Serving East Jordan, Boyne City and surrounding areas

## ROTARY EXCHANGE TURNS INTO A LESSON IN WORLD POLITICS

### Home safe from a troubled land

Josette Lory was safely back to work at Boyne City Hall late last week, after her trip to Indonesia was cut short by the nation's deadliest political and economic uprisings in decades.

Lory was chosen to be part of a six-week Rotary Foundation Group Study Exchange Program along with four other Michigan and Canadian residents.

"We weren't in danger," said Lory who was primarily on the tropical island of Bali for her trip — a heavy tourist area.

The last two weeks of her trip would have included a visit to Jakarta for a Rotary conference, but was canceled when more than 500 people were killed in the city, in riots over food and fuel price increases.

The only disruption Lory said her group saw were people with concerns for what was happening in the

capital and other industrial cities, and the impact on resident and tourist lifestyles when fuels, such as kerosene and electric prices increased.

Like Boyne City, Bali relies on tourism for its commerce, but the island of two million attracts tourists

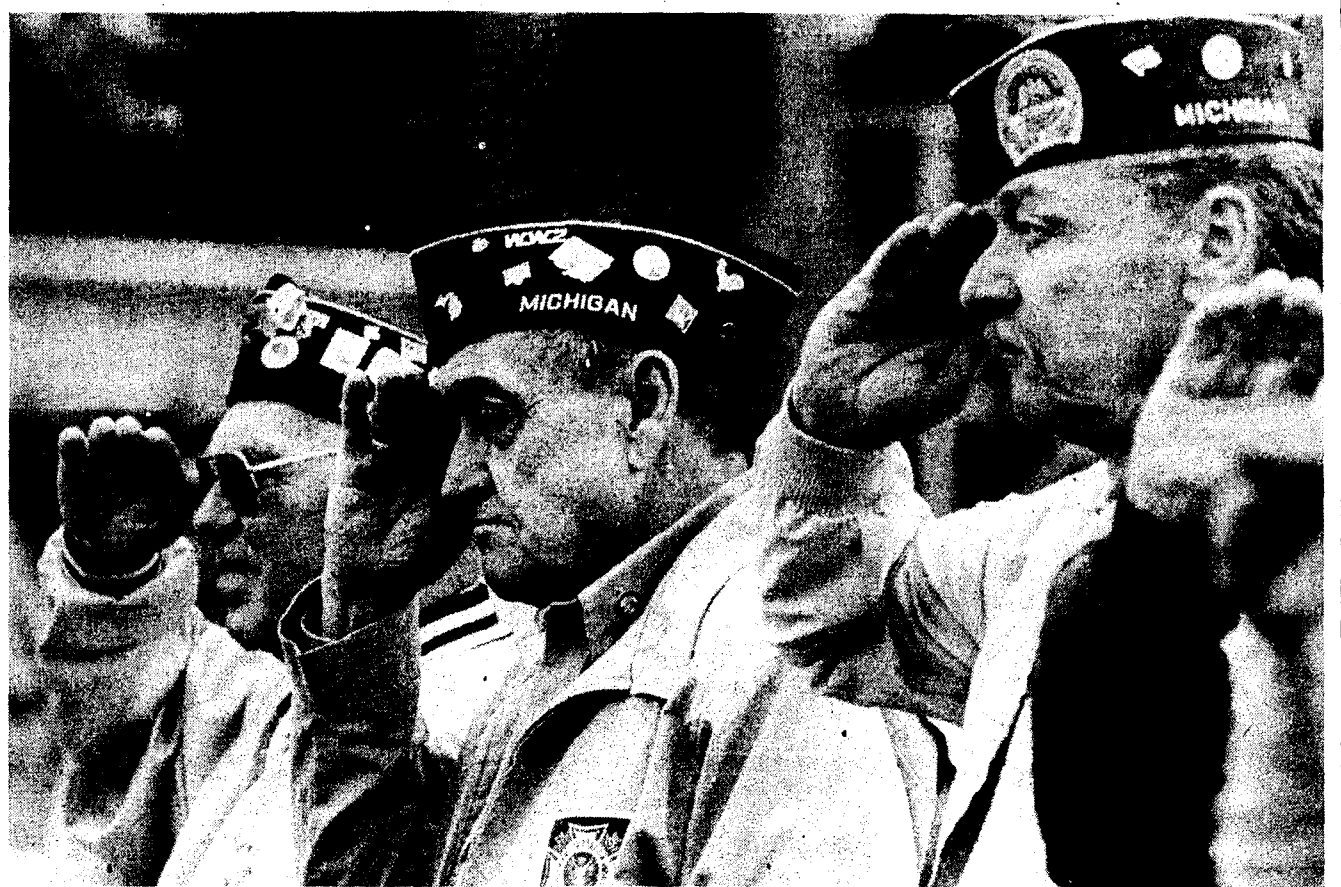

from around the world, versus the primarily midwestern vacationers who head to northern Michigan, Lory said.

Her first three weeks on the islands were "business as usual," she said, as the group witnessed first hand international Rotary projects which included medical clinics and care for the elderly. The violence ended up being a big focus of the trip because it was how the journey ended.

"I've made friends I hope I'll maintain for a lifetime," Lory said. "I would definitely love to go back."

### Memorial salute

VFW members Kenny McGeorge, left, Ray Adams and Richard Idolski, salute the United States flag during Memorial Day services in Boyne City's Veteran's Park on Monday. Veterans gathered in parks and cemeteries throughout the community, state and country to remember those who fought and died for their country.

SUMMERTREE'S GOAL: MAKE ALL CLIENTS AS INDEPENDENT AS POSSIBLE

## Discovering new freedoms

*(Editor's Note: Summertree resident Leonard's name has been changed. All other details are actual.)*

After a full day at the developmental workshop, and a snack of apple juice back home, Leonard slowly threads his way through the kitchen in his electric wheelchair. After more than a few back and forths, he aligns himself at the sink to clean the lunch dishes.

Leonard is 68 years old and severely disabled. Some thought he would never learn to operate an electric chair when he moved to this residential home from an institution 20 years ago. He has found a new freedom with the mobility.

He washes the plastic containers, and rinses them under the tepid, trickling water. He works deliberately. It will take a while. He likes to do dishes.

He's a good helper, says the staff. He shares this home on State Street in Boyne City called Springridge, with four house mates, all with different degrees of disability.

Connie Christiani is the home supervisor and Cyndy Taylor, the assistant home supervisor. They are two of the 72 individuals employed by Summertree Residential Centers, Inc., to help approximately 150 developmentally disabled and mentally impaired individuals achieve their highest potential toward independent living.

Their goal: to help residents become as

independent as possible.

Residential manager Karl Kuzmik spoke of one client who has moved to his own apartment with less round-the-clock care. "It's rewarding to see," said Kuzmik. "But it's scary to see, because you're not sure if they can do it."

Summertree is a non-profit organization, headquartered in an unassuming yellow bungalow-turned-office tucked on Lake Street in Boyne City.

Founded in 1978, the organization cares for special needs individuals who began emerging from mental health institutions, and for other community members needing assistance.

It was mostly due to a change in care philosophies that brought these clients out of institutions, and had less to do with funding cutbacks, explained executive director Dave Sterzik. The residential homes provide a more humane, homelike environment.

In this, the year of its 20th anniversary, Summertree manages 12 group homes and two apartments in Charlevoix, Emmet, Antrim, Kalkaska and Grand Traverse counties, providing total management of the homes — everything from staffing, maintenance, and transportation, to paying utilities and purchasing appliances.

A third of the residents are in wheelchairs. Some are deaf, blind or have seizure disorders. They need someone to watch over them 24 hours a day.

Christiani and Taylor take care of Springridge residents on the day shift. They

Summertree home supervisor Connie Christiani said Springridge residents have become like family.

clean the house, feed and bathe residents, administer medications, take them to appointments, teach, socialize and care for them.

They aim to provide continuous active treatment — a process that involves assistance in daily living skills, socialization and program-

### Board guides Center's work

Summertree Residential Center's board of directors is dedicated to serving individuals with disabilities in the community. Headquartered in Boyne City, the organization celebrates its 20th anniversary this month.

Rosemary Karkosak, chairperson, has been a board member for 13 years. The Boyne City resident has a BS in special education, and is a full-time homemaker, wife, and mother of six children. She is also a 4-H leader and St. Matthew Youth Group volunteer. "I became interested in the concerns of the developmentally disabled when my brother, who resides in a group home downstate, was born with Downs Syndrome."

Helen Deming, secretary, has been a board member for 13 years. She is

### Investigation continues into accident that killed Dennis Ordiway

The accidental electrocution of Boyne City resident Dennis Ordiway is being investigated by the Charlevoix County Sheriff's Department.

The 42-year-old Wolverine Power Supply Cooperative employee was fatally burned while working on the cooperative's Beaver Island electrical substation near St. James Michigan.

Ordiway was administered to by the Beaver Island ambulance crew and flown to the mainland by Island Airways and transported to Charlevoix Area Hospital by Charlevoix Ambulance.

According to the Sheriff's Department, every effort was made to revive Ordiway by the crews and emergency room staff.

The instrumentation and communications technician had been employed with Wolverine since December 1984 and was stationed at its Cushman Yard facility near Boyne Falls.

The investigation is being coordinated between Beaver Island Sheriff's Sub-Station Officer in Charge Mike Russell and inspectors from Wolverine Power Company.

As a way of helping the Dennis Ordiway family, members of his graduating class, the Boyne City High School Class of 1974, are collecting donations.

If you would like to make a contribution, contact Sue Hocquard at 582-2438 or send your donation to her at 319 Ann St., Boyne City.

### Their big day is here

The Boyne City High School Class of 1998 gathered one last time before graduation to capture a permanent piece of their history for scrapbooks, photo frames and posterity. Friday evening they will meet again at commencement ceremonies at the high school gym. The program begins at 7 p.m. To get a closer look at the senior class, turn to pages 3-5.

# OPINION

## Students display their talents

TO THE EDITOR:

In less than a week I had the privilege of enjoying the talents of many students from the East Jordan school system.

On Sunday evening, May 17th, I attended the annual formal dinner sponsored by The Thespian Club. It was a gala affair. Dressed in their best "Bib and Tucker" the students left little to be desired. After a wonderful buffet pot luck dinner, awards were presented, followed by an impromptu talent show by the students.

Everyone should remember that these young people present a stage play each spring. This coming year of 1999 they will be doing the musical "Oklahoma." Don't miss it.

And then on Wednesday at high noon the eighth grade and high school bands performed in the city park. What an exciting event. Each band played separately and then together.

We also were honored by having the Boyne City High School Band join us. Their selections were many familiar tunes. As a finale the three bands joined together and played the National Anthem. Everyone stood and proudly saluted the American Flag flying in the breeze. The chills ran up and down my spine.

What a joyous hour of entertainment. We may not have a Barbra Streisand or a Tommy Dorsey in our midst but who knows how far they will go? How proud we should be of these young people in their striving for perfection and recognition of their efforts.

Last but not least let us give thanks to Paula V for her enthusiasm and dedication in teaching the thespians how to perform. Also a big thank you to Michael Haynes for coming to East Jordan Schools this past year and directing the bands we all can be proud of.

I take my hat off to Miss Paula and Mr. Haynes and also the students for the hard work it takes to accomplish the goals they set for themselves for our benefit.

## Camp Quality gets boost from music fest

TO THE EDITOR:

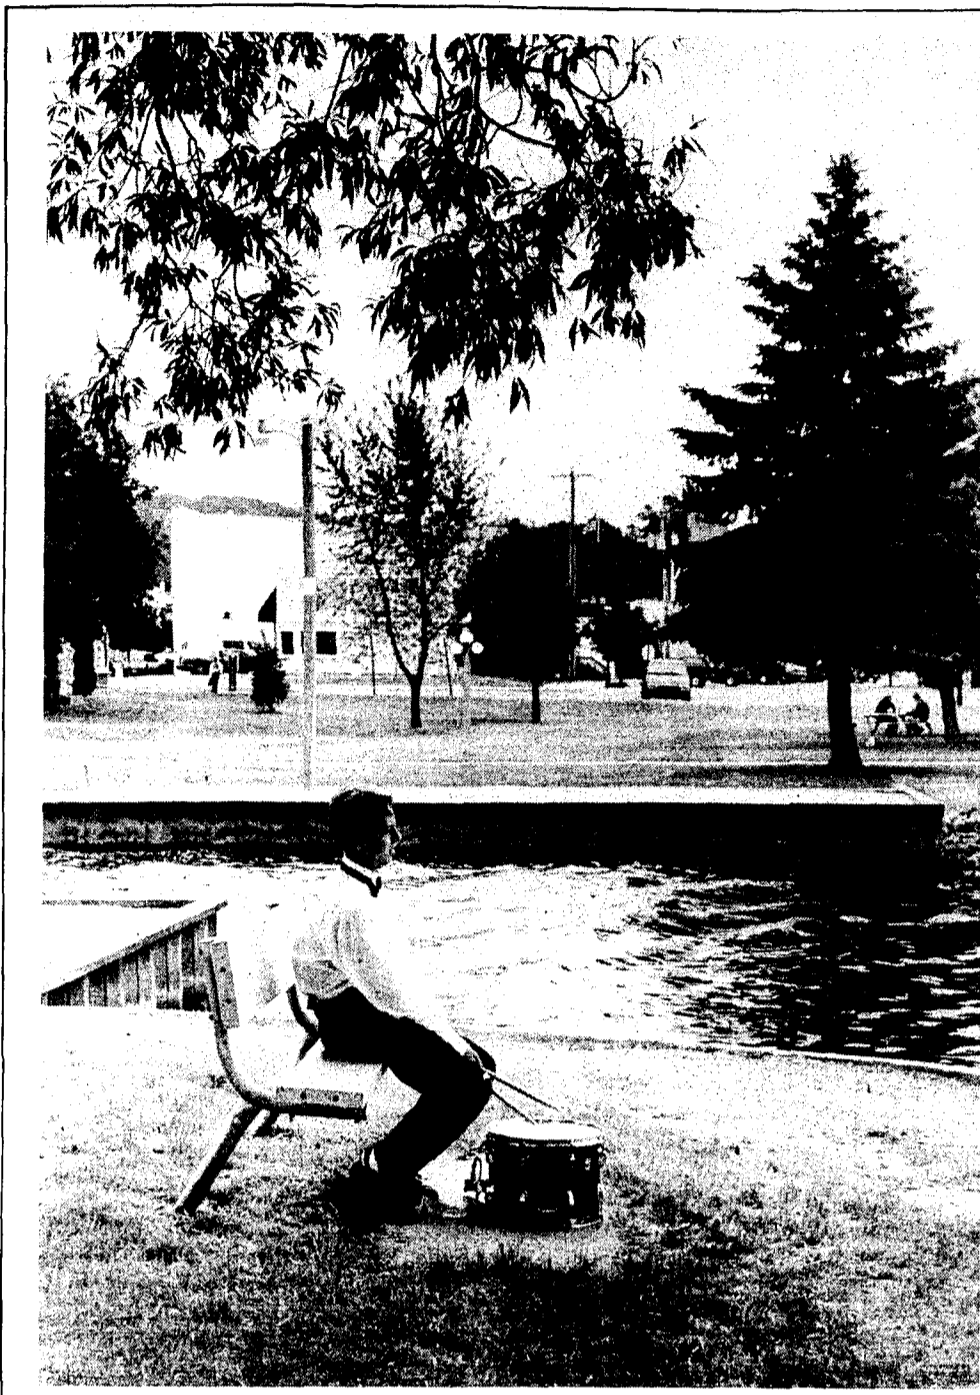

The children of Camp Quality-Michigan received \$4,800 from the April 19 Music Festival honoring the late John Miller, a well known country musician from Walloon Lake who died in 1995 after a long battle with cancer.

This year's event was held at The Knights of Columbus Auditorium in Petoskey and was organized and hosted by the late musician's family and friends.

The tremendous outpouring of community support from family, friends, area bands, and businesses (too numerous to list) will significantly benefit our Aug. 16 summer camp week and year-round support system, and bring smiles to the faces of our children as they continue coping with the effects of cancer.

Thank you all again for this noteworthy donation and this lasting tribute to our friend, the late John Miller.

Eleanor West, Director  
Camp Quality Michigan

## Tapping the time away

The tap, tap, tap came from Aaron Westrick's drum as he sat and waited for a ride home following Monday's Memorial Day service. Aaron, a member of the Boyne High School band, took advantage of a bench in Sunset Park for his brief outdoor concert. Aaron and other members of the Boyne City and East Jordan bands had a formal outdoor concert last week in East Jordan.

## A MOM'S LIFE

### Graduation gown opens the floodgates

By CINDI PLACE

We received the graduation gown today. Seems like a really trivial event, but for some reason it feels like a sign. Like a giant boom being lowered on our family's heads.

Actually, picking up the graduation wear was pretty incidental to all the other "end-of-the-year" activities that have assailed our household. Final exams, school trips, money for announcements, parties, gifts, coordinating graduation parties (a much bigger deal than I realized) and simply winding down the end of a 13-year "career" in education has taken up an enormous amount of time. And emotion.

For years, our eldest has had the reputation of being extremely emotional at the beginning of each school year. So I anticipated that the end of her high school years would solicit some strong feelings of separation and sadness, as well as joy. Wrong again.

Maybe it's because she has so much of her "future" planned out, or maybe it's because she's simply too exhausted to care, but so far leaving high school hasn't produced the passionate response that I expected. For her at least.

Her parents on the other hand are barely holding it together. And we still have a whole summer in which to prepare for losing this child to college and life beyond. Every moment for the last few weeks has been filled with "this is the last time that we'll..." milestones. While the graduate herself is more concerned with passing her exams with flying colors and getting those scholarship applications in on time, we seem to be flying head first in a gale wind of memories and emotions.

We find ourselves sorting through photos of a cute, little blond-haired, blue-eyed bundle, who kept us constantly entertained with, we thought, ingenious observations, silly little songs and a special happiness that seemed to include anyone who was within earshot of her giggle.

So it was in this state of mind that I asked our daughter, this beautiful young woman who has made us so very proud, if she wanted me to take her graduation gown out of the package, so it wouldn't be quite so wrinkled. I fully expected her response to be "no, mom, I'll take care of it."

I wonder just how silly she would think I was if she knew how much it meant that she looked down at me with those same bright blue eyes and said, "Thanks, mom, for taking care of it for me." You're welcome, sweetheart.

## BASIC BANTER

### Open minds will receive wisdom

By HARRIET KENNEY

The time of graduation is close at hand and for many of us, it is the end of a chapter. I wish I had a daughter wearing a cap and gown this year. I would probably give her this letter, tied with a ribbon and a rose attached.

*My beloved daughter,*

Proud hands hold the pen and my heart is excited as I recall the years of happiness with which you have filled my life. It seems like only yesterday when our world was blessed with a most precious gift, we call her Carol. In return, you have given so much joy, many tears and completeness to my life. You put forth much vigor in each stage of your childhood and you have continually met the next one with anticipation.

Today, you are graduating from the perplexing stage of a teenager and accepting the new role of a young lady. You will do honor to the new title and indeed, I am proud of you. You have been put to many tests, perhaps without your knowledge and you have passed each one with a dignity very becoming to you. The school of life continues on and knowledge is learned only through willingness and desire. So always be aware, in your experiences, that wisdom comes to those who are open to receive it.

Treasure each talent and gift that has been given to you. You have the ability to understand and appreciate others while sharing the load of their trouble and sadness, their joys and their dreams. In your search for happiness, be humble and bend to a lonely soul and you will find never-ending rewards. As you travel the road of life, trample not the little joys along the way, for with tenderness, they too will grow.

I am filled with wonder as I congratulate you on the woman you have become. Continue to hold yourself above the price of rubies and some day the prince of your dreams will find you. Be not weary in waiting for there are many things to be enjoyed before you take that long step. Leave your footsteps clear and clean for someone will follow in them and they cannot be erased.

When problems demand more strength and wisdom than your youthful life has yet attained, remember, your mother will be waiting and God is already there. May we both be ever welcome in the meadows of your mind.

Your loving mother

(Harriet Kenney writes from her home in Central Lake. She and her husband of 51 years, Earl, have three children and their dog Tuffy. Harriet's column will be a regular feature.)

## Harbor Beach visitors

City officials from Harbor Beach visited Boyne City last week for the annual Mayor Exchange. The city, which has a population of 2,099, is 100 miles north of Detroit and 60 miles east of Bay City on the east coast of the state's "thumb." Also a lake-side city, Harbor Beach is home to the world's largest fresh-water, man-made harbor, and a one and a half mile break wall. While in Boyne City, the group took a tour of Industrial Magnetics, Inc. (IMI), Great Lakes Auto, the industrial park, city facilities and took a hike up Avalanche. Boyne City administrators visited Harbor Beach May 6-7. From left are: commissioner Steve Moody, city manager Eric Strahl, commissioner Eleanor Stackus, Harbor Beach mayor Dave Hunter, Mayor Thelma Behling, Harbor Beach police chief Sid Schock, Harbor Beach commissioner Jack Schelke and IMI owner and president C.T. Martin.

**Police recover stolen property**

Two Boyne City juveniles are suspected of breaking into the Sports Specialty Shop last week and stealing several items.

The two juveniles are expected to be charged with breaking and entering once police complete their investigation.

The Boyne City Police Department received a call from a custodian at Boyne City Middle School who reported that the janitorial staff had found some property hidden behind a building on the school grounds.

After discovering the property, police later learned that it had been taken from the Sports Specialty Shop, located at 210 S. East St.

All of the stolen property was recovered, according to assistant police chief Jeff Gettel. Items included a laptop computer, Solomon shoes, socks, backpack, Walrus tent, and some Yakima ski equipment.

Boyne City police were assisted in the investigation by the Charlevoix County Sheriff's Department.

### Enterprising students

East Jordan eighth-graders earned a \$700 profit during Enterprise Day last week selling elephant ears, jewelry and candles, among other things. The students will donate the money to the Make-A-Wish Foundation or the Charlevoix County Humane Society. The project, which took a month in planning, was aimed at teaching kids to turn their knowledge into profit, through market research of the products. A Malpass Foundation mini-grant was used as a loan vehicle for students to purchase the initial supplies for their projects, which they repaid out of their take from the sale.

### Hospice auction will offer plenty of deals

Those of us who are old enough may remember a TV program hosted by Monty Hall in which participants competed for the chance to win unknown prizes.

The prizes were behind three doors and the participant would select one of the doors not knowing what to anticipate. It was a lively show for participants and viewers alike.

"Let's Make a Deal" is this year's theme for the Charlevoix County Hospice Auction.

As with the TV program of yesterday, bidding for deals will create plenty of excitement but more importantly, all of the deals will be of great financial help to Charlevoix County Hospice.

The auction is Friday, June 12, starting at 5 p.m. at the Boyne Mountain Civic Center. The evening begins with a silent auction but shortly auctioneers will appear with gavel in hand to start the regular auction. Jim

White and Jeff Macfarlane will be doing the honors again as the auctioneers.

Tickets are \$15. They are available at Boyne Country Books in Boyne City, The Clothing Company in Charlevoix, Busy Bridge Antiques in East Jordan, Antrim County News in Bellaire, from board members and auction committee members or call 536-2842.

They will also be sold at the door the evening of the auction.

### Boyne bands wrap up year with concerts

The Boyne City middle school and high school bands will present their spring concerts next week.

Both concerts will be held at the Boyne City Elementary School beginning at 7 p.m. The sixth, seventh and eighth grade bands will be performing on Monday, June 1, and the high school band on Tuesday, June 2.

The sixth grade band selections will be "Fanfare March," "Twinkle,

and "Maracas from Caracas." The seventh grade will perform "Sing" and then join the eighth grade for "Winchester March" and "Andromeda." The eighth grade band will conclude the concert with "Disney Favorites."

The high school band has chosen selections based on a common theme of song and dance. It will be performing "Cabaret," "Puttin' on the Ritz," "Swing the Mood," "Jamaican Rumba," and the "Can-Can."

Awards will be presented after each band has performed for individual and full group festival performances throughout the year.

"The band members and I would like to say thank you to our community for the support they have given to the music program this year and in past years," said band director Becky Palmiter.

"We appreciate all that you do for us very much."

## BOYNE SCHOOL BOARD WANTS YOUR INPUT

### Search begins for high school principal

The Boyne City School Board is seeking input from district residents on what qualifications they would like to see in the person who is hired as the new principal for the high school.

Current high school principal Xavier Gaudard resigned earlier this month after six years in the position. He will leave the district at the end of June.

The school board has posted the position within the district and with colleges and universities within the state. Applications will

be accepted until June 26.

District patrons interested in sharing their views with the board are asked to submit a letter with the qualifications and skills they think the new principal should have and if they would like, interview questions they would like to have asked.

Letters should be submitted to: Board Personnel Committee, c/o Boyne City Public Schools, P.O. Box 289, Boyne City, Mich., 49712.

They can also be dropped off at the superintendent's office in the high school. Letters should be submitted by May 29.

Board member Judy Follette is chair of the board's personnel committee. Other committee members are Marty Moody and Jerry Kelts. Even though Follette is retiring from the board, she will continue to serve on the committee until a new principal is hired.

The committee hopes to have a new principal hired by the start of school next fall.

## Former baseball coach's trial postponed until July

The trial of former Boyne City High School baseball coach Steve Kehrer, charged with first-degree criminal sexual assault, has been postponed until July 14.

The trial was originally scheduled to begin May 5, but was adjourned at the request of Kehrer's attorney, Roy Hayes of Charlevoix, according to a spokesperson for presiding Circuit Court Judge James Kingsley of Calhoun County, where

the trial is being held.

Kehrer is accused of sexually assaulting a 15-year-old female student in a Battle Creek hotel room last June. The alleged incident occurred while the Boyne City baseball team was competing in the state baseball tournament.

Kehrer, 48, was also charged with second degree criminal sexual assault in April for an alleged incident involving the same girl.

The later charge stems from an incident that apparently happened before the trip to Battle Creek, according to Detective Sgt. Bruce Dykehouse of the Michigan State Police. Police claim Kehrer was driving the girl home following a baseball team practice when he pulled on to an isolated road and fondled her.

Charges were not filed until last month because the alleged assault occurred somewhere between south-

ern Charlevoix County and northern Antrim County, Dykehouse said. Details of the investigation were sent to the state attorney general's office to settle the question of jurisdiction. The attorney general ruled the case should be prosecuted in Antrim County.

Kehrer resigned as baseball coach last August. He also resigned from the Boyne City School District's Great Lakes Academy.

# Works of art

Students excel at state industrial and technology education competition

More than 100 hours of routing, sawing and sanding paid off for Boyne City middle-schooler Tim Wellert when his creation, a red-oak gun cabinet, was voted the best of the show for his grade level at the Michigan Industrial and Technology Education Society's (MITES) State Competition this month.

The hardest part, said Wellert, was just deciding what to build. Necessity became the catalyst for his project. He needed a space to store his hunting rifles said the self-described outdoor lover.

It took him two weeks alone to sketch the design. It features dove-tailed drawers, scalloped trim, and raised-panel sides — a design element judges make note of. The only thing he didn't make on the glass-fronted cabinet, were the hinges and handles.

"I was a little bit surprised I could do it," he said. "But my parents said they knew I could."

The eighth-grader learned the craft in his woodshop class only last year, fashioning a bench and magazine rack for his initial projects. His teacher, Todd Derenzy, gave him the go-ahead when he approached him with the cabinet idea this year.

Entries in the statewide competition filled a room three times as big as the middle school gym, said Wellert — nine of the wood projects came from BCMS. The remainder were the top four projects from each of the state's regions.

Wellert and three fellow students took first place in four out of six woodworking categories at the Grand Rapids competition.

A.J. Spaay won for a coffee-table, with a checker-board top; Victor Stevens for a blanket chest with a hinged lid; and Gregg Koteskey for his chest of drawers. Spaay probably faced the stiffest competition in the small furniture category, with 30 other entries.

The projects were judged on craftsmanship, degree of difficulty, and overall appearance.

Other placings were: 2nd, Brian Metzger for two projects; 4th, Richard Derenzy; 5th, Ryan Amesbury; honorable mention, Cole Andrews.

**EAST JORDAN STUDENTS** also entered the MITES competition, which is in its 70th year, in the high school division.

Senior Bill Towne took first place in the computer aided drafting category for a pictorial drawing of a Caterpillar tractor piston. Adam Murray took second, and Kerry Trumble third.

"I was really happy for Bill because the pictorial drawings are difficult to achieve top awards in," said his teacher Ted Jeffrey.

Towne's was up against approximately 15 other projects. "I've got quite a few students that are really excellent," said Jeffrey. "The difference between our top drawings are minimal."

This is Towne's fourth year in drafting — his first using the CAD system.

"I was pretty surprised I took first place," said Towne. "I just wasn't expecting to do that good at state."

Towne is also a fifth year art student who draws and sculpts. He hopes to attend the Center for Creative Studies in Detroit next year and study automotive and product design.

In the woodworking competition, 11 East Jordan students placed in the top 10 in various categories.

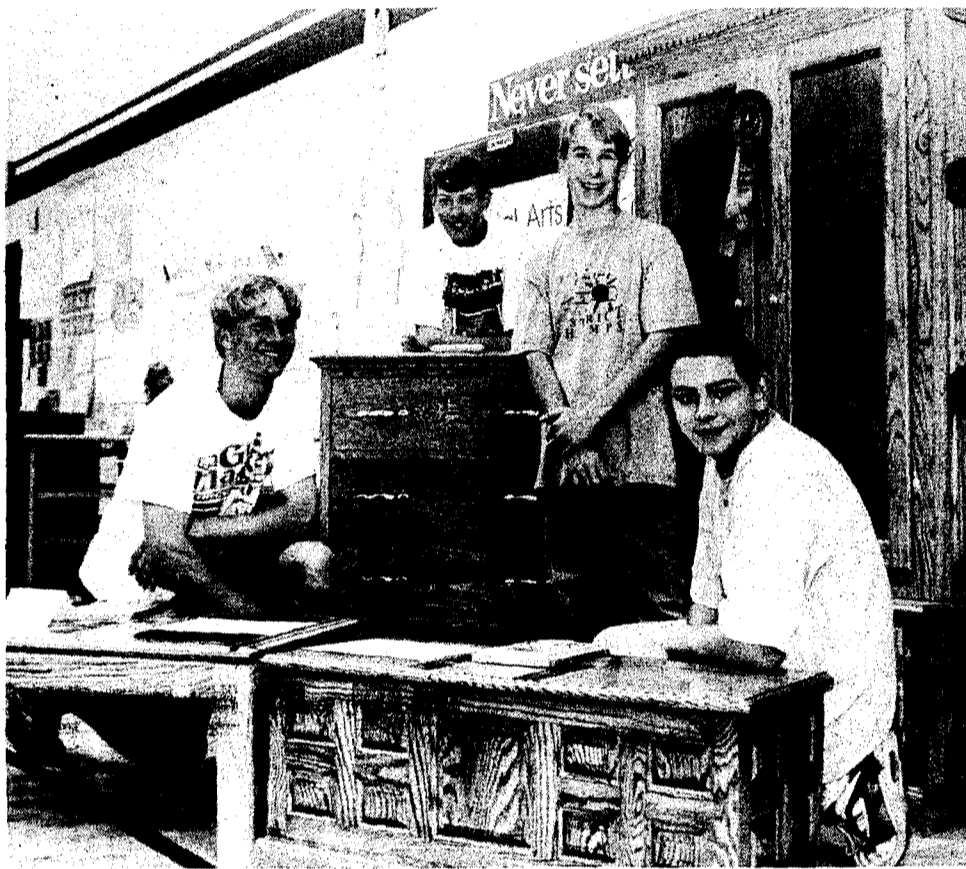

"It's amazing what the kids can do," said woodworking teacher Mike Gee.

The wood projects are judged on craftsmanship — how the objects have been sanded, and how square and symmetrical they are — but quality of construction is the number one criterion said Mike Gee.

Their placings are as follows: 2nd, Lindsey Malpass; 3rd, Christy Williams; 4th, Renee Roberts; 5th, Luke Meredith, Tony Prevo; 6th, Brian McNeil; 8th, Russ Goodburn, Charlie Hague, Tracey Johnson, Gary Legato;

East Jordan High School wood working and drafting students displayed their award-winning creations at Huntington Bank in downtown East Jordan. Standing from left are: Lindsey Malpass, Bill Towne, Adam Murray, Christy Williams. Seated are: Patty Gee and Brian McNeil.

Boyne City middle schoolers took first places for their woodworking projects at a state competition. From left are: A.J. Spaay, Gregg Koteskey, Tim Wellert and Victor Stevens.

10th, Patty Gee. Other student awards are as follows: East Jordan mechanical drafting awards: 2nd, Matt Whiteford; 3rd & 9th, Brian McNeil; 6th, Gary Legato; 10th, David Miller. East Jordan architectural drafting awards: 6th & 8th,

Nathan Swan; 8th, Katrina Kamradt; 9th, Patty Gee; 10th, Holly Hammond. Tom Knight, Boyne City High School, took eighth with his architectural drafting project. Honorable mentions went to: Andy Brouwer, Sara Boyer, Brad Carey, Andrew Wood, Tim Schroeder, Ben Sweet. Paul Slough, Russ Goodburn, Jeremy Bingham, Dustin Olds, Rob Weidlich, Matt Sokolowski, Jennifer Falco and Mark Penzien. The MITES state competition celebrates its 70th anniversary this year, and draws the top four entries, in each category from every region of the state.

## City mulls question of sidewalk dining

A request by the Red Mesa Grill to set up outside dining in front of the restaurant on Water Street in downtown Boyne City was tabled at Tuesday's city commission meeting and was on the agenda to be discussed again at a joint meeting of the city commission and planning commission on Wednesday.

Co-proprietor Fred Moore's desire to serve patrons at four, cordoned-off tables in front of the restaurant was met with some resistance by city commissioners opposed to serving alcohol on the sidewalks of Boyne City.

But that issue could be moot altogether based on the current city ordinances which require restaurants and taverns to operate within closed structures. Either the city would have to revise the current ordinance, or give the restaurant a conditional use permit to operate outside during the warm-weather months.

Commissioners pointed out that other non-food establishments could already be violating another five-foot sidewalk rule by placing their wares outside for display. The 7 p.m. Wednesday meeting, was also to include discussion of zoning of the Big C business.

In other business, commissioners approved the considerations to authorize installment purchase agreements for a street sweeper and for a fire pumper.

City Manager Eric Strahl announced that the siren test for weather alerts will take place on June 6, July 11, and Aug. 8 at noon.

The emergency warning is a three minute high/low (waiver) siren. The all clear symbol, a three minute steady siren, will not be run during the test.

During an actual emergency, residents should tune to a local radio station for more information.

## Lost boy found safe

Last Sunday, the Charlevoix County Sheriff's Department responded to a report of a lost 11-year-old boy on Slashing Road in Chandler Township at 7:39 p.m.

The missing boy, identified as Boyne City resident Christopher Charles Seamon, had last been seen on his bicycle on a trail near a campsite west of Slashing Road at approximately 5:30 p.m.

Seamon was located and re-

turned to his mother by an unidentified volunteer on an off-road vehicle nearly one hour after the search began.

The sheriff's department was assisted by the Melrose Township Fire Department, the Hudson Township Fire Department, the Charlevoix County Sheriff's Department K-9 Unit, and numerous volunteers on foot and with off-road vehicles.

## BOYS TAKE FIRST PLACE IN CONFERENCE MEET, GIRLS ARE SECOND

### 1/2 point makes big difference for EJ track team

If it wasn't for the watchful eye of coach Matt Peterson, the East Jordan boys track team may not have taken their rightful first-place title from the Lake Michigan Conference meet last week. The Red Devils claimed the top spot a half point ahead of Harbor Springs after Peterson re-tallied the scores. "Everyone on our squad performed really well. Many performed better than they have the whole season," Peterson said. "That's how we won the meet. It was a true team effort." Chris Bearden took first in the 3,200 meter run,

10:31.12, and Scott Fisher placed first in the 400 meter at 54.08. It was the depth of the second through sixth place finishers who pulled through for the Devils. 400 meter: 4th, Tony Prevo, 55:85. 800 meter: 3rd, Micah Middaugh, 2:08.6. 1600 meter: 2nd, Micah Middaugh, 4:47.82; 3rd Chris Bearden, 4:50.17; 5th, Kevin Penzien, 4:52.56. 3,200 meter: 3rd Mark Penzien, 10:43.95; 5th Tarn Leach, 10:55.62. 110 meter high hurdles: 3rd Scott Fisher, 16.84. 300 meter intermediate hurdles: 2nd, Don Priest, 44.06. High Jump: 6th, Dave Miller, 5'6".

Long jump: 3rd, Nate Swan, 17'10.75". Shot put: 6th, Joe Hahn, 41'10.5". Discus throw: 6th, Joe Hahn and Rusty Steinhoff, 105'10". The boys placed fifth in the 400 meter relay in 48.79, fifth in the 800 meter relay in 3:43.54, and fourth in the 3200 meter relay in 9:20.78. "We won the meet on people really coming through and scoring second through sixth placings," said Peterson. The girls team took second to Charlevoix with state meet qualifiers Catey Moses and Suzi Malpass taking the lead again for the Red Devils.

Malpass took first in the 100 high hurdles (16.63), the 300 low hurdles (50.23), and in the long jump (15'10"). Moses finished first in the 200 (28.06) and the 400 (1:02.95) meter dashes. Jenny Goebel took first in the high jump at 4'11". Other placings were: 800 meter: 3rd, Jamie Baker, 2:35.03; 6th, Emily Niewendorp, 2:44.04. 1600 meter: 6th, Niewendorp, 6:08.67. Pole Vault: 5th, Jamie Baker, 6'10". Long jump: 4th, Moses, 14'4.25". Shot put: 6th, Mary Ann Brooks, 28'8.75". The girls also took fourth in the 800 (1:58.46), 1600 (4:34.78) and 3200 (10:53.96) meter relays.

### Red Devils tune up for districts

East Jordan High School hosts the Class C district softball tournament this Saturday.

Boyer City will play Charlevoix at 10 a.m., and East Jordan will play Mancelona at noon. The winners of each game will then face off.

The East Jordan varsity softball team finished its regular season with three double-headers last week.

They played Bellaire on May 22, losing their first game 4-2 and winning the second, 8-2.

In game one, Betsey Banfield struck out five batters, walked one, and allowed seven hits. Hitters were Kristina Nelson with two singles, Heather Jackson, Terise Cutler and Rachel Boss with a single each.

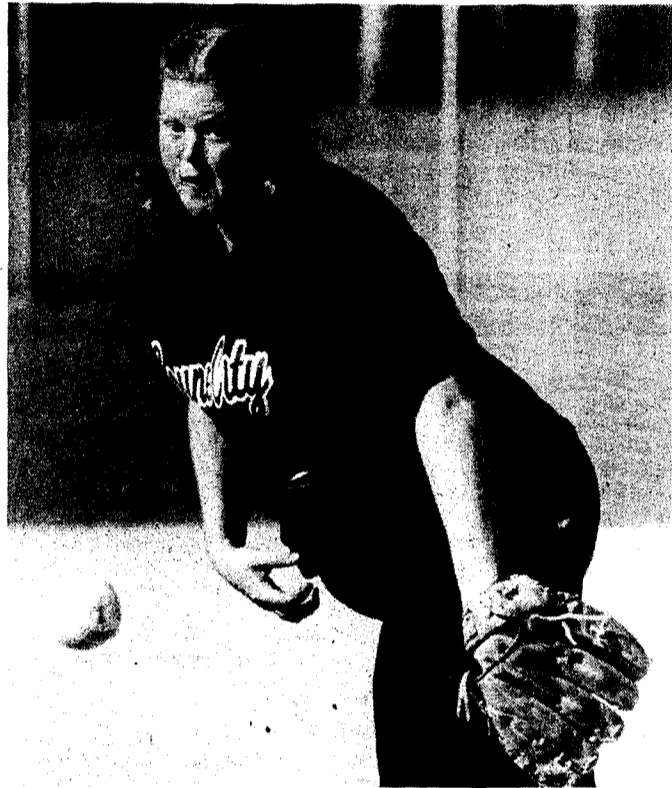

Heather McLaren was the winning pitcher in game two, throwing five strike outs, no walks, and allowing six hits. The team's 13 hits came from Raissa Schroeder with three singles, Cassie Krause, Cutler and Jenny Murray with two singles, and Misty Callaway, Banfield, McLaren and Jackson with a base hit each.

The team played St. Ignace on May 21, winning 5-3 and 16-0. McLaren was the winning pitcher for both games, allowing only three hits in the double header.

In the first game, McLaren had a double and a single, Banfield had two singles and Jackson, Callaway and Jill Ciszewski each had singles.

In the second game, Boss had a double and a triple, Murray had two singles, Banfield had a single and a double, while Callaway, Krause, Jackson and McLaren each had a base hit.

The girls won a double header against Suttons Bay on May 18, 15-0 and 11-3. McLaren and Banfield were the winning pitchers. In the second game, Schroeder hit two doubles picking up six RBIs. Ciszewski, Jackson, Margaret Whiteford, Callaway and Cutler all had hits.

Abbey Roberts has been the workhorse on the mound this season for Boyne City.

### Lady Ramblers take one from Petoskey

The Boyne City girls softball team split a double-header last week against Petoskey, losing the first game 5-2, and coming back to win the nightcap 5-1.

"It would have been a different game if we would have played a clean (defensive) ball game," said coach Rick Simon. His team had five errors.

Abbey Roberts was on the mound and had two strikeouts, and allowed three hits and two walks.

Katie Bernthal, Brandy Barren, April Roberts and Abbey Roberts all hit singles in the game.

Abbey loosened up for the second game throwing 10 strikeouts, allowing five hits and no walks.

Altogether the team tallied up nine hits for game two. Stacey Amesbury had two base hits, both were RBIs. April Roberts came through with a triple. Abbey Roberts, Barren, Bernthal, Kelly Sweet and Katie Dhasaleer each had a hit.

"It was a successful night," said Simon. "They learned a lot and came together as a team."

Their record is 13-11-1. They play May 28 against Harper Lake, and head to districts on Saturday.

### Relay team leads Ramblers

By CHRIS WINKLER

For most Boyne City track athletes, the season concluded at the conference meet May 20 at Boyne.

The Ramblers, despite strong individual performances, finished fifth of the seven teams on the girls side, with the boys placing seventh. Charlevoix won the girls meet, while the East Jordan boys team pulled out a narrow, half-point victory over second place Harbor Springs.

The final two meets, in which only individuals will compete, were Charlevoix's Twilight Meet of Champions on Tuesday, and the State Meet in Midland on Saturday, May 30.

Earning all-conference honors by placing first was the boys 3200M relay team of George Grunder, Travis Garrett, Jeremiah Meadows, and Josh Bernthal.

All-conference honorable mention (second place) went to Jackie

Cyr in the 800M run and Nicole Kurtz in the 100M high hurdles. The girls 400M relay team made up of Kurtz, Alanna Simonsen, Alison Polack and Ann Gaudard also received honorable mention, missing first by a hundredth of a second.

Gaudard finished third in the 100M dash, and Meadows was third in the 400M dash. Chuck Stanek placed an uncharacteristic third in the high jump, and Kurtz was fourth in the 300M low hurdles.

Boys coach Tom Nagurka said of his seniors, "The seniors have been excellent leaders, especially George Grunder and Travis Garrett. They've helped the younger runners out with nerves, studies, things like that. I would like to see them stick around to help, but time moves on."

The girls have been led by underclassmen throughout the season, but the seniors have left a mark. Individual school record holders were

Molly Bricker (1600M run) and Beth Stackus (3200M run), while others are members of relay teams that broke records this season.

"I'm going to miss the seniors," girls coach Chris Brilinski said. "It was nice to host conference and to finish up the season in such a manner. With the weather, the facilities, and the kids, this season has been great, and I'm really pleased."

The state meet will feature three Boyne tracksters, Gaudard, Stanek, and Cyr, and the coaches predict good things from the trio.

"With Chuck, all it takes is one good jump and he's in," Nagurka said. "He has a good chance this year."

"I fully expect Ann to be in the 100M finals," said Brilinski. "And Jackie should also run well in the fast heat of the 800M."

Saturday's state finals will be held at Midland High School.

### Heart attack sidelines baseball coach

Boyer City baseball coach Beano Archey wanted to be with his team in Alpena Tuesday night, but he couldn't.

Instead he was a patient at Northern Michigan Hospital where he was being treated for a heart attack he suffered last Friday a few hours after the Ramblers split a double-header with Petoskey.

He was at sitting at home last Friday evening, feeling chest pains that he thought would go away. They didn't. Doctors found one artery "closed up a little bit," Archey said. They plan to treat it with medication. If that does not work, bypass surgery may be necessary.

Archey was resting comfortably in the hospital and if all went well he was hoping to go home sometime Wednesday. In his absence, Rob Towne and Terry Elzinga are coaching the team.

Against Alpena Tuesday, the Ramblers were swept by the Big North Conference champions 10-2

and 10-4.

Scott Karaszewski started for the Ramblers and went five innings. Only three of Alpena's seven runs were earned while he was on the mound. He gave up five hits and struck out four. He was relieved in the final inning by Chuck Stanek.

Karaszewski did his best to help his cause at the plate, leading the Ramblers with a double and single. Also getting hits for Boyne were Buddy Hayden, Phil Simpson, and Danny Arner.

In game two, Simpson was on the mound and was tagged with the loss. Leading hitters for Boyne were Jesse Simon and Jeremy Peck. Each had a single and double.

AFTER DROPPING the opening game to Petoskey 7-3 last Friday, the Ramblers rebounded with a 4-2 win in the nightcap.

Simpson earned the win for the Ramblers, pitching perhaps his finest game of the season. He allowed

only four hits, struck out four and did not walk a batter.

"To allow only four hits against a team like Petoskey, that's pretty amazing," said Archey from his hospital bed.

Simpson was helped by a solid defense and a dramatic two-run home run by Derek Price in the bottom of the fifth inning. Price's blast gave Boyne a 4-1 lead heading into the final inning. "That was a big shot in the arm," Archey said.

Hayden, David Cadarette and Peck also singled for the Ramblers.

In game one, Stanek was on the mound for the Ramblers and he pitched a strong game allowing only seven hits and two walks while striking out six.

For Boyne, Karaszewski and Simon each hit a home run and singled.

In their final tune-up before the district tournament Saturday in East Jordan, the Ramblers face Harbor Light at home on Thursday.

### EJ coach receives award from cheerleading association

East Jordan varsity cheerleading coach Phyllis Olszewski, received the lifetime service award from the Michigan Cheerleading Coaches Association (MCCA) at the group's spring conference.

The award is given to the indi-

vidual who has given service both as a coach and as an advocate for the sport of sideline cheerleading.

Olszewski has led the Red Devil squad for 14 years, and has been an MCCA board member for 13 years.

She has also worked as a judge and a regional competition host.

"This honor comes as no surprise because Phyllis truly exemplifies commitment and dedication to the sport of cheerleading, the athletes

and the participants of the sport," said Tammy Jackson, East Jordan athletic director.

The East Jordan resident received the award in April at a ceremony in East Lansing.

Local young artists selected to send their art to China were Kati Wittenmyer, Concord Academy Boyne; Jacob Wimmer, St. Mary's; Corey Simon, Boyne Falls Public Schools; and Jennifer Sheldon, Boyne City Middle School. Children could choose any theme for their artwork, as long as it represented something important in their lives.

The art exchange program is coordinated by the Michigan State University Extension 4-H Youth Programs.

They took in two shows: Glen Campbell and Lawrence Welk, dinner at Hope College, and toured more places. "Even though it was late for the tulips, there were still many in bloom," said Marie. "It was a beautiful day for the children's parades, and lots of activities for lots of people...we had a great time!"

#### East Jordan Garden Club

The East Jordan Garden Club held its monthly meeting May 18 at the Jordan Valley District Library.

Special guest speaker was Tim Kochanny from the State of Michigan - Area Plant and Wildlife Preservation. He spoke to the group about environmental concerns in Michigan. Keeping air, land, lakes and rivers clean, fish and wildlife healthy and enforcing snowmobile and ORV laws is a full-time job for the conservation department. TB among the deer in northeastern Michigan is also a major problem. Kochanny discussed the problems of the zebra mussels in Lake Charlevoix, diseases among trout in our rivers and streams, and answered many questions from our membership.

Bob Tambellini, executive director of the Charlevoix County Community Foundation, spoke about the funds that have been set aside by area clubs and organizations for scholarships, community projects, and others for the betterment of the county.

There are 52 foundations presently in the state. Grand Rapids started 75 years ago with a \$25 donation and now exceeds \$100 million. When funds are deposited with the Charlevoix County Community Foundation one half is deposited with Huntington Bank and one half into an investment company. The average rate of return at this time is 18 percent and Bob mentioned that this may fluctuate. He also answered questions from the membership.

The Garden Club members will meet Monday, June 1, at Elm Pointe to begin the planting to beautify East Jordan. All members are encouraged to help.

The Farmer's Market is scheduled to begin. For more information, contact Martha Annear.

In honor of all the work that Martha Annear has done for the success of the East Jordan Garden Club, she was awarded a Lifetime Membership.

The next meeting is Monday, June 15 at noon for the plant and bulb exchange and annual picnic.

The East Jordan Garden Club is a member of the Federated Garden Clubs of Michigan and the National Federated Garden Clubs.

#### Monday Study Club

The Monday Study Club met May 18 at the Lakeview Village community hall with 21 members present.

Hostesses for the meeting refreshments were Olive Bernier, Shirley Roisen and Juanita Erber.

During refreshments time prior to the meeting, members listened to an array of songs by Judy Garland, highlighted by her nostalgic, "Over The Rainbow."

Member Evelyn Kerhaw's program was the life of Judy Garland, born Frances Gumm in Grand Rapids, Minn., on June 10, 1922. It was nearly 60 years ago that Judy sang "Over The Rainbow" in the award winning movie, Wizard of Oz.

The next regular club meeting will include a picnic at the home of Leslie Boe on June 15. The program theme, "Women of Note" will be continued into the 1998-99 year and members are requested to volunteer to do a program on a notable female of their choice.

married to Cal Deming, is the mother of four children and has 10 grandchildren. In 1991, she retired from Grandvue Medical Care Facility after 23 years of service, 17 of which were as the designated social worker.

Since her retirement, Helen has worked as a teacher's aide and school nurse assistant at Boyne City schools, and is also active in the Grandvue Auxiliary and the United Methodist Church.

"I enjoy being on the Summertree Board and working with the dedicated people who are involved in this corporation."

Jamie Mulligan-Hollow, treasurer, is a banker who has been a board member for seven years. "My son, Erin is a resident at one of the homes run by Summertree. As his parent, I am able to provide, as a board member, personal family insight regarding the well being of Summertree's residents."

Annmarie Beauvais has been a board member for 10 years. The East Jordan resident is the mother

of four children, a homemaker, and a factory worker. She is also a member of the Jordan Valley Community Band and an Associate Member of the Jordan River Sportsman's Club. She has helped the East Jordan Girl Scouts and Boy Scouts.

"When I joined Summertree's board I was looking toward the future for our handicapped daughter. Even though she is no longer with us, I continue to enjoy being on Summertree's team."

Emma Lee Ellison has been a board member for 10 years. She is the mother of a mentally impaired son and a guardian for two other residents in one of the Summertree homes. She is the professional development administrative assistant for the Charlevoix-Emmet Intermediate School District where she has been employed for twenty-four years.

Steven Hufford, a board member for three years, is the chairman of the personnel committee and member of the finance committee. The Boyne City resident is an optometrist. He has a

sister that is in a similar home in Traverse City. "I was invited to be on the board because I was treating many of the clients' eyes and had gotten to know them."

David Taylor, a two-year board member, is a teacher at Harbor Springs Middle School. He is married with three children. His wife Laura is a special education teacher. His mother was also involved with the education and care of students with developmental disabilities, which led to an interest in working with Summertree.

David is devoted to organizational improvement, and is especially interested in the application of the quality management principles of W. Edwards Deming to business, industry and education. "As a board member, I am excited about the opportunities for our employees and consumers."

David Sterzik has been the Executive Director of Summertree Residential Centers, Inc. since September 1990. Prior to this, David worked with special needs individuals in day activity settings

in Antrim and Kalkaska Counties, and with the Traverse Bay Area Intermediate School District.

"It has been very exciting and challenging to be involved in the growth of opportunities that we are able to provide for the individuals we serve. We are always looking

for the best way to provide quality service to meet the specific needs of each individual."

David is a native of northern lower Michigan and enjoys spending time with his family, racquetball and working out at the gym.

— allowing clients to learn and grow within their own capabilities.

Programming, developed through the local community mental health professionals, teaches a variety of skills including: shaving, cooking, walking, using communication devices and being involved in the community.

Based on abilities, the staff teach residents or do for them. Many clients learn to walk. Wheelchair bound residents can carry laundry on their laps. Some learn to make their beds. And Leonard does the dishes.

"I think it's rewarding," said Christiani. "I think that's why we stick around. It's like an extension of our family."

Kuzmik said there's lots of longevity here — for staff and clients. Springridge's night cook has been there 20 years — since it opened. Christiani and Taylor have worked there for four years each. Kuzmik himself has worked for Summertree since 1981.

And like most parents, Christiani

and Taylor do whatever it takes to care for someone who cannot care for themselves.

Community integration is a major component of teaching independence since institutionalization allows for little socialization or interaction with those other than caregivers.

People coming out of institutions many times have behavioral problems, said Beth Roth, the quality assurance manager for Summertree. They have few socialization skills. Some have lived in institutions most of their lives. They were left by their families, or put in an institution as a child.

Staff attempt to find things the residents enjoy doing and take them out into the community as often as possible.

"We try to find their likes and dislikes and try to get them out in the community," said Roth.

There are opportunities to grocery shop and to see movies or a play. There are day trips to Mackinac Island, Manistique or Camp Daggert. This September they might go to

Camp Fowler, just east of Lansing.

"It's really fun to watch them have fun," said Roth.

The quality of life is better in the residential homes, said Roth. More of their individual needs are met. There is more one-on-one attention.

Most cannot talk. But again, like a family, the staff come to understand their clients needs from other non-verbal cues.

Kuzmik said it's most difficult when a client is sick. "We know they're sick because we're with them all the time," he said. But the frustration comes in trying to communicate it to the doctor.

Kuzmik cares deeply for the residents. They are gems, he said. "I have pictures of all our clients in my wallet."

If they weren't in the residential homes, these individuals would remain in institutions, or move in with their families.

The houses are situated in residential communities. The ranch-style homes are built to accommodate those with disabilities, but in no way resemble institutions. Other than the

wider doorways, walk-in-showers, hospital beds and open floor plans, they resemble any other home on the street.

Three to a maximum of six individuals live in each home. It echoes a family environment, even though roommates are not related. Family, friends and neighbors can stop by any time. Sometimes residents visit relatives on weekends and holidays.

There are two houses in Boyne City, one in Walloon Lake and one in East Jordan.

Furniture is sturdy. There are a few knick-knacks. Bedrooms are decorated with personal items. The fenced-in backyard has a picnic table and wooden swing. Leonard has a fish in an aquarium in the living room.

The Springridge house is being re-sided — the first time since it was built 20 years ago. Leonard tries to keep an eye on what's going on from his spot at the sink. He was very interested during the street construction too, said Cyndy. Springridge was Summertree's first home. Leonard

was its first resident.

Kuzmik is proud of their accomplishments. "You can see the growth that they make."

There are no vacancies right now in any of Summertree's homes. The cost for services are funded through contracts with local community health services and Social Security.

So far, said Sterzik, he can only speculate on how managed care will affect the services they provide. "We really don't know."
