OVER THE BACK FENCE

BY MARSHALL

We have been fraught with six kinds of woe over the unhappy comments which have reached our drooping ears regarding omission of bills in regular publication of city council proceedings.

All manner of reasons have reached us via a vine of grapes; and they point to our wilful tinkering with the council proceedings. Talk is the newspaper keeping the list of bills paid "out of the paper" for one reason or other.

Actually, it is for one reason and no other.

But some readers would have us covered with Cannon's Black Slave and turkey feathered to the hilt. Others would have us hanged during the shady part of the day from the nearest Consumers Power light pole.

All this has prompted a strong desire within us to escape into the heather and subsist upon milkweeds until relatives come to claim us.

Yes! Some folks have been carried away with wild rumors about the lack of paid bills in the published council proceedings.

Wherever they have been carried away to, perhaps this explanation will guide their safe return.

It could be the city council itself decided to leave out the long list of paid bills to shorten up the expense of publishing the proceedings every fortnight. And that the council, through its city clerk, informed the newspaper the list would no longer be furnished for publication.

Now, that is a bang-up explanation with good legs upon which to stand; and it releases us from the salt mines where some readers have condemned us.

So occasionally things aren't our fault. We said occasionally, didn't we?

Some time ago we said there were more rumors per square person in East Jordan than any other area, including the lower east side of Elmira.

But if it weren't for rumors and an occasional threat of lawsuit, there would be the meat of small town living? Rumors provide much of the thrill of life—and a little of the chagrin.

Without them we would be mired in a wave of listlessness that would drain off our imagination and produce a people fit for nothing save work.

Russia has capitalized upon this sort of thing, so watch your step.

If all the threatened law suits were carried out, William T. would be busier than Roy Gregory during a sudden depression.

—or Phil during a rumor shortage. So law suits, too, are a part of our small town life—adding zest to our drab days of work. Lawsuits and rumors. Ah! There's a mixture! A staff of life akin to bread alone.

Some old meany filled with the spirit of dangerous adventure tore away the LaLonde and Ostrander cottage sign out on the point and made off with it like a thief in the afternoon. The deed was done near the Snyder cottage and there's a great uproar as the result. It isn't so much that a sign was stolen—another can be made—but what irks the populace is the fact there is a thief among us. Replace the sign old boy and prove us wrong.

To steal, to smash property, to race automobiles until death stares us in the face, to hunt birds within the city limits, to tell falsehoods about our neighbors and friends, to disregard the will of society... what, may we ask, is loose in the minds of men?

Whatever became of portal to portal pay, the head tax and "unless you know these things, you are not educated?"

With Ken Diller's siding and Harry Watson's know-how, the Jordan Inn has become one of the most imposing hotels in the area. Congratulations to Mr. and Mrs. Wallace for the job they are doing to give the city a fine year-round hotel.

Some time ago it was rumored about that the A&P Food Stores were going to build a super market in E. J. second to none. Only part of the rumor was true. That part about the none.

Lawyers Prepare For October 31 Foote Will Trial

Attorneys assigned to the court case involving the will of the late Frank Foote, of East Jordan, were gathering information today against an October 31st circuit court jury trial deadline.

Among attorneys working on the case are William T. Downs, of East Jordan, representing the local library; Benjamin Halstead, of Petoskey, representing Mrs. Minnie Gibson, sister of Foote, who is attempting to break the strange will; and Wendel Niles, U. S. district attorney, of Grand Rapids, representing the U. S. Government. Guy C. Conkle, Jr., of Boyne City, is administrator.

The attorneys will assemble at Meadville, Miss., October 14 to hear testimony from Mrs. Gibson. She is 84 years old and unable to travel.

It is believed Mrs. Gibson will attempt to break the will on the grounds that her brother was not of sound mind when the will was written.

The 78-year old East Jordan farmer died at Charlevoix hospital last December 30th, leaving a will that brought national interest because of the request regarding \$14,000 worth of government bonds.

FOOTE ASKED that the bonds be burned and the government debt to him be canceled. Industrial securities mentioned in the will amounted to about \$11,000 current valuation.

Foote willed the stock to the "Red Cross" and requested that his sister receive income from them. He gave his small fruit farm to Michigan State College and his large collection of books to East Jordan public library.

Since first reading of the will several relatives of Foote's have

Firemen Host to Area Supervisors

Supervisors and their township boards surrounding East Jordan were guests of the East Jordan fire department at a dinner-program in the basement of the fire hall Monday night.

Fire Chief Sherman Thomas said the supervisors inspected the tank wagon owned by the townships which is used by East Jordan in a city-rural agreement to service the area with fire protection.

The tank wagon is kept at the fire hall and maintained by the local department for both rural and local use.

The supervisors signed a city agreement on use of the equipment and the protection offered by the city.

The supervisors were: Bill Sanderson, Eveline Township; Pearl Schmidt, representing Wilson township; Carl Petrie, of Echo Township (Antrim county); Charles Stanek, Jordan township (Antrim County) and Benn Smats, South Arm township.

About 12 firemen in addition to the township officials were served an oyster supper which was followed by a movie.

Saturday Services For Infant Son of Norbert Nachazel

Funeral services were held at 11:30 a.m. at St. Joseph's Catholic Church on Saturday, October 8th for Norbert Michael Nachazel, three week old son of Mr. and Mrs. Norbert Nachazel. He passed away at Charlevoix hospital October 6th.

Burial was in Lakeside cemetery, South Arm Township.

been found. The only relative mentioned in the will, however, is his sister, Mrs. Gibson.

Relatives include the children of Mrs. Gibson. It was reported that Foote had a brother, but it was not said whether he is living.

It has been believed that Foote's total estate will reach nearly \$40,000.

HE LIVED a lonely life on a small farm on north M-66 near here and had few close friends for 40 years.

At one time Mrs. Gibson said in Meadville: "Everyone is trying to get the money."

Several weeks ago the case was moved from Probate Judge Floyd Supp's court to circuit court at Charlevoix with Circuit Judge Charles Brown, of Traverse City setting the October 31 trial date.

Firemen Warn On Phone Use

The East Jordan fire department today issued a warning against unauthorized persons answering the fire telephone after the alarm is sounded.

It was said that in the past unauthorized persons have reached the fire hall before firemen and have answered the telephone to find where the fire is located.

This practice, it was said, leads to confusion and misunderstanding regarding exact location of the fire.

Only authorized persons who may legally answer the fire telephone are members of the department and retired members.

The department said today it would no longer tolerate any unauthorized person answering the fire telephone and in the future will take proper action against anyone doing so.

Price Hiked For Local Turkey Growers

Charlevoix county turkey growers likely will receive two to five cents a pound more for their live birds during the holiday market period than they did last year.

That's the outlook now, reports Henry E. Larzelere, marketing economist at Michigan State.

He says the New York price for ready-to-cook turkeys seems to reflect the overall market situation best. And for the holiday period, he indicates, New York prices for fryer-roasters and young heavy hens are likely to average 55 to 56 cents and the young toms 42 to 50 cents.

Prices paid county growers for live turkeys is 15 to 20 cents a pound under New York ready-to-cook birds.

Larzelere bases his predictions on the reduced numbers of turkeys reportedly grown this year as compared with last and the usual seasonal price change between September and the holiday market period.

The same number of heavy breed turkeys are being raised this year as last and about 15 per cent fewer of the light breeds, national figures indicate.

Will Social Security Up Farm Credit?

Social security may have a profound effect on credit rating for Charlevoix county farmers.

The fact that the value of social security benefits will be considerable for his family after a farmer dies can now be taken into account by bankers when they lend money.

Dr. E. B. Hill a Michigan State economist said this during recent agricultural finance clinic.

He also said that social security means that farmers in the southern third of Michigan probably will retire earlier than before and pass the value of social security to their sons.

But in northern Michigan social security may have the opposite effect, according to Hill.

Where their income is considerably smaller — in many cases less than \$1,200 a year — farmers will stay on the land as long as possible

Mancelona Next Devil Try For First Season Win

Continuing to suffer from a combination of manpower losses, Coach Gayle Saxton's Red Devils dropped another football contest Friday night to the Rams at Harbor Springs, 13-0.

The locals will meet Mancelona Friday night on the southern field after the Ironmen tripped Gaylord's Blue Devils 6-0. It will be the Red Devils' fifth try for a victory this season. They have previously been beaten by St. Ignace, Grayling, Charlevoix and Harbor Springs.

At Harbor Springs Ken Talcott made the first score for the Rams from the three after they had recovered an East Jordan fumble on the 15.

Talcott and Jack Meyer ran the ball to the three yard line and Talcott moved it over with Meyer converting.

Rites Held Here For H. A. Woodcock

Rev. C. W. Thompson conducted funeral services Sunday, October 9 at 2 p.m. at Watson Funeral home for Howard A. Woodcock, 65, who died October 6th at Kalamazoo.

Mr. Woodcock was born February 10, 1890 in Kalkaska. Surviving are one sister, Mrs. Josephine Stiles of Flint, and five brothers, Martin Keller, of Zeeland, Armand Keller, of Kalamazoo, Rex Woodcock, of Kalkaska, and Walter and Frank Woodcock of East Jordan.

Bearers were Gilbert Sturgell, Gus Anderson, Sherman Thomas and Roy Gokec. Burial was in Evergreen cemetery, Kalkaska.

Relatives and friends from out of town attending the funeral were Mrs. J. Stiles and Mrs. Jerry Stiles, of Flint; Mrs. George Martin Keller of Zeeland, Armand Keller and Rex Woodcock of Kalkaska and Mr. and Mrs. Rolland Woodcock of Richland.

Charlevoix Player Dies Before Game

Funeral services for Frederick J. Putman, 18, Charlevoix high school senior and football player, were held Monday at the First Congregational church at Charlevoix with burial in Brookside cemetery.

The young Rayder football player died Friday night at Grayling after he collapsed on the gridiron as the Charlevoix team started its warmup exercises.

He was dead on arrival at Mercy hospital. An autopsy was performed Saturday by Dr. Stanley A. Stealy of Grayling, Crawford county coroner, who said that death was due to a functional disturbance which caused a cardio-respiratory arrest. Dr. Stealy added that the disturbance was a persistent thymus gland or one which failed to atrophy.

Born at Gaylord April 17, 1937, Putman attended the Gaylord schools before moving to Charlevoix with his parents, Mr. and Mrs. Leo Putman, five years ago. He was a member of the varsity basketball team last year and played end on the varsity football team this fall.

E. J. Teacher

Nancy Folkstad, East Jordan High School teacher received advanced training in homemaking education at the eighth annual Michigan Homemaking Teachers Conference at Kellogg Center, Michigan State recently.

THE LOCALS forced the Rams into the second half and the final quarter before Harbor broke into the scoring column.

But the locals were not beyond the 50 yard marker until the final moments of the contest.

Suggest Better Way For Rural Property Assessment

The method of assessing farm property and a warning about encroaching upon farm production with modern highways were topics discussed by 100 Charlevoix county farmers at the East Jordan high school Tuesday night.

An entirely new approach to farm property assessments was suggested by the rural people attending the annual meeting of the Charlevoix County Farm Bureau.

The farmers claimed that a modern and more fair method of rural property assessment would be to tax the land according to its capabilities — considering the condition of the soil for good farming.

Jim Shepard At National F.F.A. Meet

James Shepard of East Jordan, and Thomas Beatty of Williamston, are representing Michigan at the National Future Farmer Convention at Kansas City this week. They are official delegates in the voting body which includes two delegates from each of the 48 states.

Michigan Future Farmers are receiving outstanding honors for recent accomplishments at the convention proceeds. Eleven Michigan young men were awarded the American Farmer degree, the highest degree of the organization.

These include: Richard K. Arnold, Plainwell; Larry L. Behrenwald, Lakeview; Wayne E. Blossley, Williamston; Clare L. Carnahan, Onsted; Roger L. Cootware, Felch; Ronald L. Hisler, Oliver; William C. Kiessling, Marshall; Leo C. Murphy, Portland; Wesley Prine, Springport; Paul W. Thompson, Allegan; and George Winegar, Fowlerville.

Richard K. Arnold, Plainwell, was named Regional Star Farmer for the 13 central states. Roger Cootware of Felch is the second Upper Peninsula candidate to be awarded the American Farmer degree since 1929.

Three Michigan chapters were honored in the National Chapter Contest; Cassopolis and Caro receiving "Gold" awards, and Marshall a "Silver" award.

Thirteen delegates from the Upper Peninsula travelled to the convention through the courtesy of the Milwaukee Railroad Company. Delegates were included from Sault Ste. Marie, Rudyard, Pickford, Powers, Felch and Stephenson.

County Gets State Aid To Fight Snow

Following is the list of northern Michigan counties sharing in the state snow removal fund distribution.

The distribution is based on the number of "inch miles of snowfall" in each of the counties having 60 inches or more of snowfall.

The "inch miles" are obtained by multiplying the number of inches of snow by the number of miles of road in the county road system.

During the winter of 1954-55 Charlevoix county had 55,660.89 inch miles of snowfall.

County	State Payment
Antrim	\$16,944.57
Charlevoix	\$11,673.09
Cheboygan	\$14,159.76
Emmet	\$10,215.91
Grand Traverse	\$14,285.72
Kalkaska	\$18,082.87
Otsego	\$14,624.72

Right now farm property is assessed according to its use. It was said that a modern, ambitious farmer working land that isn't the best all around farm land, is taxed more than a farmer who lets his farm run down—even though that farmer's land is rich and capable of good production.

They claim the first farmer must work harder and has a greater expense, but is taxed more.

Farmers feel that assessing farm land on its capabilities would give the assessor a better yard stick with which to make more fair assessments.

A resolution to this effect was passed by the 100 farmers present and will be included in the resolutions presented at the annual Michigan Farm Bureau meeting at Lansing next month.

CLAIMING The development of modern highways and turnpikes is being done without enough consideration to farm production, the group passed a resolution concerning the problem.

The farmers cited the fact that new highways and turnpikes are being planned and constructed without regard to the amount of land being taken out of agricultural production.

The group wants highway planners and officials to check with state farm officials before planning roads, since they feel the situation is a real threat to future farming in Michigan.

Members heard a discussion on direct farm distribution of petroleum by Earl Huntley, manager, Farmers Petroleum Cooperative, of Lansing.

Other speakers were Ward Cooper, of McBain, regional Farm Bureau representative, who talked on the history of Farm Bureau and Ed Rebmam, of Boyne City, Charlevoix county farm agent. Rebmam showed a movie pretaining to old and new methods of farming.

THREE MEMBERS were named as delegates to represent Charlevoix county at the annual Michigan Farm Bureau meeting in East Lansing next month. They are: Charles Mascho, of Marion Township; Louis Jones, of Boyne City; and Leslie Sheridan, of East Jordan.

Mrs. Edna Neilson was named chairman of the women's committee for the county group.

In brief ceremonies the group extended its appreciation to Charles Mascho for his 12 years of service as county secretary.

Elected to the county board of directors for the coming year were: John Weiland, Stanley Houghton, and George Block, all of Charlevoix; Harry Smith, of the Uden area; Gustave Matz, of Chandler township; William Ziska, of Eveline township; William Parsons, of Norwood; Rollie Williams, of Marion Center; Henry Howard of Eveline Township; Milton Donaldson, of South Arm Township and Louis Jones of Boyne City.

Adult Sportsmanship

Our hats are off to the Otsego County Herald-Times, Gaylord's weekly newspaper. For, without undue criticism of their own football team, the newspaper took time out to congratulate a team that routed the home town boys, 26-0.

It has long been the failing of "home town" newspapers to attempt to make the local (or their favorite) sports team look as good or better than their opponent, regardless how the game ends.

Not only the newspapers, but the fans as well, often go far afield to "prove" that the winning team is after all, not so much better than the home town boys who have been beaten.

Many of us are unable to take a clear cut defeat graciously. In the past the News-Herald itself has been guilty of this sort of reporting.

The purpose of high school sports is for the regulated development of our young boys and girls; and for the fans and newspapers to make out the team is often much better or much worse than it really is, is inexcusable among adults.

Perhaps it is time for all of us to adjust our thinking in regard to high school sports, giving the opposing school at least the honest credit which is due them.

Gaylord has done this. And the newspaper is to be congratulated for breaking an unhealthy precedent which should never have been set.

Following is the Gaylord editor's comment upon a game which they lost 26-0.

After watching the football exhibition displayed by Boyne City last Friday, I can only offer my congratulations to the Rambler's coach, Paul Pfahler.

Coach Pfahler has assembled a team (machine is a better word) that does everything well. In fact, last Friday night he should have had little with which to find fault. The Ramblers outcharged, out-fought and outsmarted the Blue Devils all night.

Boyne City rocked Gaylord back on its heels at the word go and never let them regain their balance. If the Ramblers hadn't let up a bit in the second half, they might well have matched their first half scoring.

On looking over the statistics on the Boyne City players, they seem to be just average boys of average weight and size for a high school team. Nothing particularly dangerous in anyone of them as an individual. So it seems that the credit should go to Coach Pfahler for moulding them into a football powerhouse.

Boyne City should go all the way this year. If anyone beats the Ramblers, I would certainly like to see THAT game, because it would really be a battle.

I don't have to wish you luck, Paul Pfahler, with that scrappy bunch of yours. I don't think you'll need it.

It would be hard to pick out an individual star in the Boyne City backfield, but Carl Charon, fullback and Bob Fitzpatrick, quarterback, should have no trouble nailing down first string berths on the All Conference Team.

NORTHERN LIGHTS
(Compiled by the News-Herald Staff)

The Republicans of Charlevoix county have been organized 44 years and their association has been held together through many ups and downs in political life.

E. I. McMillan, of East Jordan, was first president of The Charlevoix County Republican Club.

He opened the group's first annual meeting on Friday night in East Jordan, July 15, 1910.

Floyd Robbins, of Boyne Falls, was secretary, and L. S. See, of Charlevoix, treasurer.

Speakers for the evening were: F. A. Kenyon, of East Jordan; J. M. Harris, of Boyne City; and Glen M. DuBois, of Charlevoix.

Three addresses were given by visitors who were introduced by Toastmaster J. M. Harris.

They were: Francis H. Dodds, of Mt. Pleasant; Patrick H. Kelly, of Lansing; and Henry R. Pattengill, of Lansing.

The club's first executive committee members were: J. H. Milford, of East Jordan; Frank Blair of Boyne City; and A. J. Stroud, of Horton Bay.

By-laws for the club were organized and presented to the group by R. L. Lorraine, of East Jordan; F. W. Mayne of Charlevoix; and C. E. Ramsey of Boyne City.

After 44 years the club is still well organized.

Within coming weeks hunters will be bringing deer carcasses to be processed for consumption later to locker plants.

Those locker plants, must be licensed and maintain strict sanitation of equipment, utensils and refrigerators and must keep proper temperatures.

Deer hunters are advised to dress out carcasses immediately after killing, and protect them from possible contamination until delivery is made to the locker plant.

The locker plant operator must inspect every carcass of meat to see that it is not contaminated or decomposed. State regulations prohibit storage of deer with the hides or skin on in the same room with other meat products.

Importance of cheese manufacturing in Michigan is being accepted by proclamation of national dairy interests that October is "Cheese Month."

Sale of fluid milk in Michigan about equals the amount of milk used in manufacturing, but within the state are 40 cheese factories.

Michigan ranks 8th in both milk production and cheese production. About 31 million pounds of cheese a year are produced, mostly of the cheddar and colby types, although some Italian varieties are also made. The Federal government buys about three carloads a week, which is graded by the bureau of dairying. In production of cream cottage cheese, Michigan places 4th among the states.

Here's Why We Must Have Those Summer Visitors

Editor's note: Here is an excerpt from "The factors influencing the development of Michigan's northern Lower Peninsula." It was prepared by the advisory board of the Michigan Economic Development Commission. This part of the study shows how important the resort industry is to northern Michigan.

The greatest asset of any city or any area is its people. If they are forward-looking, enterprising, energetic, and possess faith and confidence in the future of their community, the city or area will prosper.

To develop a proper perspective on the area, a statistical comparison between the 27 north state counties in the area and Michigan as a whole, as well as with as with typical industrial and agricultural counties in the state, was made.

The 27 counties have a total area of 14,299 square miles. This is about one-fourth of Michigan's total land area. Population density is 21.1 persons to the square mile. State average is 112.0. In six of the central counties of the area population density runs as low as six to nine persons per square mile.

Aggregate community income in the 27 counties is \$302,000,000 per annum (effective buying income or funds available for purchases after paying taxes). For Michigan it is approximately ten and one half billion.

Hence, a region embracing nearly one-fourth of the total land area of the state produces only about three percent of the annual income. As a consequence there is a definite shortage of investment capital, which constitutes one of the principal problems of the area.

On a per capita basis, effective buying income of the area is \$976, and on a family basis, \$3380 per annum. This compares with \$1392 per capita and \$5390 per family for the state as a whole.

Transition has been more rapid in the principal cities. Traverse City, Alpena, Petoskey, Manistee, Ludington and Cadillac have a composite buying power index 14.5 per cent above the national average.

This is probably due in part to expenditures made by tourists and resorters, in-migrant cherry pickers, and others.

Grand Traverse County, for instance, has retail sales of \$49-75 per resident family, although effective buying income is only \$4491 per family.

Conversely, for the state as a whole, retail sales in 1952 ran \$3923 per family as against buying income of \$5390 per family.

Emmet County (Petoskey) presents a somewhat similar picture with retail sales of \$4732 per family as against effective buying income of \$3859 per family. Roscommon (Houghton Lake) has an effective buying income of only \$2754 per family, but retail sales run \$4893 per family.

These figures demonstrate how important the vacation travel industry is in building the economy of the area.

Mrs. Ronald Scott resigned her duties as county chairman after holding the office for five years.

Orchard Notes . . .

We hear of an over production of MacIntosh in New York. And that Washington and Oregon are loaded with apples. At present car loads are being consigned to eastern and central cities.

One thing the western boys do is to place a price limit on their fruit when consigning. We have an advantage of less freight rates on account of being closer to large cities and the consuming public.

More and more of our apples are going in cellophane bags for stores. And the demand is for smaller apples to go into the bags for convenience, for the dinner pail and the school lunch, etc.

A number of years ago the west had so many apples that they could not sell them — especially when exports ceased with England. Now at the present time new plantings have come into bearing in the northwest.

LIBRARY NOTES

Open Hours: Monday, Wednesday, Thursday and Saturday — 1:00 to 5:00 and 7:00 to 8:30 p.m. Tuesday and Friday — 11:30 a.m. to 5:00 p.m. Except holidays.

New books for adults: Three Lost Letters, by Christopher Bush. Mystery concerning the murder of a very wealthy, very frightened man, hinges on the loss of three letters to his nearest of kin. Perhaps you can solve it faster than the detective did. You'll have as good a chance as he did.

The Judge and His Hangman, by F. Durrenmat. The murder of a young Swiss policeman is the gist of the problem in this mystery, finally solved by the ill and aging Police Commissioner.

The Call from Calle Moreno, by Maria Flores. What could be more timely than a novel about Peronistic Argentina? Based on a true case, this is the story of one man's fight against human injustice and the brutality of dictatorship.

The Beast That Walks Like Man, by Harold McCracken. Naturalist, explorer, author, Mr. McCracken tells the Grizzly's real story, as well as history and legends concerning him. Fascinating reading.

For the young folks: False Start, by Lawrence Keating. A senior in an exclusive private school, out to make a track record as well as a high scholastic record, Ted is unjustly expelled. He has to take his senior year in a large public school, where he is a stranger, and so a nobody. He feels it is useless, but the Principal fires his ambition and he digs in. Troubles come, but he loses himself in his work, which turns out to be the best way to find himself.

Midnight Alarm, by Reehitzer. This is the tale of a city boy and his intense interest in the firehouse and the men who work there. Thus he meets adventure head-on.

Young Mr. Big, by William Ratigan of Charlevoix is the story of Charles Thompson Harvey, who built the Soo Canal, from his late boyhood years to his big adventure. An inspiring story for those who like to read about real people.

The United Nations: Planned Tyranny, by V. Orval Watts. There are two sides to all questions and one should study both. This book gives the author's comments on the dream and the real-

ity of the United Nations, to round out our information on this subject.

For the little folks: Switch on the Night, by Ray Bradbury. The story of a little boy who didn't like the night. He was very lonely till one night when a little girl introduced him to her many friends who did like the night.

Blaze and Thunderbolt, by C. W. Anderson. For small horse lovers. In which Blaze makes friends with the wild and beautiful Thunderbolt.

Recent gifts: "Hurry-up" Yost by Lawton, was left on our doorstep. Donor unknown. This little book is dedicated to the memory of the famous coach.

Mrs. Watson is giving the Library her copies of Harpers' Magazine, which will be very helpful.

Last week's issue of the Saturday Evening Post contained an editorial on page 10 about the value of libraries. The editorial stated that a good advanced education could be gained from your local library.

Mrs. Newton Jones left Friday to spend the winter with her son and other relatives in southern Michigan.

Mr. and Mrs. Clarence Healey were recent visitors at the homes of their daughters in Coopersville and Saginaw.

Here's proof that, city by city, state by state, New Blue Sunoco gives you MORE MILES PER DOLLAR than premium-priced brands

HOW TESTS WERE MADE: Combined samples of premium-priced gasolines in 12 cities were road tested against Blue Sunoco in cars including highest priced and popular priced makes. Blue Sunoco not only won in miles per gallon but also far outstripped them all in miles per dollar.

By now it should be apparent even to the most casual observer that this is going to be the most crazy mixed up race in the history of the National Football League.

Three weeks ago who would have believed that the mighty Lions, three straight Western Division champions, the powerful Chicago Bears and the explosive San Francisco 49ers would be victorious after their first two games?

What makes it even more complicated is that the Lions figured that their less difficult (although not easy, for no pro game is easy) contests would be against the Green Bay Packers and Baltimore Colts. Sterner opposition was expected against teams like the Los Angeles Rams, 49ers and Bears.

Although Coach Buddy Parker anticipated trouble with Green Bay, which we knew had a real good team, he didn't expect anything like the dramatic last-20-second touchdown that beat us.

SURPRISING EVERYONE

After the initial shock, the defeat was taken more philosophically, as "one of those things," but the Lions fully expected to rebound against the Colts. So what has happened? The Colts are surprising everyone with one of the finest football teams I have ever seen, polishing off the Bears and Lions on successive Sundays.

Lack of scoring punch was blamed for the defeat at Green Bay, but inability to stop two rookies cost the Lions the game at Baltimore.

Oregon's George Shaw was faultless as a field general. He had the poise of a 10-year veteran. His faking and ball handling drove our defense nuts. Wisconsin's Alan Ameche was virtually unstoppable on his bull-like rushes and break away runs. Add to that Baltimore's usual near impregnable defense and you have trouble.

What it adds up to is a six team race both in the Western

Local Seniors To Compete for Scholarships

Three outstanding seniors at East Jordan High School will compete in the new, multi-million dollar National Merit Scholarship Program, Principal K. R. Annear announced today. These high ranking local students will be aiming at some 200 four-year college scholarships that can carry up to full tuition and living expenses, depending upon the financial need of each winner. Winners will be chosen on the basis of their ability to profit from a higher education.

Joan Hawley, Richard Johnson and Margaret Murray are the seniors named to take a preliminary screening test to be given in the high school October 26, 1955, as the first step. The competition is open to all secondary schools and is the largest program of its kind.

The scholarship program is conducted by the National Merit Scholarship Corporation, an independent, non-profit educational organization set up by grants of \$20,500,000. Aimed at the discovering and helping the most talented students in the country, the Merit Program permits the winners, known as Merit Scholars, to choose any accredited college or university and any course of study.

Some 800 runners-up in the competition will be awarded Certificates of Merit, and their names will be announced to all colleges and other scholarship agencies as students of unusual ability.

Colleges chosen by the Merit Scholars will receive "scholarships" too, for the Merit Program also helps the undergraduate colleges. In return for educating the Merit Scholar, the college can receive a grant of up to \$3,000.

The National Merit Scholarship Corporation offers its facilities and services with out charge to organizations and individuals interested in offering scholarships and conforming to its standards. Such scholarships will bear the name of the sponsoring company.

THE BOARD of directors will meet at a later date and elect officers for the new year.

The meeting was under direction of Farm Bureau President Leslie Sheridan of East Jordan. John Welland was chairman of the resolutions committee.

Following the business session refreshments were served and door prizes handed out.

Be sure and look over your "Shopper's Review" for bargains in Shurfine Foods. The annual Shurfine Carnival with its food bargains will be on until October 29th. — Thrift Super Market.

Gardelle Nice and his sister, Doris Nice Albas of Detroit, were dinner guests at the G. L. Pauquette home Thursday night.

Kyro, Cadillac and H. A. Mauck, Traverse City — District Scout Executives. Backus will take over some of the expanded duties of the Scout Executive which will include some work in the area of Staff management, Camping, Finance and Public Relations.

The first appearance of Backus at an official gathering of local Council will be at the Council Executive Board meeting in Traverse City on Monday night October 24th. Following this meeting and the securing of suitable housing for his family Mr. Backus will return on November first.

The Council has long felt the need for this move in that the size of the Council has grown steadily since 1939 when it was formed. In that year slightly under 500 boys were engaged in the program which has grown to a total of over 7,000 different individuals being served last year. The additional wide spread scope of the Boy Scouting program has increased this load.

Revolutionary VAN HEUSEN CENTURY SHIRT

with the soft collar that won't wrinkle ever!

gets top billing at Vaughn's

It's America's fastest-growing shirt. A real celebrity. The only shirt in the world with a soft collar that won't wrinkle or wilt... needs no starch or stays — all thanks to the amazing patented one-piece construction. World's easiest laundering shirt, too. Just iron the collar flat—flap—and it folds perfectly because the fold-line is woven right into the fabric. What's more, Century wears up to twice as long as ordinary shirts, but costs no more. White.
