Seaplane tips over in Lake Charlevoix

By B. J. HETLER
CONTRIBUTING WRITER

CHARLEVOIX — A seaplane flipped over during a water landing in Lake Charlevoix near the city of Charlevoix, Saturday.

Ortonville resident Robert Lambert, 51, was flying the plane. The only passenger was his son, Jeremy Lambert, 28, of Lake Orion. The pilot received minor cuts and Jeremy Lambert was not injured. Both men refused medical treatment at the scene.

The U. S. Coast Guard responded to the site of the crash. A neighbor's motorboat transported the men to shore. The Charlevoix County Sheriff's Office also responded.

An investigation is ongoing by the Sheriff's Office, Marine Division. The initial investigation showed that the wheeled landing gear was still in the down position when the plane's floats hit the water, causing the aircraft to flip over. The crash occurred at about 12:05 p.m. The weather was clear, sunny and about 60 degrees. The lake was calm.

Sheriff's divers continue the investigation and an assessment of any damage to the seaplane. The Federal Aviation Administration was contacted and results of the investigation will be given to the FAA.

The Lamberts were traveling to their house on Lake Charlevoix.

A seaplane was bottoms-up in Lake Charlevoix when it flipped over during landing. Neither the pilot nor the one passenger were injured. The U.S. Coast Guard and the Charlevoix County Sheriff's Office responded to the incident on Saturday, near Charlevoix. The wheeled landing gear was in the down position when the seaplane's floats hit the water, causing it to flip over.

Citizens oppose marina

By B. J. HETLER
CONTRIBUTING WRITER

BOYNE CITY— More than 100 citizens attended a public hearing on the One Water Street proposed marina, many of whom voiced opposition to the project. Some of the reasons were the length and position of the docks, harm to wildlife and inadequate parking for visitors.

The Michigan Department of Environmental Quality called the hearing to receive public comments prior to its decision on whether to issue a permit for construction of the marina. MDEQ could issue a permit on the marina project as it is proposed, issue a permit with modifications, or deny the project.

The hearing was Wednesday, April 18. It was scheduled to be held at city hall, but was changed to the Boyne City High School because of the number of people attending.

The first recommendation for denial of a permit was from the county of Charlevoix.

"The Charlevoix County Planning Commissioners reviewed the project and recommend denial of a permit," said planning commission director Larry Sullivan. Among the reasons were inadequate space, excessive amount of dockage and negative impact on fish and wildlife habitat.

The county planners voted 6-1 to recommend the MDEQ deny a permit. The only vote to approve was cast by planning commissioner Dennis Jason, who is also a department head with the city of Boyne City.

The owner of One Water Street Investments, LLC, Greg Krueger of St. Clair Shores, spoke to the audience about his project.

"I've spent several years working with some of you out there, as well as with the city, to come up with a win-win situation," Krueger said.

"When we designed this we spent time with the city officials and commissioners. Some of you may not agree with this project, but I think we all know that the lakes are not going to dry up and boats are going to go some place."

Krueger said he believed the project would create economic development and jobs. The marina proposed would conform to the Clean Marina Act with care taken when the boats are cleaned, he said.

"The last thing I want to do is see my water get destroyed," he said. "We worked hard on trying to do this the right way. Some of you will not want to see change, but it is what it is."

Krueger's proposed marina calls for 24 slips in floating finger piers and an additional 379-feet of broadside dockage to accommodate 10 boats.

Cemetery vandals in probate court

By B. J. HETLER
CONTRIBUTING WRITER

BOYNE CITY — The Charlevoix County Probate Court cases are proceeding against three juveniles who damaged the city's Maple Lawn Cemetery.

The names of the minors will not be published at this time because of their ages of 16 years. All three have attorneys, some court-appointed, to represent them.

Malicious destruction of tombstones is a five-year felony. If the vandals had committed the crimes at the age of 17 or older, it would have carried a five-year prison term.

Court pre-trial conferences for two of the juveniles are scheduled for April 25 and May 2. A date for the third juvenile has yet to be set. These conferences are usually conducted over the telephone between the probate court judge and the attorney.

The probate court files and hearings are open to the public, unless the judge decides otherwise.

Under the state's juvenile code, the court is allowed with guidelines to order whatever action it deems necessary to change the behavior of the minor. The court may keep the minor on probation for up to the age of 19.

The fire fighters responded to a fully engulfed fire that destroyed a house in the Timber Ridge area of Boyne City, at about 11 p.m., Sunday, April 22. The owners names of the house were not available before press deadline. No one was home at the time of the fire and no injuries were reported. The Department of Natural Resources was called in when the fire spread into the woods. An investigation is being conducted. The cause of the fire is unknown. Boyne Valley Fire Department assisted at the scene.

Lakeshore free clinic now a reality

BOYNE CITY — Lakeshore Community Church announced that the Lakeshore Community Free Clinic will officially open its doors on Friday, April 27. The hours of

operation, according to Pastor Dave Crumbaugh, will be from 8 a.m. to 5 p.m. on Fridays only at this point.

"Eventually we want to open five days a week, but we need to start somewhere," said Crumbaugh.

The exciting thing for many residents is that Dr. Richard Mansfield, who had occupied what is now the Lakeshore Community Church, will be the primary doctor for the clinic.

The free clinic located at 624 State St, has been a dream of Dr. Mansfield, as well as Pastor Crumbaugh, for many years. The purpose of the clinic is to provide integrated health care for those without insurance or

those who are under-insured, through several different ways, which include prayer, allopathic, homeopathic, osteopathic, and naturopathic medicine, as well as health training and seminars. The pastors of the community will be available to pray for or counsel anyone.

"Most free clinics," according to Crumbaugh, "only take those whose income falls within the guide-

lines of double poverty level. There are, however, many people who work hard for a living, but with rising cost of health care and insurance, have to make a decision to purchase the insurance or put bread on the table. It is not a decision that anyone should have to make. In this clinic, we don't care how much you make, you are welcome to utilize the clinic."

Although the clinic is

free, anyone wishing to donate toward the continued operation of the clinic will be appreciated.

Kathy Helsley, who has been working with Dr. Mansfield, will once be at the helm of the clinic. Helsley will run the day-to-day operations, scheduling the volunteers, doing the intakes, and whatever else is needed to make this free clinic a success.

BOYNE CITY — Boyne District Library has joined with LTBB and the Greater Community Big Read 2007 with several other local libraries. "To Kill a Mockingbird" is the chosen book.

The kickoff event will be Monday, April 30, with the showing of a short documentary called "In Context: To Kill a Mockingbird." This hard-edged program juxtaposes white and black experiences in the racially segregated South of the 1930s through 1960s to deepen the understanding of the novel's portrayal of racial tension and tolerated judicial bias. After the

showing we will be giving away to some lucky attendees a free copy of the book along with a reading guide and a calendar of events.

Tuesday, May 1, at 10 a.m. and 2 p.m., the preschool story program will present "Little Blue and Little Yellow" by Leo Lionni, considered a read-alike (similar story) for preschoolers.

Other programs are scheduled in conjunction with the Big Read, both at the Boyne District Library and other participating libraries.

For information call Nancy at the Boyne District Library, 231-82-7861.

Clinic

This clinic has become a reality because of the hard work of the members of Lakeshore Community Church, as well as donations from Northern Michigan Hospitals, Charlevoix Area Hospital, Ace Hardware of Boyne City, Kiss Carpet of Boyne City, Kelts Carpet and Upholstery Cleaning, and anonymous donations.

Although, the clinic is opening, there is still a need for volunteers, financial gifts, and equipment, such as a digital x-ray machine, computers and more. Those wishing to donate can call Pastor Crumbaugh at 231-582-5294 or send donations to: Lakeshore Community Free Clinic, PO Box 933, Boyne City, Mich., 49712.

BOYNE CITY - Northern Pet Salon provides full service bathing and grooming of pets in an open and calm environment.

Owner and groomer, Christine Judd, senses when an animal is impatient with grooming and will take a break. She enjoys seeing happy pets and happy owners.

"We want this to be a positive experience for everyone. It's so nice to see how pleased people are when they pick up their pet who is all clean and smelling good."

Northern Pet Salon at

500 N. Lake St. opened for business the first of March. Judd has groomed animals for more than six years, including dogs, cats and rabbits. She trims nails not only for the animals one would expect, but also for birds and iguanas.

All shampoos are natural products without chemicals or alcohol. The salon offers grooming supplies and toys for sale.

Judd and her husband, Robert Stewart, have four children and four dogs. They live in Boyne City, are members of the Chamber of Commerce and volunteer services to the Charlevoix County Humane Society.

Stewart equipped the salon with quality tubs with ramps for bathing up to 300pound dogs. Upon entering the salon, a small gate opens into the grooming area that is visible to clients.

Other services offered are walk-in nail trimming and pick up and delivery. Along with Judd, the salon has a part-time groomer, Jessica Lowery. Both were formerly with Bay Area Pet Resort. Marina

Continued from 1A

The marina docks' dimensions are up to 704-feet in length and 165-feet in width.

The marina is part of the overall One Water Street development project on two acres that includes condominium residences, retail shops and other businesses on the Lake Charlevoix waterfront at Water and Front streets.

The environmental group, Water and Air Team Charlevoix (WATCH) opposes the project. President Bill Henne told the MDEQ the scope is excessive and boat oil and chemicals would impact all

wildlife. Noise from the boats will also adversely impact the wildlife, particularly the loons, he said.

The Lake Charlevoix Association wants a habitat study conducted by the Department of Natural Resources.

A Harborage condo owner, Theodoré Miloch, spoke on behalf of the condo association saying the association members unanimously opposed the marina.

"People want to line their pockets," Miloch said. "They want to take over a large part of Lake Charlevoix which belongs to the people.

Some of you may not agree with this project, but I think we all know that the lakes are not going to dry up and boats are going to go some place."

— Greg Krueger, owner One Water Street Investments, LLC

The proposed docks are longer than three 747 planes. They're trying to fit something into an area that will not accommodate it. If they make poor decisions, they have to live with it, not us."

Another issue concerned small boats and fishing in that large boats would create waves that would hinder the small boats and the fish eggs on the bottom of the lake.

But an audience member who favors the marina said smaller boats do more damage than larger ones.

Resident Marty Moody listed several reasons why he is opposed to the One Water Street marina project.

"There's no view corridor at the end of Wa-

ter Street," Moody said. "And there's an absence of shoppers' docks. That was the big advantage and now — no shoppers' docks."

Damage to fish habitat, navigational problems with large boats crossing over the city's riparian line and lack of parking spaces were other concerns, Moody said.

Near the end of the more than two-hour meeting, resident Barbara Pritchard spoke to MDEQ representatives. "We're for controlled growth, but I don't feel this plan has anything

to do with controlled growth," Pritchard said. "We're blessed to have Lake Charlevoix as our asset. We don't want to lose the vitality of our small town. Water use will be limited for the public. Your decision is forever. Save Boyne City's waterfront."

The MDEQ deadline for submitting written comments is Saturday, April 28. A decision will be made no later than July 5. Roxanne Ramariz is the contact at the MDEQ Gaylord office. The telephone number is: 989-731-4920.

IDA program has a successful year

PETOSKEY — The Petoskey office of Northwest Michigan Human Services Agency announces during the past year, seven families completed the Individual Development Account Program requirements and achieved their goal of purchasing their first home.

This is a real accomplishment, according to Keith Greenwald who is a Budget/Housing Counselor for NMHSA. "Each family completed 18 hours of classroom instruction in homebuyer and financial fitness edu-

cation, attended budget/credit counseling sessions, and made regular deposits into their savings accounts to reach their desired goal. It was not easy for many of the families to save money especially considering the tough economic times we are going through."

The program, formally called the Michigan Saves Individual Development Account Program offers people the opportunity to save towards the purchase of their first home, for starting or expanding a

small business, or to pay for college or vocational school. Enrollees make a minimum monthly deposit of \$20 per month for at least six months into a savings account set up jointly between the participant and NMHSA at Fifth Third Bank. Each dollar the participant saves is matched at a 3:1 ratio for home ownership or at a 2:1 ratio for small business or higher education. The maximum that can be matched is \$1,000.00

According to Greenwald, "We have 15

families in the program. Each enrollee has made a commitment to attend financial management classes, participate in individual budget/credit counseling, as well as make monthly deposits into their savings account to reach their desired goal."

NMHSA has received funding for this program through a grant from the Assets for Independence Act. The Charlevoix Community Foundation and the Petoskey Harbor Springs Community Foundation have also provided funds in sup-

port of this effort.

The funding source determines the eligibility requirements for the program. To be eligible, an applicant must have income within 200 percent of poverty or below. For example, the income limit for a family of four is \$3,333 per month. Participants must have a source of earned income.

To obtain an application for the Michigan Saves IDA Program, contact Keith Greenwald at NMHSA 231-347-9070 or 1-800-443-5518

Ivan, after visiting over 200 small towns around the United States, developed this visual program that outlines all the "cool" things that small towns have done to strengthen their communities, create jobs and make their towns "even cooler." After watching this program, you will come away with no less than 50 ideas that can be implemented for little or no cost in your own community.

Please RSVP by calling the Boyne Area Chamber of Commerce at 231-582-6222.

Fertilizer tips and tricks for the spring season

BOYNE CITY — Spring may officially be here, but the time to fertilize your lawn is not.

The grass is greening up slowly around our area, and the snow is finally melting. Applying fertilizers too early to your lawn can be a danger. The Michigan Groundwater Steward-

ship Program advises homeowners to remember these important tips when beginning yard work this spring to protect the ground and surface water around your home. Keep those bags of fertilizer in the shed until mid-May, especially if you applied fertilizer last fall. Turfgrass

is dormant during the winter and early spring, so any application of fertilizers before grass "awakens" for the year can lead to products leaching into the ground, or running off into our streams and lakes. As fertilizers leach into the ground-water, they have the po-

tential to contaminate both public and private water supplies with nitrates.

Contaminated drinking water high in nitrates can adversely impact the health of pregnant mothers and infants causing "Blue Baby Syndrome." Having your private well tested

yearly can ensure safe drinking water for your family.

Runoff from fertilizers into our lakes and streams in the spring is primarily caused by the inability of turf grass to take in nutrients, leaving fertilizers available for transport into ground-water. Runoff can also

occur through leaking of liquid fertilizers onto our driveways and sidewalks, or a ripped bag which has spilled in a garage or storage shed.

Spills should be cleaned up immediately to reduce the amount of nutrients entering into nearby storm drains, streams and lakes. You

can help minimize this pollution by properly storing and managing your lawn care products.

For information on fertilizing or water testing, or to have a free onsite risk assessment done, contact Erin Early, at the Antrim Conservation Office at 231-533-8363.

A big "Welcome Home" party will honor U.S. Army Sgt. Josh Bernthal on May 12. Josh will be returning from combat in Iraq and his parents, Pastor Ken and Jan Bernthal of Boyne's Christ Lutheran Church, hope that folks throughout the community will drop by the church that Saturday from 2 to 5 p.m. to join them in celebrating his return with a fun time and refreshments.

By Nancy Northup

Mike and Maryann Toaz of Gladwin spent Saturday afternoon visiting in Boyne Falls with former co-worker of the Gladwin School system, Nels Northup and wife, Louisa.

Emily Sobleski was honored with a baby shower on Saturday, April 14, in the Litzzenburger Place community room. Amidst gala decorations of balloons and colorful streamers, 25 friends and family members showered her with gifts and fun. Emily and husband Jason Sobleski are awaiting the arrival of their first child on May 8. His mother, Pat Miner, and Eleanor and Chris Hayden co-hosted this special event.

A last name correction is needed concerning last week's report on the new tenants of Litzzenburger Place. The man and wife's names are Russell and Jo Janz.

To add a little more confusion, Don Benz is another member of the Litzzenburger maintenance crew. And it is looking pretty spiffy over there with spring spruce up painting and remodeling. Also, a belated but warm welcome goes out to Scott Toten, a new early April Litzzenburger Place resident.

Heartfelt sympathies go out to the family and friends of Freda Judkins. Freda, well known throughout the area, passed away this past week.

Dorothy Daniels returned to her Litzzenburger Place apartment this past week after having spent 6 months in Texas visiting her sister and brother-in-law, Nellie and Mike Cardosa. While there, she toured Mexico and purchased a wedding veil for her granddaughter, Jessica Bush, who will be married on June 23.

Members of the class of 1958 met at Indo China Gardens for lunch. Attending were Eloise (Cornell) Cooper, Ray and Irene Speltz, Joe and Lois (McCurdy) Gerant, Nelda (Kindy) Stanley, Larry Judkins, and Morrie and Sue Hobbs. Next month's lunch will be at noon on May 8 at the Red Mesa.

After lunch on Thursday, a group of seniors from the Boyne area center boarded a transit bus and visited the Charlevoix County Humane Society on Boyne's Beardsley Street. These folks enjoyed their visit, and donated supplies they might need to care for the animals. I am sure this kind gesture was most appreciated.

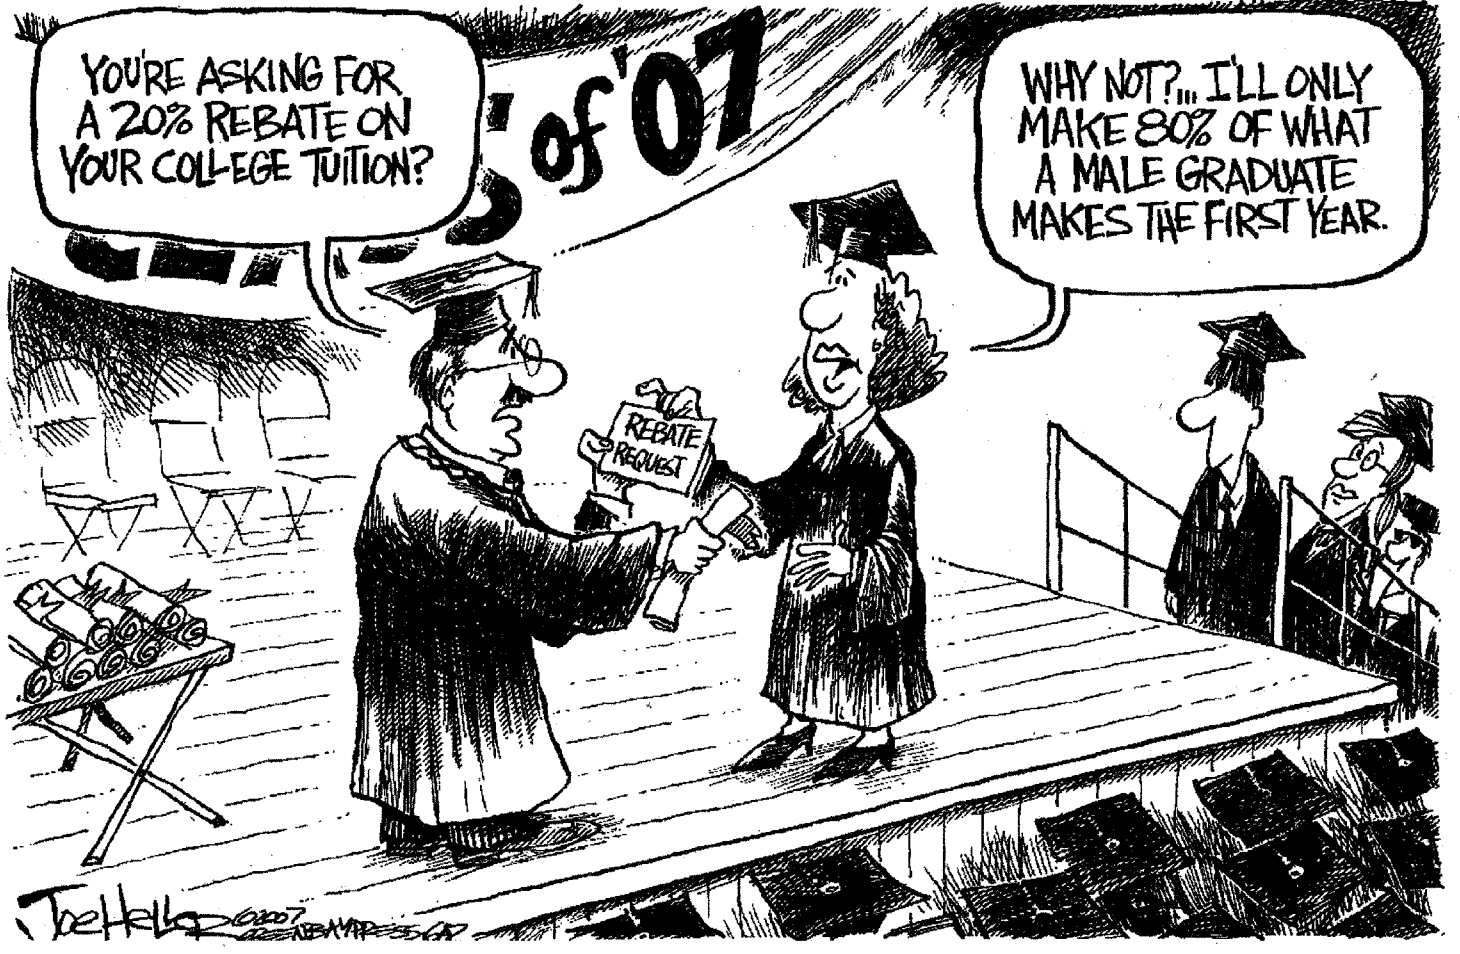

If you weren't at the center on Friday, you rally missed out on a delicious meal, a fine time of music by Bill Stevens and the Tag-A-Longs, fun dancing and a real friendly time on a beautiful sunny day.

Helene and Brandon Ivy and daughters Claire and Hannah of Boyne City celebrated the Easter week in Ann Arbor, her hometown. They also honored her grandfather, Albert Steck, on his 90th birthday.

Kathy and Jim Rice of Tecumseh spent last weekend here with her mother, Arlene Inman and family. Kathy stayed for the week and Jim returned the following Monday to spend a couple of more days. They both left for home on Wednesday.

On Wednesday, April 18, Nelda Stanley met Danya (Bryan) Liverance for breakfast and a daylong shopping spree at River-ton Crossings Mall in Grandville. To top the day off they had dinner at Famous Dave's BBQ in Grand Rapids with other 1958 classmates, Bob and Kathy Christensen, Jerry and Nancy Green, Fred and Kris (Rouse) Shassberger, and Carol (Reinhardt) Heffington. It was a very enjoyable day. Next month the group will meet for dinner in Rockford at the Corner Bar.

Items of interest may be called into Nancy's home phone at 231-582 9174, or e-mailed to neighbors@gtlakes.com before the noon deadline on Friday.

YOUR VOICE

Boyne City MS play deemed impressive

To the Editor:
Wow! This is the first word that comes to mind when describing the production of Wizard of Oz that the Boyne City Middle School students put on recently.
I was so impressed with the talent that these kids have. For those of you who did see it, remember when the lion, played by Jalen Adams, did back flips?
These kids started practicing for this play back in January and

their time and effort showed in every single minute of this play. The sets, the lights, the costumes and the sound were all incredible too. Miss Rosie, as the kids call her, did one awesome job directing this play.
Can't wait for next years production. You guys rock! Congrats on a great show.

School programs deserve recognition

Dear Editor,
Just a note to thank our wonderful community for their continued support of our fine arts programs here in Boyne.
If you don't know what I am talking about, then you did not have a chance to see the "Wizard of Oz" performed by our own Boyne City Middle School over this past weekend. If you didn't, quite frankly, you missed what possibly was the best Middle School Drama performance anywhere in this great State of Michigan.
Director Rosie Yardley and her students worked hard and pulled out all the stops to put on a show unlike no other, and better than some high school performances that I have seen in other districts.
There will be more than enough talent moving on next year to the high school, and plenty left for more great performances at the middle school level.
Kudos to Mrs. Yardley and all the volunteers that came together with her to offer this venue for our younger kids.
While I have your attention, hopefully you did not miss Boyne City High Schools' spring musical "Crazy for You," be-

cause if you did, well I can assure you that you missed a college level performance. When you can teach and have 40 kids tapping in perfect unison on a high school stage, you've got one heck of a show! The Freedts, Wollenburgs and all their volunteers, along with all those talented students, put on a blockbuster of a show, which never lacked in energy.
One more note on the fine arts front. Our college level visual imaging class headed by Randy Calcaterra has won their second Emmy! Did you hear me, I said a SECOND EMMY! This is the big time folks! Sometimes we don't realize all the serious talent that we are blessed to have in this little town we love to call home.
From our drama, to visual imaging, culinary arts, to our bands, this is why we are the fine arts school of choice in Northern Michigan. When you can offer all that we do for our kids in this area we call God's country, it is incredible.
Thanks Boyne City, for seeing the talent and believing that we can be and are the best around.

Easter Bunny visit makes child's day

To the Editor;
Despite the blowing snow, wind and frigid temperatures, the Boy Scouts and others hosted an Easter egg hunt.
On behalf of our family, we wish to thank you. Every child received a gift along with the candy in the eggs. Our younger generation has a great example of a caring community.
When tickets were being pulled for the big prizes, our grand-

son was drooling over the bicycles. There were so many eager children it was hard to see him. However, when his number was called, we could see him jumping up and down.
You made his day. Thank you again, Boyne, for being so generous.

Bicycling is a good 'green' thing to complete

By CHUCK HALL
In 1817, Baron Karl von Drais invented a prototype bicycle called the velocipede.
This was a bicycle without the pedals. He used it to get around his extensive gardens more quickly. It was propelled much like a skateboard, by pushing off of the ground with both feet.
Incidentally, the reason von Drais focused on inventing a horseless form of transportation is that the price of grain (used for horse 'fuel')

had suddenly risen in his native Germany.
Could history be repeating itself, considering our current ongoing price increases for crude oil? The bicycle may just be the most efficient form of transportation ever invented.
Even a person who is only moderately fit can make a trip of ten or fifteen miles in less than an hour on a good bicycle. With only an afternoon's education, even technically inept people (like myself) can learn to do basic repairs on a bicycle.
They are very affordable, even for people of modest means. And

they are so easy to operate that a child can do it. One drawback to the bicycle is that while it is excellent for getting an individual from one place to another over relatively short distances, it's not much help at carrying cargo.
If you have to take anything bigger than the average briefcase with you, it's going to be difficult to do so on a bicycle. Fortunately, tricycles aren't just for children. In fact, the tricycle was invented for well-to-do adults in the middle 1800s so that bicycle enthusiasts could take passengers along with them.

Irene Edna Haley Rickard

Irene Edna (Haley) Rickard, died April 11, 2007, one month short of her 99th birthday, at Brian's House in Davison, Mich. Visitation was on Friday, April 13, preceding the funeral service at Brown Funeral Home in Flint, with Pastor Erv Saultman officiating. Burial followed at Flint Memorial Park.

Irene was born May 5, 1908, the same year that "Mother's Day" was proclaimed a national holiday in Saginaw. She, the middle daughter of Robert and Edna Haley, along with her older sister, Mabel, and younger sister, Maxine, were referred to as the "Haley Girls." When the family moved to the Flint area in 1909, Irene would visit her aunts and uncles on their farms by taking the interurban between Flint and Saginaw. When she was 10 years old, her father died in the influenza epidemic of 1918 and her mother, in order to provide for the three girls, worked in the factory before becoming Head Matron of the McFarland Home in Flint for nineteen years.

Irene attended Flint schools and graduated in 1927 from the new Flint Central High School. She was united in marriage on Sept. 3, 1927, to Charles (Chick) Henry Rickard at Parkland Presbyterian Church in Flint. They lovingly raised two sons and five daughters, and were together for 72 years until his death on June 16, 1999.

Irene was a "homemaker" and very active in church and social groups. She arranged many enjoyable get-togethers with relatives and friends and loved spending time with her grandchildren. Upon retirement, they moved to Boyne City where they took up residence on Lake Charlevoix next door to their son, Richard, and where she became involved in community activities. They spent many winters in Florida where her two sisters resided, and took many interesting trips, including St. Austell, England, where "Chick" was born.

In 1997, they moved from their beloved lakefront home, to the newly-built Independence Village in Petoskey as some of the first occupants, where they met many new friends. Irene kept busy with letter writing, exercise classes, Bible study, card playing and shopping for the next seven years until she had to move into a health care facility, after breaking her hip.

Irene will be remembered as fun-loving, caring, and for her acts of kindness for others. She loved to swim, could float like a cork and dove from a diving board at the age of 80. She would make angels in the snow, and have her picture taken in her bathing suit in mid-winter on her lanai. Family history was important to her and she kept in contact with relatives near and far. She lived by her faith and had attended Flint North Baptist, Flint Bethany Presbyterian, and Boyne City Presbyterian Churches, as well as Bible study and a church group at Petoskey Independence Village.

Surviving are son, Richard (Mary) of Boyne Falls; daughters, Janet (William) Vuillemot of Boyne City, Karen (David) Gibson of Otter Lake, Judy Smith of Flint, Lois (Charles) Grof of Clearwater, FL; 20 grandchildren; 38 great-grandchildren; 12 great-great grandchildren; and many dear nieces and nephews. Be An Optimist... For Life!

Researchers studied more than 800 people over a 30 year period and found an association between the way an individual explained the causes of life events and mortality rates. Those with a more pessimistic outlook were more likely to die younger than those who were more optimistic. Also, after the 30 years, the optimists reported fewer health problems, less pain and feeling happier and more peaceful. So stop negative thoughts and focus on the positive. Have an attitude of gratitude. Keep things in proper perspective. Forgive others and let go of hurt. Help others and feel good about yourself.

Peters throws pair of wins for Devils

By TROY BRUZEWSKI
SPORTS EDITOR

CHARLEVOIX — Shaina Peters pitched another pair of victories for the East Jordan softball team last week.

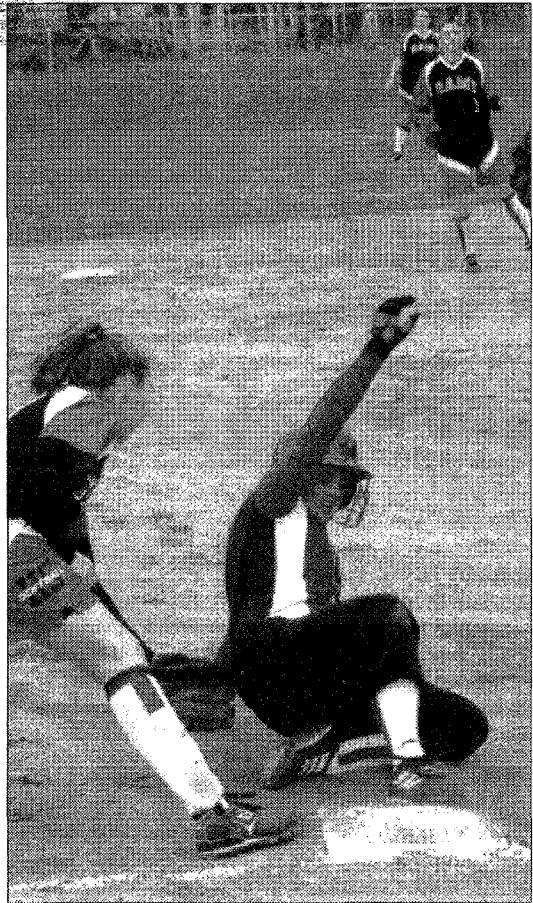

Tuesday, April 17; she pitched a one-hit shutout in East Jordan's 11-0 win over Charlevoix in the opening game. She struckout seven batters and walked two.

Alex Snowden led the offense with two hits for the Devils, who scored six runs in the first inning. "It was good to get a quick start in this game," East Jordan coach Meg Kitson said. "We captured the momentum early and kept it all day."

Randi McFall continued that in the second game, a 14-2 route by East Jordan. McFall allowed three hits over five innings. Snowden had four hits in the second game, where the Devils scored seven runs in the fifth inning to mercy Charlevoix.

They continued their win streak to three games against Harbor Springs Friday. Peters pitched another shutout win for the Devils, allowing three hits over six innings. They lost the second game however, 3-2, with Harbor Springs scoring the game-winner in the bottom of the seventh inning. McFall took the loss for East Jordan (4-2).

"We really struggled at the plate," Kitson said. "It was unfortunate that we couldn't hit better and generate more runs. Defensively we played great, we need to work on our decision making."

Lindsey Clements slides into third.

Kalkaska shuts out EJ soccer

By TROY BRUZEWSKI
SPORTS EDITOR

KALKASKA - Despite 28 saves from maribeth Poindexter, the East Jordan girls soccer team dropped a 3-0 decision to Kalkaska Thursday.

The Blue Blazers scored two first-half goals on the Red Devils, while holding their offense at bay. Erica Fox scored two goals for Kalkaska, Adrian Long scored the third.

East Jordan coach Pete Elliott says there were signs of hope in the loss, though a shutout is never a positive.

"It's encouraging to see the desire in the players to win the ball and make a difference," He said. "As we learn to work together, we will improve greatly. We need to take more shots and finish the attack better."

The loss gave East Jordan its second loss in as many games this season. The first two contests of the year were postponed due to snow.

Michael Carter's third place finish in the 1600-meter run was the highest for the Red Devils in the boys' meet. He turned in a time of 4:58.81.

Anthony Castle finished sixth in the 100-meter dash with a time of 11.86 seconds, and Mike Hines came in seventh with a time of 12.06 seconds.

of 24.79 seconds. Nick Zell finished sixth in the 3200-meter run with a time of 12:23.40. Marshall Page was sixth in the shot put with a throw of 39 feet, 7 1/2 inches.

Taylor Voice had the only first place finish for the Ramblers, clearing 12 feet, 6 inches in the pole vault.

In a Lake Michigan Conference quadrangular at Harbor Springs on Monday, April 16, the Ramblers were fourth in the boys' meet with 14 points. Traverse City St. Francis won the meet with 92.5 points and Harbor Springs was second with 77.5.

Voice had a first place in the pole vault with a height of 12 feet, 6 inches. He was also third in the 300 hurdles with a time of 44 seconds.

Zach Bush had a fourth place in the 400-meter run with a time of 1:00.26, and Ryan Spence was fifth in the long jump with a leap of 18 feet, 8 1/4 inches.

For the girls, Bell was a triple winner again ... taking the 100-meter dash (12.95 seconds),

200 meters (27.66 seconds) and the long jump (15 feet, 7 inches). She also anchored the winning 400 relay, which also included Kristina LaVake, Lacey VanAlstine and Red Nichols (54.72).

Wonski took first in the pole vault (9 feet), Perry Fish won the shot put (28 feet, 10 inches), and finished third in the discus (82 feet, 11 inches).

Nichols finished second in both the 100-meter high hurdles (16.72 seconds) and the 300 hurdles (53.92 seconds).

Boyne City also picked up points from Kristina LaVake with a fifth in the shot put, Lacey Vanalstine with a fifth in the discus and freshman Casmear Kerr third in the pole vault and fourth in the 800-meter run.

"We have not had this kind of depth in the throwing events in a very long time," Ramblers' girls' coach Andy Place said. "We finished third overall as a team behind St. Francis and Harbor Springs.

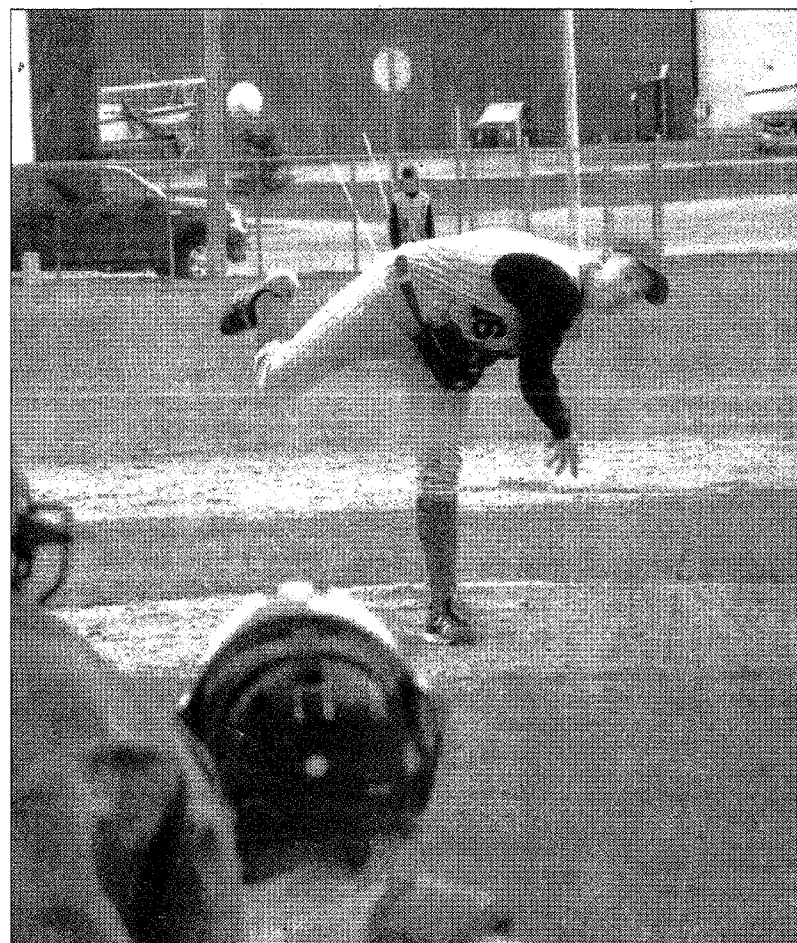

"This was a good way

to start the season. The team sees the potential to improve. We have so many new girls this spring. Everyone had their season best.

Devils' JV soccer downed by ER

ELK RAPIDS - Despite 17 saves from Danielle Burgher, the East Jordan girls junior varsity soccer team dropped a 9-1 decision to Elk Rapids Tuesday, April 17.

Whitney Kraemer scored the lone goal for the Red Devils, assisted by Shelby Campbell. Elk Rapids scored four goals in the first half and five in the second.

"This was a good game and a good experience for these young players," coach Pete Elliott said. "I am sure as the season moves along, we will continue to see growth in these young ladies."

TC Liberty defeats EJ soccer

EAST JORDAN - Traverse City Liberty held the East Jordan girls soccer team scoreless in the first half of the season-opener Monday, April 16 and won 7-2.

Tynel Starr made saves on 17 Liberty shots, but Traverse City scored three goals in the first half, taking a 3-0 lead. The Red Devils broke through in the second half, Katherine Rowley had two goals, one unassisted.

However, the Devils were outscored 4-2 in the second half.

"This was a good opening game," East Jordan coach Pete Elliott said. "But we had trouble getting a passing game going. We will play more purposefully, rather than reacting to the game."

Helen Dryden scored five goals for Traverse City.

Teen concerns revealed

CHARLEVOIX - Results of a survey of this area's high school sophomores and juniors are in, and for the third time, students have named alcohol and drug abuse as their number-one concern.

The peer survey was conducted by Charlevoix County Community Foundation's Youth Advisory Committee, a group of 16 students representing each of the five school districts in the county.

Nearly 60 percent of Charlevoix County's public high school 10th and 11th graders - a total of 590 teens - participated in the written study, which the YAC conducts every two or three years. This year's assessment, distributed in February, included students from Beaver Island, Boyne City,

Boyne Falls, East Jordan, Charlevoix, and the Northwest Academy.

The survey is designed to give young people a voice in what matters, and a key role in identifying their needs. Findings from the questionnaires are tabulated and analyzed by the YAC, then used to set priorities for grantmaking and other activities.

The top ten concerns of youth surveyed this year are:

- Alcohol and drug abuse
- Stress and depression
- Lack of money for personal use
- Suicide and cutting
- Teen sexuality and homosexuality
- Lack of recreational facilities and things to do
- Harassment, bully-

ing, and gangs

- Lack of enrichment opportunities such as theater, music, and art
- Need for a teen meeting place
- Mental and physical abuse

Some interesting parallels and differences can be noted among results of the surveys conducted in the spring of 2001, 2003, and 2007. While the top two youth issues have been consistent, a new third-place concern - lack of personal spending money - was identified this year. The subject of suicide has always been highly rated, but teens have now added "cutting," the practice of self-inflicted wounding, as an important emerging issue.

Each year the YAC, which helps oversee a \$1 million youth fund at the community founda-

tion, awards grants totaling almost \$50,000 to a variety of programs that benefit youth. In the past, YAC grants have been used to support recreational projects, environmental efforts, educational and enrichment programs, cultural events, and a host of human service initiatives. The 2007 survey results will be used to guide grantmaking decisions and target the problems young people say are most important.

For more information about the Youth Advisory Committee, the YAC's needs assessment results, or the Charlevoix County Community Foundation, contact the foundation at PO Box 718, East Jordan Mich., 49727; call 231-536-2440; or visit the Web site, www.c3f.org.

Scam alert issued by police

BOYNE CITY — The Boyne City Police Department is investigating a possible Nigerian mail scam. The suspects contact people through the Internet via chat rooms or e-mail. They develop a relationship or romance with those they contact. They then send that person packages and ask they forward them on to an address in Nigeria. Some of

the items that they are sending are not being paid for and are being billed to a non-existent company.

The Boyne City Police Department is advising people to not accept these packages and have them returned to sender. Please contact your local police department and post office if this happens or has happened to you.

Arthritis course slated

PETOSKEY — Northern Michigan Hospital is offering a free, six-week course designed for people with arthritis and related diseases. Their caregivers are also encouraged to attend. Northern Michigan Hospital will present the "Arthritis Foundation Self-Help Program" for six consecutive Wednesdays beginning May 2 through June 6, from 10 a.m. to noon, at the Community Health Education Center, 360 Connable Ave., across the parking lot from the hospital's main entrance.

"The Arthritis Foundation Self-Help Program is a community-based patient education course developed by the Stanford Arthritis Center," said Judy Fowler, Northern Michigan Hospital's education specialist and one of the leaders of the program.

"Patients can learn the general principles of managing arthritis, including drug use. Knowledgeable

patients practicing self-care may experience improved physical function, less pain and reduced healthcare costs."

Joining Fowler in leading the course are Northern Michigan Hospital's physical therapy staff Andrea Krause and Amy Barkley who are nationally certified through the Arthritis Foundation to conduct the sessions.

The program leaders will cover disease-specific information, stress management strategies, medication use, exercise alternatives and coping techniques. Participants may use "The Arthritis Helpbook" as a textbook for the course and can purchase them for \$20. The course format encourages active participation and includes lectures, discussion and group activities.

Space is limited. For registration and information, call Northern Michigan Hospital's HealthAccess toll-free at 800-248-6777.

Bay Township Zoning Board of Appeals
NOTICE REGARDING MEETING
The Bay Township Zoning Board of Appeals will meet on **Monday, April 30, 2007 at 7:00 P.M.** The meeting will be held in the Bay Township Hall in the Village of Horton's Bay. The purpose of the meeting is to hear the following appeal for a variance from the requirements of the Bay Township Zoning Ordinance, as amended (the Ordinance).
In The Matter of Marilyn K. Parker
Charlevoix County Property Tax Identification No. 001-127-003-20, located at 07090 Meadowoods Lane. The property owner is seeking a variance from Section 5.4 of the Ordinance in order that a split of the existing parcel might be accomplished.
The existing property is subject to a private road easement. The owner wishes to divide the parcel into 2 parcels at the point where the easement crosses the parcel. In so doing, one of the created parcels would be a lot that would be located on the shore of Walloon Lake. The applicable lot width requirements according to Section 5.4 of the Ordinance require a lot with frontage on a lake to have a width of 100 feet. In following the Ordinance's definition of lot width, it has been determined that the proposed lots width would be 86 feet, hence, the owner is seeking a lot width variance of 14 feet.
Interested parties may comment in person at the meeting or comment in writing to: Bay Township Zoning Board of Appeals, 05045 Boyne City Road, Boyne City, MI 49712 (231-582-3594) or baytwp@core.com. Written comments must be received by 5 p.m. on April 30, 2007.

Strange BUT TRUE

• Raquel Welch, sex symbol of the 1960s and '70s, auditioned for the part of Mary Ann on "Gilligan's Island," but was passed over in favor of Dawn Wells. Incidentally, Welch's birth name was Jo Raquel Tejada.

• In modern society, hundreds of millions of people across the globe speak English. You don't have to go back very far, though, to find a time when English wasn't nearly so widespread or highly regarded. In the 16th century, the age of Queen Elizabeth I

and William Shakespeare, only a few million people spoke the language — and not even all the people of England spoke English.

• The identity of the person who made the following comment is still not known: "A Christian is a man who feels repentance on Sunday for what he did on Saturday."

• In Turkey, a man named Demker Cevik said that he could eat an entire barbecued lamb, a claim that an acquaintance disputed. A small bet was placed, and the contest began. After quite a while, Cevik did, in fact, finish the lamb and win the bet. It was a short-lived victory, however; 10 minutes later, Cevik keeled over, dead.

• If you're like the average American, you'll eat more than 15 pounds of

fish this year.

• Did you ever wonder what all the hoopla is about? It doesn't really matter what the hoopla is about, though — it's the word "hoopla" itself that's interesting. The modern English word actually comes from the French words "houp," which means "hey," and "la," which means "there." The combination is, essentially, the interjection "hey there!" — which inspired its current use to describe a commotion of some kind.
