EAST JORDAN, MICHIGAN, THURSDAY, FEBRUARY 12, 1953

Single Copies 10c Each

### Over the Back Fence

By Marshall

Saturday is St. Valentine's Day. And the remembrance cards in local stores are being picked up rapidly. But there are other reasons to celebrate this week also. It's Boy Scout Week; National Defense Week and Brotherhood Week. Also Thomas Edison and Abraham Lincoln were born this week.

A group of East Jordan men parked their car on a Detroit street one day last week. There was a fire plug near by so they walked over to see if the old home town was properly represented. As they expected, the words on the plug were: East Jordan Iron Works, East Jordan, Michigan.

Congratulations are due Mr. and Mrs. Vern Whiteford for having a son who is making a name for himself in the athletic world. As you know, Don Whiteford has joined the Chicago Cubs' national baseball outfit.

"Josh" Bailey, our friend columnist, says it's time for a change. The Republicans have been in too long.

We found a copy of the East Jordan News on the table of Bud Hite's Fort Shelby Hotel room in Detroit. Asked how the paper got down there, Bud said: "Don't tell anybody, but I smuggled it by the clerk at the desk downstairs."

We see where Charlevoix is getting top billing in down state newspapers as the major state "C" threat in basketball this season. The spot given Charlevoix by the papers is like that given the Red Devils when they capped the football crown last season.

We see where Charlevoix's All-American football player, Bob Carey, will crown Michigan's Winter Queen at Petoskey Feb. 27th.

Congratulations are due Mr. and Mrs. Holly Romaine for opening a first class plumbing and heating store on Main street. Their retail display is modern in quality and up to date in layout.

East Jordan's sportsmen's park could stand a face lifting—soon as the water goes down a little. And the questions come up concerning the Conservation Department spending some money there to develop the area. One thing at a time, boys. The department is pretty busy in the upper peninsula right now.

The News has received information from the Federal Communications Commission to the effect that the commission will take into consideration our protest concerning Western Union leaving East Jordan. A hearing will be held soon in Washington.

Fellow said the other day that in advertising our city we have overlooked the opportunity to tell outsiders that we have numerous residential and lakeshore sites for new home construction. And he has something there.

The businessmen's Shop at Home program is moving along rapidly and a pot on the back goes to Tom St. Charles and his active committee.

### Merchants Postpone Meet

With four directors of the East Jordan Businessmen's association out of the city this week the group's regular monthly meeting has been postponed until next Thursday. It will be held 1 p.m. in the American Legion hall.

### Sinclair Appointed

Al Sinclair, of A. R. Sinclair Sales, was named to the Chevrolet dealer-factory relationship committee at a recent meeting in Flint. Members of the national organization work with the automobile dealers and the factory promoting relationship between the two groups.

## Proud Father... Happy Son

A proud father, Vern Whiteford, congratulates his 18-year old son, Don, after the ex-Red Devil star signed here to join the Chicago Cubs' spring training workouts in April. Cubs' scout Tony Lucadello, left, was in East Jordan for the signing.—East Jordan News Photo by Bill Huckle.

Don Whiteford, an East Jordan Red Devil "All-State" fullback in 1951, Friday night signed with the Chicago Cubs to join the league's spring training workouts at the Cub's farm in Blackwell, Oklahoma.

In going professional, the 18-year old Michigan State College student leaves behind an outstanding East Jordan high school athletic record, yet to be beaten.

Coach Gayle Saxton said this week: "Don's shot put record of 45-foot 7 inches has never been

### Red Devils Stop Gaylord, 72 to 56

The East Jordan Red Devils scored an upset on the local court Friday night when they stopped a fighting Gaylord team, 72 to 56. Warren Frank racked up 30 points for his home team and Dick Riddle, 17 for Gaylord.

Gaylord and East Jordan both have suffered three defeats, but the Blue Devils with one more victory than the locals, hold second place in the conference. This loop standing is after the regularly scheduled game between East Jordan and Harbor Springs was cancelled.

In Friday night's meet the Red Devils led 34-24 at the half, but added 21 points in the third and 17 more in the final period.

### Millstein Picked As Delegate By Republicans

At the Charlevoix Republican convention held at the Charlevoix courthouse, Guy C. Conkle, Jr., of Boyne City, Barney Millstein, of East Jordan, John Knight and Mrs. Catherine C. Bergeon of Charlevoix were elected delegates to the state Republican convention in Detroit, February 21.

Alternates are Arthur K. Rouse Harry Jennings, Mrs. Mabel Jennings, Mrs. Wanda Hill all of Boyne City; Howard P. Porter of East Jordan; E. D. Hawley, Fenton R. Bulow, Floyd Ikens, Lillis Flanders and Frank F. Bird of Charlevoix.

The convention adopted a resolution to support the candidacy of Arthur K. Rouse of Boyne City for the state board of agriculture, Charles M. Ziegler as state highway commissioner and Clair L. Taylor as superintendent of public instruction.

The delegates were instructed to support Rouse until released by his matheconvention.

beaten in East Jordan. And he set a high jump record here of 5 feet, 8 3/4 inches.

In the spring of 1951, Whiteford was the Red Devils leading baseball hitter with 687. And in 1952 he capped third place in the State in shot put at the run-offs at Ann Arbor.

At Michigan State last fall, Don was a member of the College's first string freshman football team. Home from MSC for signing with the national baseball league, Don will go to the Cubs' farm in Oklahoma, April 5th. He is scheduled to join the Jamesville, Wis., team after spring training.

"I'm going back to State, now," Don told the East Jordan News, "and I'll finish the present term there."

He left East Jordan Sunday with a bat to swing while awaiting his first professional work-outs.

The son of Mr. and Mrs. Vern Whiteford, his father is president of the East Jordan Rotary Club and owner of Whiteford's 5c to \$1.00 store—one of the city's oldest merchants.

Don was signed to the Cubs at an undisclosed amount by scout Tony Lucadello, who had seen him play at Petoskey last summer.

Since he is 18, Don will have at least a year before selective service gets around to considering him for the draft.

Old timers say they know of no other East Jordan person ever to sign for training in national baseball competition.

While local friends were wishing Don success in his new venture, his one time coach Gayle Saxton said: "He was the greatest athletic competitor I've ever coached. And it is his kind of spirit that makes a real athletic and a winning team."

### Double Barreled Battle

Although few people realize it, Judge Chas. L. Brown of Charlevoix county's own Circuit Court is engaged in a doubled barreled battle. As an incumbent judge, he's now engaged in campaigning to be returned to office in Monday's voting.

And as chairman of the Veteran's Trust Fund, he's now in the process of trying to save the \$50,000,000 fund which state officials eye longingly for a bit of stop-gap financing to alleviate the deficit in the state treasury. However, battles are an old story to Charley Brown. It isn't the first time that the trustees of the Veterans Trust Fund have had to withstand crafty overtures designed to seize the "plum" which they are entrusted to guard. And it isn't the first time that Judge Brown has weathered political strife.

Six years ago, coming into the race for the circuit judgeship, and virtually an "unknown," he waged a successful campaign to win out in the Charlevoix-Antrim-Grand Traverse Court. And as one of the state's "junior" circuit court judges, he performed the prodigious task of cleaning up the jammed circuit docket as well as hearing cases in many other state circuit courts.

With two candidates seeking his judgeship and with all the state's politicians eyeing the jack-pot which he guards for the people of the state of Michigan, Judge Brown has more than a day's work cut out for him.

—from the Boyne Citizen

### Local FFA Boys Seek State Farm Degrees In Lansing

James Shepard, Kenneth Shepard, Lester Howard and Leonard Lick, seniors of the East Jordan agricultural school, have filed applications for the State Farmer degree. The first three boys are also leaders in the East Jordan F. A. A. Chapter, says Richard Schroeder F. F. A. instructor.

It accepted, the boys will receive the degree in the spring at the annual Future Farmer Convention at Michigan State College.

James Shepard has the highest farm earnings of the four boys with a total of \$2,080.50 and a high net worth of \$6555. The total farm earnings of all four boys are \$3,736.89, and their net worth runs to \$14,010.09.

### New Classes At School

The East Jordan high school offers four new classes this second semester: Journalism, International Relations, Trigonometry, and Dramatics.

Journalism, which is taught by Mrs. Leatha Larsen, offers a general text in news writing and editing. Twenty-two pupils have enrolled.

International Relations is offered by Max Damoth. This class studies foreign affairs. There are fifteen students enrolled. Two students are taking trigonometry from Keith Anear.

The dramatics class, under the direction of Vaughn Ogden has eleven boys and five girls.

## Expect Light Vote Monday With Only Three On Ballot

### E. E. Wade To Attend Atlantic City Meeting

Mr. Ernest E. Wade, superintendent of East Jordan High School, will attend the meeting of the National Association of School Administrators to be held in Atlantic City, New Jersey from February 15 to 19.

Those from this area who will attend the meeting with Supt. Wade are L. E. White of Boyne City, Arthur Richter of Frankfort, and Arnold Carlson from Scottville. There will be two of Capital Airlines DC's waiting for them and other members of the N. A. S. A. at Willow Run February 14 to take them to Atlantic City, New Jersey.

### Foundry Tips Hat To Ike, Raises Wages

Close upon the heels of President Eisenhower's scrapping of government wage controls, The East Jordan Iron Works announced a 5c per hour increase to all employees.

Taking effect February 11th, the firm hiked wages across the board for 100 employees.

In announcing the pay raise this week, iron works employees were told:

"We have long felt that the matter of wages earned is a delicate subject that is best decided by the men who earn the wages and the man who pays the wages; and wages should not be regulated by men in Washington."

The owners told about the close competition in the foundry business, but added:

"We are gradually buying machines and learning to use them and consequently have been giving such good service that our business outlook is unusually good for winter."

### No Local Contest Before Spring Election April Sixth

Light balloting is expected in Monday's primary election with only three names up from which local voters will choose two.

Seeking nomination for the spring election ticket April 6th for the office of circuit judge are:

Harry T. Cook, of Alden; Charles L. Brown, of Traverse City; and William E. Myers, also of Traverse City.

The county clerk's office said two of the men will be nominated at Monday's election and they will be placed on the ballot this spring.

The office sought is that of judge for the 13th judicial circuit which includes Charlevoix, Antrim and Grand Traverse Counties.

Mayor Leo Sommerville said Wednesday that although there will be no contest in the city Monday, the election of three councilmen and a mayor will take place when voters go to the polls here April 6th.

### Bob Strehl Sells License Plate For Car In Africa

An East Jordan auto license plate for 1953 is traveling around on a car somewhere in northern Africa.

Hershel Young, formerly of East Jordan and now with the U. S. Navy "Sea Bees" in Addis Ababa, Ethiopia, sent home and asked his mother to purchase the plate here.

Bob Strehl, of the Secretary of State's branch office here issued the plate.

Addis Ababa, capital of Ethiopia, and a town of 129,000 population, has a U. S. Navy Base.

Strehl said there were 16 more days left for motorists to purchase their 1953 plates as the deadline is February 28.

About 200 plates have been sold at the local office this year, leaving about 600 plates to be sold, according to last year's records.

That's about 37 plates a day for the next 16 days to be handled at the office, but Strehl believes it won't go that way. He is looking forward to a rush the last day.

### For Polio Benefit

The Rock Elm Grange is having its second annual turkey dinner for the benefit of the March of Dimes and other charities on Tuesday, February 17th. They will serve from five to eight p.m. and the charge will be \$1.50 for adults and 75c for children under twelve.

## News From The High School 28 Enrolled In Adult Education

Classes in adult education, being held at the East Jordan High School are almost finished.

The typing class, with four members and taught by Mr. Willard Nelson, meets each Tuesday night.

The four members of Mr. Jack Richardson's driver training class have completed their course and passed their examinations for driver license.

The ceramics class, with an enrollment of 20, under the direction of Mrs. Alice Nesman, meets Tuesday evenings in the lunch room.

Also in connection with adult education, a series of five lectures on World Affairs have been offered. The speakers for these lectures have been from the University of Michigan. The last two meetings will be held February 16 and February 23.

The East Jordan Future Farmers of America boys are taking samples of the water from private wells and springs. These samples are tested for harmful bacteria. Results are sent to the owner, and in many cases the water has been found to be unsafe. The folks wishing further information as to how to make their water safe are urged to contact any F. F. A. member for help. You may also call the sanitarian at Charlevoix, who will visit you at no cost and help with your problem.

People who wish to have their water tested or wish further information may call LE 6-2621 or 2208.

The fourth meeting of the Future Nurse's Club was held Monday night at 7:30 in the East Jordan high school. The first part of the evening's program consisted of two movies: "The Girl In White" and "The R. N." The movies were followed by the regular business meeting. President Sharon Brock opened the meeting and the secretary, Marlene Olstrom, read the roll call and the minutes of the previous meeting. Pat Barnett read the plan for the rest of the term's activities. The program consists of:

February 23—A talk by Mrs. Goodwin.

March 9—Simple Home nursing.

March 23—Business Meeting.

April 13—Public Health Nursing.

April 27—Report on Careers for Nurses.

May 11—Hospital Day—Grandview Hospital.

May 25—Field Trip to a Hospital.

The date for the Club's initiation is March 2. Pins will be ordered as soon as possible so they can be presented at the candle-lighting service.

Following the business meeting, the Secretary passed out some booklets which told the dates of "Open House" at numerous hospitals. Then the club song was sung and the meeting was adjourned.

The county M. E. A. Dinner was held at the Charlevoix High School Cafeteria, February 12, at 6:30 p.m. Approximately fifteen faculty members from East Jordan attended.

After a short business meeting Dr. Litzberger, state health officer of district No. 3, showed a movie on the health program of Charlevoix, Otsego, Antrim, and Emmet Counties. Another movie, "By Jupiter," a public relations

film was also shown.

Gene Richards of the 7th grade copped the Championship of the double elimination Junior High School Free throw Contest held at the local high school gymnasium during the past week. Richards beat Allen Ingalls in the finals held during the noon hour Tuesday. Ingalls, also a 7th Grade student, was the runner-up with the consolation going to David Nachazel of the 8th grade. In all, seventy-six Junior High School boys participated in the contest.

Several members of the Farm Shop class, under the direction of their instructor, Mr. Richard Schroeder, are making trailers. The group worked together on a trailer for the farm shop first, thus gaining the necessary experience.

Robert Roberts and George Nelson are making complete trailers while Thomas Sheridan is re-modeling one.

The class meets a double period each day, giving the boys ample time to do this type of valuable work.

Mrs. Clara Brown, local Home Economics teacher, attended the State Home Economics Curriculum Meeting at Michigan State College, January 30. The meeting was also attended by curriculum chairmen of all the M. E. A. districts, members of the State Department of Vocational Home-making Education, and college teacher trainers. The purpose of the meeting was to plan the spring regional curriculum meeting of homemaking teachers in Michigan.

### Where To Buy It

News stand sales of the East Jordan News have climbed rapidly in the past few weeks. Because of this the newspaper has also been placed on sale at the Sanitary Superette for convenience of purchasers.

Single copies of the News now can be purchased at the following places of business:

Hite Drug Store, Taylor's West Side Grocery, Gidley's Drug Store and the Sanitary Superette.

Parish members of the St. Joseph's Church are having a pot luck supper and get-together Sunday evening at 5:30 in the St. Joseph's Hall.

## Editorial AMERICAN HERITAGE

Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection. —George Washington  
God, shall have a new birth of freedom—and that government of the people, by the people, shall not perish from the earth. —Abraham Lincoln

### They Asked Divine Aid

The United States was founded on the belief that a Divine Providence shapes our destiny. Our greatest leaders always have appealed for Divine help in national emergencies.

The Declaration of Independence recognizes the Creator. All of us remember the story of Washington praying as he knelt in the snow at Valley Forge. Lincoln's great speeches have a biblical rhythm, as when he prayed at Gettysburg that "this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth."

While we, as a people, follow the example of these great leaders, our nation will be safe. The godlessness of World Communism shall not prevail against it.

### Services Held For Reverend Bartholomew

Funeral services were held for Rev. Scott F. Bartholomew, 80, on Saturday, February 7th at 2:00 p.m. at the Methodist Church in East Jordan. The services were conducted by Rev. Robert Moore. Rev. Bartholomew passed away very suddenly February 4th at his home in Jordan Township in Antrim County.

He was born on October 24, 1873 in Echo Township, Antrim County. On October 26, 1905 he was united in marriage to Olive Irene Murray. He entered the ministry in 1924 and retired in 1940.

Surviving are the widow, one son, Carroll, six grandchildren and 3 great-grandchildren, several nieces, nephews and a host of friends. Burial was in Sunset Hill Cemetery.

Palbearers were Carroll Bartholomew, Jr., Norbert Bartholomew, Merle Thompson, Clarence Murray, Elmer Murray, and Denzil Wilson.

of town who attended the services were Carroll Bartholomew, Jr. of Adrian, Norbert Bartholomew and Miss Helen Ferguson of Big Rapids, Mrs. Hazel Wiley of Reed City, Mr. and Mrs. Wm. Brent and Glen Wilson of Grandville, Mr. and Mrs. Milton Richardson of Norwood, Michigan, Mr. and Mrs. Russell Murray of Detroit, Mrs. Fred Slack, Mr. and Mrs. Lawrence Bennett of Wayne, Michigan and Mrs. Wolverton of Boyne City.

## FINKTON COMMUNITY NEWS

Mrs. Minnie Beal and Leland were supper guests at the Monty Dirgman home Wednesday night.

Mr. and Mrs. George Spence, Mr. and Mrs. Bob Spence and families spent Saturday evening with the Carl Spences.

Miss Yvonne Lewis returned to Otisville this week after spending some time with her parents Mr. and Mrs. Sam Lewis.

Mr. and Mrs. Ray Bartick were Sunday afternoon callers at the Asa Beal Home.

Mr. and Mrs. Charles Moore and Dick Tobey were Sunday callers of Mrs. Emma Shepard and Mr. and Mrs. Marshall Shepard.

Mr. and Mrs. Bob Spence and children of Mt. Pleasant spent the weekend with his parents Mr. and Mrs. George Spence.

Mrs. Minnie Beal and Leland Beal were Sunday dinner guests of the Glenn Dingman's in Central Lake.

Mr. and Mrs. Marshall Shepard were Saturday afternoon shoppers in Petoskey.

Mrs. Minnie Beal and Jean Thornell were supper guests at the Clyde La Peer home Tuesday night. The supper was in honor of Mrs. Ed Clark's birthday.

Fred Glasford of Detroit spent the weekend with the Lavanways.

## THIS WEEK AT GRANDVUE

The only discharge reported at Grandvue Hospital this past week was that of Mrs. Agnes Wright of East Jordan, February 4th.

A wheelchair was donated to the hospital by Mrs. Theo Tunison of Charlevoix. Mrs. Tunison is the mother of Glen Lewis a patient.

Three girls from The Future Nurses Club again visited the hospital and their volunteer services are greatly appreciated.

The redecorating of the kitchen, pantry and store room has been completed all in white and certainly makes a big difference in the appearance of the hospital.

## WILSON NEWS

Due to snow and bad roads, attendance at church has not been so good the past few weeks.

Mr. and Mrs. Harry Behling and son, James, spent Sunday with his daughter, Cora (Mrs. Ernest Monteiu) and family near Petoskey.

Bernard Boyer is helping his brother Howard North of Boyne City while the latter's wife is at Little Traverse hospital having undergone a surgical operation.

Mrs. Harriet Stone from Grand Rapids is here to care for her sister, Mrs. Laura Benser of Boyne City. She broke her hip in a fall on icy steps. Mrs. Benser was the former Laura Behling.

William Thorsen, who underwent a surgical operation on his back at Munson Hospital in Traverse City is reported in fair condition.

Mr. and Mrs. Aug Knop went to Traverse City Friday to visit with William Thorsen. Mr. and Mrs. Henry Eggersdorf, Emil Edd, Christine Thorsen and Art Leunely visited with him Sunday afternoon.

A number of ladies including Emma, Gertrude and Margaret Behling, Mrs. Edith Nowland, Mrs. William Vondron Sr. and Jr., Mrs. Julius Roberts and Mrs. Henry Eggersdorf spent Thursday afternoon at a party given by Mrs. Ada Brintnall of Boyne City. All enjoyed the afternoon with games and refreshments.

Mr. and Mrs. Pete Boyer spent last Friday afternoon visiting with their daughter-in-law, Mrs. Beatrice Boyer at Little Traverse Hospital.

Mr. and Mrs. Horace Warr have completed their new bathroom. This completes their new home.

Mrs. Charles Reidel entertained the Lutheran Ladies Aid of Boyne City at her home near Deer Lake last Wednesday afternoon. Mrs. Margaret Behling will entertain the Wilson Lutheran ladies this Thursday afternoon.

A brushed fabric catches fire easily, warn Michigan State college textile researchers. Loosely woven and sheer fabrics are also extremely hazardous around open flames.

East Jordan Iron Works Hits 70 Years Steady Production

Largest Municipal Casting Producer In State Of Michigan

Seventy years of continuous production of quality iron products has made the East Jordan Iron Works well known as a "foundry" throughout Michigan.

And through steady growth and increased manufacturing know-how the organization has developed into an important competitor among municipal casting producers who supply the street departments in our larger cities.

With Detroit, Chicago and Saginaw their best "customer cities," the iron works keeps 100 employees working two nine hour shifts to supply demand.

This is compared to about 30 years ago when the firm employed 22 men and poured seven tons of cast iron per day.

Local department heads include Bruce Malpass, billing and receiving; Bill Waldon, payroll; Earl Gee, shop superintendent; Thomas Hitchcock, cleaning department; Jim Likak, core room; Merle Thompson, machine shop; Dick Shoop, pattern shop; Ralph Shepard, machine shop at night and Charlie Hart, night shake out in the foundry.

Mr. Round, an experienced iron worker from England joined with Mr. Malpass, who had learned the trade in Detroit. Together they formed the East Jordan Iron Works — an organization that was to thrive for 70 years and provide employment and iron products that have always found a ready market.

In 1892 Mr. Round moved to Traverse City and the iron works became a partnership organization between W. E. Malpass and his brother, James. At that time the firm was producing agricultural implement parts and castings for the lumber and marine business.

In 1910 the East Jordan Iron Works was hit by fire that destroyed the structure, but in the following months a new brick building was erected, part of which is used today.

Expansion and growth has been steady at the "foundry" ever since. Today, the owners have immediate and long range plans for development. This can be done as long as the company wants to make huge investments and modernize their machinery.

It depends, they say, upon friendliness of the area toward industry. Owners in the partnership today are Richard, Ted and William Malpass.

Always in the hands of the family, James Malpass left in 1920 and a partnership was formed between W. E. Malpass and F. L. Bretz, a son-in-law. Mr. Bretz left in 1926 and W. H. Malpass, a son of the original founder, took his place.

KEEP DETROIT YARD

Under the guidance of the present owners, the "foundry" has been equipped for modern day production. A Detroit yard and sales office aids their downstate customers. Roy Renwick is in charge with Bob Bretz as his assistant.

Local department heads include Bruce Malpass, billing and receiving; Bill Waldon, payroll; Earl Gee, shop superintendent; Thomas Hitchcock, cleaning department; Jim Likak, core room; Merle Thompson, machine shop; Dick Shoop, pattern shop; Ralph Shepard, machine shop at night and Charlie Hart, night shake out in the foundry.

LARGEST IN STATE

Today, the East Jordan Iron Works is the largest producer of municipal castings in Michigan. This growth through efficient management has for close to a century given the area a steady source of employment; and the firm has been one of northern Michigan's more important manufacturers with a long record of financial contribution to this area.

A. M. Geary, Former E. J. Resident, Dies At Rapid City

Mrs. Fred Bellinger of East Jordan reports the death of her father, Alfred McArthur Geary, 95, on January 20th at his home in Rapid City. Mr. Geary was engaged in lumbering in his early years and later in farming. He lived on a farm near East Jordan for twenty years.

He was born in New York state on September 17, 1858. In 1881 he married Florence Swift of Central Lake who preceded him in death in 1907. In 1909 he was united in marriage with Mrs. Gertrude Newton who survives him. Also surviving are four daughters two sons, one step-daughter, one step-son, 33 grand-children, 38 great-grandchildren and 6 great-great-grandchildren.

The funeral services were held on Saturday, January 24th from the Church of Christ at Rapid City with Rev. Meredith of Kalaska officiating. Burial was in Clearwater Township cemetery.

Rainbow School Chatter

By JUDY and SALLY

Basketball season is just about over! That's right. Here's the schedule for the rest of the season so you'll be sure not to miss any of them: Friday 13—Mancelona, here; Friday 20—Boyer City, there; Tuesday 24—Harbor Springs, there; Friday 27—Onaway, there

Seems that the Seventh Grade had a party Monday night. We haven't heard much about them, so nice going, kids! (We heard they had quite a time, too.)

From what we hear, the Future Nurses Club is really getting underway. Many plans have been made for the various activities which they plan to work on.

Wow! The Seniors sure raked in a pile of money at the play. They sold about \$250 worth of tickets. Of course, that's not all profit. There are about \$50 worth of expenses here and there. By the way, we would like to thank

everyone who came (or coming) and we sincerely hope they enjoyed seeing it as much as we enjoyed putting it on.

The P. T. C. Dance last night was fun—but then, they always are. Valentine's Day is Saturday. This was a nice introduction to it.

Seniors are working hard on the annual, it should be out sometime the last of April. They did not know there was "so much work to getting out such a year-book. But they are finding out! And if there are any merchants who have not already been asked who would like to buy some advertising for it, contact Sally Neeman at LE 6-2635.

Sure wish some other classes would turn in news items for our column, it seems that they don't do anything! Or don't they know who to get in touch with to turn in the news? Let's go, underclassmen!

FLASH! FLASH! FLASH!

Laborers Get \$12.50 Per Week Porter Offers To Sell Car

Howard Porter has one of the best auto buys in town. An ad he placed in a newspaper reads:

Buy! Chalmers touring car, completely equipped, newly painted, and in running order, at a price that will surprise you.

If you think that's strange look at this: Roast Pork, 19c lb.; Sirloin or Round Steak, 12c per pounds; steak from fancy grade, 24c per pound. Special fed spring chickens 24c per pound.

Add to this confusion two rain checks from the Detroit Baseball Company back in 1949 and you've guessed it. We've been checking the bulletin board in Chief Harry Simmon's city hall office.

Those grocery prices above were published in 1935; and Chalmers autos went out with the Republican administration.

WHAT! NO LABOR UNION? Ditch diggers today would scream for Walter Reuther if they received anything like this: Received from the Treasurer of South Arm Township, \$12.75 for 8 1/2 days work in gravel pit — George Bowen. Date? August 20, 1931.

And the advancing years have chopped this sort of thing off, too: A can good for 5c at the 3c—W. A. Ranard.

The large board hanging in Chief Simmon's office gives an accurate running account of prices, building changes, wage scales and a good rounded story of what is often called "progress."

For instance: There's a certificate proving that W. R. Barnett joined the Royal Order of Moose in 1914. Jean Whiteford signed the document.

Also, there's a paper napkin apparently used for an anniversary which reads: John & Jen, 1899 August 1949. Along with this there's a picture-pin of the East Jordan Red Devils for 1950-51; and an East Jordan street scene in 1910.

HOT ROD NOTICE

Motorists should know that it was rough if you were caught racing through town years ago. Chief Simmon's board shows a ticket: Speed Warning. The traffic speed within the city limits is limited to 10 miles per hour. \$10 fine for violation.

James Gidley, druggist, used to send out postcard ads. One reads: \$1.00 Bottle of Burdock Tonic Compound for 25c.

How many young fellows remember Bowen & Barnett, those dealers in canned goods, staple groceries, fresh and cured meats, flour etc? Chief Simmons has a 1907 charge account sheet from the store's books.

FOR HALF CENTURY

Yes, 53 years of progress straight across the board is recorded in the Chief's office. There's some picture post card jokes, letters and old buttons, all a part of the civic and personal life of the city of East Jordan as the years roll by.

Proving the Chief's sense of humor there's a small booklet: "What men should know about women." All pages are blank.

Collected down through the years, Simmons has done a methodical job of picking up and saving the very thing that will record history locally.

Engaged

Mr. and Mrs. Richard Murray of East Jordan announce the engagement of their daughter Margie to Richard Becker of Midland, son of Mr. and Mrs. Nick Becker, Midland. No definite wedding date has been set.

Alter Length Of Curtains,

In dead of winter a homemaker's thoughts often turn to spring cleaning and refurbishing. If that is the case and you have new curtains in mind, Mary Shipley of the textiles, clothing and related art staff at Michigan State College has some suggestions.

Curtains can help give the right feeling to a particular room, she points out. If your living room, for example, is a formal one, then you need to treat your windows in a very different way from the woman who has casual, informal decor.

Miss Shipley emphasizes that curtain or drapery length is one of the most important factors. There are three possible choices to help out the feeling of your room.

The first choice is to have the curtains end just at the window sill or perhaps a quarter of an inch past. This length has some disadvantages, Miss Shipley advises, for the city home where dirt collects on sills. But this short length will give the right expression to an informal room.

Another length for curtains is to the lower edge of the woodwork that surrounds the window. This, too, will be good in a casual living room. Miss Shipley recommends this longer curtain, since it doesn't collect dirt or blow in and out of the window easily.

Verna Leu Speaks Vows In East Jordan Wedding

The wedding of Verna F. Leu and Stanley C. Sweet took place at the Evangelical Lutheran Church, East Jordan, February 7, at 4:00 p.m. The bride is the daughter of Mr. and Mrs. Joe Leu of East Jordan. Parents of the bridegroom are Mr. and Mrs. Herb Sweet, also of East Jordan.

The wedding ceremony was read by Rev. Philip Fretheim, before an altar decorated with baskets of mixed gladioli. Fred Stecker played the traditional wedding music and organ accompaniment for the soloist, Jason Snyder, who sang "Oh Promise," "I Love You Truly," and "The Lord's Prayer."

The bride was given in marriage by her father, Joe Leu. She wore a clay blue gabardine suit and carried a white Bible topped with white carnations and pink roses, a gift of her parents. Janet Dunnette, friend of the bride, served as bridesmaid. She wore a light blue gabardine suit with navy blue accessories and a corsage of pink and white carnations.

Maurice Murphy, cousin of the groom, served as best man. Elmer Olstrom, Jr., cousin of the bride, and Floyd Peck, brother-in-law of the groom, seated the guests.

School Slates Fourth Lecture Tuesday Night

The fourth number in the World Affairs Lecture will be held in the High School Gymnasium, February 18, at 8:00 p.m. The talk will be given by N. Marbury Efimenco, Assistant Professor of Political Science. He will talk on "Problems of the Middle East."

Prof. Efimenco is planning to use a film "Tempest in the Arab World." It is a March of Time production dealing specifically with present political currents in the Middle East.

Before going to the University of Michigan, Prof. Efimenco taught International Relations at the University of Minnesota, and was instructor in the far east area for the language studies program for the army, both at Fort Snelling and the University of Minnesota. He received the Ph. D. degree from the University of Minnesota June, 1948.

Following the war, Prof. Efimenco taught at Lake Forest college. During 1945-46 he was a speaker on the national committee on atomic information at Washington, and also with the Chicago council of foreign relations.

Prof. Efimenco was a member of the University's expenditures to the near East in 1951, February to September, during which he traveled from Beirut on the blue Mediterranean across the Syrian Desert to Damascus, Amman (Jordan) and to Baghdad, heart of the Mesopotamia.

He worked in several official circles in the Iraq Government at Baghdad. His travels also included a tour of the Kurdish territory near the Armenian Knot and the Azerbaijan border, where he lived in a Kurdish home in Rowanduz. He also surveyed the port of Basra, the Kuwait oil fields at the head of the Persian Gulf, and the Kerkuk oil fields of Iraq.

An interesting function which he attended as guest of the royal Suban family of Kuwait and with the nomads of the Arabian desert, was the Arab Kuzzes (sheep-feast). His personal comment is, "I saw the Arab world in all its oriental complexities — the noise, color, hospitality, hostility, and fanaticism of the Arab world."

On the return trip he dipped into Istanbul, the rugged creek lands of Thrace and Macedonia, the glorious city of Athens, crossed Litoland up through Belgrade and Zagreb, and on to Trieste, Rome, Paris, Frankfurt and London.

Following the ceremony a reception was given at the Evangelical Lutheran annex, by the bride's parents. The bride's table was centered with a three tier wedding cake which was served by Mrs. Alfred Larsen, former class advisor of the bride. Dainty sandwiches, pickles, and mints were also served. Baskets of flowers and white wedding bells formed a background for this serving table.

Misses Shirley Murphy, cousin of the groom and Louise Olstrom, cousin of the bride, presided at the coffee and tea tables. For her daughter's wedding Mrs. Leu chose a black print dress with black accessories. The groom's mother chose a black crepe dress with black accessories. Both wore corsages of white and yellow carnations.

The newly married couple will make their home in East Jordan where the bride will continue working as secretary in the East Jordan High School office. The groom is employed at the Diller Box Factory.

Those from away to attend the wedding were: Mr. and Mrs. Sims Baker and Marylee of Charlevoix, Mr. Herman Beyer of Petoskey and Mrs. Charles Dunnette and Beverly of Boyne City.

Ferris Institute To Begin Evening Class In Printing

Big Rapids — Ferris Institute will begin an evening class in printing on January 18, according to an announcement by officials of the college.

The class, to be conducted in the Ferris print shop, will meet every Friday evening from 7 to 11 o'clock for twelve weeks. Ken Ross, printing instructor, states, "The course is open to beginning and advanced students, and instruction will be individualized."

"This is not a textbook or lecture course," Ross said, "but a practical training course in which each student works with the equipment in the print shop. We learn to do by doing."

The night school will supplement the full-time day school courses, and is offered to provide training opportunities for persons employed during the day.

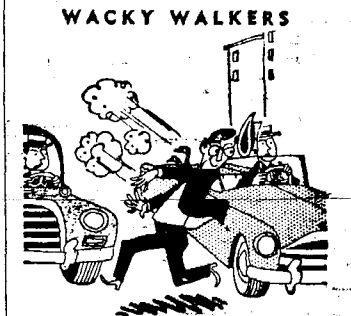

New Methods For Growing Plants In The Home

A unique botanical laboratory at the University of Michigan is providing students with practical experience in growing house plants under home conditions.

The instruction is provided in a course in applied botany taught by Miss Elzada Clover, associate professor of botany, and the work is made possible by a specially built laboratory designed to simulate ideal indoor conditions.

The laboratory, which was constructed last summer, is built like a modern home. The whole front of the structure is glass with a wide window shelf running the entire length of the building, so that every student can have a space for his work.

Prof. Kenneth Jones, botany department chairman, explains that the course aims to attract mostly students from the non-science departments who are simply interested in knowing how to grow plants.

WACKY WALKERS

DODGIN' DICK thinks that signals are meant for drivers only and crosswalks are for children. Every year is leap year for him. He always crosses when he shouldn't and gets trapped in the middle of heavy traffic everytime— dodging his way across without waiting for traffic to clear. He's just trying to cross the street.

Tree Farms The tree farm movement which started in the state of Washington in 1941 has become a national movement with 23 states enrolled in 1950.

Largest Island By far the largest island in the continental United States is Long Island, New York, with a land area of 1,401 square miles and a total area of 1,723 square miles.

"Fasten your straps, men—we're going down!"

### Self Employment Social Security Tax Due March 15

Many self-employed persons must pay an additional tax on their incomes, for social security tax purposes.

It is due, along with the regular income tax by March 15. This additional tax must be paid by every self-employed person covered by social security if his net earnings from self-employment last year were \$400 or more. There's no choice about it: if you come within that category, you owe the tax.

HOWEVER, several large groups of persons are excluded from social security coverage: road workers, public officials, lawyers, doctors, dentists, osteopaths, chiropractors, Optometrists, funeral directors, professional engineers, clergymen and public accountants.

**THIS SPECIAL tax** for self-employed persons is 2½ per cent of net earnings from self-employment.

The maximum amount that can be taxed is \$3,600 a year, which means a top tax of \$81.

What if part of your income was from self-employment and part from a job covered by social security from which the old age and survivors insurance tax was withheld?

As an example, a man might have had \$2,000 income from a covered job and \$3,000 from self-employment.

The social security tax already would have been withheld from his \$2,000.

**SINCE THE maximum amount** subject to tax is \$3,600, he would owe an additional \$36 (2½ per cent of \$1,600).

If you made \$3,600 or more in covered employment, you don't have to pay this special tax on any balance of your income brought in by self-employment no matter how large. Remember, the maximum amount subject to tax is \$3,600.

**SELF-EMPLOYMENT income** represents money received for services rendered rather than from investments.

Accordingly, you don't pay the special tax on dividends, interest on investments or capital gains.

The self-employment tax became effective in 1951 and you should have your social security number by now.

If not, you can obtain one from any of the 500 Social Security Administration field offices.

This number should be written in on page 1 of form 1040. That form, together with a separate schedule C, is the proper one on which to report self-employment income and figure the tax.

**SELF-EMPLOYED persons**, of course, must file income tax returns like everybody else.

Even if you have to file a declaration of estimated income tax, no estimate is required for the self-employment tax.

**"Monthly Pains" stopped or amazingly relieved**  
In 3 out of 4 cases in doctors' tests!

• Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound—or new, Improved Tablets with added iron. See if — taken through the month — it doesn't give relief from those backaches, jitters—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on nerve contractions that often cause "period" pain!

### PENINSULA NEWS

There were 14 present at Sunday School. Rev. David Von Gorkom was a visitor.

James Arnott of the U. S. Coast Guards called his parents Friday evening and told them he was being sent to Boston.

Mr. and Mrs. Orvel Bennett received an announcement of the birth of a son John Philip, to Mr. and Mrs. Jay Riley on January 27th at the Grayling Hospital. Mrs. Riley is the former Beryl Bennett.

Paul Bennett spent the week end with his parents, Mr. and Mrs. Orvel Bennett. Paul is employed at Lansing.

Mr. and Mrs. Orvel Czykoski of Gaylord spent Sunday visiting the Peters family.

Mrs. Ruth Peters is on special duty with Mrs. William Pearson at Grandvue Hospital.

The Farmer's Union met at the Frank Hayden home Monday evening with 18 members present. Mr. and Mrs. Archie Murphy were guests. The next meeting will be held at the home of Mr. and Mrs. Vern Boyer on March 9.

Mr. and Mrs. Charles Arnott are driving a new 1953 Chevrolet car.

Re-elect

## Judge Chas. L. Brown

**X** Circuit Judge

13th Judicial Circuit

Primary Election Feb. 16  
General Election April 6

An understanding man; humane, fearless, honest, fair and impartial as a judge.

No one can force him to pass "snap judgement" and his decisions have been upheld in 9 of 11 cases by our State Supreme court during the past five years (his first term in office).

- Born in a logging camp near Manton, Michigan, 52 years ago; worked on farm until 13 years old, worked way through high school and college.
- Married. Lives on small cherry farm, Leelanau Co., 2½ miles from Traverse City.
- Practiced law 1927 until elected Circuit Judge in 1947, excepting 4 years military service in World War II; (defended over 100 court martial cases as additional duty).
- Appointed 1 of 6 State trustees of the fifty million dollar Michigan Veteran's Trust Fund by Gov. Sigler; reappointed by Gov. Williams, present chairman of that board (acting without salary).

Member Farm Bureau, several veteran, legal, service and fraternal organizations and long active in Americanism youth programs.

Official state-reports prove this is one of the busiest courts in the state, yet

## The ELLSWORTH Story

### CLEANING BEE AT COMMUNITY HALL

If you have noticed that the interior of the Ellsworth Community Hall is several shades cleaner and brighter, give credit to a group of ambitious men who got tired of looking at sooty walls and ceilings and decided to do something about it. On Saturday these men got busy with pails and sponges and an abundance of soap and "elbow-grease" and cleaned the interior so that the beauty of the plywood panels and grooved ceiling beams is again evident.

Those who saw busily cleaning were Art Drenth, Max Boleser, Grant Hastings, Gene Inman, Harold Jones, Dick Wieland, Ron Donaldson, Jim Smith, John Elzinga, Andy Kooyer and George Koster, Charles Edson and "Connie" Klooster. As official water boys were kept more than busy waiting on the crew. A delicious lunch was prepared by Mrs. Smith and served by Henry Smith who was enjoyed by the workers.

A crew of workers, hired by the Township Board, is now busy varnishing the woodwork and when completed our Community Hall will be something we can all be proud of.

### CHAMBER OF COMMERCE MEET

Don't forget the annual meeting of the Ellsworth Chamber of Commerce to be held at the Ellsworth Community Hall Tuesday evening, February 17 at 8 p.m.

### WORLD DAY OF PRAYER

World Day of Prayer will be held in the Atwood Christian Reformed Church Friday afternoon, February 20 at 2 p.m. Other churches participating will be Ellsworth Pilgrim Holiness church, Ellsworth Christian Reformed Church, Atwood and Barnard Reformed Churches. All ladies and girls of the community are invited to attend.

### OPEN HOUSE AT BANKS SCHOOL

Open House will be held at the Banks School when the PTA meets Tuesday evening, February 17. Come and inspect the school and visit the teachers and classrooms. Regular business meeting will be held after the Open House.

### LADIES AID PARTY

Members of the Junior Ladies Aid of the Ellsworth Christian Reformed Church entertained their families at a waistline party in the church parlors Friday evening. A short program was given composed of well-known hymns and stories about the hymns. While the adults enjoyed playing games, Dr. Van Dellen entertained the children in the church auditorium by showing several films. A lunch of coffee, sandwiches, cake and jello was served. Mrs. Harm Sitzema was general chairman for the evening.

Mrs. Miner Koster was a surgical patient at Charlevoix Hospital from Wednesday to Monday.

Mr. and Mrs. Henry Vander Ark left Saturday for Kalamazoo where they spent the weekend with relatives. From there they plan to go to Florida for an extended visit.

James Timmer of Detroit spent the weekend with his parents, Mr. and Mrs. John Timmer.

Mrs. Herbert Peebles who had been a patient at Charlevoix hospital for a week submitted to Surgery Saturday morning.

Mr. and Mrs. Charles Manke of Detroit were weekend visitors in the Zel Bricker home. Mrs. Bricker is a sister of Mr. Manke.

Mr. and Mrs. Julius Rubingh and children of Grand Rapids were weekend visitors in the August Postmus and Mettus Rubingh homes. Miss Martha Postmus who had visited in Grand Rapids the past week returned with them to her home.

Mr. and Mrs. Miner Veenstra were recent visitors in Detroit where they were guests of Mrs. Veenstra's brother-in-law and sister Mr. and Mrs. James Landis.

Sunday dinner guests in the Miner Veenstra home were Mr. and Mrs. Hal Fortbeig and children and Mr. and Mrs. James Whitley and family all of Charlevoix.

Mr. and Mrs. Veenstra attended the funeral of Mrs. Winnifred Bambach Tuesday afternoon held at the Community Church of God in Charlevoix.

Rev. and Mrs. Edward Boeve were in Grand Rapids from late Monday to Wednesday and also attended the Calvin College Homecoming.

### SPORTSMEN CLUB ELECTS OFFICERS

At the February meeting of the Ellsworth Sportsmen Club held Thursday evening, the following officers were elected: Charles Edson, President; Si Doctor, vice-president; Robert Smalley, Secretary-Treasurer; and George Koster Executive officer. Si Doctor and Nathan Carpenter served lunch following the meeting.

### VILLAGE CAUCUS

Village Caucus will be held Thursday evening, February 12 at the Ellsworth Community Hall. If you are a resident of the village, remember that voting is both a duty and privilege so come to vote.

Mrs. Harold De Young, Mrs. Paul Doctor, Mrs. Lewis Essenberg and Mrs. Ted Essenberg were hostesses at a stork shower honoring Mrs. Peter Pott and baby Milton Dean Wednesday evening in the parlors of the Atwood Christian Reformed Church. The evening was spent playing appropriate games and viewing the lovely gifts presented to Mrs. Pott. A delicious lunch was served by the four hostesses.

Mrs. Gerrit George Drenth was hostess at a party Saturday afternoon in honor of her daughter Thelma's eleventh birthday when she entertained the girls of the 3rd, 4th and 5th grades at her home. The afternoon was spent playing games after which Mrs. Drenth served a delicious lunch and Thelma opened the many lovely gifts.

Mr. and Mrs. Claude Dawson and daughters were weekend visitors in Grand Rapids.

Robert Smalley returned Tuesday of last week after a week's visit with relatives in Southern Michigan.

Watch your marketing and make sure you are not paying for inedible foods—such as the waste on some vegetables and the excessive bone and fat in some meats, Michigan State College home economists remind you.

Chief Nickel Consumers During the year 1949 more than 88 per cent of the refined nickel produced in Canada was consumed in the United States, Great Britain and Canada.

## MICHIGAN OUTDOORS NEWS

More than 14,000 Michigan deer hunters will receive brief post card questionnaires during the next few weeks, asking cooperation in the conservation department's quest for accurate deer information.

From 3,100-3,500 archers are included in the survey, about 11 percent of the total who purchased licenses. The remaining 11,000 are firearm hunters and represent about 2 1/2 percent of the total who purchased licenses.

Mailing of the questionnaires will get under way shortly. Game men hope for good cooperation, saying they need close to 100 percent return of the cards to make the survey accurate.

If the first card isn't answered, follow-ups are slated, with a personal interview by the area game man planned if all else fails.

Archers are being asked if they were successful, in what counties they hunted, sex and age of deer taken and approximate location where deer was killed.

Firearm license buyers are being asked if they hunted, dates and location of hunt, success and place where deer was shot.

The surveys were planned under direction of specialists at the University of Michigan and Michigan State College. Information gained from the post card census will supplement the hunter report card survey and the highway checks made during hunting season.

Conservation department aerial and ground observers throughout the state checked for billed noses recently and estimated that more than 174,000 ducks, geese and swans are spending the winter in Michigan.

Apparently as lazy as weather permits, the webfoot fraternity instead of flying south, is making use of water and feeding beds left ice free by the open winter. The 174,000 total is highest in the

five-year history of the census. Previous high occurred in 1950, when 144,000 birds were counted.

The survey was made in cooperation with the U. S. Fish and Wildlife Service as Michigan's contribution to the continent-wide poll made each year.

Canvasbacks, scaup and golden eyes represented more than 60 percent of the total. Other types seen in large numbers included black ducks, mergansers and mallards. Also, nearly 13,000 Canada geese were seen, principally in the southwestern corner of the state, and about 500 swans, mostly in the southeastern concentration areas.

The southern lower peninsula registered 88 percent of the wintering population, the northern lower peninsula about 10 percent and the upper peninsula about two percent.

Several teams from the Men's Bowling League entered in the State Bowling Tournament held in Detroit this year. Some of those who were down trying their luck this past weekend included: Greg. Boswell, Joe Bugal, Chris Taylor, Bill Taylor, Leo Dipzinski, Andy Anderson, Joe Wilkins, Jim Lilac, Julius O'Brien and Ken Diller, Burl Braman, Stu Atkinson, Alex Sinclair, Max Damoth, Gib Sturgell, Ed Maxwell, Ed Nemceek, Abe Cole, Jay Hite and Dave Pray.

Mrs. Gabriel Thomas and son Jack were in Saginaw, Sunday visiting her brother Clarence Healey, Jr.

Have your curtains either short or long—not in between, recommend specialists at Michigan State college. The in-between length that ends half-way between floor and sill looks like you ran out of material, they say.

Here's A Tip  
for You

I am a member of the American Legion Auxiliary, and if I didn't knock on your door last week, I will this week.

I am selling subscriptions to The East Jordan News.

In buying one, you will help us and help yourselves too. We need funds to help pay for kitchen equipment at the American Legion Home. You need the paper to give you the inside track on all the goings on in East Jordan . . . and to keep you posted on the bargains down town . . . like those dollar day bargains in this week's issue.

You get 52 issues for \$2.50. If you already have a subscription, why not buy a second year's . . . or a subscription for an out of town relative or friend. They like to hear about the old home town too. And say, there's a special price for that favorite service man of yours. Ask me about it when I drop in at your house.

I'll be looking forward to seeing you,

THE MEMBERS OF

The American Legion  
Auxiliary

**ORCHARD NOTES**  
 By C. Fairman

**GROWING SWEET CHERRIES IN CHARLEVOIX AND ANTRIM COUNTIES, MICHIGAN**

Markets for sweet cherries are very good. Canning factories will take them, the maraschino plants and the fresh fruit markets in Detroit will take them as well as some trucker trade. Some sweets are canned for diabetics at a slightly higher price.

For shipping, the trade wants them sorted and with the stems left on, either clipped with shears or pulled with stems on and packed in 12 pound flats or similar small packages. The old time pickers could clip more cherries than they could pull.

The western cherry sections are fairly full of trees and Michigan has planted rather heavy during the 40's.

The maraschino trade is filled up at the present time from local cherries as well as imported cherries. Canning prices are lower than they should be for sweets at this present date considering the cost of growing. Frozen food lockers pay a good price for pitted sweets, also big city wholesale markets where they re-ship. Truckers pay a fair price, where and when they can be obtained, for cherries pulled in lugs.

Sweet cherries should be planted on higher elevations for higher mid-winter temperatures as well as better drained soil. Some flats that will grow apples and

**Charlevoix Co. Farmers Get F.H.A. Money**

Emmet and Charlevoix county farmers received \$103,430 in Federal Farm Home Administration loans during the past year through the Petoskey office, Supervisor Carl Brown said today.

This is \$81,430 over the regular allocation but because a number of counties didn't use their quotas, Emmet was allowed more. Brown said loans were still being granted, but he didn't know how long this would last before he was "out off."

The amount loaned is more than normal, Brown said.

Bulk of the money was used to fertilize and seed, he said. Production loans went to 35 persons, two went for housing and one for real estate.

The five per cent interest charge pays costs of operating the local office, he said. All loans are supervised and farm management service is furnished to each borrower.

During 1953 the emphasis will be on better livestock, especially in dairy cattle, and in more use of fertilizer.

**REASON GIVEN FOR THE INCREASED amount loaned this past year was higher operating and expansion costs due to inflation.**

Charlevoix county real estate borrowers held their annual meet yesterday (Wednesday) at Rock Elm Grange Hall, Emmet real estate borrowers will meet Feb. 18 at West, Traverse Town Hall.

**Government Buys Dairy Products To Keep Farm Prices**

The Government is making dairy products purchases to support farmer prices for milk and cream.

F. M. Skiver, Chief, Bureau of Dairying, Michigan Department of Agriculture reports inspectors are sampling and grading products purchased in Michigan.

During December, inspectors graded and sampled 788,000 pounds of dry skimmed milk, 220,000 pounds of American cheese, and 190,000 pounds of butter.

During the first four weeks of January inspectors sampled and graded 11 carloads (550,000 pounds) dry skimmed milk, 4 carloads (160,000 pounds) of American cheese, and 26 carloads (1,040,000 pounds) of butter for offer to the Commodity Credit Corporation.

Increased milk production has brought a surplus of butter and cheese at a time of the year when we are usually drawing on storage stocks of butter, they say.

Increased production in Michigan is due to better feeding to increase production per cow and to an increase in number of cows milked. Lower beef prices have undoubtedly lengthened the lives of many dairy cows and left them on the farms where they are producing milk.

Many of the fluid milk markets that were rather short of milk in October are already selling surplus milk to be manufactured into butter. Michigan butter and cheese production during November and December was about 20 percent above the same period a year ago.

An adequate breakfast has a basic pattern that includes fruit, cereal, milk, toast or muffins and butter or margarine. Add a cup of hot coffee, if you wish, and substitute an egg once or twice a week for the cereal. That is the advice of Michigan State College nutritionists who remind you that one-fourth of the food energy each day should come from a hearty breakfast.

**NEWS FARM PAGE**

**SOUTH ARM NEWS**

The South Arm Farmers Union met at Mike Eaton's home with a good attendance Saturday night.

Mrs. Alfred Dougherty and children spent the weekend at the Henry Dougherty home.

Mr. and Mrs. Howard Somerville spent Saturday evening with Mr. and Mrs. Kenneth Isaman, Sr.

Mr. and Mrs. Carl Elsworth were Tuesday dinner guests at the home of his cousin, Mr. and Mrs. Glen Horning of Petoskey.

Mr. and Mrs. Carl Elsworth called on Mrs. Frank Wright at Grandvue Hospital Tuesday.

Mrs. Bob Pearsall, Mr. and Mrs. Harry Pearsall and Mr. and Mrs. Don Pearsall were Sunday guests at the Claude Pearsall home.

Mr. and Mrs. Ed Lehrbass called on Mr. and Mrs. Wally Goebel Sunday evening.

Don Graham is home on furlough from Fort Riley, Kansas. He reports at Fort Devens, Massachusetts on February 14th.

Mr. and Mrs. El Hart went to Mancelona, Saturday. They also called on his brother, Mr. and Mrs. Arnold Hart of Chestonia.

Mrs. Wally Goebel and Mrs. Harold Goebel attended the Verena Leu and Stanley Sweet wedding Saturday at the Lutheran Church in East Jordan.

Wayne Murphy, Roy Elsworth, Nancy and Deanna Lehrbass are all sick with the flu.

**PENINSULA NEWS**

The Peninsula Grange Ladies Aid met with Helen Kloster on Thursday afternoon. After the meeting the afternoon was spent playing bingo. The next meeting is to be held on March 5th at the home of Ellen Sherman.

Marjorie Chanda was a supper guest at the home of Mr. and Mrs. William Zouiek and family Saturday night.

The Boyd Crawfords were callers at the home of Lyle Peters Sunday afternoon.

Mr. and Mrs. Alfred Crowell were Sunday dinner guests of Mr. and Mrs. Cash Brooks of Boyne City.

Genevieve Palmiter spent the weekend with Ruthann Crowell.

Mr. and Mrs. Jim Chanda and family spent Sunday evening at the Albert Chanda home.

**Start 4-H Foundation Fund**

Officials of the newly formed Michigan 4-H Club Foundation look happily at the first contribution to the fund to expand the 4-H Club program in Michigan which was presented by four Michigan racing associations. It was a check for \$25,000, the first of ten annual installments of a like amount to total \$250,000. Officials of the foundation are, left to right: F. H. Coward, Lapeer banker and treasurer; George A. Haggerty, Detroit attorney and foundation chairman, and A. G. Kettunen, state 4-H Club leader at Michigan State College and secretary. The foundation hopes to raise more than two million dollars to expand the 4-H Club program in many ways. Initial goals include funds to build a 4-H Club Center in northern Michigan to provide camping facilities; promotion of 4-H Club programs for urban boys and girls and an exchange of living experiences between rural and urban youth in Michigan.

**Curing Pork, Corning Beef, On The Farm**

Making pork sausage, curing pork and corning beef to your taste can be done on the farm these winter days. No fancy equipment or recipes are needed, reminds Lyman J. Bratzler, meat specialist with the Michigan State College animal husbandry department.

Curing pork requires following of a few basic rules, he advises. If the pork is home-dressed, chill the carcass quickly and cut it into cuts your family prefers. Hams, bacon, shoulders and even pork loins can be cured and smoked at home.

There's a good recipe for curing 100 pounds of pork by the sweet pickle cure: Into a clean stone or wooden barrel put eight pounds of salt, three pounds of sugar, three ounces of saltpeter and five gallons of water. Pack the 100 pounds of meat in so that the liquid covers all of the cuts. The curing can be done in any room where the temperature does not go over 45 degrees Fahrenheit. A 15-pound ham will cure in 45 days, a 10-pound ham in 21 days, other cuts in proportion to their weight.

The final step in curing pork is smoking. Any hardwood—hickory, maple, oak—can be used. Corncobs are a good substitute, suggests Bratzler, but don't use soft woods as they may give the meat a bitter taste. A minimum smoking time is 24 hours and longer smoking will mean the meat will keep better.

Beef can be corned in substantially the same way and here's Bratzler's recipe for 100 pounds: Into a solution of eight pounds of salt, three pounds of sugar, four ounces of baking soda, two ounces of saltpeter and four gallons of water, put your favorite corning cuts—boneless brisket is a good one but other beef can be corned. A brisket will corn in 12 to 15 days. As a rule, corned beef is not smoked.

Bratzler says that country pork sausage can be easily made to suit your taste: Use fresh trimmings about three-fourths lean and one-fourth fat. Cut them into one-inch cubes and spread them on a table. Seasoning for 100 pounds of sausage could be about one-and-a-half pounds of salt, four ounces of ground black pep-

**Local Pickle Growers To Get Better Advice**

Heinz pickle growers around East Jordan and Ellsworth will receive important growing information from the company in 1953.

They say better rotation, usage of proper fertilizers and disease resistant seed upped average yields 25 percent last year; and even greater improvement is possible in 1953.

This is especially likely in areas where spot rot is a problem, since the company will have ample spot rot resistant seed for growers needing it.

Also there will be plenty of mosaic resistant seed where this disease has affected yields before. Risks in growing cucumbers because of these two diseases have been practically eliminated.

It is pointed to as the first big advance in cucumber growing since the crop was introduced into Michigan.

East Jordan Boyme City  
LE 6-2901 JU 2-6651

### Sports Talk

by LEON BARTLETT

Hi, Sportsfans,  
To sum up the basketball schedule for the past week: Boyme City defeated Mancelona 50-39. Boyme led throughout the game and won its third victory in a row. Shorty Smith scored 14 points for the Ramblers and Dick Derrer also scored 11 points for Mancelona.

In another class C Conference game, Gaylord defeated Pellston 75-52 in a good game all the way. Frank Karawoski scored 21 points for the Blue Devils and Merlyn Davenport 16 for Pellston.

East Jordan had a game scheduled, but because of a flu epidemic the game was cancelled with Harbor Springs. The game is now scheduled to be made up on February 24th. No other games were played last Friday.

The Conference standing is now as follows: Charlevoix 7 wins, 1 loss; Gaylord 7 wins, 2 losses; East Jordan 5 wins, 3 losses; Harbor Springs 3 wins, 4 losses; Mancelona 3 wins, 5 losses; Boyme City, 3 wins, 6 losses; and Pellston 1 win and 8 losses.

Harbor Springs seems to be upsetting and breaking more records than any other team in the conference. They won from Charlevoix, making Charlevoix's only loss for the season. And they won from Ellsworth who had 12 wins in a row.

In East Jordan High School Bowling league, Sommerville's team is in the lead with 10 wins and 2 losses. Clark has 8 wins and 4 losses. Chanda—6 1/2 wins and 5 1/2 losses. Olson—4 1/2 wins and 7 1/2 losses. DeHaven—4 wins and 8 losses and Darbee—3 wins and 9 losses. Floyd Detloff topped the high single game with 189 and high series with an even 500.

Want an evening of fun? Then come to the Sock-Hop February 18, at 8:30 p.m. in the East Jordan High School Gymnasium.

The "Queen of Hearts," chosen from the Sophomore Class, who is sponsoring the event, will be crowned. Music will be furnished by an orchestra.

### READIN' WRITIN' and 'RITHMETIC

KINDERGARTEN  
Helen Witte

We have so many boys and girls out that one day we had a "housekeeping day." We cleaned out lockers, the block boxes, and the tables. We dusted everything. We learned about the flag and the song "The Star Spangled Banner."

We made Valentine dolls, a Valentine tree and now we are going to make Valentines for each other.

We are sorry Dennis Bradshaw is ill. He has been out so long. We miss him and hope he will be back soon.

FIRST GRADE  
Marion Brooks

Many from our room are sick with measles or the flu. Today, Monday, we have just one-half of our regular number present.

We had a pretty card and note from Terry Lord. This is his second week out of school.

The Rabbits have finished Unit III and Jim Goebel, Douglas Lillac and Dick Eichler have a perfect vocabulary score.

In number class we are making squares and circles. We like this month because it has so many interesting days to celebrate. It also has Dick Eichler and Merry Eaton's birthdays.

SECOND GRADE  
Agnes Johnston

We have a new February calendar in our room. We marked off important dates that we want to remember. We found that two of our great presidents had birthdays this month, they are Abraham Lincoln and George Washington. David Griffin brought a chart to school showing the pictures of the thirty-four presidents of the United States. We all enjoy looking at the chart.

We are learning "The Song of

### Ellsworth Reserves

The Ellsworth second team promises to continue the current winning streak of the Lancers. The team, composed entirely of Freshmen and Sophomores, have won 28 games and lost three over a period of two years. The star player is Rodney DeYoung, six foot four inch center.

In the first row from left to right are Robert Drenth, Robert Doctor, Rodney DeYoung, Nelson Spoelman and Bill Elzinga. In the second row, Manager Calvin Carpenter, Everett Fiske, Vern Essenberg, Donald Harris, Glen Bradford and Coach Eugene Inman.

Rainbow Bar G	12 1/2
Homestead	11
Don's	10
Townhouse B	8

HIGH SCORE  
Rainbow Bar B, Bill Rebec and Ed. Nemecek.  
Rainbow Bar G, Floyd Morgan and Bob Reid.

week on prune raising in the Santa Clara Valley in California. It was a story of how Louis Peller started the industry by grafting shoots of the French prune brought over from Europe to the root stock already started here.

### SIXTH GRADE Alma Larsen

We have been enjoying the skating pond very much and wish to thank the committee who have made it possible.

Bob Detloff brought two small eel and some minnows to show us how eel attach themselves to fish and finally kill them.

Mrs. Larsen brought a chart showing all of the presidents and historical events up to the present day.

We have a bulletin board showing inauguration pictures and news clippings.

For art, class we drew trees showing snow on the branches using a black and white color scheme.

In arithmetic we have been making scale drawings. Some of us drew floor plans to a scale. Our bulletin board shows a "Winter Sport" scene.

We have finished our health books and have started Science for the second semester. Our first unit is on airplanes.

Carolyn Malpass gave an experiment proving that air pushes upward. Allen Shepard also gave a demonstration proving that air can push upward with enough force to overcome the downward pull of gravity.

Keith Danforth and Paul Bowen are working on an experiment with jet propulsion to show how a backward rush of gas can drive something forward.

Our 4-H sewing girls meet every Wednesday, 2:00 p.m. with Mrs. Wm. Malpass as leader. Achievement Day will be April 6.

In English we have been learning about adjectives and adverbs. We find them quite difficult to master.

We are planning a Valentine Party for our room on Friday.
