Over the Back Fence

By Marshall

Last week we launched a drive for subscriptions asking for 1,000 by December first. Two or three potential subscribers didn't bother to come in. Sometimes we think people don't do as we say.

A fellow said the bank was so scared of the election that it closed all day Tuesday. Which, of course, was a false statement with nonsense sticking out around the edges. All banks were closed Tuesday due to a legal holiday. If one dug far enough it might be discovered that the banker's association decided to close on election day so the more sporting depositors couldn't draw out their money to bet on their favorite candidate.

Vern Whiteford is getting his variety store all sharpened up for the Christmas trade. Not only Vern but a number of other merchants are working to get their Christmas stocks onto the shelves.

After a merchant goes to all the trouble to make big purchases for Christmas displaying, it sets him back upon his heels when he hears of residents buying through catalogues and going to see what other towns have to sell.

It sounds like a high school in one of our neighboring cities. For years the school would call upon one or two local orchestras to donate their time for school dances and other functions that did not charge. And then when the annual proms came around they would dish out real money for some honkey Tonk orchestra from some far away city.

All this, of course, is involved in what we regard as human nature. But what other way can the residents of a city show their appreciation to the local merchants than to do all their Christmas shopping here at home.

Some residents say, "If they had what I want, I'd buy at home." And merchants have been heard to say, "If we could be sure they'd buy it when we get it, we'd certainly have it."

Which came first the chicken or the egg?

The only way to solve this problem is for local residents to shop at home this Christmas—100 percent. If every last resident of this city did 100 percent of their Christmas shopping here at home, they would set a record that would out do every city in the United States.

Anyone interested in putting East Jordan on the national Christmas map?

That noise you heard down by the city dock last Friday night was not the waves slapping against wharves. According to our sound experts it was the echo from the noise made when Keith Evans tackled a fellow who thought he would pick up a few yards at the Gaylor football game.

We asked Joe Wilkins, our helpful night patroller, if there was much going on around here last Friday night. And we learned that everyone in E. J. was lined up at Gaylor, which left little lawing to do around the city. East Jordan, in fact, turned out more football fans than Gaylor. We take our football seriously, the Gaylor folks now understand—rather belatedly.

Chris Taylor said Ken Diller bagged a 67 pound deer last year. Figuring that was stretching things just a wee... we checked with the Conservation department and found out that they have never opened a season on dogs. Besides, dogs don't have horns, so if Ken fired away at a doe dog, he's in for a little finger pointing at from one O'Brien.

Talk about a pleasant place to shop. The Dress & Gift Shop has installed a baby grand near the front window and women were shopping Saturday to pleasing songs played by Minnie. Actually, the piano is for selling, but the pleasant atmosphere was there anyway.

Community Chest Drive Starts

Ex-Red Devil Claimed Fastest Man At State

A former East Jordan Red Devil is doing big things on the Michigan State College Spartan Football squad.

Don Cutler, the man who tackled the ball carrier on the 16-yard line after the kick-off in the State-Syracuse game, is pointed to as the fastest man on the forward wall.

East Jordan fans will remember Cutler's seven touchdown spree in a game against Mancelona and the time East Jordan halted a 40 game Charlevoix winning streak.

Cutler, a 195-pound tackle, is said to be one of the most promising of Michigan State's football players. And his progress is of vital interest to two of the Spartan coaches.

Line coach Hugh Daugherty is highly pleased with the ex-half, who switched to the line. Daugherty believes Cutler is one of his fastest men.

Also interested in the 5' 10" Cutler, but for more personal reasons, is freshman mentor Dan Devine. Devine was Cutler's coach at East Jordan, when Cutler was a Red Devil star.

Devine also handled Cutler when he was on the Spartan fresh squad and calls Don, "one of the best players I had in high school and a stand-out his first year at Michigan State."

The switch from the backfield to a tackle position is quite a change for Don. It was at the left halfback post he played while here in high school. And it was as halfback, too, that he worked while on the college frosh team in 1950.

In fact, he showed up so well in the freshman backfield that he was rated one of the top five men on the squad by the coaching staff.

Instead of going back to State in the fall of 1951, Cutler went to work. Last Spring, however, through the encouragement of East Jordan backers he decided to return to college and was immediately selected for a tackle spot.

People who know him, say Cutler is a credit to East Jordan; and local fans are watching his football progress with great interest.

Old Toys Wanted By Legion Ladies

The American Legion Auxiliary is again asking for old toys that may be used to supplement new toys in the Christmas boxes. Maybe some toy or doll your child has discarded because it has lost its appeal or is shabby for the need of bright new paint, or possibly needs a nail or screw to make it as good as new will give some other child many hours of happiness.

If you do have such toys and would like to give them to the Auxiliary, take them to the Community Service Room in the City Building any Wednesday or Friday afternoon between 1:30 and 4:00 or contact Peggy Thomas, Florence Stucker, or any Auxiliary member and they will see they are taken care of.

There is also a great demand for comic books which are in good condition and are suitable for children as well as jigsaw puzzles for older children. These items all help to fill the boxes and give many hours of pleasure to young folks.

The girls of the Junior Auxiliary Unit 227 will have the responsibility of repairing these toys as their contribution to the Community Christmas program, with the help of Florence Stucker, Jr. Activities Chairman, and the Legion.

We still need children and baby clothes for the Room so if you have any thing along these lines please bring them to the Community Service Room as soon as possible.

Nine Homeless In Chestonia "Flash Fire"

The East Jordan Community Chest, through Betty Robertson, community nurse, Wednesday was investigating the plight of the Jim Barnes family, whose Chestonia home was destroyed by fire Tuesday morning.

A wood stove set the chimney of the old frame house on fire. The house and entire contents were leveled.

The blaze left 9 persons homeless. They were: Mr. and Mrs. Jim Barnes and 7 children. Five children were in school at the time of the fire and one was in Travers City working with Mr. Barnes. Mrs. Barnes and the youngest child sought safety at neighbors during the fire.

Notified of the blaze, Conservation Officer O'Brien alerted surrounding Conservation department offices and the East Jordan fire department was called.

The building was nearly destroyed when the department arrived and the men worked to keep the fire from spreading to nearby buildings and to many acres of tall, dry grass.

It was reported that the blaze was the result of a "flash fire" and the building could not have been saved even if the department had been called immediately.

It's A Boy!

Mr. and Mrs. Howard Best, of Ellsworth, announce the birth of a son, John Howard, born Oct. 21st. Mrs. Best was the former Marjorie Thomas, of Eveline Township. The child's grand parents are Mr. and Mrs. Harold Thomas.

Meet Your Red Devils

William Rogers, No. 24, is a senior and in his second year of football. He has also gone out for track. Bill has played offensive tackle off and on throughout the year.

Jim Shepard, No. 77, a

senior on the Red Devils Championship team, has played four years of football and basketball. He has won letters in both for two years. He plays guard this year and played all but one game which he missed because of injury.

Floyd Detloff, No. 26, is also a senior in school. This is his first regular year of football. He plays defensive end and has seen action all this season.

Auxiliary Will Hold Christmas Supper Dec. 10

As the Christmas Season rapidly approaches, American Legion Auxiliary Unit 227 plans are rolling for the Community Christmas program.

Even though a great deal of the money necessary to carry out this work is provided by the Community Chest, donations from other organizations and generous individual gifts, additional funds must be raised so the Auxiliary will again have a Chicken Supper for this purpose, Wednesday, December 10. The supper was well attended last year and it is hoped that it will receive the same splendid co-operation again.

It is the goal of the Auxiliary to see that every child in East Jordan community will be remembered this Christmas with a new toy or doll as well as the little special treats at Christmas time.

Last year, 52 boxes including food, clothing and toys were distributed, helping 32 families, at a cost of \$253.71. This represents the cost of food and toys purchased. An estimate of the value of canned goods and other food collected through the school in their drive for this program can not possibly be made.

It is always a large factor in providing substantial food. The donations of fruit and other foods from some of our merchants was also a big item in lessening the cost.

This program is by no means an exclusive Legion and Auxiliary program but is a community project with everyone helping and doing their share to make it a success.

The Auxiliary, as in the past, have taken over the planning and the work of the project. Community Service Chairman, Peggy Thomas, will have full charge of the organization of this tremendous undertaking and will need the full co-operation of every resident of East Jordan.

It may be thought that now that most people are employed, there is no need for this program but with the high cost of living many parents still find it hard to provide their families with the bare necessities let alone the gifts that children expect at Christmas. Surely with all our aid to people all over the world we can not forget the children in our own town who would be forlorn on Christmas morning if it were not for the generosity of the people of East Jordan in supporting this Community Christmas program.

As long as the spirit of giving is still strong in American hearts we need never fear losing our freedom, for the spirit of giving and making children happy is the real Spirit of Christ, and as long as Christianity remains in American hearts there is no room for communism or any other ism in this wonderful land of ours.

Gary Gee At Home, Improving From Accident

Gary Gee, 14 year old son of Mr. and Mrs. Earl Gee, who suffered injuries in an automobile accident Oct. 25, in which Terry Murphy was killed, was discharged from Charlevoix hospital Monday.

Dr. Terr, of Charlevoix and Dr. Whits, of Traverse City, informed his parents that Gary's back was not broken. He has three crushed vertebrae, but will suffer no permanent disability, it was said.

Gary's mother told the East Jordan News Tuesday that although at present he can be propped up for only a few minutes each day, in two or three weeks he should be near recovery. Visitors, she said, are welcomed.

Mrs. Gee said she wished to express the family's appreciation for the flowers sent by the East Jordan Canning Company and the East Jordan Iron Works and all the flowers and kindness of their many friends and neighbors.

Civil Defense Registration Campaign To Start

J. P. Wilkins of East Jordan, Charlevoix County Civil Defense Director, said Tuesday that the Civil Defense volunteer registration campaign to be conducted throughout the nation will start Armistice Day, November 11th and end Thanksgiving Day. The program will have for its theme, "Pledge for Home Defense."

Initiated by the Federal Civil Defense Administration and carried out with the cooperation of approximately 50 national organizations, the drive will offer public spirited citizens an opportunity to express voluntarily their willingness to train themselves in self protection and to enroll in a reserve of manpower which will be called upon by their local Civil Defense authorities for training and service as need arises.

"If our country is to be adequately prepared to withstand military attack, millions of Americans are needed for service in organized civil defense," Wilkins said. "All Americans need to know how to protect themselves and their friends from the damaging force of modern weapons."

The purpose of this Volunteer Registration Campaign is to encourage as many public spirited citizens as possible to stand up and be counted as willing to volunteer for civil defense.

Citizens who pledge their willingness to serve by registering become members of a volunteer reserve of available manpower (Continued on Page 5)

Thermometer Will Register Collections

East Jordan's United Red Feather Drive started this morning. Every home, every place of business and every office will be visited by campaign workers to swell the city's 1952 Chest fund.

William Grauel, chairman of the campaign committee, asked residents to watch the thermometer at the post office. Watch it rise.

The drive will continue for one week. The men who are soliciting the business district met for supper and received their assignments and instructions for bringing the drive to a quick and successful ending.

Brennans Celebrate Silver Wedding Anniv.

Open house in celebration of their 25th silver wedding anniversary was held Saturday night by Mr. and Mrs. Bernard Brennan, Sr.

Ninety guests were served cake, ice cream, and coffee. A four-tier wedding cake made by Mrs. Joan Dennis, sister of Mrs. Brennan, was served by Mary Glenna Malpass.

The couple was presented many gifts from friends, including a set of Rogers silverware.

The Brennans were honored Thursday evening with a dinner at the Parish Hall. An electric coffee make with a tray and sugar and creamer to match were given them.

Father Joseph Malinowski gave Honorary Mass at St. Joseph Catholic Church Friday morning.

Out of town guests included: The Brennans' two sons, John and wife, of Lansing; James and wife of Battle Creek; Mr. and Mrs. William Brennan, of Saginaw, Mr. and Mrs. Archie L. Londe, of Detroit; Mr. and Mrs. Peter Hipp, of Petoskey; and Mr. and Mrs. Richard Hipp, of Detroit.

Dress, Gift Shop Examines Spring Dress Designs

Mrs. Minnie Des Jardin, of the Dress & Gift Shoppe attended a private showing of new spring dresses of the Vicky Vaughan and Toni Todd lines. The show was held at Traverse City Thursday. Mrs. Des Jardin now is making purchases for the store's spring clothing display.

Still Going Strong!

Job Jackson, 94, of East Jordan, cast his 19th ballot for President Tuesday. Jackson, who votes a straight Democratic ticket, cast his first vote for General Winfield Scott Hancock, the man who was defeated by President James A. Garfield.

Ike Sweeps East Jordan With 173 Lead

General Eisenhower held a 173 vote lead over his opponent Governor Stevenson in East Jordan national election Tuesday, the Charlevoix county clerk's office said Wednesday morning.

Tabulations at the county building showed East Jordan's voting as follows:

First ward: Ike, 100; Stevenson, 68; second ward, Ike, 115; Stevenson, 96; and third ward, Ike, 271; and Stevenson, 149.

In East Jordan, Ike received 486 votes to Stevenson's 313.

East Jordan voted as follows on proposals 1, 2, and 3.

On proposal number 1, 515 yes, 143 no. On proposal No. 2, 597 no, 96 yes and proposal number 3, 577 yes and 108 no.

Tabulation of votes in the race for state offices were not complete when the News went to press.

Chairman of the Charlevoix County Republican committee, Guy C. Conkle, Jr., told the East Jordan News: "We are very gratified with this election. We look forward to a new era in which the country will develop economically and militarily. We feel that we will have a much greater strength in our military and foreign affairs with General Eisenhower as president."

COUNCIL MEETS TONIGHT

The East Jordan City Council will meet in the council chambers at the city hall tonight.

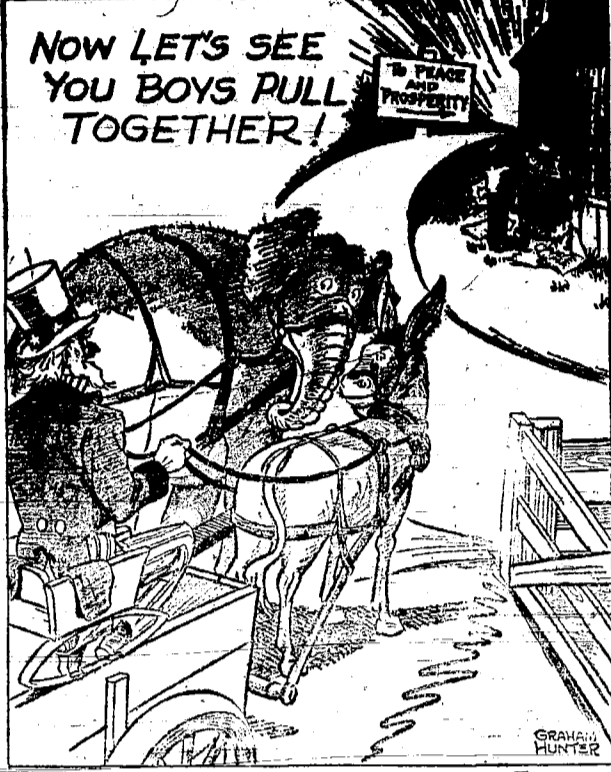

The regular Tuesday council meeting was postponed Tuesday because of the national election.

THE PEOPLE HAVE SPOKEN

We have chosen the President who will head the nation during the four years beginning next January 20. If the United States were one of the Red dictatorships, the losing candidate and his supporters would have been "liquidated" by this time, unless they had been lucky enough to get across the frontier ahead of the winner's hatchmen.

Fortunately, that is not the American way. Harsh words spoken in the heat of the campaign already have been forgotten. Real statesmen have never been "sore-head," and all of them are now working together to promote the interests of our country.

It's time for the rest of us—regardless of party—to pull together toward peace and prosperity as Americans all.

JORDAN VALLEY TALK

Bout Hunting & Fishing

By Doris

There's at least one group of citizens looking forward to "bad" weather — the trout fishing enthusiasts.

While the big fish-seek cover in the deep holes of the stream the piscatorial hunters will be braving the weather to catch them en route.

Few large rainbow have been taken in the Jordan this Fall in comparison to other years.

Walt Hickox is lamenting the shortage of large minnows for bass fishing.

Floyd Detloff gave Chris Taylor and Andy a quick lesson on how to bag the speedy jack rabbit, Sunday.

Bill Porter has the partridge working for him. One crashed through the kitchen window of the John Witte residence.

pairs when called to the rescue of course.

Earl Clark says his son shot at two pheasants and both dropped. One got away.

Elmer Green got his limit on partridge over along the Manistee River.

Don't forget to remember your hunting and fishing reports are welcomed for this column.

WILSON NEWS

Several people from Wilson Township attended family night at the Boyne City Lutheran Church Sunday afternoon and evening.

Bernard Boyer has secured employment in Saginaw. He visited his parents, Mr. and Mrs. Pete Boyer, and his sister, Mrs. Greg Craig and family over the weekend.

Mr. and Mrs. Harry Behling spent last week end with the former's brother, Lewis and family, at Sault St. Marie. They also attended a wedding of a nephew while there.

Mr. and Mrs. Otto Kohne and

children of Midland spent the week end with her parents, Mr. and Mrs. Arminel Mayrund.

Mr. and Mrs. Albert Walters, Mr. Ed Henning and Mrs. Birdie Gollette of Chicago spent this week end at the former's farm home here.

Mr. and Mrs. Casey Maehewski and two children of Muskegon spent the week end with her parents, Mr. and Mrs. Henry Eggersdorf.

Mr. Orville Nelson who has made his home with Mr. and Mrs. Henry Eggersdorf for the past six weeks, left Sunday for Lansing where he plans to secure part time employment and go to college.

Herman Behling is building a new garage and Harry Behling has changed his house into a new look by putting new grey asbestos siding on.

Fred Schroeder is still busy remodeling and putting new stanchions in his barn for his new herd of milch cows.

Every farmer in Michigan has a soil testing laboratory, in his own or neighboring county. See your County agricultural agent.

Red Devils Move Closer Towards Championship Title

The East Jordan Red Devils moved into a safer spot toward copping the 1952 Northern Michigan Class C championship when they outplayed a fighting Gaylord eleven, 16 to 6 Friday night.

The locals have one game ahead of them before they can breath easily as champions. They will meet Harbor Springs in an annual homecoming game here Friday afternoon.

Behind the outstanding playing of Keith Evans, quarterback and Gordon Danforth, fullback, the Red Devils displayed their best playing of the current season when they racked up the win over Gaylord — an outstanding northern Michigan team this year.

In the first period the Red Devils marched down the field, running plays through Gaylord's line. It was through line plays by Gordon Danforth and Keith Evans, that the ball was moved up to the 2. Evans smashed left of center for the opening score. Dan-

forth made a line drive for the extra point.

In the second quarter, Sam Milstein, left half, was quick to pick up a fifteen yard penalty handed the Red Devils for holding. Milstein gained back the yardage around left end. On their march to another touchdown, the locals received another penalty which set them back and they lost the ball on downs.

Just before the half, Evans picked off a Gaylord pass on the 50 and hurt his ankle in the pile up. Little Allen Sommerville filled Evans spot remarkably until half time.

Early in the third period, the Red Devils crossed pay dirt via a lateral from Evans to Danforth who dashed around left end. Gordon Danforth plunged across the line for the extra point.

Gaylord's only score came in a thrilling moment when the locals kicked off and Gaylord's Halfback Fleming caught the ball on the 25 after a reverse play and dashed 75 yards to a touchdown. They failed the extra point.

In another thrilling moment near the end of the game, Romback fullback, broke through Gaylord's line and tackled Jones behind the goal for one of the seldom seen safetys.

STRAIGHT FROM THE FIELD

FARM GOSSIP COLUMN

(Compiled and Edited by the News Staff)

The boys in the know are predicting meat prices in 1953 will probably be about the same as this year. The U. S. Department of Agriculture reports meat production is on the increase with slightly more beef than pork recorded. They are predicting advancing prices for canned and frozen juices. Supplies are low, they say. Homemakers may expect fresh citrus fruits, oranges in particular, to stay at the 1952 price average because a good citrus crop is reported.

There were 603 state farm folks in accidents between Jan. 1st and Aug. 31st this year. The State Farm Bureau reports that 35 of this number died as the result. Bruises were most common, with 192. Cuts followed with 175 and 157 broken bones were reported. Hurrying and unsafe methods were the chief cause.

Laying flocks should provide more profit in the 12 months starting December 1 than in the previous 12 months. Egg prices will be about 8 cents a dozen higher and feed only slightly higher, claims Henry E. Larzelere, Michigan State College poultry marketing specialist. This will stimulate pullet raising and bring more eggs to market next December. Poultrymen who start chicks early and have pullets laying for market in late summer will reap profits.

In Michigan 60,000 4-H Club members will celebrate their national Achievement Day on November 8, 1952.

Pheasant meat is similar to chicken except it is dryer; therefore, most chicken recipes are suitable for preparing pheasant. Cooking pheasant in a covered roaster aids in retaining moisture.

Do you know the apple grades? U. S. Fancy apples are perfect with high color; U. S. No. 1 grade apples are perfect with 30 percent color or better, report Michigan State College home economists. U. S. No. 2 are perfect apples with no color requirements while U. S. Utility grade has defects that do not speed up decay. Utility grade is often called "orchard run."

Make a treat for your family breakfast... put some honey on cut grapefruit and let stand 15 or 20 minutes before serving. Broil the grapefruit halves under a gas or electric broiler unit until lightly browned for a farm dinner dessert.

ORCHARD NOTES

By C. Fairman

To bring up the subject of DoT Moots—If there are en- fall and spring nursery stock such cherries.

The new have something to do with expanded plant- ing especially where sites are located as in favor- able as in the East, Char- levoix region up on the higher levels.

Very soon now we will talk and visit regarding nur- sery stock, preparing land in advance of planting, future prospects for cherries, ap- ples, peaches, pears, etc.

COUNTY FARM AGENT

By Ed Rebban

Dairy records are necessary for greatest success in herd manage- ment.

Breeding and freshening re- cords as well as milk and butter- fat production records are ad- visable. Freshening dates, iden- tification of individual animals, milk and butterfat production, amount of grain and roughage fed and income and expense fig- ures are all a part of the records provided members of a dairy herd improvement association.

Similar records can be obtain- ed through owner-sampler test- ing but more of the record keep- ing will have to be done by the herd since production records are usually the only one provided, he advises.

The method of record keeping used is not so important as accu- racy and completeness. Records must be studied and analyzed if they are to benefit in the manage- ment of the herd.

"What can we learn from dairy records?" some farmers ask. Re- cords point out those cows that are giving us the greatest re- turn for our feed and labor. This will make possible saving heifers from the best cows from the standpoint of highest production and ability to transmit high pro- duction to her offspring.

If natural service is used for breeding, dairy herd improve- ment records will provide a proof on the herd sire. A sire that does not maintain the level of produc- tion of the herd should be deter- mined as quickly as possible and these heifers culled from the herd.

Records also make possible feeding grain according to pro- duction. All cows should not be fed the same amount of grain. An experience of one herd after a year in a testing association was that 20 percent more milk was produced by the herd on one- third less grain. This was made possible by feeding additional grain to high producing cows; their production was increased to the maximum and grain was not wasted on the low producers.

The information obtained from production records is necessary for profitable dairy herd man- agement. If these records are stud- ied and the information applied in the management of the herd, herd owners will feel that testing does not cost but that it pays.

Now is the time for farm wood- land owners to make practical use of their timber crops.

Farmers owning pasture wood- lots should cut an amount of tim- ber about equal to the annual growth within the woods. Income from logs and harvesting of mat- erial for farm building use can be considerably to farm prof- it.

The county agricultural agents are ready to aid farmers and other land owners in developing proper cutting prac- tices on their woodlands. If the owner has pasture hardwood trees some form of selective cut- ting may be desirable practice. If the trees are of the swamp species such as balsam, spruce or cedar, it may be necessary to clear out certain areas to avoid danger of wind throw.

Sportsmen To Get Deer Hunting Regulations Soon

The Michigan Department of Conservation is preparing regulations for deer hunting in the state for the coming year. The regulations will be published in the next few weeks.

Other articles concern deer herd health, gun scopes and sights and deer regulations of other states.

Departmental field personnel will distribute most of the maga- zines.

THE FARM OUTLOOK FOR '53

Watch Your Costs And Work For Full Production

Farmers will have a good year if they watch their costs and strive for "full production" in 1953, is the optimistic annual out- look of agricultural economists at MSC.

Demand for farm products— with exception of exports—will continue strong during 1953 with consumer dollars in good supply.

This may be followed by a slight business and farm recession, probably in 1954. Farm prices in 1953 will depend on the crop volume. A nationwide bum- cry crop will drop farm prices where government supports are not effective. A short crop would add to inflation.

Costs of farm operations will continue to rise and should be watched closely, caution the econ- omists. Increased wages of in- dustrial workers and costs of ser- vices will add to the rising farm costs. Marketing charges will continue to take a larger share of the consumer's food dollar, leaving less for the farmer. The farm share, which has been about 50 cents, dropped to 48 cents the past year.

Farm prices generally will re- main around the 100 percent of parity level, according to the MSC outlook. Net farm incomes will be about the same as in 1952. It will buy less because of higher prices of consumer goods.

Dollar shortages in foreign countries may hurt exports, es- pecially foreign agricultural sales; foreign nations will give priority to buying industrial equipment and military goods.

No new tax increases are anti- cipated by the economists but stretched out defense work will put more money in the consumer's pocket and boost prices. Any downturn in 1953 will be offset by an earlier price rise.

LEGION... Auxiliary News

The American Legion and Aux- iliary Unit 227 will observe Ar- mistic Day November 11, with a Veterans Family Night Supper at the Legion Home. This is to be a special dinner, bring a dish to pass and contribute enough for the Legion fund. All Veterans are invited to attend. The supper will be held at 7:00 p.m. and you will not only enjoy a good meal but have a fine time visiting old friends and their families.

At the Auxiliary semi-social party Tuesday, Oct. 28, it was decided to cancel the next bus- iness meeting in favor of the Armistic Day Supper, so due to this fact all business which should come before that meeting will be taken care of. Several Chair- man and standing committees, which are very active this year, have reported. Then Kotowich, Spring informed us that the boys of the Legion have develop- ed a great interest in the new boys and are turning out in large numbers, so now there is a need for more in suits, so come on, take and lend your voices, or any one who just likes to stir is invited to join the group to watch the boys.

Farm Implement Dealers See Retail Sales Boom Drying Up

(Courtesy Lapeer County Press)

Implement dealers generally are glum. At the annual con- vention of the National Farm Equipment Association in De- troit last week, the dealers from all parts of the country were frank in their talk of falling sales.

Many dealers told of sales skidding as much as 50% below a same period last year. They are now bracing themselves for the toughest competitive period since before the war.

It's not only falling sales that have the dealers worried. They also note that mounting overhead costs of from 5% to 25% higher than a year ago are eating into their profits. Most of them expect to earn from 5% to 50% less this year than last, which was their record year.

The dealers reported retail price cuts spreading. A Michigan dealer said a one-row corn-pick- er which sold at \$1,120 early last summer now goes for about \$900. A New Yorker mentioned rising trade-in allowances. He told of a farmer who paid \$925 for a tractor 10 years ago and was al- lowed \$600 for it as a trade-in this year.

Many dealers disclosed they equipment from the manufac- turers are ordering about 25% less equipment from the manufac- turers for 1953 than was the case this year. Dealers order about nine months ahead of time, cus- tomarily.

Fast-expanding postwar pro- duction has finally passed de- mands. An Allis-Chalmers Manufac- turing Co. representative ex- plained: "Farmers are still us- ing the equipment they bought in the two scare buying periods caused by the Korean war." He added, "Now the dealers are fighting for sales and the losers

Fourteen dairy cows averaging 500 pounds of butterfat during 1951 would have given a Michi- gan farmer the same return over feed costs as 65 cows producing an average of 200 pounds of but- terfat. Records pay off, stresses Lawrence A. Johnson, Michigan State College dairy specialist in charge of Dairy Herd Improve- ment work.

Leon brought a pumpkin and we made a Jack O'Lantern. We went for a walk-down town and saw the electric light men putting up new lights. We noticed how careful they were to tie the ladders so they wouldn't slip. They used their safety belts. We think their slogan must be "Safety First."

The oats we planted are two inches high. We were surprised to see how fast they grow.

Friday afternoon we had a good time at our Halloween and dress up party. It was fun to parade down town so our parents and friends could see us in our costumes. Linda Healey, who dressed as little Bo Peep, Jerry Cihak, who dressed as a Hobo, and Donald Bowerman, who dressed as Little Black Sambo, won the prizes from our room. We want to thank Mrs. Drapeau for being our judge. We want the Rotary Club to know that we enjoyed the cider and doughnuts. We also wish to thank the mothers who furnished the other refreshments for our party. The children who were on the committee for our Halloween party were: Nancy Steuer, Ella Mae Tousley, Louise Walton, Linda Somerville, Harry Howard, Dale Cutler, Tommy Breakey, Michael Bennett, David Griffin, Peter Zoulek, Reva Hart and Marian Pinney.

We are having mother help us fill our interest inventory of the things we like to do.

Tuesday new room helpers were chosen.

Monday afternoon we helped Tom Breakey celebrate his seventh birthday. Tommy's mother treated us to candy and apples. Thursday, Michael Bennett celebrated his seventh birthday. Michael's mother treated us to candy. We enjoyed making birthday cards for Tommy and Michael.

Sharyn Sinclair is sharing with us her new November Back and Jill Magazine.

We have taken down all of our October decorations and we are now ready to put up November's.

Friday was an exciting day in our fourth grade. The room was filled with witches, ghosts, tigers, skeletons and other weird visitors that visit on Halloween. For our Halloween party the boys and girls divided into committees. Decorations chairman Judy Gokee; refreshments, Suzy Stinchcomb; clean-up, Connie Bennett; and entertainment, Peter Knudson. The most original costumes were Stanley Bennett and Sharon Pinney. The prettiest were Connie Bennett and Donald Skop. Games and refreshments were enjoyed by all. We wish to thank all our friends for helping us to have such a nice party. Mrs. Scott visited our room.

Gerald Muma has moved to Charlevoix. We are going to miss him in our room. We hope he will like his new school.

We are all looking forward to voting in our room on Tuesday, November 4. Some boys and girls from Mrs. Larsen's sixth grade came to our room and gave speeches on their candidates. They were very good and we wish to thank them.

In Geography we are studying about the early explorers of our continent. So far we have studied about Christopher Columbus, Magellan, John Cabot, Jacques Cartier and Samuel de Champlain.

Some of the boys and girls have made some very interesting posters for Book Week.

We are playing a new game at school. It is called "Keeping the Turkey." The turkey visits the row that is the quietest and does the best work for the day. David Halladay's row was the first to win the Turkey.

FOURTH GRADE
Grace E. Galmore

Halloween was a very happy time for our room, partly because we made so many things ourselves to wear or carry in the parade. Harold Murray, Ronald Sulak and Duane Raymond each made a giraffe with the help of their parents and some of the other boys. Other children made masks, caps and wands with colored streamers. The most fun was the painting which we did here at school. Marching down town

was also lots of fun. We enjoyed the lunch the Rotarians served and wish to thank them and also the parents who furnished extra seats—pop corn, apples and candy.

We have been talking about writing stories which we have made up ourselves. This is one which Harold Murray wrote:

A DOG FOR BILLY
Billy wanted a dog for his birthday. His father said he would not get it. And his mother said she would not get it. He asked his Uncle Bob and he said, "You will have to work for me." Billy worked for his uncle Bob for six weeks. He made six dollars and bought his own dog.

We enjoyed our Hallowe'en party very much. Many thanks to the Rotarians for their treat. To date we have written 219 letters to State capitols for literature on the states. We have received many replies and more are coming daily. The material will help us when we study the states. It makes them seem more real. Some boys and girls will have nice individual collections.

We are going to register today and vote tomorrow in Mrs. Larsen's room. We have instruction ballots on our bulletin boards. We have a map of the United States ready with the numbers of electoral votes for each state marked on it. We are going to color the states red if they go Republican and blue if they go Democratic. We are still working on our multiplication tables.

FIFTH GRADE
Sadie Liskum

We have been reviewing arithmetic facts which we studied other years. All but 8 of us know the 100 addition facts perfectly. Fourteen of us still must work to know all the subtraction facts. Monday we were tested in multiplication, and only Larry Gee and Bob Bulow were perfect.

We enjoy our weekly trip to the school library. Mr. Wade has added many grade school books to the library and we are making good use of them.

Last week we used resist painting to make our pictures for our October reading record.

Each of us is making a booklet about the Pilgrims. We combine English, penmanship and reading to make the book, and we may draw pictures to illustrate it.

In social science we have finished the New England states and are working on the Middle Atlantic group.

SIXTH GRADE
Alma Larsen

We had a very nice Hallowe'en party last Friday. We wish to thank the Rotary for their generous serving of cider and doughnuts.

We have our room decorated with Hallowe'en designs.

Our bulletin board shows Columbus's three ships, the Nina, Pinta, and Santa Maria.

A great deal of interest has been shown in our room concerning the coming election. A Democratic chairman, Anita Petrie, and a Republican chairman, Janet DeHaven were chosen. We had speeches today by several children representing both political parties for Mrs. Mosher's room. We had a parade with banners we had made.

Allen Shepard and Paul Bowen are making a voting booth.

We are inviting Mrs. Mosher's room to come in to vote.

We listened to Judy Malpass and Floyd Detloff give their speeches over the loud speaker system last Thursday. Floyd spoke for Stevenson and Judy for Eisenhower.

We invited Mrs. Mosher's room in to hear our speeches on Monday.

We have sample instruction ballots on our bulletin board.

In our parade the majority of children were on Eisenhowers side.

We also have a new poster cautioning us to "Be Alert for Wacky Walkers."

Fifteen from our room journeyed by bus to Petoskey to see the New York Players present "Snow White and the Seven Dwarfs." We enjoyed it very much.

Mrs. Larsen has just finished reading to us a very humorous book called "Herbert Again" by Hazel Wilson.

Rainbow School Review

By JUDY & SALLY

The pep rally this week was a great improvement over the last one. There wasn't a shadow of a doubt when our boys came on the field as to whether or not we were behind them all the way. Let's have even more enthusiasm and student representation on Friday, when East Jordan plays Harbor Springs in the final game of the season.

The Freshman Amateur Show will be next Tuesday at 8:00 p.m. in the Gym. The Frosh are really working to make this a good program, and we are of the opinion that it will be.

Now we have a new idea. Maiden Week is going to be held for the week of November 5th to November 12th. During the week people may become slightly confused about this boy-dates-girl set-up. Girls ask boys out on dates, pay their way to the show, help them on with their coats, open the car door for them, walk them home, and if desired, kiss them good night. No boys can ask girls out; it is just reversed. This should be interesting, to say the least.

Friday of this week is our last football game, and as we turn over the pages of the calendar, we see Monday, November 10th, basketball practice from 3 to 6 p.m. Coach certainly doesn't waste time, but I guess he doesn't have much time to waste!

And the Seniors had a thought the other day that has emerged into reality. They are selling a Deer Rifle, and it's a neat little gun. A Winchester Lever-Action Carbine, a 32 Special. The drawing will be November 12 at the Sadie Hawkins dance and you don't have to be there to win. Some lucky person is going to have one more gun than they counted on for deer season.

The High School Hallowe'en Party, sponsored by the Rotary and chaperoned by faculty members, turned out to be very successful as well as providing a lot of fun.

Points were given to each class whenever a contestant from their class won a contest. The first set of points went to the Seniors for the best attendance. They had a total of 21 students out of 37.

A Masquerade Parade was held before any contests so the costumes could be changed before the events began. First prize went to Ron Wilson who was dressed as a hunchback. Everyone was very glad when he unmasked because he did look slightly gruesome. Second place went to Gary Bartlett and third place to George Nelson. Gary dressed as a devil and George dressed as a clown. I guess the main reason they won was because their costumes suited their characters so well! Honorable mention was given to the Senior girls who were dressed as "Rags Bags" advertising the Sadie Hawkins Dance and to Gary Whittaker and Bob Roberts who dressed as cowboys, alias the "Sophomore Riders."

The Freshmen took first prize in the Peanut Push when Jerry Sweet edged out the Sophomore and Senior pushers who came in second and third respectively.

The 8th grade won the basketball relay. Guess it shows that E. J. will have a pretty good team in a couple of years. (Not that we don't have one now, of course!)

The next event was the pie eating contest. The 7th grade beat the 8th, the Freshmen beat the Sophomores, and the Seniors beat the Juniors.

The Tug-of-War was a little different this year because it was done in stocking feet. The "War" ended with the Seniors beating the Juniors, the Sophs beating

the Frosh, and the 8th graders beating the 7th. That shows who has the muscles around this school.

The contest that seemed to be enjoyed the most was the hog-calling contest. This was only for the girls, and was won by the Freshman contestant, Shirley Peck. Rosie Bowers and Bonnie Snyder came in second and third. If we're not mistaken Shirley took first place last year in this event too.

Cider and donuts were served by the Rotary. Then the rest of the evening was spent dancing.

The student body would like to thank the Rotary, the Faculty, and everyone who made this party possible.

The Sophomore class is selling an all wool blanket November 28th at the Ellsworth - Central Lake game. Those who have not as yet purchased a ticket get one now.

The Junior Class is selling goby hats, T-shirts and sweat shirts. They have Ellsworth High printed on them. Those who are interested see any member of the Junior class.

Mrs. Arthur Carpenter was guest of honor to a stork shower Friday at noon. This shower was given by the ladies of the local canning company. Mrs. Carpenter received many useful gifts.
