SPRING OVERTURE

The Promise Of Spring

No matter what the calendar says about the Vernal Equinox coming on March 21, Spring arrives at the moment when, whether before or after that exact date, it reveals its promise through a bud, a bird, or a certain balm in the air.

And how wondrous it is, the Promise of Spring. How certain, assuring: it's coming again! Again birds will sing, again flowers bloom. Can you doubt it? The gloom, the dark, cold, disappear. The warm sun, the soft rain, melt with the snow Doubt and Fear.

You know Spring will come—that is Faith, renewed, renewing the soil of the earth, the souls of men . . . Spring will come again!

New Zealand Beef

East Jordan merchants deserve a pat on the back for the manner in which they have been cooperating with farmers; and for their efforts to make this community a farm trading center.

Farmers called every grocer in the city last week to see if they were selling imported beef at lower prices than home grown meat and discovered that none handled it.

At least one merchant turned away a meat trucker loaded with imported beef. Others said they would not buy it if truckers came around.

We feel that this is a definite step toward cementing city-farm relationships and suggest that additional means be found to make East Jordan more attractive for farm trade.

Merchants Say No New Zealand Beef Offered In East Jordan

Farmers Report Importations Cut Sale Of Home Grown Meat

There is no New Zealand beef being sold by merchants in East Jordan.

That was the announcement made to farmers who hurried to contact local grocers when it was learned that at least six surrounding communities were selling imported meat below local beef prices.

Grocers in the city agreed they would not handle the meat if offered to them; and at least one turned a trucker away from the door.

With beef prices skidding, farmers look with disfavor upon merchants who purchase imported beef to sell below the already falling home beef price.

Local merchants made the announcement Saturday following telephone calls from farmers who look to East Jordan as their trading center.

Farmers say they are slapped with a deflated price for their own stock without a reflection of the lower price on retail markets. To further hurt the sale of home grown meat, merchants in other cities are offering im-

ported beef at much lower prices.

The situation became more important to farmers when it was known there are 92 million head of cattle on U. S. farms—a record for the nation.

Actually American Farm Bureau Federation officers say the whole New Zealand beef issue is a "molehill mountain" gotten up by farm subsidy-minded groups out to undermine Secretary of Agricultural Ezra T. Benson.

It is claimed that 50-600,000 pounds of New Zealand beef was brought into the country. That's less than a single week's supply at Chicago livestock markets and little more than one-two hundredth of the national annual beef output of about 10,000,000,000 pounds.

New Zealand beef is the exchange for the Canadian beef embargoed by United States farm experts say. When United States raised a barrier against livestock and livestock products from Canada because of the outbreak of foot and mouth disease it opened the door to an equal amount from New Zealand.

It is also claimed that no more New Zealand beef will be imported.

FARM ANGER SHOWN

Scattering cries of "boycott" have been voiced in farm areas. Some would have all farmers shy away from merchants who sell imported beef at reduced prices. They believe that home grown meat should be sold on the retail market first; and at prices that reflect the downward trend of prices paid farmers.

Best reports available show national farm price averages slipped one per cent since last December 15. Farm prices had, however, (Continued on Page 7)

Mr. and Mrs. Mike Eaton attended a birthday party for Mary Ann Murray Thursday night at the William Murray home.

The South Arm Extension Club met Thursday, February 19th at the home of Irene Lehrbass with 14 members and three visitors present. Before dinner was served by the hostess, the leaders, Grace Redmer and Bea Graham gave the lesson on "Winter Salads from your basement." They demonstrated the lesson by making two salads for dinner.

The meeting was called to order by the chairman Omata Gobel. Barbara Pearsall and Arvita Liskum became new members of the club. Dues for the month were collected.

Shirley Schumacher invited the group to meet at her home March 19th.

IMP-LINGO

By THE IMP

Hi, Jordan,

Oh, brother! I got caught again! Will I ever learn to get a hall pass? But the Monitor System sure is cutting needless hall traffic. Many thanks to our Student Council for helping to better our school.

Congratulations to the Sophs and their advisor, Mrs. Karr, for "the best dance of the year." (So far, that is, for we haven't heard from the Juniors on their Prom yet. . . .) Also to Jean Dressel for a charming reign. Here's hoping the "SOCK HOP" will be an annual affair!

While I was peeking out a hole in my date's sock at the HOP, I saw a number of Ellsworth and Boyne City kids. I also saw quite a few from E. J. For instance. . . . Bob Russel, Kathy K. . . . Margarge L. "Shorty" Smith of Boyne City.

Speaking of Boyne City, that sure was a fine game last Friday night boys. Hat's off to you and Coach Saxton.

The second team played a swell game too. You made a fine showing even if you didn't win. Keep up the good work.

To name a few twosomes I saw at that game. . . . Marg Z., Art T., Kay H., Elmer O. . . . Bob M., Martha G.

Has anyone noticed how Sally S.'s eyes have "that" look? Could it be that Norma M. was home last week end?

Dear me, everybody is going steady!!! I just couldn't help noticing that a class ring is missing from a boy's finger. . . . and he didn't lose it either! Who can they be? (as if I didn't know) Congratulations you two! Has any BOY got a ring for my empty finger???

News has gotten to me that those who went to the Juniors-Senior party had a swell time. How about another contest??

It seems E. J. H. S. has an expert Barber among them. What do you think of him, Jerry O.?

On the subject of experts. . . . chess player Ron W. has been visiting Judy M's home very steadily these past few weeks. How's the game coming, you two?

Speaking of the Wilson's. . . . it seems Denny walked in his house the other night and found the living-room lights off!! There is much more to the story but I suggest you ask Denny. I'm sure he can tell it better!! How about it, Denny?

It seems a "certain" Junior is interested in a "certain" 8th grader. Tell me more!

Attention classical music lovers. Those interested in learning the art of playing the mouth organ before the 5th hour English Class, please contact Miss Scott or Mr. Downing. . . . these two are EXPERTS on the subjects. . . . or so those who were in the library tell me.

Oh, dear, it's late and I have a lot of make up to do. That's what you get for leaving town to see a dog about a bone.

'Bye for now. Your studying fiend and friend. The Imp

Regrouping Of North Counties Is Studied

Reapportionment of state legislative districts, including those of the Northern Michigan area, is among important business before the state legislature as the result of adoption of the reapportionment proposal by the voters in the last election.

Among proposals to increase the size of the Emmet-Cheboygan district which is now less than the 31,850 minimum population for legislative districts under the new apportionment, is one to add Otsego county to that district with its 6,435 population. Emmet and Cheboygan counties now a combined population of 30,265. This proposal is favored by Rep. Hugo Nelson of Indian River, present representative for the Emmet-Cheboygan district.

Under existing apportionment, Otsego is included in what is known as the Presque Isle District with Crawford, Montmorency, Oscoda, Presque Isle and Roscommon counties, with a total population of 35,757 which more than meets the population requirement.

Other proposed groupings would be Otsego, Oscoda, Emmet and Presque Isle; Cheboygan, Presque Isle, Montmorency, Otsego, Crawford and Oscoda; and Emmet, Otsego and Charlevoix.

Al Chanda of the U. S. Army stationed at Fort Knox, Kentucky spent the weekend with his parents, Mr. and Mrs. Albert Chanda and family. Al and Mr. Avery and John McGeorge drove through in 13 hours. Al states that the leaves are out in Kentucky and the grass is green.

Ruth Ann Crowell spent Thursday with her uncle, Mr. and Mrs. William Gaunt, Jr.

Those getting over the flu are the Chanda and Barber families and Charles Arnett.

Seven attended the soil meeting at the Alfred Crowell home Thursday afternoon.

director of Michigan District Health Department No. 3.

The adoption of the ordinance is a symbol of progress toward better conditions in all establishments where food and drinks are served. Dr. Litzemberger continued. It will give the community a higher level of excellence in sanitary control of such establishments and will result in a healthier community.

Chief factors in the ordinance call for periodical check-ups for restaurant employees, the granting of food-handling cards, sterilization of glasses and dishes, disposal of waste and garbage, regulating sanitation of wash-rooms and general sanitary conditions.

The ordinance also covers "transient" restaurants such as operated at carnivals and fairs as well as special meals served by churches and lodges.

The ordinance is enforced by the city health officer or his representative.

Following inspection of the eating or drinking establishments, owners must then display placards supplied by the inspector in which the establishments are graded "A", good; "B", fair; "C", poor.

The provisions of the ordinance give restaurant owners a year from the time of its adoption to effect major alterations to the buildings if they do not already comply with the principal provisions of the ordinance.

Dan Thomas of Flint spent the week end with his parents, Mr. and Mrs. Gabriel Thomas.

The ELLSWORTH Story

HONORED AT SHOWER

Mrs. O. M. Peterson of Lansing was honored at a bridal shower in the Charles Edson home, Saturday evening, February 21, Mrs. Peterson was formerly Isabel Edson before her recent marriage in Lansing.

The evening was spent playing games and visiting. After the guest of honor opened her gifts lunch was served by the hostesses, Mrs. Grant Hastings, Mrs. Ben Chellis, Mrs. Emery Wilson and Mrs. George Koster. Mrs. William Patterson and Mrs. Henry Elzinga who were also hostesses were unable to be present since the Pattersons and Elzingas were out of town visitors.

FORMER RESIDENT DIES

Forest E. Taylor, 65 former Ellsworth Resident passed away at his home near Riverside, Iowa of a heart ailment February 13. Mr. Taylor was born in Ellsworth, July 30, 1887 and lived in this vicinity until 1927 when he moved with his family to Iowa. His wife Charlotte passed away two years later and was returned to Ellsworth for burial. He is survived by two sons and one daughter Howard of Masonville, Iowa, William and Mrs. Vera Gienapp. One sister, Mrs. Clarence Fales of Central Lake. Also five grandchildren.

The boy arrived by train Saturday afternoon and remained at the Hastings Funeral Home until time for funeral services which were held Sunday afternoon in the Ellsworth Pilgrim Holiness Church with Rev. Herbert Diller officiating. Burial in Ellsworth Cemetery.

Don't reduce the light in your rooms with draperies, urge Michigan State College home economists. If you use draperies, extend them out over the wall, not over the light-giving window, they say.

MEETING OF BENTLEY HILL FARM BUREAU

Bentley Hill Farm Bureau, met February 19 getting an early start at the business meeting with 24 present.

The tax on farm tractors was discussed and the group resolved that the tax on farm tractors be limited to a personal tax as long as possible. If changed to a weight tax and license, plus personal tax, we feel that the same personal tax should apply to trucks on the highway.

The Farm Bureau Women's Committee will meet with Mrs. Harm Sitzema the second Tuesday in March.

Mrs. Sitzema would like to have all the Bentley Hill Farm Bureau Women hand her the aprons they are making for Meadow Brook hospital on or before that date.

Rose Carpenter, Lila Carpenter and Mildred Matchett served cherry pie, sandwiches and coffee.

HONORED AT SHOWER

Mrs. Leonard Strange of Flint was honored at a pink and blue shower, Wednesday evening, February 18 at the Peter Van Der Slik home in Atwood. Approximately 20 guests enjoyed an evening of playing games and visiting.

Mrs. Strange opened her many lovely gifts after which lunch of coffee, barbecued hamburg buns, cookies, cake and ice cream was served by the hostesses, Mrs. Peter Van Der Slik and Mrs. Sam Kelly.

PTA OPEN HOUSE

A good number of parents and friends attended Open House at Banks PTA Tuesday night, February 17. After the group had visited the different rooms and received the various exhibits, a short program was enjoyed. The girls quartet composed of Joan Edson, Sue Kaley, Rose Lynn Carpenter and Betty Lou Jones, sang a few numbers.

Several members of Mr. Inman's speech class were introduced by Mr. Inman: Everett Fikse very cleverly gave a Negro dialect reading: Marilyn Goeman, a Blue and Karen Campau gave a humorous reading on the difference of a boy friend teaching his best girl how to drive a car and friend husband teaching the little wife.

Rev. Fikse of the Atwood Reformed Church gave a short talk on the responsibility of the par-

ents in the home and the teachers responsibility in the school, the parents as the first teachers of their children have the God-Given Natural responsibility and authority, and how they perform their duties with their children will determine how well the teacher can train them when they do start to school. Too, that our home, our church, our school and our PTA are just what we make them.

Mrs. Helen Marker of Bellaire, gave a short talk on what the Red Cross is and will be doing and the need for a good response in the annual drive next month. The Red Cross has been assigned the task of obtaining blood to provide the necessary derivative for fighting polio and also has had calls on its funds because of the flood disaster in the Netherlands and vicinity.

Also, Mrs. Marker and Mr. Smith, superintendent of our school announced that anyone wishing to enroll in the adult First Aid Class may see Mr. Smith or Grant Hastings.

An offering of \$20 was taken to give to the Polio Fund.

At the close of the meeting Mesdames Lynn Carpenter, Kenneth Peebles, Si Doctor, Jack Porbles, Peter Van Der Ark, Jake Tornaga, Nathan Carpenter, Claude Fairman, and John Tiltonson served lunch. Mrs. Ray Strange also on the committee was unable to attend.

Mrs. Potter's room again received the money in the "kitty" for having the largest percentage of parents present.

Planning Lawn? Right Seed Helps

The secret of seeding a good lawn this spring lies, among other things, in the type of seed that is planted, stress MSC scientists.

Suited to Michigan climate are Kentucky bluegrass, red fescue or rough bluegrass, point out James Tyson, soil scientist, and Buford, Grigsby, botanist and plant pathologist.

These varieties can be planted without a nurse grass such as redtop or domestic ryegrass, but the average lawn-grower will get better results with a nurse grass. A white clover mixture is also good.

Their new bulletin E-224, "Growing Beautiful Lawns," is available from county agricultural agents or by writing to the Bulletin Office, Department of Information Services, Michigan State College, East Lansing.

Mrs. Christine Hilliard has returned to her home here after spending the past two months with her daughter and son-in-law Mr. and Mrs. Allen Gibson at East Lansing.

Miss Elaine Gunther daughter of Mrs. Julia Rude, has completed her training at Ferris Institute at Big Rapids and is now teaching at Fremont.

Mrs. Joseph Pienta returned to her home, Wednesday from the Osteopathic Hospital at Traverse City, where she had been a surgical patient.

A Little Old Railroad That Lost It's Engine

The Interstate Commerce Commission has been put deep in a quandary by a little New Hampshire Railroad that has lost its locomotive and can't tell where to find one.

The railroad—the 25-mile Suncook Valley—went out of business in mid-December and it is now up to the ICC to decide whether it must resume operations.

But the commission—which has taken as long as 466 days to decide on urgent railroad matters—might as well let this one go on forever.

If it says no, the railroad does not have to resume—it won't.

If it says yes, it must—it can't. The tiny line had run between Concord and Pittsfield for 85 years—the last 10 in the red—when it petitioned the ICC and the State Public Utilities Commission for permission to suspend operations and take up the tracks for scrap. But a number of manufacturing plants objected.

On December 16, General Manager Edmond J. Stapleton reported \$9.07 in the treasury. At the same time, the road's 20 employees were owed two weeks' pay and a \$2,000 installment on its only locomotive was overdue.

Mr. Stapleton refused freight deliveries and closed shop. The state commission upheld his decision and the freight question is now in the hands of the ICC.

Meanwhile the General Electric Company had repossessed the locomotive.

The railroad's bad luck continued through its last run on December 16. The journey from Concord to Epsom was without incident, but while the train was pulling out of the Epsom station the last two cars jumped the tracks.

The engineer and brakeman quickly uncoupled the cars and the train rolled on to Pittsfield without them.

Big Secrets For The Little Housewife

When using patching plaster, mix it with vinegar and it will not set so quickly.

Meat cooked in water or steamed is juicier if cooled in the broth for an hour or more.

Before you go out in the cold to hang clothes, sort small articles such as socks and handkerchiefs. Pin on clothes hangers.

Cover boxes with assorted gift papers. For a quick wrapping job later, all one has to do is tie a box with ribbon.

When mending wallpaper, tear the patch instead of cutting it. Torn edges blend in with the design.

Clean lint and fuzz from the moving parts of your sewing machine easily and quickly with a pastry or typewriter-cleaning brush. Then oil the machine.

Any time is honey time — try putting honey in milk for the youngsters, or mix it with nuts and use it as a topping for ice cream.

All frozen foods are readily subject to bacterial action as soon as they have thawed. Therefore, it is necessary to use thawed foods immediately.

If you hang washing outdoors in cold weather, wear a pair of rubber gloves over a pair of cloth ones. The rubber gloves will help your hands to stay warm and dry.

When you are doing patching or mending, spread a newspaper on the floor by your chair. The paper can be gathered up and disposed of and the room will remain tidy and neat.

By using clear varnish or wax on a yardstick or curtain stretchers, the numbers and dividing lines will stay clear and easy to read.

To make a quilt that needs no padding or quilting, use discarded shoulder pads. Sew two triangular pads together, making a square. Cover with attractive print cloth and whip squares together.

Divide the closet that two teenage daughters must share. Paint half the inside wall blue, and paint hangers to match; paint the other half pink, with pink hangers—or use another combination of colors. Avoids arguments about who is taking the most closet space.

Force wood glue into furniture joints with an ear syringe, to strengthen the joints without taking furniture apart. Wipe away excess glue. Clean syringe immediately, but don't use it for ears again!

Sports Talk

by LEON BARTLETT

Hi, Sportfans,
Well, this is the last week of the regular basketball season, but the tournament is coming up. It seems like the season went very fast this year. And in the coming tournament I'll bet that you will find most anything can happen. During the season two top teams were defeated by the lowest teams. And the outcome of the tournament will be entirely up to the team, whether it is "hitting" or not. There will be real competition between Charlevoix, East Jordan and Gaylord and we may find some of the other teams coming up too.

By defeating Harbor Springs Charlevoix makes sure of the first place spot of the northern Class C Conference. Charlevoix who has won all its games with the exception of one loss to Harbor Springs, has only one game to finish up the season. In their last game, the Rayders will play Gaylord which will be a very good game and may determine the second place position.

In last week's games East Jordan defeated Boyne City for the second time of the season with a final score of 51-47, and Gaylord took Mancelona at Gaylord by a score of 76-60, Charlevoix defeated Harbor Springs 64-51, and in a non-conference game Pellston lost to Onaway in a close game of 48-44.

READIN' WRITIN' and 'RITHMETIC

FIRST GRADE

Marion Brooks

Mrs. Brooks is happy to be back again in her class room and wishes to thank all the teachers and pupils who helped to make her forced vacation more pleasant.

We made a Lincoln Book and today we are making one for Washington. We find the picture prints from the office a great help to us in making these books.

The Rabbits have finished "Fun with Dick and Jane" and have hopped right into "Our New Friends"

SECOND GRADE

Agnes Johnston

Each day, during our reading classes, we are taking a little time to work on the Dolch reading list. We think it will improve our reading by mastering the little words found in the list.

We made covers for our new February spelling booklets. The Valentine motive seemed to be the most popular design on the booklets.

In the game at Boyne City, the local East Jordan Red Devils led throughout the game. At the first quarter the score was 13-6, 20-19 at the half, 37-32 at the third quarter with the final score 51-47. Warren Frank was high score man for East Jordan with 17 points and Shorty Smith was high score man for Boyne City.

Before the Tuesday night games, the Conference standings are as follows: Charlevoix 10 wins and 1 loss, East Jordan and Gaylord 8 wins and 3 losses, Harbor Springs 6 wins and 5 losses, Boyne City and Mancelona 3 wins and 8 losses and Pellston 1 win and 10 losses.

During our language periods we have been talking about good table manners while we are eating. Jolly Jingo, a character in Our Weekly Reader, suggested we all join the Neat Eaters Club. We think his suggestion is a fine one, and one that can be put to practice every day when eating our noon day lunch.

Mrs. Johnston is reading to us "The Bobsey Twins in the Country" by Laura Lee Hope. The children in this story like to do many of the same things we like to do.

The story, "George Washington and the First American Flag" was brought to school by Marlynn Hughes. The story told how our flag happened to have five pointed stars instead of six pointed stars. George Washington asked Betsy Ross to make our first American flag.

David Griffin is back in school. David was out due to illness.

Mrs. Holley, Jerry's grandmother, visited our room last Tuesday morning.

Monday, Sally Gidley showed us her shell collection. Many of the shells came from Florida.

FOURTH GRADE

Grace Galmors

Monday morning Beverly Snyder and Virginia Donaldson were back in school after being out with flu. We were glad they did not have to miss any more work.

In honor of Washington's and Lincoln's birthdays, we learned a poem, "Being a Hero." Our teacher also read us the book "Lincoln and His Times" by Meadowcraft.

Thursday, the 19th, we saw the movie "New Mexico Intertribal Ceremonial Dances." This gave us a chance to see many different Indian costumes and dances.

We invited Mrs. Hughes' room to come in Friday to hear us read the play "Hansel and Gretel." We were grateful to Mrs. Drapeau for coming in early for our music period so that she could play the songs which accompanied the play. Those taking part as characters in the play were: Cathy Kamradt, Gerald Peters, Harold Murray, Loretta Hawley, Don Denzeny, Anette Reed, Yvonne Elzinga, Norma Gee, Donald Johnson and Sharon Hughey. Ronald Sulak was the announcer and all the rest of the room helped out with the singing.

FOURTH GRADE

Jean Strohl

Everyone is working hard in Arithmetic class. Last Thursday we each made a progress chart to show our gains in learning our time tables. Peter Knudsen, Frances Hayes and Judy Jankoviak have had perfect scores. Many of us have only missed one or two.

Last week we saw the movie "Indian Dances." We enjoyed seeing the folk dances of the early Indians. During our gym class we have been learning some folk dances which we enjoy very much.

Judy Jankoviak celebrated her birthday with us February 18th. The room was treated to some very pretty birthday cakes. The boys and girls made cards to celebrate the occasion and shared birthday wishes with her.

Monday we celebrated George Washington's birthday. We learned many new things about the "Father of Our Country."

This week we are trying to become better citizens in the room and on the playground.

Ellsworth Chamber — (Continued from page 1) record as being strongly opposed to construction of a bridge across the Straits of Mackinac. It was pointed out that the proposed project invited unwarranted waste of large sums of money with no prospect of compensating benefits to our communities. It was stressed that the Straits, because of their historic background and picturesque setting, have been a great attraction to people of many states, this asset contributing greatly to our economy and enjoyment; that this asset would be injured, if not totally destroyed, by the construction of a bridge.

Substantial proof was given that nowhere in our country new communities were built because of a bridge, like is claimed for Mackinaw and St. Ignace. That it is hard to find people sitting on benches near bridges watching the cars roll by, while many in both Mackinaw and St. Ignace enjoy the beauty of the Straits and watch the boats float by.

Over 40? Take It Easy With Your Snow Shovel

If you're over 40 and not used to outdoor work, take it easy with the snow shovel. In fact, avoid any strenuous outdoor physical activity during the cold weather, the Michigan Department of Health advises.

Practically all outdoor exertion in cold weather requires more than normal effort and makes the heart work harder. The added strain on the heart can be damaging, particularly to the person of middle age or older.

Even walking in cold weather requires more effort than in the summer. Clothing, shoes, rubbers, overshoes are heavier. Bracing against the wind, walking tensely to avoid slipping, driving tensely on icy roads, wading through deep snow, all tend to speed up heart action.

If you go in for winter sports such as skiing, skating, hunting, fishing and the like, don't overdo. Plan to do these things in moderation.

If you find yourself getting winded, it's a sign that you have done more than you should. Stop what you're doing and rest awhile.

Get the youngsters to shovel the drive and clean the walks. If you do it yourself, take your time.

South Arm Farm Bureau Meeting

The February meeting of the South Arm Farm Bureau was held at the home of Mr. and Mrs. George Klooster. Thirteen members and five guests were present.

Mrs. J. M. Ingalls reported that it was decided at the County Board of Directors meeting that all members wishing to keep their Blue Cross Insurance in force must attend at least two group meetings a year. The Directors also requested that people receiving Blue Cross money toward hospital bills ask for a receipt from the hospital. This will make it possible to ascertain just how much money is being paid out by Blue Cross.

Walter Fowler was chosen as group representative on the County Resolutions Committee.

The topic for discussion concerned the licensing of farm tractors. It was the consensus of opinion that a flat rate of \$3.00 should be charged, and that the tractor be kept on the personal property tax roll. No one felt that a tractor used exclusively on the farm should have to be licensed. After an interesting and instructive bicycle contest presented by the Kloosters and a pot luck lunch, the meeting was adjourned.
