LET'S FARM SAFELY!

FARM SAFETY WEEK JULY 19-25

The slogan prepared for Farm Safety week by the National Safety Council is "Farm to live and live to Farm." They have also prepared a farm safety inventory with which to check your farm for points that will help prevent accidents. These safety points are presented in ad form in this issue of the East Jordan News by various local companies and merchants who are interested in the future of our local farmers.

Let us help prevent the Charlevoix County accidents that are likely to touch one farm in four in the next 12 months as predicted by Ed Rebman, county agricultural agent.

Make a SAFETY INVENTORY of your farm. Be careful . . . the life you save may be your own!

Over the Back Fence

By Marshall

We see where Robert Wallis, assistant football coach and teacher at Mason, near Lansing, has signed as head football coach at Gaylord high school.

New metal signs for East Jordan's trailer park arrived Saturday.

East Jordan's much needed blacktopping job on many streets not only makes for better travel, but it also adds considerable to the appearance of the city.

People are already talking about back to school clothes and fall garments so we checked the calendar: Yep, only 46 days until September 1st.

Marriage is that process of finding out what sort of a guy your wife would have preferred.

Cherry growers around the county are worried about the labor shortage; and we can remember back in 1932 when laborers were worried that there would not be enough cherries for everybody to pick.

They say ridicule may be the evidence of wit or bitterness and may gratify a little mind or an ungenerous temper, but it is no test of reason or truth.

Next week is farm safety week and safety experts are still noting that the most dangerous machine on the farm today is the tractor.

This is not necessarily a plug for the Dress & Gift Shoppe, but it is something for women to bear in mind. Nearly 2,000 physicians across the country have reported in a survey that women should not wear shoes without stockings. Much of the increase in serious foot trouble among women, the doctors said, is due to the practice of going without stockings in summer.

We are told a flying saucer passed over this area last week. Don't believe it. Because the folks reporting it said it had no navigators.

Thirty-two years ago last Thursday during a big wind, a fire at Bellaire burned down 13 buildings in one hour. Anyone remember?

We have been asked to investigate who, why, when and how someone fell into the lake near the city dock last week. It was thought by some that perhaps it was a city councilman.

Louis Reno's name should have appeared in last week's council proceedings, but it came out Louis Premo, for which we are sorry.

Rev. Wolf Again Guest Preacher at Methodist Church

The Rev. Claire Wolf of the New Methodist church at Hazel Park will again be guest preacher at the East Jordan Methodist church Sunday, July 19th. He will also take the services at the Norwood and Barnard Methodist churches.

1953 County Cancer Drive Hits \$300 Over Quota

Basil Cummins, Charlevoix County's Cancer drive chairman, reported this week that an "over the top" success was achieved when collections reached \$300 over the 1953 goal of \$1400.

Exceptionally good results were obtained in East Jordan. It was said, cancer society officials are expressing their appreciation to Basil Cummins and local drive workers. Also to Edward Davis, of Boyne City and to Maurice Foster, of Charlevoix and to their drive workers.

Walloon Lake and Boyne Falls collections were high. Mrs. Cleo Mackay of Walloon Lake; and Mrs. Bartell, of Boyne Falls, were leaders in their communities.

The Charlevoix County unit of the American Cancer Society is in urgent need of thoroughly clean old sheets and blankets for making dressings. Anything usable, providing it is clean, is welcome. Those having such materials to contribute are asked to take them to Mrs. Eleanor Scott, 306 Echo street, East Jordan.

Mrs. Scott, who is county society chairman, is expressing thanks and her appreciation to all the loyal workers throughout the county.

Tourist Park Signs To Be Installed Soon

Four metal signs advertising East Jordan's modern tourist park have been received by Park Commissioner Thomas St. Charles.

St. Charles said Wednesday the signs would be installed immediately, probably at the following locations: M-66 and M-32; M-131 and M-32; M-131 and M-66; and on M-72 south of Mancelona.

Only two cities, East Jordan and Traverse City have authorization to display the signs north of Ludington, St. Charles said. That's because the two cities are alone in receiving Trailer Park approval from both the Michigan Department of Health and the Trailer Manufacturing Association.

The signs are 5 feet high and 10 feet long and advertise East Jordan on the 20 gage metal.

St. Charles said that between 20 and 30 trailers now are at the park and that this is just the beginning of the season.

The tourist park has a life-guard on duty daily from one to five o'clock.

Growers Worried Over Labor

Need Help For Cherry Crop

Roger Austin Loses Thumb In Farm Accident

Big cherry crops this summer are worrying county growers. The labor problem may be a headache.

County farm agent Ed. Rebman says that the crops may not be largest in history, but they will certainly set a record.

At a recent East Jordan meeting of cherry growers only one said he would have enough orchard workers this summer.

Most growers prefer to have local pickers rather than contract workers; and they are wondering if there will be enough local labor available.

Picking conditions are ideal. That's because of the good yield in all orchards. Weather conditions will, however, have something to do with it.

The farm agent remembers that growers had a rough time last year when on the morning harvest was due to start high winds ruined entire crops.

Cherry pickers seeking work may contact the following places:

- 1 Growers themselves.
- 2 East Jordan Canning Company
- 3 The Farm Agent's Office.

Hook & Line Talk Good Pike Catches Reported At Mouth Of Jordan River

Pike fishing came back into the limelight this week as several limit catches have been recorded from the lower end of the Jordan River and around the back waters of Lake Charlevoix.

Vern Whiteford and Walter Hickcox got nine in one evening while fishing together. In a boat next to them fishermen caught a total of ten. Best bait for them at this time are minnows or nightcrawlers.

A quaint way of getting fish easily was discovered this week by a local angler. This particular fisherman was fishing Deer Creek and it being quite warm he got out of the stream and sat down under a bush to cool off. While sitting there, another local angler came along whom the first one knew.

The first angler called out to the fellow who was slightly hard of hearing. Where upon the fellow immediately began throwing fish out of his creel and then ran off into the underbrush. After waiting about half an hour the first angler picked-up five trout which had been cast away and went home with them.

We suspect that the fellow who threw them out of his creel either didn't have a license or had a few over his limit.

The Caddis Hatch on the Jordan didn't pan out so well this year for brown trout. Several small ones were caught but there was one caught by a local fisherman which weighed six and one half pounds. This was about the largest one recorded to date.

Bass fishing has not been up to par as the fish have been filling up on May flies during the evening but now that the Hatch is about over the fish should start hitting good again on other baits. A good place to try for them is that area around the Red Mill site and near Glen's Marine service.

Softball Leagues Start Second Round Of Play This Week

The Rainbow City and Inter-County Softball league have started their second round of play. Still to be played in the first round are Thursday night's games. At 7:30 p.m. the East Jordan Co-operative team will play the East Jordan Iron Works and at 9:00 p.m. the East Jordan Canning Company will play the East Jordan American Legion. Both games are in the Rainbow City League.

Games next week are as follows:

On Monday, July 20th at 7:30 p.m. the Charlevoix Scouts play Sherman's at East Jordan. At 9:00 p.m. the Ellsworth Chamber of Commerce plays the Foundry at East Jordan. At 9:00 p.m. also the U.-S. Coast Guard plays the East Jordan Cannery at Charlevoix.

On Tuesday in the Rainbow City League the East Jordan Canning Company plays the East Jordan Iron Works at 7:30 p.m. and the East Jordan cooperative plays the East Jordan American Legion at 9:00 p.m.

Wednesday at 7:30 p.m. Sherman's plays the Lake Construction Company at Charlevoix.

Friday the East Jordan Foundry plays the Cadillac-Olds team at 9:00 p.m. at Charlevoix.

Local Minister Attends School This Week

The Rev. Robert H. Moore, pastor of the East Jordan Methodist church, is away this week attending a laboratory school on young adult work at Albion college. Rev. Moore, along with Rev. Gerald Jacobs of Bethany Methodist church at Ludington, are the two clergymen representing the Grand Traverse District of the Methodist church at this school.

Rev. Moore is the sub-district director of young adult work in this area.

Diék Sligh of Holland was a guest of Carol Nesman at the home of her parents, Monday and Tuesday.

Docter Bechtold To Open New Office Soon

Dr. G. W. Bechtold has built a three room addition onto his home at 303 1/2 Second street and plans to move his dental office there during the week of July 27.

His office will be closed during the week he is moving, and he plans to open his office on Second street about the first of August.

Attorney To Open Office In East Jordan

J. Douglas Cook, 29 year old June graduate of the University of Michigan law school, this week announced that he would open a law office in East Jordan.

Mr. Cook, whose home is in Bay City, has rented the office in the building owned by the Pure Oil Company at Main and Easterly streets. The office was formerly used by Benny Benson who sold auto plates for the Secretary of State's office.

Mr. Cook served from 1942 to 1946 in the U. S. Airforce and was recalled to serve where he again served from August 1950 to December 1951 in Japan.

Mr. and Mrs. Cook have rented the Dr. Beuker cottage on M-66 and will make their home there after September 1st. Mrs. Cook will remain in Ann Arbor until that time as a psychiatric case-worker. She will seek employment in this area after September 1st.

Mr. Cook came to East Jordan at the invitation of the East Jordan Businessmen's Association.

Traverse City Gives Free One To Valley Team

Traverse City Local 945 had to forfeit the game Sunday to Pleasant Valley 9 to 0 because they could not field nine players. It was regrettable because the team is made up partly from the Air Corp Base at Empire whose men were on the alert Sunday and could not leave the base.

However a practice game was played with Traverse City using the Valley subs. Pleasant Valley won 5 to 4. The Valley team played a very good ball game, especially their subs, who played for the Traverse City team.

Next Sunday's game is with Consumers Bower at Traverse City.

Friend Of Court Group To Meet At Beach Hotel

The Friend of the Court Association of Michigan will open its twenty-third annual conference at the Beach Hotel Thursday afternoon.

Clarence B. Meggison, Friend of the Court for the 13th Judicial district, will be host to the three-day meeting which will open with registration at 4 p.m. this afternoon.

William H. Taylor, assistant attorney general, will address the opening business session at 10 a.m. Friday when he speaks on the uniform reciprocal support act.

Judge Charles L. Brown, circuit judge of the 27th Judicial circuit will speak briefly at the luncheon meeting on Friday. Mayor Dean Davenport will welcome the members of the organization at the luncheon.

Judge Earl C. Pugsley, circuit judge of the 27th Judicial circuit, will be the speaker at the annual banquet at 6:30 p.m. Friday. The Rev. Harold Kohn will give the invocation. S. E. Coleman, secretary of the Charlevoix Board of Commerce will be toastmaster.

A business meeting and round table discussion Saturday morning will conclude the conference. During the afternoon the group will enjoy boat rides and other entertainment arranged for their enjoyment by the Charlevoix board of commerce.

Officers of the Association are Mrs. Carruth Cook of Ann Arbor president, John R. Verdonk of Bangor, first vice president; Eren Learman of Bay City, second vice president and Lloyd Service of Lansing, secretary-treasurer.

Sherm Thomas To Open New Service Station

Sherman Thomas completed arrangements this week to open Sherman's Pure Oil Service at the location formerly occupied by Benson's Hi-Speed.

Sherm expects to be open for business Saturday, July 25th, with a grand opening following on August 7th and 8th. Detailed announcements will be made next week.

Sherm is an experienced auto service man having spent some fifteen years in the auto servicing work. He is well known to East Jordan residents as well as many summer vacationists.

A World War II army veteran, Sherm has since April 20th, been chief of the East Jordan Volunteer Fire Department. He has also been active in the American Legion since his return from the service in 1946.

Looking forward to meeting his many friends at his new location July 25th, Sherm is promising the same courteous and efficient service which has gained him the confidence of those who know him.

Conduct Survey

Supplemental questions, designed to obtain information on the educational plans of veterans eligible for training or schooling under the Veterans' Readjustment Assistant Act of 1952, will be asked in the July Current Population Survey, according to Supervisor Mr. Donald P. Watkins of the Census Bureau's district office at Boyne City.

Doctor Advises Care With Food During Summer

Keep it hot, keep it cold . . . but never keep it warm, advises Doctor A. F. Litzemberger, Director, District Department of Health No. 3.

Following that advice in handling foods for picnics and community meals is a simple safeguard against most foodborne poisonings and infections.

The mistaken belief that once food is cooked it will keep for hours, even in a warm place, is responsible for a number of food poisoning outbreaks each summer.

So when preparing the picnic lunch be sure to keep hot foods very hot and keep cold foods chilled . . . but don't keep them at a warm, in-between temperature. The warm temperature is ideal for the growth of bacteria which can make you sick.

East Jordan Recreation Calendar

July 20th — July 24th

- Monday**
2:00 — 4:30 p.m. Playground Activities — Tourist Park
6:15 p.m. — Midget Softball

Editorial

Welcome, visitors! Welcome to East Jordan. Everyone here hopes your stay with us will be pleasant; and that you will want to return again to enjoy the many conveniences our city has to offer those on vacation.

This message is coming to you at a time when our community is in a period of change. Greater emphasis is being placed upon the material looks of the city.

You have arrived at a time when a great "look ahead" trend is plainly noticeable among our residents. More now than at any time in our civic history we are planning, building and hoping for a more healthy, growing city of which we can be proud.

Many of you summer visitors who have been here before have already noticed the many wonderful improvements accomplished since last summer. And we hope that next summer you will again be amazed with our continued progress.

Through the years many of our visitors have enjoyed their stay so much they repeatedly express desire to live here or to own a summer cottage nearby.

Because of our continued development for both residents and those on vacation the desire is even stronger now for a summer home or quiet year-around dwelling.

If you are one of those visitors who have it in the back of your mind to someday construct a summer home near the Rainbow City, why not look into the possibilities this summer. The investigation will cost you nothing.

We have realestate men who will be happy to show you ideal locations for future construction . . . lots situated in cozy, attractive surroundings. Places where you will be away by yourselves, but yet so near to all the conveniences of life.

Our contractors and lumber dealers will give you an accurate estimate of building; and the advice will cost you nothing.

You can investigate the possibilities of financing your summer home at our bank where the information will be thorough and in a friendly manner.

If your home is constructed within the city limits you will enjoy the rapid service and protection of our fire and police departments while you are here and while you are away in winter.

We ask you to investigate our community. Check our shops and daily services, our play areas, our river and lakes. Check the winter fun to be found, such as ice fishing, hunting, skiing, etc. With a cottage here you'll want to make many a week-end visit during the wintertime.

So, look more closely at the many advantages offered cottage owners. And then get your free advice on location and construction costs.

For information see our city clerk, the information room in the post office building or stop in at the East Jordan News.

At least not least, have a friendly chat with present summer cottage owners in this area who return year after year.

If you enjoy your short vacation here now, you will be doubly pleased with a cottage in a community that is ever conscious of your needs.

FROM OUR CORRESPONDENTS

About People You Know

Pleasant Valley News

Bryce Petrie and Suzie spent the past week at home repairing his house after the wind blew the tree on it.

Mr. and Mrs. Doyle Eckhart, Mr. and Mrs. Bob Young Dyke, Mr. and Mrs. Happy Wilson and families spent Saturday evening at the Chuck Scott home.

Bob Sheldon and family of Eaton Rapids are spending two weeks at their cabin on Scott's Lake.

The Bob Petrie and Chuck Scott families moved to Lansing Monday.

Sunday afternoon visitors at the George Gibbard home included Mr. and Mrs. John DeYoung of Atwood, Mr. and Mrs. Lloyd Taylor of Gaylord, and the Norman Gibbard family of Petoskey.

Visitors at the William Hurray home, Mr. and Mrs. Robert Sutliff returned to Grand Haven, and S-Sgt. Roy L. Hebben returned to Alcoa, Tennessee this week. While they were here they caught their limit of fish on a fishing trip on the Jordan River.

Peninsula

Mr. and Mrs. Joe Plattie and girls of Lansing (Lucy Reich) are spending their vacation here visiting relatives and friends.

Mrs. Mary Reich and children of Detroit drove over to the Reich and Hayden farms and brought Mrs. Alidia Hutton Millerberg to call on old friends. She was Mrs. Frank Hayden's 7th and 8th grade teacher over thirty years ago. She is spending a week at her old farm home visiting relatives and friends.

There will be a cake walk at the Star School house July 18th

at 8:30 p.m. for the benefit of the Community.

Mr. and Mrs. Paul Bennett of Lansing spent the week end here. Sunday Mr. and Mrs. Orvel Bennett, Orveline, Rex, Lyle and Earl, Mr. and Mrs. Paul Bennett and Mr. and Mrs. MacDonald and sons drove to Rudyard Sunday to have a family reunion with their daughter and sister, Mr. and Mrs. Jay Riley and children.

Mr. and Mrs. Enoch Hawkins, Nina and Glenn visited the Haydens on Friday and Saturday. They expected to return to their home at Dafter Sunday evening.

Lloyd Jones visited the Staley family last week end. He returned to Detroit Wednesday. He has purchased the George Ferris house.

Hayling will be completed this week. Cherries are ripening fast.

Mr. and Mrs. Tom Hayden and girls of Elk Rapids called on the Haydens and then visited Mrs. Hayden's father, who is ill at Charlevoix Hospital.

Dr. and Mrs. Edward Atwood and two sons of Benton Harbor who spent the Fourth of July and part of last week at the home of her parents, Mr. and Mrs. Albert Nesman and family, returned to their home the middle of last week.

Mr. and Mrs. Norm Root, L. D. Haines, Mary Amburgy, Fay Messer, Mr. and Mrs. Kevin Lederidge of Pineckney spent the week end at the Root's cabin on the Jordan River.

IN MEMORIAM

In sad loving memory of our loving son and brother, Harold Bates, who passed away nine years ago on July 14, 1944.

There are some who miss you sadly
And find time long, since you went.

There are some who think of you daily,
And hope to see you brave and con-

There are some who feel an aching
There are some who feel a longing

For the long years have passed,
Dear,

And our hearts still ache for you.

Missed so much by all of us,
Mr. and Mrs. Ernest Kopkau
Wanda, Arvin, Wanda, Buddy,
and Dennis.

Homemakers To Attend State Meeting

More than 1300 Michigan homemakers will be coed roles this month while attending the four-day meeting, the 26th annual Homemakers Conference at Michigan State College, July 21-24.

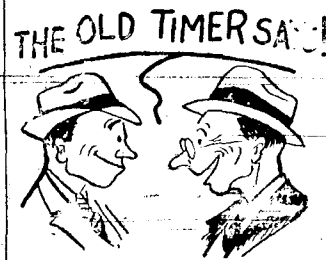

Sponsors of the conference, the home demonstration staff of the Michigan Cooperative Extension Service, have completed the program of education events built around the theme, "Better Homes for a Better World."

Highlight of Tuesday's opening program will be an address by Iris Daveport, home economics writer-editor with Farm and Ranch Magazine in Nashville, Tenn.

Outstanding speakers scheduled for the Wednesday, Thursday and Friday sessions include: Marion Martin, commissioner of labor and industry for the state of Maine; Mrs. Edith Sampson, Chicago attorney; E. T. Barwick, Georgia; Mrs. Fern G. White, Kansas City, Mo.; Dr. Elaine Knowles Weaver, Ohio State University; and Mary

L. Motz, Michigan State college. During the Wednesday, Thursday and Friday sessions, homemakers will follow the banner of their choice to classes in writing, photography, landscape improvement, household equipment, flower gardening, savings and investments, parliamentary procedure, effective speaking, literature, music, recreation and the Bible.

Other courses offered include one in wise purchasing, the Korean situation, meeting problems of illness, changes in Michigan communities, and parent-child relationships.

Engagement Announced

Mr. and Mrs. E. W. Beishlag have announced the engagement of their daughter, Diana Louise, to Sherman Daniel Thomas.

Diana is a graduate of East Jordan High School, class of '53, and is now employed at the office of S. S. Kresge Co. in Detroit.

Dear son of Mr. and Mrs. Gabriel Thomas of East Jordan is a '52 East Jordan High School graduate and is working at Buick in Flint.

Present plans are for an early spring wedding.

THIS WEEK AT GRANDVUE

Amittances at Grandvue this week were Thomas Cornstalk of Beaver Island on July 7th and Ida Miller of Boyne City, also on the 7th.

Thomas Cornstalk was discharged on July 13th.

There were two deaths at Grandvue this week. Frank Kadon, well known Boyne City, business man, passed away July 10th. Belle Sparks, wife of Melvin Sparks of Boyne Avenue Greenhouse of Boyne City, passed away July 13th.

THANK YOU

We wish to extend our thanks and appreciation to our friends and neighbors, residents and business men of East Jordan, who helped us so generously during our recent bereavement.

Mr. and Mrs. Clifford Bailey and daughters.

Is my farm machinery in A-1 repair?

Farm equipment is a real blessing. But if neglected, it can be dangerous. Keep it in good repair. Keep everything on the place in good condition. Play safe... then you needn't be sorry.

Be Careful—the life you save may be your own!

Good Breeding Pays Says Dairy Expert

"I have a cow in my herd with a 700-pound butterfat average. Where can I get the services of a bull which is good enough to transmit that much production

ability to the cow's daughters? Ed Rebman, Charlevoix county agricultural agent, reported this answer to a farmer's query from George Parsons, extension dairyman at Michigan State college.

Parsons says that a bull that consistently has sired daughters which produce 500 pounds of butterfat is adequate to mate with the 700-pound butterfat producer. Very likely, the dairyman opines, all of the cows in the farmer's herd are not of the 700-pound butterfat caliber. And it's likely, too, suggests Parsons, that the outstanding cow doesn't have the ability to transmit that much production to her daughters.

He believes a fair idea of her transmitting ability can be obtained by comparing the production records of her paternal half sisters on a 305-day record of milking twice daily. The daughter of the 700-pound probably will be in the middle of the group on production ability.

Almost 5,000,000

In the 1950 Census, a total of 4,903,590 persons reported that they were born in Michigan, according to the Bureau of the Census, Department of Commerce. Of this total, 4,101,260 were living in Michigan and 802,330 were living in other states. Outside Michigan the largest number of Michigan-born was living in California, where 150,870 reported their Michigan origin. Illinois had the second largest number of Michigan-born residents with 89,515, while Ohio was third with 76,835.

Michigan State to Build New Library

A new design in library construction, which permits thousands of students to be served at all times without standing in line at main desks, will be a feature of Michigan State College's new library building, shown in this architect's drawing. An initial appropriation of \$1 million has been earmarked for the library by the Michigan Legislature, with construction to begin when the money is officially made available. The library will be the largest in America yet built on the "divisional reading room" principle, according to M.S.C. Librarian Jackson Towne. This means the breaking up

of the "conventional" library into large subject reading rooms with thousands of volumes on open shelves. Under this plan, 15,000 M.S.C. students can be served without the "bottleneck" problem in present library facilities. M.S.C.'s present library was built in 1925 when enrollment was 2,500. The new \$4 million building is to contain space for one million volumes, more than 100 faculty rooms for research, 200 cubicles for graduate students and a specially-equipped reading room for blind students. Containing four floors and a basement, the structure will be constructed of steel and concrete with a red brick veneer.

FINKTON NEWS

A group from the Finkton Bible Fellowship Church enjoyed their trip to Petoskey Friday night to hear a group of students from the Providence Bible Institute who were at the Parr Memorial Baptist church.

Leo Taylor of Detroit has been visiting his parents, Mr. and Mrs. Jack Taylor this last week.

Mrs. Mildred Swain and daughter, Dorothy were Wednesday evening callers at the George Spence home.

Miss Shirley is spending some time visiting the Earl Kenny's of Sparta, Michigan.

Sunday visitors at the George Spence home were Misses Leota Spence and Marion Frogett of Lansing, Mr. and Mrs. George Cady and family of Central Lake and Mr. and Mrs. Avery Wilson of Central Lake.

Mrs. Basil Morgan of Highland Park is visiting at the home of her parents, Mr. and Mrs. Thomas St. Charles.

MICHIGAN OUTDOORS NEWS

In taking his 15-pound, one-ounce brown trout, Arnold Hubbell of Grayling caught more than a fish; he also captured Michigan's fly fishing record for that species.

Hubbell took the big fish from the Manistee River west of Fredrick last week.

Conservation department records show that for dry fly fishing, no angler in Michigan has ever reported taking a larger brown trout.

The trout, measuring 35 inches long and 17 inches in girth, was taken on a No. 6 dry caddis fly, using a 10-pound test leader and a four-ounce fly rod.

Hubbell battled the big fish for half an hour.

Only a few changes from last year have been recommended for most of this year's hunting and trapping laws, the conservation department reports.

The conservation commission were considering the recommendations of department game men in its meeting at Higgins Lake training school July 8-9.

A few items, such as regulations for the coming deer season, will be set aside until the August meeting. Also, waterfowl regulations cannot be set until the federal government sets season limits.

Game men did suggest, however, that the commission consider asking the legislature to open the season on black squirrels. Since blacks are only a color phase of the gray squirrel, with both often occurring in the same litter, there is no apparent biological reason for protecting the blacks. At present, black squirrel populations are high and a limited season has been suggested, no action could be taken on this, however, until next year.

Also, a season limit increase from three to four birds is recommended for the Meniminee county pheasant season.

Other than these two shifts, however, only minor local changes have been suggested.

List Cost of Snow Removal Last Winter

Snow removal on county local roads formerly known as the McNitt township roads cost the Charlevoix county road commission \$30,412.74 during the 1952-53 fiscal year, T. B. Reynolds, road commission engineer-superintendent, announced this week.

The cost is shared with the townships which foot 50 per cent of the total cost.

The program cost an average of

\$139.48 per mile for the 218.05 miles of the 565.9 miles roads in this category which are plowed during the winter.

During the 1951-52 fiscal year snow removal on these same roads cost \$110.84 per mile. The increase, however, was partially due to the fact that there was more snow last winter and that it fell on week-ends when workmen were paid for overtime. Mr. Reynolds explained.

In the five years prior to 1951-52, the average cost per mile was as follows: '50-'51, \$159.27; '49-'50, \$106.75; '48-'49, \$109.35; '47-'48, \$137.25; '46-'47, \$173.29.

In addition to the 218.05 miles of county local roads mentioned above, the county road commission cares for 67.7 miles of state highways at the cost of \$590.70 per mile. The state highway department reimburses the county road commission for this service. Another 160.97 miles of county or primary roads, which link major highways are plowed at the cost of \$223.07 per mile. This work is financed by the road commission from funds received from the motor vehicle fund.

A breakdown of the figures on the county local road snow removal costs show that \$24,785.48 was spent on snow removal, \$5,365.19 for snow fence and \$282.07 for sanding.

Farmers Union To Meet Friday Night

There will be a special meeting of the Charlevoix-Antrim County Farmers Union to organize a credit union at the South Arm Grange hall Friday at 8:30 p.m.

Charter has been issued by the state Banking Commission and is recorded with the county clerk.

Summer Fun

Northern Michigan summer events of interest to East Jordan residents include the following:

July 26 - Venetian Night, Charlevoix.

August 9 - Annual Beaver Island Homecoming.

August 9 - Indian Pow Pow, Cross Village.

August 13 to 16 - Annual Boat and Sports Festival, Petoskey.

August 16 - Trout Festival and Sturgeon River Canoe Race, Wolverine.

August 16 - Little Traverse Bay Regatta, Petoskey.

August 22 and 23 - Gladiolus Festival, Mesick.

It's all right to talk about some people being the salt of the earth. But I've noticed that they get further with a dash of pepper!

Around Rainbow City

(Continued from page 2)

Mrs. Donald Clark and son Fred spent last week visiting relatives at Utica.

Mr. and Mrs. Galen Seiler and three children, Susanne, Louis and Jim of Waukeska, Wis. are spending two weeks with their parents Mr. and Mrs. John Seiler.

Mr. and Mrs. Ray Olson and little daughter Wava and their mother Mrs. Alberta Nowland returned to their home Monday after spending the 4th of July weekend visiting relatives at Lansing.

Duffy Chahk is visiting his friend Larry Ingalls at Coopersville.

Sherry and Butch Morgan of Highland Park are visiting their grandparents Mr. and Mrs. Tom St. Charles.

Mr. and Mrs. L. C. Reamer of Traverse City, are spending the summer at the East Jordan Tourist Park. They are associated with the U. S. Credit Bureau and are working in this area.

Mr. and Mrs. Ernest Kopkau and son Dennis were Sunday guests of their aunt and uncle Mr. and Mrs. Otto Miller at Boyne City. Other guests at the Millers home were Mr. and Mrs. Leo Wiese of Walloon Lake. The occasion was in honor of Mrs. Kopkau's birthday.

Mr. and Mrs. Joe Snyder of Kalamazoo are guests of their sister and brother-in-law, Mr. and Mrs. Ed Bawerman.

Mr. and Mrs. Robert Archer of Muskegon, spent the weekend with their parents Mr. and Mrs. Wm. Archer Sr. Their brother Marvin returned with them for a visit.

Mr. and Mrs. Kenneth Reno of Flint are visiting their parents Mr. and Mrs. Louis Reno at the Tourist Park. They are staying at one of the Blair Cottages across from the Park.

Mrs. Marilyn Koster, who is employed at the Little Traverse Hospital in Petoskey spent from Tuesday to Thursday with her parents Mr. and Mrs. Geo. Koster.

Ernest Kopkau Jr. and Donald Saganek are employed at Gaylord helping lay oil line.

Mrs. Frank Namann is quite at her home.

Mr. and Mrs. Orville Davis spent last week in Flint visiting relatives.

Sam and Mrs. E. E. Wade spent Tuesday at Lansing.

Mr. Harold Price and son Edie of Xenia Ohio are visiting her mother-in-law Mrs. Ida Kinsey.

Albert Nesman underwent surgery at the Charlevoix Hospital Wednesday.

Mrs. Ed Woods is visiting her sister at Spring Lake for two weeks.

Mrs. Lydia Hyatt of Brooklyn Michigan is spending the summer with the Boweman families.

Erwin Clark of Flushing is visiting his grandparents, Mr. and Mrs. Ernest Barnes.

Mrs. Martha Fisher is visiting her son and daughter-in-law Mr. and Mrs. Philip Fisher at Flushing for two weeks.

Mrs. Wm. Neumann Sr. who has been spending some time with relatives at Grand Rapids and Muskegon, is now making an extended visit with her daughter and son-in-law, Mr. and Mrs. Ray Collins.

Linda and David Morgan of Highland Park are visiting their grandparents Mr. and Mrs. Floyd Morgan.

Mrs. Arnold Dedoes and children of Huntington Woods are at their cottage on Lake Charlevoix for the summer. Mr. Dedoes joins them on the weekends.

Mrs. Clyde Evans of Oakland Park, Florida is spending the month of July with her son and daughter-in-law, Mr. and Mrs. Donald Sutton at Boyne City. Mrs. Evans was a former East Jordan resident and is visiting many of her friends here.

Mrs. Mannie Lanway is visiting relatives at Traverse City.

Mrs. Ray Burr has returned to her home at Ann Arbor after visiting her sister, Mrs. Edith Swafford and others for two weeks.

Annetta Reed underwent surgery at the Munson Hospital last week, she had one of her feet operated on and in a few weeks will have the other one operated on. She is the daughter of Mr. and Mrs. Harold Reed.

Mr. and Mrs. John Corneil are visiting relatives at Lansing and Jackson.

David Bailey and a friend of Petoskey were Monday guests of the farmers uncle and aunt Mr. and Mrs. Ernest Kopkau.

Floyd Detloff of Flint spent last week with his father Peter Boss.

Mr. and Mrs. Joseph St. Charles of Muskegon spent Thursday with their brother and sister-in-law, Mr. and Mrs. Tom St. Charles.

Advise On-Farm Storage To Handle '53 Winter Wheat Crop

With the June 1 crop report of the Michigan Cooperative Crop Reporting Service indicating a production of 39,379,000 bushels of 1953 winter wheat, the need for additional on-farm storage is greater than ever this year according to LeRoy Hardy, Chairman of the Charlevoix County PMA Committee.

Mr. Hardy stated that considerable concern is being shown by warehousemen and officials of the department of Agriculture in regard to the storage and handling of the large 1953 wheat crop.

According to Mr. Hardy, commercial storage warehousemen in many localities say that they never have been able to store all the grain which producers wish to deliver at harvest time. Producers having 1953 crop wheat and oats which will be

harvested within the next few weeks were reminded by Mr. Hardy that in order to avail themselves of the Price Support Program, it may be necessary for them to store their grain on the farm.

Producers were also reminded that in the event immediate funds are not available for the purchase of granaries or grain bins, that acceptable storage structures may be financed up to 80% of the total cost of the structure through a Government loan program. These loans may be financed for a period of four years repayable in annual installments with interest at 4%. Producers interested in this program for increasing on farm storage should contact the Charlevoix County PMA Committee in the Bank Bldg., Boyne City without further delay, Mr. Hardy said.

For Recommendation Made To U. S. Fish And Wildlife Group

Lansing - Michigan has made four recommendations to the U. S. Fish and Wildlife Service for waterfowl regulations during the coming hunting season, the conservation department announces. Approved by the conservation commission at its June meeting in East Lansing, the recommendations:

- 1. Ask the baiting of waterfowl again be prohibited but that present wording of the rule be changed.
2. Requests when waterfowl populations permit that an extension of the number of shooting days be made, up to 60 days.
3. List choices of season dates, from October 15-November 13 for a 30-day season up to October 1-November 29 for a 60-day season.
4. Ask that season dates on woodcock coincide with those for the grouse season.

Warn Farmers To Keep A First Aid Kit

Farmers around East Jordan are going into their most dangerous season. Harvest time.

That's why it is more important than ever to keep a well-supplied first aid kit on hand.

MSC farm safety man say the first aid kit should be tight to keep dirt out. A cash box, fishing tackle box or tightly covered tin

It should be cleaned an well labeled.

Your kit should contain these items:

Several rolls of adhesive tape, several widths. Steril cotton, swabs and sticks.

Steril white cloth should be included with a tube of steril white salve for minor burns; a pair of scissors, boric acid, a recommended antiseptic and aromatic spirits of ammonia.

Your well stocked kit may save your life or prevent serious infection from injury.

Hard cooked eggs for summer picnics, salads and cold plates should be cooled promptly to prevent overcooking

NEWS FARM PAGE

See Low Meat Price

Farmers cannot look to higher cattle prices in the next 2 to 3 years. MSC economists don't think so.

They say beef supplies are likely to continue larger. That's one reason

And right now price outlook for lower grades of slaughter cattle look unfavorable for the seller.

More price weakness is expected and marketings are likely to be unusually large this summer and early fall.

Price weakness for stockers and feeders are:

1. Increased supplies. Seasonal movement of grass cattle. Cattle coming from drought-stricken areas.
2. Weakness demand. General fear of late summer and fall prices on grass cattle. Cattle loan restrictions. Cattle losses by feeders.

The economists say unfavorable price spread between feeders and fat cattle plus current field work pressure is keeping farmers from market.

Am I fully protected against a serious fire?

Kids shouldn't play with fire. And with a little care on your part they won't. Protect them from the hundred-and-one farm dangers. Teach and preach alertness to all farm hazards.

Be Careful—the life you save may be your own!

Start your August - September build-up of alfalfa fields now, harvested, advises Edward D. Longnecker, extension soil scientist at Michigan State College.

One principal cause of unsatisfactory alfalfa yields in Michigan is lack of readily-available plant food in the soil, he claims. The 1950 agricultural census showed the average Michigan Alfalfa acre yielded only a ton and a half of hay. Yields of twice and three times that amount are not uncommon—where plant food is available.

This necessary plant food can be added to the soil any time during the growing season. Longnecker explains, but there is no better time than shortly after the first cutting. This provides for the important August - September build-up.

This fertilizer application right after first cutting should increase next year's yields more than nutrients put on in late summer, fall or early next spring, he notes.

Farmers should not try to place fertilizer in the soil on established stands, the MSC soil scientist warns, because discs of the drill will injure plane crowns; this might be a factor in spreading bacterial wilt. He advises broadcasting the fertilizer over the surface.

On heavy clay soils, use 0-20-10 analysis fertilizer. Longnecker suggests. For light or sandy loams, he prefers 0-20-20, and 0-10-20 or 0-10-30 are better adapted to light sands. Don't skimp on quantity, he adds. Plan on at least 200 pounds per acre per year of this fertilizer.

Gives Pointers On Good Concrete Mix

Making a good concrete that will give topnotch performance is more than just mixing sand, gravel, water and cement together, reminds Ed Rebman, Charlevoix county agricultural agent.

T. J. Brevik, an agricultural engineer at Michigan State college, says the ratio between the amount of mixing water and the quantity of cement determines the strength of the concrete. The water-cement ratio, he asserts, also has a lot to do with the wearing qualities and the concrete's water-tightness.

The smaller the amount of water used for each sack of cement, the stronger the concrete will be, advises Brevik. After you determine the water-cement ratio, he suggests, these should be measured carefully for each batch. The aggregates are added until the mix is as stiff as you can handle conveniently. The more sand and gravel you can get in and still have a workable mix, Brevik says, the more economical the concrete will be.

Here are the number of gallons of water per sack of cement he recommends for various structures: fence posts, five; thin shell-egg stock tank, five; floor topping where a smooth hard surface is wanted, five; sidewalk, floors, water-tight concrete walls, septic tanks and driveways, six; foundation walls, gutters and concrete in thick sections, seven gallons of water.

Other pointers from Brevik: Don't use old lumpy cement; be sure your sand and gravel are clean... the best ratio is 60 per cent gravel and 40 per cent sand; allow at least one minute mixing time after all the material is in the mixer; don't over-finish concrete... working it too much makes the particles separate; keep concrete damp for five to seven days after pouring so it will cure to maximum strength.

"Anything moo we can do to promote the FARM SAFETY INVENTORY?"

There's this you can do—any day, all day, the year 'round.

Be careful, man and beast. Keep the place picked up. Keep a sharp eye out for the hundred and one spots on the premises that can promote danger.

Safety is a year 'round job for the whole farm family—bar none.

To help you make your own personal safety inventory, here's a set of questions you might like to answer for yourself:

- Is the farmyard safe for the kids to be playing in?
- Is my machinery and equipment in as good shape as I can get it?
- Is the house in good repair... and is the Missus doing her part in eliminating hazards?
- Am I being as careful as I can each day?

News From Ed's Boats

The Joe and Clarence Snyder families spent Thursday at the Soo Locks. They returned to their homes in Kalamazoo on Sunday.

Mr. and Mrs. Ellis Ford, their son-in-law and daughter, Mr. and Mrs. Elmer Cross and children, Michael and Sandra, from Royal Oak arrived Sunday for their two weeks vacation at the "Elms" cottage. This is the Ford's ninth year to vacation at Ed's Boats.

Mr. and Mrs. William Manther entertained their friends, Mr. and Mrs. Kenneth McFadden from Boyne City for dinner and the evening on Thursday. Over the week end guests at their cabin were their son and his wife, Mr. and Mrs. William Manther Jr.,

from Jackson. Mr. and Mrs. Erwin Inman and three children from Yellow Springs, Ohio arrived Saturday for their two weeks vacation. This is the Inman's first visit into this part of Michigan so we hope they have an enjoyable vacation.

Mr. and Mrs. Thurlow King from Muskegon spent five days at Ed's Boats. Mr. King was a former East Jordan resident so they have been renewing acquaintances.

Mr. and Mrs. Robert Wheaton and children from Flint, Mr. Wheaton's mother, Mrs. Isabelle Wheaton of Flint and Mr. and Mrs. John Ring and children are spending this week at Ed's Boats. This is the Wheatons third year to vacation here.

Mr. and Mrs. Archie Kowalske of Muskegon and their daughter, Mrs. Ivan Castle from Flint, are spending this week.

STRICTLY BUSINESS

by McFeatters

"Where're the burglar alarms located?"

The Susanna Wesley Circle of the Methodist church met Monday, July 13th at the Tourist Park for a potluck picnic. Eight members were present. The bountiful dinner was followed by a business meeting and visiting. The next meeting will be held August 10th at 8 p.m. at the home of Rea Thomas.

Campaign To Find TB In Early Stages

The dollars that families of the East Jordan area give for Christmas Seals each holiday season are helping to gain ground against tuberculosis. But a new study being distributed by the Michigan Tuberculosis Association shows that sanatorium treatment programs have forged ahead of campaigns to find TB.

Letter Box

The Principal East Jordan High School East Jordan, Michigan Dear Sir:

It was a pleasure to welcome your Seniors to the New Colonial while they were visiting Washington, and we enjoyed having them in the Hotel. My staff joins me in saying they were a very fine group of young people and very cooperative on all arrangements which were made for them.

We shall be delighted to hear from you at any time we can be of further service to you or any of your students or friends.

Sincerely yours, Walter W. Schwartz, Mgr. The New Colonial Hotel Washington, D. C.

Austin said success in holding down deaths from tuberculosis is largely a result of Michigan's effective hospital care program and of research.

But Charlevoix county, like the rest of the state, "need to concentrate on finding TB in earlier stages", he declared.

The new survey shows that about 43 per cent of patients entering sanatoriums come with far advanced disease, 36 per cent with moderately advanced tuberculosis and only 15 per cent with minimal type TB.

How To Keep Grain Free Of Mice And Birds

The only sure cure against rodents and birds contaminating grain is to have rodent-proof and bird-proof storages, says Don W. Hayne, Michigan State college zoologist.

Rodents may be killed by poisons or traps, he adds, but it's only a matter of time before their numbers increase again. In fact, he asserts, killing most of the rats and mice makes living much easier for the few survivors, or for animals that wander in.

If you're going to poison rats, Hayne advises, remember that the pests must have poison almost every day until they are dead. He suggests using far-farin as the rodent poison most generally useful on the farm. He makes these points on its uses:

1. Be sure the bait is exposed continuously where rodents can get it easily.
2. The bait must be kept clean, palatable and attractive to rodents and kept away from other animals. And the bait must be inspected and renewed as long as rodents continue to eat it.
3. Bait stations are best for exposing warfarin bait. A station may be a board fastened slantwise against a wall or a box with hinged lid and holes for the entrance of rats. One bait station should be placed at each center of rodent activity.

When you're mixing the bait, he advises, use this mixture: Corn meal (freshly ground, if possible), 65 per cent; rolled or ground oats, 20 per cent; powdered sugar, 5 per cent; vegetable or mineral oil, 5 per cent; warfarin (0.5 per cent concentrate), 5 per cent.

Screening of all openings into grain storages, and covers for bins above which birds might roost, says Hayne, are by far the cheapest and safest ways to prevent contamination by birds.

County Youth On Western Scout Trip

Amidst the giant celebration of the National Cherry Festival at Traverse City, 47 Scouts and Leaders including 3 from Charlevoix County embarked on a high adventure trip last Friday for the 3rd National Scout Jamboree in California. They were under the leadership of Harold Weinrich, Scoutmaster of Troop No. 74 Reed City and Asst. Scoutmaster A. P. Bodary of Troop No. 73 LeRoy and Ray Swartz of Troop No. 60, Cadillac and George Shier of Troop No. 5 Petoskey. The boys are expected to return on July 30th after having completed a three week, five thousand mile trip. County boys were: Jim Burns and John Konozield, Walloon Lake; John Barden, Boyne City and Kit Carson and Bob Pierce, Charlevoix.

Miss Everil Meloche, the National Cherry Festival Queen, bid the boys all a good-by at train side when she appeared following the giant Floral parade with the boys at the railroad station. The boys were delighted with her presence and begged her to come with them to California. She was presented with a Scenic Trails Council Boy Scout Neckerchief by Mr. Weinrich.

The days festivities were marred when one Scout became sick on his way to Traverse City and had to be removed from the contingent due to sickness. It is hoped that his sickness will be overcome and that he can fly or journey to the Jamboree in a few days. This boy was Robert Paige of Alpena.

On the trip the boys will visit such places as Grand Canyon, the Mormon Temple, Golden Gate Bridge, Garden of the Gods at Colorado Springs and Catalina Island.

Preceding the kick-off at the railway station the boys marched in the two mile long National Cherry Festival Parade which was viewed by some 200,000 people. They joined with Scouts from Camp Greilick totaling 100 and the Cub Scouts and Boy Scouts of the Central District of the Scenic Trails Council.

110 pieces of Troop and individual luggage was piled on to the train plus the 47 hand bags that each boy carried into the car with him.

Three County Men Leave For Detroit Induction Station

Three Charlevoix county draft registrants, Robert G. Saxton and R. Lawrence Huckle of East Jordan and Gerald R. Bell of Boyne Falls, left Tuesday via bus for induction into the armed services at the Detroit Induction Station. On Thursday, July 23, another

ten men will go to Detroit via bus for pre-induction physical examination.

Two draft registrants will be called for induction into the armed forces August 5. An additional 15 will report for pre-induction physicals on August 17.

"Now's the time for all good farms to make a SAFETY INVENTORY!"

The Honorable Speaker makes a very good point—particularly at this time of year.

After all, Safety is a very desirable bit of farm equipment... the year 'round.

Let's put it to work... from today on. Take a little inventory of the home place. Keep a sharp eye out for those little hazards that can make farm living too dangerous for comfort.

To get you started, here's a little check-list for your convenience:

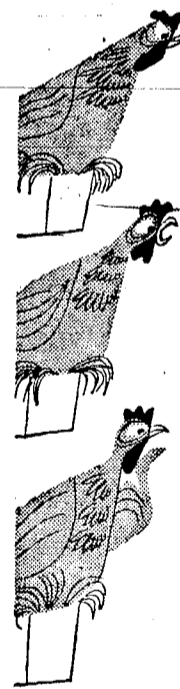

- Is my farm machinery in good shape?
- Any building in need of repair?
- Any holes that need filling, any broken fences, hidden stumps, rubbish piles, or what have you?
- Anything else I can think of?

"Farm to Live and Live to Farm"...

BE CAREFUL—the life you save may be your own!

EAST JORDAN COOPERATIVE CO.

"Before you roost on your laurels make the FARM SAFETY INVENTORY!"

Any good farm safety inventory just cannot quit after one look around the premises.

Take a second look... and then a third. Be sure you have eliminated as many farm hazards as you possibly can. That way you can work more efficiently, with greater convenience, and with a better chance of living through the year.

Of course, talk is cheap. That's why we've prepared this little check-list to help you do the job. Won't you answer the questions honestly... for the good of your whole farm family?

- Anything around the house that needs a little attention to keep everything in "safety-shape"?
- Is the farm property in tip-top shape?
- Have I got the farm equipment in good running order, and my tools properly stowed away when not in use?
- (Any other question I should ask and answer?)

The East Jordan News
