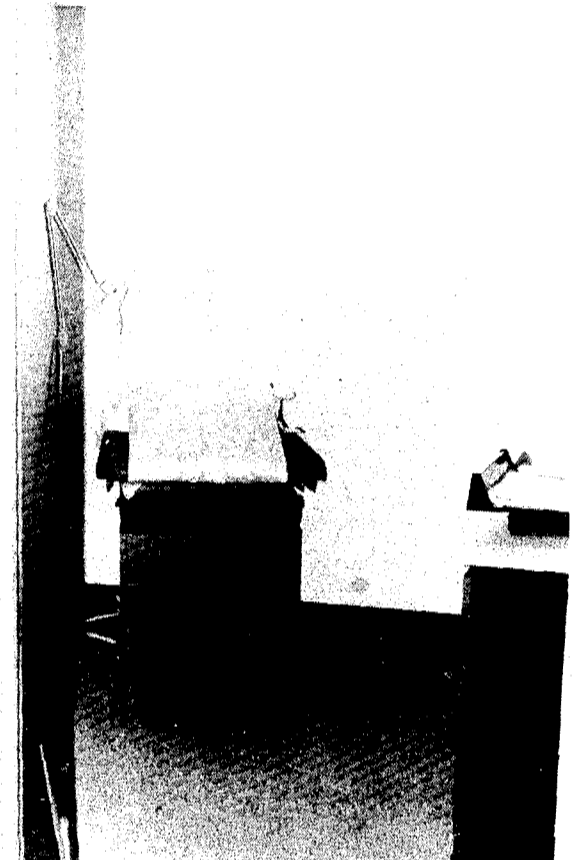

Joining the clinic in 1973, he was in the Department of Primary Care.

His wife Celia and daughter Alison will be at the ceremony to accept the honor of remembering his work with the clinic.

Polack died in April 1986 while still working with the clinic.

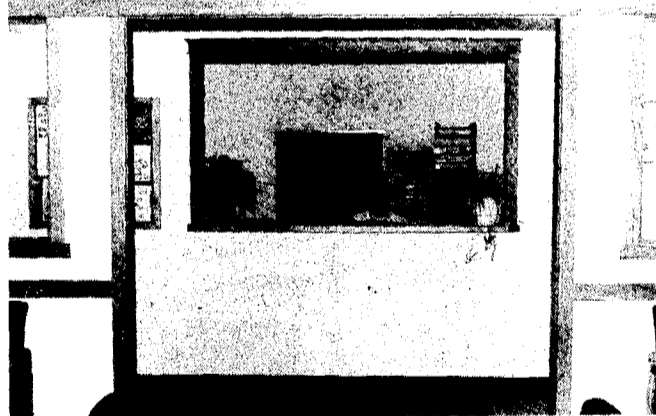

Dr. Robert T. Polack

The clinic's patient rooms are set up to cover almost everything the doctors will need to diagnose the patients coming to the clinic.

There is plenty of room behind the receptionist's station to work on the many things needed for the operation of the clinic.

This is the view patients and visitors will have of the reception area as they come in to the new Burns Clinic office in Boyne City.

The seating of the clinic waiting area is comfortable and blends in nicely with the interior woodwork done by the contractor.

ENTREES

From my dictionary, I quote: "Entrees, the principal course at a meal. In lavish, formal dinners, a dish served between the fish and meat course, or directly before the main course."

The old cookbooks had chapters on entrees with many recipes such as chicken forcemeat, aspic jelly, chicken timbales or souffles and all kinds of fish timbales or mousses. They made lots of croquettes. I wonder as I read these old books, where they found the time to cook the way they did. They most likely had a "hired girl" or an older daughter trained to help in the kitchen. Boiled tongue, fried calf's liver and veal loaf were also served as well as calf's foot jelly. These old books also had a chapter on vegetables entrees alone.

Our modern cooks are also preparing entrees as main one-dish meals, combining the wonderful flavors of meat, vegetables, pasta and sea food. My granddaughter, Diana, recently gave me a couple of recipes the kind of entrees to feed her two growing sons and one hungry husband. Here is her

TOMATO AND BASIL FETTUCCINI

1/4 cup chopped onions
1 clove garlic, minced or finely chopped
1/4 cup olive oil
3 1/2 cups (28 oz. can) tomatoes
1 tablespoon dry basil
1 teaspoon salt
1/2 teaspoon pepper
1 box (12 oz.) Fettuccini

Cook the onions, garlic in oil, add the tomatoes and seasonings and simmer, uncovered 15 to 20 minutes.

If you want a "meal-in-a-dish", cook 1 lb. hamburger with the onions, garlic and oil.

Diana served this potato dish and I found it delicious, especially since I am a potato lover from "way back."

DIANA'S POTATO CASSEROLE

(12 servings)
1 pkg. frozen hash browns (2 lbs.)
Thaw enough to break up good.
Up to 8 oz. of sour cream
1 can cream chicken soup, undiluted
2 to 3 cups shredded Cheddar cheese (3 is better)
1 medium onion, diced
Salt and pepper to taste. Go easy here as there is salt in the soup.

Grease 13 in. by 9 in. baking dish and preheat oven to 350 degrees.

In a large bowl, mix all ingredients together and put in baking dish.

Topping: (Optional) though it is beautiful and tasty.
2 cups fresh corn flakes, crushed
1/4 cup butter or margarine, melted

Mix and put on top of potatoes. Bake 45 minutes or until bubbly.

I have a couple of recipes that I think are ideal entrees. I cannot explain how these things happen just the way they do, such as last week when I was hungry for old-time spoon bread and I prepared one-half of the recipe just for myself. That very same day I received this next recipe for spoon bread from my friend, Lillian. So here are two spoon bread recipes. I'm repeating my original recipe, it is just plain delicious spoon-bread good with lots of butter, bacon or sausage, honey or syrup.

SPOON BREAD

1 qt. milk
1 cup yellow corn meal
1 1/2 teaspoons salt
2 tablespoons butter or margarine
4 eggs

In double boiler or at low heat, heat the milk. Stir in corn meal and salt; cook, stirring, until a thick mush. Start oven at 400 degrees. Remove mush from heat and add butter. In bowl, beat eggs until well blended. Slowly stir into mush. Pour into well-greased 1 1/2 qt. casserole. Bake, uncovered, for 50 to 55 minutes. Serve at once with lots of butter as the bread for the meal. I find that this is good reheated, as you need it, in the microwave.

Lillian's recipe came from the "Island Packet", Hilton Head Island, and is made more as a main dish with vegetables. I also made this spoon bread and had helpers to eat it—they approved.

HARVEST VEGETABLE SPOON BREAD

(4 to 6 servings)
Butter
Cornmeal
2 teaspoons butter
1/2 cup chopped onion
1/2 cup cornmeal
1/2 teaspoon salt
1 cup water
3/4 cup (8 oz.) shredded Cheddar cheese
4 eggs, separated
1 cup milk
2 teaspoons prepared mustard
1 teaspoon Worcestershire sauce
1/4 teaspoon pepper
1 1/2 cups (10 oz.) frozen vegetables, thawed and drained (suggest broccoli, cauliflower and carrots.)

The 64-page booklet came in the mail back in mid-August, the message, "1987 Gift Catalog", marching across its cover in bold red print. The designation hardly seemed necessary seeing the cover illustration showed Santa peering intently into the face of an adorable, curly-haired moppet asleep in an armchair in front of a Christmas tree. The thing seemed schmaltzy and pushy and out of place in the summer heat. Still, I welcomed it with an open heart because it came from The San Francisco Music Box Company and I delight in music boxes any time of the year.

From the catalog it appears that this company has a wide variety of music boxes and in an equally wide range of prices. Surprisingly enough, at both ends of the price range, the item offered is not a box at all.

For \$8.95, one can buy a Christmas tree ornament, a bear

dressed up as a jester. Squeeze his collar and out comes "Jingle Bells".

At the frightfully expensive end of the range, one can purchase a "solid gold with 15 diamonds" replica of a 19th century animated pocket watch. A scene on the grounds of a country manor is portrayed on its face. At the touch of a lever or at a pre-set time, the figures shown - a maiden, a man with a falcon and the man's horse - move a bit. During the action, a Mozart minuet, or another musical selection of the buyer's choice, plays in the background. This little marvel sells for \$15,000.00.

For box-type music boxes, the price variation narrows, but not by much. Suitable for the very young female child, a jewelry box complete with twirling ballerina and rendering "Music Box Dancer" is offered for \$12.95. The child must not be of the rambunctious

sort, though, because the box is made of paperboard, which makes it not up to rude handling.

For those who don't let price get in the way of their pleasure, a large and handsome disc-playing music box is offered for \$2495.00 that can play three different selections. The three that come with the box are "Edelweiss", "Lara's Theme" and a Bach chorale familiar to many as the hymn, "Now Thank We all, Our God". But should one tire of these tunes, additional discs can be purchased for \$42.00 apiece.

Between these extremes, lie wonderful music makers in various sizes, shapes and prices. One can buy musical teddy bears and carousels and rocking horses and all manner of animals and people and clowns and cars and buildings and, of course, boxes. But no matter what the purchase, it'll likely bring a momentary sense of enchantment to the listener.

Why this is, I've often wondered. Perhaps the tinkly tones make it happen. The sound of a decent music box relaxes and soothes. Even the sounds of a cheap toy makes are pleasant—if not played over and over again, that is.

And then the fact that the songs that music boxes play are sentimental probably helps too. The tunes make the boxes ideal for daydreaming by, anyway. Not that us daydreamers need music for our reveries, but the dreams go sweeter accompanied by the plinky music box sound.

Clearly I've enjoyed The San Francisco Music Box Company catalog, rushing-the-season cover and all—and especially so since I've discovered that I can get into some fine daydreams just by strolling through its 64 pages.

Keith Waggoner: Pharmacist for 50 years

BY GREGG SMITH

For Keith Waggoner, veteran Boyne pharmacist, now critically ill at Northern Michigan Hospitals, Inc., the Michigan State Pharmaceutical Board has played the role of Santa Claus by presenting him with his long cherished honor....50 years as a registered pharmacist.

In a weakened whisper he tells the occasional visitor he is permitted, "By golly, I was shooting for that 50 mark when I got my first certification. I'm so happy I made it."

Few pharmacists ever last that long in the what used to be called the pill rollers profession. In Northern Michigan, the late George Kauffman of Mackinaw City, was one of the few to come to the attention of this publication.

Keith came to Boyne as a high school math teacher with a freshly signed sheepskin from Michigan State College in 1928. Within a few months, he was all wrapped up in a career that included leadership of Troop 13, of the Boy Scouts, and a torrid romance with Leah Bailey who was an elementary school instructor...and whose father owned the long-famous Bailey's Drug Store, present site of Boyne Valley Printing's plant.

They were married in 1930. Wisely taking heed of his father-in-law's advice, Keith started his apprenticeship as a pharmacist, teaching, and raising a family.

They were hectic years, special courses in pharmacy at Ferris, Larry and Tom, clerking in drugs, weekends and special holidays.

There was another facet of Keith's career which just a few intimates were familiar with. He was a super-accomplished pianist, and might have wound up on the concert stage except for a natural impediment. He was absolutely afflicted with a condition known among musicians as "tone-deafness."

Cooking

From above, left

1/2 teaspoon cream of tartar
Lightly butter bottom and sides of a 2 qt. souffle dish or casserole. Dust with cornmeal. Set aside.

In medium saucepan over medium heat, cook onion in butter until tender, about 5 minutes. Remove from heat. Stir in cornmeal and salt. Gradually stir in water until smooth.

Cook and stir over medium heat until thickened, about 4 minutes. Stir in cheese until melted. Blend in egg yolks, milk, mustard, Worcestershire sauce and pepper until smooth. Stir in vegetables. Set aside.

In large mixing bowl, beat egg whites with cream of tartar at high speed until stiff but not dry. Gently fold reserved yolk mixture into whites using a rubber spatula. Carefully pour into prepared dish.

Bake at 375 degrees until puffy, golden brown and mixture shakes slightly when oven rack is gently moved back and forth. This takes about 55 minutes.

Serve at once. Leftovers are also good zapped in the microwave.

Both Keith and his active helpmate Leah have long played a role of support for all Boyne community activities. Both are members of the Eastern Star and Masonic fraternities, and for 50 years, Keith has been a member of the Fraternal Order of Eagles. Many families of Boyne were

then Eagles since the lodge had a paid physician, the late Dr. Guy C. Conkle. Dr. Conkle received \$1 per month per family for prepaid health care...Probably the world's greatest HMO, and with none of the staffers swinging condominium deals.

PROUD GOLDEN REGISTRY - Keith Waggoner, noted local druggist, exhibits the golden certificate of registration as one of the state's oldest pharmacists in point of service.

- Large culture of the southwestern United States.
- Building where Yuppies live.
- Popular sailing port in Maine.
- Thin protective sheath for the penis, usually of rubber, used to prevent venereal infection or as a contraceptive.

IF YOU HAD TO THINK ABOUT THAT ONE before answering, you're probably not alone. For years, much of society has been hush-hush about the whole question of birth control and sexually transmitted disease, afraid someone might be offended on moral or religious grounds.

But suddenly, everybody's promoting condom use. It's in the papers and on TV. Even the Surgeon General (who we used to only hear from on cigarette packs) is pushing for more and earlier sex education, and wider condom availability.

It's no wonder, when you consider that more than 179,000 Americans will die of AIDS by 1991, and that this year alone more than a million U.S. teens will become pregnant — nearly 3,000 each day.

Planned Parenthood has worked for years to bring talk about sexuality and birth control out in the open where it belongs — in the family room, at church, and in the classroom.

We're also the oldest and most trusted voluntary family planning agency in the country. It's not surprising that when people think of convenient, affordable

and strictly confidential reproductive health care, they think of us.

At Planned Parenthood, we believe now more than ever the time has come for honest, open discussion. Young people need to know how pregnancies happen, and how to prevent them. They need to know how sexually transmitted diseases are spread, and that short of abstinence, a properly used condom is the best protection against them.

Sure, some people think the answer is to continue trying to hide the facts from young people, but there's just too much at stake. Today, keeping young people in the dark could literally cost them their lives.

Tom Miller goes for two points as Mike DeSchryver looks on from the back of the paint. Getting into position for the possible rebound is Keith Harvey. Although the team lost the match-up, the game was exciting throughout the second half as the team tried their best to bring new coach Mike Wallace a win in his debut.

Aaron Richards goes over the top in this attempt at bringing the score even during the second half of the game with Harbor Springs. The Ramblers lost by two points in the final seconds.

Boyne drops first game to Harbor by 2 points

BY SCOTT KNIPE

The Ramblers opened their basketball season up with an exciting but narrow loss to the Harbor Springs Rams, 62-64.

Harbor jumped out to an early lead in the starting minutes of the game, but the Ramblers dropped a few shots to keep the game close throughout the night. Harbor outdistanced Boyne to end the first quarter, narrowing the lead to 5, the half time score being 30-35.

In the lockerroom Boyne recuperated and came out running. They narrowed the Rams lead to 1, the third quarter score ending 48-49. Unfortunately that was as close as it was going to get.

For a big share of the game Boyne's hot shooter, Mike Deschryver, sat the bench

because of foul trouble early in the game, but as the team needed him, Mike came back into the game in the fourth.

Not long in the final quarter Mike fouled out, with plenty of time left on the clock, and he was followed shortly when Keith Harvey also fouled out. With two starters on the bench, the final minutes were looking rocky for the Ramblers.

The Ramblers rallied and gave it their all, but a few careless fouls gave Harbor the upper hand and they played off of it. Time did not permit Boyne to make a stronger comeback, and the game ended with the Ramblers on the bottom, 62-64.

Receiving high scoring honors for the Ramblers was Deschryver, who scored 31 points on 12 field goals, two of which

were three-point shots, and 5 freethrows. Mike was followed by Aaron Richards with 12 points, and Jim Abney with 9. Also contributing were Paul Molnar with 4, Keith Harvey with 3, Tom Miller with 2, and Scott Hammontree with a single point.

Defensively, Boyne had several outstanding players. Aaron Richards had eleven rebounds. Jim Abney had 10 rebounds, 1 blocked shot and 1 steal. Scott Hammontree had 4 rebounds and 4 steals, and Mike Deschryver had 5 rebounds and 3 steals. Also adding to Boyne's rebounding strength were Keith Harvey with 6, Tom Miller with 5, and Paul Molnar with 3.

This week shows Boyne in action against East Jordan and Cheboygan.

EJ faced with rebuilding season, says coach

BY DENNIS SKROCKI

With only four lettermen returning to this year's squad, East Jordan boys' varsity basketball coach Steve Hines may be faced with a rebuilding season.

Although the squad lacks the height and experience of past years' teams, Hines feels that quickness and determination could make up for the loss. "Hopefully our strengths will outweigh most, if not all of our weaknesses," he said.

Another disadvantage that the Devils face right off the bat is that they play three tough teams in Charlevoix, Boyne City and Pellston for their first three contests.

The Devils will not be playing at full strength for the first few games as they have been plagued by injuries. "It seems that there are more injuries so far this year than in the past few combined," says Hines.

This is by far the shortest team that Hines has coached in

his four years at the helm. Without the big men of past years, the Devils will not use the press-type defense but once again Hines feels that quickness could make up for the lack of height. He also feels that the fast break offense will be successful because of the quickness that his squad possesses.

Team members are Dan Pepin, Keith Harchis, Gerry Ciszewski, Jeff Burks, Matt Bishop, Glen Stevens, Tim Brennan, Mark Lercel, Mark Moore, Jeff Olstrom, Aaron Brock, Mark LaBeau, Kelly Harchis, and

Tracy Reich.

Hines describes the Ski-Valley Conference to be "extremely balanced and very deep." In past years the conference race has been narrowed down to two teams by the season's halfway point. He doesn't feel that to be the case this year. He picks Harbor Springs to be a top contender simply because of the fact that they are the defending champions. He also sees Pellston and Mancelona to be tough due to the fact that both teams have a large number of returning lettermen.

BC jayvees take Harbor by 2 points in opener

By scott knipe
Boyne came into Harbor Springs Friday night with high expectations for the JV team, after losing just one game the previous season as freshmen.

The JV's didn't let anyone down Friday, although they sure kept them in doubt

the whole game. When it was all over, the lead had switched places at least half a dozen times, but Boyne pulled it off 55-53.

The Ramblers started out in good spirit, scoring twice in the first minute and a half, but they had just caught the Rams nap-

ping, and soon Harbor stole back the lead going into the second quarter.

In the final few minutes of the first half, Boyne rallied, and came back from being four points behind, to being nine ahead. The half-time score was 27-18.

But again things

turned around in the third. It seemed the Ramblers were out to lunch part of the quarter and let the Rams take the lead again. The third quarter score was 43-39.

The fourth quarter looked questionable. Harbor had matched their biggest lead so far, and Boyne's starting center was in foul trouble. But Boyne kept their cool, went on to tie the Rams early in the quarter, and the lead continued to switch hands time and time again.

With about two thirds the quarter gone, the center fouled out, and gave the Rams two more points on the freethrows. But Boyne never lost their momentum. They were up by one going into the last minute. Then in the last seconds of the game Todd Gasco hit a freethrow to bring the lead up to two.

Harbor forced a shot as time was running out, but it never had a chance of going in as Dean Alger deflected the shot and caused it to fall wide.

High scorer for Boyne was Tod Gasco with 17. He was followed by Eric Smith with 15, and Scott knipe with 13. Adding nicely to the score were Bo Williamson with 7, Wayne Avery with 2, and Dean Alger with 1.

Defensively, Boyne controlled the tempo of the game, controlling the backboards at both ends. Eric Smith had a fine defensive game with 14 rebounds and two steals. Scott Knipe was in there helping

Lady Devils dumped from regional finals by Tawas Area

BY DENNIS SKROCKI

After four post season tournament victories, the East Jordan girls' varsity basketball squad had their season end last Friday, December 4, as they bowed to Tawas Area 79-56 in the Region 23 final contest at Roscommon.

Tawas drew first blood at the 7:52 mark of the first quarter. Jill Burt tied things up at 6:52 and from there the lead see-sawed back and forth. At the end of the period Tawas held a slim 15-14 lead.

A Christie Barber jump shot with 7:51 remaining in the second quarter put EJ up 16-15. The Bravettes took a 19-16 lead at the 6:32 mark and never looked back. At the half Tawas was in command 39-29.

The third stanza saw the Bravettes outscore the lady Devils 20-11 to gain a 19 point, 59-40, lead heading into the final quarter. In the final eight minutes EJ was outscored 20-16 and they bowed by the 79-56 final score.

The Red Devils hit 23 of 71 shots from the field and connected on seven of eleven freethrows. Tawas canned 33 of 77 from the field and made 13 of 20 at the line.

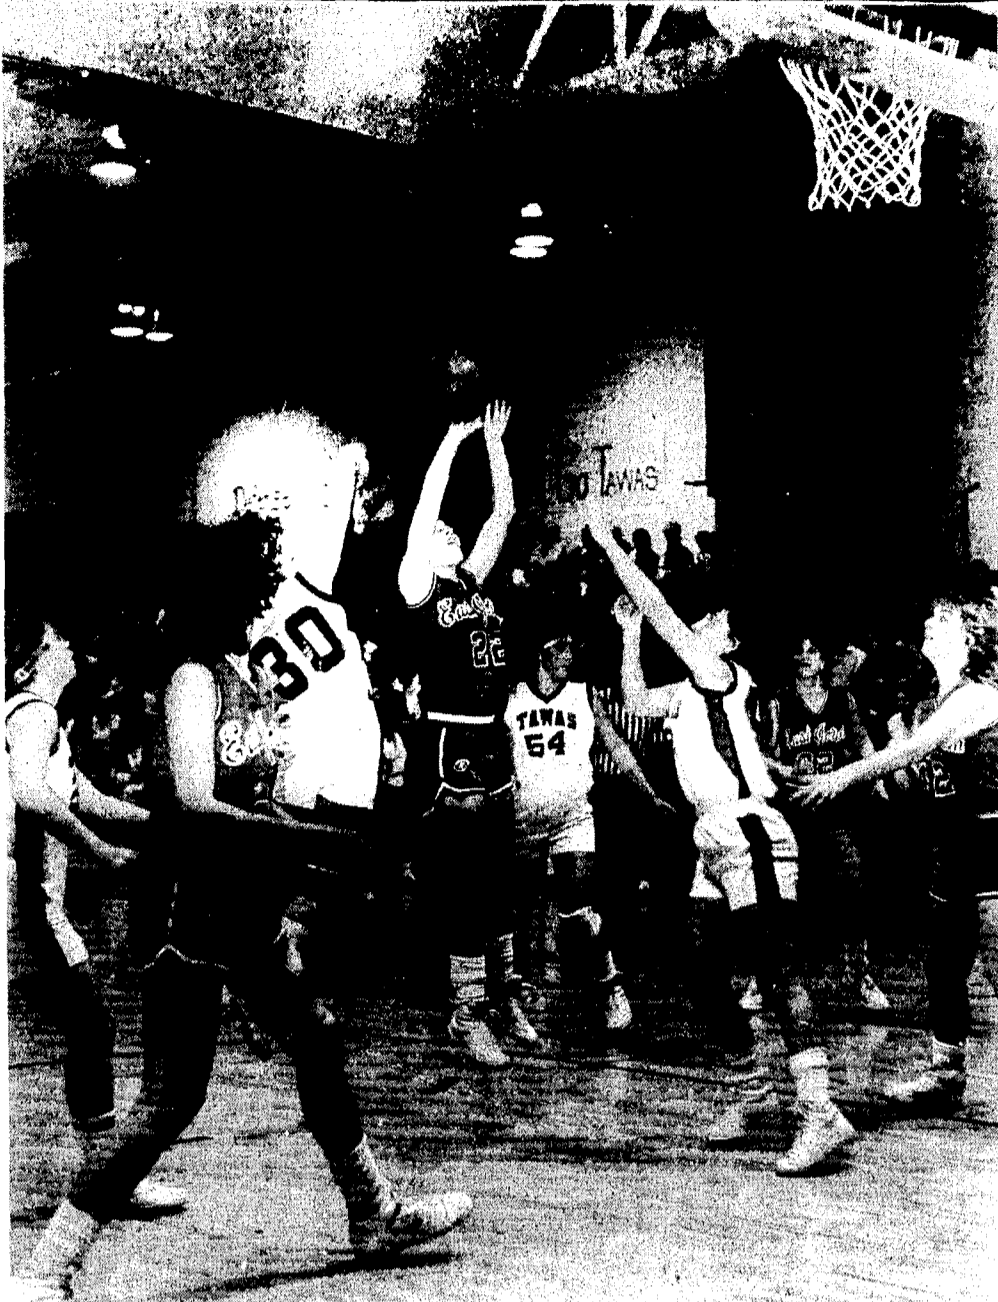

Kristy Miller led the way offensively with 21 points as Jill Burt added 14. Also scoring were: Sara Chase (6), Erin Snyder (4), Brenda Drenth (4), Dia Jones (3), Dawn Noirot (2), and Barber (2). Chase also contributed five assists.

Defensive honors also went to Miller as she grabbed 12 rebounds and two steals as Chase and Snyder each came up with seven rebounds. Drenth had six as Burt crashed the boards for five.

In reaching the final contest the Devils topped Benzie Central 47-45 in a very exciting contest on the previous Tuesday.

EJ led 12-10 after the first period but fell behind 18-20 at the halftime intermission. They pulled ahead by three points, 31-28, after the third quarter and held on in the final stanza to capture the 47-45.

Offensively Miller led the way with a 14 point effort as Jill Burt added 10 and Snyder contributed eight. Chase canned seven points; Drenth 6; and Olstrom 2.

It looks almost like this attempt to score was batted away by some East Tawas players as they dominated the game which dropped the hopes for a state championship from the minds of the East Jordan Devilletes. This action came in the regional playoffs against the Tawas team.

Going over the top to score against the Red Rayders played last Saturday that opened the season for both was this East Jordan player. The Red Devils were downed by the Charlevoix team 79-55 in the game.

Red Devils fall in opener 79-55

BY DENNIS SKROCKI

The East Jordan boys varsity basketball squad was downed 79-55 by Charlevoix last Saturday in their season opener.

The Devils, behind the three point shooting of Dan Pepin, held a 15-12 lead after the first period. The momentum shifted in the second period at the 6:32 mark when a pass, deflected by Pepin, found its way into Charlevoix's hoop. It put the Rayders up by three points and they never looked back. EJ trailed by nine points, 36-27, at the halftime intermission.

In the third stanza the Devils were outscored 21-17, thus facing a 13 point deficit heading into the final period of play. Here shooting went cold as they sank only two shots from the floor and, including freethrows, scored a mere 11 points. Charlevoix hit for 22 points to claim the 79-55 victory.

EJ hit 17 shots from the field, eight of which were three pointers, and went 13 of 29 at the freethrow line. The Rayders made good on 29 field goals while

going 19 of 34 at the line. Pepin led the Devil's offensive attack with 20 points, including five three pointers, as Keith Harchis scored nine, Jeff Burks, eight, and Matt Bishop, seven. Also scoring were: Gerry Ciszewski (6), Mark Moore (3), and Glen Stevens (1).

Defensively Burks led the way with 10 rebounds and two steals as Ciszewski had seven rebounds and Bishop crashed the boards

for five. Others obtaining rebounds were Tim Brennan (4), Pepin (3), Stevens (2), and Harchis (1).

For Charlevoix, Scott DeYoung had 24 points as Shawn Putman added 14.

This week the Devils will host Boyne City on Tuesday before getting underway in Ski-Valley Conference action against Pellston on Friday.

Adgate takes first in Park City to start pro ski season

With perfect hard-snow course conditions, American Cary Adgate put on a flawless show as he defeated Tomaz Cerkovnik of Yugoslavia in the final rounds of the slalom. He netted over \$18,000 for the weekend making him the top money winner. He had the fastest qualifying time and was presented a four ounce

bar of gold by the Park City, Utah, Ski Area.

Adgate was the overall combined point winner for the weekend and received an 18 karat gold Rolex watch. The favorites going into the Tour were the defending Tour and Wold Champion Jarle Halsnes of Norway and his brother Edvin,

the 1986 Champion. Both exited in the round of 32. Norwegian Reidar Wahl was third and American Hans Standteiner placed fourth.

In the giant slalom Joakim Wallner took his second pro victory as Cerkovnik watched another victory slip by. 1987 Rookie of the Year, Werner Her-

zog of Austria defeated Jacques Luethy of SUI for third place with Luethy finishing fourth.

Andreja Leskovsek of Yugoslavia out-raced, out-shined and out-witted her every competitor. In the final round of the slalom she defeated another rookie, Birgit Hussauf of Austria. Roswitha Raudaschl narrowly

edged out Canadian Kathy Kreiner for third place. Kreiner was the 1976 Olympic gold medal winner.

Three-time Tour Champion Cathy Bruce fell in the round of 32 against Muriel Dalmais and was unable to make up the time difference to advance.

Bonding

The effect of these proposals on the taxpayers would mean a cost of about \$2.22 per \$1,000 worth of evaluation per year. This means a home with a state equalized value of \$40,000 would see their taxes go up about \$88.80 if the bond issues are passed.

School officials expect to see the millage required to pay back the bonds decrease each year as the State Equalized Evaluation of the school district increases. Last year the school system had been able to decrease the debt retirement by .5 mills. Then, with the vote to redo the school roof, it

was increased to 2.34 mills. Coming later this next year will be another millage request from the schools, asking for operational millage to pay for additional teachers and staff for the new rooms. They are looking at an additional 2.8 to 3.4 mills just to stay at the same level of spending they are currently using.

The total amount of millage the schools are looking for would range about 6.02 to 6.84 in addition to what they are already receiving.

That issue is expected in March or June, according to school officials.

ORDER TO ANSWER
At a session of said Court held in the District Court Room in the City of Charlevoix in said County, on this 17th day of November, 1987.

PRESENT: THE HONORABLE HARVEY C. VARNUM, District Judge

On the 26th day of October, 1987, an action was filed by the Lakeview Village Mobile Home Park, Plaintiff, against Gary Smith, DeAnna Smith and Fred N. Welch, Defendants, in this Court to recover

IT IS HEREBY ORDERED that Defendants, Gary Smith and DeAnna Smith, shall on or before the 15th day of December, 1987, serve their Answer on KLEVORN, DUBOIS & KLEVORN, Attorneys for Plaintiff, whose address is 215 South Lake Street, Boyne City, MI 49712, or take such other action as may be permitted by law. Failure to comply with this Order may result in a Judgement by Default against the Defendants for the relief demanded in the Complaint filed in this Court.

IT IS FURTHER ORDERED that a copy of this Order be published once each week for three consecutive weeks in the Charlevoix County Press, a newspaper of general circulation hereby designated as most likely to give notice to the Defendants. Publication shall occur within the County of Charlevoix, State of Michigan.

IT IS FURTHER ORDERED that the first publication of this Order be made within ten days of the date of entry of this Order; and that mailing a copy of this Order be dispensed with because Plaintiff cannot, with reasonable diligence, ascertain a place where the Defendants would probably receive matter transmitted by mail.

possession of a mobile home lot rented by Defendants and for a Complaint for supplemental damages.

Upon consideration of the Motion of Plaintiff, and the Affidavit in support thereof, attesting to the facts that Defendants, Gary Smith and DeAnna Smith, respectively, cannot be personally served with a Summons and a copy of the Complaint herein because their present whereabouts are unknown, and Gary Smith and DeAnna Smith have no last known address, and that publication of Notice of this action in a newspaper of general circulation is at least likely to give notice to the Defendants, and it appearing to this Court that Plaintiff, after diligent inquiry, has been unable to ascertain the Defendants' residence either within or without the State of Michigan, and it further appearing that personal service of the Summons and Complaint in this action cannot be made on the Defendants for the above stated reasons, and that publication is the best means available to apprise Defendants of the pendency of this action.

IT IS HEREBY ORDERED that Defendants, Gary Smith and DeAnna Smith, shall on or before the 15th day of December, 1987, serve their Answer on KLEVORN, DUBOIS & KLEVORN, Attorneys for Plaintiff, whose address is 215 South Lake Street, Boyne City, MI 49712, or take such other action as may be permitted by law. Failure to comply with this Order may result in a Judgement by Default against the Defendants for the relief demanded in the Complaint filed in this Court.

IT IS FURTHER ORDERED that a copy of this Order be published once each week for three consecutive weeks in the Charlevoix County Press, a newspaper of general circulation hereby designated as most likely to give notice to the Defendants. Publication shall occur within the County of Charlevoix, State of Michigan.

IT IS FURTHER ORDERED that the first publication of this Order be made within ten days of the date of entry of this Order; and that mailing a copy of this Order be dispensed with because Plaintiff cannot, with reasonable diligence, ascertain a place where the Defendants would probably receive matter transmitted by mail.

Episcopal festivities planned at historic site

The Episcopal Church of the Nativity invites the public to join us in worship during this advent season, at our century-old chapel on East Main St. in Boyne City.

This building was constructed as a school during the 1880's. As the town grew, the school building became inadequate and was sold to the Methodist congregation, which moved it across the street to its present location. Through the years, it has been home to many different denominations. It's long and colorful history even includes a brief stint as a teen center during

the 60's. In recent years, it sat empty and deteriorating. Then Dr. Walter Webber, of Flint and Springwater Beach, bought the building and began renovations. His dream was that someday the building would become an Episcopal Church.

At about the same time, Father James Hempstead, along with members of the congregation at Emmanuel Episcopal of Petoskey, were beginning a mission church in Boyne City. A small congregation was formed and began holding weekly worship

services in December 1985, at a private home.

Eventually, the newborn congregation and the aged church came together, to the mutual benefit of all. The congregation holds regular worship services each Saturday at 5:30 p.m., with coffee/fellowship hour immediately following.

Two very special events are planned for December.

On Saturday, Dec. 12th there will be a tree decorating party following the 5:30 service. Each member of the congregation will

bring an ornament for the tree.

On Thursday, Dec. 24th, at 7:30 p.m. there will be a candle-light Christmas Eve service. Fr. John Schaffer of Emmanuel Episcopal will officiate.

Please join us as we celebrate during this most joyous of seasons!

Navy Seaman Apprentice Melissa K. Parmer, a 1985 graduate of East Jordan High School, East Jordan, MI, recently reported for duty at Naval Security Group Activity, Adak, AK.

She joined the Navy in November 1986.

Release Time classes to begin in BC Dec. 14

Release Time Bible Classes are conducted by RBM Ministries (formerly Rural Bible Mission) of Kalamazoo, Michigan. The program consists of basic Bible stories told by an RBM missionary (Roger Spencer), to students in grades 1-6 (elementary) in the public schools. The students are taken out of school seven times a year for about one hour a month and transported to a local church or suitable meeting place for a Bible class. Students are only permitted to attend these classes when a permission form or note is signed by a parent or guardian. Classes will begin in Boyne City on Dec. 14 from about 1:30-2:30 and meet in the First Baptist Church. There will also be classes in Petoskey (Dec. 15) and Harbor Springs (Dec. 16).

RBM Ministries is a non-denominational, privately funded organization which was started by a pastor in southwestern Michigan, over fifty years ago. The primary aim of RBM is to teach boys and girls about Jesus Christ and build good moral and spiritual character. Since its beginning release time classes have been established in most counties across the southern portion of Michigan and several thousand boys and girls of elementary age have attended. During the summer RBM missionaries conduct Vacation Bible Schools across Michigan and into other states. RBM also has a year round camp (Anchor Point) near Hopkins, Michigan. Whenever invited RBM missionaries conduct programs and assist local churches in youth programs, Bible classes, special day service, pulpit supply, and missionary conferences.
