Police release composite of suspect in assault case

The Michigan State Police are investigating a Criminal Sexual Conduct/Assault case in response to an incident that took place in Boyne Falls on Wednesday, May 21.

According to police, the incident occurred when the

victim's car broke down. The suspect stopped and offered the victim a ride; subsequently, the suspect groped the victim and requested sexual favors, at which time the victim jumped from the suspect's moving vehicle. The suspect drove off when the victim ran for help.

A composite drawing of the suspect has been created. He is described as a white male. 40-50 years of age, with a full beard and smaller build. He may have decaying/crooked teeth, and dirty hands (possibly a mechanic).

The suspect was driving a light blue, older model car that was very dirty inside and out.

State Police are asking anyone with information to call Trooper John Janicki at the State Police Post in Petoskey, (231) 347-8101.

Boyne Library to host summer reading fun

The Boyne District Library will host its annual summer reading programs for preschool, elementary, and middle school aged kids.

This year's theme for preschool and elementary is Laugh It Up @ the Boyne District Library, with the program to run from June 24-July 29. Children who have completed kindergarten through fourth grade will attend from 9-10 a.m.; programs for preschool children, ages 3-5, will be held at 11 a.m., 2 p.m. and 3 p.m.

Programs will feature plenty of summer reading fun as well as crafts and special events.

The summer reading programs are free to the public, but pre-registration is required. Parents can sign up their children from June 2-June 20.

A middle school summer reading program is also planned, titled LOL [Laughing Out Loud] @ the Boyne District Library. Details will be announced at a later date.

For more information, call the library at 582-7861.

Crowds gathered in local communities on Monday, Memorial Day, to honor the memories of those who have served their country. STUDENTS IN BCHS' NEW VISUAL IMAGING CLASS ARE

Visualizing the future

On any given day, Boyne City High School's Visual Imaging class, new to the curriculum this year, is all about problem solving. In the space of an hour, instructor Randy Calcaterra is called upon to help students coordinate a multitude of project elements, while students are expected to work together to assimilate their own duties into finished products. It is, to be sure, a lesson in the real world.

"That's the way it happens in a production house," said instructor Randy

Though the 20-odd students in-

volved in the class have been quietly working their magic throughout the year, the general public will get their first real glimpse of the students' work in the "Senior Send-Off" video production, to be shown for the first time in the Boyne City High School auditorium after graduation ceremonies on June 8.

The send-off project is the culmination of the students' individual quest to learn the skills of the visual imaging trade. In the Visual Imaging classroom, the excitement is palpable. "It's so unprecedented," Calcaterra

said of the level of work the students have achieved. "There's a lot of excitement about this."

The ability to reach that level has depended on a number of things, but the basic philosophy is this - no one student can learn everything there is to know to accomplish a polished product by year's end; therefore, each student is charged with becoming proficient in an area of specialization. In the real world, Calcaterra notes, individuals in imaging professions work

■ EJ's hometown duo to release finding our way nationwide, July 1

After leaving East Jordan for the bright lights of Nashville, hometown girls Amy and Julie Mickey, known collectively as The Mickeys, will take another step on the road to success with the national release of their debut CD, finding our way.

Set for a July 1 release, the CD will be distributed by Select-O-Hits for the Mickeys' own RiverBeat Music label.

For the identical twins, the release has been a long time coming. Both 1994 graduates of East Jordan High School, Amy and Julie spent their high school years active in music and theatre, claiming lead roles in the EJ Thespian productions of My Fair

Spring bloom

Though many folks are taking to the woods to search out morels, the spring-blooming trilliums are another good reason to take a woodland stroll. The native plants are currently carpeting the area in snowy white, and if you're lucky, you might get a alimpse of a rare pink speciman, like the one at left.

As area seniors prepare for graduation day, local schools have named their top students for the graduating class of 2003. Last week, The Citizen-Journal profiled top students from Boyne Falls Public School. This week, we feature the "top ten" students from East Jordan and Boyne City high schools. Next week, we'll feature Concord Academy Boyne's top grads.

Internships in the music industry gave Amy and Julie a first-hand look at the business; most recently, The Mickeys have become regular players at big Nashville clubs like Tootsie's Orchid Lounge, the Gibson Guitar Cafe, Third and Lindsley, and the Boardwalk Cafe.

The sound they've honed in their years of performing is unique, combining country, Celtic, bluegrass and Americana sounds. Despite the mix of influences, "our music is about simplicity," Julie said. "We're moving away from the overproduced sound that is prevalent among today's artists.'

with some students entering their own work in outside contests and receiving awards, even at the state level. The send-off will become a yearly project for the class, though, Calcaterra said, "what they have done in the first year is going to be very difficult to top. Teen-oriented sports meet with criticism in BC

A recurring theme is taking shape in Boyne City. It seems that whenever a sport dominated by teens and young adults starts to catch on in Boyne, it's met with criticism and stereotypes.

According to Amelia Ryan in the May 14 Citizen-Journal, the new disc golf course in Boyne City is a blemish, a pimple if you will, on the face of Avalanche Preserve. She also stated that there has been an increase of trash and destroyed wildlife because of the new course, all of which she placed on the golfers using the course.

Ryan has every right to her opinion regarding the new disc golf course. As a local citizen it upsets me when Avalanche is not clean. Everyone who visits Avalanche has the responsibility to keep it beautiful. However, Ryan does not have the right to stereotype disc golfers as the persons solely responsible for the increase of garbage and trampled foliage on Avalanche.

Thousands of people use Avalanche every year. These people include locals and tourists. These people include hikers, cyclists, mushroom pickers, horseback riders, and disc golfers. All of these people may or may not have a hand in creating the increase of cigarette butts, beverage containers, and crushed plant life, which Ryan says has become a "regular occurrence" since the addition of the new course.

Ryan also states that discs themselves have become litter. Anyone who has purchased a golf disc knows they're not cheap. Golf discs range in price from \$10-\$20. When discs are left in the woods, it's because they are lost, not "forgotten" by an "unwilling" golfer.

Ten years ago at age 13, sports such as skateboarding. rollerblading, and snowboarding were really starting to take off in this quiet little town. People involved in these sports were viewed as punks, vandals, subversive, and substance users. Although a minority may have fit the above description, the majority were decent kids tying to have a good time while expressing themselves. The same is true for disc golfers. The free course at Avalanche gives everyone a chance to be who they are while having a good

Donations made Boyne District library book sale a success

The public library in any community in the United States Miller and Nancy Fulkerson, and the entire staff at the provides a special place for the citizens it serves. More Library, for their assistance with the book sale. We would than just shelves of books, the American public library system gives its patrons a meeting place for the body, mind, and spirit. It feels gratifying to those of us who work to make the library a premier community institution to experience such a show of support as at the recent Friends of the Boyne District Library book sale.

The book sale took place on Saturday of the Mushroom Festival and it raised \$887 and recycled hundreds of used books. We established the Friends preview book sale on Friday evening and we used the event to recruit new

So, THANKS to all those library patrons who made this possible: those who came to find interesting books and left donations of cash, the volunteers who set up and operated the sale, the people involved with the publicity for the event, Jim Cooper and his staff at the old middle school across from the Library - they allow us to use the media room at their facility for storage and processing the Friends' used book 'inventory, and to all those who donated the books. THE MONDAY STUDY Club met on May 19 at the Boyne District Library with a great turnout of members and guests. All enjoyed the wonderful program on art, presented by three local artists. Edna May told of her experiences in painting landscapes and flowers in oils and watercolors and how much pleasure it gives her (I happen to know she also is a great photographer and that she doodles beautiful flowers, like wallpaper borders, while talking on the phone!). Lee Stowe told about developing her skills, techniques and talent in oil painting, doing beautiful landscapes while traveling with her husband to antique auto shows. Chris Knight followed up with displays and stories of her varied forms of art, ranging from 30 years of cake decorating from her home, and venturing into painting landscapes, acrylics, oil, watercolors, teaching beginner classes in decorative art at Petoskey's Middle School. and being a "helping" artist for DecoArt, one of the major paint manufacturers for decorative painting. The afternoon came to a close following a dessert and visitation time. The grand finale of this season will be a luncheon at Lena's Wine Cellar on June 16. The club will resume its meetings in September.

Ramblers close out regular season on top of their game

By PHIL TROMBLEY Sports writer

The Boyne City varsity baseball team headed into tournament action on a hot streak as the team won five of six games last week to close out the regular season.

The Ramblers defeated Harbor Light 6-2 and 13-0 last Thursday; downed Elk Rapids 6-4 and 9-1 on Monday; and gained a 2-1, 11-9 split with Petoskey on Tuesday.

In the opener against Harbor Light, the Ramblers tallied two runs in the first inning, a run in the second, one in the fourth and two more in the fifth inning to upend the Swordsmen.

Beau Detcher pitched well, giving up just one hit and striking out seven batters in five innings of work, while Rob Noeske pitched the last inning

In the second game, Boyne City

put it out of reach in a hurry with six runs in the first inning and five more runs in the second. A pair of runs in the fourth put the cap on the 13-0

David Austin started on the mound and worked two innings with three strikeouts. Justin Houck tossed two innings, fanning four and Ryan Hennessy finished up with one inning of work and got one strike out.

"It's always nice to get some runs early and we were able to do that." said Boyne City coach Beano

"David, Justin and Ryan did a good job of getting ahead of the hitters and Beau pitched well in the first game," Archey added.

Drew Mittig led the hitters for the day with a single, a double and a triple; while Darren Looze and Nick Follette chipped in with three singles

In the last home game of the year on Tuesday, the Red Devils fell to a high-scoring Elk Rapids club by a 9-0 margin.

Tinney started the game in the goal and made 14 saves in the first half. Amanda Kline was the keeper for the second half of the game and made some spectacular stops on

breakaways and one-on-one situations.
