## Married 25 Years

Mr. and Mrs. Russell Hughes of East Jordan celebrated their 25th wedding anniversary at a reception given by her sister, Mrs. Ernest Barth of Omena, at the Evangelical Lutheran Church, Saturday, May 30th.

Photo by Bill Huckle

## Mrs. Porter Renamed By Chest Members

Mrs. John Porter was re-named president of the East Jordan Community Chest when the group met at the State Bank Building Friday night.

Other officers named were Mrs. Howard Darbee, vice-president. She replaces Jason Snyder, who resigned last fall. Mrs. Ted Malpass was re-elected secretary and Bill Grauel was re-named treasurer.

The Chest contributed \$25 toward a camp-out at Eveline Orchards for 60 girls of the Future Nurses Club. The girls will spend two weeks at the camp, several attending at a time until all have been there.

The Chest is looking forward to sponsoring a 3-day girls camp during the last week in July or the first week in August. The members now are seeking a local woman's organization to take charge of the girls.

## Johnson Says Telephones Still A Bargain At Two Cents More

The Michigan Bell Telephone Company has asked for a general rate increase throughout its territory which would boost charges for residence service an average of less than 2 cents a day in East Jordan.

In its application with the Public Service Commission at Lansing, the company also asked that individual-line business service rates here be raised about 4 cents a day.

The company asked for no increase in long-distance rates.

Under the proposed schedules, monthly rates in East Jordan would be increased as follows: (First figure after service will be present rate and second the proposed rate.)

**BUSINESS SERVICE**  
Individual line, \$6.25, \$7.50;  
Two party line, \$5.25, \$6.25; Rural line, \$4.25, \$4.75.

C. L. Johnson, East Jordan manager for Michigan Bell, termed the proposed rate increase "essential if we are to continue to maintain a high-quality service."

He emphasized that "even with the proposed increase, telephone service still would be a bargain."

Pointing up the company's progress in expanding and improving telephone service here, Johnson said that East Jordan customers can now call over 3,100 telephones on a local call basis, compared with 350 in 1946.

"This increase in the number of telephones subscribers can reach on a local basis has been due largely to the inauguration of extended-area service—a service of particular benefit to rural users because it provides toll-free access to their trading centers."

"Between 1946 and 1952, Michigan Bell spent \$20,000,000 to expand and improve service in rural areas. As a result of that huge expenditure we have added more than 97,000 rural telephones, reduced the number of lines with more than eight stations from 44 per cent to 7 percent, reduced the number of rings heard by rural users, converted 12,000 "crank-type" magneto instruments to dial or "lift-the-receiver" type operation, inaugurated extended-area service in about 200 exchanges, and are now serving about 76 telephones per 100 rural establishments compared with approximately 60 in 1946.

In addition, dial service has been inaugurated in scores of exchanges including East Jordan.

Johnson cited an increase of 90 percent in the overall cost of living since 1940 in contrast with an increase of only 27 percent in revenues from Michigan Bell rate increases.

He said that "if the price of other products had gone up no more than that of Michigan Bell service, coffee today could be bought for only 27 cents a pound and the lowest-priced popular automobile for less than \$1,000."

"One substantial element of our costs is our wage bill. General wage increases, alone, have amounted to \$1.50 for every \$1 of rate increases in the same period. During that period wage costs per telephone per month have

(Continued on page 8)

**Pleasant Valley Bows To Torch In Sunday Game**

Playing in the Chain of Lakes baseball league Sunday, Pleasant Valley dropped their second game of the season to South Torch Lake at Aiden.

Torch made 13 runs and 14 hits with 4 errors; Pleasant Valley made 8 runs out of 9 hits with 5 errors.

The Valley boys were handicapped somewhat since they play only one game under lights each year. Torch plays most of its games at night.

Bryce Petrie, of Pleasant Valley, right fielder, had 3 singles and a walk out of four times at bat. The long ball hit by the Valley team was by McDowell, center fielder. It was a triple with two men on in the eighth. Bryan Boring of East Jordan handled first base for Joe Gibbard. He played errorless ball and got a single and two walks out of five times at bat.

Next Sunday's game (see schedule on sports page) will see Phil Gouthro, of East Jordan, as umpire. Good umpires are scarce, but after a good sales talk, Phil consented to judge the game, the players said.

## COMING EVENTS

June 12—Jordan River IOOF Lodge No. 260.

June 18—American Legion holds election of officers, 8:30 p.m.

June 18—City Council meeting at 8 p.m.

June 18—Rotary Club lunch at noon.

June 17—Jasmine Rebekah Lodge No. 365 at 8 p.m.

## WELCOME, VISITORS! WHERE TO STAY WHAT TO DO AROUND RAINBOW CITY

Ed's Boats, M-66, on Lake Charlevoix. (5 cabins) LE 6-2542.

Ker's Cabins, M-66, on Lake Charlevoix. (5 cabins) LE 6-7192.

Adam Sinclair, Lake Charlevoix. (one cabin) LE 6-2208. also

(One cabin) on Benway Lake near Central Lake. LE 5-2901.  
Jordan Inn, East Jordan (hotel) LE 6-2631.

Watter's Cabin Camp, Ellsworth. (5cabins) LE 6-7239.

Rainbow Cabins, M-66, on Lake Charlevoix. (3 cabin) LE 6-2932.

Mrs. Shepard, Chestonia, M-66

(1 cabin) LE 6-7076.

East Jordan residents and businessmen have the "welcome sign" out to early summer visitors. From all indications there will be a large number of visitors here from all sections of the state this summer.

Cabin owners are putting last minute touches on their buildings and now most of the accommodations in the Rainbow City area are all modern.

Visitors here will find plenty of sun, fun and rest throughout the summer. Tourist park accommodations are the best in history with a good beach, plenty of trailer parking space with modern facilities.

Boating, swimming, fishing, riding etc., are within a few minutes of all cabins and the tourist park. Fishermen may have complete information on rivers and streams and area fishing in general from Teddy Kotowich or Andy Anderson. Boats may be rented with or without guides.

Visitors wishing accommodations are asked to call owners direct from the list above. Additional accommodations will be listed as they reach this office.

## City To Raise Nearly \$35,000 For Budget

The city council plans to raise \$34,995.30 in 1953 through real estate and personal property taxes for the following expenditures:

Cemetery: \$1,595.00; Library, \$2,900; Park, \$2,000; Sewer, \$2,000; Streets, \$11,500; Water, \$3,000; Fire, \$2,000; and \$10,000 for the city's general fund.

## THOSE WERE THE DAYS

### Judge Murphy Takes A Look At Colorful Days Gone By

From driving logs on the Jordan River to tracking down an outlaw in the wilds of North Dakota, Judge Charles Murphy has led a long and colorful life.

He has been a deputy sheriff, a supervisor, a Justice of the Peace, a lumberjack—in fact, Judge Murphy has been around.

As a Spanish American War Veteran he came home after dabbling in politics in North Dakota and had himself a lot of fun.

"North Dakota folks take their politics seriously and the Judge came home with plenty of experience under his belt.

This experience, added to his sharp intelligence and native ability, created quite a stir when he was named county supervisor from South Arm Township.

"Thought at the time to be a 'young political up-start,'" the Judge's ability to line up political sides brought quick recognition from veteran politicians who changed their minds and sought his advice.

The years have rolled by and now some of his political friends have passed on. Cappie Rouse, Bill Pearson and others.

"That was a long time ago," he recalls, "and although I had a lot of fun in county politics, I never held any big jobs."

The Judge lives a quiet life now with his wife Hattie at their home on Main street. He has two daughters and one son: Mrs. Sadie Lusum, 4th grade teacher at the East Jordan school; Mrs. Anna Warner, of Barnard, home economics teacher at Central Lake; and Patrick, a farm manager near Marquette.

One job that has lasted for more than a quarter century here in East Jordan and in South Arm

Township is that of Justice of the Peace. It's difficult for him to remember how long he has held that office. "Maybe 30 years," he said.

Asked how many marriages he has performed the Judge shook his head. "A lot of them."

"I can tell you one thing," he went on, "of all the marriages I've performed, only one to my knowledge has failed." Then he grinned a moment. "But there's one I'm watching."

The Judge will marry you for \$2.00, but it is not uncommon for him to receive \$5 or \$10.

People have gotten him out of bed at all hours of the night to get married and his quick wit and rapid fire remarks open the eyes of many a young couple.

"The Judge is 74 and he has seen a lot of life; and as one friend said the other day: 'Don't underestimate that guy.'"

Asked to perform an ultra streamlined wedding recently the Judge figured if they wanted it quick he would make it quick and the ceremony was over almost before it started.

It was his prize wedding. He got \$20.

In addition to marrying people these days, the Judge has the thankless job of sitting in the city hall and hearing the problems (Continued on page eight)

## ATTENTION LEGIONNAIRES

Regular meeting and annual election of Post Officers of Rebec Sweet No. 227, Tuesday, June 18.

All members are urged to attend this important meeting.

Ray Dubas in charge of Chow, has a fine menu, which will be served promptly at 8:30.

### NOTICE!

A large number of newspapers throughout the country have standing editorial office orders against publishing poetry. Proof reading errors in poetry have plagued newspaper editors for many years. They learned the hard way that it is easier to make mistakes in printing poetry than almost any other copy.

However, we went against our better judgement this week and attempted to run a poem on our editorial page. The page went to press earlier than the rest of the paper and the errors slipped by and could not be corrected.

Reading it, you can understand why editors do not want to run poetry in their newspapers.

Last time we heard there was a mad scramble to get a license for the bus that took the boys to camp Monday morning. We're not sure but we think the bus rolled out of town without license plates. Community Chest members ran into a lot of red tape attempting to get a special rate for the license and when it came time to take the boys to camp the bus was without plates.

We were watching some fast drivers Saturday night and a fellow remarked: "Horsepower was much safer when only the horses had it."

We visited Bill Huckle working in his garden the other day and it brought to mind that corny one about "old gardeners never die; they just spade away."

A man said the other day: "We are letting people off from the draft to raise more cows to produce more butter that the government can buy and put in to storage to spoil."

At last it's out! And you've sweated for years for nought. For there's no truth to the statement that you'll experience bad luck if you break a mirror.

To prove it a mirror manufacturing firm has been keeping tabs for years on what, if anything, bad happens to any one of its employees who breaks a mirror while at work. And nothing much has happened.

Our hard working friend Cressy Campbell, of Buckley, secretary of the Northwest Michigan Industrial Development Council, pierced the pride of ye fair community the other day. In reporting the sale of the Leo Sommerville, Wade Healey building he wrote that the former building owners were from Boyne City. Oh, Oh... Them's "heading for Buckley" words, Cressy; talk like that can cause more activity than the milkman who ran into a bottleneck.

A man in Washington said that construction of a bridge at the Straits would aid our national defense in time of war; and another man said it would make a beautiful target. And so the argument goes on and on.

We have on hand three magazines: Farm and Fireside, May, (Continued on Page 4)

## Industrial Corporation By-Laws Are Approved

The East Jordan Businessmen's Association and the East Jordan Industrial Development Corporation are preparing to call in the funds pledged toward construction of a factory building here.

At the businessmen's regular monthly meeting Monday night Howard Porter and Robert Campbell were named to prepare a letter to be sent to all subscribers. The letter will be mailed within a few days.

Association Vice-President A. Sinclair gave a detailed report of the industrial committee's negotiations with the prospective plant officials and said "we'll have to be calling in our funds right away."

Following a study of the corporation's by-laws by the association's board of directors, the businessmen voted to approve them. The East Jordan Industrial Development Corporation now is a legally incorporated organization.

## Announce New County School Superintendent

A. F. Cook superintendent of the Boyne Valley Rural Agricultural school at Boyne Falls for the past three years, was appointed Charlevoix county superintendent of school following a special meeting of the County Board of Education here Tuesday night.

He was selected from five applicants to fill the vacancy left by the resignation of Mrs. Catherine C. Bergeon who had held the position since Nov. 1948. She resigned recently to accept a position as helping teacher in Ottawa county with headquarters in Grand Haven.

Mr. Cook was appointed for a term of office which will expire July 1, 1957.

Mr. Cook, a native of Grand Traverse County has taught at Rosebush, Otter Lake and Albia where he served as principal and in rural schools in Grand Traverse and other northern Michigan counties. He is a graduate of Central Michigan College of Education in Mt. Pleasant.

He plans to move to Charlevoix with his wife and family. During his term as superintendent at Boyne Falls, he has resided in Mancelona.

A motion was made and carried that the organization extend active memberships to local industrial firms.

Charlevoix County has been assessed \$450.05 for active participation in the Northwest Michigan Industrial Development Council. Robert Campbell, a member of the board, said East Jordan's share is \$108.74.

Campbell suggested this money be raised by \$1.00 individual memberships and \$5.00 for business and other groups. Memberships to the council may be obtained from the State Bank.

Pointing to the current success of the Businessmen's Association Chairman McDaniel expressed deep concern over additional program that need to be carried out by the group.

"This association cannot afford to relax after our first achievement," he said. "There is plenty to be done by the businessmen and it is up to the board of directors to work out a sound program that the membership can accept and go to work on."

It was reported that the association has more than \$1,000 on hand for working capital.

## Mobile Blood Unit Will Visit County Later This Month

Initial plans for the annual Blood Procurement program to be held in Charlevoix county June 29-30 and July 1 have been announced by Mrs. R. G. Bennett, blood chairman for the Charlevoix county Red Cross chapter following a meeting with Miss Iva Allen, field representative for blood procurement for the Michigan Department of Health.

The quota for the annual three-day program has been set at 260 pints with 130 pints going to the armed forces and remainder for county needs, Mrs. Bennett said.

The Health Department mobile unit will be in East Jordan, July 1 with Mrs. Theodore Malpass Sr. serving as local chairman. The unit will be in Charlevoix, June 29 and in Boyne City, June 30.

Purpose of the blood procurement program in this county is to collect whole blood for the armed services and plasma and important blood derivatives to meet the needs of Charlevoix county. As a result of the program, Charlevoix county residents receive not only blood plasma but immune serum globulin more familiarly known as gamma globulin for use in modification of measles, infectious hepatitis and polio; antithrombophilic globulin for the control of bleeding in hemophiliacs; normal serum albumin for treatment of kidney and liver diseases; and packed red cells for treatment of anemia certain blood diseases or carbon monoxide poisoning.

For the first time local doctors will serve with the clinics and will be assisted by Health Department technicians and nurses supplemented by local volunteer nurses.

In Charlevoix county where only 99 pints of blood were obtained in 1952, there is a deficit of 80 pints which must be repaid to the Health Department following this year's clinic.

The role of the Red Cross in the clinic is to serve as a local clearing house for all of the details associated with the Michigan Plasma program such as enlisting the cooperation of other groups in the community; coordination of the activities of local participating groups; recruiting donors and obtaining volunteer clerical and canteen workers as well as financing the costs of the canteens during the clinics.

## Saxton To Be Busy Man With Summer Softball Play

Red Devil Coach Gayle Saxton will have a heavy recreational schedule this summer following his return from boy's camp where he now is helping take care of East Jordan youngsters.

His list of 21 softball games in the two summer leagues, Rainbow City and Tri City, shows that Gayle will be working nearly night and day for the Community Chest's summer recreational programs. He is recreational director.

Along with Gayle, local sport fans have been watching the progress of the city athletic field. Gayle wasn't sure when the new lights would be up, so he scheduled the first five softball games out of the city.

First Tri-City league game starts Monday night at Charlevoix but the first home game of the Rainbow City league won't be held here until June 23.

## Chain of Lakes Baseball Schedule

All league games start 2:30 p.m. Sundays.

Home games at Torch Lake, 8:30 p.m. Sundays.

## Community Chest's Summer Softball League Starts Play

Two summer softball leagues will run off a total of 21 games according to the schedule released by Gale Saxton, director of the East Jordan Community Chest's summer recreational program.

First game will be held 9 p.m. under the lights at Charlevoix Monday when the East Jordan Cannermen meet Freedman's.

First home game of the Rainbow City League will be played under the lights at East Jordan's new city athletic field, 7:30 p.m. June 23rd.

Saxton said the first five games have been scheduled for out of town in order to allow time for the finishing of the local athletic field.

The Tri-City league which includes Charlevoix, East Jordan, and Ellsworth has scheduled 9

games and the Rainbow City league, 12.

Rainbow City teams are: Iron Works, Canning Company, American Legion and East Jordan Co-ops. Tri-City teams are: Foundry, Cannermen, Ellsworth, Charlevoix, Cadillac-Olds, Charlevoix Freedman's and Charlevoix Coast Guard.

Vale Gee is manager of the American Legion team in the Rainbow City league. Others are: Warren Bennett, Co-ops, Howard Sommerville, Iron Works and Stu Atkinson, Cannery.

Mr. and Mrs. Percy Penfold spent Tuesday and Wednesday near Fayette in the U. P. They visited Mr. and Mrs. Otto Miller while there.

Mrs. Beryl Scott, Mrs. Vern Whiteford and daughter, Ann and her guest, Miss Kathryn Condit spent Wednesday at Tahquamenon Falls sight seeing.

## Bob Graham Graduates

Abeffdeen Proving Ground, Md. May 27—Private Robert C. Graham son of Mr. and Mrs. Hugh Graham, Route 3, East Jordan, Michigan, has been graduated from the Small Arms Repair School of the Ordnance Replacement Training Center here.

Students at the Small Arms Repair School of the Ordnance Replacement Training Center learn how to repair and rebuild all hand and shoulder weapons used by the Army—including rifles, pistols, machine guns and carbines. They also learn to repair Infantry mortars and the "bazooka"—recollapsible rifle.

Prior to entering the Army Private Graham attended East Jordan High School, East Jordan, Michigan and he also was a farmer.

## Softball Schedule

### Tri-City League

Date	Teams	Place
June 15, 9 p.m.	Cannermen Vs. Freedman's	There

# ORCHARD NOTES

By C. Fairman

Independent canners are talking eight cent cherries. Grower stock holders are talking seven and one half cents. That is stock holders in cooperatives. The stock holders contend that there will be a large crop and that the consuming public wants them cheap as cherries are more or less a luxury. While the independents claim that a cent or two will make no difference as the public demands a fancy dessert and especially cherries. This supplemented by intensified advertising that the growers and canners are paying for.

To many of us growers the better price will help us out on what we lost last year. The better price will prove that the new grading law brought results. To our surprise the price of marionettes is up as well as the price of canned sweet cherries.

I am one of the unlucky sweet cherry growers. Just ask other sweet cherry growers about the rain cracking them, brown rot, trees dying back and other good qualities of the sweets.

At any rate sweet cherries seem to be the only fruit that "cooners" will break their neck to get. At my place they even come from church on a Sunday evening as a great many can contest. Here is good luck as our sweats are loaded and we expect about twenty five ton.

## Rates Given For Farm Custom Work

An extension folder giving the rates farmers expect to charge for custom work is off the press and available at the offices of county agricultural agents and at Michigan State college.

Authored by Karl A. Vary of M. S. C.'s agricultural economics department, the folder is the result of information from 196 farmers in all parts of Michigan. The publication is called "Custom Work in Michigan, 1932 and 1933."

Vary noted that custom rates for most farm jobs this year will be about what they were in 1932. He said that the last survey of custom rates in 1930 showed them to be slightly lower on many jobs than the 1932 average. The jobs included field churning, baling, cutting grain, cutting corn, loading and spreading manure, mowing hay, plowing, muck, bulldozing, tilling, buzzing, wood and farm trucking.

But, he pointed, most farmers said they expected to charge the same custom rate in 1933 as last year. Field churning, for example, will range from \$10 to \$12 per acre. Plowing will be \$12 to \$14 per acre.

## With Your COUNTY FARM AGENT

By Ed Rebman

Plans for emergency pasture come in plenty handy during periods when regular pastures fail, according to Ed Rebman, Charlevoix County Agricultural Agent.

Found well adapted to Northern Michigan is a mixture of oats and field peas, Rebman says. This mixture is best suited to heavier soils but will also do well in light soils, he adds.

Usual rate of seeding is one bushel of oats and one bushel of peas per acre. It should be sown two to two and one-half bushels per acre. For pasture seeding the seed should be drilled half one way and half the other for a better sod, Rebman says. A legume seeding may be added and will not be harmed by normal pasturing.

Pastures being seeded in this summer should be fertilized with 300 pounds per acre of 10-6-4 analysis.

An emergency oat pasture is good for six to eight weeks, Rebman says. The second half of the oat pasture time will produce about half the cow days pasture that the first half will.

Other emergency pasture possibilities:

German millet seeded at 25-30 pounds per acre, after the ground is warm in the spring. This also makes an emergency hay crop.

Barley seeded in mid-August for late fall pasture and a good hay spring pasture.

Sudangrass for planting on soil that will produce a good corn crop. Rebman adds that this should be grown in warm regions. Cool nights will result in poor growth and yield.

Death is a sure thing for two out of the average five Michigan persons who get lockjaw each year, says a University of Michigan physician.

But both illness and death from the disease can be avoided by getting tetanus antitoxin shots if you have never had the shots and toxoid booster injections if you have had the first shot, states Dr. Milton F. Bryant of the U-M Medical School. The first shot does not immunize for life and should be repeated when your doctor advises, he says.

The shots are strictly for prevention and are of almost no value if given after lockjaw has been contracted. Virtually all persons who have tetanus shots are immune to the disease, which can develop from a trivial wound or injury, Dr. Bryant indicates.

Some 60 per cent of lockjaw cases are children under 14. But as the disease is no respecter of age, shots should be given to any person who never has had them.

## State Judging Team To Participate At International Meet

Michigan's national champion 4-H Club dairy cattle judging team will take part in the International Dairy Judging Contest in July at the Royal Livestock Show in England. The Michigan purebred dairy cattle associations are heading up the fund raising.

All the dairy breed groups have done their part in raising funds for the trip, points out Nevils Pearson, assistant State 4-H Club leader, who will accompany the team. Some groups gave outright cash gifts and others sold calves to raise money for the travel fund.

The team will leave June 30, cross the Atlantic by plane and arrive July 2 in England. The show will be at Blackpole, north of Liverpool. Also on the trip will be stops at the Jersey and Guernsey (Channel) Isles—where those breeds were developed—and a tour of France, Belgium and Holland. They will see the home of the Holsteins in Schleswig-Holstein before returning July 25 by plane.

## "Hot Flashes Stopped"

or strikingly relieved

In 63-80%\* of cases in doctors' tests

"If you're miserable from the 'hot flashes' and accompanying irritable, restless feelings of 'hot flashes'—you may be suffering from a condition known as 'hot flashes'."

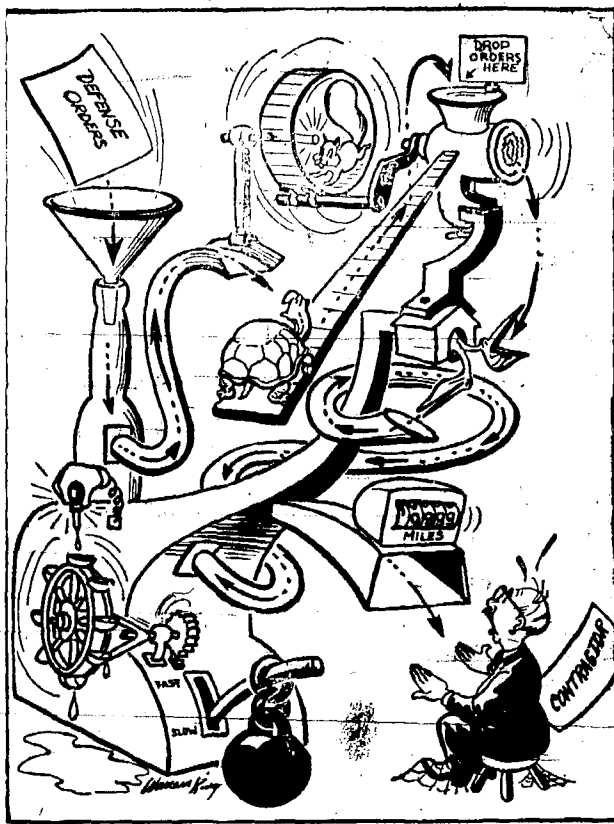

For a full test by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally caused suffering to 63 and 80% (respectively) of the women tested! Complete or striking relief!

Recent Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of "hot flashes"!

So, get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves"!

## HIGH-SPEED IN THE PENTAGON!

## Tips Offered On Restyling Old Dresses

Are you harboring out-of-date clothes in your closet that you don't want to discard? Lola Belle Green, Michigan State College clothing specialist, asks this question, with good reason. She has some suggestions for restyling clothes.

First you should get a good idea of the current fashions, Miss Green believes. Then start your restyling on the dresses best adapted to the fashion since it will take less time or money. Restyling may be just a matter of a new belt... like the wide cinch belts being worn now... or just a new set of buttons or a fresh white pique collar.

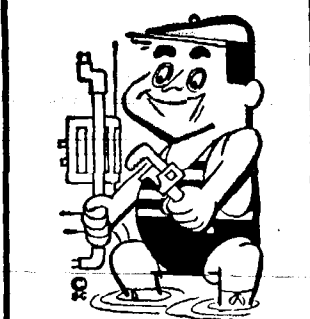

But if there are things wrong with the basic line of the dress you will have to do some ripping out and cutting. For instance, dresses or suits more than two years old tell their age by the shoulder padding. Today little if any padding is used in shoulders. Miss Green advises ripping out the padding and inserting a smaller pad. The arm and shoulder may have to recut. Perhaps, however, your dress would be pretty and practical without any sleeves. Then you could have a jumper by day and a dress frock for evening wear.

Miss Green suggests adding length to a dress by putting in a piece of material that would not show under a wide belt. A midriff section of contrasting fabric above the waistline will give the new empire line and needed length in the blouse. Conceal a skirt yoke with one of the new middie or over blouses.

Weekend guests at the Frank Bowerman home were Mr. and Mrs. Nelson-Little of Lake City, Mr. and Mrs. Gordon Bowerman of Lake City, and Mr. and Mrs. Roscoe Volverson of Dearborn. Darlene Bowerman of Lake City will be spending the week with her grandparents, Mr. and Mrs. Frank Bowerman.

Mr. and Mrs. Frank Karr and daughter, Nancy, of Lancaster, New York are visiting their parents, Mr. and Mrs. J. K. Bader and Mr. and Mrs. L. B. Karr and other relatives.

## MICHIGAN OUTDOORS NEWS

Timber cut from state land along the Lakehead Pipeline Company's 650 miles of right-of-way in Michigan will be sold as it's cut this summer, the conservation commission has ruled.

Meeting in its May session, the full commission authorized "the immediate sales to prevent deterioration of pulp and timber that will be cut as construction of the long pipeline from western Canada progresses."

Both Richard H. Fletcher, Jr. of Bay City and Chairman Harold W. Glassen of Lansing took part in the May meeting. Terms of the two commissioners expired last month, but the Governor's new appointees, Ben East of Holly and Robert F. Brevitz of Battle Creek, had not been confirmed by the state senate at the time of the meeting. They attended but took no part in the May proceedings.

The commission also passed 14 other items on the 18-item May agenda.

The single exception was a request from the Carter Oil Company, Mattoon, Illinois, to trade certain parcels of land in Traverse County for the purpose of deep-well oil exploration. The request was denied on grounds that it was in violation of the present checker-board land pattern policy established by the commission. The policy will be up for review at the next commission meeting.

The commission also authorized purchase of about 800 acres of land for use as hunting lands, fishing sites, Pittman-Robertson game areas and state parks. Authorization was made for sale of oil and gas leases on 114,000 "wildcat" acres and a number of oil and gas leases were extended.

A copper lease sale was approved and a sand gravel lease authorized.

Land exchanges and general land matters were passed, as were a number of easements and other routine items.

An important dollar-saving conservation discovery may have been made at Section Four Lake in the Pigeon River state forest, the conservation department reports.

The lake is one of seven in the forest being used for controlled fisheries experiments under supervision of the department's institute for fisheries research.

Anglers, who may fish in the lakes by permit, took about 500 brook trout averaging 7-10 inches in length from the lake during the first week of the season this year. The fish apparently all came from an original planting of 3,000 fingerlings planted in the lake only a year ago.

In the past, survival was believed possible only when legal sized fish or large fingerlings, three to four inches in length, were planted.

### Gives Report On Children's Work By Health Unit

A report made recently by Dr. A. F. Litzenger, director of the District Health Department serving Antrim, Charlevoix, Emmet and Otsego counties, revealed the number of children in the area receiving various treatments under several programs sponsored by the department.

During 1952, 149 children from the area received treatment at the Central Michigan Children's Clinic at Traverse City which is operated by the Children's Fund of Michigan.

The program for the correction of visual defects, also operated under the Children's Fund, provided glasses for 154 children in the four-county district.

The Children's Fund regular dental program, in charge of Dr. C. O. Whitten, cared for the greatest number of children during the year when 1,698 children made 2,263 visits to the clinic. These children had 3,362 fillings inserted, 1,987 teeth extracted, and 6,920 miscellaneous operations performed.

In addition, two special sodium fluoride application programs were conducted. In Antrim county where the program was held for six weeks, 216 children made 542 visits to the clinic where they received 138 prophylaxes and 542 sodium fluoride treatments; in Emmet county where the clinic was operated for 12 weeks during the summer, 382 prophylaxes and 1,428 sodium fluoride treatments were given to 382 children in 1,428 visits to the clinic.

### Revised Form For Citizenship Proof Is Now Available

A revised application form for use of persons seeking to establish proof of age or citizenship through personal Census records is now available at the Census Bureau's district office in Boyne City according to District Supervisor, Donald P. Watkins.

The revised form is designed to encourage applicants to use the Censuses of 1880, 1900 and 1920, if possible, when requesting searches of the voluminous census records. Officials point out that information from these Censuses can be furnished more rapidly because the records for these years have been card indexed.

Persons needing information from the Censuses of 1910, 1930, 1940 and 1950, if residing in a city at the time these censuses were taken, should furnish the house number, name of the street, city, county and State, and the name of the parents or head of the household with whom living. Rural residents are asked to furnish the rural route number and also the distance and direction of the residence from the nearest town.

### Set Broiler Day At MSC

Charlevoix county poultry raisers will get the latest information on the control of infectious bronchitis in their flocks at the annual Broiler Day at Michigan State college June 16.

County Agent Ed Rehman said one of the main speakers will be Dr. Jonn Groves, assistant state veterinarian for the Michigan State Department of Agriculture. He will speak on "The Control of Infectious Bronchitis Under Michigan Conditions". Dr. C. H. Cunningham, M.S.C. bacteriologist, will describe research on the disease at the institution.

The session opens at 9:30 a.m. at the Union Building, J. M. (Mac) Moore, extension poultryman at M.S.C., said the topic for the day will be "The Health of the Broiler Flock".

Mr. and Mrs. Fred Bellinger, Jr. visited their parents, Mr. and Mrs. Fred Bellinger, Sr. over the weekend. Mr. Bellinger is just back from Korea, and he is now finishing an engineering course at Purdue University.

SALAD DRESSING

Mr. and Mrs. Frederick Minturn are now on a two week wedding trip in the east. Mrs. Minturn is the former Helen Darbee, daughter of Mr. and Mrs. A. Darbee of East Jordan. They were married Saturday, May 30th. at the Methodist Church here. They will make their home in Detroit. Photo by Bill Huckle

### Farm Bureau News

We have been aiding in the reporting of accidents in the farm and home for over a year now. Many accidents were reported that could have been prevented. Now let us take some steps to cut off the occurrence of these accidents and make the farm a safer place to live. Painting up is a good practice. In painting you clear away cobwebs, dirt and offending rubbish to get the job done. You can see what you are doing in a clean building and accidents are fewer. Danger points can be painted red as a warning for caution. And a painted building or farm, when properly done, has beauty and dignity. Let us be proud of our farms and let people know it. Join the Clean-up, Paint-up, Fix-up campaign of the National Safety Council now. Do something every day to make the farm a safer place to live.

Farm Bureau Services will contribute \$15.00 toward paint to any project any Farm Bureau group would like to take up. Read the explanation on page 3 of May 1 Michigan Farm News, use coupon if interested. Offer is good May 15th to July 31st.

### COMING EVENTS

June 9-11—Northwest Farm Bureau Womens Camp at Twin Lakes near Traverse City. Theme is "Sharing Your American Heritage."

June 16—Pot-luck at noon. Antrim County Farm Bureau Women "Rally Day" at the Forest Home Township Hall across from the Methodist Church in Bellaire. Mrs. Millard RN nurse and Mrs. M. Karker, Director of Women's Activities, Lansing, will be the speakers. All Community group F. B. women and their friends are invited. A door prize will be given.

### PREDICTION FOREST TENT CATERPILLAR DEFOLIATION 1953

The forest tent caterpillar is going to be active soon in the areas shown by dark shading in the above map. Last year, the caterpillars chewed their way through forest lands in about the same area. Conservation department foresters say, however, the nuisance caused by the bugs is greater than any damage they do to trees. At present there are indications the infestation will fall off considerably next year.

### Many Acres Of Legumes Will Fail This Year

About two million acres of legumes will be planted in Michigan this year and one-third of this acreage will probably fail, says a Michigan State college soils specialist.

A big reason of these seed failures is an acid soil condition, or lack of lime, according to E. D. Longnecker. He advises farmers to apply lime this summer or fall. Lime is just as effective for next spring's planting and there won't be the worry about getting it during the spring rush, he says.

If lime is applied in adequate amounts it will be effective for 1 to 15 years. Longnecker adds that soil tests are the only means of discovering whether the soil needs a lime application.

He reports that one ton of lime per acre to medium acid Antrim county soil raised the alfalfa hay yield 800 pounds per acre. The lime cost \$4.50 per acre to spread, but the alfalfa's value went up \$8 per acre. Longnecker estimates that returns from the proper use of lime should be nearly 10 times the cost.

Farmers can get soil tested by sampling their own fields with instructions available from county agents. The Production and Marketing Administration will do the job at no cost. Samples can be tested at laboratories in the counties or at M.S.C.

Order immediately when it is found out how much lime is needed, Longnecker advises. Orders can be placed through county agents, the PMA or directly with lime contractors.

### Boswell, Klooster Returned To Board

W. G. Boswell and George Klooster were re-elected for 3-year terms to the East Jordan Board of Education in a light no-contest election at the city hall Monday. Only 65 voted. Two directors are named each year. Other directors are William Shepard, Bill Porter and Howard Darbee. The annual school meeting will be held in July.

Minimum milk requirements for children are three to four cups per day. Adult milk requirements are two and a half to three cups per day.

### Around Rainbow City

Mrs. Mary Ziegler of Fort Wayne, Mrs. Blanche Hazard and Mr. and Mrs. Clare Godfrey of Jackson, Mr. and Mrs. E. W. Hayner of Bay City, and Mr. and Mrs. Charles Hayner of Petoskey were Thursday evening guests of Mr. and Mrs. Charles Shepard. The group, consisting of relatives and friends came to attend the graduation of Kenneth Shepard, and it was the first time that they were all together in 39 years.

Mr. and Mrs. Frank Karr returned to their home at Lancaster, New York Saturday. They were

accompanied by his parents, Mr. and Mrs. L. B. Karr, who will visit them for two weeks.

Visitors at the home of Mr. and Mrs. Kiley Bader this weekend were Mr. and Mrs. William Bader of Detroit, Mrs. Carrie Small of Chicago, Mr. and Mrs. Duane Hosler and family of Flint, Mr. and Mrs. Clifford Hosler and family of Dearborn, Mr. and Mrs.

Frank Karr and daughter of Lancaster, New York, and Mr. and Mrs. Gordon Wright of Grand Rapids.

Albert Nesman is attending a Field Enterprises, Inc. school of instruction at the Northwood Hotel in Cadillac this week preparatory to serving as sales and service representative for the World Book Encyclopedia in the East Jordan vicinity this summer.

When you transplant tomatoes, you can get faster growth by giving the plants a shot of phosphate solution, according to S. H. Wittwer of Michigan State College horticulture department.

The Susanna Wesley Circle of the Methodist Church met Monday evening, June 8th at the home of Mrs. Ann Jefferies with Luann Fales assisting. The new officers for the year are: Chairman, Adeline Bowerman; Vice-Chairman, Virginia Vance; Secretary and Treasurer, Effie Welldy; Sunshine Chairman, Maxine Griffin.  
After the business session a panel discussion under the direction of Mrs. Moore was held concerning "Youth work in the church."  
A lovely lunch was served by the hostess.

**Americans To Mark Flag Day Sunday, June 14**  
Prior to the Revolutionary War, each state had its own flag. On Jan. 2, 1776, General Washington unfurled the first American flag at Cambridge, Mass. It had 13 stripes, representing the 13 colonies, alternating red and white, and a blue field bearing the crosses of St. George and St. Andrew.  
Or, June 14, 1777, Congress authorized the U. S. flag as having 13 alternating red and white stripes and a blue field with 13 stars.  
Flags will be unfurled throughout the land and in every country where Americans are stationed on Sunday, June 14, in observance of Flag Day... the day which this country has selected to honor its national emblem, the stars and stripes.  
Few people, however, know the history of Flag Day or why it is observed on June 14.  
The date marks the anniversary of the adoption of the American flag by Congress in 1777.

**Campaign Training Workshop To Be Held For Leaders**  
A Campaign Leadership Training workshop to give Michigan leaders additional know-how in planning, budgeting and campaigning for health and welfare needs will be conducted at Kellogg Center Michigan State college, East Lansing, Saturday and Sunday.  
Sponsors of the two-day workshop are the United Health and Welfare Fund, Michigan State college, Michigan Welfare League and Michigan Community Chests and Councils.  
Dr. Warren B. Cooksey of Detroit, president of the United Fund, will preside at the opening session and will introduce the discussion leaders who will outline and speak briefly on the purposes of the workshop sessions; better campaigns, better public relations, and better planning and budgeting.

## Editorial

The following verse is published with apologies to Mr. Longfellow.

Brought to the News by Mrs. Herman Goodman, the verse was written more than 100 years ago by an unknown author. Mrs. Goodman ran across the verse a while ago and noticed how closely it paralleled much of the thinking in East Jordan today.

Tell me not in mournful numbers,  
That the town is full of gloom . . .  
For the man's a crank who slumbers  
In these bustling days of boom.  
Life is real, life is earnest,  
And the grave is not its goal . . .  
Every dollar that thou turnest,  
Helps to make the old town roll.  
But enjoyment and not sorrow  
Is our destined end or way;  
If you have no money, borrow!  
Buy a corner lot each day!  
Lives of great men all remind us,  
We can win immortal fame . . .  
Let us leave the chumps behind us,  
And we'll get there just the same.  
In this world's broad field of battle,  
In the bivouac of life . . .  
Let us make the dry bones rattle . . .  
Buy a corner for your wife!  
Let us then be up and doing,  
With a heart for any fate,  
Still achieving, still pursuing.

Thursday Night 7:30 Prayer Meeting and Bible Study. Choir Practice after Prayer Meeting.  
Friday Night, 7:00 Girls Hobby Club.  
Saturday Afternoon 2:00 Childrens Bible Club.

## Fly Fishing Excellent On Jordan River

Fly Fishing on the Jordan and other local streams has been the best this year yet. Several good hatches of Drakes and a few May flies have been taking place and the smaller trout have really been responding to any standard pattern of flies offered them. Many fishermen claim that the trout are hitting better than they have for the past two years.

Jess Robinson caught a four and one half pound Brown Trout while fishing from the Main Bridge in town. He almost let the fish go free, thinking it was a Black Bass but on closer observation he discovered his error in time and netted it.

Brook and Brown Trout are plentiful in both Monroe and Deer Creek and several limit catches have been reported by fishermen who have fished these streams. The best time to fish either of these streams with bait is when it is raining or right after a good storm.

Leo Dipinski caught a rare trout while fishing Monroe Creek and to date no one seems to know what kind of trout it is. As near as anyone can tell, it seems to be a cross between a German Brown and a Lake Trout. This unusual trout is now in the possession of Teddy Kotowich.

White Bass fishing is still spotty with just a few of them being taken each night around the head of Lake Charlevoix. Dale Yettaw of Ellsworth caught seven in one night while fishing around the mouth of the river and that seems to be the best catch.

Crappies are biting very good in the vicinity of the former City Dock and around the walks and old bridge in the Back Waters of Lake Charlevoix. The best bait for them are small minnows and a fine leader.

Black Bass fishing in Lake Charlevoix should be excellent when the season opens on June 25th as the lake seems to be real-

## County Hospital Accepting Bids

The Charlevoix Hospital board of directors is accepting bids for the new area hospital to be built on the Trailer Park site overlooking Lake Michigan at Charlevoix, Fred W. Willis, chairman of the board announced recently.

Sealed bids for general construction, plumbing, heating and ventilating, laundry equipment, food service equipment and electrical work will be accepted until 2 p. m. June 24 when they will be opened at a public meeting at the city hall.

Construction is expected to begin as soon thereafter as the contractor can bring his equipment to the city, Mr. Willis said. The hospital which will have

It's wise to remove plastic buttons or ornaments on garments before sending them to the dry cleaners, Michigan State college home economists advise. Covered buttons with metal backs may also cause troubles by rusting.

ly loaded with them this year, caught every night and they generally run anywhere from two to six pounds.

a maximum of 44 beds and 10 bassinets will cost an estimated \$600,000 when completely equipped. It will be financed by funds raised by public subscription and a federal grant made available through the Hill Burton act. It will be constructed of concrete with steel re-inforcements and brick facing.

Gordon Cornwell and Co. of Traverse City are the architects. The one story structure will be constructed in the shape of a modified Greek cross. The north arm will house only rooms for patients as will the north side of the west wing. The westerly section of the wing will contain the maternity ward with nursery and formula room while the south section will house the labor and delivery rooms, operating rooms, central supply station and an emergency room.

The eastern section of the cross where the main entrance will be located will also hold the waiting room, radiology and laboratory and related room to the north and the business offices, pharmacy, record and administrative offices to the south. The southern extension will house the maintenance department including the kitchen, laundry and heating plant, nurses and staff lounges and administrator's department.

HERE AND THERE

AROUND RAINBOW CITY

Mrs. Morton Handy entertained a group in honor of her husband's 65th birthday at the home of her mother, Mrs. Myrtle Bolser on Division Street.

Mr. and Mrs. Clifford Brown of Grand Rapids were up for the Memorial Day week end visiting Mr. and Mrs. Arthur Brintnall and other friends and relatives. They have returned to Grand Rapids and will remain there for the summer.

Mr. and Mrs. Arthur Bolser, Mr. and Mrs. Keith Smith, and William Friend, Jr. of Muskegon spent the week end at the home of Mrs. Myrtle Bolser. They returned to Muskegon Monday.

Mr. Roland Maddock was taken to the Little Traverse Hospital at Petoskey Saturday for treatment.

Miss Patricia Karki is the new clerk at Whiteford's 5 & 10 store.

The Friday afternoon circle of the Presbyterian women's Association will meet with Mrs. Howard Porter at her summer home on Lake Charlevoix June 12 at 2 p.m. They will have as their guests the Wednesday evening circle.

L. G. Bunker has returned to his home after visiting relatives at Lansing for a week.

Mrs. Ida Kinsey went to Jackson Thursday to visit relatives over the weekend.

Mrs. Carrie Burbank has returned to spend the summer at her home here after spending the winter months in Lansing.

Mrs. Ernest Kopkau was in Luther and Baldwin on business Monday. She was accompanied by her nephew George Palmater of Petoskey.

Miss Mary Jo Wheaton has gone to Flint to visit her sister and brother-in-law, Mr. and Mrs. Jerry LaLonde.

Harry DeHaft of Flint spent a few days last week with his step-father, Peter Boss.

Mr. and Mrs. Wm. Mantray left Sunday for Iran Bridge, Canada where they will spend a week fishing. They were accompanied by their son from Detroit and Mr. and Mrs. John Loze of Boyne City.

Billy Barnett small son of Mr. and Mrs. William Barnett underwent a tonsilectomy at the Little Traverse Hospital Friday morning. He returned home Saturday.

Mrs. Vincent Coles has been making daily trips to Petoskey to visit her mother, Mrs. Stone who is a patient at the Little Traverse Hospital.

Henry Johnson was taken to the Decker Convalescent home Tuesday, where he is being cared for. Mr. Johnson will celebrate his 89th birthday Tuesday, June 9th.

Mr. and Mrs. Jack Somerville and baby Lois of Saginaw were week end guests of their parents, Mr. and Mrs. Leo Somerville. Max Somerville of Mt. Pleasant was also home.

Mr. and Mrs. Jack Brennan of Flint spent the week end with their parents, Mr. and Mrs. Bernard Brennan.

Mrs. Ernest Kopkau visited her mother, Mrs. Cora Palmater who is ill at the Robbins Convalescent home in Petoskey.

Mr. and Mrs. Max Darnoth and sons were over Memorial week end guests of relatives at Vermonthville.

Mrs. George Klooster spent Tuesday with her parents, Mr. and Mrs. Ira Springstead at Central Lake.

Robert Stanck went to Detroit Wednesday where he entered the armed services.

Philip Meppas is spending his summer vacation at his home here.

Miss Myrtle Blaha returned to Detroit Tuesday after being here a few days last week with his uncle Edward Woods.

East Jordan Church News

METHODIST CHURCH

The afternoon circle of the WPCS met Wednesday afternoon at 2:00 p.m. with Mrs. Roy Whitlow.

The Mary Martha Class will have a pot luck supper Friday evening at the home of Mrs. Sam Rogers.

THE PRESBYTERIAN CHURCH

This coming Sunday morning, June 14th we will observe Children's Day in our church. The Children of the Sunday School will furnish the program. As has been the custom in our church in the past there will be only one service on this Sunday beginning at 10:30 a.m. The Children are asked to come at 10:00 to be ready for the program.

On June 22, we are to have the pleasure of hearing one of the finest H. S. Girl's Choirs in the midwest. This choir is a part of the Youth Program of the First Presbyterian Church of Gary, Indiana. The program will be given in the Presbyterian Church at 8:00 p.m. on the evening of June 22nd. There will be no charge but an offering will be taken. Plan to hear this fine group of 26 girls in this concert.

An extensive Clean-up program is going forward in our church this week. It will close with work on Saturday afternoon and Pot Luck Supper at 6:30 p.m. in the church.

Mr. and Mrs. Ralph Shepard are happy over the arrival of a baby girl born at the Charlevoix Hospital June 6. The little miss weighed 8 lbs. and has been called Helen Ruth. The baby was born on her mother's birthday.

The D.L.S. League held a hay ride party at the Pete Sweet home Friday evening. After the ride was over they enjoyed a wienie roast.

The R.L.D.S. Ladies Aid will meet Thursday evening with Mrs. Elmer Faust.

Donald Saganek of Flint spent the week end with his parents, Mr. and Mrs. John Saganek.

Ask Local Farmers To Attend Final Grass Day Program

Farmers around East Jordan have been invited to attend the 7th and final grass day program in this area, Wednesday, June 24th.

Charlevoix County farm agent Ed Reberman reports that following this program the county agents in the area will move into other types of pasture instruction.

Grass Day Chairman O. F. Walker, former local 4-H club agent and now farm agent for Kalkaska county urges all farmers in this area to attend the last Grass Day south of Kalkaska, June 24th. It will take place on the Jenkin's farm three miles south of Kalkaska on M-66 and two miles east. Tours will start at 9:30 a.m. and visitors will see some of the finest farm operations in Michigan. Seeding, fertilization and other practices will be discussed. Visitors may have their lunch on the farm.

Other features of the day will be a farm machinery exhibit including forage harvesters, field balers, crop blowers, forage wagons, bale loaders and hay crushers. A silo will be erected during the day and there will be a liquid nitrogen demonstration.

THIS WEEK AT GRANDVUE

Admittances: June 3rd—Marjorie Elzinga of East Jordan. June 6th—Maryellen Kaden of Boyne City.

Discharges: June 8th—Marjorie Elzinga of East Jordan. June 6th—Glen Lewis of Charlevoix. June 7th—Elthia Thompson of Boyne City.

Expired: June 4th—Elijah Bigelow of East Jordan.

On June 5th Belle Sparks of Boyne City was taken to Little Traverse Hospital where the body cast she was wearing for a broken hip was removed.

Donald Whiteford is employed at Detroit.

State To Toss The Book At TB

Michigan is again getting ready to throw the book at tuberculosis, public health enemy number one. In this case, "the book" is a 1953 round-up of Michigan Tuberculosis Association research, called "TB in Michigan."

The intensive study, seventh of its kind, scores tuberculosis as causing more than 700 deaths and rolling up nearly 6,200 new Michigan victims in 1952.

Prepared and published through Christmas Seal money, the TB handbook will help physicians, legislators, teachers and community groups plot the TB counterattack. It will be offered as a library and newspaper reference source book.

Based on Michigan Department of Health records, county by county TB tables in the new

Watch Out For Attack By Worms

Army worms may be back this summer.

And if they are, farmers are in for some losses if they aren't careful.

Ray L. Janes, extension entomologist at Michigan State college cautions army worms attack suddenly, and if they are not spotted during the first two weeks of their life, they will be hard to control. There was an outbreak of the worms in Charlevoix and Antrim counties last year. It is impossible to tell where

study show tuberculosis being beaten back as a killer, but still riding high as a cause of serious sickness and economic loss.

the worms will strike because the moths fly in from the south and lay eggs in fields. When the eggs hatch they remain on the ground for about two weeks before climbing into foliage.

Then is the time to kill them, Janes explains.

"It takes careful inspection of ground cover to find them during this time," he adds.

While the insects are on the ground, any good grasshopper bait or toxaphene or parathion can be used for control. Toxaphene and parathion are also recommended for control of worms on leaves. Toxaphene should be used at two-tenths of a pound, actual weight, per acre. Toxaphene should not be used on food crops; use parathion. DDT is not effective against army worms, Janes advises.

Mr. and Mrs. Vern Kach of Los Angeles, California are visiting their parents, Mr. and Mrs. Ed Stallard.

WILSON TOWNSHIP

Mr. and Mrs. Delbert Hart and children and Mr. and Mrs. Greg Craig of Saginaw spent the week end with their parents, Mr. and Mrs. Pete Boyer.

Mrs. Ernie Monteju and family of Petoskey spent Sunday with her parents, Mr. and Mrs. Harry Behling. Mr. Monteju is a patient at Blodgett Memorial Hospital in Grand Rapids.

Mr. and Mrs. Carl Kolker and family of Muskegon visited the Aug Knop and Henry Eggersdorf families Saturday.

Mr. and Mrs. William Korthase Jr. and children and Mrs. Frank H. Behling spent a week in Detroit visiting relatives and friends.

The recent rains are helping crops to get back to normal after the long drought.

The Wilson Church has had a new roof put on by some of its members in the past week.

Mr. and Mrs. Bob Thelver and daughter of Jamestown, North

Dakota are spending a week with her parents, Mr. and Mrs. Charles Reidel near Deer Lake.

Mr. and Mrs. Herman Behling and children spent four days in Grand Rapids visiting his sister and family.

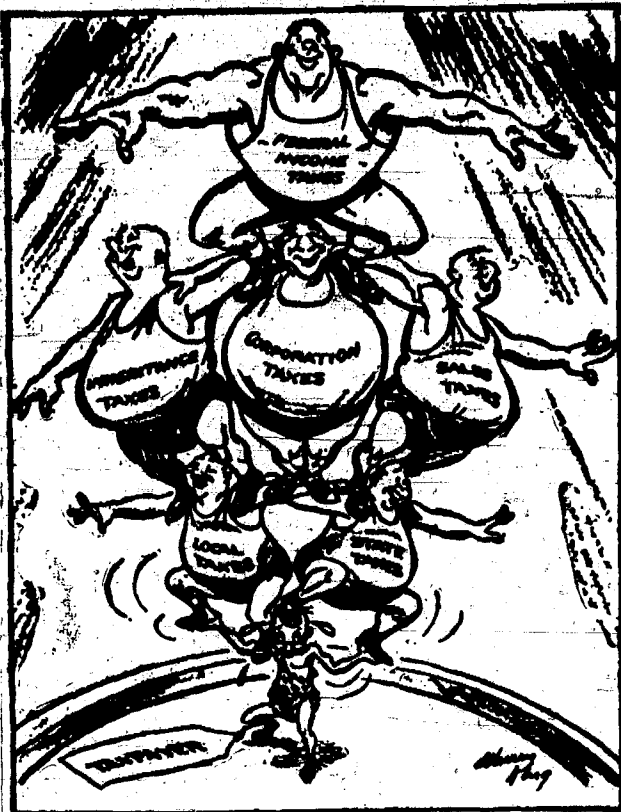

William Thorsen will go back to Munson Hospital Traverse City for an x-ray this Wednesday. We hope there will be good news. He's been in bed since his operation three months ago.

The Christ Lutheran Church of Wilson Township will celebrate its 50th year since its dedication on the 21st of this month with a picnic. Services will be held both morning and afternoon conducted by two of its former pastors, William Kreuger and Rev. Optiz.

Edward Behling received his vicarage call to Fort Williams, Canada where he will begin his work in the Lutheran Church by July 1st.

Mr. and Mrs. Pete Boyer are visiting friends and relatives in Saginaw, Detroit, and Charlotte this week.

South Arm News

Mr. and Mrs. Harry Pearsall and family spent Sunday with her father Lonnie Adkins.

Mrs. Don Moore and son of Flint spent the weekend with Mr. and Mrs. Walter Moore. She attended the wedding of her cousin, Margie Murray.

Mr. and Mrs. Arthur Loop of Elk Rapids and Mr. and Mrs. Harold Moore and children were callers at the Walter Moore home Sunday.

Mrs. Jennie Jacobson of Boyne City spent Friday and Saturday with her daughter, Mr. and Mrs. Harold Goebel and family.

Mr. and Mrs. Harold Holm and son of Charlevoix called on his sister, Mr. and Mrs. Henry Dougherty and family Sunday.

Mrs. Rhoda Evans called on her cousin, Mr. and Mrs. Lester Fales and family, Sunday evening.

The South Arm Farmer's Union met at the home of Mr. and Mrs. Clyde Goodman Saturday night.

Mr. and Mrs. Percy Atkinson of Rapid City and Mr. and Mrs. August Behling and son were Sunday supper guests at the Del Hart home.

Gilbert Redmer was host to his class (Mrs. Mosher's 5th grade) for their school picnic Wednesday.

Don't forget that you can pick up a lot of good ideas on grass-land farming practices at seven Grass Day programs in Michigan, June 10-24.

Use Poison Bait In Garden

Garden slugs and snails in gardens, orchards and greenhouses in Charlevoix County can be controlled by poison bait, according to County Agricultural Agent. Ray Hutson, head of the entomology department at Michigan State College, recommends a poison bait containing metaldehyde plus either calcium arsenate or sodium fluosilicate.

In gardens, explains Agent Ed Rebbman, snails and slugs cause serious losses through their attacks on seedlings, flowers and vegetables. The pests also hit at succulent plants and seedlings in greenhouses.

The trail of slimy mucus left by the small animals reduces the sales values of many ornamental plants, and their habit of nibbling here and there makes some vegetables unfit for market.

Light infestations of snails and slugs can be eliminated by simple sanitation measures, Rebbman reports. But widespread infestations may require the use of poison bait. It can be obtained at seed supply stores, at places where you buy your gardening supplies and at some drug stores.

Judge Murphy

Continued from Page 1

of those brought before him. One job he has always liked is that of board member of the Charlevoix County Fair. He has served for more than 25 years, four of which he was secretary. He is still on the board.

The Judge recalls that all in all he has had a good life—even if he did serve during the Spanish American War for \$21.50 per month and receive a discharge without bonus or "rocking chair money."

"I think the things I had to do when I was a kid were good for me," he said. And then he started talking about handling a team of horses in the woods, working with a gang of men when he was 12 years old.

Michigan Bell

Continued from Page 1

jumped from \$1.54 to \$3.39. Further, taxes paid by the company per telephone have increased from 82 cents to \$1.26 a month. "In total, costs per telephone per month are now \$6.45, as against \$3.86 in 1940.

"As a result of this lag in the price of our service behind the increased costs of providing it, our earnings are about a third of the rate of earnings of outside industry during a period when business activity has been at an all-time high."

The best controls Michigan poultrymen can use against foxes and other animals on their pullet ranges are flares and dogs, says J. M. (Mac) Moore,

Letter Box

The East Jordan News East Jordan, Michigan Dear Marshall:

I want to thank you for the very fine publicity you have been giving our council and I hope to see you at one of our meetings again before too long.

The wonderful publicity you gave the Boy Scout Camporee at East Jordan was something to be long remembered by all of us.

Thanks a lot Marshall for all you are doing for the Scouts, if we can only get more jobs to hold them in the area, we will never have to worry about leaders.

Nearly all the County Agricultural Agents that talked at our last meeting mentioned that youth was our most valuable crop.

Sincerely yours, Cressy C. Campbell, Sec. Northwest Michigan Industrial Development Council, Buckley, Michigan.

Remember that soil conditioners—the best on the market—can't put your soil in condition. All a conditioner does, say Michigan State college scientists, is to keep soil in condition after you work it up.

Pleasant Valley News

Mr. and Mrs. Fred Murray were here from Muskegon to attend the wedding of his sister, Margie, Saturday. They visited their parents, Mr. and Mrs. Richard Murray and Mr. and Mrs. Ralph Walker.

Mr. and Mrs. George Dunlop of Boyne City called on Mr. and Mrs. William J. Murray Sunday afternoon.

Mrs. Blanche Cutler of Flint visited her sister, Mrs. Lester Hosler, Sunday.

William Murray visited his sister, Mrs. Howard White in Elk Rapids Sunday.

LUTHER LEAGUE CHURCH DINNER

The Luther League family dinner will be held at the Evangelical Lutheran Church at 1:00 p.m. July 14th. Bring a dish to pass and sandwiches or rolls. The hostesses are Mrs. A. Buchfinck and Miss Ann Wagbo.

The best controls Michigan poultrymen can use against foxes and other animals on their pullet ranges are flares and dogs, says J. M. (Mac) Moore, extension poultryman at Michigan State college.

DIGESTIBLE AS MILK!

RECORD-BREAKING GAS MILEAGE

for the driving YOU do!

This year's Chevrolet brings you the most important gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

Inch along through heavy traffic. Roll up the miles in steady highway cruising. Long trips or short errands, byroads or boulevards, you get far more miles per gallon in this great new Chevrolet.

New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide\* models—and the advanced 108-h.p. "Thrill-King" engine in gearshift models—deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel consumption is lower!

This is the kind of economy that counts the most—important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only the new Chevrolet offers you. Come in and see for yourself!

\*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission available on "Two-Ten" and Big Air models only.
