Plan North Area School Vote

The Charlevoix-Emmet Intermediate School District 18 member Reorganization Committee, after discussing the provisions of Public Act 289 of 1964 and reviewing the pertinent influences affecting the feasibility for major reorganization of school districts, decided by majority vote to study and recommend the annexation of non-high school districts to existing high school units.

The Committee observed that the intent of the act, namely, to place each child into a K-12 school district, would be more nearly assured under the proposed plan herein submitted. They further recommend that high school district's assess their own status and begin to explore the possibility of mergers with other high school districts.

The accompanying proposed reorganization plan for the Charlevoix-Emmet Intermediate School District was suggested by the following general procedure:

The Committee systematically considered the several non-high school districts for study.

Area representatives were asked to make recommendations and to provide information of a local nature that would not necessarily be learned by studying maps and statistics.

Publicity was given through reports of Committee action and discussions immediately following each session.

In a real sense sectional hearings were held in-as-much as representative groups were asked to attend sessions of the Reorganization Committee when their district was under study to aid the Committee in getting complete information upon which to make recommendations.

In some instances general meetings were conducted in local districts under the direction of the local boards of education to disseminate information and to gather a consensus of local opinion.

The accompanying map will indicate the Charlevoix-Emmet Intermediate school districts before and after the proposed reorganization.

Winter Sports Growing In This Area

The story of winter sports in this area is a record of phenomenal growth.

From a few scattered ski centers and winter parks a short generation ago, the winter recreation industry has expanded with no signs of a letup.

Predictions of a few years ago that winter business would contract to a few major areas has not been borne out as year after year the list of West Michigan centers has grown.

In the early 50's Hickory Hills and Holiday Hills (now Traverse City Holiday) made their debut in the Traverse area, with Missaukee Mountain at Lake City and Mt. Mancelona also joining the list. In 1955, Harbor Highlands near Harbor Springs, Lake Valley at Kalkaska and Manistee Ski Area (now Big "M") started operations, followed in 1956 by Brady's Hills at Lakeview, Ward Hills near Branch, Glacier Hills at Bellaire and Mt. McSauba at Charlevoix.

Boyer Mountain, the first complete public winter resort in the state, started operation in 1948. Inauguration of swank Shanty Creek at Bellaire was in 1963.

Last year saw fabulous Boyne Highlands rise on the site of Harbor Highlands, while Sugar Loaf was revived after a couple years of idleness. Timber Lee and Maplehurst also started operations in the Traverse area.

Growth of the winter industry has not been only in numbers. Most of the centers which have made a go of it have continued to expand with new lifts, snow makers, more slopes, better facilities and accommodations and better services. And the number of skiers has increased from a few thousand to tens of thousands. And there's no recession in sight.

A DAY OF THANKS

Thanksgiving is as old as the need to worship. Many nations set aside days to invoke Divine thanks for the bountiful blessings of the harvest.

In Japan it is the "New Tasting Festival," in Sardinia colorfully clad natives meet at the "Festival of the Saviour," while throughout Europe the plaintive voice of the violins and the rhythm of the tambourines mark the week-long Gypsy festival with dancing in the streets. In India's Punjab state natives dance the Bhangra at harvest time, while the Swiss flock to the capital city of Berne with their wares.

However, it was Colonial America, and the Plymouth Bay Colony where white and red men shared the harvest, exchanged gifts, and gave thanks to the Supreme Being—which imprinted this holiday in the minds and hearts of all Americans.

Today is a far cry from this historic event—and the munificence of worldly goods bestowed on this nation gives us cause to take time out from the inter-city football clash, to pause and reflect on the true meaning of Thanksgiving day.

Let us pause, and recall the parable of the good Samaritan. He found the time to stop, bind up the wounds of a man set-upon by thieves, and paid for the man's shelter at the inn.

We too, can be good Samaritans by continuing to share this nation's bounty with the undernourished, underprivileged people of the world.

Thoughts from Outer Space

By Marshall Sayles

One of the biggest surprises I've had in recent years was the time I was lumped among the great majority against my will.

It all happened one Sunday afternoon while I was asleep on the davenport. Someone invented the IBM card and I was immediately classed among the majority of people in United States. Categorized against all my druthers. And with no written notice!

And before I could get off the davenport and put my shoes on I had been numbered, figured, tabulated, filed, and cross-indexed something fierce. And at my age! The only thing that saved my sanity was the fact that I could not be punched or mutilated in any way.

It all happened at a time when I was convinced that a fellow like me was as unknown

as a Republican in Moscow. But somehow the IBM people had spotted my ilk wherever they looked.

It certainly was a shock to be snatched from the rare and placed among the great bulk. Little did I realize there were so many mes in United States.

My pity for this great land of ours dates from that time.

After that I learned that IBM had invented a rig that could tell more about me than my wife ever dared guess. Thank goodness the information is restricted to only seven hundred federal agencies.

Heavens! With Dr. Kinsey on one side of us and with the IBM people on the other, it is taxing all of our wits to hide little private things you don't want people to know about.

Oh, rats.

DOLLS! DOLLS! DOLLS! That's the big attraction for the wee ones as Christmas gifts go on display in East Jordan stores. Not only at Healey Hardware, where the children of Mr. and Mrs. Donald Bowers were caught visiting the doll department, but most East Jordan stores are rushing to arrange their wide variety of Christmas gift items for the expected rush after Thanksgiving.

SCHOOL PEP CLUB HAS NEW MONEY RAISING IDEA

If the idea of contributing to another charity makes you a little skeptical, the Pep Club of the East Jordan High School has come up with a bright new idea to not only lessen the possible pain but also give you something in return.

From November 22 to December 6, according to club president Gerry Donaldson, the Pep Club members will be raising funds to help the Pep Club by selling fine quality men's and women's socks at one-third off retail price, and the price you pay includes your contribution to charity.

The club made arrangements through Country Gentleman Enterprises, Burlington, N. C., to sell Country Gentleman's top line of half hose at the discount price. The lines carried will include men's orlon-nylon and over the calf, an athletic crew sock with a five-year guarantee, and girl's knee socks and TV booties.

Donaldson said, "We are extremely enthusiastic about this method of fund raising. Everybody overlooks replacing old socks and we're offering people the chance to not only replace those socks or get some for gifts at a considerable saving, but they can also give to charity through the profit we get on each sale. It's the first time anyone's been able to get something back

the minute they give. We hope local citizens will welcome our club members when they call."

If you would like additional information on the club's project or to place orders by phone, you can do so by calling the East Jordan High School between 9 and 3:30. Call either LE 6-7576 or LE 6-2208.

Mr. and Mrs. Thomas Arthur Quinn

A dinner at the Wyandotte Yacht Club followed the wedding of Carol Sue Spear and Thomas Arthur Quinn Saturday October 9th., in St. Joseph Catholic Church, Wyandotte.

Father Dayton F. Gnau chanted the nuptial high mass before an altar adorned with chrysanthemums and gladioli.

The bride is the daughter of Mrs. Alice V. Spear, of Wyandotte. Mr. and Mrs. Arthur Quinn, 912 Emmons, Lincoln Park, are the parents of the bridegroom. The senior Quinn is principal of Mixer School, Lincoln Park.

A Chapel-Length Watteau train highlighted the former Miss Spear's floor-length princess gown of antique-white satin brocade. The contoured bodice, featuring a Sabrina neckline and elbow-length sleeves, was enhanced by an A-line skirt.

A matching Dutch cap secured the bride's veil of silk illusion. She carried a bouquet of white carnations, gypsophila and trailing ivy.

As maid of honor, Carol Ann Marx, of Southgate, appeared in a floor-length Empire gown of burgundy silk faille styled with a cape effect at the back.

The Honor attendant's headpiece of ivory organza was centered with a flower accented by touches of burgundy. She held a cascade arrangement of burgundy-tipped carnations.

Donning identical ensembles were Sandra Olson, of Southgate, and Gail Spear, the bride's sister.

Roger William Quinn assisted as his brother's best man at the double-ring rite. Ushers were Thomas Winslow, of Lincoln Park, and Michael Francis Quinn, of Saginaw, another brother of the bridegroom.

When the newlyweds return from a two-week honeymoon in the Great Smoky Mountains, they will reside in Lincoln Park.

Hosts at the wedding reception were Mr. and Mrs. Thomas Anderson, of Lincoln Park.

Open House

The children of Mr. and Mrs. William Gaunt are holding open house honoring their parents' 50th wedding anniversary Sunday, November 28th at the Advance Chamber of Commerce Building from 2 to 5 p.m.

Thank You!

St. Joseph's parish clothing drive, held recently, was a big success, thanks to all the wonderful charity on the part of East Jordan people.

St. Joseph's parish wishes to thank Mt. Clemens Metal Products for the donation of the boxes and banding material, the American Legion members for the use of their building, and the help of the members. To the people who donated needed clothing, to one and all who aided in the collection goes their sincere appreciation.

Eighty-six large boxes of clothing were collected and will be shipped to all parts of the world to needy people regardless of creed.

Convert your home or business to economical Natural Gas heat today and pay nothing until July 1, 1966.

Convert now to Gas heat and Michigan Consolidated Gas Company will buy your unused oil or coal—even remove your oil tank—all at no cost to you. What's more, whether you convert your present furnace, or even install a new Gas furnace, we'll pay the bill. And all you pay us, between now and next July, is for the Gas you'll use to make this your most comfortable winter ever. Here's how this special limited-time offer works:

1. If you're now heating with oil, we'll buy what's left in your storage tank—at the price you paid for it. What's more, we'll remove your tank from your home or business and even haul it away if you want. All at no cost to you.

2. If you're now heating with coal, we'll take what coal you have on hand, off your hands. And pay you whatever it cost you originally.
