More Financial Support

Additional financial support, to provide for more classrooms, more and better paid teachers, must be found to assure America's youth the education it must have to share in and contribute to a better future for all.

If states, communities, and private individuals and organizations fail to provide this needed support, the federal government may step in to provide the money.

That would mean higher federal taxes and reduced local control of education. But, much more important, federal support would necessarily require federal control over the kinds and quality of education. Diversity would give way to uniformity. It is a prospect most disturbing to contemplate.

If "bargain" suits go bad, you lose only the money that you paid for them, but if "bargain" INSUR-ANCE goes bad, you may possibly lose thousands of dollars.

Pearsall 2nd **In Contest**

Harry Pearsall, of East Jordan, placed second in the State speaking contest sponsored by the association of soil conservation districts.

His talk on "Water Problems in my Soil Conservation District and on my farm" won him \$35.

Pearsall is one of the better cooperators in the Charlevoix Soil Conservation District. He has entered the local contest for two years. Last year he placed first in the district and second in the state.

Chairman of the district, Clayton Healey, says the local dis-trict will either pay Pearsall's expenses to the state association annual meeting in February or present him with a \$25.00 check.

In addition to steel and corn an indication of our economic situation can be based upon the amount of new construction going on.

East Jordan and all northern Michigan have been under going something of a boom in new construction. It has been going on for the past two years.

ANOTHER INDICATION of our economic health can be based upon the way home owners are paying off their mortgages. Figures show that of families buying homes under FHA-insured mortgages only 17 out of 10,000 are three months behind in their

payments. These national figures were released this week.

Those buying with conventional loans (not backed by government insurance) are in about the same situation. They have a very small delinquency payment.

One reporter said that bankers are satisfied with these "excellent economic conditions." And he says if the bankers are satisified, it should mean something to all of us.

OTHER HAPPY economic outlooks for the north country include the fact that employment generally is up.

The over-all poiture is one of rising activity in our northern factories.

Construction money on the straits bridge is filtering down thru the smaller towns around the north. This is new money for the area

No one really knows what the coming St. Lawrence Seaway will mean to the area, but it is not seen as a detriment by any means.

With the straits bridge and the seaway the north country has an unofficial "five-year plan" which could mean a gradual and highly important change in economic conditions all over northern Michigan. We cannot prosper unless the nation also prospers.

AND ON THE national scene this week it was said that evidence is growing which shows that the general economic upturn is more than just a seasonal pickup.

Joan E. Gunther, From where I sit ... by Joe Marsh Anthony Dvoracek **Married Thursday**

Miss Joan Elaine Gunther, daughter of Mrs. Julia Rude of East Jordan and Ray Gunther of

Boles, Illinois, became the bride of Anthony Dvoracek, son of Joseph Dvoracek, Sr. of Charlevoix in a double ring ceremony Thanksgiving evening. Elder George LaLonde of Boyne City officiated at the candle light service at the RLDS Church at 8 p.m.

The solo, "Oh Promise Me," was sung by Mrs. Lawrence Jensen. She was acompanied by Mrs. Mercer Carey who also played the wedding marches. The bride, who was given in marriage by her uncle, Laurence Jensen, wore a floor length white taffeta dress with tulle trim and a finger tip veil. She carried a bouquet of

Matron of honor was bride's sister, Mrs. Elmer Poole, Jr. of Garden City, Michigan. She wore a floor length dress of yellow taffeta with net overskirt. She carried a bouquet of pink and white carnations.

Charles Dvoracek served as best man for his brother and Ernest Mathers and Robert Olsen
