

ELECTION NEWS

GOP Wins By 27 Votes
Charter Change OK
Only Half Of City Votes
Turn Out For Election

About half of East Jordan's voters went to the polls Tuesday to give the Republicans the edge over the Democrats. There were a total of 624 votes cast out of about 1,100 registered.

Donald Leonard squeezed through with a margin of 27 votes in East Jordan. He received 320 votes to Williams' 293.

Local voters made history by approving several city charter changes which among other things raises the Mayor's salary to \$200 per year. Councilmen now get \$150. Before the election it was \$50 per year.

There were 399 yes votes for the city charter amendments and 147 against them.

The highly interesting lottery or Bingo vote was approved in East Jordan by 70 votes. There were 307 Yes and 237 no.

OVER THE
BACK FENCE

BY MARSHALL

A large amount of late news, plus election returns crowded the "Back Fence" off the desk onto the floor and into the waste basket this week. And we suspect there will be letters asking us to keep it there. But we ain't going to do it no how whatsoever at tall.

District Meet

Jack Zoulek of the East Jordan FFA Chapter was President in charge of the 10th Annual Leadership Training Conference Conservation Training School at of the FFA held at the Michigan Higgins Lake, October 26 and 27th. Sixteen FFA chapters from northwestern Michigan Region of the Michigan Association of the Future Farmers of America were represented.

Other officers in charge were Vice President, Max Collins of McBain; Secretary, Ray Mazurki of Scottville; Treasurer, John Orvis of Marion; Reporter, Theon Fenton of Mesick; Sentinel, Don Boone of Boyne City; and advisor, Don Stormer of East Jordan.

Each chapter was represented by five delegates chosen from among its members. At the Conference the delegates met in informal groups to exchange ideas on successful chapter operations.

FFA Chapters attending were: Benzonia, Boyne City, Buckley, Cheboygan, East Jordan, Gaylord, Kaleva Manton, Marion, McAmb, Mesick, Pellston, Petoskey, Reed City, Scottville and Traverse City.

Regional officers who will have charge at the next Training Conference were elected. They are: President, William Malory from Pellston; Vice President, Bob Prebble of East Jordan; Secretary, William Anderson of Scottville; Treasurer, Bob Pike of Mesick; Reporter, Larry Sawyer of McBain and Sentinel, Duane Nugent of Benzonia.

Minstrel Show
Presented By
Junior Class

The Junior Class of East Jordan High School is presenting the "Black Face Minstrel Show" on November 12th at 8:00 p.m. in the Auditorium.

In this show the Endmen will be Jon Jankoviak, Everett Beishlag, Art Thompson, Denny Wilson, Richard Streeter and Jerry Harrington. The Interlocutor will be Thurlan Meredith. Mrs. Alta Drapeau is the musical director and Mr. Vaun Ogden is the speech director. Nan Drapeau is the accompanist. This year's show promises bigger and better entertainment than last year's show. Come and enjoy an evening of music and fun. Admission will be 50c for adults and 35c for students.

It's A Boy!

Mr. and Mrs. Ted Kotowich are announcing the birth of a son, weight 6 pounds, 13 ounces, at Charlevoix Hospital on November 2nd.

Mr. and Mrs. Pat Brennan are announcing the birth of a son on October 31st. The baby was born at Charlevoix Hospital and weighed 6 pounds, 8 ounces. Mr. and Mrs. Brennan are living in the apartment over Eva's Toyland.

Northern Michigan voters watching the highly controversial liquor question on the Ballot in Boyne City Tuesday saw that city approve liquor by the glass for the first time in many years.

The Boyne City liquor vote was 527 yes and 476 no. The question won by 51 votes.

All other state proposals carried in East Jordan by wide margins.

In the race for circuit court commissioner William T. Downs, East Jordan lawyer, received 405 and Norman Ance, of Charlevoix, 149. County voting for this office had not been completed when the News - Herald went to press. Ance, however, was leading heavily, with three Boyne City wards not reported.

THE RACE for Governor by wards in East Jordan went like this:

	1st	2nd	3rd
Leonard	56	74	190
Williams	67	76	150

Thus, William took the first and second wards and lost by 40 votes in the third.

In the last national election in East Jordan, Eisenhower held a 173 vote lead over Democratic candidate Stevenson. That was two-years ago, November 1952.

East Jordan City Clerk Alberta Nowland Wednesday expressed the City's appreciation for the manner in which local residents marked their ballots. Mrs. Nowland said there were a minimum of errors and that most of the voters took time to mark their ballots correctly so they would not be thrown out.

In total vote the Republicans lost 146 votes Tuesday over the margin they held in East Jordan election two years ago. The Republican majority was 173 then and 27 now.

COMPARING Tuesday's election with the 1952 race in East Jordan:

REPUBLICANS			
	1st	2nd	3rd
Leonard	56	74	190
Ike	100	115	217
DEMOCRATS			
	1st	2nd	3rd
Williams	67	76	150
Stevenson	68	96	149

These figures show that fewer people voted Tuesday in East Jordan than in the presidential election, but that those who stayed away from the polls did not hurt the Democrats but pulled down the Republican majority.

Thus the margin lost by local Republican voting was not given to the Democrats. And indications are that many Republicans rather than vote Democrat stayed home.

STATE BANK TO BUILD
ALL MODERN BUILDING

Here is the architect's drawing of East Jordan's all-modern \$125,000 bank building which will be completed early next summer. (News-Herald photo by Huckle)

Clark Gets \$125,000 Job,
Construction To Start Soon

The most modern bank building in northern Michigan will be constructed at the end of Main street with rear windows overlooking the Jordan River.

Letting of the construction contract to D. W. Clark Construction Company, of East Jordan, climaxed many months of new bank planning by officials of the State Bank of East Jordan. Four firms submitted construction bids.

The bank will spend \$100,000 for construction and another \$25,000 for the vault and interior installations.

Bank President Howard Porter told the News-Herald that continued growth of the State Bank requires more space.

Porter said construction will start soon and that the present bank building on the corner of Estery and Main streets will be offered for sale early next summer when the bank moves into its new building.

Robert Campbell, executive vice-president, said the one story building will be constructed with stone, brick and glass.

Chest Hits
\$4,600 In
Big Drive

East Jordan Community Chest workers Wednesday were racing toward meeting their 1954 goal of \$5,000. As of Wednesday morning Chest officials reported \$4,600 had been contributed so far.

Officials said some pledges were not in yet and that a few people had probably not been contacted yet.

It was said Wednesday that contributions can be left at the State Bank of East Jordan or at the News-Herald office if the bank is closed.

THE BANK property, vacant for many years, extends along Mill street facing Main street. It extends from East Jordan Clearners to Dr. John Savory's office.

Rear windows of the new bank will over-look the year-round home of East Jordan's famous swans, so highly advertised throughout Michigan.

The State Bank is another among-the many local firms which have announced new construction projects within the last two years, aiding to improve the physical appearance of the city of East Jordan.

BANK OFFICERS are: Howard P. Porter, president; Robert A. Campbell, executive vice president; Howard Darbee, vice president; W. G. Boswell, cashier; W. H. Grauel, assistant cashier; and Lyle D. Kowalski, assistant cashier.

Directors are: John Bos, Clarence Healey, R. A. Campbell, Howard Darbee, John Porter, William A. Porter, Henry Lee and Howard Porter.

The State Bank of East Jordan has been operating a branch bank at Boyne City for some time.

Nesman Exhibit
At Traverse City

Upon invitation of the Traverse City Women's Club, Alice M. Nesman is exhibiting at their annual art exhibit during American Art Week held the first week in November.

Mrs. Nesman is showing two oil paintings "Sleeping Seagull," a monochromatic abstract and "Heat and Hay."

In ceramics her contribution consisted of two salad bowls, a fish platter and a pair of figures, "Eve and Lamb," modern.

The exhibit is being held at the Traverse City Library on Sixth Street and opened Sunday, October 31st, continuing through Friday, November 5th.

Education Week
School Officials Reveal
Alarming Conditions Here

A 49 per cent increase in enrollment over last year has produced alarming conditions at the East Jordan school.

Lack of room has reached the point where normal activities can not be carried out.

School officials point out that next week is American Education Week a time when parents should take a look at their school conditions.

HOW MANY parents, they ask know that although East Jordan has one of the finest school buildings in the north, five of its rooms intended for high school classes are now being used for elementary grades?

How many parents know eighth grade English classes are being held in the band room with folding chairs and pupils' knees serving as desks?

How many parents know that high school classes are being held on the stage of the auditorium?

How many parents know that each teacher should teach 30 students, but that due to lack of space many rooms have one and one half times that many?

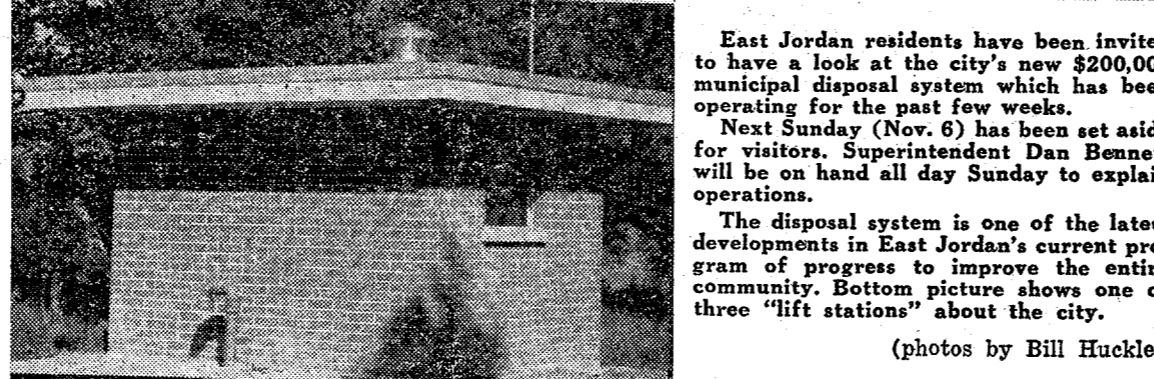

THESE OVER crowded conditions in the East Jordan school should receive serious thought on the part of residents, the officials say. And American Education Week is an appropriate time to think about it.

Enrollment by grades is as follows:
Kindergarten, 85- 2 sections; first grade, 82-2½ sections; second grade, 98-3 sections; third grade, 66-2 sections fourth grade 61-2 sections; fifth grade 62-2 sections; sixth grade, 66-2 sections; seventh grade, 86-2 sections; eighth grade 72-2 sections; ninth grade 69; tenth grade, 63; eleventh grade, 53 and twelfth grade, 47.

Continued lack of space for proper student work will increase the school's inability to carry out normal teaching.

Modern Bank
In Kalkaska

The Kalkaska State Bank will have that "new look." Extensive remodeling is in progress at the bank building. A new tile floor was recently laid and plans call for lowering the ceiling and modernizing the interior.

East Jordan residents have been invited to have a look at the city's new \$200,000 municipal disposal system which has been operating for the past few weeks.

Next Sunday (Nov. 6) has been set aside for visitors. Superintendent Dan Bennett will be on hand all day Sunday to explain operations.

The disposal system is one of the latest developments in East Jordan's current program of progress to improve the entire community. Bottom picture shows one of three "lift stations" about the city.

A New Bank Building

A true sign of confidence in the people of this area and in the future was expressed this week by the State Bank of East Jordan through announced construction of an all new \$125,000 bank building.

The people of East Jordan are indeed fortunate to have the services of a bank which has long been recognized as one of the better banks in Michigan.

The State Bank of East Jordan has long shown its deep concern for civic improvement and its willingness to aid in the development of a modern community.

Bank officials have offered their services in many ways to further the important causes sponsored by the East Jordan Businessmen's Association and many other local organizations.

A modern bank building means more to East Jordan residents than merely a nice place in which to carry out financial transactions. It means that a recognized, sound financial institution has expressed renewed faith in our people and their future; it gives concrete proof that East Jordan is progressing; and it offers an excellent yardstick by which our neighbors near and far, may measure the real extent of our civic development.

Devils Whip Harbor, Play Last Game Friday

Five Red Devils racked up TDs in Friday's runaway with Harbor Springs, 31 to 7.

Neither squad could cross pay dirt during the first stanza but in the second Bob Romback, playing for the first time since the Charlevoix game, crossed the goal from the two.

The locals smashed through to block the Harbor kicker a little later and Cutler picked up the ball and raced about 30 yards to haven.

Close to the halftime Bob Danforth made another one good scoring from the three and setting up a 18-0 tally.

During the third period Bob Darbee smashed over from the four and the last TD came via Sommerville's rush across the one yard line.

During the ending minutes of the contest Harbor's Talcott broke through a group of Red Devil second string players and raced 50 yards with little chance of being caught.

THE RED DEVILS wind up the '54 season at Pellston Friday afternoon. No predictions.

Biggest game of the week will be the Rayders against the Ramblers which will decide final 1954 class C standings and the season's championship. Best the Red Devils can do is

tie for second place with Charlevoix if the Rayders should happen to stumble against the Ramblers.

Boyer City, on top of the loop for the last several weeks, will be high and mighty for the big clash with Charlevoix.

THE CONTEST, to be played at Charlevoix, will easily be the most talked about football game of northern Michigan this season.

Boyer City, tops in the northern loop, is meeting last year's defending champs with all schools eyeing the outcome.

Mancelona will travel to Grayling Friday and Gaylord will take on Harbor Springs.

Next week the News-Herald will publish the entire scoring list of all northern Michigan Class C contests for the 1954 season.

BOWLING NEWS

State Bank Leads, Hit High Score Of 958, Season Best

The State Bank moved back into first place as they trounced the East Jordan Recreation by taking four straight points from them.

HIGH GAME

The bank also rolled a single game of 958 which is high for the season.

In the Inter-City League, the Temple Theater increased their lead to three points by splitting even up with Chris's after losing the first game by 180 pins.

THE COVERS took over possession of first place in the Foundry League and now boasts 14 wins as against six losses.

Neff Brothers continue to lead the Charlevoix League but had their margin cut to three points after losing all four points this week.

DRESS SHOP LEADS

First place in the Ladies League is still held by the Dress & Gift Shoppe. Most of

the bowling was frantic due to the Halloween costumes worn by the players.

They were plagued by fouls due to the lint which fell across the foul lights from the gunny sacks some were wearing.

SINCLAIR SALES' team took first prize in the annual dress-up night. The Super Market was second and Sherm's Pure Service, third.

DORIS TOPS

Doris Huckle copped first prize in the individual dress-up class with Mrs. Sherm Thomas second. Shirley Isaman was third and consolation prize went to Mrs. Sylvia Romaine.

Judges were Bud Hite, Marshall Sayles and Andy Anderson.

Continuing the letter from Lt. Colonel Tom Thacker who is stationed at Mauasseur, French Morocco . . .

In this moderately large complex I found myself assuming rather of a hot spot. The Director of Supply position was temporarily vacant and certain the jobs have been pushed down the ladder to the peons. So, I find myself temporarily functioning as Supply Group Commander and also hold the imposing sounding title of Deputy for Management & Procedures. I have an additional job as "Asst for Operations" and expect soon to take on the job as accountable officer for the quarter billion dollars worth of property. The latter job isn't as bad as it

sounds, for when things get big enough it isn't possible to hold an individual responsible, anyway, if things go too badly. They just court martial him and forget about it. I think that I can safely say that I am busy. The best thing (to me) is that I am in the position where I can get into anybody else's business and claim that I really belong there. I can even get away from the paper mill once in a while—a welcome change after 4 years in the Pentagon. The worst part of my job is an average of about 3 conferences per day. It works out to a heck of a lot of meetings.

For anyone without a map, we are located 20 miles from Casablanca, the coastal city of 700,000 people, and quite a conglomeration of people it is. There is subject poverty, and also hotels so modern that the doors open with electric eyes. (This impressed me as I had never actually met one before). There are fine beaches and swimming pools; the largest pool in the world is here. The harbor is one of the largest and the military traffic is second only to one in Germany. However, a tremendous quantity of our freight, as well as many of our personnel, come in by air. Some of the aerial freighters can carry quite a tonnage out of Brookley AFB, Ala.

The housing problem is quite a bit better than in many places. Altho most of us haven't been able to use it, concurrent travel is now acceptable into this garden spot. Houses are not quite up to the standard of indoor plumbing and hot water that we like, but in this zone of mild winter temperatures, it isn't too bad.

The attitude of people who are assigned here varies quite widely. Quite a number despise it thoroughly. Others tolerate it. A few like it fine. That may sound like a brutal estimate of the situation but is very frank and, I think, honest. Personally, I would as soon be here as most c'seas locations. I think, too, that the people who like it least are those who stay put and grow old. Looking at the same parched scenery (from June to December things are very dry) every day, watching the sun come up in exactly the same way with never a cloud or a storm—it can wear on one's nerves, even tho it is the weather that Florida would pay millions to have. During the day even now one can get a sun tan or enjoy a visit to the beach (if he can find the time). At night, it is either a 1- or 2-blanket sleeping requirement. Seldom does it get too warm for good sleeping at night. Occasionally—not often—in the summer it gets a little hot for a day or two. It can get up to 125 or 130 degrees, but doesn't often do so. In winter it is a little chilly and damp and can be somewhat miserable due to poor heating. Even then, the days often warm up into the 70's, and frosts are unheard of. So I won't have to buy prestone for the radiator. There is one unusual item that I do have to buy for the car, and that is amber sealed beams for the headlights. A Moroccan law. Supposed to make visibility better.

So far, my best trip was to Gibraltar, going up Saturday and back Sunday. It is a very interesting place, where they speak English and give excellent value for ones money. The place is scenic as well, and I could estimate that I climbed well over 500 feet step by step to get to the top. My only regret is that I missed the apes who were elusive that day. They travel as a band—about 40 at present—and are free to roam the rock, except that they always come back to their "shacks" at night. When Her Majesty visited the Rock last spring the apes were locked into their houses for a day in advance to be sure that the imperial appoint-

ment was met. Incidentally, the keeper of the apes holds quite an exalted position around Gib.

I have also been around Morocco quite a bit so far and seen some sights that are interesting, some revolting, some discouraging. A trip through a large Medina (Old City) at Marrakech, about 120 miles south of here, was very interesting. Except for the odors. Among other things, I saw most of the native crafts such as rug making and wood working. They were making rugs from wool just in from the sheep — started carding it by hand, eventually spun it, dyed it, and then made it into rugs. The dye process was quite spectacular with all the colored wool hung up to dry. All hand work. Most recently, I saw a festival of the Berber tribes with their horses all duded up — several thousands of them, all looking very fierce and imposing. Incidentally, the Berbers are the hill tribes and do not especially care for the Arabs. The Berbers are also on the side of the French and therefore are used as security policemen. We have them for security here at the depot. They only carry clubs and, at night are accompanied by war dogs. I don't

4-H Day

Three hundred eighty-five boys and girls from Charlevoix county will join with their leaders and other 4-H Club members from all over Michigan and the U. S. to observed National 4-H Club Achievement Day, November 13.

K. C. Festerling, district 4-H club agent notes that all organizations will again recognize the individuals and groups who have given them aid and encouragement in the past year.

Charlevoix county clubs will make individual displays telling of their accomplishments. Local merchants will give them window display space.

For the second straight year the 4-H Club has chosen the theme "Working Together for World Understanding." The 4-H theme of the year will be highlighted in window displays, radio programs and other activities.

want to tangle with them under any circumstances, thank you.

It is nearly midnight and I must go check the night mess hall. Anyhow, I need a cup of coffee.

Net \$400 Or More, Social Security 1955

If you operate a farm and net \$400 or more, you'll be under the social security program on January 1.

That's when you start to build up credit in the Old Age and Survivors' Insurance program for your dependents' protection and for your retirement, reminds Ed Reberman, Chalevoix county agricultural agent.

To pay for this, the farm operator will pay a new tax on his 1955 income.

And Reberman reminds, whether you are beyond retirement age or not makes no difference on the tax. You must pay the self-employment tax as long as you continue to work—if your net farm profit is \$400 or more.

The tax will be 3 per cent of your net farm profits up to and including \$4,200. The most anyone will pay per year will be \$126. per year—until the rate increases in 1960.

If you hire a farm worker and

How Farm Bureau Is Organized

Mr. Farmer,

You will want to be in on agriculture's great events for the coming year. Farm Bureau is the team to join. It is fighting for sound policy in agriculture. It is working for freedom for the farmer and the right to earn a real high net spendable income. The Michigan Farm Bureau has 1350 local discussion, or community, groups. Of this number Charlevoix County has sixteen. The Charlevoix County Farm Bureau

pay him at least \$100 per month in cash during next year; he also will come under social security. You and your worker each pay a tax of 2 per cent of the worker's income.

Details on the social security program and how to figure your benefits will be available at the county extension office, Reberman points out. Or you can contact a social security fieldman at Petoskey.

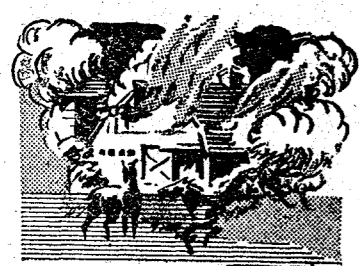

organizes the groups with the aid of its Community Farm Bureau Committee. Clayton Healey is head of this committee.

The original idea of community discussion groups in the Farm Bureau consisted of a neighborhood circle of about 12 families. Meetings were rotated so that each family entertained the group once a year. They met for a bit of social enjoyment and some serious discussion of farm problems.

Groups normally meet once a month and the common practice is to meet in the homes of members. The discussion topics for the groups are chosen by the state committee each six months. The committee works from a ballot of topic preferences checked by the 1350 groups.

The policies of the state and National Farm Bureaus originate in the local groups. Groups recommend resolutions. Ideas to their County Farm Bureaus. If the county membership approves the resolutions at its annual meeting, it passes the resolutions on to the state, and so to the national delegates for consideration. Not until approved by the delegates does a proposed resolution become Farm Bureau policy.

From where I sit... by Joe Marsh

Our Town Makes Good in New York City

Couldn't place a new subscriber named Clark, but I found out who they were last week when they dropped in The Clarion's office.

"We're native New Yorkers," Mrs. Clark said, "and all our friends there are originally from other places. We always felt left out when they talked about things 'back home.'"

"That's why we 'adopted' your town and to get all the news we subscribed to The Clarion. Now we have a 'back home' to talk about—and we think it's the most wonderful town there is!"

From where I sit, just about everyone thinks his own home town is best. Picking your town comes natural. The right to do this "picking," though, is what really counts. Whether it's a favorite town, a favorite cut of meat, or even a choice of a beverage — say between beer and buttermilk, it's respecting the right to this freedom of choice that makes a good neighbor. I hope you subscribe to that!

Gifts this week include Mystery House by Kathleen Norris and I was Hitler's Doctor, by Dr. Kurt Krueger, given by Mrs. Trichman. Phyllis McKinnon brought in a pocket book for the mystery lovers.

Mr. and Mrs. Howard Porter have given us the following books and also four which we will be offering for sale, since we already have them on our shelves: For Goodness' Sake, by Carol Beattie, tells of the life of the minister's wife, which she finds far from dull.

Not a Stranger, by Thompson also a doctor story, though not a biography. A condensation of this book appeared last spring in the Readers' Digest books.

The Gypsy, In The Parlor by Margery Sharp, has an English setting. It is the story of four bachelors who do not stay that way! Family fortunes by Gwen Davenport, is a humorous story of Kentucky.

The Emperor's Lady, by Kenyon, is based on the life of the Empress Josephine of France.

Rainbow On The Road, by Esther Forbes, is the story of two men, one a highwayman, one an itinerant painter, who look very much alike. It has a New England background and the spirit of the country is well portrayed.

The Intruder, by Helen Fowler, is a disturbing story of the effect on a happy family of one who knows something from the past of one of them.

Michigan History, 5 numbers, by the Michigan Historical Commission. The four to be sold are all recent books and best sellers.

Cook-Vance Wed

After a northern Michigan wedding trip, Mr. and Mrs. Maurice Keith Vance will make their home in Jacksonville, Florida where he is stationed with the Navy.

They were married in the Emmanuel Lutheran Church in Flint by the Rev. B. J. Westendorf. The bride is the former Janet Cook, daughter of Mr. and Mrs. Leonard J. Cook of Flint.

The groom graduated from East Jordan High School and is the son of Mr. and Mrs. Maurice Vance of Flint, and former of East Jordan.

The over 200 guests at the reception represented Flint, Detroit, Orlando, Fla., East Jordan, Port Huron, Lansing, Birmingham Yale and Lansing.

The bride's gown featured a plume of lace over satin, the portrait neckline outlined with iridescents and the bouffant hooped skirt fell into a chapel train. She carried a Bible topped by a cascade of white and pink Starlight roses.

Gail Cook was maid of honor for her sister, and bridesmaids were Mrs. David Britcher, Mrs. Wesley White and Patricia Morgan.

Donald Karr of Detroit, son of Mr. and Mrs. L. B. Karr of East Jordan served as best man.

New Ski Run For North State

Another northern Michigan ski resort is promised by Arthur A. Hagman, publisher of Inside Michigan magazine of Detroit.

Hagman has purchased 3 sections of land in Bear Lake Township, Kalkaska County and started plans for a year-around ski resort.

Several ski runs have already been cleared and work is progressing rapidly, according to Kalkaska's weekly newspaper, Kalkaskan-Leader.
