GRAND OPENING—It was a big weekend for the Vaughn Company when the firm's East Jordan store held its official welcome to the public last weekend. Shown here are company officials,
Grand Lighthill, left and Mr. Stephenson right, passing out refreshments to customers. Customers from throughout the East Jordan
area streamed through the new department store all day Friday and
Saturday inspecting the company's new lines and having a look
at the many improvements made since the company took over.

Only Jerry Harrington, 6' 3" junior, a transfer from Croswell-Lexington, has had previous track experience. Harrington ran the 440 and was a letter-winner at Croswell, a Class B school, last spring. Other candidates are Dennis

Wilson, Richard Johnson, Gary Bartlett, Larry Woodcock, Ray Walker, Fritz Healey, Gareth Thompson, Gene Richards, Jack Invalls, Alva Noirott, Lyle Grawford, Glen Kowalski, Joel Evans, Rodney Steenberg, Charles Kamradt, Jerry Green and Larry

None of the present high school records, the oldest of which dates, back to 1930, appear in danger of being broken this spring, as the inexperienced thinclads began their grind that will last through the Conference and Regional Meets in late May.

Francis Quinn, former Red Devil star, holds the oldest records established 1930. His 10.4 sec. in the 100 yd. dash and 23.3 sec. in the 220 yd. dash have stood for 25 years.

After graduation Quinn went to Western Michigan College at Kalamazoo, where he made quite a name for himself as a dashman. running against some of the best runners in the country during the mid-thirties.

Donald Whiteford holds the most recent records established in 1952 with 5'8%" in the high jump, and 45' 7" in the 12 lb. shot put,

The revival of track in East Jordan has been slow but with rospects for a new track at the Fairgrounds, interest in one of most popular individual sports seems to be picking up.

Concentrated efforts are being made by the high school

coaching staff in getting the youngsters started at the elementary and junior high level. A Junior High-Grade School Field Day for boys and girls will be held at the Fairgrounds this spring at a date to be announced

#### May Have Polio Vaccine For 663 County Children

Detailed plans are now being worked out for the possible administration of polio vaccine to 663 Charlevoix county children who will be eligible to receive it if it is licensed, Dr. A. F. Litzenberger, director of District Health Department No. 3 has announced.

As was announced earlier by state health officials, all first and second grade pupils in public, private and parochial schools are included in the planned program, he explained. It also will be available to others through physicians at the same time.

But parents are warned by Dr. Litzenberger not to jump to the conclusion that the current planning indicated the vaccine al ready has been effective.

"The vaccine which will be furnished by the National Foun-dation for Infantile Paralysis is the same vaccine that was given 440,000 children last spring," he said. We do not know yet whe ther it really prevents paralytic polio. Until April ( when we learn the results of the evaluation study now being conducted by the University of Michigan, we can-not know if the vaccine is effec-

"BUT WE CANNOT wait until then for planning for the protection of as many of our children as possible. Vaccinating large numbers of children is a big and important job, entailing many procedural tasks that cannot be performed over night.

"If the license is granted in April, we must be ready to start vaccinating at once, so that, if possible, we can finish before our schools close and the polio season starts. We want to give the vaccine early so that many children can be protected before polio appears in their communi-

The polio vaccine will be furnished from a supply being purchased by the National Founda-tion with March of Dimes funds. It will be made available by the National Foundation without charge for the product by State Health Officers for use in the above group, if licensed by the Federal Government. Supplies also will be distributed through usual channels at the same time

The National Foundation has financed the development and production of the Salk vaccine. Contracts were made with manu facturers for a supply of vac cine costing \$9,000,000 in March of Dimes funds. This enabled the manufacturers to keep their pro duction facilities in operation during the waiting period and be ready to go into full produc-

"Vaccine will be given by the Health Department this spring only to those eligible children whose parents sign forms requesting it," Dr. Litzenberger added. It is a completely voluntary program. The forms have been distributed through the schools. We should like to know as soon possible how many eligible children we must provide for, if the vaccination program is carried out. If the vaccine is not licensed, there will be no program."

# Discuss County School Problems

## Porter Tells Of Urgent Need For More Local Class Rooms

Charlevoix county residents attending an all-county educational mass meeting here Thursday night were told that East Jordan must have additional classrooms for students.

Howard Porter, president, State Bank of East Jordan, told the 300 adults from all parts of the county that East Jordan's grade school was constructed "half a century ago at a cost of \$16,000."

Porter said the building is un-

safe for the students now taught

Speaking on the need for new classrooms in our schools today, Porter said Michigan will have an increase of 7,000 children per year for some time; and he pointed out the wide need for additional classrooms in many

A constantly shifting population and high birth rate is making more school space absolutely necessary, he said.

East Jordan's high school is of more recent construction because the former buildings burned down.

SPEAKING of Charlevoix county's financial ability to educate children, Porter said we have much less money behind each student than many other schools in the state.

Speaking on school financing, Guy C. Conkle, jr., Boyne City attorney said Charlevoix and Antrim counties are the two most backward in Michigan.

Conkle pointed to the difficulty of conducting proper schools on the four mills levied for that purpose in the two counties.

Conkle said there are 700 chool districts in Michigan which have no schools, but trans-port their students to nearby consolidated units.

It was said that more and more school financing is coming from state and federal agencies; and that when adults no longer support their schools they lose

### MSU or MSC? Discussed At LansingHouse

A packed gallery listened to and received a liberal education in legislative procedure on Monday night and Tuesday when H. B. 156, proposing to change the name of Michigan State College to Michigan State University, was debated at length on General Orders and on Third Reading.

A highly controversial bill, debate became a bit heated as proponents successfully fought off all efforts to first recommit the bill, and secondly to postpone action for a few days so an informal hearing could be held.

Sponsors of the bill maintained nothing was to be gained by delaying House action, contending that a public hearing could called on the bill in the Sennate. No one denies that MSC lacked university status, but opponents claimed the proposed name would lead to confusion. principally in the matter of be-

The bill has now gone to the Senate and has been referred to the Senate Judiciary Committee.

ANOTHER BILL introduced is HB 332, a fair trade act, which would require a minimum markup of 2% on all merchan dise handled by wholesalers and a 6% markup by retailers. Previous fair trade bills of similar nature, to do away with discount sales, met with stiff opposition and got nowhere. It remains to be seen what happens to this bill

#### ASSEMBLY OF GOD CHURCH Pastor Rev. T. H. Moody

Due to the stormy weather last week an effort to do some work in the Church basement had to be postponed to Wednesday this week.

The evening of March 24, the Church had a surprise birthday party for the pastor at the parsonage, 506 3rd St. A good time

was had by all. A Sunday School contest with the aim of getting people who do not attend Sunday School, will be starting this next Sunday. With a large picture of the head of Christ, in color as a prize for the one receiving the most points. Five points will be given for each regular attendant who is there, ten points for each new one that they bring and fifteen points for each time they bring them back. The contest will run through April and May. Rev. Moody says that one hour a week is a very small portion of our time to pend studying the Bible, and that everyone should put forth an effort to spend no less than

Next Sunday, April 3 being the first Sunday of the month will be Missionary Sunday. Rev. Moody will be bringing a message along that line. It is also communion Sunday. Everyone, regardless of Church affiliation,

Next Sunday will be a very auspicious occasion for the congregation of the Evangelical Lutheran Church. About fifteen adults will be accepted into the membership of the congregation through the rite of confirmation. At the same time several families will be formally accepted into the congregation as a result

of transfer of membership. The schedule of the communion services for the month of April are as follows:

On the evening of Good Friday Holy Communion will be celebrated at a regular worship service. At this service the newly confirmed members of the church will participate in the Sacrament of the Altar for the first time.

Holy Communion will also be celebrated at the festvial service of Easter Sunday morning. Lenten services are still being

The third graders were reading several stories of life in Mexico. We thought it would be nice to learn more about the people of this neighboring country. In storytime we are hearing the story of the Mexican Twins. Peter Zoulek told us about the Mexican workers who help on their farm in the summer.

In art class, each one is making a serape with wax crayon. These will be pressed between waxed paper with a hot iron to make the colors fast.

The first graders enjoyed the movie of the "Red Hen and the Wheat." They told the story to the third graders, then dramatized the story.

Just the opposite is J. W. Porter, the good-looking prospect recently released from service for whom Tiger boss Spike Briggs turned down a \$100,000 offer by the White Sox.

Porter, who later was traded by the Six to St. Louis and then to us, was a \$50,000 honus rookie when he trained with Chicago in 1951. Only 17 and just out of high school, he was thrilled with everything and awed even of the

that first spring was hitting triple, double and single off Ned Garver, then with the Browns. Now the two players are team-mates, of course, and I'm sure Tiger fans will be glad of that fact when they see Porter in our outfield. He's a nice kid, with an even disposition, but he sure i mean with that bat.

OUTFIELDER KALINE Outfielder Al Kaline, like Poter, is a bonus player but he differs in that when he signed with Detroit the bonus rule had been changed to require players getting more than a \$4,000 bonus to remain with the parent club.

This didn't matter to Al, for he proved he had major league ability from the outset by playing regularly the entire season with the Tigers.

Of course, when he came to Lakeland last year, fresh from a high school in Baltimore, he was plenty nervous, as well as thrill-

But Manager Fred Hutchinson took him in hand, talking to him privately and easing his tension.

His biggest thrill was against the Philadelphia Phils, when he

clobbered a homer and triple off their ace, Robin Roberts. This happy event no doubt helped Al land a regular herth with the Tigers, the youngster batting .276 in his first season and sprakling defensively.

Where the cutting of "round forties" once left thousands of acres of stump-land, there are growing today new forests.

At present there are approximately 437,000 acres of young fully stocked white pine stands. During the past four years, the white pine acreage has increased by approximately 41,000 ac-

White pines have two major

enemies - forest fives and bliser rust. Both are being effectively controlled in Michigan.

White pine blister rust is a disease that came to this country from Europe early in the century. It has spread to all important white pine regions of the United States and Canada. The first report of white pine blister rust in Michigan was in 1916.

IN ORDER to propagate and spread through a white pine stand, the disease has to grow during summer months on the leaves of current and gooseherry plants. It cannot spread directly

from one white pine to another The spread of infection is halted by destroying current and gooseberry plants growing in pine stands or within a 300-foot radius. An effective control program of this kind is being carried out co-operatively between the Bureau of Plant Industry of the Michigan Department of Agri ture and the U. S. Forest Service

white pine in Michigan has been given initial protection to date.

Last year 18,236 acres of white pine were protected by destroying 381,151 gooseberry and current plants. Records in the Michigan Department of Agriculture show that on the average one man working one day can afford this protection for six acres of white pines.

## Northwestern Needs Wampum For Wigwam

It is an astounding fact that Northwestern Michigan College has grown faster in its first four than one of our largest state educational institutions did in its comparable period. Recognizing the fact that, unlike most older institutions of learning, the college lacks a sufficient alumni organization at this time to fall back upon for encouragement and support, the WIGWAM CLUB is being organized.

Membership in this club is open to all citizens who are interested in the development of Northwestern Michigan College in all its endeavors.

Charter membership in this organization will give an oppor-tunity to directly affiliate with Northwestern Michigan College in the same manner as member ship to an alumni organization of another university.

The Wigwam Club will have a member of the college faculty serving as a full time secretary, fulfilling the same function as an alumni secretary. The club will issue periodic bulletins on the activities and progress of the college. In future years, members of this club will enjoy the same preferred treatment as is extended to alumni in secur ing tickets to college athletic events and other special pro grams.

In brief, membership in this organization makes you a part of Northwestern Michigan Col-

lege. So that you may proudly in dicate your membership in the Wigwam Club a lapel pin will be supplied. Also, there will be a decal of similar design which may be applied to a window of your car, home, store, or office. A membership card will be issued immediately to all new members

You may become a part of Northwestern Michigan College and the Wigwam Club by phoning, writing, or stoping at any of the following places: Traverse City Record Eagle, WPBN-TV WTCM, WATT, WMBN, WATC your local newspaper or the Tra-verse City Chamber of Com-
