### East Jordan Red Devils Tops In Northern Michigan

#### Win District and Regional Tournaments At Petoskey

Coach Gayle Saxton's Championship basketball outfit moved into the state quarter finals against St. Joseph, of Escanaba at Mt Pleasant last night—the first Red Devil team to sweep the north C play in 13 years.

The East Jordan march to state basketball fame had its beginning when they over-powered Charlevoix in the District Tournament in Petoskey. A one point lead put the locals in the tournament running and set up a series of victories unseen in school here in many years.

In taking the northern regional crown at Petoskey Saturday night the Red Devils came from behind to overrun a fast Marion team in a final spurt that showed the locals real ability, 48 to 43.

#### Ellsworth Marches Through Class D To Quarter Finals

(From Ellsworth Correspondent)

Basketball fans of Ellsworth and vicinity have seen lots of basketball the past two weeks. In Petoskey where the locals won the district meet, and in Traverse City where they won the regional—their first in 25 years thereby giving them the opportunity to enter the State quarter-finals this week in Mt. Pleasant.

Friday night Ellsworth met Mackinaw City in the regional semi-finals, having a comparatively easy time of it and coasting to a 59-36 victory. The locals led in the first quarter 12-7 and at the half 25-18. The third quarter score was 43-27. Jim Smith and Allan Elzinga led the scoring for Ellsworth with 19 and 18 each. For Mackinaw City Morris had 8 while Walters and Marsh had 7 each. Mackinaw City scored 11 field goals while Ellsworth scored 20.

Saturday night found Ellsworth entering a class D game as an underdog for the first time in three years against St. Marys of Leelanau. The first quarter Ellsworth...

Want to fly an airplane. They are for sale over at Ed's Boats and already many youngsters have purchased these sleek models. The suggestion has been made that some one interested might be found to conduct model plane flying contests in East Jordan. Anyone interested in working with youngsters with such a contest is asked to contact Ed's Boats.

There was an error in the price quoted for Romaine's 3-piece bathroom sets last week. See this week's ad for a rock bottom price. Better still, stop in at Romaine Plumbing & Heating and look 'em over.

The closer we come to spring, the faster we should complete our clean-up paint-up fix-up work. Many have already started getting ready for the sunshine months ahead. East Jordan can be the cleanest city in the north through all out cooperation among ourselves.

Twenty happy Red Devils sat down Saturday night to a luscious steak dinner at Andy's. Fresh from copping the northern Michigan Class C regional basketball tournament in Petoskey, the boys were plenty hungry. They enjoyed their special meal with the big, wonderful looking trophy in the center of the table.

An upper peninsula radio station in broadcasting news about the quarter-finals in Mt. Pleasant this week mentioned East Jordan and did a fouled up job of telling where it was located. Which proves we need more and more publicity about the Rainbow City of the North.

The win from Marion came after the East Jordan outfit had beaten Traverse City St. Francis Thursday night, and Cheboygan Catholic Central Friday night.

Marion got off to a fast start and East Jordan looked tired from continuous play. They led the first quarter. In the second quarter East Jordan rallied to tie the score at 13 points. But Marion pumped in five points in less than one minute to lead at half time, 23 to 19.

Calm determination was evidenced throughout the first half by the locals who, although behind showed no signs of becoming flustered.

After a half period rest the Red Devils took fire and became the lively ball club that had whipped Charlevoix, Traverse City and Cheboygan in tournament contests.

They caught up with Marion after six minutes in the third period and plunged ahead 38 to 36 to lead for the first time.

Like clockwork, Keith Evans dumped in four points and Sammy Milstein connected with a free one to open the last period.

With less than 2 minutes to go in the last quarter Marion connected with three to give East Jordan a two point lead. Hayden sunk a long shot followed by one from Dick Freeman to give the Red Devils a six point edge with less than a minute.

Evans made a perfect free one after Marion pushed in two points from under the basket.

The Red Devils copped 10 out of 18 free throws while Marion hit for 13 out of 24.

Sammy Milstein was high with 14 points and Evans second with 12. Marion's Capt. Al Johnson dropped in 22 for the losers.

All three regional tournament games were won the hard way for the Red Devils. Tournament drawings forced them to play each night which cut their endurance at the last contest.

East Jordan went into the quarter-finals at Mt. Pleasant as one of the eight top class C teams in Michigan.

A look at the 1952, 1953 basketball record showed that East Jordan roared from behind in northern Michigan play. They held second place with Gaylord in regular season conference standings.

Put to test in district tournament play their fighting spirit increased and the win over conference leader Charlevoix opened the door to regional opportunity.

## TAYLOR, BUSSLER SEEK THE APRIL 6th ELECTION HERE

### Through The Years

#### American Legion Members Take Brief Look At Years Gone By

(A brief history of the local American Legion post was prepared for reading at the group's celebration of the American Legion's 34th anniversary Tuesday night. The brief was prepared at the request of present Commander Franklin Stucker.)

BY THOMAS ST. CHARLES

December 1, 1919, W. C. Springer formerly Captain in the 37th Division and State organizer for the American Legion met with a group at the Armory and suggested that they organize an American Post in East Jordan. On December 16, 1919 the Charter was granted by State Headquarters and presented to this post. The following officers were elected for the ensuing year:

Post Commander, A. Bruce Dickie; 1st Vice, Joseph Cummins; 2nd Vice, Berl Johnson; Adjutant, A. F. Speltz; Finance Officer, Dr. H. W. Dicken; Chaplain, Rev. M. E. Hoyt; Historian, Ed Kamradt. Rebec-Sweet Post was so named in honor of the first two East Jordan soldiers who paid the supreme sacrifice on the battle fields of France.

The first five years the post was without quarters of their own. Their meetings were held at various places. On January 19, quarters located over Leslie Miles battery shop at the corner of Main and State streets with a supper and smoker. Russell Barrett teamed up with a radio set and entertained the boys for a time. Then came an excellent oyster supper served in a mess hall and followed by coffee and cigars.

In January, 1926 the post moved to the town hall. The G. A. R. had disbanded and had willed us all their equipment and a complete kitchen. We felt the next thing in order was to organize an Auxiliary to help us make use of the stove and dishes and better still, do the cooking. So on February 23, 1926 application was made for a charter which was granted by the department on April 16, 1926. A joint supper was held on October 8, 1926. The town hall had two tenants: The Legion and Auxiliary on the first floor and the pigeons on the second. Due to the fact that the pigeons were increasing their members much faster than the Legion and Auxiliary, the building...

(Continued on page 5)

#### 800 Coming To East Jordan For Scout Meet

Nearly 800 Northern Michigan Boy Scouts will arrive in East Jordan May 22 for a 3-day program of the annual Council Camporee staged by the Scenic Trails Council.

With Harry Watson, of East Jordan and Harvey Bays of Traverse City, co-chairman of this year's LOG JAMoree, the events will be staged on the Charlevoix County fairgrounds, May 22, 23 and 24... Friday, Saturday and Sunday.

A parade will be staged on the Saturday afternoon featuring the Lumberjack theme as well as a pageant camp fire that night. Scouts will camp under direction of their own Scoutmaster. They will be directed in all activities by their patrol leader. That's because points will be awarded on a patrol basis and honors earned by named patrols.

Sunday morning boys attend church of their choice in East Jordan followed by a parents and visitors inspection of the camp site and the conclusion of the Camporee being the popular chariot races and other contests staged for benefit of the public. It will be held Sunday afternoon in the oval of the fairgrounds.

#### Merchants To Meet Tonight

A general evening meeting of the East Jordan Businessmen's Association will be held 7:30 tonight in the American Legion Hall. Coffee and doughnuts will be served. All members have been urged to attend.

#### REPUBLICAN TO EAT

The Michigan Republican State office candidates for election April 6th will hold a dinner at the Gaylord Ski Club 7 p.m. tonight.

CHRIS TAYLOR

#### Clarence Healy, A. G. Rogers On County Tax Board

Clarence Healy and Alfred G. Rogers, both of East Jordan have been appointed to serve one year on the Charlevoix County Tax Allocation Board. Also appointed was William Korhase, Sr., of Boyne City.

The appointments were announced by Judge Floyd A. Supp, who said that other members of the board by reason of their office are:

Lillis Flanders, county treasurer; Catherine Bergeon, county commissioner of schools; and Howard Stephens, chairman, county auditing committee of the board of supervisors.

Fenton Bulow, county clerk, is clerk of the allocation board.

#### Liquor Question To Be Decided By Voters Here

Two propositions will appear on the local ballot for determination by the people of East Jordan at the Spring election April 6th. Voters will decide "whether or not they want the sale of spirits for consumption on the premises." This is sale of liquor by the glass within the city limits.

They will also decide whether or not they want to close 200 feet of Spring street for additional expansion of the East Jordan Iron Works.

#### File For Mayor's Job As Sommerville Quits

Spring politics began to take shape Friday when Chris Taylor of Chris's Men's Wear, dropped his hat into the ring announcing he would oppose Tom Bussler, first ward councilman, for position of mayor in the April 6 spring election.

Bussler, a long-time city office holder, filed petition early; and Taylor's petition reached the city clerk's office just before deadline 5 p.m., Friday.

Political guns were trained upon the mayor's office last week when present mayor Leo Sommerville informed friends he would not be a candidate.

#### Fair Board Books Fun For 1953

The 1953 Charlevoix County Fair will be held at the county fairgrounds here September 8, 9, 10, and 11, secretary Ed. Rebmam has announced.

The four day event will open on Tuesday with programs running Wednesday, Thursday, and Friday. The fair will close Friday night.

The fair board has booked the Ray Williams carnival for rides and midway. The attractions will furnish afternoon, and evening grandstand shows Thursday and Friday. These will be animal and comedy acts.

Horse day is Wednesday with a horse show during the afternoon and a pulling contest at night. The board voted out horse racing for the 1953 event.

#### Ellsworth Group Dumps Water On Bridge Proposal

The Ellsworth Chamber of Commerce, the first civic organization in Michigan willing to stage a strong protest against construction of a Straits Bridge let go a blast that could be followed by others now they have broken the ice.

The board stood strongly behind its opposition to the proposed bridge saying it would have no economic value to this area.

The group contends that "it would invite the waste of large sums of money which when added to the already existing private and public debt and heavy burden of taxation must inevitably lead to chaos and financial hardship to our people."

The chamber also condemned the propaganda of picturing the proposed bridge in glowing terms and predicting benefits for the entire upper peninsula. This, the chamber said, "even common prudence cannot justify."

Mentioning a few, such as expanding lumbering and mining operations, farming and resort expansion, the chamber said both lumbering and mining operations have been greater than they ever will again. A bridge, they say, was not needed for these big operations.

It was pointed out that in the upper peninsula: that by far the greater part of the area is set aside for state and national forests and that farming can only be a very minor factor and only in three or four eastern counties; and not all the 15 counties as claimed.

The chamber said no bridge was needed in the past to lure tourists and resorters to the area; but that the historic straits with the ferries attracted many from all parts of the country.

**FIRST WARD**  
A first ward petition was filed for Frank Strehl, a newcomer in city politics. He will run to replace Bill Taylor, whose term will expire and declined to be come a candidate. Tom Bussler's position as first ward councilman will not be determined until after the April 6 election. Bussler's term of office has not expired.

**SECOND WARD**  
Archie Griffin, incumbent councilman in the second ward filed petition for reelection and will be opposed at the polls by Dan Bennett. Councilman George Rebec has one more year to serve in the second ward.

**THIRD WARD**  
In the third ward Richard Malpass, incumbent councilman, will be opposed by William Rebec. Edward Nemecek's term of office will not expire until next year.

East Jordan holds no primary spring election this year because not enough petitions were filed to require it.

Also to come before voters April 6, will be the proposition of closing part of Spring street for proposed construction of an addition to the East Jordan Iron Works.—See Editorial Page.

#### County Soils Meet Is Set For March 26

The Charlevoix Soil Conservation District program for greater service is getting under way. Ed. Rebmam county agricultural agent and secretary of the board announced today. Plans were made for a general meeting of all committees for March 26.

Clayton Healey, chairman of the board, will work with the program committee. Bob Straw, treasurer, will work with the finance committee. Clyde Warner will work with the publicity committee. Harold Goebel, vice-chairman, will work with the education committee, and Bob Reidel will work in the dealers district program.

Chairman Healey stated that the main purpose of this program for greater service is to make everyone conscious of conservation. He stated that only by everyone working together can we hope that a better job will be done.

#### East Jordan Drops Game, Ellsworth Wins

The East Jordan Red Devils dropped their quarter final basketball contest Wednesday night at Mt. Pleasant to a strong fighting St. Joseph team from Escanaba, 65 to 47.

The Ellsworth Lancers rolled over their opponent in class D at the same time. Ellsworth won 64 to 52 over Gwinn, upper peninsula stars.

#### Sommerville To Quit Politics

Mayor Leo Sommerville served two terms before bowing out of local politics. During that time residents have seen much civic progress which includes:

East Jordan's modern street lighting system; improvement of many city streets; a positive approach to construction of a sewage disposal plant; development of a city recreation area including present installation of lights for night play; a definite movement toward encouragement of additional industry in the city; development of the city's highly rated tourist-trailer park; and many others.

Sommerville gave personal business and too much demand upon his time in general, as his reasons for not seeking re-election.

## Editorial

The East Jordan Iron Works has made arrangements to place upon the April 6th ballot the closing of 200 feet of Spring street running adjacent to the foundry. This space would be used for construction of a 192 foot by 94 foot building costing about \$20,000 to meet the steady growth of business.

Closing this portion of the street would not interfere with present rear access to buildings facing Main street, Iron Works officials say.

Other than commercial vehicles, this portion of Spring street is little used compared with most city streets. And it would seem that with the additional revenue received through taxation and to the community in general through additional Iron Works employee payroll, the request is justified.

The city's current negotiations with prospective new industries down state has proven that those seeking to locate a plant within a community ask this one important question: "What industry do you now have and what is the city's relationship toward it?"

The Iron Works is not asking financial aid to construct this new building. But they are asking for permission from the voters of East Jordan for use of a little used street.

If there is a negative expression of the people at the polls April 6th and permission is not granted, it will mean to the foundry owners that the majority of residents are willing to speak lightly of the nearly one half million dollar payroll dumped into East Jordan by the Iron Works each year.

It will mean that we have not seriously considered the 100 persons who now are enjoying employment in their own home town.

A majority negative vote would create a wound for which there will be no medicine—for it would without question kill all plans for future Iron Works expansion in East Jordan.

It would slash the very core of the community's financial foundation and scuttle goodwill and honest intentions for greater industrial growth and employment; not only in this case, but also in future cases of other local firms who might seek expansion through local aid. It would set a definite expression of residents toward industry in general.

And the Iron Works is not without recourse if they should be flouted at the polls.

For they have definite and immediate opportunity to take advantage of further expansion on foundry property with advantages of which this community cannot compete. The offer is extremely attractive: Lower freight rates, better highways and closer proximity to their markets.

We must remember that the total vote for and against will be scrutinized most carefully by other local firms who will take serious note of the outcome.

In voting yes on this proposal, residents will be tipping their hats to one of the oldest and most reliable manufacturing plants in this section of Michigan.

They will be showing their gratitude to an organization that is pouring over \$8,000 per week into workers' pockets to spend locally.

They will be telling all concerned that "we are as interested in helping the industry we've got as we are in obtaining new plants."

They will be saying: "We know the Iron Works has the largest weekly payroll in Charlevoix county. And we intend to nail down their goodwill and keep this vitally important industry in our own home town."

There comes a time in everyone's life when they must shelve personal feelings and do the thing that is good for the most concerned. And this question of closing Spring street harks back to the very principals upon which United States was established—the greatest good for the greatest number.

Perhaps through serious thought, and a long look at the future we can come up with a 100 percent yes vote to aid all we can the industry that has already done so much for our community.

The East Jordan News asks this of its readers: To use sound judgement at the polls, April 6th. And we are confident that the vast majority of voters will do just that.—Marshall Sayles, editor

## EAST JORDAN CHURCH NOTES

### FIRST PRESBYTERIAN CHURCH

Rev. Edward O. DeHaven, Pastor

### FINKTON NEWS

Mr. and Mrs. George Spence called Saturday night at the Clifford Spence home in East Jordan.

Miss Alice Spence is spending this week home with her parents. She is having a week's vacation from Whiteford's store in East Jordan.

Misses Magreta Hite, Ruth Hite and Shirley Lavanway went to Charlevoix Saturday night with Miss Jean Thornell to visit with Miss Neva Wilson and Miss Delia Heath.

Mr. and Mrs. Ross Thomas and family of Harbor Springs called at the Edward Lavanway home this week, also Mrs. Hazel Thomas of Bellaire.

Miss Delia Heath and Miss Jean Thornell were Sunday dinner guests at the Minnie Beal home.

Mr. Harold Lewis and Mrs. Berton Bunker were Sunday afternoon callers at the Sam Lewis home.

## HERE AND THERE

# AROUND RAINBOW CITY

Twenty one relatives of Mr. and Mrs. Vern Whiteford gathered at their home Sunday evening for a Pot Luck supper. The occasion was in honor of Mr. Whiteford's birthday. Those who attended were Mr. and Mrs. Hugh Whiteford and family, Mr. and Mrs. Clifford Bradshaw and two children, Mr. and Mrs. Theo Scott and son, Ted Mr. and Mrs. Warren Bennett and little daughter and Mrs. Gladys McKinnon of Gaylord.

The R. L. D. S. Ladies Aid will meet with Mrs. J. D. Frost Thursday evening at 8 p. m.

Mrs. Laura Malpass is visiting her daughter and son-in-law Mr. and Mrs. Al Dudek at Petoskey this week.

Wilbur Croft is spending a leave with his family here he has been stationed in Korea but came here from Camp Custer.

Mrs. Phyllis and Mrs. Beryl Scott were hostesses at a pink and blue shower Tuesday afternoon. The guest of honor was Mrs. Warren Bennett. Delicious refreshments were served Mrs. Bennett received many lovely gifts. Thursday evening the R. L. D. S. Ladies Aid had another shower for her at the home of Mrs. Vern Whiteford. She received many more lovely gifts.

Omand Winston returned to his work Sunday on Str. Irwin on the Great Lakes. He went to Monroe where the steamer is being fitted for the summer work.

Mr. and Mrs. Gayle Murphy and little son Mike of Lansing spent the weekend with their parents Mr. and Mrs. Leo Somerville and Mr. and Mrs. Ervin Murphy.

The Catholic Study Club will meet at the home of Mrs. Anthony Kenney Thursday March 19 at 8 p. m. Mrs. Ole Hegerberg will have charge of the program.

Miss Alice Spence and Mr. Verle Spence called at the Carl Spence home Sunday afternoon.

Mr. and Mrs. Sam Rogers have returned to their home after spending a month vacation traveling in Mexico they also visited relatives at Angola Indiana.

Mr. and Mrs. Theo Scott and son Ted, and Mr. and Mrs. Basil Cummings spent the weekend at Flint and Jackson.

Mr. and Mrs. Clifford Bradshaw and two children Karen and Dennis were guests of Mr. and Mrs. Norman Whiteford of Traverse City Saturday and Sunday. Their daughter Karen attended a youths conference of the R. L. D. S. Church while there.

Mr. and Mrs. Clyde Palmateer and son Ross of Quincy are visiting their sister and brother-in-law Mr. and Mrs. Ernest Kopkau. Ross will leave for service March 28th.

Mr. and Mrs. J. Warren Davis of Midland, visited the Monk Chicks over the weekend, while Mr. and Mrs. Gayle Davis and son Stephen, who had accompanied them, visited her parents Mr. and Mrs. Chas. Zitka.

Miss Mae Evans and her brother Elwin Evans were both home over the weekend from their respective colleges.

Mr. and Mrs. Clyde Goodman returned from California last week where they have spent the last five months visiting their daughter and family, Shirley and Jack Isaman, and their son "Sonny" Goodman and family.

Mrs. Gertrude Bennett had a very happy 87th birthday at the home of her son, Mr. and Mrs. Dan Bennett, on Mill Street. She received many lovely gifts. The hostess served cake, jello, tea and coffee to the many friends who dropped in.

Another happy surprise for Mrs. Bennett came on Saturday when her son Lewis and lady friend from Detroit came to see her.

Mrs. Rose Boring and daughter Mary had supper with the Dan Bennett's on Friday evening.

The East Jordan Study Club will meet at the home of Jane Jackson on Tuesday, March 24th. Helen Witte and Betty Robertson are hostesses. There will be a musical program presented by Gladys Bechtold.

Mr. and Mrs. Donald Spittler of Kalamazoo and Fred Holland who is on a furlough and visiting his parents, Mr. and Mrs. Basil Holland at Holt were visiting friends in East Jordan over the week end. The Hollands were former East Jordan residents.

Mrs. Gerald Simmons and two children Harry and Debra re-

turned to their home at Pontiac Sunday after spending two weeks with Mr. and Mrs. Harry Simmons. Debra underwent a tonsilectomy at the Little Traverse Hospital while here.

Mrs. Karl Heller of Elk Rapids spent Thursday with her sister and brother-in-law Mr. and Mrs. Albert Lenosky.

Trooper Wm. Simmons of Detroit came Friday to visit his parents Mr. and Mrs. Harry Simmons. His wife who had been visiting here returned with him to Detroit Saturday P. M.

Mrs. Russell Barnette is visiting her son and daughter-in-law Mr. and Mrs. Gerald Barnette.

Mr. and Mrs. Willard Howe visited his parents Mr. and Mrs. Archie Howe over the weekend.

Mr. and Mrs. Bill Drenth and family, and Mr. Glen Wilson, all of Grandville were up visiting relatives over the weekend.

Donald Saganek who is employed at Flint spent the weekend with his parents Mr. and Mrs. John Saganek.

Mr. and Mrs. R. G. Watson left Monday for Soledad, California where they will spend a month's vacation to visit their sister and brother-in-law Cal and Mrs. Nelson Mylls.

Mr. and Mrs. Ed Ager spent Monday and Tuesday at Saginaw.

Friends of Mr. and Mrs. Clifford Brown, were pleased to hear that they were leaving Ft. Pearce Florida soon to visit in East Jordan. The Browns were former residents here and still have their home here on Main st.

Ernest Kopkau Jr. left for San-

our church with a pot luck supper at 7:00 p. m.  
Family night supper will be held in the church March 26th. Pot luck at 7:00 p. m. The WYF is preparing an Easter drama entitled "They Saw the Cross" which will be presented as the program for family night.  
The WYF, Sunday, March 15th, were host to the Boyne City WYF. About 40 young people were present. A very instructive program was enjoyed by all as well as food and fellowship which followed.

### METHODIST CHURCH

"Mrs. Richard Schroeder to Conduct Lenten Devotions."  
The Methodist church will have another mid-week lenten service Thursday evening at 7:45 p. m. The worship service in charge of the General Circle of WYF with Mrs. Richard Schroeder as devotional leader. She will also conduct a class in Reformation Church history. The Pastor will give a meditation and conduct class in the meaning of, Christianity.

Methodist family night Thursday 6:30 p. m. The Suzanna Wesley Circle will sponsor the family night with Mrs. Edward Weldy in charge. Everyone cordially invited to come and bring a covered dish or dessert and table service.

### UNITED MISSIONARY CHURCH

## STATE BANK OF EAST JORDAN

STRAIGHT FROM THE FIELD

FARM GOSSIP COLUMN

(Compiled and Edited by the News Staff)

**MICHIGAN ONIONS:** There will be 9,900 acres of onions planted in 1953, if Michigan growers carry out their March intentions, according to the Federal State Crop Reporting Service. This is 3 percent above the 1952 harvested acreage and 3 percent below the 1949-51 average of 10,170 acres harvested. The 9,900 acres expected to be planted in 1953 is the same as the 1952 plantings. Weather conditions at planting time, the demand and price situation at the close of the 1952 season, and the prospects for the Texas crop are some of the factors that might change growers' present intentions one way or another.

**MICHIGAN ASPARAGUS:** The 7,900 acres of asparagus for harvest in 1953 is 4 percent above the 7,600 acres harvested last year. The upward trend in asparagus acreage, which has been in effect since estimates began in 1928 has continued into 1953. Of the 7,600 acres harvested last year, 7,000 was used for processing and 600 sold as fresh market. The 300 acre increase for 1953 is expected to be entirely for processing, giving about 7,300 acres for this purpose.

**PROCESSING PEAS:** Michigan growers expect to plant 6,700 acres of green peas in 1953. This is 10 percent above the 1952 plantings but 28 percent below the 1942-51 average. The United States total planting intentions indicate 462,830 acres for 1953, or 4 percent above last year and one percent below average.

**THIS WEEK AT GRANDVUE**

With Your COUNTY FARM AGENT

By Ed Rebman  
All present and prospective operators of resorts, motels, cabins, resort restaurants, and cottages in Charlevoix county will have an opportunity of going to a special school for them, March 18 - 20 at Michigan State College, Ed Rebman county agricultural agent reported.

Many of you are already acquainted with Miss Gladys Knight, Robert McIntosh and Clare Gunn, Extension Specialists who regularly give assistance on resort and motel problems throughout the state.

Mr. Frank Suggitt, head of the Lansing and Water Conservation Department, announced that this Resort and Motel Institute will be held in Kellogg Center, on Harrison Road, just off M-43 in East Lansing, where meals and lodging will also be available.

The institute program opens with registration at 9:00 a.m. on Wednesday, March 18, and will close with a noon luncheon on Friday, March 20. A registration fee of \$10 a person is the only charge above your room and meals while attending this Institute. This registration fee is to defray costs of the rooms, clerical help, printing, of programs, and other expenses incidental to the Institute.

Both the operators of such businesses and specialists in various aspects of the business will be the teachers for the Institute. The program topics are timely and of interest to all who cater to travelers and vacationists. Such topics as obtaining and training employees, sources of loans, better outside appearance and trends in food service businesses will be discussed. Laundry service problems, advertising, and guest hospitality will also be included.

Ample time for discussion with program speakers is provided. Present indications show that many persons outside Michigan will also be attending. The sharing of experiences of other fellow operators will be as valuable as the program topics themselves.

Write to the Resort and Motel Institute, Continuing Education Service, Michigan State College, East Lansing, Michigan, if you are interested in attending.

Farmers who have had some poultry house troubles this winter with temperatures, drafts or stuffiness should keep in mind that ventilation and insulation go hand-in-hand, reminds Ed Rebman, county agricultural agent.

Any poultryman who is planning a new laying house this year or has extensive remodeling plans can get some help from two Michigan State College Cooperative Extension Service bulletins, notes Rebman.

There's a new one, E-317, on "Ventilation for Michigan Laying Houses" by A. J. Bell and J. M. Moore, extension specialists in agricultural engineering and poultry, respectively. This new bulletin stresses the inter-relationship of ventilation and insulation, advises the county agricultural agent; poultrymen can seek further insulation a device in E-281, "Poultry House Insulation."

Copies of the two bulletins are available from county agricultural agents or by writing to the Bulletin Office, Department of Information Services, Michigan State College, East Lansing.

The new ventilation bulletin shows diagrams of straw loft detail, including louver placement; intakes in stud walls, with baffle boards; special intakes for straw lofts of concrete laying houses; out-take for shed roof laying houses, adapted for electric fan systems; and the out-take and flue for mechanical ventilation, or larger laying houses, with exhaust fans. A table shows number of fans, capacities and intakes needed for varying number of birds.

**Library Notes**

Library Hours  
Afternoons: 2:00 to 5:00  
Evenings: 7:00 to 8:30  
Tuesday and Friday: 12:00 to 5:00  
Phone LE 6-7131

Among the new books at the library are two about parties; one "Parties With A Purpose," gives ideas for various kinds of parties and decorations; the other is "Children's Parties." An addition to the fiction shelf is "Helen Templeton's Daughter" by Crump, a period story of Mississippi delta plantation life in 1910.

Gift books to the library include: "Memoirs of Herbert Hoover, 1910-1933." This book covers the years which Herbert Hoover was Secretary of State and President and tells about many of the important issues of our times. It is arranged topically and is indexed.

"Blue Hills and Shoofly Pie" by Hark from Mrs. Roy Sherman, a story of Pennsylvania history, cus-

LEGION... Auxiliary News

The American Legion Auxiliary Unit 227 held their regular business meeting of the month Tuesday March 10, at the Legion home. There was a fine attendance of members. President Lillian Bennett read over some of the reports of activities of committees during the past 90 days. Peggy Thomas, Community Service had a credit of 1624 hours spent by members working on Community projects. Marie Woodcock, Child Welfare, reported 88 children aided and a total of \$485.00 spent on clothing etc. Martha Kamradt, Gold Star Chairman, also had a fine report of cards and gifts sent Gold Star Mothers of our Unit. Florence Stucker, Jr. Activities, reported on work done by the Juniors on Christmas and gifts made to be sent to Gold Star Mothers as well as money raising projects for their own funds. Marie Woodcock has taken over the duties of Child Welfare in place of Glenda Maxwell and Eva Peterson will serve as Rehabilitation Chairman, replacing Helen King. Other fine reports were given including rehabilitation, publicity and all other active committees. All reports included the Auxiliary Christmas program making them outstanding.

County Agent Sure To Use Lung Power

Farmers know that their county agricultural agents are busy men. But a study made by a MSC extension specialist proves this point and gives a few tips for agents to do their work more efficiently, too.

John T. Stone, MSC specialist in extension training, asked 75 county agents around Michigan what they did with their time.

He found that county agents spend most of their time talking person-to-person, to groups and individuals. And most of the time that they spend talking is with individual farmers.

The figures show that 32 percent of the county agent's time is spent talking to people who call on the telephone or at his office. He works with groups of people at meetings, or give demonstrations, 31 percent of the time.

Stone also found the county agent is expected to be an agricultural jack-of-all-trades. More than 44 percent of the questions thrown his way are about agricultural production and about 23 percent pertain to farm management problems. But at least 10 percent of the folks who corner the agent press him for information about national and international matters, and more than 12 percent want marketing and distribution information.

Almost a third of the county agent's time is spent talking to people at farms, homes or places of business. About a third of the folks who see the agent come to his office and 24 percent of his talking is done over the telephone.

E. J. Chairman States Cancer Society Aims

"A basic aim of the American Cancer Society is to bring to every person in the country sufficient knowledge about cancer so that he will not lose his life through cancer," said Mrs. Ronald Scott, Chairman of Education of the Charlevoix ACS unit, as plans for the 1953 cancer crusade here were made.

"Approximately one-third of those who now die of cancer could be saved," she declared.

"To accomplish the goal of education through every possible means of reaching the public, we must have money," Mrs. Ronald Scott said. "Millions of pamphlets are distributed annually throughout the nation. Educational material is designed especially for men or for women, some in foreign languages, some designed for physicians. All are distributed free of charge."

"Motion pictures are shown before club groups, and in local theaters. Exhibits of every type are set up in public places; at county fairs, in store windows, at large conventions. This is a tremendous job which takes expert skill."

"Educational material is poured into radio stations and newspapers," Mrs. Ronald Scott said. "Trained volunteers carry on these activities, but production and organization cost money. The goal of this immense program is to reach every man and woman in the country, in the state, and in Charlevoix county. It is a challenging task."

The Charlevoix County A. C. S. Unit is seeking to raise \$1,400. Included in the Division budget for next year is a generous sum to finance the educational program which is an important facet in the fight against cancer.

tombs, people, and recipes.

"The Gay Genius" by Lin Yutang from Mrs. Scheonfelder, a biography of Su Tungpo, a Chinese poet, master of prose, painter, and one of their most loved patriots. He lived before the discovery of America.

"Eagles In The Sky" and Wings Over "The Rockies," boy's books, and "Valley of Decision" by Davenport from Mr. Teichman.

"Lonesome Trail" and "Under The Star," western stories, from Mrs. Carl Elsworth.

There are a total of 42 new pocket books, both mysteries and westerns from Eloise Crowell, Mrs. Mansel Cone, Mrs. L. Marcus, Mrs. Orval Davis, Mrs. Frank Woodcock, Ms. Thelma Evans, Phyllis McKinnon, and E. Teichman.

the reports of activities of committees during the past 90 days. Peggy Thomas, Community Service had a credit of 1624 hours spent by members working on Community projects. Marie Woodcock, Child Welfare, reported 88 children aided and a total of \$485.00 spent on clothing etc. Martha Kamradt, Gold Star Chairman, also had a fine report of cards and gifts sent Gold Star Mothers of our Unit. Florence Stucker, Jr. Activities, reported on work done by the Juniors on Christmas and gifts made to be sent to Gold Star Mothers as well as money raising projects for their own funds. Marie Woodcock has taken over the duties of Child Welfare in place of Glenda Maxwell and Eva Peterson will serve as Rehabilitation Chairman, replacing Helen King. Other fine reports were given including rehabilitation, publicity and all other active committees. All reports included the Auxiliary Christmas program making them outstanding.

President Lillian Bennett, announced that Florence Stucker, has been appointed as 1953 Poppy Chairman, and 2000 poppies have been ordered to be sold in East Jordan. The Auxiliary have always received grand co-operation from the people of the community on their poppy sale and it is hoped that this year's Sale will top all previous years.

It was decided that it is about time the girls of the Auxiliary had some fun so there will be a pot luck supper March 24, Legion home, 6:30 o'clock in honor of the winning membership team. Every one is to bring a dish to pass. Mary Lou Breaker will be Chairman with several of the girls of the losing side to assist her. The committee will provide the evening's entertainment. So whether you were on the winning side or losing, be sure and attend.

**ORCHARD NOTES**

By C. Fairman

At a meeting at Bellaire, it was stated that strawberries were a good crop to grow in northern Michigan. Strawberries are running out from disease and other reasons further south. Our cool climate and soil is ideal for berries. Also prices and markets are good, both fresh fruit market and processing market.

For processors it is desirable to cap the berries in the field remove the caps. See your County Agent and Clarence Mullette for dates of field demonstrations. Irrigation is a must.

Clyde Morrison, R. F. D. Williamsburg, who has a farm located on 31, has planted 30 acres. One could earn from nothing on up to \$2,000 per acre. Strawberries were considered a better crop than asparagus, but not as early money. Asparagus is the earliest money.

Strawberries furnished early money to finance other crops such as cherries.

They also spread labor over a longer period with berry pickers starting on cherries. One early variety, midseason, and a late variety is recommended. The college recommends Premier, Catskill and Robinson. Some growers find Fairfax a good late shipping berry. For extra late for myself, I like Ambrosio. And there are some extra good new varieties coming out.

MARKET REPORT

**WOLVERINE Cattle**

Good to choice steers & heifers, Utility & commercial cattle \$14 to 17; Utility & Commercial cows, \$13 to 14; Canner & Cutter Cows, \$10 to 12 1/2; Best heavy balona bulls, \$16 to 18; Utility & commercial bulls, \$14 to 15 1/2; Cull, common bulls, \$12 to 13; Fair to good stockers & feeders, \$16 to 20; Common stockers & feeders, \$13 to 15.

The East Jordan Iron Works Requests Your Aid

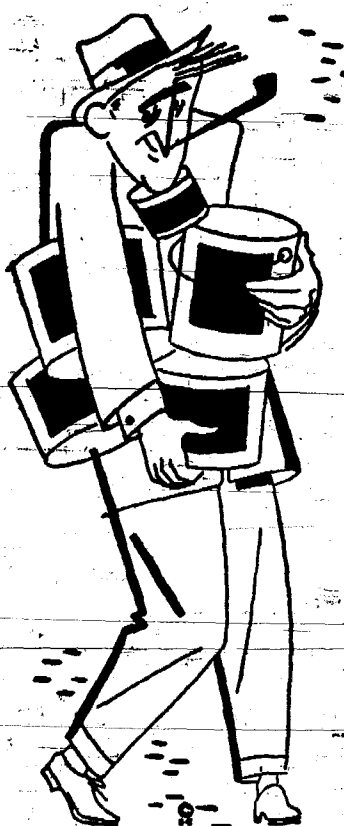

Our business has expanded steadily in recent years. We would like to continue to enlarge our facilities here in our home town. In order to meet the growing demands of our customers we should erect a new building.

We need more manufacturing area, more pattern storage. Proper plant layout shows that the logical place for this would be the area between the two present plants where Spring Street now runs.

This issue will come before you in the general election, April 6th. We ask your affirmative vote on the proposal. More business is good for East Jordan. We want to bring more business here. You can help.

## THESE WOMEN! By d'Alencio

## STRICTLY BUSINESS by McFeaters

**Conducts Survey On Demonstration Work In County**

A membership in a Home Demonstration Group can bring many benefits to the entire family. Mrs. Sims Baker reports following a recent survey on why more than 300 women throughout Charlevoix county belong to a Home Demonstration Group.

According to the survey, most members feel that on the whole their families are better fed, more attractively dressed, live in a more pleasant home and have a better home life. In addition members accomplish this and at the same time save money and have a fuller life through their association in the groups.

Lessons offered in the Home Demonstration classes throughout the year bring a variety of topics to its members.

Among the subjects discussed in meetings are Nutrition, Home-making, cooking and serving of foods; Correlation of colors in the home; better buymanship; Landscaping and gardening; home management; Living together in a family and marriage and family relationships.

### Monthly Pains stopped or amazingly relieved

In 5 out of 4 cases in doctors' tests!

• Chances are you're putting up — unnecessary — with the functional — caused pains, cramps and weak, "no good" feelings of menstruation!

• For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

• Lydia Pinkham's is modern in its action!

• So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron. See if — taken through the month — it doesn't give relief from those backaches, jittery — help you feel better before and during your period!

• Or — if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

• It has a quick effect on uterine contractions that when cause "period" pain!

### Ellsworth Marches Through Class D

(continued from page 1)

work was leading 17-14 although at one time in the quarter St. Marys was ahead 9-8, this was the only time that Ellsworth trailed during the game. As the half ended Ellsworth led by a narrow margin of 23-21.

The third quarter St. Marys was held to 8 points while the locals gathered in 19 to lead at the end of the quarter 42-29. In the 4th quarter the Ellsworth boys seemed to coast along and took the game with a 51-46 score.

After pictures were taken with the beautiful trophy Coach Inman received an ovation every coach cherishes—being carried off the floor after a victory by the boys of his team.

Jim Smith and Stan Ruis had

**Record for Tunnels**  
On the San Diego & Arizona railroad, through the Carrizo gorge, there are seventeen tunnels in eleven miles. This is most likely a world's record for a plurality of tunnels in a short distance. Another unusual feature of these tunnels is the fact that they are completely free of smoke and fumes because the natural action of air suction in the canyon acts as an air conditioner.

24 & 16 for Ellsworth while Lis-guar & Korson had 22 & 11 for St. Marys. Smith had a very unusual record on his free throws missing only four out of 16 tries.

Ellsworth entered State Quarter Finals Wednesday (March 18) in Mt. Pleasant against Gwinn, 6:00 the upper Peninsula Class D Champe. The results of this game are published on page one.

## Brief Look At Years Gone By

(continued from page 1)

was condemned in the Spring of 1928. New quarters had to be found.

Learning that the brick residence east of the G. A. R. park, owned by the East Jordan Chemical Company, was for sale for \$1500, a committee was appointed met with company officials and purchased the building for \$575. This is where real work started, remodeling the home for the Legion quarters. Many happy memories still linger in the minds of the old gang! We especially remember the sauerkraut and wienie supper which our buddy Ed Kamradt can never forget.

In 1934, due to the depression, the city of East Jordan was without a theater. Besides peddling fish for the heedy, etc., we were asked to help get a show started by purchasing part of the Temple Block. The members bought the Armory for \$1,000 and we moved again. Due to the fact that there were no facilities for cooking or any private meeting rooms, the Armory was sold to the owner of the theater in the spring of 1939.

The C. H. Whittington store building was purchased for \$600 in the fall of 1939. Another work project was started and by 1944 \$3,000 had been spent in remodeling. We were looking forward to the return of the World War II veterans and were in hopes to be able to offer them a permanent home. With their assistance, the building was completed by November of 1947. But came the fire on February 15, 1948 and everything was a total loss. So we moved back to the Armory, our original starting place.

Good soldiers never quit. After much hard work by its members, and with the help of the always ready and willing Auxiliary our present home was nearly completed and we moved back in 1949.

I must say that the members of this post were never idle. For example the doing of things and going places. The Armory, 1919, thence to Miles battery shop, Town Hall, Brick residence, Armory, C. H. Whittington store site and then to the Armory and finally back to our new home. We hope that this is our final move so that we may continue our duties to our Community, State, and Nation.

Future Expansion Discussed

How To Grow With America

The following article written by Virgil D. Reed, Vice-President, J. Walter Thompson Co., of Detroit, and published in the March issue of The Detroit House organ for the Detroit Board of Commerce, is reprinted here with special permission extended to the East Jordan News. The article, printed in part, offers much for communities like East Jordan which are concerned with future expansion.—Editor

Today that tired and busy stork, if he keeps to schedule, will deliver 10,501 live babies in America. Today that sad and ruthless old man with the scythe will cut down 4,074 of our people. Today 85 people will emigrate from our country and 720 will immigrate into it. Our net increase in population today will be 7,062. During a month it is increased by 254,000. That is equivalent to adding a Miami or a Providence in a month.

Census bureau projections of our population published in August, 1950, estimated our 1960 population at 163,933,000. On the basis of additional data the bureau has already revised that estimate upward to 171,176,000. We will have twenty-and-a-half million more residents and consumers by 1960! These are the "medium series" projections. That means one-and-a-half Canadas added to our population in ten years! The bureau issued a "high series" projection also for 1960 of 179,812,000. Should we attain that figure we will have added two Canadas in ten years. Our estimated population by 1975 is 193,000,000. That means three Canadas more than in 1950.

This is only one facet of the Miracle of America, but therein lie more problems and headaches for you Chamber of Commerce Executives, and city and county officials than even the Census Bureau would dare to estimate. You can make your own "high series" estimates of those problems—and you will still be too low. Remember we are even having trouble finding parking space for our 44 million automobiles today. We will add to our population by 1975 approximately as many people as we now have automobiles.

In planning for increased population, estimates of the expected numbers to be accommodated and provided for are necessary. They must be based upon known population trends, upon the effort to be put forth to secure new residents and upon the special characteristics of the community which may encourage new residents to come. Even if such projections do go astray, their use is better than mere guessing. It is interesting to look at some such projections and even more interesting to see that most of them are too conservative.

There are two classes of your population to which you should give special thought. They are at opposite ends of the age range—the very young and the very old. Their numbers and proportions are increasing rapidly and bring with them special problems and needs.

What have you done and what are you doing to improve school facilities and to train and hold good teachers? The number of

children enrolled in elementary schools is increasing now at

How can your community grow with the Miracle of America? To most of you my answer would be, "Look out that you don't unexpectedly get run over and swamped by the growth." Some of you have been already. You had not planned ahead. You have not yet caught up with the tide which rolled over you in the great "Gripes of War" migration or the "Gripes of Rearmament" surge. It's true those were hard to plan for much ahead of time. But if you want to grow with America over the long run—in an orderly, constant, rewarding, sound, and satisfactory way that makes for good citizenship, community pride, and social and economic progress—there are many things that you Chamber of Commerce executives, local officials and other citizens can do to assure and guide your course, that you want to grow in terms of becoming a better place to live as well as increasing the number of your members.

roughly 600,000 per year. Communities throughout the nation were caught short in school facilities and teachers when the flood of "war babies" began pouring into the schools, yet it was obvious as far back as 1941 that the flood would hit the schools about 1948. The wave will continue through all the grades, through high school and into the universities.

As to the oldsters, what are you doing to hold the ones that are coming into retirement and to attract new ones? Do they go somewhere else if they can afford it, leaving you with the least prosperous and most dependent oldsters only? Or, are you keeping those who can continue to contribute to your community too. In New York 5% of future state low-rent housing projects are to be set aside for the elderly.

When new people come to town do you welcome them regardless of race, creed or color, just accept them, or give them the cold shoulder? Is your city known as a friendly city, a good place to live, work and bring up a family? I could name you several that do not have that reputation, and I am not talking about relationships with individuals only, but of a state of mind.

Do you choose your industries with care, seeking only those that

SOUTH ARM NEWS

Mrs. Harold Goebel spent Wednesday afternoon with her mother Mrs. Jennie Jacobson of Boyne City.

Mr. and Mrs. Lester Hosler called on Mr. and Mrs. Mike Eaton Wednesday afternoon.

Jean and Jane Graham spent Friday night with Paula Huruli.

Mrs. Archie Murphy and daughters attended a meeting of the Barnard Grange Saturday night. They had a special service for her father, George Parsons, who has been a member for 63 years and is the oldest member of the grange. He was presented with a 50 year pin.

Mr. and Mrs. Wilbur Taylor and family of Alba were supper guests at the home of her sister, Mr. and Mrs. Glen Campau and family Saturday.

Ply Needle, Save Money For Family

What sew at home? Why bother making your own clothing in this day of mass-produced clothes? To those pointed questions Marion Hillhouse of the Michigan State College textiles, clothing and related art department has some logical answers.

The first justification for sewing at home, points out Miss Hillhouse, is an economic one. How is it possible for the mother of an average family to avoid making some clothing or at the very least doing the alterations on the clothing she buys. How can she afford to throw out clothing that is still good because she lacks the skill and designing ability to see how to fix the old clothing up to date? Of course, the answer is that she cannot avoid doing this kind of necessary sewing without making serious inroads in the family clothing budget.

For girls, learning to sew should help develop critical judgement of ready-to-wear and it helps them to select with greater wisdom. Practice in sewing and designing helps develop taste and ability to select clothes with individuality and style rather than clothes that are just the latest fashion.

Perhaps the most important reason of all for sewing at home, Miss Hillhouse believes, is that everyone has latent creative ability and imagination that should be brought out. What more natural way than to practice both designing and making clothing? It can be a fruitful and satisfying outlet for the creative urge. Furthermore, sewing can be of inestimable value both as a necessary vocation and as a possible hobby for leisure hours.

Lists Helps For Septic Tank Trouble

Septic tank trouble isn't usually caused by too much sludge filling up the tank. The trouble is mostly in the tile drain.

Ed Rebman, Charlevoix county agr'l agent, says the tile drain on a septic tank should usually be considered a temporary thing.

"There never is complete decomposition of sewage that goes into the tile," Rebman says. "Some solid matter always gets into the tiles and plugs the drain joints between the tiles. Then the sewage can't drain out and it backs up."

When sewage backs up, people usually have the tank cleaned and expect their troubles to be over. Then in a couple of weeks, the system will give trouble again.

"This definitely means the tile is plugged and will have to be relaid," says Rebman.

Septic tanks will not give trouble if they are constructed properly. Special care should be taken with the drain tile. It should be laid in an area away from water supply or drainage ditches. Slope on the tile should be about one inch in 50 feet.

The tiles should be laid one-quarter to one-eighth inch apart in a gravel base in the drainage ditch. No way has yet been found to clean the tile when they become plugged.

Complete information on septic tanks is given in a Michigan State College and Michigan Department of Health bulletin, "Septic Tanks." The bulletin No. 118 may be obtained from your county agents office.

Feed Clover, Use Manure For Potatoes

A novel way of showing the value of manure in a proper crop rotation over plowed-down clover and rye without manure is offered by E. D. Longnecker, extension soil scientist at Michigan State College.

He compares two fields going through the same four-year rotation of corn, oats, clover and potatoes.

In field "A" the main clover crop is harvested as hay. The second clover crop plus eight tons of manure per acre are returned to the soil to benefit the potatoes that follow.

In field "B" the main clover crop is worked down and rye planted. Then the rye is turned down in the spring to plant potatoes.

Which pays off? Potatoes in field "A" outyield those in field "B" by 20 bushels to the acre. Although two crops clover and rye are given back to the soil in field "B" and one good clover hay crop is taken off field "A", and only the second smaller crop returned to the soil, field "A" gives 10 per cent more potatoes.

That's the value of eight tons of manure. Perfectly handled, it contains 75 percent of the nitrogen, phosphorus, potassium, calcium and other plant foods taken from the soil in livestock feed.

### The ELLSWORTH

#### Story

Mr. and Mrs. Ted Bergsma and children of Zeeland drove up this past week-end, bringing Mrs. Hattie Bergsma back to her home in Ellsworth after several weeks' visit with relatives in southern Michigan cities.

Vernon Shooks and Jean Kalkman of Grand Rapids were week-end guests of Mr. and Mrs. Tony Shooks and attended the regional tourney in Traverse City.

Mrs. Don Senneker and children are visiting in Grand Rapids and vicinity. They returned south with Mr. and Mrs. Ted Bergsma Sunday.

Thelma Goeman and Jim Essenberg came from Grand Rapids this week-end with Vernon Shooks, Thelma to visit the Cy Goemans and Jim, the Lewis Essenbergs in Atwood.

Cpl. Gordon Klooster arrived last Thursday on a 10 day leave and is visiting his parents, Mr. and Mrs. Eimer Klooster. On his return he will report to his new base at Washington, D. C.

Mr. and Mrs. W. L. Chellis Sr. of Ellsworth and Mr. and Mrs. Gordon Rahney and children of Petoskey were Sunday guests of Mr. and Mrs. Gerald Boss of Charlevoix.

Mr. and Mrs. Lee Arntson of Lansing were week-end guests

of their uncle and aunt, Mr. and Mrs. D. C. Orcutt.

Mr. and Mrs. Stanley Lord and son of Norwood were guests Tuesday evening of last week in the home of Mr. and Mrs. Herb Peebles and Mr. and Mrs. Rollie Baumbach.

Mr. and Mrs. Charles Coleman of Kewadin were hosts at a family dinner Sunday in observance of the birthday anniversary of Mrs. Coleman. Guests included: Mr. and Mrs. Rollie Baumbach, Mr. and Mrs. Herb Peebles and children all of Ellsworth, Mr. and Mrs. Harrison Warner and son and Mrs. Mary Smith and children of Norwood.

Mr. and Mrs. Richard Wilkerson had as their week-end guests Mrs. Wilkerson's brother, Lowry Holloway and two friends, Walter Cook and Harry Keller of Detroit who came up to enjoy some fishing.

Mr. and Mrs. Warner Aloff and son of Holland were week-end guests of their daughter and sister, Mrs. Ted Essenberg and family.

Mrs. Al Taylor and baby of Traverse City spent the past week with her parents, Mr. and Mrs. Ed Klooster.

Mr. and Mrs. Fred VanStedum are the proud parents of a daughter born Monday morning, March 16 in Charlevoix Hospital.

Mrs. Ray Strange entered Charlevoix Hospital last Thursday for observation and treatment.

Mrs. Don Campbell, Mrs. Gordon Riddell and Mary Ann Riddell were week-end visitors in Detroit with Don Campbell and Gordon Riddell, who are employed there.

### Michigan Bell Reports Record Year In 1952

The Michigan Bell Telephone Company reported a record year for everything in its business during 1952 except its return on investment.

In the company's annual report, President Clifton W. Phalen cited a return of only 6.4 cents on each dollar invested in the business — no improvement over the year before despite the 1952 rate increase. For the last seven years, he said, the return has averaged only 5.1 cents on the invested dollar — less than half the average earned by other major industries with which the telephone business must compete for investment money.

A gain of 93,000 telephones during the year was reported with a total of 2,045,000 now in service. Eighty-three percent of the families in areas served by Michigan Bell now have telephones compared with 53 per cent 10 years ago.

The company spent \$40,000,000 on new construction to improve and expand its service during the year. Eleven new buildings were completed, 10 others were started.

Number of employees reached a new peak of 24,500. They were paid wages amounting to \$88,500,000.

Company costs per telephone averaged \$8.38 per month, an increase of \$2.52 over 1940, the report showed, while revenues climbed only \$2.19 per telephone per month during the same period.

Rate increases since 1940, the report said, have averaged 27 per cent compared with a 91 per cent increase in prices generally.

Dollar-wise the company's net income amounted to \$19,221,592, an increase of nearly \$990,000 over 1951 but applicable to an average of nearly \$14,000,000 more capital.

Phalen said that, since 1945, the company has added the equivalent of a large brand new business in Michigan" by doubling its investment, gaining three-quarter million telephones, and adding 8,000 more jobs.

Michigan, he said, "deserves the best in telephone service and that is exactly the kind of service we are trying to provide."

"The know-how and enthusiasm of Michigan Bell people justify a feeling of optimism. Our employees have met the challenge of their jobs with skill, courtesy, and devotion to duty. That they have done so in the past is the most important reason for our confidence in the future."

### STEAK FOR WINNERS

The Ellsworth Lancers and their coach, Eugene Inman, enjoyed a steak dinner with all the trimmings Thursday evening at the local school. Robert Smalley and Anthony Shooks donated the steaks and the ice cream was furnished by John Klooster of John's Health Center. The mothers of the players donated the rest of the dinner.

Mrs. Henry Smith baked a delicious birthday cake for Jim Smith, who celebrated his birthday Friday. The dinner was prepared by Mrs. Smith, Mrs. Inman and Mrs. Max Bolser.

### Sports Talk by BOB DARBEE

Well by the time you read this paper we will know if Escanaba St. Joseph has the powerhouse it is supposed to have.

St. Joe beat Crystal Falls by two points in a game that was decided in the last ten seconds.

The Red Devils received another nice trophy and nicer medals after their victory over Marion deciding the regional championship.

A week before the tournaments started Mr. Annear was heard saying after being asked what he thought of East Jordan's chances in the tournament, "It looks pretty dim, but I sure would like to be surprised" and as things look at this point he is enjoying a very nice surprise.

East Jordan dropped Gaylord 17-7 in 1940 which was the last regional championship before the 1953 Red Devils wrapped one up over Marion last Saturday night.

Ellsworth plays Gwinn at 6:00 o'clock, East Jordan plays Escanaba St. Joseph at 7:30, and Ludington vs. Manistique at 9:00, in Wednesday nights games at Mt. Pleasant.

East Jordan plans to send one student bus and one players bus to the game in Mt. Pleasant Wednesday. If we win, the players are going to Lansing Friday in cars.

### How To Grow With America

Continued from page 6 will be "good citizens." For long-term progress there must be mutual benefits to community and company. Are your citizens and workers proud of the company.

Are you encouraging the farmers around you to participate in community affairs and cooperate in community growth, in mutual progress. If the farmer feels he "belongs" he has much to contribute besides his greatly increased purchasing power. He is not the farmer of 30 years ago, tied down to his farm by drudgery, slow transportation and poor communications. He, too, is now a satellite of your city and interested in more than his stores and movies.

How to grow with America is largely a matter of knowing how America will grow and change, then keeping ahead of the tide rather than following the crest. Chambers of Commerce particularly must lead, not follow.

### THE NORTHERN MICHIGAN CLASS "C" CONFERENCE

#### Coaches 1952-1953 All Conference Basketball Team

The Coaches selected the players on the players all-around ability regardless of the positions played.

The following players were selected as ten best; they are listed alphabetically and not according to their rank.

Donald Arner	18	5'10"	185	SR	Boyer City
*-Wm. Bennett	17	5'11"	150	JR	Charlevoix
Deano Davenport	17	5'10"	155	SR	Charlevoix
Dick Derrer	16	5' 9"	165	JR	Mancelona
Keith Evans	16	5'10"	160	JR	East Jordan
Warren Frank	17	5' 9"	135	SR	East Jordan
H-Frank Granstra	17	5'11"	165	SR	Harbor Springs
Frank Karwoski	16	6' 7"	155	JR	Gaylord
Stan Pifer	16	6' 0"	165	JR	Harbor Springs
John Schaufler	16	6' 0"	160	JR	Pellston

The following players were given honorable mention:  
L. Northey, SR, Gaylord; H. Patrick, SR, Mancelona; I. Smith, SR, Boyne City.

- \*-All Conference (1951-1952)
- \*H-Honorable Mention (1951-1952)

### READIN' WRITIN' and 'RITHMETIC

**FIRST GRADE Mrs. Brooks**  
Due to so much sickness in our room, there were only two, Dick Eichler and Cathy Goebel, who were not absent during the last six-week period!

We are enjoying the many library books that Miss Scott has sent over to us lately.

We want to thank Mrs. Moore for the organ and Mr. Slate for repairing and bringing it to us. Mrs. Drapeau says our music class is fun now.

Shirley Fowler brought pussy-willows to our room this morning. We are drawing pictures for the March Wind poem which we are learning.

We are learning about plants and seeds. Many of us are getting seeds from the Children's Flower Mission and will have a garden of our own this spring.

**THIRD GRADE Adeline Bowerman**  
Monday we went over to see the trophies which have been won in difference sports. The two new trophies are a nice addition to the display.

In our discussion period we talked about how other groups, the band, the vocal groups and the agriculture boys, had each made very fine records for themselves as well as for our school. In just a few years, we will be the ones making records for ourselves and our school and our progress in the grades is important for success in high school.

Suzanne Malpass and Josephine Nemecek treated their classmates with cupcakes to celebrate their ninth birthdays, Suzanne on Wednesday, March 11, and Josephine on Friday, March 13.

In our language class, we studied about the history of "time." Larry Henderson brought us a magazine with a very interesting article and illustrations of early time telling. We were fortunate to have a movie put out by the Elgin Watch Co. which pertained to our study.

**FOURTH GRADE Grace Galmore**  
Spring has come to the playground. All the boys and some of the girls are playing marbles. Teachers are trying to keep the children from going out without their coats and rubbers. Many are coming in with wet feet. We are afraid business will soon be booming in the shoe stores.

Tuesday Anette Reed's mother brought ice cream for us in honor of her daughter's birthday. We enjoyed the treat and entertained Mrs. Reed by reporting on the two movies we had just seen. One was on safety and the other on water in the West. At the close of school, Mrs. Reed took several girls home with Anette to enjoy a party at their home.

The Arithmetic papers this week have been much neater and the work more accurate due to

our citizenship goal of good work-manship. Several papers were held March 10th, the Board of Directors of the Ellsworth Community Chamber of Commerce elected the following officers: Gerrit John Drenth, President; Wesley Shooks, Vice-President; and Joseph F. Bugai, secretary-treasurer.

The membership, by resolution, extended to Elmer Rood retiring president, its sense of appreciation and thanks for his untiring services in behalf of the Chamber and the community.

A membership committee was appointed consisting of Charles Edson, Gerrit F. VanderArk and Conrad Kloogster.

Monday - Yvonne Elzinga brought some pussy-willows to brighten our room.

**Choose Cast For Senior Play**  
The final selection of characters have been made for the Junior Play, "Finders Creepers," a three-act mystery-comedy by Donald Payton.

Those in the cast, according to John Downing, director are: Ron Wilson, James Blaha, Rose Marie Lehrbass, Glenda Derenzy, Coral McPherson, Sharon Brock and Ted Scott.

Others are: Jackie Wright, Jean Nachazel, Frank Rusnell, Pete Nemecek, Bethany Whiteford, Pat Barnett, Clinton Clark and Ray Geo.

They expect to present the play at the end of April.

### Return Home

Mr. and Mrs. John Porter of East Jordan, who have been vacationing at the Wynholm Hotel in Fort Lauderdale, Florida, are expected home this week.

Picture by Moffett Studio, Pampano Beach, Florida.
