OUR WEATHER

A good week, with highs in the upper 70s to low 80s most days. The weekend was completely split between dry and wet. Saturday saw mostly sunny skies that brought the crowds flocking to beaches all day long. Sunday ushered in 24 hours of overcast conditions, saturated with rain, rain and more rain. The gloomy skies finally began to clear Monday afternoon, when highs were expected to climb into the 80s again.

EJ high school gets new principal

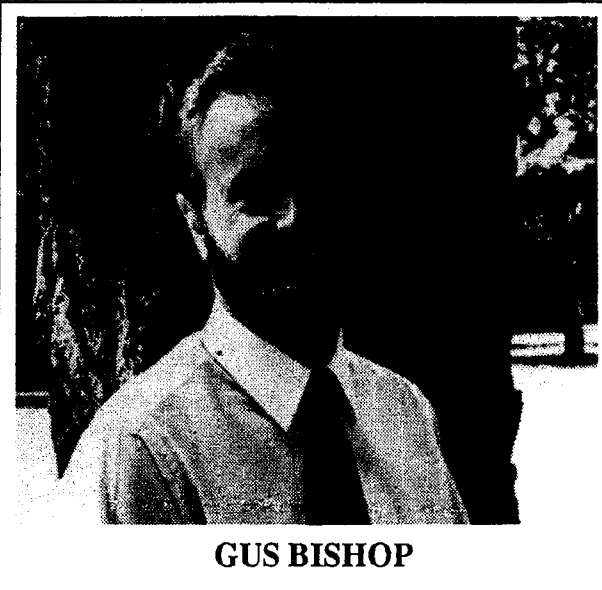

BY DEB SAYGERS HOBBS
 Contributing Writer

A new principal has been named to the post at East Jordan High School.

He is Gus Bishop of Lower Yukon Schools in Mountain Village, Alaska, where he was assistant superintendent of schools.

According to East Jordan Superintendent of Schools Chip Hansen, Bishop was chosen from among 27 candidates and five finalists.

The East Jordan school board devised a profile of the person they were looking for to take the helm at EJHS. The criteria included experiences and skill in outcomes-based education and mastery learning.

GUS BISHOP

The board required an instructional leader and a person with very positive communications skills.

"Gus most closely fit the profile," said Hansen.

Bishop has experience as a teacher and principal as well as his most recent position as assistant superintendent.

Although he spent the last 10 years in Alaska, he is a Michigan native. He holds degrees from Alma College and Central Michigan University.

Bishop will officially begin his position Aug. 1, although he is already house-hunting in the East Jordan area. He will attend the August school board meeting.

"Bishop is an outstanding individual," said Hansen, "and we are fortunate to have employed him."

Schools plan month-to-month as state stalls

BY DEB SAYGERS HOBBS
 Contributing Writer

The financial woes of the East Jordan School District continue as the state legislature stalls on school finance reform and property tax relief.

Superintendent of Schools Chip Hansen reported at the July 11 school board meeting that the legislature has once again postponed action.

East Jordan is already looking at month-to-

month budget planning. Presently, the district has no information on how much state funding will be available for the up-coming school year.

The news from Hansen's legislative contacts is discouraging. Although there is a possibility of a Proposal A clone on the November ballot, nothing specific can be reported.

The board is not completely paralyzed though. Several ideas for cutbacks were discussed and plans for downsizing will be formulated at an

upcoming board workshop.

The board hopes to implement the first \$100,000 worth of cutbacks before school opens Sept. 7.

Cuts will be directed toward transportation, custodial and teacher assistant staffing. Basically, any areas not directly involved in classroom instruction are targeted.

The board also resolved to present a Headlee override proposal to voters on Sept. 13. If the override is accepted, the district will become voluntarily out-of-formula.

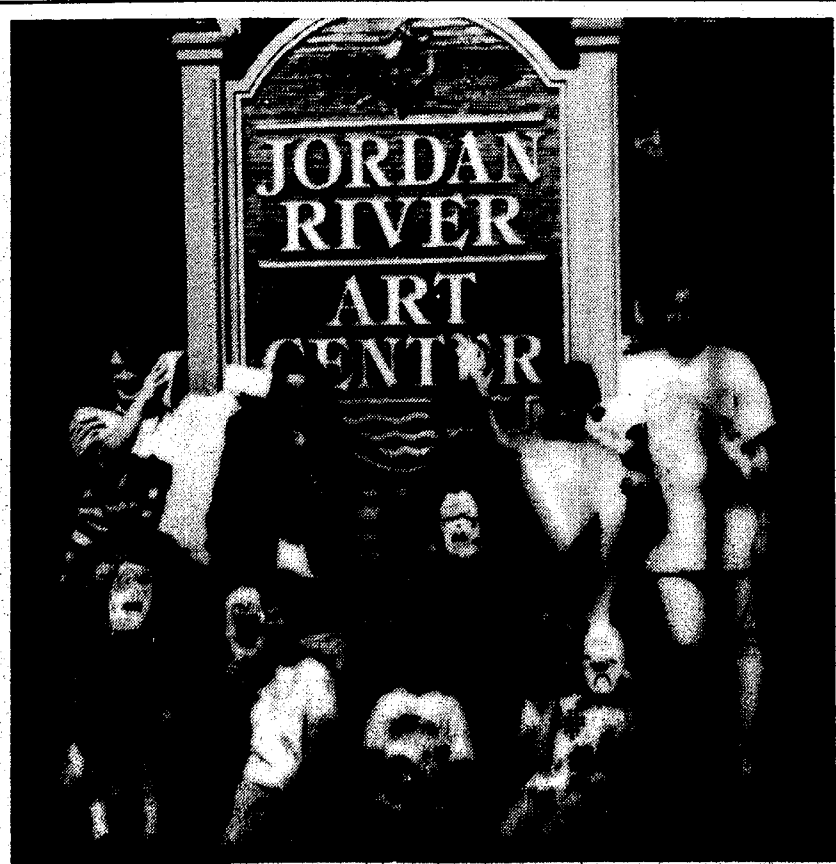

Otherwise the district could face a deficit of up to \$500,000 in the 1993-94 school year.

At the board workshop, decisions will also be made as to criteria in judging the quality of the program the schools offer.

"If nothing happens (in the state legislature) we still have an obligation to provide a quality program," said Hansen.

There was a consensus among board members that many options must be considered in the

Property sale report next week

The recent sale of a city-owned property has some local residents asking questions. Although research into the controversial issue was incomplete at press-time, a complete report is anticipated for the July 28 East Jordan Journal. Don't miss it!

OVER LAND and in the sea, competitors were out to prove they could do it all at the July 3 event.

SURVIVING wasn't the only feat Lars Wigert of Grand Rapids had to grin about. He also finished first in the men 60 and over category with a time of 1:52:11.

FINISHING THE 20 MILE bike course was this year's overall men's winner Bruce Greig. Greig has placed first in four of the last five races. This year his time was 1:11:11.

ALL SMILES was Kristen Mullaney after winning the women's division in the Ninth Annual East Jordan Ironman Triathlon. Her time was 1:19:21.

BEING THE YOUNGEST didn't stop Jamie Forrest from finishing with a time of 1:23:11.

CL eatery changes hands

BY JENNIFER VANCONANT
Summer Editor

Busy, busy, busy is the mode Linda Shuman has been in since she and her husband Joe took over Jan's Place in downtown Central Lake.

"You just hope it stays that way," she remarked.

Her parents, Jan and Harland Speer, operated the restaurant seven years before turning it over to the Shumans July 1.

Taking over a new business during one of the busiest weeks of the year may not seem like the best idea, but Linda said her mom was going to close at the end of June no matter what.

What may sound like retirement is actually just a career adjustment for Jan. She has returned to the Rowe Inn Restaurant as a prep cook.

Linda said buying the business was Joe's idea.

"He just hated to see it close," she explained.

Joe left his job at Lamina Bronze to run the restaurant and Linda runs between the Main Street eatery and Village Apartments in Bellaire where she is the manager.

"He helps me with my job and I help him with his," she said.

The Shumans didn't have to start from scratch when it comes to cooking. Linda has worked at Jan's Place on and off for five years and has also worked at Roma's on the Lake.

"My sister and I just watched my mom and eventually we learned," she said. "I still call my mom every day for something."

Joe also knows his way around a kitchen. He was a cook at Shanty Creek and Jan taught him the ins and

outs of the breakfast menu.

"He's still learning, but he's getting there," Linda said.

The pair hopes to build up their bakery counter as soon as Linda's sister Wendy Dawson shares her pastry skills with them.

When the Shumans aren't working they like to spend time with 8-year-old Daniel and 5-year-old Eric. They also have a garden in Ellsworth.

The kids still think of the place as grandma's, Linda commented. When they come in, they want grandma's spaghetti.

"Mom and dad don't own it, grandma does," Linda said. "That's why we want to keep it looking just like it's grandma's place."

A few things have changed though. The restaurant now opens at 6 a.m. and is also open on Sundays.

Welcome new grandson

Roger and Marcia Dickinson of Central Lake are the proud grandparents of new grandson Chad Scott.

Chad was born June 21, 1993, to Jeff and Sherri Dickinson of Tampa, Fla. He weighed 7 pounds, 8 ounces and was 21 inches long.

East Jordan School Board briefs: July 11 meeting

Meeting days changed

The board conducted the annual organizational meeting. Recently elected members Mary Jason and Laurie Hurwitz-McNeil took the oath of office, guided by Business Manager Ruby Dipzinski.

Jason was unanimously re-elected as president of the school board by the other members.

Also named to office were Larry Chanda as vice-president, Gary Ciszewski, secretary and Herb Griffin, board treasurer.

Because of schedule conflicts, school board meetings will now be held on the third Monday of the month. The time will still be 7 p.m., but the meeting place has been changed to the elementary media center.

Insurance options mulled

The board discussed options after receiving a sharp increase (\$2,000 annually) in student insurance policy premiums.

The district carries the insurance to cover school-related injuries or accidents for non-insured families.

Two claims, due to football injuries, for over \$7,000 each, plus several over \$1,000 compelled the company to raise rates. Last year's premiums covered less than half of the amount paid out in 75-100 claims during the 1992-93 school year.

The board decided not to add a deductible to the policy. There was concern some families would be

unduly burdened by the amount (\$100-250) and not seek medical treatment for the child.

Vice president Chanda requested that coaches take even greater precautions to avoid athletic injuries.

Parents will also be notified, via newsletter, that the district may not be able to afford continued subsidizing of uninsured students. One possibility raised was for requiring participation to the plan, especially for those in sports programs.

Stats show positive trend

Hansen presented an update on the 1993 board goals. Recent statistics show a reduction of the drop-out rate in East Jordan schools from 11 percent in 1990-91 to 2.4 percent in the past year.

Other figures show the number of students involved in co-curricular activities has increased in the last year.

Disciplinary data shows that in both the elementary and middle school, referrals for discipline have decreased by more than 50 percent from 1991-92.

At the high school, disciplinary referrals actually double over the past year. Hansen explained this as a lower administrative tolerance to discipline problems and a stricter compliance to the handbook.

Suspension policy reviewed

The board discussed alternatives for out-of-school suspensions. There was a consensus that this method

of disciplinary action is non-productive and reinforces undesirable behavior.

Options to be considered are in-school suspension in study hall and for middle school students, supervision by an elementary teacher in his/her classroom.

Middle school principal Eivor Swan has already used this method and believes it is very effective.

Swan also reported that the summer session has been very successful this year. Parents, staff and students have all responded positively. Only two students failed to complete the requirements.

Euchenhofer on fisheries patrol

Coast Guard Petty Officer 3rd Class Brett C. Euchenhofer, son of Barbra B. Trez of Central Lake, recently finished the first half of a two-month Alaskan fisheries patrol aboard the U.S. Coast Guard Cutter Jarvis, homeported in Honolulu, Hawaii.

The deployment began in Juneau, Alaska, where law enforcement and fishery boarding teams were briefed by the 17th Coast Guard District law enforcement staff and the National Ma-

rine Fisheries Service.

So far on the deployment, the Jarvis completed 12 boardings and issued several violations to fishing vessels not complying with federal fishing regulations or commercial fishing vessel safety requirements.

A 1980 graduate of Worthington High School of Worthington, Ohio, Euchenhofer joined the Coast Guard in May 1981.

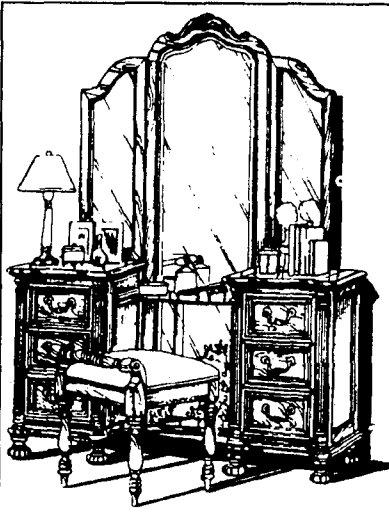

Frederickson honored by Navy

The United States Navy awarded Airman Kyle Frederickson Saraman of the Month from the USS Saratoga aircraft carrier.

Frederickson was chosen from 5000 sailors in recognition of his outstanding

"I LOVED THIS BOOK"

AFTER ALL THESE YEARS

By Susan Isaacs

Rosie Myers has been happily married for 25 years to Richie, a wealthy, charismatic, high-powered corporate executive. Her life on a Long Island estate has been satisfying; her marriage, first-rate. Eschewing the suburban boredom of tennis, bridge and lunch-with-the-girls, Rosie teaches English in the local high school and keeps an eye on her two teen-age sons.

But wait ... Eden is crumbling. The day after their 25th anniversary bash, Richie walks out on her to live with a younger, prettier business associate. Grieving, and unable to sleep one night, Rosie goes to the kitchen for a snack and stumbles over the body of her husband lying on the kitchen floor with a carving knife in his chest. In a panic, she tries to disengage the weapon.

There is no evidence that anyone but Rosie and Richie has been in the house; she certainly has motive and her prints are on the knife. Hours before her arrest, Rosie slips away in a desperate flight to New York to find the killer. What she finds is that Richie, whom she thought she knew so well, has been living a secret life for years in a quest to join the jet-set.

Playing roles in this mystery are the well-drawn characters of Rosie's three best suburban friends, a former student and an old flame. The most intriguing character, however, is Rosie herself. Written in first person, the novel proves Rosie to be an irreverent, witty, brave and clever heroine. You will learn no great truths from this story, but you will be highly amused and entertained. This book is available at the Central Lake Township Library and is the newest release of best-selling author, Susan Isaacs.

THE ILLUSTRATED BIBLE

Work Together In His Spirit

"Now there are varieties of gifts, but the same Spirit; and there are varieties of service, but the same Lord; and there are varieties of working, but it is the same God who inspires them in all of us."

— Corinthians 12:4-6

What the Apostle Paul tried to impart in his letter to the Corinthians was that we are all different in nature and capabilities, yet those differences derived from the Spirit of God further the common good. God has granted each of us certain skills and talents that contribute to the well-being of all. Consider, for instance, if we were all created shoemakers. We would certainly be well shod but without clothing, food or shelter. Just as we are dependent on God's bounty for the diverse gifts he has given us, so are we dependent one on another for the utilization of those gifts for all. No individual survives without the manifestation of the Lord's spirit and aid for his fellow man.

**RICHARD and VIRGINIA
SOMERVILLE**

Somerville and Wilson wed

Richard Wilson of Grand Rapids and Virginia Somerville of Central Lake were united in marriage on June 23, at the Central Lake Bible Baptist Church, by Pastor Thomas Hunter.

Mrs. Hunter sang a solo, Savior Like a Shepherd Lead Us, accompanied on the piano by Doris Danielson.

Their attendants were Dale and Vivian Petrie, Virginia's cousins.

Bill and Lori Lavigne of Owosso, and Peggy Pinkerman of Lake Orion came for the wedding. They were guests of Mr. and Mrs. George Pinkerman while here.

After the ceremony, Mr. and Mrs. Ashley Hughey hosted a delicious luncheon for the few close friends, assisted by Peggy and Lori.

The happy couple went on a short honeymoon to Ludington, and then spent part of a day with Mr. and Mrs. Bockstanz of Walhalla. She is Virginia's sister.

Last week Mr. and Mrs. Wilson went to Grand Rapids for two days, then over to Owosso for a few days where there was a

surprise retirement party for their son-in-law, Bill Lavigne. He worked for Otis for 40 years.

Others present were Mr. and Mrs. Bill Somerville and Matthew of Oxford, Mr. and Mrs. Lynn Pinkerman of Lake Orion, the Lavignes' sons, Lance, Todd and Kirk, Debbie and two children of Southfield.

Also there for the day were Mr. and Mrs. John Perham of Grand Rapids, Richard's daughter and husband. A great time was had, riding in the deck boat, paddle boats, and tubing, along with lots of good food.

On Monday the newlyweds went back to Grand Rapids to the Perhams for an open house, which many relatives and friends attended.

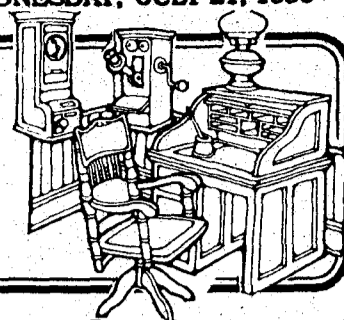

The day after the wedding, word was received by the family, of an accident that Virginia's grandson, Lance Repass had. After several days they performed brain surgery, but he is still in a coma.

He also had several other severe injuries, but the brain injury is the most critical.

Memories

Taken from The Torch

by Pam Kirts

July 14, 1955

■ Frederick J. Wormsbacher, 27, of Central Lake was the victim of accidental drowning on July 4, while swimming in Torch Lake at Eastport.

■ Bishop Dudley B. McNeil will be in Bellaire July 17 to dedicate the newly-acquired site of the Episcopal Church of St. Sebaldu.

The area, known locally as Mound Park, is located on Route 620, at the west end of Bellaire, and about half a mile from the center of town.

■ The Mancelona Herald and Bellaire Record, published in Mancelona by Mr. and Mrs. Robert Allen, were sold July 2 to Mr. and Mrs. Kenneth Parker, publishers of the Antrim County News, printed in Bellaire.

■ Central Lake's spring-fed water supply was precariously low Wednesday morning with only two inches of water in the reservoir. Lack of rain is the predominant cause.

Central Lake residents are entirely dependent on Old Mother Nature's whims and fancies for their spring-fed water supply.

■ Mr. Fred J. Boss, Mr. Ralph W. Wynsma and Mr. Lawrence G. Aenis, all Central Lake high school graduates, have enlisted in the United States regular army.

They were enlisted as buddies, which means that they will take their basic training together and come home on leave together.

■ Several from this neighborhood (Eastport-Bayview-Maple Hill) are starting their work at Ellsworth Canning factory today. Others are busily picking the luscious red cherries for them to can.

■ Funeral services were held Saturday at Hibbard Funeral Home in Traverse City for Lester Arnold, 55, son of Curgy Arnold. Lester grew up in the Eastport community and leaves many friends here who regret his passing.

■ Edward Elzinga, residing at Manistee Lake, was presented a brand new baby son by his wife as a birthday gift Wed., July 6. Edward Allen Jr. was born in Grayling Hospital.

■ The Ellsworth Lions club went all out July 6, when they entertained 50

guests that included three people from Hawaii at a banquet at the Banks Township School.

The guest of honor was Val Marciel, district governor of Lions in Hawaii, and also attending from Hawaii were Mr. and Mrs. Fukunaga. These people were special guests at the home of Joseph F. Bugai, president of the local Lions, during their stay here, and were here on special invitation from Mr. Bugai, who was entertained in their homes in Hawaii last winter.

■ At the annual Ellsworth School election held Monday the proposition to borrow \$150,000 for financing the building of additional classrooms and a gymnasium-auditorium was defeated by a vote of 148-122. The vote on increasing the tax rate limitation six mills for 20 years was No-152, and Yes-128. William J. Goeman as trustee, secretary Marvin Elzinga and treasurer Anthony M. Kuiper were re-elected as members of the board of education.

Country creations keep Dawn Cary content

FRIENDLY FACES are what you'll find when you visit Morgan Cary and her mom Dawn at Covert Corner Crafts.

BY JENNIFER VANCONANT
Summer Editor

Dawn Cary has found a way to have her cake and eat it too. One of Central Lake's newest businesses, Covert Corner Crafts, is located in the front room of her home on Main Street.

"Having it at home enables me to stay with my child," Cary explained.

Visitors are welcomed by Cary's daughter, 21-month-old Morgan, who is described as a social butterfly.

"She's people oriented," Cary said. "She runs out and says hi to everyone."

Cary's shop is full of goodies ranging from T-shirts and sweatshirts to birdhouses and other wood crafts.

The store features

unique and local items. Some of the unusual crafts include wooden puzzles in the shape of the Chain O' Lakes and hand-painted dried gourds.

Cary's collection of crafts is larger than she expected.

"I was panicking," she said about setting up. "But before I knew it I had enough to make it look full. It's turned out bigger than what I thought it would."

The 1981 Central Lake graduate decided to open a craft store so she could stay home with Morgan and make a little extra money at the same time.

She also runs Dawn's Domestic Documents, a professional typing service, out of her home.

Cary said neither business was expensive to start because the crafts are on consignment from over 30

craftmakers. For the typing business all that was required was a word processor.

Many of the craft contributors are retired area residents. A few things are made by Cary's relatives.

"People of all ages have brought things in," she said.

Cary creates pumpkins, penquins, santas and birdhouses out of the "birdhouse" gourds she purchased in Florida while visiting her parents. She also designs children's sweatshirts.

She usually goes to work on her crafts when Morgan goes to bed and works until 2 a.m.

Cary said she is able to keep prices low because the artists just want to get out what they have put into their creations.

"I'm putting my mar-

keting degree to work," she commented. "I'm here to offer the service to anyone who needs it."

Cary received her de-

gree in 1986 from Northwood Institute in Midland, where she was also a charter member of the college's Alpha Phi Sorority.

She also began working on a master's degree in education leadership before her daughter was born. Although she has not finished it yet, she has enough hours to substitute teach.

Cary doesn't have any spare time between her

businesses and Morgan. In fact, Morgan laughed at the question. But they like to go to the beach and Cary is looking forward to golfing with her husband Bill when her parents bring up her clubs from Florida.

The couple met while in high school. "We were high school sweethearts," she remarked.

Bill is the director of operations at Alden Lumber.

TORCH LAKE TOWNSHIP**SPECIAL MEETING**

MONDAY - JUNE 28, 1993 - 6:00 P.M.
TOWNSHIP HALL - EASTPORT

Present: Schmidt, Cowell, Smedley, Dawson, Hubbell. Attorneys: Derman & Turkelson.

A Special Board Meeting was called by notice posting to enable Board Members to physically inspect Kruger Road.

The Board met at the Township Hall with the exception of Hubbell, who joined the Board at the site of Kruger Road.

Counselor Derman walked the road with Board Members so that they would be familiar with the area and what was involved.

The site was viewed and the Board dispersed at 6:30 p.m.

Elva Cowell, Clerk

Present: Schmidt - Cowell - Smedley - Hubbell - Dawson. Audience: 16. Attorneys - Derman & Turkelson. Antrim County Rd. Comm. - J. Pemberton - F. Hunt.

1. The meeting was called to order and the pledge given to the flag.

2. Counselor Derman passed out copies of a survey re Kruger Rd. to Board Members. He gave the background of the research that has been done regarding Kruger Road for the past few years. The parcel in question is Parcel "L" that has 100' of water frontage and is 150' deep, and has a lane running west that is 5.39' wide going back approximately some 237'. Part of Parcel "L," the northern 33', lies within the constructed roadway of Kruger Road. This is a county road and the county has maintained the road. A compromise settlement was proposed that would allow Kruger Road to remain 66' wide to a point approximately 50 to 75 feet east of the entrance to an area known as "Dyars Scenic Shores." From that point to the shore, the Antrim County Road Commission and Torch Lake Township would allow the southern 33 feet of Kruger Road to remain with Parcel "L" and become private. The north half of Kruger would remain public and be improved and maintained by Antrim County Road Commission and Torch Lake Township. The gravel contained on the South 33' of Kruger Road could be removed by the Antrim County Road Commission when the Road Commission and Mr. Kruger develop the new curve and roadway to the South. The Antrim County Road Commission has also consented to do any and all necessary survey work regarding this settlement alternative.

Parcel "L" says in the deed it is subject to the rights of the public and any governmental unit in any part thereof taken, used for street - road or highway purposes. The road is there by user but does not go all the way to the water. Many deeds have this written in them. In talking with the assessor the owners have been taxed for 100' of frontage for many years - which includes the 33' north of Lot "L" in question.

Schmidt asked if agreement were carried out and a fence installed on parcel "L" how would the Road Comm. plow? They have other roads like this throughout the County and it is not a drastic situation. He read the letter from the Township Road committee written on June 21. Smedley asked when the Road Comm. first worked on Kruger Road and they said around 1967. Cowell asked if there was any written agreement between McLachlans and Rd. Comm. and Bruce replied only oral which Mr. Coutour does not recall.

J. Pemberton stated it was his understanding the County Road Board would not go to court if there was any litigation to defend this road.

J. Hubbell made a motion for tentative acceptance of compromise #3 in the Derman & Turkelson letter dated June 8, 1993, as presented, with the idea to proceed to finalize the overall agreement. Support/Cowell. Roll call - Hubbell: Aye - Smedley: nay - Schmidt: Aye - Dawson: Nay - Cowell - Aye. Carried.

3. At 8:44 p.m., K. Schmidt made a motion the Board go into closed session due to possible adverse effects because of litigation re the Browne case in San Marino Shores. Second Smedley. Roll call vote - Schmidt - Cowell - Smedley - Dawson - Hubbell - Ayes. Carried.

MEETING RE-CONVENED AT 9:30 P.M.

All Board members listed above present as well as Attorneys Derman & Turkelson. No audience.

K. Schmidt made a motion to approve the settlement proposal on the Browne case and to authorize finalization of the settlement language - that they conform strictly to our Zoning Ordinance and comply to it - they will not rent to any more than a single family at any given time. Second - Hubbell. Carried unanimously.

Zoning Ordinance states - Family - An individual or two (2) or more persons related by blood or marriage, or a group of not more than five (5) persons who need not be related by blood or marriage, living together as a single housekeeping unit in a dwelling.

4. Supervisor read a report from the Cemetery Committee regarding a drainage problem. He wanted the Board to know a proposal would be in the papers to receive bids to do this work.

Meeting adjourned at 9:35 p.m.

Elva Cowell, Clerk
