EAST JORDAN — The East Jordan Sports Boosters have teamed up with Fox Motors of Charlevoix for a unique fundraiser this Friday from 4 to 7 p.m. and Saturday, from 10 a.m. to 2 p.m. Fox Motors, located on US-31 just south of town, has put together a deal to support the Red Devils.

This fundraiser is an easy way to support the Sports Boosters as Fox Motors is offering any person 18 years of age or older to test drive a new car during the event and Fox will contribute \$40 to the Sports Boosters.

Voters to decide road millage

By B. J. HETLER
CONTRIBUTING WRITER

BOYNE CITY — Charlevoix County's primary roads will be repaired and improved only if the citizens vote to approve a 15-year millage on their property taxes.

That was the message from the county road commissioners and manager Pät Härmöön at a Boyne Area Chamber of Commerce Business Breakfast on Friday, Oct. 10, at 220 Lake Street Restaurant.

"It's the only way the county primary roads system will be improved," Harmon said to the group of business owners and others at

the event. "There is no money at the state or federal level."

County primary roads are partially funded by a 19-cent charge on each gallon of gasoline pumped into drivers' tanks and by a 15-cent charge on each gallon of diesel fuel bought by trucks. This revenue is collected by the state of Michigan and distributed throughout the state's road commissions in shares determined by the state.

But, with the rising cost of asphalt, equipment and other materials, the funds are not adequate to repair and improve county roads, according to the Charlevoix County Road Commission.

To determine the increase in a taxpayer's property taxes if the millage is approved by voters, multiply \$1 for every \$1,000 of state taxable value on the house. For example, a house with a taxable value of \$100,000 would see an increase of \$100 each year for 15 years.

The benefit of approval of the millage is comprehensive improvements to 61.34 miles of Charlevoix County primary roads. All revenue from the millage would stay in Charlevoix County, rather than go to the state, and would be used for road improvements, according to the road commission.

The Boyne City-Charlevoix

Road would undergo total reconstruction from Nelson Road to Western Avenue near U.S. 31. Ellsworth Road would also see total reconstruction.

Camp Ten, Chandler Hill, Deer Lake, Ferry, Korthase, Marion Center, Norwood, Peninsula, River, Six Mile Lake, Slashing and Springvale roads and Kings Highway would have wedge and two-inch overlay improvements.

The road commission would not commit to a timeline or order of priority for roadwork at the Friday meeting. Harmon did say that four miles of the Boyne City-Charle-

BOYNE CITY — After pouring over 70 songs submitted for the 2008 Boyne City Song Contest, the "Songs of Boyne City" CD has been released with 15 of the top tunes available for purchase. The CD is dedicated to all of the song writers and performers who participated in the event to come up with a track about the city. Tom Monley was the winner of the contest for his song titled "Boyne City, Our Home Town" which appears on the disc.

The Boyne City Main

Street program is responsible for putting the disc together that has artists ranging from children to senior citizens. Nine-year-old Emma Vondra is included on the CD with her song "Boyne City's The Place to be."

"This CD is dedicated to all of the song writers and performers who so enthusiastically participated in the Boyne City Song Contest," Karen Guzniczak, owner of Country Now & Then and Up The Lazy River said. "Selecting a single winner from among so many great songs entries was indeed challenging. As evidence

ANTRIM COUNTY — Star Township, Antrim County and Friends of the Jordan River took another blow from the government recently when the U.S. Environmental Protection Agency joined the Michigan Department of Environmental Quality in denying review of an injection well permit.

The permit issued on Feb. 7 by the MDEQ and the U.S. EPA allows CMS Energy and the Beeland Group to construct a Class I non-hazardous waste injection well on land near Alba in Star Township.

EPA's Environmental Appeals Board "Order Denying Review" dated Oct. 3, states that under the permit, Region 5 will determine in a subsequent decision whether ultimate operation of the well is appropriate. Region 5 is the EPA's authority in Antrim

EAST JORDAN — The East Jordan Area Chamber of Commerce in conjunction with Jordan Valley Floral co-sponsored "Good Neighbor Day" in East Jordan. The City held the special day on Sept. 3 as part of the FTD sponsored nationwide event. Participants were asked to bring non-perishable food items to Jordan Valley Floral for the Care and Share Food Pantry. After donating the food, citizens were given 12 carnations, one for themselves and the rest were to be handed out to another person to brighten their day and then in turn they pass on the flowers to someone else.

All in all, two full grocery carts were filled up with food making the day a success.

"In all over 800 carnations were passed along throughout the area to brighten people's day," Mary Faculak, President of the East Jordan Area Chamber of Commerce said. "We actually had people from Ellsworth, Traverse City, East Jordan and Boyne City come into Jordan Valley Floral."

Chamber members were involved by submitting fun items, coupons, flowers and tokens into a "Good Community Bag" that participants also re-

voix Road are slated for work in the year 2012.

Proponents of the millage say road improvements are critical to tourism, business, safety and saving on the expense of vehicle repairs necessitated by rough roads.

Karen Guzniciak, who owns Country Now and Then and Up the Lazy River in Boyne City, said it is important for tourism and businesses to have good roads. She said she believes the area will lose tourism dollars if the roads make travel difficult.

Opponents of the millage say many citizens are unable to afford more property taxes and that today's economic climate adds to the burden.

Bay Township resident, Bob Taylor, said

the township has a millage it uses to fix county primary roads in the area of the township. He said it is unfair to add more taxes to township residents.

Voters will make a decision on the road millage when they go to the polls on Nov. 4.

For more information call the road commissioners, Doug Way, Wayne Saunders and Keith Ogden, or manager Pat Harmon. The road commission telephone number is 231-582-7330. The website is: www.charlevoix-county.org/ccrc.asp. Information may also be obtained through the Friends of Charlevoix County Roads at www.fixourcountyroads.com, or through township officials.

of that fact, fifteen of those songs representing a wide range of musical styles submitted are presented on the CD.

The disc is priced at \$15 and proceeds from the sales will be used to help promote Boyne City. The CD is available at Country Now &

Then / Up The Lazy River, the Chamber Office, the City Office and other locations.

"Much appreciation goes out to all the participants for their time and talent in writing, singing, producing and submitting their songs to Boyne City Main Street, the Boyne City Chamber of Commerce and to Bill and Dee Kelly who offered their time and talent in the production of this CD," Guzniczak added.

Monley will be singing his winning song on Nov. 6 at the Performing Arts Center as a "Salute to our Veterans" and CD's can also be purchased there.

On June 19, at the Main Street 5th Anniversary Party at the Old

City Park gazebo, the winning song was announced. Submissions ran through May 15 and along with the pride of strumming the new tune for Boyne City, Monley was awarded \$1,000 and four nights at a Disney Vacation Resort inside Disney World in Orlando.

"Many entries were

first time song writers to professional song writers who have written a number of songs, although anyone who would take the time to write a song about Boyne City is a winner in my mind," Mark Kowalske of Century 21 Up North said at the June 19 event. "A couple of first time song writers

told me that they have now started on their second song. I am so proud and honored to have gotten this type of response. It says a lot about the pride and love for our little town."

ceived after their donation. The event drew a lot of coverage with TV 9&10 and Fox 45 News on the scene.

"It was a wonderful event that brought many smiles and the food that was collected will help make a

difference at the food pantry." Faculak added. "I wanted to share our good news story. The City and Chamber were very pleased to have been a part of this as well."

For the FTD nationwide event, Faculak believes Jordan Valley Floral, a FTD florist,

was the only one in the state to participate.

This is the 14th annual Good Neighbor Day that took place across the nation and Canada with hundreds of florists planning local events, gathering sponsors and helping to spread friendship and kindness to their

neighbors by handing out the free floral bouquets.

Anita Shepard, owner of Jordan Valley Floral, sees a joy in sending flowers to brighten people's day and wanted to share that feeling. "We hope that the people of northern

Sleep Time Linked to Weight Gain

According to a study in the journal *Sleep*, both too little or too much sleep can affect weight gain. Researchers found that people who averaged five to six hours of sleep a night gained 4.4 pounds more than those who slept the recommended seven to eight hours. Also, those who got nine to ten hours a night gained 3.5 pounds more than the seven to eight hour sleepers. The reason for the connection isn't clear, but scientists believe getting too little or too much sleep may disrupt the production of appetite-controlling hormones, leptin and ghrelin.

City amends sidewalk policy

By B. J. HETLER
CONTRIBUTING WRITER

EAST JORDAN — A city ordinance that required residents to pay for the construction of new or replacement sidewalks adjacent to their property has been amended by the city commission.

The commission voted on Oct. 7 to add language in section 23-35 to the city's sidewalk ordinance that states that the city may pay for sidewalks when it determines it is feasible to do

so.

The amendment leaves it open to continue to require residents to pay for sidewalks, but it states the conditions under which the city may determine to fund the projects.

"In exercising its discretion in this matter, the City shall consider the fiscal condition of the City, whether or not budgeted funds are available to pay the costs of construction of new or replacement sidewalks, and whether or not the best interest of the City as a whole are served by the

construction or replacement of the sidewalk in question," the amendment states.

The amendment becomes effective on Oct. 22.

The city commission is reviewing the city's policy on a drug and alcohol free work place and discussed possible changes to the policy at the Oct. 7 meeting at City Hall.

All city employees would be subject to the policy and each commissioner agreed on zero tolerance. This means that if an employee tests pos-

itive for drugs or alcohol during work hours, they will be dismissed from their employment.

City administrator David White is revising the policy to reflect zero tolerance and will have an updated policy at the next commission meeting.

The fire chief position was discussed and a committee made up of commissioners Paul Timmons, Ray Fisher and Lee Symonds will review the city budget and determine whether the fire chief position would be full-time or part-time.

"Our goal is to have 200 people test drive a car during the fundraiser's hours," Laura Hansen, organizer of the event for the Sports Boosters said. "That would be an impressive turnout that would net the Boosters \$8,000, which would then be

used to provide additional support for East Jordan's athletic programs."

Fox Motors recently held the same promotion for Central Lake supporters for anyone wishing to support the Trojans. They also offered this fundraiser to Ellsworth Schools with 140 people generating

\$6,000 by simply taking the time for a test drive.

"Sports Booster volunteers are active in the concession stand at every athletic event we host," Steve Hines, the East Jordan High School Director of Athletics said. "They are totally dedicated to supporting our kids."

The East Jordan Sports Boosters provide supplemental funding that helps the Athletic Department purchase uniforms and equipment, complete special projects that improve the school's athletic and weight training facilities and also fund entry fees for invitational tournaments.

In addition, the Boosters also provide college scholarship support for qualifying student-athletes on an annual basis. According to Hansen, the Sports Boosters contribute more than \$20,000 annually in support of East Jordan athletic programs.

"Red Devil" sup-

porters are encouraged to attend the event in an effort to continue to help the Sports Boosters and the student-athletes they are committed to serving," Hansen added.

Well

County.

CMS Energy intends to transport leachate, a contaminant, from Bay Harbor resort near Petoskey to the planned underground well in Star Township. CMS Energy's land division is responsible for

the cement kiln dust clean up. Leachate is a toxin that is formed when water mixes with cement kiln dust.

The EPA denial to review the permit addressed the claims made by Star Township, Antrim County and Friends of the Jordan River (the "Citizens Group").

The Citizens Group states that the shale formation that lies above the injection zone is not fool proof and if the injection well should leak the shale may not prevent the waste stored in the well from reaching ground water and drinking water.

The EPA board de-

ferred to its Region 5 expertise and decision that stated the shale would contain the waste when it declined to review this issue brought up by the Citizens Group.

The EPA Board rejected the claim by the Citizens Group that the fluid that will be injected into the well

is hazardous. Its Order states that safeguards include a permit requirement for treatment of the proposed injection fluid prior to injection and, requires sampling data of the injection fluid.

The EPA Board also denied the Citizens Group's claim that the EPA's Region

should have held evidentiary hearings prior to issuing the permit. The EPA Board said that permit regulations do not provide for evidentiary hearings in this instance.

SENIOR LIFESTYLES

Live to 100 ... And Feel Great

(MS) - Today, "actual age" and "physical age" are two different things. For those who care for their bodies, by following the easy dietary and exercise recommendations for anti-aging, it is possible to feel and look younger without drastic measures.

Dr. Mehmet Oz, a cardiothoracic surgeon, author, and frequent guest on Oprah Winfrey's program has shared his tips for turning back the clock and boosting health in

the process with Oprah's viewers. His approach is not new and can easily be adapted by anyone. Here are some top points to consider:

- Choose healthy foods: Antioxidants are found in most dark fruits and vegetables, among other things help slow down or reverse the process of oxidation. The result can be reclaimed vitality and noticeable health improvements, such as the ability to fight against disease and certain cancers. A balanced diet will offer

- antioxidant-rich foods. Supplementing with a good multivitamin, such as Nutrina Vitamax®, will offer consistent nutrient and vitamin intake, complementing the foods you eat.
- SEEING RED: Resveratrol, a component of red wine, is a powerful antioxidant contained in the skin of the grapes.
- CALCIUM IS A MUST: Calcium is necessary for maintaining strong

- bones, which tend to become more brittle as one ages. However, taking calcium alone can contribute to constipation, which is why Dr. Oz recommends taking calcium with magnesium for optimal health.
- MAINTAIN INTERNAL PLUMBING: Staying young also involves making sure your intestines and bowels are working properly. You'll need 25 grams of

- fiber a day to get the job done.
- DON'T FORGET THE EXERCISE: Moderate daily exercise that takes inches off is also an essential component to anti-aging.

THE CITIZEN-JOURNAL OPINION

EDITORIAL

Flu shot recommendations expanding

It used to be that flu shots were only recommended for adults when flu season was upon us. That way of thinking is no longer popular as public health officials have now come out and suggested that everyone over the age of six months get the vaccination.

This year, the U.S. Centers for Disease Control (CDC) & Prevention expanded their recommendations saying more than four out of five people should get an annual flu vaccine, including all children six months to 18 years of age.

Unlike previous years, there is no shortage of the flu vaccine this season according to the Health Department of Northwest Michigan, there are actually about 145 million doses of the flu vaccine available this year which is an all time high.

The Health Department went on to say that parents and caregivers need to realize that children experience the highest rate of influenza with about every one in three children contracting the virus every year. One in three children fall victim to this virus which can lead to severe complications the report said. In fact, 83 children in the United States died of flu and related complications last year.

With parents having so many different things to worry about with regards to their children, this suggestion from the Health Department is one easy way to alleviate the concern of the common cold. In the past, the myth seemed to be that adults were at the highest risk and according to the Health Department that is no longer the case.

Getting vaccinated each year is obviously the best way to prevent the flu and apparently if you have kids or are in contact with people 65 years of age or older, you should get vaccinated to protect those "high-risk" individuals.

For more information, check out the Health Department website at www.nwhealth.org or call 800-432-4121 to be more informed about the seasonal flu vaccination. The Health Department is mandated by the Michigan Public Health Code to promote wellness in our area, so make sure to talk to a representative before moving forward with the flu shot.

Flu shot appointments are available at Health Department locations in Mancelona, Charlevoix, Petoskey/Harbor Springs, and Gaylord. The cost is \$25 for flu vaccines and \$30 for pneumonia with Medicare and Medicaid accepted. You have to call first for an appointment this month.

TAG-TEAM

Another candle

My life! I've been all through it. It's the only life I know.
My life! There's nothing to it, I just push it and it goes.
My life! It doesn't add up to a big biography.
My life! I'd just ignore it, but it's all about me.
I will celebrate another birthday this week and, as usual, the days preceding have been rife with revelation. This is the way it goes:

A month or so before the big day, I begin to cast a nostalgic eye over the past year's events. This retrospection is accompanied by minor key, interior background music and a voice-over narration by someone with a British accent. As I walk my dogs or even routinely push a shopping cart through the aisles of the grocery store, the year unravels in a mental panorama worthy of a Hollywood flashback. I linger over the loveliest and give brief flinching consideration to the truly unpleasant. When I have exhausted the material from the past 12 months, I attempt to connect it in some logical way to the previous biographical extravaganza that has comprised my existence thus far.

This is where I usually hit the wall and resort to re-writes. Not exactly fiction, but a benevolent reassessment of the facts. The reality is sometimes messy and the outcome, not always satisfactory. And since this is my movie, I can tweak the details into

something that plays better. By the time I've muted the mistakes and extrapolated upon the exceptional, I've got a blockbuster with legs and I'm modestly bestowing upon myself a lifetime achievement award for my consistent ability to simultaneously walk and chew gum.

MORE OR LESS

By Christine Gwidt

My birthday comes at the most perfect time of year for moody introspection. The fall colors have reached their apex and the air is sweet with the final warmth and gentle decay of the season. Surrounded by this glorious organic display of decomposition, it is nearly impossible to avoid comparisons. I place the heels of my palms against my cheeks, splay my fingers at my temples and pull up and back. "There you are," I murmur at my reflection. "I remember you." And, "Ah, well..." when I release the flesh to fall where it may. I find myself humming the chorus of "Sunrise, Sunset" in the shower, or "When I'm 64," if I'm feeling snappy. It's a good thing that this hyper-awareness of my own mortal-

ity is only manifest for a few weeks in autumn. I am endlessly grateful that the distractions of the other months void the dreary contemplation of my body's dwindling ability to produce collagen.

Growing older isn't really such a bad deal, especially when one considers the alternative. Sprouting chin hair, and the ability to forecast rain from the throbbing in my knuckles are only two of my geriatric powers. Who knows what other interesting capabilities may ensue?

My definition of old has adjusted with the passage of time. When I was 23, I considered 25 to be quite elderly. Now I'm pretty sure that the onset of old age is truly signaled when the number of candles on a birthday cake can melt the frosting.

So when I slice off a hefty chunk of (so far) flame-retardant cake this year, I will consider the big picture. Will I surrender to the atrocities of the Early Bird Special? Will I concede that decorum trumps dissent? Will I develop a hankering for shuffleboard or knee-high nylons, or will I simply weary of wedging my shoulder against the door and let the wizened wolf in...? Not by the hair on my chinny-chin-chin.

YOUR VOICE

Score

To the editor:
Well, score a few for Boyne again. It's fall, and one of the times of year that living in this great little town means that much more. What I meant by the 'score' comment was the fact that this community never seems to let up, we are like the little train that could, even though all the rails are pulled up in town, we continue to chug along. Take this year's Harvest Festival, it has been discussed for a few years to move more things to the downtown "mall" area, and the proof was in the pudding for this festival. Kudo's to the chamber and all their supporters for seeing the advantage that this has to our town. I will throw my shameless plug in here...."can you imagine having the

100 block of Water St. flooded for a few weeks in the winter, and having downtown be the focal point of Northern Michigan with its ice rink in the middle of town." Sorry, had to do it. Anyway, with fall comes tougher times for our local merchants, and I think it is great to bring the focus of anything we can to downtown. You need look no further than our wonderful Garden Club and what it does for this little berg every summer, and into the fall. The Garden Club decks this town out like no other, and I hear it all the time from customers about how beautiful our town looks. Even the decorations for fall, while almost all the businesses get into the decorating, the most decked out corner is on Park and Water where the Garden Club goes

all out. Thanks to all the Garden Club volunteers, you really do make a difference, and are most appreciated. Then comes the real small town appeal, the kind where it's like the old "Cheers" show, you know, where everybody knows your name (and most of the time everything else about you). Well that feeling is never any more evident than homecoming weekend in beautiful Boyne City. It always amazes me how many people turn out to watch the Homecoming parade, and to cheer all our kids on, even our Equestrian Club (I didn't even know we had an Equestrian club). I think it is a true tribute to Boyne and the support they have for our schools and ultimately our kids. There are always a few cars that get stuck at the turns

and have to watch the parade, even though some don't live here, I think they are truly amazed at what a tiny town with such big support can do. The turnout for Boyne's Homecoming game against East Jordan was huge as well (and even better because we won), and if you see Frank Shaler running around town, don't forget to congratulate him on his election to Boyne's "Wall of Fame," he truly deserves it. Well, I guess I've rambled on enough about this great town. Thanks Boyne, for all you do for our kids. Look outside, and you will see this truly is God's country.

NEIGHBORS

Members and friends of the Charlevoix County Genealogical Society met for a potluck and "white elephant" silent auction on Oct. 2. The annual event is held in part to honor the Boyne District Library staff and board members for their support and interest in the group's efforts throughout the year. Those in attendance shared a wonderful evening and went home with some really neat items. Be looking for their big open house coming up on Oct. 18.

Cam Moll of Colorado is here visiting his mother, Donna Moll.

Heartfelt sympathy goes out to the family, neighbors and friends of Boyne City's Carol Meads, who passed away unexpectedly this past week.

Gary Wade Jenkins of Reno, and his mother, Anne Jenkins of Ionia, were here for a few days visiting friends and relatives in the area before being joined by daughter and sister, June Morey of Ionia, for more color touring. Not able to visit everybody, they enjoyed who they could see.

A note came in from Terri Powers, the Boyne Area Senior Center coordinator, who was just checking in to see if all know about the Sunday dinner at the center on Oct. 19. The menu will be Polish sausage or chicken with all the trimmings, like lemon pie. The Cousins Music group will be on hand, a silent auction will be held - just lots going on.

Also, on Friday, Oct. 17, there will be a bake sale from 10 a.m. until noon.

Applications for the 4th Annual Doe Camp are available. This fun time, sponsored by the Northern Michigan Cancer Crusaders, is held at the Community Bldg at the Emmet County Fairgrounds, on Nov. 8 and 9.

Grandvue Auxiliary met Oct. 9,

with 13 members, two residents and staff members present. Linda Mansfield, Social Worker, presented information on a Community Ed Series of four programs being included in Grandvue's information and marketing goals. Mary Ellen Geist, author, will talk on Care-giving Guidance and Inspiration on Oct. 14, from 3 to 5 p.m. All Charlevoix County residents are invited to attend. Melissa Helsley gave the Auxiliary program of the month. Fifteen volunteer staff members contributed time and efforts towards activities related to the physical and mental wellness of Grandvue patients. The Bakeless Bake Sale is well underway, reported by Marie Schmittiel and Gen Varnum.

By Nancy Northup

The auxiliary was asked to take part in the Christmas Open House on Dec. 12.

Among those here to attend the memorial service at St. Matthew's on Thursday, at random, were former BCHS classmates, Suzanne Hosmer Kacharek of Gaylord, Darlene Fall DeNike, Sandra McKerreacher, and Marlene Moyer Groh.

Update of the Boyne Area Veteran's Memorial is that the painting, "The Great Parade" by Denielle Moes, was donated and beautifully framed by Sweet Grass of Boyne City.

Don't miss the Monster Bash Fundraiser coming up on Oct. 18 at the Petoskey Snowmobile Club. A great spaghetti dinner and sauce competition will take place from 4 to 7 p.m. This is a Northern Michigan Cancer Crusader event of the year.

Items of interest for the Neighbors Column, including TDTH corner, may be called into Nancy's home phone, 231-582-9174, or send e-mail to neighbors@gtlakes.com before the Friday noon deadline.

Showcasing the Boyne Falls yearbook staff

KAYLA HAUSLER
SPECIAL TO
THE CITIZEN-JOURNAL

There are about 270 students at Boyne Falls Public School, Kindergarten through 12th grade. This leaves five students on the yearbook staff, to finish a 90 page yearbook.

There are many downfalls to having

five people in the yearbook class; we have to work very hard to accomplish the goal we have set. We each have roles that we must follow: Sharmai Wheaton is the editor. Kayla Hausler is the Co-editor. Amber Simon is in charge of business administration. Carlisle Massey is head of the photography department, and

Whitney Woiteshek is in the marketing department.

There are also many advantages to having five people on the yearbook staff. We are all very creative, and can put our ideas together to make one really unique yearbook. We all get along, since all five of us are all females. We communicate very well,

making selling ads a lot easier, and making the yearbook a lot easier to wrap up.

We have set a high goal to raise \$8,000. To date we have raised about \$3,500 this year and we have been calling people to sell ads. We are calling people to save gas money, and help the environment. We are still selling ads at \$55 for a business

card ad, \$138 for ¼ of a page, \$275 for ½ of a page, and \$550 for a full page. If you are interested in buying an ad, you can call Boyne Falls Public School at 1-231-549-2211 ext. 303, and ask for Whitney, Amber, Sharmai, or Carlisle. We really appreciate the support of the community.

"How to" family history instruction to be highlighted at open house

October is "Family History Month," and in conjunction with this statewide celebration, The Charlevoix County Genealogical Society will host their second annual, "Research & Resources" Open House. This free event will be held on Saturday, October 18, from 11 a.m.-3 p.m. at the Boyne District Library, 201 E. Main Street, Boyne City. A wide range of interesting displays and workshop opportunities are being planned to assist guests in getting started at "digging up their pasts."

"Beginning Research Packets," containing information and instruction on researching and recording family data will be available for sale. Several members of the group will also be available to answer questions and to assist visitors in getting started on their own family research. This is a wonderful opportunity, and the perfect time of year, to embark on your own genealogical journey. According to CCGS President, Patrick McCleary, "this year our focus is entirely a 'hands on' approach

to assisting new researchers in getting started. We are encouraging visitors to bring in that folder of 'odds and ends' that they have gathered over the years. Our members can then sit down with them, put the information into a manageable format, and actually do some delving into both local and on-line records and resources-providing them with the forms and tools to do continue the project on their own." CCGS Vice President, Jan Lind said, "It's exciting for us to work with others on their own family projects. We used this same approach during one of our monthly meetings earlier this year. One of our guests came to the meeting with just a few names and locations, and walked out with more than four generations of material on her family!" While it isn't always that simple, the group's open house does offer a free opportunity to have experienced researchers discuss and assist with what might be available to those seeking their "roots."

Another highlight of the day will be an extensive collection of early Charlevoix County postcards and photographs which CCGS member, Jane Prebble, has collected over more than a twenty year span. While many people think that the group is strictly a Boyne City organization, McCleary was quick to add that this is simply not true. "Our research efforts and membership encompasses the entire county, and we continually looking for new material pertaining to the other communities within the area for inclusion in our newsletter, Backtracking Pa's Roots." A portion of Prebble's postcard collection was on display at last year's open house. Due to the huge positive response at that time, the group will devote more space for guests to view more of what Prebble's collection entails.

CCGS member and framer, Georganna Monk of Friar Tuck's Gallery & Frame Shop of Horton Bay, will again be providing an array of examples and ideas for

framing and preserving family memorabilia for display. Monk will also be offering free consultations - providing suggestions for getting those precious family heirlooms out of the attic and on display where they can be enjoyed and preserved to be passed on to future generations.

Other highlights of the day will include: A collection of original photographs and documents outlining the steps used to research Civil War Ancestors; Displays of family heirlooms, antiques, and other memorabilia used in documenting ancestral connections and family oral history; as well as family books and records compiled by group members. Charlevoix County Pioneer & Ancestral Certificates will also be highlighted. This certificate program offered by the CCGS allows anyone with early Charlevoix County family connections to document and commemorate the fact with a beautiful, frame-worthy certificate. Genealogical books reference works will also be on display for

those wishing to browse. The open house will also introduce visitors to the holdings of both the Boyne District Library and the CCGS, which are available to area researchers at no cost.

Hors d'oeuvres and refreshments will be served. There will be hourly door prizes given away throughout the event; and any new member, joining the group during this event, will receive a discount on their annual membership dues. There will be many fun and interesting "freebies" and useful forms available to guests at no charge, as well as several local history publications available for sale.

The public is welcome and encouraged to attend. Don't miss this opportunity to meet others who share your interest in genealogy and family history, and also to see what others are doing to further their own search for their roots! For further information, contact Patrick at 231-348-8255 or JoAnn at 231-582-9602.

A unique exhibit at JRAC

A unique exhibit, "An Invitation to the Table," begins at the Jordan River Arts Council with an opening reception on Sunday, Oct. 19, from 1 - 4 p.m. For this exhibit Arts Council members and friends have been invited and challenged to create a table-scape depicting or symbolizing a "guest" of their choosing. The guest will be the person the artist would most like to invite to their table. Artists have chosen a historical figure, a celebrity, a mythical or fictional character, a best friend or a relative.

Personas as different as Tasha Tudor, Andy Warhol, Mark Twain and John Lennon are being represented as well as Mother Nature, Alice in Wonderland and Granddaughter

Emma Jane and Grandfather Barney Coyle. The table-scapes are three-dimensional with many different media used in the creations including stitchery, quilting, ceramics, sculpture, photography and paintings. Antiques, historical objects, costumes and props have also been utilized to create place settings that may include tableware, linens, centerpieces, and invitations, as well as the table or chair itself. Some participants include Judy-Wagner-Worgess, Pat Tinney, Kelly Britt, Cynthia Tschudy, Char Lynn Smith, Jane Diller, Penny Postma, Howard Ellis and Maryann Rivers, and Paula and Shirley Vollbach.

Concurrently an exhibit of plein air works

created during the 2008 Summer Artists Gatherings featuring flowers and gardens will be displayed. A few of the artists participating in this portion of the show include Kelly Britt, Phyllis Childs, Jane Diller, Ann Gildner, Margie Guyot, Carol Ross, John Stevens Sherry K. Marshall, Karen Kimmel, Pat Terry, Rosie Evans, Liz Kantzer, Diane Strezlinski, Dick Cunningham, and Karen Walker.

The exhibit will run from the opening on Oct. 19 to Nov. 14. The hours are 1-4 daily. The center is located at 301 Main Street in East Jordan. Information can be obtained by calling Nancy Carey, 231-536-7812 or at jracinfo@att.net.

Studies show diabetes linked to gum disease, tooth decay

Recognize National Dental Hygiene Month by learning your risk

CHARLEVOIX — If you've been diagnosed with diabetes, it's important to pay extra attention to your oral health. Studies show those with diabetes are two to three times more likely to develop periodontal (gum) diseases and are also more likely to have tooth decay and oral

infections. You can recognize National Dental Hygiene Month this October by getting your oral health checked by your dentist and learning the link between diabetes and gum disease.

Periodontal disease is an inflammatory disease that destroys the connective tissue

supporting the teeth, possibly leading to tooth loss and decay. Periodontal disease is more prevalent, progresses more rapidly, and is often more severe in individuals with both type 1 and type 2 diabetes. Not only are people with diabetes more at risk for gum disease, those with

gum disease may find it more difficult to control their blood glucose level.

A combination of good oral hygiene and glycemic control can prevent a number of tooth and gum-related problems. In addition, proper care of the mouth and treatment of periodontal disease can

help people with diabetes better control their condition.

For more information on diabetes and oral hygiene, contact your local diabetes educator by calling TIPDON, Northern Michigan's Diabetes Outreach Network, at 231-237-9681 or visiting www.diabetesinmichigan.org.

Exams

Did you know that in 2008, more than 240,000 women will be diagnosed with Breast Cancer?

Come and join us for an important event that is taking place on Oct. 16, at the Charlevoix Area Hospital, from 6 to 8 p.m., in the beautiful new solarium. If you are a Beaver Island resident, this program will also be on the Island on Oct. 28.

This evening will be filled with information on how important self breast exams are, how

your food choices help prevent cancer, and if there are genetic links to breast cancer. You will also learn where you can get financial assistance if you are in need, and information on mammograms, ultrasound, and MRI, and which might be the best for you.

Some of the speakers that will be featured are Dr. Mary Ivey, OBGYN, and Susan Lamb, RT lead mammography from Charlevoix Area Hospital. We will also have discussion

on the new digital mammography, and the beautifully redecorated mammography lounge. There will also be Circle of Strength members available for questions.

Plan on joining us for an evening of important information, and social time. There will be light refreshments served, and everyone that attends will receive a gift.

DLEG warns consumers of furnace cleaning scams

Offers do's and don'ts of winterizing your home heating system

This is the time of year to get your furnace cleaned and ready for winter. Michigan Department of Labor & Economic Growth (DLEG) Director Keith W. Cooley offers some sensible tips so you don't get taken to the cleaners.

"While most mechanical contractors are reputable, the furnace 'scam artists' are on the move at this time of year," Cooley said. "Unfortunately, hundreds of unsuspecting homeowners become victims of their fraudulent and unscrupulous activities. We are alerting consumers so they can stop the scam artists in their tracks."

In the past, the DLEG Bureau of Construction Codes has been involved in cases where elderly residents have been scammed out of as much as \$30,000 in needless heating and cooling equipment. These situations can be avoided by knowing how to recognize questionable and potentially fraudulent

contractors. Cooley said the Bureau of Construction Codes offers the following tips:

- Do maintain and prolong your furnace by cleaning air returns with a household vacuum cleaner and checking the filter once a month and replacing it if necessary.

- Do get your heating system thoroughly cleaned by a reputable, licensed, local mechanical contractor every two years.

- Do get at least three independent written estimates from licensed local mechanical contractors if a furnace repair or replacement is recommended. If you subsequently sign a contract for work, make sure it stipulates that your final payment will be withheld pending mandatory inspection by the building department responsible for mechanical code enforcement where you live.

- Do ask to see the mechanical contractor's license and write down the contractor and license number listed on it.

- Do verify that the license is valid and holds the proper classifications for the work he or she will be conducting for you. You can check this information by visiting the Bureau's website at www.michigan.gov/bcclicense or by calling the Bureau's Mechanical Division at 517-241-9325.

- Don't fall for telephone solicitations that offer low-cost or free furnace cleaning. Once in the dwelling, the worker will tell the homeowners their heating system has serious problems that require immediate attention.

- Don't sign a contract just because the worker says you face possible illness or death if the furnace isn't replaced immediately. If told your furnace threatens your health, ask for a

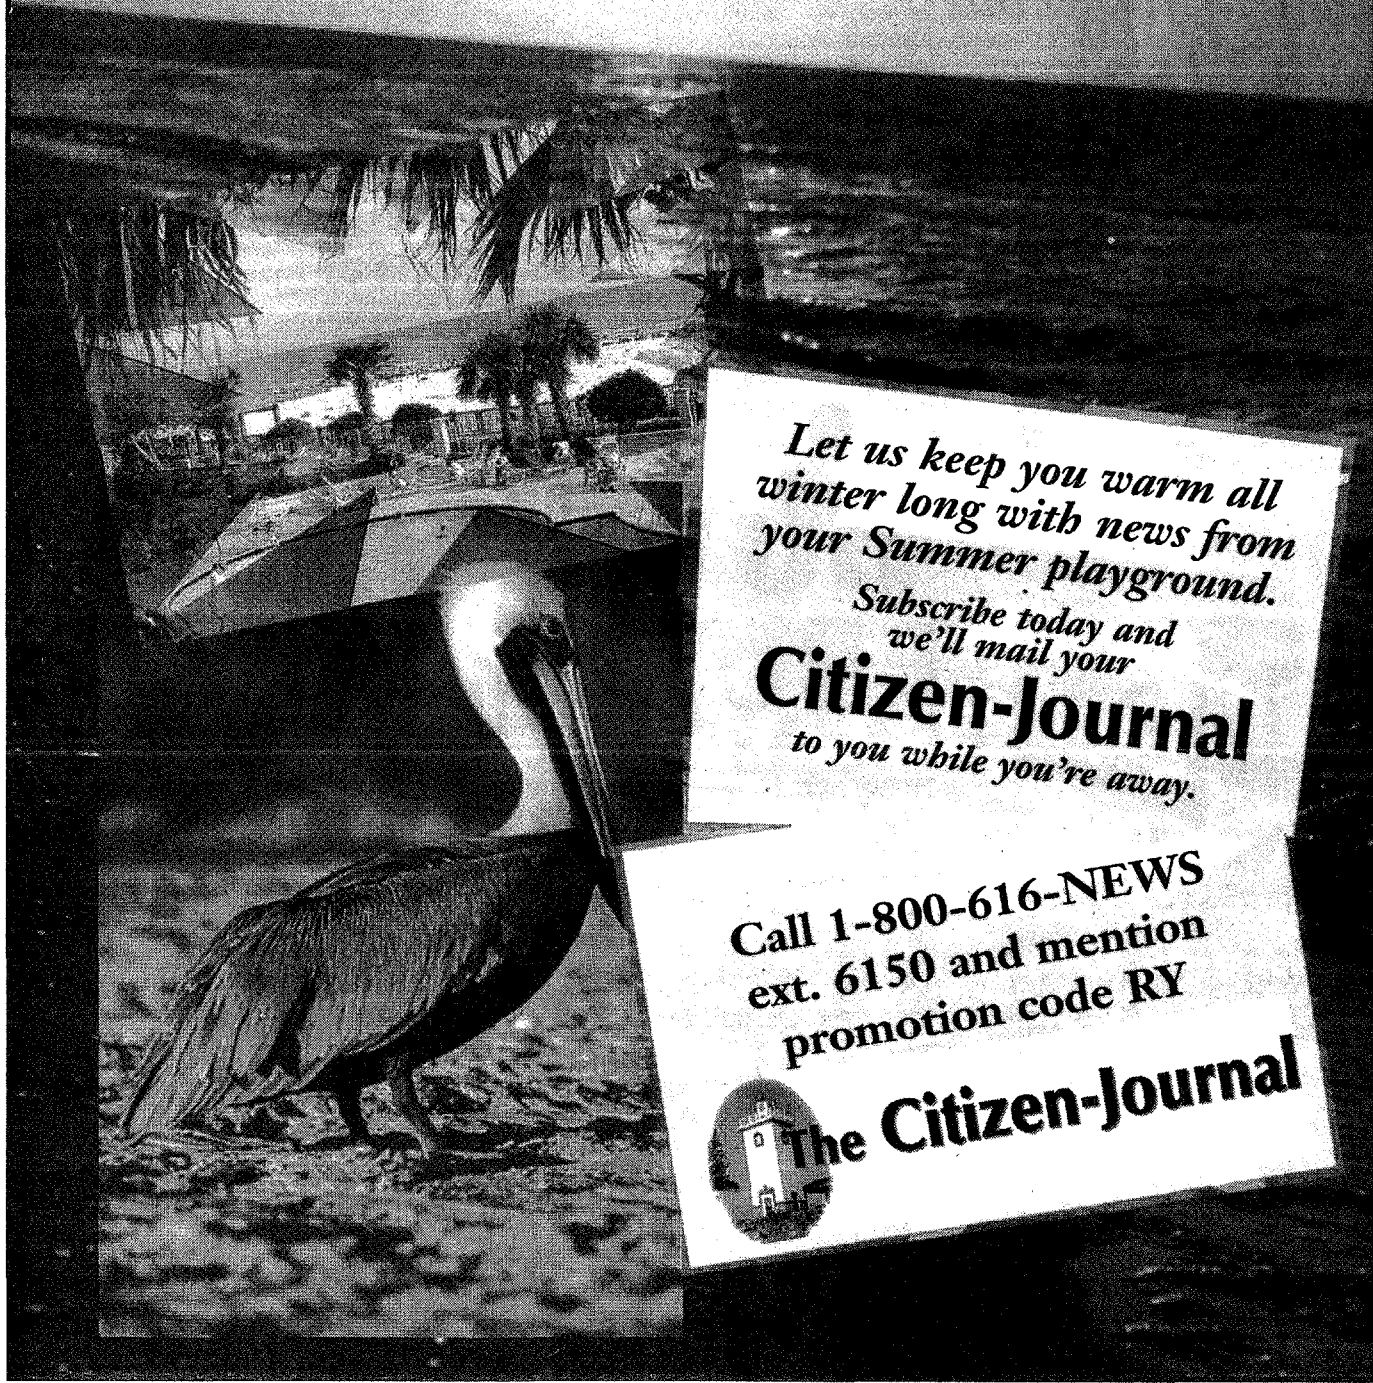

written copy of the technician's test results and call your local gas company.

- Don't hire someone who comes to your door with a Shop-Vac vacuum offering to clean your heating ducts. It won't do the job. A proper cleaning requires a high volume vacuum system and maybe even a steam process.

Personality Patterns
History shaping personality theory from Freud to Erickson changed radically. Freud found the personality to be developed early and fixed while Erickson encouraged a life long developmental approach to man. Now further understanding of the mind and brain's plasticity, bring greater awareness of the capacity for personality change. The personality does not lock in before kindergarten! This belief further changed the helping professionals' move from disorder (sickness) to patterns (dynamics and interactions). Personality patterns that create difficulty for the individual and those under them, are pervasive and disruptive to interpersonal relatedness. Personality patterns help regulate emotions, strengths and weaknesses, self-concept and reality testing (only the short list...). As the personality develops and organizes for each developmental challenge, the results are patterns that help a person function. When these patterns misstep the personality has the potential to form pervasive patterns that interfere with interpersonal functioning. Now, any of us can have "glitches" in our personality patterns, therefore, there are ranges from healthy levels of personality organization to severe and underdeveloped patterns for functioning in adult life. Over the next few weeks, I will discuss the various personality patterns and the difficulties that can arise for a person in familial, friendship, and employment, interactions.

Here are a few tips for lots of safe Halloween fun:

- Trick-or-treat before dark, and don't go alone.
- Only go to houses you know; never go into a strange house or car.
- Wear light-colored costumes you can move in, and masks that don't block vision.
- Don't eat anything until an adult has checked it; throw away unwrapped candy.
- Cross only at corners, not between cars.
- Always carry a flashlight.
- Remember to walk, and not run, between houses.
- Don't cut across yards or driveways.
- Unfamiliar animals and pets should be avoided.
- Follow all traffic laws and signals.
- Props such as a sword or wand should only be flexible toys.
- Go sloooooowww, drivers. Be careful all evening if you're behind the wheel.

PRESS ROW

By Greg Gielczyk

Here they come a swaggering

Be patient, Notre Dame fans. The Irish are slowly, but surely, getting their swagger back. Swagger is the popular sports jargon these days for confidence. Notre Dame haters, and they are legion, prefer to call it arrogance...for their own satisfaction. Which, ironically is the same quality Michigan was said to possess back in the glory days of coach Bo Schembechler. Teams that win a little too often for everyone's tastes, and we'll include the University of Southern California in Los Angeles, quite frequently are accused of having this unflattering trait. Yes, the Irish lost to No. 22 North Carolina, 29-24 last Saturday. And, if you prefer to see it that way, they blew a 17-9 lead. Even worse, they fumbled away a chance to pull the game out after a completed pass by Jimmy Clausen with three seconds left. Following a review by the replay officials upstairs in the press box, it was ruled the receiver had successfully made the catch and then fumbled the ball before any part of his body touched the field. Replays proved that beyond doubt. True, the Irish were also guilty of four second-half turnovers that certainly played a role in their defeat. But the Irish continued to show improvement, and that's the important thing right now as they try to put last year's ugly 3-9 season behind them. Clausen is becoming a solid starting quarterback, and has an outstanding core of young receivers. Notre Dame's offensive line, vilified for its ineptitude last year, has given Clausen better protection this season. If he gets time to throw, he's dangerous. Although the defense had only one sack going into the game, it had held down the opponent's completion percentage — which is just as good as putting the quarterback on his butt. Okay, the schedule is softer this year. Why that should be considered a strike against the Irish baffles me when other teams, like Penn State before it joined the Big Ten, loaded up on cream puffs every year and only played two or three true heavyweights per season. No knock against Joe Paterno, the legendary Nittany Lions coach, but many of his victories were against less than threatening opposition. Look it up. Penn State feasted on teams whose only reward was the paycheck they received from coming into State College to be sacrificial lambs. The Irish are criticized because they haven't beaten any good teams, including Michigan which has taken a major slide into mediocrity as new coach Rich Rodriguez stubbornly refuses to scrap his spread offense despite not having the per-

BOYNE CITY — Their march toward an eighth consecutive appearance in the state playoffs hasn't always been easy for the Boyne City Ramblers this season.

East Jordan came into last Friday night's homecoming game with the Ramblers without a win, but with a solid team that has given several teams fits.

Despite all the distractions which divided the players' attention throughout the week, and hindered pre-game preparations to an extent, the Ramblers managed to beat the Red Devils, 25-2.

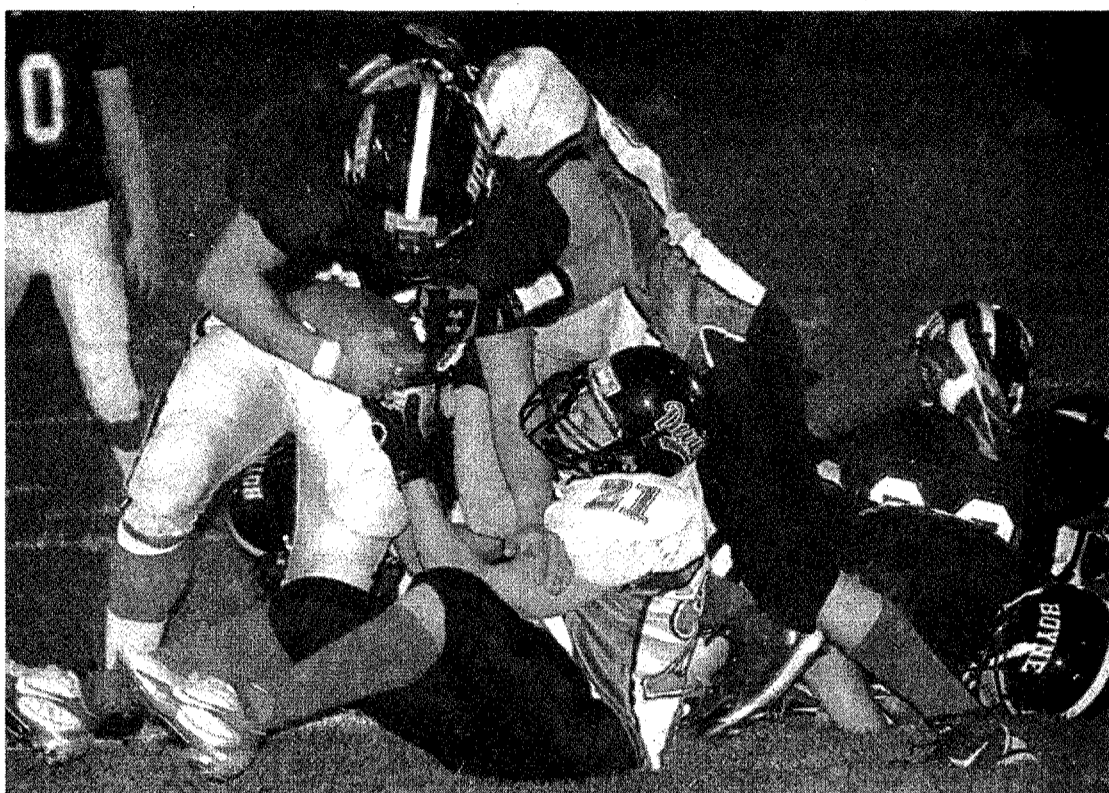

"We played well enough to win the game," Boyne City coach David Hills said. "We had quite an active day, and it's always nice to get the win on homecoming."

"East Jordan has some real nice football players. They have good size up front, and their skill position players are good."

"They are very solid defensively, especially against the run. And offensively, they can create some plays if they get kids out in space."

Boyne City scored the only touchdown it would need with 4:04 remaining in the first quarter on a 1-yard run by Trevor Kruzel.

Kruzel took the ball in on another 1-yard burst with 5:04 to play in the second period for a 12-0 halftime lead.

Boyne City's Trevor Kruzel managed to break free from this pile of East Jordan defenders Friday night, picking up several more yards in front of a homecoming crowd.

Another touchdown run by Kruzel, this one for three yards early in the third quarter, made it 18-0 after a two-point conversion failed again.

Quarterback Nick Young fired a 21-yard scoring strike to Drew Nohel later in the third. Nohel kicked the extra point to stretch Boyne City's lead to 25-0.

East Jordan picked up two

points on a safety when the Ramblers shot a snap over the punter's head late in the fourth quarter.

Nohel carried the ball 14 times for 124 yards to lead the Ramblers in rushing, while Kruzel gained 115 yards on 26 attempts.

Young completed 4-of-9 passes for 70 yards and one touchdown.

Cody Wilnot paced the defense with seven tackles, Mitchell Chipman had six tackles, Ryan Spence had an interception while Dalton Looze made four stops and had a fumble recovery.

To the East Jordan sideline, quarterback Teddy Snowden retired with 88 yards passing on nine completions, with Michael Hines (four catches for 28 yards)

and Ehren Sladick (three catches for 35 yards) pulling the majority out of the air.

Darryl Bingham led the Devils defensively with 11 tackles. Michael Hines, who had one interception, made nine stops on the night, joining teammate Tanner Olmstrom also with nine.

Josh Williams had eight tackles and recovered a fumble.

"Luke Murphy, Nate Peters and Zak Pater did a nice job all night on the defensive line in helping to slow down Boyne's strong running game," East Jordan coach Bill Tison said.

The Red Devils remain in the hunt for their first win, hosting Harbor Springs Friday night.

Boyne City next plays undefeated Elk Rapids (7-0 overall, 5-0 LMC) in an LMC road game Friday.

The Elks are averaging better than 40 points a game on offense, and have an opportunistic defense that has been especially key in their last two wins.

Hills said the Ramblers need to keep the ball away from the Elk Rapids offense as much as possible, and contain the Elks when they do have it.

"We have to sustain drives, and eliminate the mistakes that we've been making the past couple of weeks," Hill said.

"Elk Rapids can score in a variety of ways, and our defense will be challenged. It's going to be a big game."

EJ wears out Grayling
Teamwork produces five-set win for Lady Devils

By CHRIS TREDWAY
SPORTS EDITOR

EAST JORDAN — The season has not been a dream for the Lady Red Devils, with a handful of injuries crippling the starting roster and inconsistent teamwork in several matches. But Thursday night in East Jordan things came together.

Energized by the return of all players previously out with injury, the Lady Devils outlasted Grayling in a five-set battle at home.

On-court chemistry gave East Jordan the win in the first set, which proved a sign of things to come as Grayling put up 23 points to the Devils' 25.

The second set was flip-flopped, giving Grayling their first win of the night with a score of 25-22. It would be the last close score for a while, as the third set was dominated by East Jordan, 25-13.

The momentum smacked into a wall in the fourth set, handing things back to Grayling, which racked up its 25 points and left East Jordan behind with 13.

Appearing as if either team had good odds for the match victory, the fifth set began and remained close into the double digits.

With solid teamwork, the Lady Devils put up the points to win, 15-11. The match itself had been a volley of sets going back and forth between either team.

"We've had a tough season had some injured players, but they're finally back," East Jordan coach Jackie Haley said. "We did a good job all around, offensively and defensively, we were just on the game."

Alex Snowden contributed eight kills, 16 digs, three aces and served at 100 percent on the night, while teammate Meagan Germaine put down eight kills, a trio of block kills and managed 10 digs. Shaina Peters had a solid night as well, killing six shots, blocking four for kills and digging out 13 for the Lady Devils.

Looking forward to Tomorrow's match against Elk Rapids, Haley commented, "If we keep playing as a team, which has been our struggle, we'll be okay. The last couple of matches we've played more as a team and if we can keep that up we'll do well."

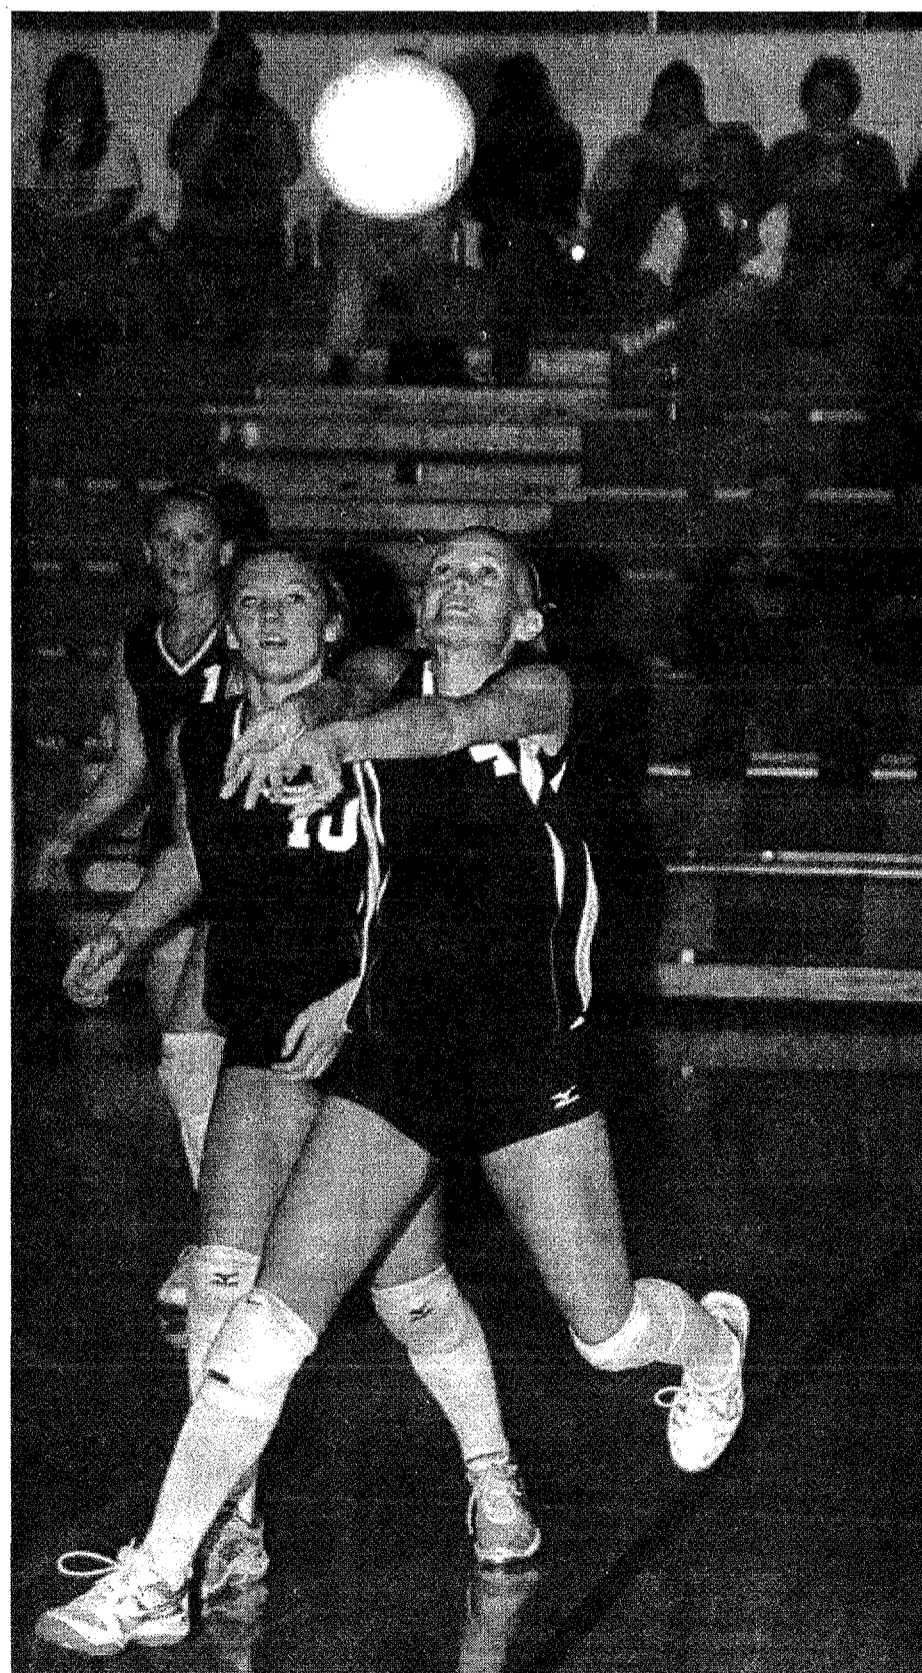

The Elks look to invade East Jordan Thursday night, with a scheduled start time of 7:30 p.m. If the Devils show up in numbers, the game may resemble another dogfight, with East Jordan holding home court advantage.

The junior varsity volleyball team defeated Grayling by scores of 25-19, 25-11 and 10-15 earlier in the evening.

Sara Byce led the East Jordan offense with seven points, while Stephanie Holm and Grace Howes added six points each and Trista Karlskin chipped in with five.

Holm also had seven kills, four aces and three digs. Howes added four digs, three kills and two aces, while Karlskin contributed with five assists and served 100 percent.

nior varsity 20-25, 19-25 and 15-12. Byce had nine points, two aces, one kill and 100 percent serving. Holm had six points, three aces, five kills and three digs. Monica Capelin led the team defensively with eight digs and chipped in with one

kill. Phil Trombley contributed to this article. Contact Chris Tredway at ctredway@michigannewspapers.com.

Birds beat Ramblers in semis

By GREG GIELCZYK
SPORTS WRITER

ONAWAY — Boyne City struggled with its serve in the semifinal match at the Onaway Invitational volleyball tournament last Saturday.

Playing the host team on its home court didn't help matters any for the Ramblers, either.

Especially since the Onaway Cardinals have improved a great deal since the beginning of the season, and were able to capitalize on Boyne City's serving problems.

They lost to Onaway in the semifinals (23-25, 25-13, 14-16).

In rally scoring, every mistake gives the other team a point...and can trigger a run that often proves decisive.

The Ramblers beat Hillman in the first round of bracket play.

"We continued working on things to get ready for districts," Ramblers head coach Casie Parker said. "We tried some different things, and changed the lineup a few times."

"Everyone played a great deal of time on Saturday."

Parker is counting on that increased playing time for all of her players to pay off in the districts.

On the day, Boyne City split with Mancelona (23-25, 25-15), Gaylord St. Mary (25-15, 20-25), Johannesburg-Lewiston (25-23, 18-25) and beat Hillman twice (25-13, 25-14).

Amber Kotalik led the way with 24 digs, 55 serve receptions, 38 kills and 5 blocks. Lindsay Clemens had 85 assists to the setter.

Hanna Hausler had 26 serve receptions and 12 kills. Hanna Robinson finished with 21 digs. Rachel Stevens had 26 serve receptions and 12 kills.

Veronica Session pounded down 14 kills and Jessica and Erica Capp each served 100 percent on the day.

Earlier last week the Ramblers defeated Harbor Springs in a Lake Michigan Conference match 25-18, 24-26, 25-15, 25-21.

Kotalik was the team leader with 22 digs, 23 serve receptions, 13 kills and 4 blocks. Clemens had 30 assists.

Hausler finished with 19 digs, while Robinson had 12 digs and Stevens managed 13 with 10 kills.

Boyne boots Red Devils

Final regular season match stays close, 2-1

By CHRIS TREDWAY

BOYNE CITY — The nets were quiet on either end of the pitch Thursday evening, though play on the field was anything but. East Jordan rolled into Boyne City for the final regular season match, Oct. 9, falling to the Ramblers 2-1.

Held scoreless during the first half, Boyne City looked to be in for a long night after Midfielder Joshua Force took a free kick in range of the Ramblers' net after 18 minutes of play. The shot put the Devils up 1-0.

The remainder of the half passed away with good ball movement coming from either side.

Tyler Force, Dustin Miller, and Felipe Naranjo joined Josh Force in the midfield and they great job passing and possessing the ball and working the ball forward," East Jordan coach Pete Elliott said.

The Ramblers' bench received substantial playing time during the match, according to Boyne City coach Nick Baic, who said his team came out passing the ball around quite a lot in the first half.

For all the movement, the score remained meager as East Jordan goal keeper Jordan Hagen made 23 saves on the night.

"East Jordan's keeper did a fantastic job playing in goal,"

East Jordan sophomore Morgan Tinney attempts to move past Boyne City's Jesse Palce Thursday, Oct. 9.

Photo by Vic Ruggles

Baic said. I want to say he's probably the best goalie we've seen all year. (Hagen) has a good reach and he anticipates the ball well."

With 12 shots on goal in the second half, Boyne City managed to slip a pair past Hagen for the win.

Boyne City's Sterling Adgate and Ethen Mapes each

scored one goal after the Ramblers came out in the second and controlled the game, continuing to spread playing time throughout a deep roster.

East Jordan drew Traverse City Christian in the first round of district play, which went down last night in Elk Rapids. Boyne City also played Tuesday, hosting

Buckley, a team rumored to compensate for their less than great talent by playing very physical.

The Ramblers finished the regular season with an 8-3-1 LMC record and 9-4-3 overall.

EJ lets Grayling by with two

GRAYLING — East Jordan and Grayling remained locked in a scoreless battle throughout much of the soccer match Monday, Oct. 6, until Grayling broke out on top with 12 minutes left.

Converting on a corner kick that went off the foot of an East Jordan midfielder and found the back of the net, Grayling scored their first.

The second came with two minutes re-

maining in the match, which secured a 2-0 win against the Red Devils. Matt Hilbrecht and Kyle Webb were credited with the Viking goals.

East Jordan goalkeeper Jordan Hagen played a very good game, making 12 saves and intercepting several passes, while putting the ball to a teammate to start out the attack.

Midfielders Dusty Miller and Tyler Force worked hard in the midfield, winning many balls and moving them forward. Felipe

Naranjo had the best shot of the evening, sending the ball just wide of Grayling goalkeeper Nick Sendek.

"We had a very good game tonight and were disappointed to come out on the short end after such a fight," East Jordan coach Pete Elliott said. "The guys worked very hard right to the end, picking up the attack after the first Grayling goal, but were unable to get the ball in the net."

All about the medals

Loggers, Ramblers place runners at Fairview

By PHIL TROMBLEY
SPORTS WRITER

FAIRVIEW — Nine local runners placed among the top 21 medalist positions at the Leroy Maxie Memorial Invitational held in Fairview on Saturday, Oct. 11.

The hardware was claimed by members of the Boyne Falls and Boyne City cross country teams, which faced stiff competition in Fairview.

Boyne City's Joslyn Moore placed third and teammate Erin Haley finished 15th to lead Boyne City to a fourth place finish in the girls race.

Boyne Falls' Kaylee Wilson placed sixth and Erica Westbrook placed 13th to lead the Lady Loggers to a third place showing.

Moore ran a personal best time of 20:12, while Haley crossed the line at 22:13.

Wilson handed in a time of 20:53 and Westbrook clocked a 21:41.

Manton won the girls title with 24 points followed by Wolverine (82), Boyne Falls (120) and Boyne City (122).

Other finishes for Boyne Falls included Rianne Coale (29th,

23:55), Ali Bearss (32nd, 24:18), Katie Fraser (40th, 24:50), Kayla Hausler (42nd, 25:09), Taylor Puroll (54th, 26:46) and Savannah Matelski (61st, 29:09).

"It was fantastic," Boyne Falls coach Dan Kuhn said. "The girls are keeping it going and they did a great job. I'm really happy for them."

Other finishes for Boyne City included Morgan Harding (27th, 23:34), Ellyssa Kasper (36th, 24:37), Patty Kurtz (41st, 24:51), Mackenzie Macksey (44th, 25:21), Lexie Harding (45th, 25:25) and Kelsey Barker (56th, 26:59).

"Our number three, four and five runners ran real well," Boyne City coach Andy Place said. "Morgan, Ellyssa and Patty lowered the gap a lot between them and the first two runners."

Boyne City finished fourth in the boys race as they had medalist runs from Zeek Beek, Jesse Place and Caleb Fair. Beek finished with a 14th place time of 18:52, while Place finished 15th in a time of 18:56 and Fair finished 21st in a time of 19:20.

Wolverine ran away with the team title (19

points) followed by Fairview (91), Manton (92) and Boyne City (134). Boyne Falls (158) finished sixth.

Other finishers for Boyne City included Spencer Caverly (35th, 20:17), Taylor Korthase (51st, 22:02), Jack Huff (55th, 22:29), Josh Burns (59th, 24:00) and D.J. DeVoy (65th, 27:11).

"Four of the boys ran personal records and that was really nice," Place said.

Jared Mathers placed 17th in 19:02, while Travis Lange placed 20th in a time of 19:08 to medal for Boyne Falls. They were followed by Steven Hart (25th, 19:37), Justin Aytes (34th, 20:29) and Michael Grubaugh (62nd, 24:48).

"The boys are improving and their times are getting better and better," Kuhn said.

Boyne Falls will run at the fourth Northern Lakes Conference Jamboree at Alba on Wednesday, Oct. 15, and travel to the Class D Invitational at Mt. Pleasant Saturday, Oct. 18.

Boyne City will run at the Elk Rapids Invitational Saturday, Oct. 18.

Return to pace

I remember when I was running a good race, eating like an Olympic decathlete, sleeping like a sedated tiger, reading books in the evening instead of fatiguing my thumb on the remote control, and going for runs each morning before a breakfast of fruit, eggs and oatmeal.

How easy it is to be thrown off pace and easier still to freeze, letting days and weeks tick by without doing anything about it. In life, like in sports, momentum can carry us to impressive heights as long as we have it, but once it's gone or against you, well, the downhill is an easy route to take.

And motivation has quite similar properties. I remember when I had motivation. But once it's gone or against you—hold on. Mind you, the downhill has perks of its own. It is a quick ride that begins

with an innocent slip by taking two days off in a row. This could be a double hiatus from a variety of things depending on the person. Personally, last month I could not find my running shoes fast enough to maintain motivation and settled for an extra day of downtime.

The slip quickly leads to delicacies such as Oreos, video games, long naps in the middle of the day (sometimes at work), driving to the mailbox, and just one more Oreo. And a glass of milk, which would be so much better with another Oreo.

With motivation smothered by a thick crust of cookies and a dollop of apathy, all momentum in the direction of my general health and sporting ability is now going the direction of rolling a snowball.

I reached the bottom of my hill over the weekend, drinking a beer and watching Miami and Houston trade offensive blows through 60 minutes of wildness.

The Texans managed to match numbers thrown out by a crazy Dolphin aerial performance to remain within striking distance. The levels of athleticism were mind boggling as receivers left earth to meet the ball, landed on the turf and outprinted entire defensive

backfields. The final play was set up by an acrobatic 23-yard reception by Andre Johnson on fourth-and-10, which kept Houston's drive alive long enough for quarterback Matt Schaub to slice the line on foot and score from three yards out with three seconds remaining. The 29-28 Texan victory was their first of the season.

Against all odds, downward momentum was turned upslope. It can always happen, and the fact that our lives and our sports are anything but consistent and predictable is the very reason they fascinate us. I cannot picture a time when I will live unwaveringly at the peak of my ability—exercising, eating and sleeping on a flawless schedule. But gaining momentum and getting back on pace is always doable.

It's like a sprinter falling off their flow and settling into a slow jog. All it takes to return is a little help from the arms, and the legs will follow. Or like a high school football team that has lost its fire. All it takes is a few wild shouts from the sideline and the energy will return.

Press Row

Continued from 10

sonnel to run it.

A win over the Tar Heels would have gained the Irish some respect with the national media, although how much is uncertain.

But even in the loss, Notre Dame showed progress and if they

continue to build on their effort, it should be a decent season.

Swagger, confidence, arrogance...call it what you like.

The Irish are getting it back, and that's something even those who hate them are happy about.

After all, how can

you hate a team that is no longer one to fear?

Notre Dame had become a soft touch following the departure of Bob Davie.

It's gradually becoming a tougher nut.

ORDINANCE NO. 207
AN ORDINANCE TO AMEND SECTION 23, ARTICLE II
CONSTRUCTION OF SIDEWALK AT CITY'S COST OF THE CITY OF EAST JORDAN CODE OF ORDINANCES

THE CITY OF EAST JORDAN HEREBY ORDAINS:
SECTION 23, ARTICLE II

Sec. 23-35. Construction of Sidewalk at City's Cost.

Notwithstanding the above provisions, the City Commission may resolve to pay construction costs of new or replacement sidewalks from the City's General Fund and without assessment to property owners. In exercising its discretion in this matter, the City shall consider the fiscal condition of the City, whether or not budgeted funds are available to pay the costs of construction of new or replacement sidewalks, and whether or not the best interests of the City as a whole are served by the construction or replacement of the sidewalk in question. Should the City Commission decide that the fiscal condition of the City is such to allow the construction or replacement costs, that there are budgeted funds available, and that the general health, safety, and welfare of the community is served by the replacement or construction of a sidewalk, then the City may by resolution order the construction of the sidewalk at the City's sole expense.

Moments in time
THE HISTORY CHANNEL

- On Oct. 21, 1797, the USS Constitution, a 44-gun U.S. Navy frigate, is launched in Boston Harbor. During the War of 1812, the Constitution won its enduring nickname "Old Ironsides" after defeating the British warship Guerriere off the coast of Nova Scotia.
- On Oct. 24, 1901, 63-year-old schoolteacher Annie Edson Taylor, strapped for cash and seeking fame, becomes the first person to take the plunge over Niagara Falls in a barrel. Taylor's brief fame cooled, and she was unable to make the fortune for which she had hoped.
- On Oct. 20, 1930, the "Sherlock Holmes" program debuts on the radio starring William Gillette as Holmes. In 1939, Basil Rathbone took on the part, with Nigel Bruce as Watson. Rathbone and Bruce stayed with the radio show until 1946, during which time they also starred in some 16 Sherlock Holmes movies.
- On Oct. 26, 1942, the last U.S. aircraft carrier manufactured before America's entry into World War II, the Hornet, is damaged so extensively by Japanese warplanes in the Battle of Santa Cruz that it must be abandoned. More than 25 of the 27 Japanese bombers that attacked the Hornet were also lost in the battle.
- On Oct. 22, 1975, Air Force Sgt. Leonard Matlovich, a decorated veteran of the Vietnam War, is given a "general" discharge by the Air Force after publicly declaring his homosexuality. In 1979, after winning a much-publicized case against the Air Force, his discharge was upgraded to "honorable."
- On Oct. 23, 1983, a suicide bomber drives a truck packed with explosives into the U.S. Marine barracks in Beirut, Lebanon, killing 241 U.S. military personnel.
- On Oct. 25, 1994, Susan Smith of South Carolina reports that she was carjacked by a man who took off with her two children in the backseat. Nine days later, Smith confessed that she had driven her car into a lake to drown her children so she could continue her affair with a man who did not want children.

Salome's Stars

LIBRA (September 23 to October 22) Your ego might be hurt when a colleague turns down your offer to help. But accept it as a rejection of your offer, not of you. A friend from the past could re-emerge by week's end.

SCORPIO (October 23 to November 21) A flow of positive energy turns a work project you didn't want to do into something you actually love doing. Now, take that attitude into your social, intimate life—and enjoy what follows.

SAGITTARIUS (November 22 to December 21) Working hard to meet your professional goals is fine. But don't neglect your private life, especially where it concerns your more cherished relationships.

CAPRICORN (December 22 to January 19) "Patience" remains the key word in dealing with an emotionally sensitive situation involving a close friend or family member. Help comes your way by week's end.

AQUARIUS (January 20 to February 18) With new information coming in, it's a good time to rethink some of your goals without taking suggestions from others, no matter how well-meaning they might be.

PISCES (February 19 to March 20) Making progress on your project is relatively easy in the early part of the week. A problem could arise mid-week. But all goes swimmingly once it's resolved.

BORN THIS WEEK: Holding fast to your principles, no matter what, inspires others to follow your example.

ARIES (March 21 to April 19) A colleague might offer to open a door for you professionally. But before you walk through it, be sure this "favor" isn't attached to an obligation you might find difficult to discharge.

TAURUS (April 20 to May 20) Your creativity, your persistence and your reliability could lead to a major career shift. Be sure to use that other Taurean trait, your practicality, when discussing what the job offers.

GEMINI (May 21 to June 20) A changing situation might require some adjustments you might not have been prepared to make. However, flexibility in this matter could be the best course to follow at this time.

CANCER (June 21 to July 22) You're in a period of fluctuating moods, which is not unusual for the Moon Child. Your emotions stabilize by the 26th. Meanwhile, try to hold off making major decisions until then.

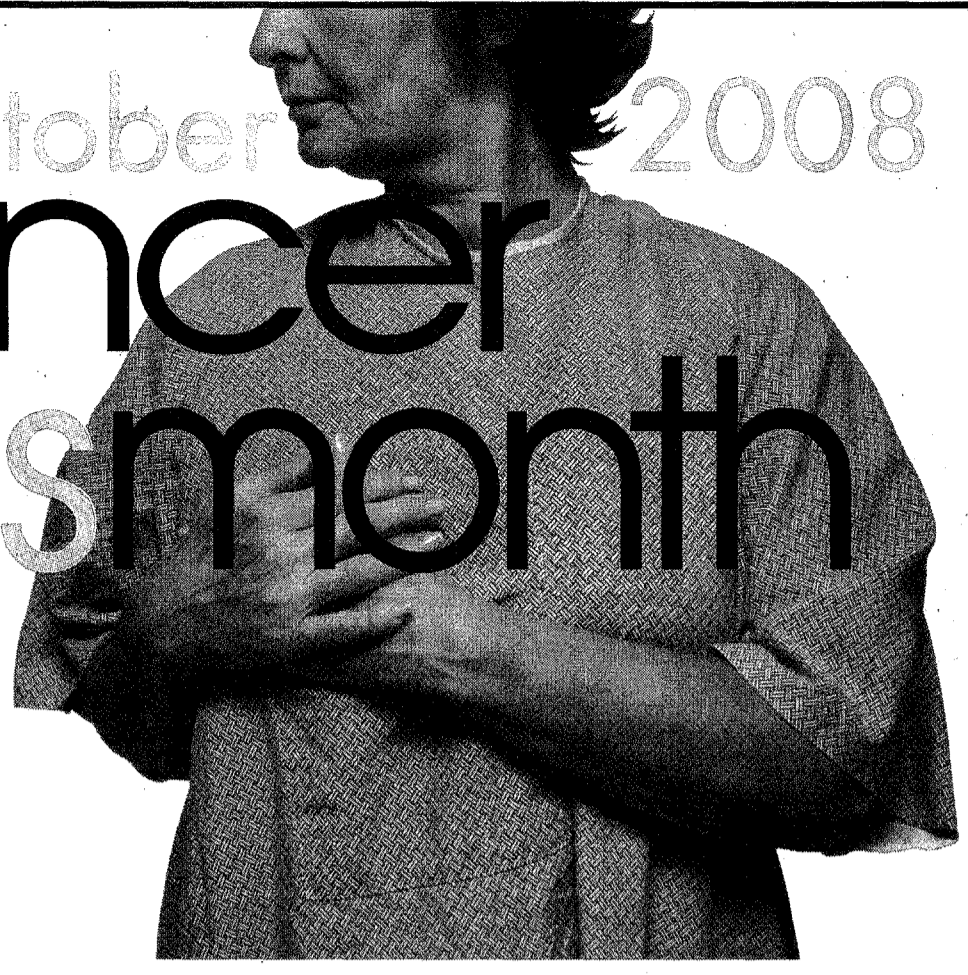

LEO (July 23 to August 22) That keen sense of perception helps you hunt down those minute details that others overlook. And, of course, your Leonine ego will accept the expected praise with good grace.

VIRGO (August 23 to September 22) Be careful not to be confrontational when raising a work-related issue. Better to make a request than a demand. And, of course, be prepared to back up your case with facts.

national breast cancer awareness month

October 2008

WHAT ARE THE KEY STATISTICS FOR BREAST CANCER?

Breast cancer is the most common cancer among American women, except for skin cancers. The chance of developing invasive breast cancer at some time in a woman's life is about 1 in 8 (12%). In 2008, an estimated 182,460 new cases of invasive breast cancer will be diagnosed among women in the United States.

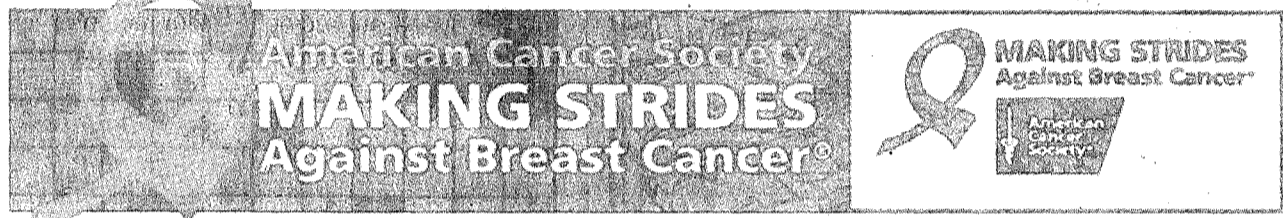

In addition to invasive breast cancer, there will be about 67,770 new cases of carcinoma (CIS) in 2008. CIS is non-invasive and is the earliest form of breast cancer.

After increasing during the 1980s and 1990s, female breast cancer incidence rates decreased by 3.5% per year from 2001 to 2004. This decrease may be due at least in part to less use of hormone replacement therapy (HRT) after the results of the Women's Health Initiative were pub-

lished in 2002. The study linked HRT use to an increased risk of breast cancer and heart diseases.

Breast cancer is the second leading cause of cancer death in women, exceeded only by lung cancer. The chance that breast cancer will be responsible for a woman's death is about 1 in 35 (about 3%). In 2008, about 40,480 women will die from breast cancer in the United States. Death rates from breast cancer have been declining since about 1990, with larger decreases in women younger than 50. These decreases are believed to be the result of earlier detection through screening and increased awareness, as well as improved treatment.

At this time there are about 2.5 million breast cancer survivors in the United States. (This includes both women still being treated and those who have completed treatment.)

Making Strides Against Breast Cancer is a noncompetitive walk to help fight breast cancer and provide hope to people facing the disease. Your participation will support the American Cancer Society's lifesaving research, prevention, early detection, and support programs for thousands of patients and their families.

Making Strides Against Breast Cancer is the American Cancer Society's premier event to raise awareness and funds to fight breast cancer. But it's more than just the name of a walk - it describes the amazing progress we're making together to defeat this disease. Since 1993, 4 million walkers have raised more than \$280 million through Making Strides. In 2007 alone, nearly 500,000 walkers across the country collected more than \$50 million to help fight breast cancer.

Making Strides is your opportunity to honor breast cancer survivors, educate women about breast cancer prevention and early detection, and raise funds and awareness to help achieve a day when no one will have to hear the words "You have breast cancer." The majority of Making Strides events take place during Breast

Cancer Awareness Month in October. They are typically five kilometers (3.1 miles) or five miles in length

Making Strides Is Noncompetitive

The average distance of the walk is five miles, depending upon your location. Individuals of all ages are welcome to participate. Take as long as you need to finish, or walk as far as you are able. The event will be held rain or shine. Participants in wheelchairs should contact their local American Cancer Society office before the event.

Everyone Can Participate

The success of Making Strides Against Breast Cancer depends on you! Individuals who walk and raise pledges are the key to finding a cure for breast cancer. Organizations or businesses can sponsor their own team of walkers. Volunteers are needed to help at the event with registration, traffic, information and many other important functions.

Team Up to Save Lives

Nothing can describe the camaraderie of walking with

those who share a passion for curing breast cancer. Get your friends involved and recruit a group to walk with you. It's important to arrange to meet your fellow team members before registration.

Registration Is Simple

There is no pre-registration or registration fee for the event. Register on the morning of the event and bring your donations with you. Contact your local American Cancer Society office for a walk paper or raise money online. It's easy.

Set Your Own Fund-Raising Goal

Participants are not required to raise a minimum amount and pledges are made for your participation rather than per mile. Obtain donations of \$10, \$25, \$50 or \$100. Money may be turned in at registration. If you haven't finished collecting by the day of the event, copy the pledge sheet and mail remaining pledges in later. If you are unable to attend, you may still collect and mail in pledges in support of Making Strides.
