TEN CENTS

OVER THE BACK FENCE

BY MARSHALL

We have here a program for "Sedgman's Fifth Annual Rose Bowl and New Year's Party."

For the last five years men about town have dropped in upon Mr. and Mrs. Sedgman on New Year's day to enjoy the annual Rose Bowl game and to play cribbage.

Menu for the dinner included T-Bone steaks and all the fixings. Those attending signed a New Year's greeting which read: "We extend to our brother, 'Sid' and his wife who are our hosts this evening, our every good wish, and pray our Great Creator's blessings upon their home throughout the coming year. May it indeed be a happy New Year for them."

Those attending the dinner signed the greeting. The names were: George "Doc" Bechtold, Samuel "Sam" Rogers, R. G. "Watty" Watson, William "Bill" Shepard, Barney the Mistein, Fred the Vogel, Orrin Parks, "The Shipper," Walter "Mail man" Davis and John "Johnny" Siler, the chef.

Two things make a newspaper great—what it prints and what it doesn't print—West Point (Miss.) Times Leader.

The state highway department's year-end report shows the following work completed in Charlevoix county for 1953:

1.3 miles of grading and drainage structures and concrete pavement, on US-31 in Charlevoix. 20.2 miles of 20-foot, non-skid surfacing, on M-88, M-75 and M-66 in Charlevoix and Antrim counties.

Under construction for 1954 is 6.8 miles of grading and drainage structures and 22-foot concrete pavement on US-31.

No mention is made in the report of the fixing of the East Jordan bridge on M-32 or the work that's been underway on M-66 in East Jordan.

You know the type. Nothing in the paper unless her name is mentioned.—Augusta (Kans.) Gazette

Your editor is one of 20 or so persons in Michigan purchasing newspapers in 1953. All of us have been invited to sit at the speaker's table at the 86th annual convention of the Michigan Press Association when the group meets at Michigan State College this month.

One thing we like about running a newspaper is that it keeps us posted on so many things that we don't dare print. — Monroe (Iowa) Mirror.

John D. Shirraef, the world traveler and lecturer who spoke at the Rotary Club Tuesday noon looked familiar to us. So after the meeting we had a talk with him and discovered that we went thru army basic training with him at Ft. McClellan, Alabama, in 1943.

A lady carefully picking her way down the sidewalk the other day said to us, "Put in the paper that if each merchant removed the ice from the walk in front of his place, it would be easier and safer for shoppers."

Daily newspapers this week carried screaming headlines that some old meany went and robbed the United States mint. And we began to wonder when these editors woke up. Washington has been robbing the mint for more than 20 years. The amount taken this week was reported to have been \$163,000. Perhaps if it had been a billion dollars no one would have noticed.

Printing associations throughout the country are getting ready to celebrate "International Printing Week." It's Jan. 17 to Jan. 23. That fellow who invented the printing press doesn't know what a fuss he started. If he were alive today we'd invite him to have a look back shop on a confused Wednesday night.

Draft Board Now Open All Day

Starting this week the Charlevoix County Draft Board office located at Charlevoix will be open from 8 a.m. to 5 p.m. Monday thru Friday.

NEW PLANT STARTS PRODUCTION

JORDAN INN UNDER NEW OWNERS

Mr. and Mrs. Roman Klimkiewicz, for 10 years owners and operators of the Jordan Inn this week announced sale of the property to Mr. and Mrs. Harry A. Wallace, of Chicago.

The new owners have taken possession and announced a new policy for the hotel.

Meals will be served by reservations to start, Mrs. Wallace said. They are considering a name change for the business.

The 17-bedroom hotel is equipped to serve from 60 to 80 persons at special dinners.

Mr. Wallace is a pharmacist, having worked in the Chicago area for the past 30 years. He has returned to his home to complete arrangements for moving and Mrs. Wallace will operate the hotel in the meantime.

Mrs. Wallace is the former Mae Kidder, of East Jordan where she attended school. The couple was encouraged to locate here by their brother-in-law Dan Bennet and the East Jordan Businessmen's Association.

Mr. and Mrs. Klimkiewicz said they would retire to their home on the South Arm overlooking Lake Charlevoix. They purchased the hotel 10 years ago from Mr. and Mrs. Howard Porter, this being the second time the property was ever sold.

Rotary Club Gets View Of Iron Curtain

World Traveler and Lecturer John D. Shirraef, of Marshall, Michigan, gave Rotary Club members a fresh look at the Russian government and life behind the Iron Curtain, at the group's meeting Tuesday.

Speaking first to students at the school, he went to Rotary as a guest of Lyle Johnston.

One of the main points Shirraef got across to his listeners was the reason for Marshall Plan countries feeling unkindly toward the United States.

The vast majority of middle class and poor people in these countries, he said, feel that United States sends goods over there to be sold at high prices; and that the purchase money is returned to United States.

Shirraef blamed high officials of foreign countries for not telling the truth to the people about how the Marshall Plan is helping them.

In contrast, he said, many countries now under Russian domination are asking: "How come United States didn't occupy them before Russia moved in?"

Which means, Shirraef said, that the countries we are attempting to aid dislike us, while the countries we are not aiding directly practically worship the United States.

The traveler feels that Russia will attempt to continue the cold war as long as possible; and in the meantime they will make life easier for their own people to help those presently in power remain in office.

Shirraef was born in Philadelphia of white Russian descent and has a working knowledge of Russian and the Slavic languages. He has made four trips since the war by traveling to Iron Curtain countries legally and illegally in search of truth about Communism.

He taught school in Detroit, worked four years for the Detroit Times and served in the U. S. Army. He has made more than 1,000 lectures since 1947.

Shirraef is a personal friend of Rotary member Lyle Johnston.

No Fires!

Ellsworth set a fire record in 1953. The village of 400 residents hasn't had a fire since May, 1950. That was a small roof blaze with damage set at \$25.

The Jordan Inn now is being operated by new owners Mr. and Mrs. H. A. Wallace, of Chicago. Lower photo shows final transaction. From left are: Henry Wallace, Mrs. Roman Klimkiewicz, Mrs. Wallace and Mr. Klimkiewicz. The former owners operated the hotel for the last 10 years.

Red Devils Greet Mancelona On Local Court Friday

The East Jordan Red Devils will play host to a strong Mancelona outfit on the local court Friday night, the first local basketball game after the holidays.

Other games Friday night are: Pellston at Charlevoix, and Boyne City at Harbor Springs.

Next Tuesday night Grayling will play at Gaylord and Harbor Springs will meet Ellsworth on the East Jordan floor.

Charlevoix remains in first place in the north C conference with East Jordan as runner up.

JUST CHECKING

Ah, Sure, But Let's See, How Was That Again?

Local police caught up with Arlow Ebenstein, 23, of East Jordan, who for some time has been reported driving an automobile without an operator's license.

There has been recurring discussions among residents here concerning Ebenstein's ability to see, even though he is reported to be totally blind.

One man reported seeing him driving an auto alone near Bellaire.

Others have reported seeing Ebenstein driving an auto around East Jordan with Gerald Daugherty, 18, beside him telling him what to do.

Complaints by motorists who saw Ebenstein driving the car on several occasions led to his being followed by police.

The two men were picked up early New Year's eve by night patrolman Joseph Wilkins and taken before Judge Charles Murphy.

When Wilkins first spotted the auto he was sure Ebenstein was at the wheel, but when he stopped the pair, Daugherty was driving.

Ebenstein, however, admitted he had been driving, Wilkins said, and both were fined for not having operator's licenses. They paid \$10 each and costs.

Reports of the unusual news story flashed throughout the county on press wires and city editors, taking into account the story broke on New Year's eve, called East Jordan to see if some sort of a hoax had reached the papers.

Merchants To Meet Tuesday At Duck Inn

Fred Vogel, chairman, East Jordan Businessmen's Association, today urged that all members attend the group's regular monthly meeting, 7 p.m. next Tuesday night.

The dinner meeting will be held at Andy's Duck Inn and Chairman Vogel reports that items to be discussed will be of great importance to all members.

Among items to be taken up are discussion on local industry, town-wide advertising and group membership.

All members, the chairman said, will want to attend to learn the progress of the association during the past month.

Begin Automobile Parts For Ford Motor Company

Production started Monday at Mount Clemens Metal Products Company in East Jordan.

First limited operations is that of producing auto hood latches for Ford Motor Company.

Although the manufacturing plant is not completely finished inside, General Manager Lloyd D. Richardson told the News-Herald that work will increase as the factory becomes more equipped.

Sinclair Heads City Polio Drive

City March of Dimes Chairman for the 1954 Polio drive is Alex Sinclair who said today that:

"This is the month we as individuals can do our share to help the thousands of children and grown ups who have been stricken by Polio.

In giving liberally to the March of Dimes you are contributing to a fund that may be called upon to help you or one of your family.

Chairman Sinclair is also heading up the East Jordan Rotary Club's March of Dimes work. He has named 10 Rotary committees to help.

Polio canisters were placed in business establishments this week and all those who are able are asked to aid in the fight against this disease.

Requiem Mass Held For Lillian Kortanek

Requiem High Mass was held at 9 a.m. Thursday, December 31st at St. Joseph Church, East Jordan, for Lillian S. Kortanek, 50, life time resident of East Jordan. Services were conducted by Very Rev. Joseph J. Malinowski. She passed away December 28th in Petoskey.

Born July 22, 1903, she was united in marriage to James Kortanek on November 12, 1923.

Surviving are two sisters, Mrs. Marie Mosher of Detroit and Mrs. Raoul Meyer of Wyandotte; and two brothers, Anthony Zoulek of East Jordan and Theodore Zoulek of Shelby. A number of neices and nephews also survive.

Pallbearers were Harvey Moshier, Robert Mosher, Raoul Meyer, Jr., and Joseph Pienta. Burial was in St. Joseph Calvary Cemetery, East Jordan.

Relatives from away who came to attend the funeral were: Mr. and Mrs. Mosher and son Robert of Detroit, Mrs. Raoul Meyer and son, Raoul, Jr., of Wyandotte; Mrs. Patrick Sawyer of Lansing; Mrs. Josephine Rogers of Lansing; Mr. and Mrs. Charles Manke of Centerline; and Mr. and Mrs. Theodore Zoulek and three children of Shelby.

Murphy Behind In Vote For State Senator

As the News-Herald went to press Wednesday John Minema, Republican of Traverse City, was leading by a comfortable margin in the Special State Senatorial District election held Tuesday.

Raymond Murphy, of East Jordan, a democrat, led Minema 600 to 447 in Antrim, his home county but reports indicated Murphy was falling behind in the other 4 counties which were Kalkaska, Wexford, Grand Traverse and Leelanau.

To Come Here For Burial

Services will be held here in the Methodist Church Tuesday, January 12th at 11 a.m. for Mrs. Anna Sunstead, former East Jordan resident. Burial will be at Sunset Hill cemetery.

Mrs. Sunstead passed away December 28th at the Methodist Home in Chelsea, where she has spent the last few years.

PROCLAMATION

Pledging 100% support to the 1954 March of Dimes, I call upon all East Jordan citizens to open their hearts and give generously. The year 1954 may well be the turning point in the fight against polio as the National Foundation for Infantile Paralysis has embarked on a large testing program of a trial vaccine, that may some day spare our children the dread effects of polio.

In addition the National Foundation is preparing to provide an expanded program of mass gamma globulin inoculations in 1954 in order to give every possible protection while waiting for the results of the vaccine tests. This Polio Prevention program is tremendously expensive and will require more dimes and dollars than ever before. With our contributions we also guarantee that every victim of polio—past or present—will get the best available medical care regardless of financial status.

Until this dread disease is defeated, we cannot relax our fight. Our dimes and dollars provide the ammunition needed to gain an eventual victory. Let there be no shortage of ammunition in our City.

I, officially declare January to be March of Dimes Month. Let us all March Together to Victory.

Signed,
Mayor Chris Taylor

May Stewart Remembers Friends With New Greeting

May L. Stewart, former Charlevoix County superintendent of schools and well known in East Jordan sent highly unusual Christmas greetings to relatives and friends.

It is an urge to all of us to gain, each day, more useful knowledge, have more kindly thoughts of others, do kind deeds to those who need a friend, so that, through the influence of our lives we may help build a better world.

Sarah McNeal said: "The greeting is so good and so unusual, several of us feel it should be shared and enjoyed by the readers of May Stewart's old home newspaper."

For many years she has been teaching at State Teacher's College, Oshkosh, Wis.

"In the year 1915 May was elected to office of County School Commissioner for Charlevoix County; and re-elected for the next term.

"With her experience as a teacher, she was one of the best we have had. She could talk to and help the students as well as the teachers.

"Her pleasing manner gained her many friends whom, in her quiet way, she has lifted to a higher plane of thought and living, thus giving light and strength to many of us when we most needed help."

May Stewart says the mind is much like the soil of the earth. It needs richness of knowledge, moisture of thought to bring forth our best ability to give happiness to others.

Sarah McNeal passed on to the News-Herald May Stewart's reason for saying this.

One day when I was about seven years of age, I was walking down the path along the banks of Grand River with a cousin and an uncle

of mine. The path was under the rocky bluff that seemed to hang over us. We came to a place where the water dripped from the rock above us, into a sort of basin which slowly overflowed and moistened the ground to the river. Green grass grew in the strip of moistened ground.

It was quite excited about it. Uncle said, "Sure, it is like you're going to school. Unless you have lessons and do right, you will be like the bare rocks all around us. But if you study, you can have thoughts like the green grass here and make others happy instead of hard and ugly like the path over the rocks."

The Christmas Card mailed to relatives and friends here carried a picture of May Stewart on the front and on the inside were two original poems by her: Questions of the Ages and Therefore, oh You, and One and Aal.

"It is a gift that will help us in our daily lives," she says.

Colley-Sommerville Rites Held In Boyne City

At eight o'clock December 26th in the First Methodist Church in Boyne City, Miss Darlene Colley of Boyne City became the bride of Max Dennis Sommerville of East Jordan.

The bride is the daughter of Mrs. Norman Colley of Boyne City. Parents of the bridegroom are Mr. and Mrs. Leo Sommerville of East Jordan. Rev. Forest Mohr, pastor of the church, officiated at the double-ring ceremony. Mrs. Erma Strangsted, organist, played the traditional wedding music. Soloist was Robert Fairchild who sang "Because You're Mine," and "Because," accompanied by Mrs. Inga Casper.

Candleabra and baskets of holly, plants of poinsettias, along with arrangements of calla-lilies and red gladioli decorated the altar. The bride was given in marriage by Mr. Harold Howard of Boyne City, a family friend. For her wedding the bride chose a gown of white chantilly lace, designed with tiny stand-up collar, long sleeves which tapered to points over her wrists. The gown was buttoned in the back and formed to a pointed bodice. The hooped skirt and flowing train of white satin had an overskirt of chantilly lace with a double ruffle of nylon tulle.

Her fingertip-length veil of nylon tulle was held in place by a cap of chantilly lace and seed pearls. She carried a white orchid with white streamers of split red carnations on a prayer book.

Miss Janet Paquette of Boyne City attending as maid of honor was attired in a floor length green gown of velvet and net. She carried a bouquet arrangement of white and green pompons. Her headdress was of white velvet and holly.

Miss Velma Jean Klifman of Carillac, cousin of the bride, attended as Junior bridesmaid. She wore a floor length gown of red velvet and net, and carried a bouquet of white carnations. and Miss Gloria Callesen of Boyne City, as bridesmaids, wore identical gowns of red velvet and net. They carried bouquets of white and red carnations. The bridesmaids headdresses were the same as the maid of honor. All their gowns were designed the same.

Toni and Renee St. John, daughters of Mr. and Mrs. Elwin St. John of Boyne City, were the flower girls. They wore white taffet-

ta dresses with velvet bow trim, and carried baskets of red rose petals. Thomas Healey of East Jordan, cousin of the bridegroom, served as ringbearer.

Serving as best man was Don Whiteford of East Jordan. Harry Colley, brother of the bride, Jack Sommerville of Saginaw, brother of the groom, and Bryan Boring of East Jordan were the men attendants.

Seating the guests were Mr. Elwin and Keith Evans of East Jordan, cousins of the bridegroom.

For her daughter's wedding, Mrs. Colley wore a dress of beige faille and black velvet with matching accessories. Mrs. Sommerville was attired in a black crepe and lace dress with beige trim, with matching accessories. Both mothers wore corsages of red roses.

A wedding reception was held at the American Legion Home in East Jordan for over two hundred guests following the ceremony.

When the newly weds left on a short wedding trip the bride was wearing a blue wool suit with navy accessories and a white orchid corsage.

Following the wedding trip Mr. Sommerville will report to Camp Shaffee, Arkansas where he is serving with the Armed Forces. Mrs. Sommerville will remain for the present time in Boyne City where she is employed as a secretary for Superintendent L. E. White of the Boyne City High School.

Marshall Sayles, Publisher East Jordan News-Herald Dear Mr. Sayles:

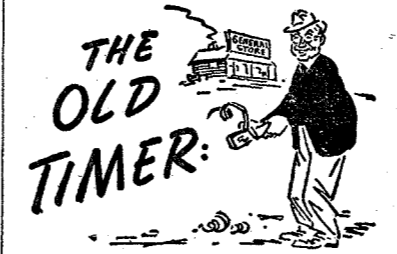

As we go into a New Year, may I take this opportunity to thank you and your staff members at the East Jordan News-Herald for all you have done throughout 1953 to keep Michigan's fight against tuberculosis going forward.

Through the warm hearted generosity of East Jordan residents, and the support of citizens around the state, 1954 should prove to be another great year of progress in the struggle to overcome this number one public health problem.

Your interest and good will in behalf of tuberculosis prevention means a great deal to everyone.

May I extend to you our thanks, again, and our best wishes for a prosperous New Year.

Set New Meets For Farmers In County

Due to limited attendance at the evening meetings held in December for the purpose of acquainting farmers with the objectives of the 1954 ACP program and to enable them to request cost-sharing for the practices they particularly need new meetings have been set:

DeNise Gas Station, Boyne Falls, January 8, 1:30 to 4:00; Farmer's Union Hall, Wilson Township, January 7, 1:30 to 4:00; Hayes Township Hall, January 7, 1:30 to 4:00; Norwood Township Hall, January 8, 9:30 to 12:00; Barnard Grange Hall, January 8, 1:30 to 4:30; East Jordan City Hall, January 8, 1:30 to 4:30.

Since the deadline for requesting cost-sharing for practices under the 1954 ACP program is January 10, it is important that Farmers attend one of these meetings. Community and county committeemen will be present to assist in filling out necessary forms.

Game Laboratory

William Youatt, game division pathologist, here checks blood samples of a deer that conservation department workers found dead in northern Michigan recently. The animal was one of about 20 believed poisoned by certain plants that during fall months are sometimes actively toxic. Youatt works in the department's game lab at East Lansing.

Ray Dana and Grace Stanley of Boyne City were married during the holidays and expect to move into Mr. Dana's home on Earl St.

Sharp Plunge Not Expected In February

February business slumps have become normal — but don't look for a drastic plunge in February prices, advises Arthur Mauch, Michigan State College agricultural economist.

Prices in central markets strengthened on several crop and livestock products in recent weeks, notes Mauch, after the fall marketing peaks passed. The 1953 harvest was only a little below that in 1952, which was the second biggest on record.

Farmers sold 5 percent more products the first 11 months of 1953 than in the same months of 1952, but prices averaged about 10 percent lower. Overall receipts of \$28 billion were 4 per cent under 1952, the MSC farm economist explains.

February price breaks have been common in recent years. After people do their Christmas shopping, pay bills in January and pay federal income taxes and state and local taxes, they have less to spend. Winter also puts a crimp in industrial production and in road building and construction work.

What about this February? Businessmen are cutting down on inventories and there is some general slowing of the economy, advises Mauch. Sometimes the winter let-down does not wait until February, and weaknesses in some commodities show it may be on the way. But prices of most farm commodities have been readjusting downward for two years and Mauch considers it unlikely there will be a drastic drop in February.

IMP LINGO . . .

Hi Jordan, Haven't broken my New Year's resolution yet. I think that is pretty good for me.

Seems funny to have to go back to school again.

I bet I've gained weight over these holidays, doing nothing but eating and sleeping.

The dance last Wednesday night sure turned out to be a success. I liked the way the high school people were dressed. I think everyone had loads of fun. They should do it more often.

I heard Charlene Petrie had a New Year's Eve party and I guess everyone there sure had a good time. Maybe more parties of this kind would keep kids out of trouble.

I hope the dear teachers had a rest too, because it will probably take a lot of patience to get us back to normal.

There were a lot of kids at the New Year's Eve show. I guess they all had a good time. It sure sounded like it anyhow.

I have to get my school work done. So see you next week.

Remove Dead Trees Now, Save Lawns

Winter is the best season for removing those dead, dying, severely decayed or crowded shade trees around the home or in the community.

William B. Love, extension specialist in municipal forestry at Michigan State College, explains the reason this way: When the ground is frozen or protected by snow, there is less danger of damaging lawns and flower beds with falling trees or the skidding or moving of logs. And many tree service concerns are not so busy this season of the year. Winter also is a safe time to dispose of brush and wood by burning.

Dead and dying trees, Love points out, are ideal breeding places for many harmful insects and tree diseases. It's essential, he maintains, to remove and burn all dead elm wood throughout southeastern Michigan in areas where Dutch elm disease is found. Bark beetles carry this disease to healthy trees. The insects overwinter and multiply in dead and dying elm trees and in piles of elm wood.

Pruning out and burning all dead branches from healthy elm trees will improve the trees as well as reduce the bark beetle population. And, Love stresses, "a program of tree removal and pruning is long overdue in most communities throughout Michigan."

Need Permit To Keep Game In Frozen Locker

Sportsmen are reminded that wild game can be kept in cold storage only 60 days after the close of the season in which the wildlife was taken, the conservation department notes.

After that date, a permit must be obtained from the local conservation officer that authorizes keeping the game a longer period.

This means that after January 9, anyone with pheasant or squirrel meat packed away in a deep freeze must obtain a permit from

the conservation department. For grouse, permits will be needed after January 18, for bear after January 29, and for deer after January 30.

John Bos of Jordan Frozen Food Lockers said that permits may be obtained at the locker.

Are You In A Farm "Tax Fog?"

Why be in the dark about your 1953 farm income tax?

The answers are available in bulletin form at the office of Ed Rebman, Charlevoix county farm agent.

The bulletin — 1953 Farmer's Income Tax—was prepared by agricultural economists from Wisconsin, Ohio, Indiana, Michigan and the U. S. Department of Agriculture.

The bulletin, approved by the Internal Revenue Service, may be obtained also from the Bulletin Office, Department of Information Services, Michigan State College.

Every person grossing \$600 or more annually must file a return, even though no tax may be due.

The bulletin covers how, where and when to file returns and pay income taxes, what forms are needed, reporting for cash and accrual systems of accounting, figuring depreciation, improvements, capital gains and losses, equipment and livestock purchase and sale, and refunds.

It carries examples of capital gain and loss computations—timber sales, development costs, farm sales and many special items. These include handling of Commodity Credit Corporation loans and losses from storms and casualties.

Consumers Power Expanding In 1954

Consumers Power Company will invest more than \$2,300,000 to expand and improve its services in its Northwest Division in 1954, Division Manager B. D. Hilty announced.

Hilty said that the division has outlined numerous projects to strengthen its electric service facilities in many communities.

Among important projects outlined for the division are improvements at the generating plant, at the Tippy hydro-electric station, and at the Elk Rapids and Cheboygan dams.

Also, the Company will start construction work to enable it to extend 140,000 volt transmission lines to Cadillac, where a new substation will be built to receive them.

Other communities in the division area which will receive improved power supply facilities are Tustin, Frankfort, Suttons Bay, Lake Mitchell, Manistee and Onekama.

At Frankfort a new substation will be built to receive a new 44,000 volt line from Homestead Dam 8 1/2 miles away. The substation will result in an increased power

Petroleum jelly and like materials can be used as a base for the salve. The salves are applied directly at the top of the lump. But, cautions Janes, don't make more salve than you can use for one or two treatments.

Trimming the bearing Montmorency cherry tree: While we know that heavy trimming in any one year stops the tree from bearing heavy for two or three years, we must consider that it is now the day for better quality and less tons. Why have all of the green cherries in the center of the tree? We tried trimming out the centers last year on a part of our trees and it worked fine.

We cut out a lot of the fine branches and weakest limbs near the bottom and center. From these trees we got good colored fruit. On the ones that we did not trim, we had to leave a lot at picking time because the cherries were too green. Why grow the extra green ones at the expense of more spray material and fertilizer, besides the supervision of the pickers to leave out small and green cherries.

It is a good time to trim trees now, especially when the temperature is 20 or above. As the old saying goes, trim for what you need it for. For convenience also, cut one entrance to each tree

supply for Frankfort, as well as relieve the Homestead Dam substation of a considerable load.

Hilty said that the Company anticipates adding more than 2,100 new electric customers in the division next year.

Hilty said the Northwest Division projects are part of Consumers Power Company's record-high 1954 construction program in which the Company will invest more than \$63,000,000 to expand and improve its electric and gas facilities in its 63-county Outstate Michigan service area.

Farm Agent Warns On Cattle Grubs

January to June is the time to control cattle grubs in Charlevoix county, Ed Rebman county farm agent says.

The reason for the long control season for the grub is because of two species, according to Ray Janes, extension entomologist at Michigan State College.

The common cattle grub usually gets into the backs of animals from January to mid-March. The bomb fly comes later—mid-March to June. The bomb fly's buzzing around the legs of animals causes cattle to become frightened and run.

Rotenone is the insecticide for control. For rotenone dusts, use a minimum of 1 1/2 per cent strength. You can use a hand duster or the dust may be applied over the area of the warble or lump and then worked down through the hair with a brush or by hand to the opening of the swelling. The rotenone must enter the grub opening to be effective.

For sprays use 7 1/2 pounds of the 5 per cent or 9.4 pounds of the 4 percent rotenone concentrate in 100 gallons of water. A wetting agent—such as a detergent—should be used. Pressures of 250 to 400 pounds usually give the best control. If cattle are to be sprayed in winter, select a warm day.

Or you can use rotenone salves containing 1 1/2 percent rotenone.

G. I. NEWS

Hi Fellas: Guess we shot the works last week. Nobody wrote in this week and we have very few changes of address. So this will be plenty short. Congratulations are in order for Vale Keller, Gerald Olson and Clifford Schultz. Vale is now A/2c Gerald is now Sgt. and I notice by the new address that Clifford is now EN-2. After dropping out of sight for about 4 months we now have an address for Cliff. He is in the 6th Div, USS Fulton (AS-11), c/o FPO, New York, N. Y. and is now located at New London, Connecticut. Cliff reenlisted for another year but expects to be out of the service next year. Don Cutler is still in Ansbach, Germany with the 793 Hv FA Bn. However, he is now in Hq Btry. His APO is 46 out of New New York. Here we have an unusual thing in the way of an address. John Bussing must be having a time for himself defending the Army on a

Marine base. His new address is: Pvt John Bussing, Hq Btry, 76 AAA Bn (AW) Sp), MAG 12, 1st MAW, FMF, c/o FPO, San Francisco, California. I didn't believe it would ever happen. Bob Saxton wrote home that he was leaving Fort Lewis, Washington on January 2nd and would be on ship for 16 to 18 days. He has been in Fort Lewis for over two weeks and was getting rather impatient. As is usually the case in those Replacement Centers, Bob wasn't getting his mail regularly. It was a shame that they called him way out there just before Christmas and then he had to wait around until way after Christmas before shipping out. That's the Army for you. Bob's new address until he gets overseas is: Pvt Robert Saxton, Co D, 6021 Det No. 2, Oversea Repl Sta, Fort Lewis, Washington. Well that's that, Men. Hope we have more next week.

"Jake" Snyder.

CHERRYVALE EXTENSION The Cherryvale Homemakers Extension class held their Christmas party at the home of Mrs. Harold Frost. A chicken pot luck dinner was enjoyed by all and a very entertaining program presented by Elizabeth Sloop and Francis McLaughlin. Musical selections were played and sung by the Slough children. An exchange of gifts completed a very enjoyable afternoon. Special events for the future include dress form making at the home of Francis McLaughlin. And a special meeting will be held at home of Mrs. John Feres in Boyne City on January 18th to get a quilt started. The next regular meeting will be Sunday, January 24th at Boyne of Pauline Barnette. Stop and see the REO SNOW-THROW. Throw away your snow shovel. Al Thorsen Lumber Co.

Smokey Hospitalized

Smokey Bear, the five-foot mechanical bruin used to publicize the continuing fight against forest fires, just got plumb wore out from overwork recently and was sent to the "hospital" for treatment. Smokey is wired for sound and made of wood and metal, but conservation department workers who use him at school, sportsman club and other meetings maintain he is nearly human. Here his removable head watches intently as "Doctors" Paul Boetcher, left, and Ernest Branchaw of the Houghton Lake forest fire experiment station operate on one of Smokey's knees.
