OVER THE BACK FENCE

BY MARSHALL
Each bit of rambling in last week's try at writing in this space produced a four-way headache with weariness sticking out around the many jagged edges. So, we ain't gonna do that no more.

More than 7,000,000 American families heat with oil, according to a heating survey. Lots of others can get heated up free by merely reading under "Over the back fence," which from now forward will probably leave many of our readers cold.

Last week's column was not unlike sticking our head into a well sharpened meat grinder. How were we to know the machine was hooked up to 440 instead of a measly old 110 volts?

So, since nerve tonic and aspirin come pretty high, we'll refrain from stirring up a south westerner by asking a few questions which should in no way produce a determined knock on the door.

How come we don't sell eggs by the pound?

How come we don't sell potatoes by the dozen?

How come, with all modern science about us, no one ever discovered a cure for the common cold?

How come science has never been able to produce cows' milk from a laboratory mixture?

How come pickle growers have never been able to grow a pickle which mothers will feed to babies?

How come all them there things?

A party named Nora Davis wrote a poem which seems to be humorous. It was offered to Rotary for printing on the weekly "Listening Post" by Howard or John Porter, we never found out which.

Here's the poem:
SUCH LANGUAGE
(Ough)

Oh, Woodman, do not touch that bough,
It makes a shelter for my cough.
And underneath I've made a trough
So now my pigs won't wander ough.

That dear old oak is dark and rough
And carved with hearts and names and stough.
But one day lightning pierced it through
and tore a hornet's nest in tough.
It's bent and useless now although
In youth it sheltered me and Jough.

So Woodman, kindly spare that bough;
It's mine, and I'll protect it ough.

Here's the way to park in a "no parking zone" in the city: Paint a neat looking sign on the door of your car: "Official U. S. Govt. Taxpayer." One man got away with this, it is claimed.

In our outfit back in 1943 the Major had a minor operation. Which reminds us that a minor operation is always the one performed on some other guy.

Each separate item in last week's column fetched a frown through the front door with a face behind it. In great fear of having to seize odd size weapons and call in outside help, we shall here to and after pen luke warm bits for this space. Dry stuff about who is stalling on the construction of a bridge at Ironton; and things like that there.

Services Held Saturday For Seth LaValley

Services were held Saturday, October 15th at 2 p.m. at Watson's Funeral Home for Seth P. LaValley, 71, who passed away October 12th at the Midland hospital in Midland from cerebral hemorrhage. Rev. Robert H. Moore of the East Jordan Methodist Church officiated.

Mr. LaValley was born September 20, 1884 in Mancelona. His family moved to East Jordan during his childhood and he has lived here ever since. He worked in the lumber mills and for the Charlevoix County Road Commission for 17 years, retiring a year ago. On September 14, 1927 he married Olive Stokes who survives him. He was a member of the Jordan River IOOF lodge.

Also surviving are one daughter, Mrs. Lorretta Hathaway of Flint, two step-daughters, Mrs. Mildred Fales of East Jordan and Mrs. Irma Dennis of Flint; two step-sons, Donald Stokes of East Jordan and William Stokes of Midland; two sisters, Nettie of Muskegon and Emma of Petoskey, three brothers, Clinton of Muskegon and George and William of Detroit; 14 grandchildren and one great-grandchild.

Bearers were Cort Hayes, Bill Barnett, Cecil Blair, Sherman Conway, Carlton Bowen and Bert Scott. Burial was in Sunset Hill Cemetery.

4-H Officers Are Named, Plan Annual Party Tuesday

Officers were elected for the South Arm 4-H Club at their regular monthly meeting held at the Grange Hall, October 8th. They are as follows: President, Walter Murphy; Vice President, Roy Elsworth; Secretary, Evelyn Crawford; Treasurer, Jean Ann Partee; Jr. Recreation Leader, Barbara Fisher; Reporter, Jane Campau.

The community leader is Mrs. Glenn Campau and the new member elected to the Executive Board is Mrs. Versel Crawford. Harry Pearsall and Fred Eichler gave a demonstration on gun safety.

Plans were made for the annual masquerade Halloween party to be held at the Grange Hall Tuesday, October 25th from 8 to 11 p.m. Anyone coming unmasked will be asked to pay a fine.

Jane Campau, reporter

Special meetings with Rev. and Mrs. Walter Buck continue through Friday night. Service each evening at 8 p.m.

(From our foreign correspondent)
A News-Herald Exclusive

EAST JORDAN, MICH.,—Oct. 20—The city of East Jordan will be bombed about noon tomorrow. (12:45 p.m. East Jordan time.)

It was learned here Wednesday that an airplane will be manned by Fearless Pilot Robert Strehl with Dead eye Eric Golke as bombardier pin-pointing the target — the center of East Jordan.

The plane to be used is that of Percy Penfold's—a jet propelled bomber which will streak out of the sky to rake the city with a mass of bombs heretofore unseen in local skies.

The bombs have been produced in the famous Swan City and consist of bundles of Community Chest information asking citizens to contribute to the 1956 drive.

Announcing arrival of the bombs will be a blast from East Jordan's fire alarm.

Auxiliary Needs Gifts For Veterans

Each year the Legion Auxiliary is asked to send gifts to veterans hospitals. The gifts are for soldiers to select Christmas presents for their families and friends.

The deadline for sending the gifts is October 25th. Anyone wishing to contribute a gift for the Rebec-Sweet Unit 227 is asked to contact Mrs. Marie Woodcock.

The gifts will be sent to the gift shop at Fort Custer and should not be under \$1.00 in value.

4-H Leaders Set Projects For Future

Eighteen Charlevoix county 4-H leaders received 1956 project information at Charlevoix High School, October 12.

Lessons were presented by three leaders who had attended training meetings at Gaylord in September.

Mrs. Clarence Lord of East Jordan, presented clothing information; Mrs. Fred Eichler of East Jordan, presented photography information; and Mrs. Earl Johnson of Charlevoix, presented information on knitting.

Ted Kirkpatrick, farm service advisor of the Top O' Michigan Electric Coop presented a cooperative plan for the promotion of better lighting in homes.

Leaders were enthusiastic about the plan. In addition to improving home lighting, the plan will assist clubs in earning money to carry out programs.

According to K. C. Festerling, district 4-H club agent, all winter 4-H club work should get underway now and the 4-H enrollment deadline has been set for December 1.

Those attending the meeting for leaders were: Mr. and Mrs. John Clarke, Mrs. Joe Martinchele, Mrs. Clifford Riley, Mrs. Abe VerWys, Mrs. Albert Smith, Mrs. Garret Potter, Mrs. Floyd McCracken, Mrs. Earl Johnson, Mrs. Burwell Meston, Beverly Richardson, Mr. and Mrs. William Parsons, Dick Smith and Jack Stebe of Charlevoix; and Mrs. Versel Crawford, Mrs. Fred Eichler, Mrs. Glenn Campau, and Mrs. Clarence Lord of East Jordan.

Word leaked out of the high command office which was attributed to a secretary, who was supposed to have said that a victory banquet is being planned on or about November first. At that time awards will be given to those "generals" whose teams exceed their quotas by the greatest percentage.

Newsmen were led to believe that additional top secret information would be available for next week's newspaper.

State Orders County To Act Now at Grandvue Hospital

Charlevoix county officials are being prodded by the Michigan State Police to make immediate improvements at Grandvue hospital.

Almost at the same time the county board of supervisors was authorizing preparation of plans and estimates of cost for a new building on the grounds which would house 60 patients.

The fire marshal division of the state police warned that within the next 30 days the "following 25 specified improvements must be made."

Among the improvements are: enclose stairways between first and second floors; remove fuel oil tank from the basement; provide additional means of egress from the building; install a sprinkler system; limit the beds in the men's ward on the second floor to five and limit the beds in the men's ward on the first floor to four.

THE COUNTY was advised that a reinspection will be made by the state within 30 days.

MUST MOVE PATIENTS

Effect of the request will be the removal of six patients from Grandvue to other hospitals in neighboring cities, according to Roy E. Gregory, director of the Charlevoix county Department of Social Welfare.

Gregory told the county welfare commission that the cost of care of these patients in private hospitals will add materially to county welfare costs as will the other requested changes and improvements.

Moving rapidly to improve conditions at Grandvue, county officials said: "It is hoped that a bond issue for funds to build a new building can be submitted to a vote of the people next spring."

Michigan Week Dates Announced

Michigan Week, the annual observance dedicated to telling people of the state and the country about Michigan's greatness, will be celebrated in 1956 May 20-26.

The week-long observance will begin with the third Sunday in May — Late enough to have good weather for outdoor celebrations in all the areas of the state, early enough to be a major event of the school year and timed to give a big boost to the summer tourist season.

Russell Swaney, head of Detroit's Federal Reserve bank, who was Wayne county chairman last year, will be general chairman. He succeeds Grover C. Dillman, president of the Michigan College of Mining and Technology.

In the near future Mr. Swaney will appoint a county chairman for each of Michigan's 83 counties, who in turn will be expected to appoint a chairman for each community and to organize whatever county and community committees may be needed to handle the numerous activities of Michigan week and its seven special days.

High School Prize Photos To Be Shown

Fifty prize photographs including the top winners in the Ninth Annual (1954) National High School Photographic Awards will be shown at East Jordan high school November 3 to November 10.

A representative sample of the excellent work done by high school students throughout the U. S. and the territories, the exhibit includes all major prize winners from the \$4,500, 1954 competition, plus a selection of pictures that received Special Awards.

Activities in and out of school, sports, people, scenes, animals are included in the display. The pictures are more than mere record shots; they have something to say.

Grand Prize winning pictures included in the display are the work of: James Deane, East High School, Rochester, N. Y.; John Bean, Notre Dame High School, Portsmouth, Ohio; Carlisle Ann Hall, Muskegon Senior High School, Muskegon, Michigan; Larry Leach, Bakersfield High School, Bakersfield, California; and Rosalie May, Hamilton High School, Los Angeles, California.

Judges for the 9th Annual Awards, which was sponsored by the National Scholastic Press Association with the cooperation of the Eastman Kodak Company were: Earl Denning, Curator of Education, Milwaukee Public Museum; Fred Kildow, Director of the National Scholastic Press Association and K. W. Williams, Manager, Photographic Illustrations Division, Eastman Kodak Company.

Information about the \$5,000 1955 competition may be obtained by writing to the National High School Photographic Awards, 343 State Street, Rochester 4, New York.

Magazine Says It Has Learned Best Ins. Buy

The mystery of the "best buy" in auto insurance, the tangled web that most motorists know little or nothing about, is claimed to be solved by the editorial research board of Car Life Magazine, in an exclusive article appearing in the November issue.

After two months of study and evaluation of 39 auto insurance companies by the national magazine's research team, the State Farm Mutual Automobile Insurance Company of Bloomington, Illinois, was awarded the Car Life Magazine Seal of Merit Award for "the nation's best buy in auto insurance."

"When you are ready to buy your policy," Car Life found, "you need not shop for one that offers everything and a little extra. Today, all policies have standard provisions and most companies use the standard policy. But what you do need to consider is this: The kind and amount of protection your particular needs require. The cost of the policy and the reputation and stability of the company insuring you."

"However, these are by no means the only or most important factors to be taken into account in buying auto insurance," the magazine article continues. "What is important is what happens when you present your insurance company with a claim."

"Is the agent or representative easily reached? Is he cooperative? Does he represent you as well as the company? Will the company try to talk you out of your claim, or reduce it? Will you have to wait a long period for settlement? Will the company force you to go to court? In short, will your insurance policy do what it claims to do?"

Taking all these factors into consideration, the magazine editors say they found that State Farm Mutual Automobile Insurance Company compares better with the right end of the 39 auto insurance companies studied. The company is represented in East Jordan by B. C. Cummins.

Tie This One For Consideration-

Closed the office early last Saturday to go after pheasants with Pops Foster. I used fewer shells than the old gentleman and took home more birds—but not because I did better shooting. I'd borrowed a dog for the occasion. Pops took along Blue, his ancient pointer. Several times I noticed Pops walk up to a clump of bushes Blue had pointed at and fire into the air—though he hadn't flushed a single bird. Naturally, I wanted to know why. "Well," he said sheepishly, "I've been hunting with that dog for 11 seasons. His nose isn't much help any more—but I'd rather waste a shell than let him know." From where I sit, Pops always shows consideration for people, too. For instance, this is a small thing, but he puts a bottle of beer on ice for me when I visit him—though he never takes anything but coffee himself. Even if he doesn't agree with me on a matter of personal choice (which is his right) he'd rather not make a "point" of letting me know.

Unlike college football professional football avoids contact work during practice sessions between games. Perhaps only twice a season, outside of training camp, do the Lions engage in physical contact — and this to sharpen up pass defense. The players suffer enough bumps and bruises on Sunday without taking any chances on someone getting hurt in a needless scrimmage. Good professional players are hard to come by. This does not mean that the Lions aren't kept busy between games, though. After a day to recover from the effects of Sunday's encounter, the team assembles Tuesday to begin a full week of activity. STUDY FILMS OFTEN This starts promptly at 9 a.m. in the Briggs Stadium clubhouses with a scouting report on the next opponent from either Russ Thomas or Bob Ivory. Then the team goes out on the field for 10 minutes of loosening-up exercises. The balance of the morning is devoted to running through a series of offensive plays. The players knock off for lunch around 11:30 and return at 1:30 to split into two units. The defensive team remains with Coach Buster Ramsey in the clubhouse to look at the films of the past Sunday's game. The offensive team goes with Head Coach Buddy Parker and assistants Aldo Forte and George Wilson to the Lions' office near the stadium to view films of next Sunday's opponent in action. EVERYONE KNOWS EVERYTHING The films are run and re-run, backwards and forwards, stopping every few seconds to examine a key block, a missed assignment and other important action. By the time they are finished at 3 p.m., the players know the film thoroughly. Wednesday morning is devoted to running through the new offensive plays devised by Parker to be used in the next game. Both the offensive and defensive teams run through them so that all the players have them committed to memory. In the afternoon, the offensive and defensive teams again split and exchange the films they had viewed Tuesday. On Thursday morning, Ramsey gives out the defensive patterns for Sunday's game, things such as pass coverage. Both teams then work on the defense, with one team running through the plays. Thursday afternoon the entire team sits in a group to look again at the films of the past Sunday's game. As the film is run through time and again, flaws in the team's play are repeatedly pointed out and discussed. Comes Friday and the team goes directly onto the field, devoting half its time to offense and the other half to defense. The afternoon is taken off.

J. D. Frost returned to his home Sunday from the Charlevoix hospital. He underwent major surgery October 7. His friends will be pleased to know he is getting along very well. The Good Will Class of the Methodist Church met with Mrs. Alice Shepard Thursday for a pot luck dinner. Thirteen were present. A business meeting and visiting was the entertainment for the afternoon. Mr. and Mrs. Ernest Kopkau received word from their son Ernest Jr. Monday that he is now A-1c Ernest F. Kopkau. He is still located at Clovis AFB, New Mexico.

Services Held Friday For John Greenman

Services were held Friday, October 14th, at the Traverse Heights Pilgrim Holiness church for John Wesley Greenman, 79, of Traverse City, who died at a Traverse City hospital following a brief illness. Revs. M. E. DePeal and W. D. Phillips officiated.

Mr. Greenman was born November 9, 1875 in Banks Township, Antrim County. He lived in that area until 1925, when he moved to Flint. He was employed as a machinist with General Motors Corporation until his retirement in 1950 when he went to Traverse City to make his home with a son. He was united in marriage to Miss Grace Nichols of Torch Lake in 1902, who survives him. Also surviving are two sons, Earl M. Greenman of Traverse City and Orin Greenman of Flint; two daughters, Mrs. Clyde Giam of Boyne City and Leila Greenman of Detroit; two brothers, Frank and Milan Greenman of Central Lake; 18 grandchildren and 17 great grandchildren; several nieces and nephews. Burial was in the family lot at Sunset Hill cemetery, East Jordan.

Orchard Notes . . .

All apples have a good flavor this year, large or small alike. Way back in 1930 when I worked one fall for the Eveline orchards, some of the reminders of Mr. Darbee are still remembered. Sort the apples on the trees. That means spraying and thinning with some hand thinning. At that time they were noted for putting up the best pack in Michigan. I expect that they can put up one thousand bushels per day now.

Their younger orchards have been planted so as to have the trees far enough apart. Hence they are not effected as much during our long dry spell.

There is something besides money to be obtained growing apples. It is a work of art and charming beauty.

Here at home with the growing up of young apple orchards, I do not have anyone to argue with except myself and when all of the trees are further up in bearing, I will not have anyone else to help handle the money, except myself.

We received the following letters this week:

Dear Mr. Sayles,
I am writing this letter as a notice to stop sending the News-Herald as we will soon be leaving Fort Hood and the army.

My wife and I have both enjoyed the paper while away from home. Rest assured of our subscription when we are again settled and can establish a mailing address.

Thanks to all the folks who make the paper possible for the servicemen. Will be seeing you all soon.

Sincerely,
1st Lt. William E. Kamradt

Dear Sir:

We would like Captain Nelson's address changed from Fort Hood, Texas to Capt. A. C. Nelson, 1902 Alamo Ave., Killeen, Texas.

We enjoy receiving the paper very much.

Sincerely,
Al and Peg Nelson

Gerald Evans is on the move again. We have a request to hold up his paper for a while.

And one new address:
Pvt. Richard R. Barnett

Cub Scouts Plan Circus Saturday

A cub scout circus has been announced for 7 p.m. Saturday at the high school gym.

Under direction of Wing Master Robert Williams, the various booths will open at 7 o'clock and a parade and ring acts will get underway at 8 o'clock.

All of the circus acts will be carried out by members of Cub Pack, 123 which is sponsored by the Methodist Church.

Admission has been set at one cent and all concessions will charge five cents or less.

Door prizes will be awarded. It was said that all residents are invited to attend and aid the cub scouts in carrying out a successful circus.

Winterize Barns Now, Farmers Told

It's easier to make those needed repairs on the dairy barn now than when the ground is frozen and the snow is blowing, says Ed Rebman, Charlevoix county agricultural agent.

Rebman points out several winterizing jobs that can be done now to make the dairy barn more comfortable for both cattle and dairyman this winter.

Watering systems should be checked for faulty pipes and broken drinking cups. A constant supply of fresh water means more milk and more money.

Sluggish drains are easier to clean out now when the ground is soft than in the winter when it's frozen. Agent Rebman adds.

High on the list of necessary work to be done before winter is replacing broken windows. Cold drafts can cut milk production beside causing young calves to get pneumonia. Get new panes to replace the broken ones and tighten up loose frames.

Rebman reminds dairymen that calf pens should be draftless, too. The pen should have no openings except at the top. Give calves plenty of dry bedding, keep them out of a draft and do not overfeed.

Protect Lawn Now For Next Spring

If you want a lawn free of weeds next spring, now is the time to spray it with 2,4-D.

That's a tip from Walter G. Kirkpatrick, Antrim county agricultural agent. He indicates that fall is the best time to get in good blows against such pests as dandelions, chickory, wild carrot and buckthorn plants.

Many homeowners, Kirkpatrick says, have been disappointed with 2,4-D when they applied it in the heat of the summer when the plants were dry.

Weeds should be growing vigorously, such as they are in the fall, to get the best results with the weedicide, according to Agent Walter G. Kirkpatrick.

And, he adds, shrubbery around the yard is much safer if you spray the lawn in the fall. Grapevines are often injured by drift from the weed killer during the summer, Kirkpatrick indicates.
