You should tell your kids to start studying maps and follow the changes to be made during the next generation as a result of development of the St. Lawrence Seaway.

Buffalo can become greater because it can get the St. Lawrence advantages first. Up to now, Buffalo's shipping prosperity has come mainly from the west and north, downstream. It can come from all directions.

Chicago could get the greatest advantages they'll supply port facilities in or around their town. The Chicago sea imports and exports much—but Chicago can be an inland New York—a world shipping point from America's south and west.

From the northwest, Duluth and Milwaukee expect to gain advantages early because they are ready now, port-wise.

Detroit's advantages can come from much money to be saved in transshipping. The area manufactures more goods for export than any other. Incoming and outgoing freight will undoubtedly be consumed and fabricated in Michigan.

For more than two-score years the Detroit of Commerce has fought for an ideal, now about to be realized. Generations of discouragement have not shaken the strength of the group's determination.

## IMP LINGO . . . Rebekah's Meet

Hi Jordan,  
Sorry about last week, but you know how it is sometimes, don't you?

It sure seems good to have our seniors back again. Doesn't seem possible that they won't be with us much longer.

I see J. S. has settled down to one girl. At least that is what it looks like with his ring around Joan's neck. Good luck, Jim.

Good crowd at Baccalaureate Sunday night. Thanks to the Juniors the gym nicely decorated.

Pete N. seems to be seeing a lot of M. L. lately. Is there something to this, Pete?

As the closing days of school come, I see a lot of puzzled faces wondering whether they will get out of their exams or not. Here's hoping I do.

The Drive-In seems to be the main place of interest nowadays. Every time I go up there I see a lot of familiar faces.

The dances seem to keep having a bigger and bigger crowds all the time. Everyone sure has a lot of fun too.

Well, have fun through the summer everyone. I hope to be back with you again.

See you next year,  
So long,

## Rebekah's Meet

The Jassamine Rebekah Lodge met May 19th with Noble Grand Ida Rusnell presiding. Past Assembly President, Sister Hope Sheldon of Bay City held a very interesting school of instruction. She is now the Rebekah Assembly Secretary. Visitors were Viva Evans of Florida and Lillian Clark of Newberry Lodge, who signed our register of transfer. Several other visitors and 38 members were present.

Chairman of refreshments Jane Foote and her committee, Nellie Blair, Alberta Nowland, Kay Braman, Alma Bowerman and Irene Wright served a beautiful dessert lunch. A buffet table was set up featuring pink strawberry royal trimmed with pale green. Dainty open faced sandwiches, a relish plate, and wafers were served. Alice Shepard and Anna Keats presided at the Silver Tea and Coffee services.

Hope Sheldon and Lillian Clark were entertained as house guests by Irene Wright.

The lodge extends its thanks to those who cleaned the hall before and after the meeting.

## South Arm 4-H

Members of the South Arm 4-H Club and their leaders attended the Sunday Service at the Methodist Church May 23rd in observance of National Rural Youth Sunday.

After the church service a picnic dinner was held at Whiting Park. After dinner a ball game was played with the 4-H boys versus the fathers. Several games were played at the close of the afternoon.

## Drivers Warned . . .

Chief Harry Simmons today announced that the city of East Jordan is cooperating with the State Safety Commission on the state-wide program aimed at reducing traffic accidents due to dangerous passing.

According to Chief Harry Simmons passing is one of the most difficult and dangerous maneuvers a motorist can make in traffic. This is because in most instances it requires crossing the center line and facing oncoming traffic head on, prior to getting by the car ahead and pulling back into the right hand lane.

In an all-out effort to help motorists to do their passing more safely an intensive public education program is planned over the two months of June and July. The Michigan Trucking Association, one of the co-sponsors of the program, has made possible the distribution of 200,000 leaflets containing twenty safety tips on passing and 10,000 posters carrying the message, "SHARE THE ROAD-KEEP IN LANE."

From where I sit... by Joe Marsh

"High-Priced" Mistake

Maybe you noticed the big "ad" Red Smith's Furniture Store ran in *The Clarion* last week.

One item caused some embarrassment around here. It read: "4-piece Bedroom Suite, regular price \$119.50, bargain price \$149.50." Guess I didn't "proof-read" too well, and when our pressman asked for the go-ahead, I yelled, "Let 'er go."

All kinds of jokes about the mistake. One fellow asked if Smith's was holding the price line so tight it just snapped. Turned out fine in the end—Red sold that suite for the real sale price, of course.

From where I sit, it's lucky my carelessness didn't cost Red any business. I'm the one who's always "experting" on being careful—careful of our responsibilities, careful of our neighbors' rights. Even careful to respect the other fellow's preference for a glass of beer. Let's all make a bargain to be more careful in the future.

## Things Past CLASS HISTORY

You may not find the events that we are about to relate in the pages of American Histories. Nevertheless, we defy anyone to prove that they are not as worthy of mention as any of the deeds performed by the heroes whose names are painted in flaming letters in those same national eulogies. Would you have me prove my words? Then stretch your ears and give heed.

IN THE YEAR of 1950, a handsome and smiling group of girls and boys, 72 in number, descended upon this ancient institution. Without the calm and dignity that has always characterized their actions, they elected their officers: J. M. Ingalls, Pres.; Robert Detloff, Vice-Pres.; Ted Scott, Sec'y-Treas.; Rose Marie Lehrbass and Ted Scott represented the Student Council. We learned a few yells, fitting to display our loyal and eager spirit. Mr. Actelli, our advisor, helped us through the year with bake sales.

To begin our Sophomore year, we chose the following class officers: Ray Gee, Pres.; Coral McPherson, Vice-Pres.; Jean McDonald, Sec'y; Sharon Brock, Treas.; J. M. Ingalls, and RoseMarie Lehrbass represented us on the Student Council.

It was now that we chose our class flower, the red and white carnations. Our class colors were to be blue and white, and our motto to guide us along, "Let Us Be Known By Our Deeds." We unanimously voted Mrs. Leatha Larsen to be our class advisor for the remaining three years of our high school career. We increased our activities to bake sales, a bazaar, and selling school supplies.

IN 1952, we entered our Junior year with Steve Hayden, Pres.; Ray Gee, Vice-Pres.; Bethany Whiteford as Secretary,

and Eric Golke as Treasurer. Louise Olstrom and Ted Scott were our Student Council Representatives. We were proud to have Keith Evans chosen as president of the Council and Rose Marie Lehrbass as representative at large. Our "Senior Trip" was becoming more of a reality, so our class activities were increased again to make it possible. We now had "Bank Day," magazine, stationary and candy sales, dinners, the Penny Fair. This was our year to give the Junior Prom and Banquet. We also had charge of one dance after a football game. Our class sponsored a series of lectures on Foreign Affairs, given by the U. of M. instructors. "Finders Creepers," our Junior play was a huge success under the able direction of Mr. Downing.

On entering our Senior year in 1953, we chose Steve Hayden as Pres., Ray Gee as vice-pres.; Jean McDonald as Sec'y, Eric Golke as Treas., and Iris Hosler and Peter Nemecek to represent the Student Council.

Most of our activities stayed the same. In the fall we gave the "Homemaking" dance after the Pellston game. We had concessions and sponsored dances after the games. With the concession money we purchased a new score board for the gym which would be a gift in memory of our class. The "Sadie Hawkins" dance was a special fall event. Our Senior play "Nearly Beloved," was presented and directed by Mr. Downing.

We feel that our happiness would have been more complete if we could have finished with our 72 members who started together as Freshmen. But, we must be content to bring our school to a close with 48 classmates, 24 girls and 24 boys. Twenty-three of these having started the journey together in the kindergarten.

## Our Senior Trip

KEITH EVANS

Before leaving on our Senior Trip, we were served breakfast in the High School Home Ec room by Mrs. Brown and her girls.

We departed from East Jordan at 8:00 a.m. for Detroit by School Bus with Mr. Walton as driver.

Our first stop was at a roadside park where we had a picnic. Then we continued on to Detroit arriving at the Michigan Central R. R. station at 4:30 p.m. We then boarded the B & O's "Ambassador, for Washington, D. C. After being assigned our seats we served a nice Swiss steak dinner.

After breakfast Tuesday we arrived at Washington, D. C. We then boarded a sightseeing bus for our visit to the U. S. Capitol. When we reached the capitol we had our pictures taken on the Capitol Lawn. Other places in Washington where we visited were: The White House, FBI, Supreme Court, Congressional Library, Smithsonian Institute. We then returned to the depot where we picked up our luggage and boarded the B & O's "Maryland," for our trip to New York. While on the train, we ate our lunch and passed through the cities of Baltimore and Philadelphia on our way to Jersey City.

We arrived at Jersey City at 5:00 p.m. where we boarded a sightseeing bus, crossed the mighty Hudson River by Ferryboat, and saw the most famous "Skyline" in the world, plus the Statue of Liberty.

WE THEN arrived at the Taft Hotel where our luggage was waiting. We were then assigned to our rooms where we washed and returned to the lobby where we were reimbursed with \$3.00 for our meals while in New York. After eating we visited the NBC Studios. Following this, we spent the rest of our time as we wished before having to be back in our

rooms at Midnight, for a night of little sleep.

On the third morning we were called at 7:00 a.m. After breakfast we met in the lobby at 8:15 for our trip to the 42nd St. Pier where we boarded our sightseeing yacht for our trip around Manhattan Island. After returning from there, we boarded a bus for the Automat where we ate lunch.

During the rest of the afternoon we were free to do as we pleased. Dinner was served in the Grill in the basement of the Taft Hotel. Vincent Lopez and his famous Radio and TV Orchestra played during the meal and after, so we were able to dance or just listen.

At 8:15 p.m. we departed for our final trip on a sightseeing bus through Chinatown. We also visited the old Joss House and Chinese Temple. We returned via Brooklyn where we went directly to Grand Central Station. Our Tour Conductor escorted us to our seats for our return trip from New York to Detroit. We followed the Hudson River most of the night before arriving at Buffalo at 7:50 a.m. We left Buffalo at 8:30 to glide across Canada, arriving at Detroit at 1:20 p.m. where we detrained with our luggage.

AFTER SPENDING the afternoon in Greenfield Village, we ate our dinner and boarded our bus for the long ride home. We arrived in good old East Jordan at 1:30 a.m. the completion of our trip. A tired but happy bunch of kids will always remember the award for having achieved our goal.

Chaperones were: Supt. and Mrs. E. E. Wade, Mr. Chas. F. Chase, of the Baltimore and Ohio R. R., Mrs. Alma Larsen, and Mrs. Leatha Larsen, advisor.

## Orchard Notes

By C. Fairman

Thursday, May 27, 1954 \* East Jordan News-Herald \* Page 7

Any old time grower or fruit man knows that good quality fruit, a good pack and plenty of advertising is necessary in order to stay in the fruit business.

The meguls that put over the cherry grading law now admit that the law was morally wrong, but within the law. The results are that we will get less advertising and possibly poorer pack. Some groups are trying to repeal the grading law. Unsigned letters are being mailed to growers showing them how to cancel their advertising fee. Meetings are being held to discuss the subject, "Should the grower pay for the advertising of their fruit."

In other words, growers are being divided by the different farm organizations such as the Farmer's Union and the Farm Bureau. The grower is thought of as a know nothing who is to be controlled by rigid laws and policed by officers when he delivers a load of cherries to a cannery. The law was gotten up by a few spineless canners and two or three canner growers unbeknown to the growers.

I am glad that the above does not apply to our own local factory as I, for one, was always able to cooperate with the factory and bring in a good grade of cherries, and was sometimes helped by their field men.

## GROWING BETTER CROPS

### Making Most Of Fertilizers, The More Profitable Way

American fertilizer practices have come a long way since the Indians taught the Massachusetts Bay colonists how to better corn yields by fertilizing hills with alewives, in 1621.

Today, a more profitable use of fertilizers is not only an inseparable part of overall good farm management but also essential to the high yields which help lower production costs and improve the spread between those costs and net profits.

For most commercial growers of vegetables and fruits, more profitable fertilizer practices fall into four main categories: knowing what the soil lacks for the specific crop; applying the right fertilizer at the right time; proper placement, and, through experience and consultation with county agent, cannery fieldmen and other specialists, knowing how much additional fertilizer would give maximum profitable yield — not necessarily highest yield obtainable.

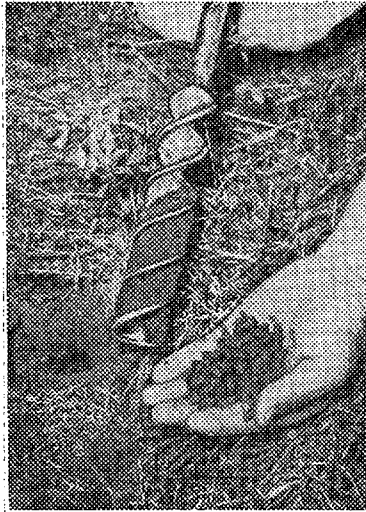

#### ADEQUATE SUPPLIES

This year growers will find fertilizer supplies adequate. Overall nitrogen, phosphate and potash stocks are expected to be sufficient in most sections, according to Dr. Willard H. Garman, agronomist of the American Plant Food Council, though he notes that shortages of specific materials have already occurred and may again in certain areas. Biggest single problem of the fertilizer industry, seasonal distribution, would be solved, Garman says, by more farmers taking delivery in the fall and winter.

A 10-15 percent increase in fertilizer supplies over 1953 is forecast by R. L. Cook of Michigan College department of soil science. However, if present trend of increased use continues, Cook feels that supply will barely meet demand.

Indicative of greater usage is the record of the Ohio Top Ten Tomato Club as summarized by E. C. Wittmeyer, Extension horticulturist, Ohio State University. Among the combination of practices which have boosted average yields of these growers to 16.62 tons per acre in 1953—about 30 per cent above state average—he cites an increase in average fertilizer application per grower from about 600 pounds in 1948 to slightly over 800 pounds an acre in 1953 of equivalent analysis.

On crops contracted to canners, growers have stabilized prices into which to figure fertilizer costs, as well as a sure market. Though the gamble is thus lessened, high yields—which

(U.S.D.A. Photo)

generally mean higher quality—are vital to the grower's net profit.

#### PLACEMENT IMPORTANT

Fertilizer placement is extremely important for best yields of canning crops, Dr. K. C. Berger of the University of Wisconsin points out. "With usual rates of fertilizer only small amounts of fertilizer are used. These amounts are generally insufficient for maximum profit yields, and it is estimated that in Wisconsin farmers should use five to six times as much fertilizer as they now do for most profitable yields under current price levels."

#### South Arm Farm Bureau

The May meeting of the South Arm Farm Bureau was held at the home of William Boss with 16 attending.

Mrs. Ingalls reported that the County Directors had approved of Walter Fowler as Roll Call Manager for the 1955 membership drive; that Wayne Saunders had asked the women's group to serve the kick off luncheon; and that Frank Kenny was chosen as chairman of the resolutions committee.

Mrs. French was especially enthused with the work of the Child Guidance Clinic at Petoskey and urged that any parents having problem children, contact someone from there. George Klooster announced

### 4-H Underway For Summer

Summer 4-H clubs are now organized according to District 4-H Club Agent, K. C. Festerling. Most summer 4-H clubs are getting underway during this month.

Members enrolled in 4-H garden work are busy planting their garden plots. Some of them will have their own garden while others will be caring for the family garden. Poultry club members are brooding the baby chick.

Some have as few as 25 while others are caring for a hundred or more. Most new dairy club members have their calves selected and have already begun their project work while older club members are caring for a heifer or now have cattle in production.

Other projects that members will be enrolling in or have already started are crops, foods, canning and freezing. The latter is proving very popular as more and more farm homes are equipped with deep freeze units.

Community clubs which have their program underway are Star, South Arm Peninsula and Barnard. The agent urges that other groups begin right away.

The most recent interest in a 4-H club comes from Norwood where Mrs. William Parsons will lead a 4-H garden club.

The 4-H club agent will assist with the organization of a 4-H club anywhere in the county. He urges interested parents or members to contact him at the County Agent's office in Boyne City.

Mr. and Mrs. Clarence Bowman visited their son and family, Clarence (Stubb) Bowman Jr. at Kaleva.

Here is another happy serviceman. Niles LaPeer has been over in Korea for about a year now and will be on his way home the 1st of June. He is shipping home with the 40th Division and is scheduled to arrive in San Francisco around the 10th to the 15th of June. He says they have a big parade all planned for their arrival in San Francisco.

Don Saganeck has a new address at Sampson. He is now in Ft. 3225-3691st BMTS, Sampson AFB, Geneva, New York.

Kenneth Vrondran seems to be on the move again. We have just received a Form 413 on him advising us to hold up his paper temporarily from Fort Belvoir.

Belated congratulations to Don Braman. He has had a SK-2 rating for some time now.

Bob Farmer will have a new address next week. He has been moved to a small island about 10 miles off the coast of Korea and there will be in charge of a high-frequency radio installation which is staffed by four men besides himself. Bob feels a little nervous about this assignment as it is his first command assignment.

Here's an interesting letter from the sister of one of our servicemen who is stationed up in Alaska. It is dated at Anchorage, Alaska on May 21, 1954. "I realize most of your letters are from servicemen, but how about a serviceman's sister? I haven't read anything about Alaska in your column in quite sometime. So, I thought it would be OK to let you know a little about what is going on up here in the "Land of the Midnight Sun." And it is light at midnight, altho the sun has not gotten to where it shines at that hour, yet!!!

"My real reason for writing to you is that I would like to inform you that my brother, A/1c John Kershner (and his wife) are the proud parents of twin girls, born April 19 at the 5005th Hospital in Alaska. They are planning twin boys next. I think it goes without saying that he is a very proud guy.

Jim Nichols was here yesterday and usually comes out once every week. He is working nights at Fort Richards and has Wednesday and Thursdays off. Jim, Johnny and Joan usually go to the movie at the Fort when they take Jim home and I have the twins all to myself, plus my own two!!! It makes for a very interesting evening. Coming out to our house yesterday Jim got a life from Dale Gee and his wife who were taking their son Bobby home. He had been in the Fort Rich hospital with pneumonia for the last week. So it sure is a small world. As Jim remarked to me yesterday, here we were about 4,000 miles from home and we hadn't even been on "Hi" terms there. We see Dale and Maxine often and Johnny and Joan saw Malpass's the evening before they went to Fairbanks.

I hear that Chuck Gothro is on his way to Alaska. Is he coming to Anchorage, by any chance? Johnny is leaving for Kenya the first of June. He is in the Fish and Wildlife Service. He'll be on his own checking Commercial fishing. Joan will be staying here with me until his return in November.

"Thanks loads for keeping the Servicemen's corner as interesting as it is. It is the first thing
